3,000 dogs are killed annually at **Augusta Animal Services (AAS)**. Half the dogs that enter the facility will be killed. Of all the counties in Georgia, that is by far the most deadly rate.

Best Friends Animal Society is a non-profit with a proven record of greatly reducing death rates at shelters. They have offered to give AAS \$910,898 and issued a 32 page report with specific recommendations that would save the lives of a thousand dogs.

The **Augusta Commission** has rejected this most generous, thoughtful proposal. They don't know what help is when it knocks on their door. Tell the commission to ***TAKE THE MONEY AND STOP THE SLAUGHTER OF DOGS IN AUGUSTA!***

Solution Summary

Augusta-Richmond County Georgia is requesting assistance from Logicalis Professional Services (PS) with the migration from their on-premises Cisco Unified Contact Center Express (UCCX) platform to the cloud-based Webex Contact Center (WxCC) platform.

Augusta-Richmond County Georgia's current UCCX environment consists of the following:

- 161 Agents
- 34 Supervisors
- 5 Teams
- 7 Entry Points
- 15 Applications
- 16 Contact Service Queues (CSQ)
- 33 Scripts
- 2 Outbound Campaigns

One of the applications that Augusta provides to its customers is a Utilities application. This allows the customer to request information about their account, check balances, and make payments. Augusta uses Enquesta and InvoiceCloud to provide these features. Each service is integrated with UCCX via custom Java modules in two (2) advanced scripts. InvoiceCloud uses Secure Socket Layer (SSL) certificates to secure communications. The Enquesta application also outputs a text file each week that is loaded into the UCCX Outbound Dialer Campaign.

Augusta would also like to take advantage of the Omnichannel features in WxCC and offer Short Message Service (SMS) chat capabilities to its customers in one (1) department. The Logicalis PS engineer will configure Webex Connect and integrate it with WxCC then create the required templates for the SMS chat queues.

Public Switched Telephone Network (PSTN) service will be provided to WxCC with the Bring Your Own PSTN (BYoPSTN) model. Logicalis will configure a Cisco router to function as a voice Point of Presence (vPOP) that will connect the existing PSTN and the Webex Cloud. Existing UCCX entry point Direct Inward Dial (DID) numbers will be pointed towards the vPOP.

Logicalis PS will migrate the existing UCCX environment one-for-one to the WxCC platform. The Logicalis PS engineer will also provide two (2) end-user training sessions, one for agents and one for supervisors, which will function as train-the-trainer sessions. One (1) administrator knowledge transfer session will also be provided by the Logicalis PS engineer. All sessions will be recorded and distributed to Augusta for future reference.

All work performed by the Logicalis PS engineer will be remote.

Subject: Request for Approval – Webex Contact Center Migration for UCCX

JUN 21 PM 2:48

Cisco Unified Contact Center Express is the Call Center software supported and maintained by the Information Technology Department that allows multiple City Departments to provide public-facing customer service through Call Centers and Interactive Voice Response technologies. Among the Departments and Offices using this technology are the 311 Department, the Utilities Department, the Information Technology Department, and the Tax Commissioner's Office.

The current version of UCCX is in need of an upgrade that will include a migration to the cloud in order to support the ongoing processes of these Departments as well as to keep up with the ever-changing pace of technological development within this specialized system environment. This cloud migration will result in a better user experience for the Departments/Offices utilizing this technology.

I've attached the proposal from Logicalis for this project, and it includes all the necessary work components to complete this upgrade and migration.

The total cost of this upgrade is \$36,451.00 to be funded from the SPLOST V Software Allocation funds. I am sending this request through Procurement for sole-source authorization. I am requesting sole-source approval as Logicalis is the only vendor capable of completing this upgrade as they are the original implementor of our UCCX system environment. Upon your review and approval, this item will be submitted to the Augusta Commission for final approval.

Thank you in advance for your consideration and response.
