The Council expressed that they were pleased with the revitalization of the property and wished the business success moving forward.

a. Recommendation - Town Administrator and Chief of Police

b. Recommendation - Town Administrator and Fire Chief

c. Recommendation - Town Administrator and Dept. of Community Dev.

d. Recommendation - Town Administrator and Water Pollution Control

Sweeney/ Ley- Voted unanimously to grant this license per the recommendations received and conditions, if any, as delineated, and also subject to conformance to all laws and ordinances and payment of all fees, taxes, and levies; and to allow the license to remain valid through

November 30, 2026, rather than November 30, 2025, based on a special finding that the renewal submission deadline for the next Council meeting is less than 30 days away. This constitutes a special exemption made in conjunction with the approval of the new license.

Prior to the vote being taken Sean Riley appeared before the Council representing Mason and Twine LLC, doing business as *Tamp*, to request a Victualling License for a new coffee shop and chocolatier at 539 Wood Street, the former site of Mello's Shoe Repair.

Mr. Riley described the business as a small café specializing in coffee and handmade chocolates. He shared that he had previously operated a coffee and chocolate business at the Tiverton Farmers Market for about a year, where he and his team built a loyal customer following, and that success encouraged them to open a brick-and-mortar location in Bristol.

Council members expressed enthusiasm for the new local business and its location in a well-known storefront, noting—humorously—that residents often identify sites by their former uses, in this case "the old Mello's Shoe Repair."

Chairman Calouro noted that Mr. Riley had previously spoken with the Clerk's Office regarding the possibility of extending the typical expiration date of the Victualling License, and he brought that matter to the Council's attention for consideration. Clerk Cordeiro explained that Victualling Licenses normally expire on November 30, approximately 30 days after the current meeting, but the applicant had requested the license be issued through November 2026 to align with the next renewal cycle. Town Solicitor Ursillo confirmed that the Council had the discretion to approve the extended term under these circumstances.

The council discussed possibly extending the license through November 2026, recognizing the unique timeline for the business's opening and the standard licensing cycle.

Mr. Riley stated that the Health Department inspection was scheduled for the following Monday and that he anticipated opening *Tamp* on October 29.

D3. Bristol Christmas Committee, Rayona Clemens requests One-Day Dancing & Entertainment License(s)

DRAFT

for Christmas Festival at Unity Park, 500 Wood Street on Saturday, December 6th from 9 am-6 pm and Sunday, December 7, 2025, from 9 am-5 pm **(also see D4)**

a. Recommendation: Town Administrator and Police Chief

b. Recommendation: Town Administrator and Fire Chief

Teixeira/Sweeney- Voted unanimously to grant this license per the recommendations received and conditions, if any, as delineated, and also subject to conformance to all laws and ordinances and payment of all fees, taxes, and levies.

Prior to the vote being taken Councilman Sweeney motioned to combine agenda items D3 and D4. The motion was seconded by Councilman Ley and unanimously approved. Discussions related to this combined item took place under agenda item D3. However, any actions taken on these items are individually listed under their respective agenda headings as reflected herein.

The Bristol Christmas Committee, represented by Rayona Clements and Festival General Chairwoman Tanya Kiron, appeared before the Council with requests related to the upcoming Bristol Christmas Festival.

The primary request was for one-day Dancing and Entertainment Licenses for the Bristol Christmas Festival at Unity Park, 500 Hope Street, for the following dates and times:

- Saturday, December 6, 2025, from 9:00 AM to 6:00 PM
- Sunday, December 7, 2025, from 9:00 AM to 5:00 PM

In addition, the Committee requested authorization for mobile food truck permits for the same dates, and location.

Festival Chairwoman Tanya Kiron provided an overview of the upcoming event, emphasizing its community-oriented focus and festive spirit. She highlighted associated activities, including the sale of the official Bristol Christmas ornament and pop-up events scheduled throughout the holiday season. Ms. Kiron clarified that the Grand Illumination (Christmas Tree Lighting) will continue to take place in front of the Burnside Building downtown, as in prior years, while vendor and entertainment activities will occur at Unity Park to better accommodate the growing crowd and improve event logistics.

The festival will feature a variety of entertainment, including local dance groups, singers, and a "living statue" Santa Claus for photo opportunities, as well as a children's train ride. Mrs. Clements noted that no alcohol will be served at the event except within pre-existing licensed premises, and she stressed that safety and family-friendliness remain top priorities.

Mrs. Clements added further details, explaining her coordination with town departments and public safety officials. Vendor selection, she stated, was made carefully to avoid competing with existing Bristol businesses, ensuring that local vendors remain supported and not undercut by visiting food trucks.

It was noted that Committee has partnered with local business O'Brien and Brough to improve crowd flow and passageways within the park. The Police and Fire Departments are directly involved in the event's safety planning, and detail officers will be present during all festival hours. Discussion also included the event's layout, route changes, and plans for controlled crowd movement — including scheduled announcements to clear Unity Park prior to the downtown Grand Illumination ceremony.

Vice Chairwoman Parella inquired about walking logistics between Unity Park and the Burnside Building. Mr. Clements confirmed that the route is fully walkable and clarified that the Santa House will open separately on November 22. They also confirmed that no trolley or shuttle service would operate this year, as the festival is not classified as a "holiday" event under the transportation plan.

Councilman Sweeney, liaison for the Christmas Committee, commended the organizers for their extensive efforts, noting that the event is coordinated by a small volunteer group yet successfully delivers large-scale holiday cheer and community engagement each year.

D4. Bristol Christmas Committee, Rayona Clemens requests Mobil Food Event Permit(s) for Christmas Festival at Unity Park, 500 Wood Street on Saturday, December 6th from 9 am-5 pm and Sunday, December 7, 2025, from 9 am-5 pm

a. Recommendation: Town Administrator and Police Chief

c. Recommendation: Town Administrator and DPW Director

DRAFT

Teixeira/Sweeney - Voted unanimously to grant this license per the recommendations received and conditions, if any, as delineated, and also subject to conformance to all laws and ordinances and payment of all fees, taxes, and levies.

It is noted for the record that under agenda item D3 Councilman Sweeney motioned to combine agenda items D3 and D4. The motion was seconded by Councilman Ley and unanimously approved. Discussions related to this combined item took place under agenda item D3. However, any actions taken on these items are individually listed under their respective agenda headings as reflected herein.

E. Licensing Board - Renewals

E1. 3-Month Review for AZJ Aidan's d/b/a Aidan's Pub, Michael Cockcroft, 5 John Street – Modification of Dancing and Entertainment License for expansion of premises (to include outdoor entertainment on Fridays)

a. recommendation - Town Administrator and Police Chief

Teixeira/Ley- voted unanimously to receive and file the recommendations and allow the establishment to continue operating under its current licenses, with the condition that another three-month review be conducted. The establishment shall also be required to schedule a meeting with the Police Department to develop a productive plan to reduce noise complaints.

Prior to the vote being taken, Aidan's Pub, operated by AZJ Aidan's LLC and represented by General Manager Michael Cockcroft, appeared before the Council for a scheduled three-month review following the Council's prior modification of its Dancing and Entertainment License to permit limited outdoor entertainment on Fridays.

As part of the review process, the Council received a report and recommendation from the Bristol Police Department. Over the

three-month period, police logged 19 calls or complaints associated with Aidan's Pub. The report detailed 13 noise complaints (primarily regarding patrons leaving the establishment late at night), seven complaints about loud music, three incidents involving staff discarding trash late at night, and several additional calls related to disturbances, threats, and group issues—some of which were later determined to be unfounded.

Police Chief Lynch summarized the findings, noting that the volume of complaints was significantly higher than that of any other local establishment, where the highest number of incidents during the same timeframe was two. Chief Lynch recommended that the pub's management meet jointly with the Police Department and his office to review the complaints in detail and develop proactive measures to minimize neighborhood disturbances.

Several Council members expressed concern and disappointment regarding the number of complaints. Councilman Teixeira proposed scheduling another three-month review, in addition to requiring a formal meeting between Aidan's management and the Police Department to implement corrective actions.

Vice Chairwoman Parella noted that the frequency of complaints echoed issues Bristol had experienced years ago in its downtown bar district and cautioned that persistent problems could lead to more serious enforcement actions. She emphasized that the Town has worked very hard over the years to move away from the bar and nightclub scene in the downtown area, and it is important that such problems not resurface.

Mr. Cockcroft stated that he has already doubled security staffing since the start of the school year and continues to work with neighbors to address noise and nuisance concerns. He also mentioned ongoing efforts to communicate with nearby residents, evaluate occupancy limits, and improve soundproofing measures.

Council members underscored the need for a comprehensive plan to mitigate disturbances, especially with the upcoming holiday season and fluctuating student populations that may affect crowd dynamics. The Police Chief added that his department would further analyze the complaint data to identify patterns by time and day before the planned coordination meeting.

Chairman Calouro concluded by stating that if a similarly high number of complaints is recorded in the next review period, the Council may initiate a show cause hearing, which could place Aidan's licenses in jeopardy.

Sweeney/Ley-motioned To deny the request to install a new streetlight on Pole #22 on High Street, with the understanding that the matter will be referred to the Town Administrator and the Director of Public Works to fix the broken light on pole 21; make any necessary adjustments to Poles #20 and #23; and to review whether those adjustments address the concern that prompted the request for an additional streetlight. Voting in favor was Calouro, Teixeira, Sweeney and Ley, voting opposed was Parella.

Prior to the vote being taken, Dominic DiPietro of 274 High Street appeared before the Council requesting the installation

DRAFT

of a streetlight on utility pole number 22, located between State Street and Bradford Street, citing poor lighting conditions and safety concerns for the surrounding area.

The Council reviewed recommendations from several departments. Chief Lynch reported that a review of its CAD/RMS records found no calls for service or public safety incidents related to inadequate lighting in the area. It was also noted that pole 20 (295 High Street) has a functioning streetlight and that pole 21 (281 High Street) had a non-functioning light, which has been reported to the Department of Public Works for repair. Town Administrator Contente concurred with the police findings and deferred to the Planning and Public Works departments. Director Williamson advised against the installation of a new light, explaining that the Town follows a "dark sky" policy intended to minimize light pollution in residential neighborhoods. She noted that existing lighting levels are consistent with other residential areas and that a private property light provides illumination for the nearby playground.

Vice Chairwoman Parella expressed concern with the recommendation, stating that the area is extremely dark, particularly since the transition to LED fixtures, and that public safety should be a priority given pedestrian activity and family events in the vicinity, including the nearby Santa House. She added that reliance solely on police call data may not accurately represent residents' concerns, as most would report such issues to the Department of Public Works or the Town Administrator rather than to the police.

Mr. DiPietro stated that several nearby lights have been partially functional or out for extended periods, specifically poles 20 and 23, and that prior repair requests had not been resolved. He further described neighborhood issues such as fireworks and late-night disturbances, which often dissipate before police arrival.

The Council discussed the balance between maintaining consistent lighting policies and addressing neighborhood safety concerns

Councilman Sweeney recommended that the Town first repair the light on pole 21 and review and adjust the light capacity on poles 20 and 23, then reassess whether those corrections address the lighting concerns in the area. Chairman Calouro stated that he trusts the Town departments to review the situation and take appropriate next steps to make any necessary adjustments. Councilman Teixeira commented that he frequently walks along High Street and does not find the area to be excessively dark, noting that tree canopies may obscure some lighting during

summer months but that this is less of an issue in the off-season when foliage is absent, emphasizing the need for balance.

DPW Director Parella clarified that whenever the Town receives a report of a non-operating light, the department immediately contacts the Town's contracted vendor to replace, modify, or make necessary repairs. He explained that streetlight maintenance is not performed by DPW staff directly. The department has already brought the matter of the High Street lighting to the vendor's attention and will follow up again; however, no specific timeline could be provided since the work is handled by an outside contractor.

Chairman Calouro informed the petitioner that the Council would recommend continued coordination among departments and staff to address the lighting concerns on High Street, including repairing the light on pole 21 and reviewing the lighting levels on poles 20 and 23.

Vice Chairwoman Parella stated that she would not vote in favor of denying the petition, expressing that it would be premature to do so before the lighting issues have been fully resolved.

H1. Discussion and Possible Action – Future Use of Guiteras School **(continued from Sept. 10, 2025-**The Council agreed to move forward with planning for the future use of Guiteras School as Town Hall, with a public meeting anticipated in late October to gather community input and further explore available options.)

Sweeney/Teixeira--voted unanimously to move forward with the use of the Guiteras School building as a Government Center/Town Hall, and to issue a Request for Qualifications (RFQ) for managerial and architectural services related to the project.

Prior to the vote being taken, Municipal Operations Manager, Eric Dickervitz presented a PowerPoint presentation with the following highlights:

- Background: Dr. Ramon Guiteras, a Bristol resident, died in 1917, leaving $350,000 in his will to build a school in Bristol to honor his mother. Guiteras Memorial School was designed by Wallis E. Howe and constructed in 1925.

The Council discussed the proposal to repurpose the historic Guiteras School building as a centralized Town Government Center, consistent with long-term goals of consolidating municipal operations and improving public accessibility. The

building's central and recognizable location was noted as advantageous, offering improved parking availability and full ADA compliance compared to current facilities.

It was noted that the plan aligns with the Town's Comprehensive Plan objectives to reduce long-term overhead costs, improve efficiency in municipal services, and preserve historic community assets through adaptive reuse.

Chairman Calouro emphasized the council's respect and appreciation for the historical and sentimental value of the town's buildings, while also making it clear that downsizing and repurposing is being undertaken thoughtfully, for the benefit of the town and its taxpayers.

The Council Members and Town Administrator expressed support for the consolidation plan, citing anticipated cost savings, operational efficiencies, enhanced accessibility, and positive public reception. They emphasized that the project would honor the building's historic role while modernizing it for governmental and community use.

Following discussion, the Council voted to authorize the issuance of a Request for Qualifications (RFQ) for both project management and architectural services related to the Guiteras School project noting that this action establishes the next step toward implementation and aligns the project with the use of the $1.7 million endowment designated for the facility.

H2. Discussion and Consideration of Resolution regarding the General Homestead Law, allowing mixed-use/combination properties to be eligible for an exemption on the portion of the residential property **(continued from October 1, 2025)**

a. Memo Tax Assessor Leadman

b. (10-1-2025) Recommendation Town Administrator and Tax Assessor

Teixeira/Parella- voted unanimously to refer to the Town Administrator and Town Solicitor to draft a resolution to amend enabling legislation for council consideration at the November 12, 2025 council meeting

DRAFT

Prior to the vote being taken, the Council discussed a proposed resolution regarding the General Homestead Law, specifically addressing whether mixed-use combination properties should be eligible for a homestead exemption on their residential portion. This matter was continued from the October 1, 2025 meeting to allow for further analysis of potential financial and operational impacts.

Tax Assessor Leadman presented an impact analysis estimating the number of affected properties and the potential shift in taxable value. He reported that there are approximately 90 mixed-use properties in Bristol, representing about 1% of the total taxable base. Drawing from comparable data on two-to-five-family residential properties, it was estimated that roughly 30% (approximately 30 properties) might qualify for and utilize the homestead exemption.

The following scenarios were presented to illustrate possible outcomes:

- Scenario 1 (Most Likely): If 30 properties qualify, approximately $18 million in assessed value would shift to the lower homestead tax rate. The impact on non-qualifying taxpayers would be minimal—less than one cent per $1,000 of assessed value. For a property assessed at $500,000, this equates to an increase of about $3–$4 per year, and for a $1 million property, approximately $8 per year.
- Scenario 2: If 50% of mixed-use properties qualified, the impact would be about $10 per year for a $500,000 property or $20 per year for a $1 million property.
- Scenario 3 (Least Likely/Worst Case): If all 90 mixed-use properties qualified, the impact would be roughly $12.50 per year for a $500,000 property and $25 per year for a $1 million property.

Tax Assessor Leadman emphasized that even in the worst-case scenario, the tax impact on non-qualifying property owners would remain minimal, and it is more likely that the number of eligible properties would be lower than projected, further reducing any fiscal effect.

Council members confirmed with the Tax Assessor the magnitude of the potential increase, clarifying that a current tax of $1,000 would rise to approximately $1,004 under the most likely scenario. The Council expressed general support for the proposal, noting that members had previously been in agreement with moving forward and were further reassured by the minimal financial impact outlined. The consensus was that the effect on

taxpayers would be negligible and that the proposed change is reasonable and equitable.

I. Other New Business Requiring Town Council Action

I1. BWRSD re council consideration of building permit fee waiver for public benefit under RIGL 23-27.3-119 for work being performed at Mt. Hope High School, Colt Andrews Elementary School, and Rockwell Elementary School

Teixeira/ Sweeney- Voted unanimously to waive the building permit fee for public benefit in accordance with R.I. General Law § 23-27.3-119, for work being performed at Mt. Hope High School, Colt Andrews Elementary School, and Rockwell Elementary School, with an anticipated total project cost of approximately $1.28 million.

Prior to the vote being taken, Superintendent Anna Riley appeared before the Council to request that the Town of Bristol waive local building permit fees associated with the school construction projects at Mt. Hope High School, Colt Andrews Elementary School, and Rockwell Elementary School. She stated that a formal letter had been submitted to both the Bristol and Warren Town Councils.

Superintendent Riley noted that local permit fees are not reimbursable under RIDE regulations and were not included within the project's approved funding cap. If the Town were to require the fees, the additional cost would place the project above the authorized cap, reducing available contingency funds and limiting the District's ability to complete additional facility improvements.

Superintendent Riley explained that, to date, the project's contingency funds had enabled the inclusion of several enhancements such as the football field, bleachers and concession stand, and tennis court lighting. She explained that if both towns approved the waiver, additional improvements—such as the baseball field—could also be completed, which would in turn allow the District to return the Guiteras Field to the Town.

Chad Crittenden (PMA consultants) provided a detailed financial analysis. He stated that the local building permit fees total approximately $1.28 million for Bristol and $159,000 for Warren. Over a 30-year bond term at an assumed 4.5% interest rate, these fees would result in nearly $2.8 million in total borrowing costs. By granting the waiver, Bristol would save approximately $440,000 in interest costs over the life of the bond, as the expense would otherwise be financed through the project's contingency funds. The regional cost split remains approximately 62% Bristol and 38% Warren, in accordance with enrollment-based allocation. Mr. Crittenden provided the Council with a detailed financial breakdown page, which was reviewed and received for the record.

Chairman Calouro summarized the matter by noting that charging the permit fee would, in effect, amount to the Town charging itself, given Bristol's majority share in the regional project. He also clarified, following discussion with the Town Administrator and Mr. Cabral, that state-imposed permit fees, estimated between $125,000 and $150,000, would still apply and cannot be waived under state law. He further confirmed with Mr. Cabral that, if the Town did not waive the fees, the project would proceed regardless, but the costs would be bonded and repaid over 30 years, reducing funds available for other improvements.

Councilman Sweeney expressed support for granting the waiver, stating that borrowing the funds would only increase costs to taxpayers. Councilman Ley agreed, noting that although waiving the fees would forgo short-term revenue, it represents the sound long-term decision, as it allows more of the contingency project list to be completed and may yield future cost savings.

Chairman Calouro inquired why the items on the contingency list were selected over other potential projects, asking who determined which improvements would remain contingent and why those particular items—such as athletic and field enhancements—were chosen instead of additional building improvements.

Mr. Crittenden explained that the list was originally developed by the Building Committee earlier in the year when finalizing the project budget prior to submission. Chairman Calouro sought clarification, asking whether the School Committee or Building Committee held final authority. Superintendent Riley responded that the Building Committee makes recommendations, but the School Committee ultimately votes on and approves the final list of contingency items.

Superintendent Riley further explained that these contingency items represented projects the District wished to include under the bond but could not fit within the established funding cap. The OPM's and estimators priced all proposed work, and when total costs exceeded the voter-approved cap, a list of additional desired projects was created and prioritized. The Building Committee developed the initial ranking, which was then reviewed and formally approved by the School Committee as the final list of contingency projects.

I2. Director of Parks & Recreation Rensehausen requests Council authorization to submit two RIDEM Recreation Development Grant applications: one Small Grant for Veterans Memorial Park ($125,000 with 25% Town match) to repair the bridge and replace the playground, and one Large Grant for the Town Common ($500,000 with 25% Town match) for a new playground with a rubberized surface and an adjacent senior-friendly fitness station behind the former Walley School

Parella/Teixeira- Voted unanimously to authorize Director Rensehausen to submit two RIDEM grant applications, with the Town committing to the proposed $208,334 in matching funds.

Prior to the vote being taken, Parks and Recreation Director Rensehausen provided an overview of two proposed Rhode Island Department of Environmental Management (RIDEM) Recreation Development Grant applications. He explained that these grants are part of the State's regular funding program for municipal park and playground improvements and are typically highly competitive.

The first application, for Vet's Park, is a Small Grant request in the amount of $125,000, requiring a 25% Town match. The proposed project includes repairing the wooden bridge that crosses the creek and replacing the existing playground. The bridge is in poor condition, and although some temporary safety repairs have been made, the comprehensive restoration exceeds the department's routine maintenance budget. The playground replacement is also necessary due to age and safety concerns. Director Rensehausen noted that completing both improvements together would allow for greater efficiency and compliance with

RIDEM's requirement that projects funded under a single grant be geographically linked.

The second application, for the Town Common, is a Larger Grant request totaling $500,000, also requiring a 25% Town match. The project scope includes replacing the existing playground, installing a rubberized, fully accessible surface, and constructing a senior-friendly outdoor fitness station adjacent to the former Wally School. The rubberized surface will provide handicapped accessibility and address long-standing drainage issues identified in a prior engineering report. The fitness area would feature equipment designed for older adults, including balance aids, seated exercise options, and upper-body fitness elements. Director Rensehausen shared conceptual design images for both projects, noting that final designs and equipment selections would be determined through a public Request for Proposals (RFP) process and subcommittee review if the Town is awarded funding.

Chairman Calouro clarified that the total grant match obligation for the town (if both grants are received) is approximately $208,334.

Director Rensehausen stated that the required Town match would total $41,667 for the Vet's Park Small Grant and $166,667 for the Town Common Large Grant. Combined, these matches would leverage approximately $870,000 in total park and playground improvements through a local investment of $208,334. Funding for the match is anticipated to be incorporated into the next fiscal year's budget cycle, as grants would not be awarded until the following spring.

Discussion ensued regarding the timing and budget implications of the proposed grants, with Council members affirming the Town's ability to meet the required financial match commitments through existing reserves or future budget appropriations. The Council confirmed that approval of the item granted Director Rensehausen authorization to draft and submit the RIDEM grant applications, noting that any awarded funds and corresponding local matches would be incorporated into the next fiscal year's budget cycle if the applications are successful.

I3. DEM re: proposed modification to Bristol and Westerly Industrial Pretreatment Program - requires response by November 21, 2025

DRAFT

Sweeney/Teixeira –voted unanimously to receive and place this matter on file

Prior to the vote being taken, The Council reviewed the proposed modifications to the Bristol and Westerly Industrial Pretreatment Program, noting that this represents the RIDEM public comment process related to upcoming Sewer Ordinance amendments. It was further noted that the ordinance changes would be brought forward for formal Council consideration and approval at the next meeting.

I4. North and East Burial Grounds Commission re: proposed price changes to the cemetery fee schedule

Teixeira/ Sweeney-voted unanimously to approve the proposed adjustment to the burial fee amounts as presented and proposed

Prior to the vote being taken, Mr. Josh Cabral, Co-Chair of the North & East Burial Grounds Commission, appeared before the Council to present proposed price changes to the cemetery fee schedule for the North & East Burial Grounds. The updates were primarily prompted by the installation of two new columbariums in the cemetery's Cremation Garden, expanding available inventory for the first time in several years.

Mr. Cabral explained that the two newly constructed columbarium—each containing 96 double-capacity niches (for a total of 192 couple units)—would be available beginning November 1. These additions significantly increase the cemetery's capacity for cremation interments and offer an alternative to traditional in-ground burials. In addition, pricing for bronze memorials located around the pond area was updated, with future expansion of these memorial offerings planned.

Mr. Cabral noted that the fee adjustments reflect market-based updates, as neither columbarium niches nor bronze memorial lots had been offered for sale in approximately five years. The proposed revisions apply solely to property fees—the purchase of plots, niches, or memorial sites—and do not affect service fees such as opening and closing charges, which were last updated about eighteen months ago.

In response to a question from Chairman Calouro, Mr. Cabral clarified the nature of the price changes. The documentation indicated that traditional in-ground grave prices would increase from $1,400 to $1,500 (a $100 adjustment). The columbarium niches in the cremation garden, each accommodating two urns,

would be priced at $3,500 per couple unit (up from $1,500, an increase of $2,000), and the bronze memorial sites around the pond would increase to $3,000 each (from the previous range of $1,800–$2,000).

Mr. Cabral emphasized that these property-fee adjustments were made to ensure parity with comparable regional market rates and to reflect the cost of construction and maintenance associated with the new structures.

Town Solicitor Ursillo advised that fee schedules for public cemeteries are subject to Town Council approval, rather than being adopted administratively or for informational purposes only.

J1. Town Administrator Contente re approval of an expenditure of up to $16,000 from the Finance Department Salary Line to pay a financing and accounting recruiting firm in Rhode Island to fill the position of Deputy Town Treasurer(continued from 10/1/2025)

Sweeney/Teixeira-Voted unanimously to approve the Town Administrator's request for the expenditure of up to $16,000 from the Finance Department Salary Line to retain a Rhode Island-based finance and accounting recruiting firm for the purpose of filling the position of Deputy Town Treasurer

Prior to the vote being taken, Town Administrator Contente requested that the Council consider and approve the use of up to $16,000 from the Finance Department's salary budget to pay the fee for a recruitment firm engaged to assist in hiring a qualified Deputy Town Treasurer.

Town Administrator Contente explained that the Town had conducted several months of unsuccessful outreach to fill the position through traditional advertising methods, including postings in the East Bay Newspapers, East Bay Media Group, the

Rhode Island League of Cities and Towns, the Town's official website, and various social media platforms, as well as on LinkedIn, Indeed, and ZipRecruiter. Despite these efforts, the candidate pool remained limited.

The recruitment firm identified a highly qualified candidate, and they typical fee is 25% but was able to negotiate to 20% of the first-year salary, with a one-year placement guarantee. The Administrator emphasized that this expenditure would be covered within the existing Finance Department budget and would not require additional appropriations.

Council members acknowledged the increasing difficulty of attracting and retaining qualified candidates for municipal finance positions in the current labor market. Following discussion, the Council unanimously voted to authorize the use of up to $16,000 from the Finance Department's salary line to cover the recruitment firm's fee and to proceed with the hiring process for the Deputy Town Treasurer position

SALES AND SERVICE COUNTERS

WHEN SALES OR SERVICE COUNTERS ARE PROVIDED, THE COUNTERS MUST BE ACCESSIBLE. IF DOING SO IS READILY ACHIEVABLE, THIS ACCESS IS AN IMPORTANT PART OF RECEIVING THE GOODS AND SERVICES PROVIDED BY A BUSINESS.

AT COUNTERS HAVING A CASH REGISTER, A SECTION OF COUNTER AT LEAST 36 INCHES LONG AND NOT MORE THAN 36 INCHES ABOVE THE FLOOR WILL MAKE THE COUNTER ACCESSIBLE. THIS PROVIDES A LOWERED SURFACE WHERE GOODS AND SERVICES AND MONEY CAN BE EXCHANGED. AN ALTERNATIVE SOLUTION IS TO PROVIDE AN AUXILIARY COUNTER NEARBY.

PHOTO - VIEW OF AN ACCESSIBLE COUNTER WITH A CASH REGISTER. PERSON USING AN ELECTRIC SCOOTER IS PULLED PARALLEL TO THE COUNTER AND THE CASHIER IS EXCHANGING MONEY WITH THE CUSTOMER. CAPTION - AN ACCESSIBLE SALES COUNTER AT A CASH REGISTER.

NOTES

ACCESSIBLE COUNTER IS AT LEAST 36" LONG AND NO MORE THAN 36" ABOVE THE FLOOR

PROVIDE A 30" BY 48" SPACE IN FRONT OF THE SALES OR SERVICE COUNTER TO ACCOMMODATE A WHEELCHAIR OR ELECTRIC SCOOTER AT 38 " HIGH

AT SALES AND SERVICE COUNTERS, SUCH AS TICKETING COUNTERS, TELLER STATIONS IN A BANK, REGISTRATION COUNTERS IN HOTELS AND MOTELS, AND OTHER COUNTERS WHERE GOODS OR SERVICES ARE SOLD OR DISTRIBUTED A COUNTER THAT IS AT LEAST 36 INCHES LONG AND THAT IS NOT MORE THAN 36 INCHES ABOVE THE FLOOR WILL MAKE THE COUNTER ACCESSIBLE. IT IS ALSO POSSIBLE TO PROVIDE AN AUXILIARY COUNTER NEARBY OR TO USE A FOLDING SHELF OR AREA NEXT TO THE COUNTER, IF DOING SO IS READILY ACHIEVABLE.

IN ADDITION TO HAVING A MAXIMUM HEIGHT OF 36 INCHES, ALL ACCESSIBLE SALES AND SERVICE COUNTERS MUST HAVE A CLEAR FLOOR SPACE IN FRONT OF THE ACCESSIBLE SURFACE THAT PERMITS A CUSTOMER USING A WHEELCHAIR TO PULL ALONGSIDE. THIS SPACE IS AT LEAST 30 INCHES BY 48 INCHES AND MAY BE PARALLEL OR PERPENDICULAR TO THE COUNTER. IT IS ALSO CONNECTED TO THE ACCESSIBLE ROUTE WHICH CONNECTS TO THE ACCESSIBLE ENTRANCE AND OTHER AREAS IN THE BUSINESS WHERE MERCHANDISE OR SERVICES ARE PROVIDED.

IF YOU CANNOT PROVIDE AN ACCESSIBLE SALES OR SERVICE COUNTER OR AUXILIARY COUNTER NEARBY, SUCH AS A TABLE OR DESK, YOU MAY PROVIDE A CLIP BOARD OR LAP BOARD FOR USE UNTIL A MORE PERMANENT SOLUTION CAN BE IMPLEMENTED

CHECKOUT AISLES, SUCH AS IN A GROCERY STORE, HAVE DIFFERENT REQUIREMENTS. AN ACCESSIBLE CHECKOUT AISLE SHOULD PROVIDE A MINIMUM OF A 36-INCH-WIDE ACCESS AISLE AND IT SHOULD BE IDENTIFIED BY A SIGN WITH THE INTERNATIONAL SYMBOL OF ACCESSIBILITY MOUNTED OVER THE AISLE. THE COUNTER ADJACENT TO THE ACCESSIBLE CHECKOUT AISLE HAS A MAXIMUM HEIGHT OF 36 INCHES. IF A LIP IS PROVIDED BETWEEN THE COUNTER AND THE CHECKOUT AISLE, ITS MAXIMUM HEIGHT IS 40 INCHES

THE NUMBER OF ACCESSIBLE AISLES THAT IS NEEDED DEPENDS ON THE TOTAL NUMBER OF CHECKOUT AISLES PROVIDED. FOR EXAMPLE, IF ONE TO FOUR AISLES ARE PROVIDED, THEN AT LEAST ONE SHOULD BE ACCESSIBLE. IF MORE THAN FIVE TO EIGHT AISLES ARE PROVIDED, THEN TWO ACCESSIBLE AISLES ARE NEEDED. EACH TYPE OF CHECKOUT INCLUDING EXPRESS LANES, MUST HAVE AN ACCESSIBLE CHECKOUT AISLE.

THE ADA STANDARDS FOR ACCESSIBLE DESIGN PROVIDE DETAILED INFORMATION ON THE REQUIREMENTS FOR CHECKOUT AISLES AND FOR SALES AND SERVICE COUNTERS

SERVING COUNTERS

WHERE FOOD OR DRINKS ARE SERVED AT COUNTERS AND THE COUNTER HEIGHT IS MORE THAN 36 INCHES ABOVE THE FLOOR, PROVIDING A LOWERED SECTION OF THE SERVING COUNTER AT LEAST 60 INCHES LONG AND NO HIGHER THAN 43 INCHES WILL MAKE THE COUNTER ACCESSIBLE. IF IT IS NOT READILY ACHIEVABLE TO MAKE THE COUNTER ACCESSIBLE, A BUSINESS CAN SERVE THE ITEMS AT NEARBY ACCESSIBLE TABLES IF READILY ACHIEVABLE.

WHEN IT IS NOT READILY ACHIEVABLE TO PROVIDE AN ACCESSIBLE COUNTER OR BAR AREA OR SERVICE AT ACCESSIBLE TABLES IN THE SAME AREA, THEN A BUSINESS SHOULD PROVIDE SERVICE IN AN ALTERNATIVE MANNER, IF DOING SO IS READILY ACHIEVABLE. THIS MAY INCLUDE OFFERING TO ASSIST THE CUSTOMER BY MOVING ITEMS TO AN ACCESSIBLE COUNTER OR TO THEIR TABLE IN ANOTHER AREA.

The durable Stabilit 32 sq. ft. Plastic Composite Siding Panel is made of polyester resin. This wall siding is rot-resistant and has a cracked ice surface for simple cleaning. Color: White

NOTE

ALL WALLS IN THE KITCHEN SHALL BE 5/8 TYPE X AND ALL WORKING AREA SHALL HAVE A (FGP) FIBER GLASS PANELING OR CLEANING SURFACE.

FLOOR SHALL BE NON SLIPPERY SURFACE, CERAMIC TILE

Second page to Bristol Merchants Association Road closure review:

The Merchant's Association is requesting a road closer of State Street between Hope Street and Thames Street to hold a Holiday Fair December 6th from 10am until 4pm.

Due to the road closer and consideration for the number of pedestrian traffic for this type of event, a detail officer with a vehicle is required to block off State Street at Hope Street and assist with pedestrian traffic crossing at this location. This detail officer will need to be scheduled to start when the road is blocked off for set up and remain at this location until all items are removed from the roadway and reopened for motor vehicle traffic. The Merchants association will be responsible for requesting and payment for this detail officer and vehicle.

Additionally, State Street at Thames Street will need to be blocked off to motor vehicle traffic with the use of concrete barriers or stationary vehicle/ heavy equipment to prevent a motor vehicle from entering this pedestrian-filled event.

Vendors for the event should be notified to have all items removed from the roadway by 4:30. The detail officer will assist vendors with clearing and reopening the roadway as quickly as possible.

After reviewing this petition, there is no known reason to deny the approval of this Road Closure, provided that all laws and ordinances governing this practice are followed.

Respectfully submitted,

Capt. Roman Wozny

We are delighted to offer a selection of gluten-free options on our menu. Please note, however, that while we take great care in preparing these dishes, our kitchen is not entirely gluten-free, and cross-contamination may occur. We have stringent processes in place to minimize this risk, but gluten may still be present in the air and on our work surfaces.

Leo's was first opened in 1948 by Pantaleone (Leo) Mancieri and his wife Virginia (Nonni), who immigrated to the United States from Italy. Established mainly as a pizzeria in the State Street section of Bristol, the restaurant quickly gained a local following and became a popular eatery. In the years after World War II, Leo's served as a popular lunch destination for workers and families alike. Leo and Virginia, along with sons Mario and Reno, worked tirelessly to produce great fresh Italian favorites and create a friendly environment for their customers.

The original Leo's remained open until 1976 when the family decided to close after Leo passes away, and in the year 2000 Leo's grandson, Paul Mancieri, relocated to 365 Hope Street in the heart of historic downtown Bristol. Paul and his wife Adriana pride themselves on bringing back the spirit and the recipes of the pizzeria ran by Leo and Nonni. Welcome to Leo's Ristorante! Enjoy our family recipes, preserved for three generations and plated with care and love by Paul, Adriana and their staff.

Prices do not include sales taxes. Prices subject to changes. Substitutions may result in an upcharge.
A 20% gratuity may be added to parties of six or more.

SALES AND SERVICE COUNTERS

WHEN SALES OR SERVICE COUNTERS ARE PROVIDED, THE COUNTERS MUST BE ACCESSIBLE. IF DOING SO IS READILY ACHIEVABLE. THIS ACCESS IS AN IMPORTANT PART OF RECEIVING THE GOODS AND SERVICES PROVIDED BY A BUSINESS.

AT COUNTERS HAVING A CASH REGISTER, A SECTION OF COUNTER AT LEAST 36 INCHES LONG AND NOT MORE THAN 38 INCHES ABOVE THE FLOOR WILL MAKE THE COUNTER ACCESSIBLE. THIS PROVIDES A LOWERED SURFACE WHERE GOODS AND SERVICES AND MONEY CAN BE EXCHANGED. AN ALTERNATIVE SOLUTION IS TO PROVIDE AN AUXILIARY COUNTER NEARBY.

PHOTO - VIEW OF AN ACCESSIBLE COUNTER WITH A CASH REGISTER, PERSON USING AN ELECTRIC SCOOTER IS PULLED PARALLEL TO THE COUNTER AND THE CASHIER IS EXCHANGING MONEY WITH THE CUSTOMER. CAPTION - AN ACCESSIBLE SALES COUNTER AT A CASH REGISTER.

NOTES

ACCESSIBLE COUNTER IS AT LEAST 36" LONG AND NO MORE THAN 36" ABOVE THE FLOOR

PROVIDE A 30" BY 48" SPACE IN FRONT OF THE SALES OR SERVICE COUNTER TO ACCOMMODATE A WHEELCHAIR OR ELECTRIC SCOOTER AT 36" HIGH.

AT SALES AND SERVICE COUNTERS, SUCH AS TICKETING COUNTERS, TELLER STATIONS IN A BANK, REGISTRATION COUNTERS IN HOTELS AND MOTELS, AND OTHER COUNTERS WHERE GOODS OR SERVICES ARE SOLD OR DISTRIBUTED A COUNTER THAT IS AT LEAST 36 INCHES LONG AND THAT IS NOT MORE THAN 38 INCHES ABOVE THE FLOOR WILL MAKE THE COUNTER ACCESSIBLE. IT IS ALSO POSSIBLE TO PROVIDE AN AUXILIARY COUNTER NEARBY OR TO USE A FOLDING SHELF OR AREA NEXT TO THE COUNTER. IF DOING SO IS READILY ACHIEVABLE.

IN ADDITION TO HAVING A MAXIMUM HEIGHT OF 36 INCHES, ALL ACCESSIBLE SALES AND SERVICE COUNTERS MUST HAVE A CLEAR FLOOR SPACE IN FRONT OF THE ACCESSIBLE SURFACE THAT PERMITS A CUSTOMER USING A WHEELCHAIR TO PULL ALONGSIDE. THIS SPACE IS AT LEAST 30 INCHES BY 48 INCHES AND MAY BE PARALLEL OR PERPENDICULAR TO THE COUNTER. IT IS ALSO CONNECTED TO THE ACCESSIBLE ROUTE WHICH CONNECTS TO THE ACCESSIBLE ENTRANCE AND OTHER AREAS IN THE BUSINESS WHERE MERCHANDISE OR SERVICES ARE PROVIDED.

IF YOU CANNOT PROVIDE AN ACCESSIBLE SALES OR SERVICE COUNTER OR AUXILIARY COUNTER NEARBY, SUCH AS A TABLE OR DESK, YOU MAY PROVIDE A CLIP BOARD OR LAP BOARD FOR USE UNTIL A MORE PERMANENT SOLUTION CAN BE IMPLEMENTED.

CHECKOUT AISLES, SUCH AS IN A GROCERY STORE, HAVE DIFFERENT REQUIREMENTS. AN ACCESSIBLE CHECKOUT AISLE SHOULD PROVIDE A MINIMUM OF A 36-INCH-WIDE ACCESS AISLE AND IT SHOULD BE IDENTIFIED BY A SIGN WITH THE INTERNATIONAL SYMBOL OF ACCESSIBILITY MOUNTED OVER THE AISLE. THE COUNTER ADJACENT TO THE ACCESSIBLE CHECKOUT AISLE HAS A MAXIMUM HEIGHT OF 38 INCHES. IF A LIP IS PROVIDED BETWEEN THE COUNTER AND THE CHECKOUT AISLE, ITS MAXIMUM HEIGHT IS 40 INCHES.

THE NUMBER OF ACCESSIBLE AISLES THAT IS NEEDED DEPENDS ON THE TOTAL NUMBER OF CHECKOUT AISLES PROVIDED. FOR EXAMPLE, IF ONE TO FOUR AISLES ARE PROVIDED, THEN AT LEAST ONE SHOULD BE ACCESSIBLE. IF MORE THAN FIVE TO EIGHT AISLES ARE PROVIDED, THEN TWO ACCESSIBLE AISLES ARE NEEDED. EACH TYPE OF CHECKOUT, INCLUDING EXPRESS LANES, MUST HAVE AN ACCESSIBLE CHECKOUT AISLE.

THE ADA STANDARDS FOR ACCESSIBLE DESIGN PROVIDE DETAILED INFORMATION ON THE REQUIREMENTS FOR CHECKOUT AISLES AND FOR SALES AND SERVICE COUNTERS.

SERVING COUNTERS

WHERE FOOD OR DRINKS ARE SERVED AT COUNTERS AND THE COUNTER HEIGHT IS MORE THAN 36 INCHES ABOVE THE FLOOR, PROVIDING A LOWERED SECTION OF THE SERVING COUNTER AT LEAST 60 INCHES LONG AND NO HIGHER THAN 42 INCHES WILL MAKE THE COUNTER ACCESSIBLE. IF IT IS NOT READILY ACHIEVABLE TO MAKE THE COUNTER ACCESSIBLE, A BUSINESS CAN SERVE THE ITEMS AT NEARBY ACCESSIBLE TABLES, IF READILY ACHIEVABLE.

WHEN IT IS NOT READILY ACHIEVABLE TO PROVIDE AN ACCESSIBLE COUNTER OR BAR AREA OR SERVICE AT ACCESSIBLE TABLES IN THE SAME AREA, THEN A BUSINESS SHOULD PROVIDE SERVICE IN AN ALTERNATIVE MANNER, IF DOING SO IS READILY ACHIEVABLE. THIS MAY INCLUDE OFFERING TO ASSIST THE CUSTOMER BY MOVING ITEMS TO AN ACCESSIBLE COUNTER OR TO THEIR TABLE IN ANOTHER AREA.

The durable Stabilt 32 sq. ft. Plastic Composite Siding Panel is made of polyester resin. This wall siding is rot-resistant and has a cracked ice surface for simple cleaning. Color: White.

NOTE

ALL WALLS IN THE KITCHEN SHALL BE 5/8 TYPE X AND ALL WORKING AREA SHALL HAVE A (FGP) FIBER GLASS PANELING OR CLEANING SURFACE.

FLOOR SHALL BE NON SLIPPERY SURFACE, CERAMIC TILE.

FRONT FLOOR INSTALL LAMINATE FLOORING.

ALL DECORATION SHALL BE NON FLAMMABLE PRODUCT UNLESS A CUT SHEET IS AVAILABLE.

ALL KITCHEN WALLS WHERE NON STAINLESS STEEL DO NOT EXIST USE A SMOOTH WASHABLE (FGP) PANELING OR EASY TO CLEAN SURFACE.

Quito's Fall Specials

APPETIZERS

MINI SALMON CAKES - 20

Fresh salmon, parsley, bread crumbs, and just a touch of mayo hold these cakes together. Pan-seared and served with a sriracha lemon aioli sauce

SWEET CURRIED MUSSELS - 18

Steamed mussels tossed with sautéed shallots and red bell peppers are added to a broth using grade A pure maple syrup, heavy cream, and aromatic yellow curry. The perfect fusion of briny mussels, sweet maple syrup, and rich flavorful yellow curry, this sauce is genuinely bread-worthy.

ENTRÉES

APPLE CIDER GLAZED SALMON - 32

We start by pan-searing fresh Atlantic salmon in a sweet, but tart apple cider balsamic reduction served on a creamy cloud of mashed sweet potatoes. Accompany this sacchariferous duo is our apple slaw, a blend of juicy granny smith apples, celery, shaved fennel, and red onions tossed in a simple lemon vinaigrette, champagne vinegar, olive oil, and fresh squeezed lemon juice, the perfect match to our sweet cider glazed salmon.

STUFFED FILET OF SOLE - 40

Autumn is here and with the colder weather comes rich creamy decadent dishes like this one. Fresh Atlantic sole, filled with shrimp, lobster, crab meat, and cracker crumbs. Baked in a creamy lobster sauce and topped with a touch more bread crumbs for a little texture and crunch. Served with garlic steamed broccoli and parsley smashed potatoes

SCALLOPS WITH POMEGRANATE BEURRE BLANC - 38

Atlantic Sea Scallops are seared to a caramel perfection then perched atop a velvety mix of sweet potatoes, cream and brown butter, topped with a crimson glaze of pomegranate beurre blanc and, served with sautéed kale. This dish is a feast for the senses, vibrant red and orange hues, flavorful fresh fall ingredients, all brought together with a tangy pomegranate sauce.

PEPITA PESTO - COATED PASTA - 32

Jumbo Shrimp are grilled with garlic, white wine, and zingy lemon juice then tossed in our pepita seed pesto; fresh basil, roasted pepita's, nutty parmesan cheese, fragrant garlic and extra virgin olive oil are all blended together into this seasonal pesto that is every bit as flavorful as it sounds. We use thick ribbon pappardelle pasta since so you're sure to get a mouthful of pesto in every bite. .

RE: Intoxicating Beverage License Renewals – 2025-2026

Concerning the renewal of the 2025-2026 intoxicating beverage licenses, my department has no objections to the businesses on the attached list. All of these businesses have a current permit, set to expire on December 31st, 2025 and they are all in the process of re-application right now. About half have already applied for their 2026 permit.

Thank you for your support and consideration.

RE: Victualling License Renewals – 2025-2026

Concerning the renewal of the 2025-2026 victualling licenses, my department has no objections to the businesses on the attached list. All of these businesses have a current permit, set to expire on December 31st, 2025 and they are all in the process of re-application right now. About half have already applied for their 2026 permit.

Thank you for your support and consideration.

Eli Dunn, of 301 Hope Street, doing business as Folklore Provisions, is requesting a dancing and entertainment license. A review was conducted for noise complaints at the establishment, and no complaints were found. After reviewing the petition, there is no known reason to deny this request, provided the petitioner complies with all laws and ordinances pertaining to such licenses, including acceptable noise levels as set forth by the Town's noise ordinance.

If approved by the Town Council, I recommend that a six (6)– month review be conducted to ensure there is no increase in noise complaints.

Eli Dunn, 301 Hope Street, Folklore Provisions is requesting to expand the sidewalk alcohol service license area. In reviewing this petition, I spoke with Code Compliance Officer, Ray Falcoa, for sidewalk measurements. Mr. Falcoa stated that he has recently measured the requested area. There is no known reason for denial of these licenses provided that all laws and ordinances governing this practice are followed. Alcohol service will need to be kept in the designated area only and the public right of way must be maintained as outlined in our ordinance.

I have no objections and recommend that the Honorable Town Council approve the expansion of this license, provided that the entire sidewalk area in front of the business establishment is consistently maintained in a neat and clean manner, with any debris promptly removed to prevent hazards or inconvenience to pedestrians. Additionally, the sidewalk should remain fully traversable, ensuring that there are no obstructions that could impede pedestrian movement or safety.

PETITION TO THE TOWN COUNCIL

To the Honorable Town Council of the Town of Bristol: The undersigned hereby respectfully requested of your Honorable Body that:

Marina Parking Lot Off Season & Fee for Ferry Commuters

The Prudence Island residents are appreciative of the use of renting parking spaces in the marina parking lot off season, however for many islanders the $150/ month cost is a financial hardship, especially for the commuting workforce and senior residents who need to mainland access for medical and important personal needs. Last season not all the spaces were rented because the high cost was not affordable.

- **For your consideration we ask that there be an adjustment of the monthly cost of the Off-Season parking from $150 per month to $75 per month.**
- **The program is currently 4 months December – March. We also ask that the winter season be extend to 5 months, because the off season runs from November 16th – April 14th.**

Marina Parking Lot "Drop off" for Ferry Commuters

There have been several ferry passengers who drive into the ferry parking lot to unload at the ferry office window or onto the ferry and within a few minutes return to their car with a $30 parking ticket.

- **Request to allow ferry passengers to place a "Drop Off" sign on their dashboard or turn on the car emergency flashers while they are at the ferry office window or unloading at the ferry dock, so the Harbor Officers know the intention is to not to illegally park and the vehicle would not be ticketed.**

PLEASE NOTE:

Please ensure that your petition is submitted by 4:00 PM, two (2) Wednesdays before the Town Council meeting scheduled for Oct 22, 2025 @ 7pm *in order to be included on the docket. A RESOLUTION IN SUPPORT OF LEGISLATION ALLOWING THE TOWN OF BRISTOL TO PROVIDE PROPERTY TAX RELIEF TO OWNER-OCCUPIED MIXED-USE PROPERTIES

WHEREAS, the Bristol Town Council desires to promote business and economic growth in the Town of Bristol; and

WHEREAS, the Town of Bristol has no authority over taxation without enabling legislation from the General Assembly; and

WHEREAS, in 2023, the General Assembly enacted legislation known as P.L. 2023, chapters 187 and 255, codified at Title 44, Chapter 5, Section 11.8(k) of the Rhode Island General Laws, that allowed the Town to enact a tiered tax system, which includes a lower residential rate for owner-occupied residential properties;

WHEREAS, that legislation does not allow mixed use properties to obtain this lower, owner-occupied residential rate, as the statute categorizes mixed-use properties as properties taxed at the commercial rate; and

WHEREAS, the Bristol Town Council would like an amendment to the legislation, to allow it to provide the owner-occupied rate for mixed-use properties where the residential portion is owner occupied.

NOW, THEREFORE, BE IT RESOLVED:

1. The Bristol Town Council hereby respectfully requests the General Assembly to enact a proposed amendment to Chapter 44-3 of the Rhode Island General Laws, submitted herewith and appended hereto, in the 2026 legislative session, in order to allow the Town of Bristol to apply the owner occupied rate to mixed-use properties where the residential portion is owner occupied; and

RE: **General Homestead Law and Mixed-use properties Financial Impact**

This memo outlines the potential financial impact on the town's tax structure if mixed-use properties become eligible for the residential homestead tax rate.

Analysis

- **Residential Homestead Rate:** Bristol has a total of 7,220 residential properties. 61% or 4,404 residential properties in Bristol currently receive the lower homestead rate of $9.61
- **Current Situation:** Bristol has 90 mixed-use properties, with a total assessed value of approximately $54 million. These properties represent about 1% of the town's total tax base. Tax rate currently $10.61
- **Projected Change:** Based on eligibility patterns for multi-family properties, I estimate that one-third, or about 30, of the mixed-use properties may apply for and qualify for the homestead rate. This would shift approximately $18 million in assessed value to the lower tax rate.
- **Estimated Tax Rate Impact:**
    - **Potential Impact:** At the current homestead rate of $9.60 per thousand, this shift in assessed value would cause the non-homestead rate of $10.61 to increase by less than one cent per thousand.
    - **Illustrative Scenarios:**
        - **Scenario 1 (One-Third Qualify):** If $18 million in assessed value is shifted, a $500,000 non-homestead property would see an estimated **annual** tax increase of $3 to $4. A $1 million property would see an **annual** increase of $6 to $8.

- **Scenario 2 (Half Qualify):** If half ($27 million) of the mixed-use properties qualify, the non-homestead rate would increase by about one cent ($0.01) per thousand. This would mean a $5 annual increase for a $500,000 property and a $10 annual increase for a $1 million property.
- **Scenario 3 (All Qualify):** If all mixed-use properties ($54 million) qualify, the non-homestead rate would increase by about two-and-a-half cents ($0.025) per thousand. A $500,000 non-homestead property would see an annual increase of $12.50, while a $1 million property would see an increase of about $25.

Findings

Extending the homestead rate to mixed-use properties would have a relatively minor financial impact on the overall tax structure. The non-homestead rate would increase slightly to offset the shift in assessed value, but the effect on individual non-homestead properties would be minimal.

RE: **General Homestead Law and Mixed-use properties**

This letter is in response to the request from Stephen and Michelle Mascena, 381 High Street, regarding the General Homestead Law and allowing for mixed-use properties to be eligible for the homestead tax rate.

RIGL 44-5-11.8 allows Cities and Towns to offer a "homestead" rate to residential real estate consisting of no more than 5 dwelling units. The town of Bristol as well as most towns and cities in Rhode Island cannot allow mixed-use properties to qualify for the homestead tax rate. This would require a change to the current legislation. Current legislation does allow Providence to qualify mixed-use property as residential and allow for the homestead rate.

Over the past few months, I have had a handful of property owners voice their frustration regarding the exclusion of mixed-use property from the adopted legislation. Property owners feel that the mixed-use property that they occupy as their primary residence should be treated the same as the multi-family property that is owner-occupied, and 1-3 units are rented.

Some facts to consider:

Bristol currently has about 90 mixed-use properties, about 1% of our tax base.

Bristol currently has about 7,220 residential properties, about 84% of our tax base.

About 61% (4,430) of Bristol's residential properties receive the homestead rate.

If the same rate applied to mixed use, I would estimate an additional 55 mixed use properties could potentially qualify for the lower homestead rate.

I believe this financial impact would be minimal.

Re: Request to Amend Parking Ordinance Language

Date: November 4, 2025

I am requesting that the current ordinance wording for under section16-145 (9) "parking with left wheels to roadside" be amended to read "parking on wrong side of roadway."

The existing description is often unclear to the public and can cause confusion when parking citations are issued. Changing the wording to "parking on wrong side of roadway" will make the violation easier to understand for motorists and more consistent with common enforcement language.

This change is intended as a clarification only and does not alter the substance of the ordinance or how it is enforced.

RE: School Bus Safety Legislation

Dear Honorable Town Council Members,

This letter is to inform you that the Rhode Island General Assembly modified legislation during the 2025 legislative session regarding "School Bus Safety" as enumerated in RIGL Laws § 31-51-2 (*Live digital video school bus violation detection monitoring systems*).

I am writing to inform you that on or after July 1, 2027, all "new" school buses to be operated ***shall*** be equipped with a live digital video school bus violation detection monitoring system that conforms with the requirements of the existing statute. Additionally, on and after July 1, 2032, "all" school buses to be operated shall be equipped with a live digital video school bus violation detection monitoring system that detects school bus traffic violations that collect and send data. The ***school department***, with input and approval by the municipal police chief may enter into an agreement with a private corporation or other entity to provide live digital video school bus violation detection monitoring systems data for review by a sworn officer and approval of a violation for a traffic summons to be issued. Notably, it is the responsibility of the school department to authorize an agreement with a private corporation, but the issuance of traffic summons is the responsibility of the Town (local police department) to include jurisdiction (municipal court) to hear and decide any violation.

The legislation grants thirty percent (30%) of any issued or adjudicated summons to the municipality (Town) where the violation takes place similarly in fashion to other motor vehicle violations. Furthermore, I would advocate that any revenue from this program be utilized by the Bristol Police Department to directly fund the School Resource Officer program to offset equipment, training, certifications and curricula approved by the Chief

of Police as it relates to child safety and welfare. The police department has two (2) full-time officers dedicated to the BWRSD and anticipates implementing a new comfort therapy dog program in 2026.

Lastly, the police department is requesting to have the council support a resolution to have the school department proactively review this legislation to include considering a RFQ like other communities to possibly enter into an agreement prior to the 2032 legislative mandates to ensure the highest level of safety for our school aged children. Moreover, some communities have already begun negotiating with private vendors to install these monitoring systems for no capital outlay (effectively free of charge) for the awarding of a multi-year contract. I have attached the RFQ from the City of East Providence as an example/template. Additionally, this resolution will allow the school department to potentially negotiate any new busing contracts in concert with this unfunded legislative mandate before 2032 as a cost saving measure.

SPECIFICATIONS

I. Background

The East Providence School District (EPSD) is a K-12 public school district supporting the City of East Providence, Rhode Island. The district maintains ten facilities including seven K-5 elementary schools, 2 middle schools and a comprehensive high school campus. Tri-Town Monthly Report
Summary of Notable Activities and Reports
from the
October 23, 2025, BCWA Meeting

For detailed information on any of these subjects presented herein, please go to the BCWA website at www.bcwari.com or contact the BCWA. Minutes and videos of all Board meetings are archived on the website.

1. **Connection to the Pawtucket Water Supply System Project:** A meeting was held with the Mayor of East Providence to discuss the blending and control station to be located at the East Providence water storage facility and Beta Engineering's contract amendment. It was a positive meeting. Unfortunately, on some portions of the project there have been some minor unanticipated delays. The overall project is moving forward. The East Providence City Council will consider for approval at an upcoming meeting an amendment to the Beta Contract including increases in the cost-sharing agreement with the BCWA.

2. **Lead Service Line Replacement Program:** The last public lead "gooseneck service" was replaced this month by a BCWA crew. As required by law, about 1,000 notifications will be sent out to property owners that have piping whose make-up is "unknown" (from a lead content viewpoint) or have a galvanized iron service line.

3. **Hydraulic Modeling:** The modeling has been completed regarding the Fountain Avenue Water Tank. The Final Report is being revised based on some minor comments from the Health Department.

4. **BCWA Water Treatment Facility Properties:** A "Design Charette", i.e. a two-day design review meeting, was held between BCWA staff and planning, engineering and architectural consultants to review and define future building and property needs on the former treatment facility grounds. A report will be issued soon. Previously, the Board had voted to wait for this report before making a decision on the future of the former treatment facility buildings. A newspaper article on the buildings appeared in the Warren Times during the week of October 20th.

5. **Former Upper Kickemuit Dam Area Landscaping**: On October 16th and 17th, BCWA staff, Executive Director and Chairman assisted volunteers organized by Save the Bay for the planting of trees and wetland shrubs in the disturbed area of the Upper Dam project.

6. **Water System Improvements**

    a. **Fall Hydrant Flushing:** This was completed during the month. During that work, as is often the case, a hydrant break happened on New Meadow Road in Barrington. This work was done at night to minimize disruptions but unfortunately water mains in the area had to be shut down for longer than usual. This incident was raised and discussed

at the Board meeting by Barrington Board members. It was an unforeseen emergency situation that the BCWA staff worked as quickly as possible to restore water services, but schedules of some area schools were affected.

b. **Expansion of High Service Area, Neighborhood Southeast of Gooding Avenue and Naomi St, Bristol:** As of a result of replacement of water mains, including the new Hope/Tupelo pump station, water pressures in this neighborhood will increase providing better service. A letter was sent to the affected customers in the area advising them of such. It is possible that customers who previously installed booster pumps may no longer need to use them, thereby reducing their overall utilities costs.

7. **Water Purchases from the Scituate Reservoir:** Water purchases in September decreased by 9% compared with the same period last year and 6% less than the prior 5-year average. However, cumulatively for the year, water purchases are just 2% less than the prior five-year average. Of note, recently a large water-using fish-processing plant in Bristol shut down abruptly moving its operations out of Bristol County. They used an estimated 10 million gallons of water per year.

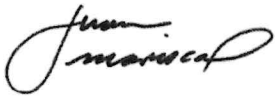
8. **Pension Plan Funding Status:** A presentation was made by BCWA's consultant, Jen Turk of Nyhart Financial (a national employee-benefit consulting, actuarial, and administration company). The basic conclusion is that the BCWA Pension Plans are in excellent shape. In the last year, the return on Market Value was better than the planned 7.5% with an 11.9% return and that the Plan's funded status is now at an amazing 98.7%.

9. **Personnel:** Interviews were held to fill a vacant Water Utility Operator position. It is anticipated the selected candidate will be on-board by the end of the month.

10. **Next Meetings:** At BCWA Offices, 450 Child Street, Warren.
    - **5:00PM, Thursday, December 11, 2025** – Monthly Meeting of Board
    - **5:00PM, Thursday, November 13, 2025** – Finance Committee Meeting Re: FY2027 Budget

As noted herein, this is a summary. For detailed information on the BCWA activities, please go to the BCWA website at www.bcwari.com or contact the BCWA. Minutes and videos of all Board meetings are archived on the BCWA website.

Respectfully submitted,



Juan Mariscal, Chairman, BCWA

WHEREAS, at the direction of the Town Council, the Town gave notice to direct abutters of the proposed sale, giving the abutters an opportunity to express interest or concerns; and

WHEREAS, the only responsive abutter received through this process was from Selcan and Marlon Mckenzie and the Mckenzies' offer to purchase satisfies the minimum value established for the sale of the Subject Property by the Town Assessor, which is one thousand, two hundred dollars ($1,200.00); and

WHEREAS, the Mckenzies have also agreed to cover all costs associated with the sale, including advertising, deed recording, and any other conveyance-related expenses, and also the costs of the public notice for the sale of this land; and

3. Executive Director's Report

- Pawtucket Pipeline Project – At the last Board meeting, the Board approved Amendment No. 3 for Beta Group. The letter sent to Beta along with their response to that letter are included with my report. We also received the monthly progress report as requested. We have a meeting with East Providence administration next week to discuss the recent contract amendment and the blending and control station.
- Demo of Water Treatment Plant – We had a kick off meeting with the design team for the proposed garage on September 18th and there will be a design charrette next Thursday and Friday.
- Dam Removal Project – The contractor is back on site to wrap up punch list items and do seeding. We are getting pricing for tree planting in October.
- Pare Corp continues to work on the permitting documents for the Shad Factory Pipeline.
- A binder of all BCWA properties was presented to the Properties Committee.
- Lead Service Line Replacement Program – The service line inspection program is winding down. The contractor received a 40% success rate and have removed 148 service lines from the unknown list. We submitted our report to the state as required by the Lead Poisoning Prevention Act and in addition, reports were sent to Barrington, Bristol, and Warren town officials as requested by the Board.
- We expect a final report by the end of this week for the Fountain Avenue Tank.
- We are currently advertising for a vacant Water Utility Operator position.

Operations Report:

- Regarding lead service lines, we will be beginning compliance notifications over the next couple of weeks to our customers that either have unknowns or qualifying lead services. This will be our last effort to try to identify all the unknowns as part of the project with RIRWA.
- Our operators recently completed work on an inoperable valve on Child Street with limited disruptions to residents.

Engineering Report:

- Boyle & Fogarty completed all the work in Warren aside from the asphalt restoration. They have moved to Bristol and started installing the water main on September 17th. The location of the fire hydrant has been determined and approved by the Bristol Fire Department (next to 47 Gooding Avenue).
- Dewcon started milling today with their subcontractor and will starting paving next week.

4. Financial Report

(Appendix A)
Finance Manager Dan Hughes provided a financial summary for August 2025.

5. Board Member Town Council Reports

There were no reports.

6. Properties Committee – Former Plant Buildings Recommendation
Director Martin stated that the Properties Committee met on September 11th to review where we are with the two buildings. The consensus was that we gave the public a sufficient amount of time and a request for proposal, to which there were no responses. The Committee decided that the best course of action for BCWA was to eliminate the buildings. Historic architectural features would be preserved once they have been determined. The Committee would ensure that the results would go to the Warren Town Council to keep them informed of the progress.

7. Public Input
The Board recognized Historical Preservation Consultant Ned Connors. Mr. Connors stated that the RFP was more of a request for discussion as opposed to a request for proposals and that is not how industrial and commercial properties are marketed. Mr. Connors proposed meeting with an industrial and commercial properties real estate broker and the use of LoopNet, which lists commercial and investor real estate and exposes the property to a national and international audience. Mr. Connors presented a mockup of a proposed advertisement for the buildings on LoopNet.

The Board also recognized a member of the public, Paul Rocha, who was in attendance with Mr. Connors.

8. Executive Session

Director Gross made the following motion seconded by Director Stanley

MOTION: To enter Executive Session Pursuant to RIGL s. 42-46-5 (a)(2) and RIGL s. 42-46-5 (a)(5).
(Litigation – Providence Water Supply Board – Docket 24-51-WW and Supreme Court Appeal – Pursuant to RIGL s. 42-46-5 (a)(2); Disposition of Publicly Held Property – Former Treatment Plant Buildings Pursuant to RIGL s. 42-46-5 (a)(5); Executive Session Minutes: Board Meeting – 7/24/25, Properties Committee Meeting – 9/11/25)

Motion passed unanimously by aye vote.

The Board entered Executive Session at 5:50pm.

The Board returned to open session at 6:27pm.

RE: **Distribution of Class A Biosolids – Bristol, RI Compost**
Modified Order of Approval No. 1315

Dear Mr. Contente:

The Rhode Island Department of Environmental Management ("RIDEM") received, on September 18, 2025, the Town of Bristol's ("Town's") letter of intent to continue distributing Class A biosolids generated at the Bristol Composting Facility in Rhode Island. Enclosed is a copy of the Modified Order of Approval No. 1315 (the "Approval"). Please note the conditions in the Approval including quarterly testing for per- ad perfluoroalkyl substances ("PFAS") consistent with RIGL 46-12-42.

The first round of PFAS sampling must be completed during the October 2025 to December 2025 calendar quarter. The results of the testing must be submitted to DEM by the last day of each calendar quarter (i.e., by March 31st, July 31st, September 30th, and December 31st for the corresponding calendar quarter).

Failure to operate as indicated in the Application or failure to comply with the requirements of this Approval or the Sludge Regulations may result in the revocation or suspension of this Approval as well as any registration issued by the Division of Agriculture.

Please note that this Approval does not waive your obligation to obtain necessary approvals from other agencies or offices. Should you have any questions, contact Jack Segal at (401) 537-4168 or by email at jack.segal@dem.ri.gov.

Sincerely,

"R.I. Gen. Laws section 27-10.2-2 prohibits an insurer from requiring the use of after market parts when negotiating repairs with any repairer unless the repairer has written consent from the vehicle owner to install after market parts. This provision applies only to automobiles that are less than 30 months beyond the date of manufacture."

ALL ESTIMATES WRITTEN ARE BASED ON VISABLE DAMAGE ONLY. UPON DISMANTLE OF THE VEHICLE, ANY ADDITIONAL DAMAGE WILL RESULT IN A SUPPLEMENT.

"Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit or knowingly presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison."

PURSUANT TO RHODE ISLAND LAW, THE CONSUMER HAS THE RIGHT TO CHOOSE THE REPAIR FACILITY TO COMPLETE REPAIRS TO A MOTOR VEHICLE; AND AN INSURANCE COMPANY MAY NOT INTERFERE WITH THE CONSUMER'S CHOICE OF REPAIRER.

FOR ANY VEHICLE THAT IS LESS THAN FORTY-EIGHT (48) MONTHS BEYOND THE DATE OF MANUFACTURE, RHODE ISLAND LAW ENTITLES THE VEHICLE OWNER TO ORIGINAL EQUIPMENT MANUFACTURER (OEM) PARTS IN THE REPAIR OF A MOTOR VEHICLE PART. THIS ESTIMATE WILL INDICATE IF/WHEN AFTERMARKET BODY PARTS ARE SPECIFIED.

Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit or knowingly presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide ARH5470, CCC Data Date 10/17/2025, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2024 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles.
