SUBJECT: Purchase of 30" Flanged Butterfly Valves for Highland Plant Basins 4 and 5

The Highland Water Filtration Plant requires immediate replacement of 30" flanged butterfly valves with gear for Basins 4 and 5. These basins are critical for water treatment operations and directly impact on the city's water production capacity. Failure to repair these basins promptly will result in reduced water treatment capability, posing a significant risk to service reliability.

Please approve this emergency. This will be submitted as an agenda because of its cost.

Thank you,

Stephen Orton
