5. CITIZENS REPORT

Ann Turner posed questions about the use of flock cameras and where the revenue generated from them goes. She's concerned the County gets the bulk of the funds generated from them and not the City. She also stated that she does not understand their value.

Chief Harrell explained that flock cameras are a valuable tool for solving crimes, especially theft - by sharing data across agencies statewide. When a camera alerts officers, they can stop the vehicle and act if needed, such as making an arrest. Any fines collected are processed like other cases, with funds split between the City's general fund and the County.

Councilmember Elder recommended citizens attend the Austell Citizens Academy to clear up any questions about the flock cameras and what the department does.

K'Hari Underwood stated that the City is doing an amazing job.

Kimberly Stallworth expressed support for creating formal citizen committees, noting that similar groups in neighboring cities have been effective in serving residents and bringing diverse ideas. She believes this approach, along with hosting regular town halls or community forums, would strengthen communication and ensure more community voices are heard.

Mayor Clemons asked her to share her ideas with the Community Affairs Director Darrell Weaver and with Councilmember Shawndra Williams, so that her ideas to model other citizen committees aren't lost.

Marla Miller would like to know if the City would consider two-hour parking for downtown. Noting, there is limited parking for employees and patrons of the businesses due to current construction.

Mayor Clemons responded that the issue has been added to the Agenda and will be under consideration.

Quintasha Swanson, founder of Haven of Help, highlighted her organization's work supporting Cobb County residents with services like food, housing, and employment. She shared recent efforts

in Austell, including helping families avoid water shutoffs and hosting community events, and invited the public to a free Father's Day cookout celebrating men in the community.

6. GAS SYSTEM REPRESENTATIVE

Ollie Clemons

Attorney Kimbrough reported that April gas usage decreased compared to last year and is currently behind for the fiscal year, but early May numbers show an increase that should help reduce the overall shortfall.

7. FINANCE REPORT

Sandra Leverette, Chairperson

Rachel Yarborough, Director

A. Monthly Financial Report

B. 2026-2027 Fiscal Year-End Budget – Public Hearing

Attorney Kimbrough opened the public hearing and called for citizens who signed up to speak. Meredith Adams and Sondra Davenport were sworn in.

Meredith Adams asked if there would be a millage rate increase and asked about using more SPLOST money to purchase new patrol cars.

Sondra Davenport asked about 1.25 million for new patrol cars and asked if the city is futuristic with the money, it's spending. She also urged future equipment purchases to include AI and modern technology for officer and firefighter safety (drones, advanced patrol vehicles).

Finance Director Rachel Yarborough clarified that SPLOST is not part of the annual budget and that SPLOST purchases are forward-looking capital improvements – 5-10 years and not immediate needs.

Chief Harrell confirmed no vehicle purchases were requested in the current budget.

Motion to close the public hearing made by Anderson, Seconded by Myrick.

Voting Yea: Anderson, Leverette, Myrick, Elder, Williams, Caffè.

Vote Passed 6-0

B. Downtown 2 – Hour Parking Ordinance

It is the recommendation of the Public Works Department to accept and approve an amendment to the existing Chapter 44. Traffic to include a maximum of two (2) hours of parking on designated streets in the downtown area. Listed below are the streets:

- Jefferson Street (from Veteran Memorial Highway to Stuart Reed Bridge)
- Jefferson Street Loop Extension
- Spring Street (from Veteran Memorial Highway to Walker Street)
- Love Street (from Veteran Memorial Highway to Walker Street)
- Mulberry Street (from Veteran Memorial Highway to Billmark Street)

The purpose of this ordinance is to promote public health, safety, cleanliness, and aesthetic appeal in the City of Austell's downtown business areas by establishing uniform requirements for parking on city streets in the downtown business areas for the business owners, residents and visitors who park in the business areas.

Motion to approve the parking ordinance made by Elder, Seconded by Anderson.

Voting Yea: Anderson, Leverette, Myrick, Elder, Williams, Caffé.

Vote Passed 6-0

C. Acceptance of Donated Right-Of-Way

It is the recommendation of the Public Works Department to accept and approve the donation of right-of-way conveyance from Habitat for Humanity, Grantor, consisting of approximately 0.008 acres (332.09 square feet), more or less, located within Land Lot 180 of the 18th Land District, Second Section, Cobb County, Georgia, as more particularly described in Exhibit "A" and shown on the plat attached as Exhibit "B," prepared by Croy Engineering.

The purpose of the proposed right-of-way dedication is to provide the City of Austell with the necessary property interest to access, operate, inspect, repair, replace, and maintain stormwater infrastructure located within or serving the public roadway. Acceptance of the right-of-way will ensure that existing and future stormwater facilities associated with the roadway remain under public access and control, allowing the city to perform routine maintenance and necessary improvements to protect public safety, preserve roadway integrity, and promote proper stormwater conveyance. The dedication further supports the City's ability to manage drainage infrastructure in a manner consistent with municipal standards and long-term infrastructure planning.

The donation is being provided voluntarily by the property owner without cost to the City and acceptance of the right-of-way is consistent with the City's goals of promoting orderly growth, infrastructure improvements, and public welfare.

Motion to accept donated right of way made by Elder, Seconded by Myrick.

Voting Yea: Anderson, Leverette, Myrick, Elder, Williams, Caffé.

Vote Passed 6-0

Voting Yea: Anderson, Leverette, Myrick, Elder, Williams, Caffé.

Vote Passed 6-0

C. Public Hearing: Consideration for a Zoning Ordinance Amendment for an Infill Overlay District.

Staff have developed a proposed overlay district intended to encourage more diverse and flexible development within the downtown area and gateway corridors. In creating the overlay district, staff considered the goals and recommendations identified by the community through the most recent Comprehensive Plan and LCI Plan, including the proposed objectives and boundary areas.

The proposed overlay district does not alter the underlying zoning of any property. Instead, it provides additional development and land use options, subject to established standards and parameters. Development of the proposed ordinance included input from developers, consultants, and the Council for Quality Growth to help ensure a well-rounded and comprehensive approach.

Staff recommend approval of the proposed ordinance.

Attorney Kimbrough opened public hearing and swore in Kimberly Stallworth, K'Hari Underwood, Daniel Lamb, Heyward Cole, and Dyon Holmes. All spoke in favor of the proposed overlay district.

Motion to close public hearing made by Myrick, Seconded by Williams.

Voting Yea: Anderson, Leverette, Myrick, Elder, Williams, Caffé.

Vote Passed 6-0

Motion to approve the zoning ordinance amendment made by Williams, Seconded by Anderson.
Voting Yea: Anderson, Leverette, Myrick, Elder, Williams.

Public Works Department

Monthly Report

**Streets Division
Stormwater Division
Water/Sewer Division
Terrell Community Garden
May 2026**

INTRODUCTION

The Public Works Departmental Monthly Report is an essential document that serves multiple important functions for the city.

1. Transparency:

Public Trust: It shows citizens how public funds and resources are being used by the different Division within the department (Streets, Stormwater and Water/Sewer Divisions).

2. Accountability:

Government Oversight: Helps our elected officials, and the mayor to monitor the performance of the Public Works Department.

This report ensures that the infrastructure and services provided by the Public Works Department are maintained and developed in a way that supports the community's needs now and in the future.

Streets Division

The Streets Division of the Public Works Department plays a critical role in the functionality, safety, and efficiency of the city's infrastructure. Below is a recap of the Streets Division performance from April 23, 2026, through May 22, 2026.

Description of Service Work Provided	Total
