### MAYOR'S TOWN UPDATE

Hello All,

On Wednesday (3/19/25) at 6pm I will be holding a town address about water. I have the preliminary Aquifer report from the USGS and will explain the findings. I will be going over the results, how it affects our water supply, the status of our water, the status of our aquifer, how any potential growth will affect our water and how the demand for water will be handled. Lots of good factual information will be given. I will go over the water plan for the future to ensure we protect our water supply. I will also take questions at the end time permitting. I highly recommend attending or tuning in via zoom. We finally have good facts and can make good decisions about our water.

--

Best Regards

Mike Farrar

Mayor - Town of Apple Valley

Chairman - Big Plains Water District

1777 N. Meadowlark Dr.

Apple Valley, UT. 84737
