- H. Site Plan: A site plan shall be required:

1. The site plan shows the development plan for an individual building site within a specific phase. If there is to be only one phase to the project and all buildings are to be located on one legal lot, a single site plan for the entire project will be permitted.
2. Site plans must meet all of the requirements for site plan review submittal, including all the Town Standards. Site plans shall be submitted for individual lots within a phase. More than one building may be contained on an individual lot. Site plans shall be submitted to the planning commission and shall meet all of the criteria for site plans as required.
