Financial Reports

(Unaudited)

March 31, 2023 and 2022

Donna B. Williams, CGFM
Director

Timothy E. Schroer, CPA, CGMA
Deputy Director

April 26, 2023

The Honorable Garnett L. Johnson, Mayor
Members of the Augusta Georgia Commission
Takiyah Douse, Interim Administrator
535 Telfair Street
Augusta GA 30901

Dear Mayor Johnson, Members of the Commission, and Ms. Douse:

This afternoon we are presenting for your information the financial reports of several major operational funds for the period ended March 31, 2023. The quarterly reports are presented on a cash basis of accounting, which differs from the basis used for the annual financial report. Additionally, information on Local Sales Tax (LOST) collections and Special Purpose Local Sales Tax (SPLOST) collections and projects are included.

Total revenues during the first quarter are not accurate indicators of Augusta's financial position. This is particularly true in the category of Taxes. The primary reason is that ad valorem tax revenue is not booked until third quarter and other types of revenue follow cyclical patterns. For this reason, we concentrate much of our analysis on the expenditure side of the budget equation, which occurs at a more even pace.

2023 Alcohol Licenses for existing businesses are due prior to December 31 with revenue recorded in the current year, resulting in the high percentage of budget to actual revenue. Other categories such as Charges for Service and Fines are less seasonal.

Electric franchise fees are a revenue stream received as a single payment in the first quarter. Georgia Power and Jefferson Electric pay 4% of their revenues from the customers in Richmond County to Augusta. The amount received, \$13.3 million is a \$1.6 million increase from 2022. Other fluctuations, both positive and negative, will occur in revenues and expenditures for the remainder of the fiscal year. Our goal is to manage those over which we have control so that year end results are as *expected*.

Sales tax is a major revenue source which has an impact on both Augusta's operations and capital expenditures. Collections for 2023 are \$4,900 higher than the same period for the previous year. This reflects as a 4.47% negative variance from budgeted levels. However, with only January and February collections reported, no downward trend should be implied, this may reflect a normalization of collections.

I hope this information along with the reports and narrative that follow are helpful. I will be happy to answer any questions you might have.

Sincerely

Donna B. Williams, CGFM
Finance Director

Augusta Richmond County
Analysis of Operating Statements for
Major Fund Groups as of March 31, 2023

1. GENERAL FUND (101) (PAGE 5)

Revenues:

Total revenue collections are 26.8% of the annual budget; this is on target for the first quarter of the year. Ad valorem taxes represent \$15.3 million or 15.2% of the total revenue budget of the General Fund and will be billed in late third quarter. At the end of the first quarter, with collections for January and February received, local sales tax revenue is 4.47% below budget. Electric franchise fees are received in a single payment during the first quarter and are 9.2% above budgeted amounts and \$1.6 million above than amounts received for 2022.

Expenditures:

Total expenditures are 22.3% of the annual budget compared to 20.1% for the same period in 2022. Purchased and contract services are \$ 1.6 million higher than the prior year but still within budgeted norms. Expenditures for salaries and employee benefits are slightly below the target of 25% at 21.5%.

2. URBAN SERVICES (271) (PAGE 6)

Revenues:

Total revenue is 8.5% of the annual budget as compared to 9.3 % for the same period last year; ad valorem taxes are billed in third quarter. Ad valorem tax collections in the Urban Service District are used to pay for services such as Fire Protection, Garbage Collection and Street Lights. Streetlights are paid for separately as either mill rates or fees in the Suburban district.

Expenditures:

Operating expenditure levels are below the target range of 25%, at .6% which is normal for first quarter. Transfers out to other funds which are supported by tax collections, Fire Protection, Garbage Collection and Street Lights, are posted to match the timing of expenditures with the booking of tax revenue. No unusual variances were noted.

3. LAW ENFORCEMENT (273) (page 7)

Revenues:

Major revenue sources supporting Law Enforcement are ad valorem taxes and local option sales tax. Total revenue is 7.0% of the annual budget as compared to 7.3% for the same period last year. Other revenues relating to inmate population such as inmate commissary sales and reimbursement from the state for prisoners are currently projected close to budgeted levels.

Augusta Richmond County
Analysis of Operating Statements for
Major Fund Groups as of March 31, 2023

Item 4.

Expenditures:

Total operating expenditures are slightly below the 25% budget target at 23.3%. Personnel cost is 21.2% of budget compared to 21.2% for the same period last year. Expenditure items directly related to prisoner population are at 29.3% of budgeted levels. Medical costs for prisoners are at 33.2% of budget.

4. FIRE PROTECTION (274) (page 8)

Revenues:

Revenue for the first quarter is .9% as compared to 1.1% for the same period last year. Insurance premium tax revenue, which is 62.4% of the total revenue for this fund, is received from the state in mid-October. The other major source of funding for this fund come from ad valorem tax collections, billed in the third quarter.

Expenditures:

Total expenditures at the end of the first quarter are at 20%, slightly below the target range of 25%. Personnel related expenditures, which comprise 83.9% of the total budget are slightly below budget at 20.7%. Use of overtime is 33% of budget at the end of the first quarter compared to 48.2% for the same period in the prior year. There were 70 open positions at the end of the first quarter compared with 55 for the same period in the prior year.

5. WATER AND SEWERAGE (506-514) (page 9)

Revenues:

Revenues billed for services are at 25% of annual budget, or \$22.5 million. During the same period in 2022, the percentage was 22.3% or \$21.6 million.

Expenditures:

Total expenditures are well within the targeted range of 25% at 10% of the annual budget, compared to 16.9% of budget in the previous year. Personnel cost is at 19.3% of annual budget. No other major variances were noted.

Capital Projects:

As construction typically occurs over several years, fund balance appropriation is used to account for funds not provided by current year operations. The sources of revenues to fund capital projects and debt service is net income from operations. Capital projects can also be funded through the issuance of revenue bonds. In first quarter of 2023 a total of \$2.1 million was spent on capital outlay and a total of \$7.8 million was required for debt service.

Expenditures:

Total expenditures are 14.7% of the annual budget compared to 10.9% last year. Budgeted amounts for operations are significantly lower in 2023 which may lead to a large variance when compared to the prior year. .

Expenditures:

Total expenditures, excluding depreciation and capital spending, are at 5.9% of the annual budget. Personnel cost is at 21.7% of annual budget. No other major variances were noted.

Capital Projects:

As construction typically occurs over several years, fund balance appropriation is used to account for funds not provided by current year operations. Analysis of Operating Statements for
Major Fund Groups as of March 31, 2023

Item 4.

9. STORMWATER UTILITY (581) (page 13)

Revenues:

Revenues billed for services are 24.7% of annual budget or \$3.7 million. During the same period in 2022, the percentage was 26.4% or \$3.7 million. Revenue amounts include accounts receivable of \$3,953,000 for 2023 as compared to \$3,358,000 for 2022, rising by 17.7%. Delinquent accounts as of March 31, 2023 were \$2,905,000 compared to \$2,358,000 at March 31, 2022.

Expenditures:

Total expenditures are 13.3% of the annual budget. No other major variances were noted.

Notes to the financial reports

First Quarter indicators: The first quarter report is not the most accurate indication of the actual performance of the government because revenue percentages tend to be skewed due to the billing of property taxes during the third quarter. As a result, expenditure levels against budget are used as key indicators to monitor financial position.

Basis of Accounting: The attached financial reports are presented on the cash basis of accounting which differs from the annual financial audit which is presented using the modified accrual basis of accounting. The most significant difference between cash basis and modified accrual basis of accounting is the recording of accrued expenditures and revenue. We have determined that any potential benefit that may be derived from preparing the financial reports on a modified accrual basis would be lost by the number of resources that would be required to prepare the financial reports on this basis.
