The motion passed on a 6-0 vote.

Listed items No. 2 and No. 7 were not approved.

Mayor moved to agenda item No 16.

16. Discussion and possible action on a request for a fee waiver or reduction for a Specific Use Permit (SUP) application for Recreational Vehicle (RV) temporary storage for medical purposes at 202 South Walker Street, Angleton, Texas.

Otis Spriggs, Director of Development Services, addressed council and stated that Laura Green, who has recently been diagnosed with a critical medical condition and can no longer live independently and has been residing in an RV placed on her daughter's property at 202 S. Walker, to provide her with immediate and essential care for the anticipated duration of six months to one year. This arrangement is the only way to accommodate her critical needs while providing a measure of comfort and personal space during this difficult time. Given the extreme and unforeseen financial and emotional hardship placed upon the family due to this medical emergency, she is respectfully asking the City Council to grant a waiver for the standard Specific Use Permit (SUP) application fee. She is fully prepared to comply with all conditions the City may impose regarding the placement and maintenance of the RV to ensure neighborhood safety and aesthetics. The applicant stated that she understands that the City Council holds the sole authority to grant such a waiver, and she sincerely

appreciates the consideration of her family's unique and urgent circumstances. Thanked council for their time and understanding and stated she is available to provide any further information or documentation that may be required, including medical verification.

Upon a motion by Mayor Pro-Tem Townsend and seconded by Council Member Daniel, Council approved a request for a fee waiver or reduction for a Specific Use Permit (SUP) application for a Recreational Vehicle (RV) temporary storage for medical purposes at 202 South Walker Street, Angleton, Texas. The motion passed on a 6-0 vote.

The City Attorney agreed that he will not charge legal fees in regard to this request.

Mayor moved to agenda item No. 13

13. Discussion and possible action accepting the Utility Master Plan.

John Peterson, City Engineer with HDR presented the Utility Master Plan.

Upon a motion by Council member Sartin and seconded by Council Member Smith, Council approved the Utility Master Plan contingent upon priority. The motion passed on a 6-0 vote.

14. Annual update and discussion on Windrose Green Subdivision Development by the developer.

Joe Grabinski, Ember Company, developer of Windrose Green gave a presentation update on the development. He stated the development is approximately 150 acres with 648 homes at full buildout. The development is broken into Section 1-8. The first three sections of lots were delivered prior to last year. Section 4 and Section 5 are the two newest sections of lots and delivered those in the middle of this past year with a combination of 45- and 50-foot-wide lots, totaling 132 lots. Section 6 and 7 construction is completed with a couple of punch list items then can move with plat recordation next month. Section 8 is one street with 36 lots with some construction completed but have not yet paved the road. The community construction should be completed this summer.

Mayor moved to agenda item No. 17.

17. Discussion and Possible Action on an application for Tree Mitigation Plan for the Freedom Park - Detention and Drainage Project, located south of Farm-to-Market (FM) 523 and north of Freedom Park (Previously tabled on 12/2/25).

Otis Spriggs, Director of Development Services, addressed council and introduced the agenda item and stated the applicant has submitted the attached Tree Mitigation Plan for the Freedom Park - Detention and Drainage Project, located south of FM 523 and north of Freedom Park. Please refer to the attached letter from our City Engineer, with which the staff has collaborated with the applicant. Note that staff met with the applicants and made clear that the city will accept a fee in lieu of the tree replacement. The fee in lieu of tree replacement must be consistent with the replacement costs for

three (3) caliper-inch heritage trees (Live Oak or Pecan) from a local landscape provider. The applicant's application outlines the following: The site consisted of approximately 42 acres of thickly vegetated underbrush and trees. A total of 41 heritage trees were identified and removed from the detention pond excavation area and maintenance berm. The 41 heritage trees removed totaled 532 caliper inches. Meetings with City staff and consultants, including the Development Services Director, City Manager, and the City's third-party engineering consultant regarding the ratio results in the mitigation requirements of new or preserved trees. Staff will meet and discuss options with the Planning and Zoning Commission ahead of a final recommendation to City Council. Planning and Zoning Commission Meeting on November 6, 2025, Commission Member Townsend made a motion to recommend the City Council approve the Freedom Park Tree Mitigation Plan, with no mitigation needing to be performed, and we find that the "1 to 1" is reasonable for this very specific type of project and work.

Joe Grabinski, Ember Company, developer of Windrose Green and council entered into discussions.

Upon a motion by Council Member Sartin and seconded by Council Member Smith, Council approved the proposal of \$72,000, 1/3 of the \$216,370,980 as a fee in lieu of tree mitigation. The motion passed on a 6-0 vote.

15. Update, discussion and possible action on the Gambit Energy Storage Park, 319 Murray Ranch Road, Angleton, Texas, currently a Specific Use Permit (SUP) within a Single-family Residential 7.2 District (SF-7.2).

Otis Spriggs, Director of Development Services addressed council and introduced the agenda item and stated that on 6/10/2025, under Mayor and Council Communications, Council Member Christiene Daniel requested that Development Services, with Legal, provide research and an update on the Gambit/Power Plus Battery Park Facility and the SUP(Specific Use Permit), and zoning history within the SF7.2 Zoning, as it relates to electrical generation. Routinely, staff, and City Leaders have routinely performed cursory visits to the vicinity to unofficially monitor noise levels. During recent complaint occurrences, the decibel device readings were performed by the Police Department and Development Services. Since that time the city was offered a site visit in August of 2025, in which the team walked the facility as the fan units were turned on and simulated. Additional noise from the transmitter area of the site was realized by the team. A modification was made to the approved Specific Use Permit, under Ordinance No. 20200114- 004 adopted on January 14, 2020, by City Council, allowing for the construction and operation of an energy storage park (ESS) and necessary substation equipment for the storage of electrical energy located at Property ID No. 570367. Last discussion was held on July 22, 2025. Randle Law Firm provided a written memo on the history and also the categories of land use, for the Council's review and discussion along with a series of Exhibit documentation. The leadership team has made site visits since, and in response to recent noise complaints, routine readings of the decibel levels have been provided.

Residents and Council engaged in discussion regarding the Gambit Energy Storage Park. Residents from an adjacent neighborhood stated that the sound is still very loud and

can be heard from their back porches. Mayor and Council requested that Gambit return to the March 24 council meeting with a noise study, a dedicated hotline phone number for residents to call and complain about the noise when it gets too loud and the lighting that continues to point to resident's back yards.

Council also discussed the option of the city doing a 24-hour noise study.

No action was taken.

18. Discussion and possible action to approve Resolution No. 20260113-018 accepting the donation to the city of a parcel of vacant land located on the east side of Farm-to-Market (FM) 521, approximately 1,400-foot south of the intersection of County Road 32 and Ashland Boulevardd., Brazoria County, Texas, and authorizing the Mayor to execute the Special Warranty Deed.

Upon a motion by Council Member Sartin and seconded by Council Member Smith, Council approved Resolution No. 20260113-018 accepting the donation to the city of a parcel of vacant land located on the east side of Farm-to-Market (FM) 521, approximately 1,400-foot south of the intersection of County Road 32 and Ashland Boulevardd., Brazoria County, Texas, and authorizing the Mayor to execute the Special Warranty Deed. The motion passed on a 6-0 vote.

19. Discussion on the City's Customer Service

Acting City Manager Valdez presented a customer service report to council. Mr. Valdez stated that each department submitted their response to Council's request for insight into the city's customer service and addressed three questions. 1. How has your department improved customer service? 2. If your department has positions removed, how is it impacting your department? 3. What does your department lack to improve customer service? (employee(s); software; equipment; etc.). He stated that customer services was improved by adding a part-time receptionist to the front lobby entrance, rolling over phones so that it is answered by the next available person, and all employees attended mandatory customer service training in November.

Hector Renteria, Director of Public Works, addressed council and stated that their customer service is how quickly they can get things done and their main focus is how to respond better and faster.

Mayor Wright asked if the phones have been tested to see if they are working and Jason Crews, Director of Information Technology, stated that they have been teste and is working but have received comments from staff about receiving other departments' calls. Mayor suggested getting five citizens to call in and test the phones.

Council Member Simmons asked if an account of how many people are going to the new receptionist desk and Otis Spriggs, Director of Development Services stated they have taken a poll in the past and can begin doing that again with the new receptionist.

Council Member Simmons discussed making technology easier for residents.

Mayor asked staff to utilize Martha for posting information and How To videos on social media. He stated that in the future he thinks that council should review the department head, their goals, objectives for the year, and what their plans are. Then the review can be measured by asking did it got done, what were obstacles, what prevented it from getting done, what is the succession plan and who are the shining stars with the department to make sure Angleton is retaining them. He would like to begin hiring and promoting from within.
