ZONE CHANGE APPLICATION - GENERAL INFORMATION

PURPOSE

All lands within the Town are zoned for a specific type of land use (single family residential, multi-family, commercial, etc.). Zoning occurs as a means to provide for a relationship between various types of land uses which promotes the health, safety, welfare, order, economics, and aesthetics of the community. Zoning is one of the main tools used to implement the Town's General Plan.

WHEN REQUIRED

A zone change request is required any time a property owner desires to make a significant change to the use of his/her land. The change may be from one zone density to another. Or, it may be to an entirely different type of use, such as a change from residential to commercial. Since the zone applied to your land limits what you can do, a rezoning application is typically the first step toward a change.

REQUIRED CONSIDERATIONS TO APPROVE A ZONE CHANGE

When approving a zone change, the following factors should be considered by the Planning Commission and Town Council:

1. Whether the proposed amendment is consistent with the Goals, Objectives, and Policies of the Town's General Plan;
2. Whether the proposed amendment is harmonious with the overall character of existing development in the vicinity of the subject property;
3. The extent to which the proposed amendment may adversely affect adjacent property; and
4. The adequacy of facilities and services intended to serve the subject property, including, but not limited to roadways, parks and recreation facilities, police and fire protection, schools, storm water drainage systems, water supplies, and waste water and refuse collection.

PROCESS

Submit a complete application. After it is deemed complete, staff will review the request and prepare a report and recommendation for the Planning Commission. This will be reviewed at a public hearing where the applicant should attend, present the project, and respond to questions from the Planning Commission. Since it is a public hearing, members of the pub may also have questions or comments. At the public hearing the Planning Commission will review the application and staff's report and forward a recommendation to the Town Council of approval, approval with modifications, or denial of the zone change application.

Upon receipt of the Planning Commission recommendation, typically one (1) week after the Planning Commission action, the Town Council will consider and act on the Commission's recommendation. The action of the Town Council is final. If denied, a similar application generally cannot be heard for a year.

RE: Roadway from parcel AV-1-3-5-321

Dear Property Owner:

The property on this notice which has been valued, assessed and taxed under the provisions of the Farmland Assessment Act (FAA), more commonly known as Greenbelt, has become ineligible for assessment under this law. It is necessary to withdraw the property from this special assessment and apply the FAA in-lieu fee (Utah Tax Code Annotated Section 59-2-511). The FAA in-lieu fee is the difference between the taxes paid while the property was on Greenbelt, for a maximum of five years, and the taxes which would have been paid had the property been assessed at market value. Please refer to the enclosed computation figures for the amount breakdown.

FAA IN-LIEU FEE

Parcel Number: AV-1-3-5-321 Account Number: 0903269

Date of Withdrawal from FAA: June 25, 2021

Number of Acres to be Withdrawn: 1.48

Reason for Withdrawal: Roadway

Date FAA In-lieu Fee is Due: July 25, 2021

FAA In-lieu Fee: \$310.42

The FAA in-lieu fee is now a lien upon the property until paid. Interest will be charged beginning **30 days** from the date of this rollback billing notice. **The FAA in-lieu fee is to be paid to the Washington County Treasurer.** Please include the property parcel number on your check.

If you want to appeal the imposition of the FAA in-lieu fee, you must file an appeal application with the **County Auditor** no later than **45 days** from the date of this notice. The market value on which the FAA in-lieu fee is calculated cannot be appealed. The only matters that may be appealed are a challenge to the withdrawal of the land from the FAA (Greenbelt) or a challenge to the mathematical computation of the FAA in-lieu fee.
