STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration, discussion and possible action on the results of the Sports Complex Feasibility Study.

AGENDA ITEM SUBMITTED BY:

Sylvia Carrillo-Trevino, ICMA-CM, CPM, Interim Executive Director and City Manager

BACKGROUND/HISTORY:

In the summer of 2024, the BEDC board and a subcommittee, consisting of the BEDC Executive Committee and three members of City Council, began discussions related to a possible sports complex study as an avenue for economic development, as previously presented in the Garner Report.

The BEDC board engaged Hunden Consulting guided by Windsor Group (previously assigned to Navis Consulting) to determine the feasibility of such an endeavor.

The results of the study show that there are several cities in Central Texas undergoing such projects and this is perhaps not the right fit for Bastrop.

FISCAL IMPACT:

Cost of the feasibility study - \$60,000

Cost of Windsor Group (previously Katherine Caffey of Navis Consulting) - \$9,950

RECOMMENDATION:

Do not move further along the Sports Complex venture and place BEDC Industrial Park property back on the market for consideration and business attraction.

Executive Summary

Bastrop, Texas: Youth Sports Market and Financial Feasibility

HUNDEN QUALIFICATIONS: Hunden Partners is a full-service global real estate development advisory practice, providing public and private sector clients with confidence and results so they can move their projects from concept through execution. With more than 28 years of experience on 1,000+ projects, Mr. Hunden and his team are relied-upon guides and advisors that provide owner’s representation services, project management and strategy, and the individual components of the process: feasibility and financing studies, impact analysis, governance/management structures, deal negotiation and team-assembly — managing RFQ/P processes for developers, architects, construction, management companies and service providers.

Hunden Partners professionals have provided all the above services for hundreds of client projects worldwide for the public, non-profit and private sectors. In addition, our professionals have prior professional career experience in municipal and state government, economic and real estate development, real estate law, hotel operations, and non-profit management. Over eighty percent of our clients are public entities, such as municipalities, counties, states, convention bureaus, authorities and other quasi-government entities empowered to conduct real estate, economic development, and tourism activities.

STUDY ASSUMPTIONS AND CONDITIONS: This deliverable has been prepared under the following general assumptions and limiting conditions:

- The findings presented herein reflect analysis of primary and secondary sources of information assumed to be correct. Hunden utilized sources deemed to be reliable but cannot guarantee accuracy.
- No responsibility is taken for changes in market conditions after the date of this report and no obligation is assumed to revise this report to reflect events or conditions occurring thereafter.
- Hunden has no control over construction costs or timing of construction and opening.
- Macroeconomic events affecting travel, and the economy cannot be predicted and may impact the development and performance of the project.

We have enjoyed serving you on this engagement and look forward to providing you with continuing service.

Sincerely yours,

Hunden Partners

Situational Overview & Project Background

The City of Bastrop has engaged Hunden Partners to conduct a complete a market demand, financial feasibility, and economic impact study of a new tournament sports facility (Facility or Project) in Bastrop, Texas.

Bastrop is the county seat in Bastrop County and located approximately 30 miles southeast of Austin. **With the continued growth of the greater Austin-Round Rock-San Marcos MSA, the city has identified the potential opportunity to capture a piece of the growing sports tourism market.**

While a sports facility will be needed to support the continued growth of the city's population and serve as a quality-of-life asset to residents, a primary focus of the study is centered on identifying the potential for attracting sports tourism in the city, further advancing economic development opportunities.

Study Methodology & Key Questions

Where are you now?

How do you stack up?

What are the opportunities?

How do we get there?

Current Bastrop & Surrounding Market Assessment

Hunden analyzed the current performance of local commercial and destination assets in relation to sports tourism. This analysis identifies gaps in the market to be addressed by a complete youth sports facility within the market study area.

Market Opportunities Assessment & Future Recommendations

Based on local and regional market research, comparable national case studies, and stakeholder engagement, Hunden formed recommendations for a sports facility in Bastrop.

Financial & Impact Projections, Funding Analysis

In addition to the market research for a Youth Sports development in Bastrop, TX, the Hunden Team has also provided a comprehensive financial analysis and impact projections based on the recommended build-out of the facility.

Study Methodology: Elements of Feasibility

Interview Outreach & Stakeholder Feedback

Hunden interviewed a handful of local and regional stakeholders and organizations. Interview feedback helps to gain a current understanding of activity in Bastrop and its surrounding area, identify opportunities in the city, and provide best practices from case studies.

A sample of stakeholders interviewed include representatives from the following:

City Representatives/ Organizations

- Bastrop Chamber of Commerce
- Bastrop County Tourism
- Bastrop Parks and Recreation
- City of Bastrop

Regional Sports Tourism Stakeholders

- Youth Basketball Association (YBOA)
- USA Volleyball (USAV)
- Lonestar Soccer Club
- USSSA Baseball/Softball
- Bullpen Ventures
- Perfect Game

Other Relevant Stakeholders

- Sports Facilities Companies
- Eastern Sports Management
- Local Hoteliers
- Kimley-Horn

Sports Tourism Industry Trends Overview

Item 3.B

Youth sports tourism has experienced major growth since 2019. Growth in the industry has continued to increase despite increasing travel costs.

Trends across the United States, the State of Texas and within the Austin - Round Rock - San Marcos MSA indicate positive signs for a Project in the City of Bastrop.

National

- American families accounted for 204.9 million youth sports event related trips in 2023, compared to 192 million in 2022 and 179 million in 2019 (SportsETA).
- Total spending on youth sports tourism also reached an all-time high in 2023 of \$52.2 billion, compared to \$47 billion in 2022 and \$45 billion in 2019 (SportsETA).

Statewide

- In 2023, Texas ranked as the second leading state in the country for economic impact generated by sports tourism (SportsETA).
- Texas high school sports participation reached an all-time high in 2024 (Texas Association of Sports Officials).

Austin - Round Rock - San Marcos MSA

- The Austin - Round Rock - San Marcos MSA ranked as the seventh fastest growing United States Metropolitan Market in 2023 (U.S. Census Bureau). Market supply has failed to keep pace but has become an area of focus for multiple cities.
- The market's central location within Texas has made the MSA an attractive youth sports market.

Regional Trends: Market Growth

The greater Austin area is projected to continue to be one of the fastest growing markets in the country. Future projections show that regional growth is anticipated to be highest on the east side of the Austin MSA.

The City of Bastrop's location within the region places the city in a position for continued natural growth. In addition to natural market growth, the city has experienced major investments from multiple national corporations, further fueling growth in the city.

As the Austin MSA and the City of Bastrop continue to grow, the supply of sports facilities in the market continues to lag behind market demand.

NEURALINK

hunden partners

Regional Trends: Crowded Sports Facility

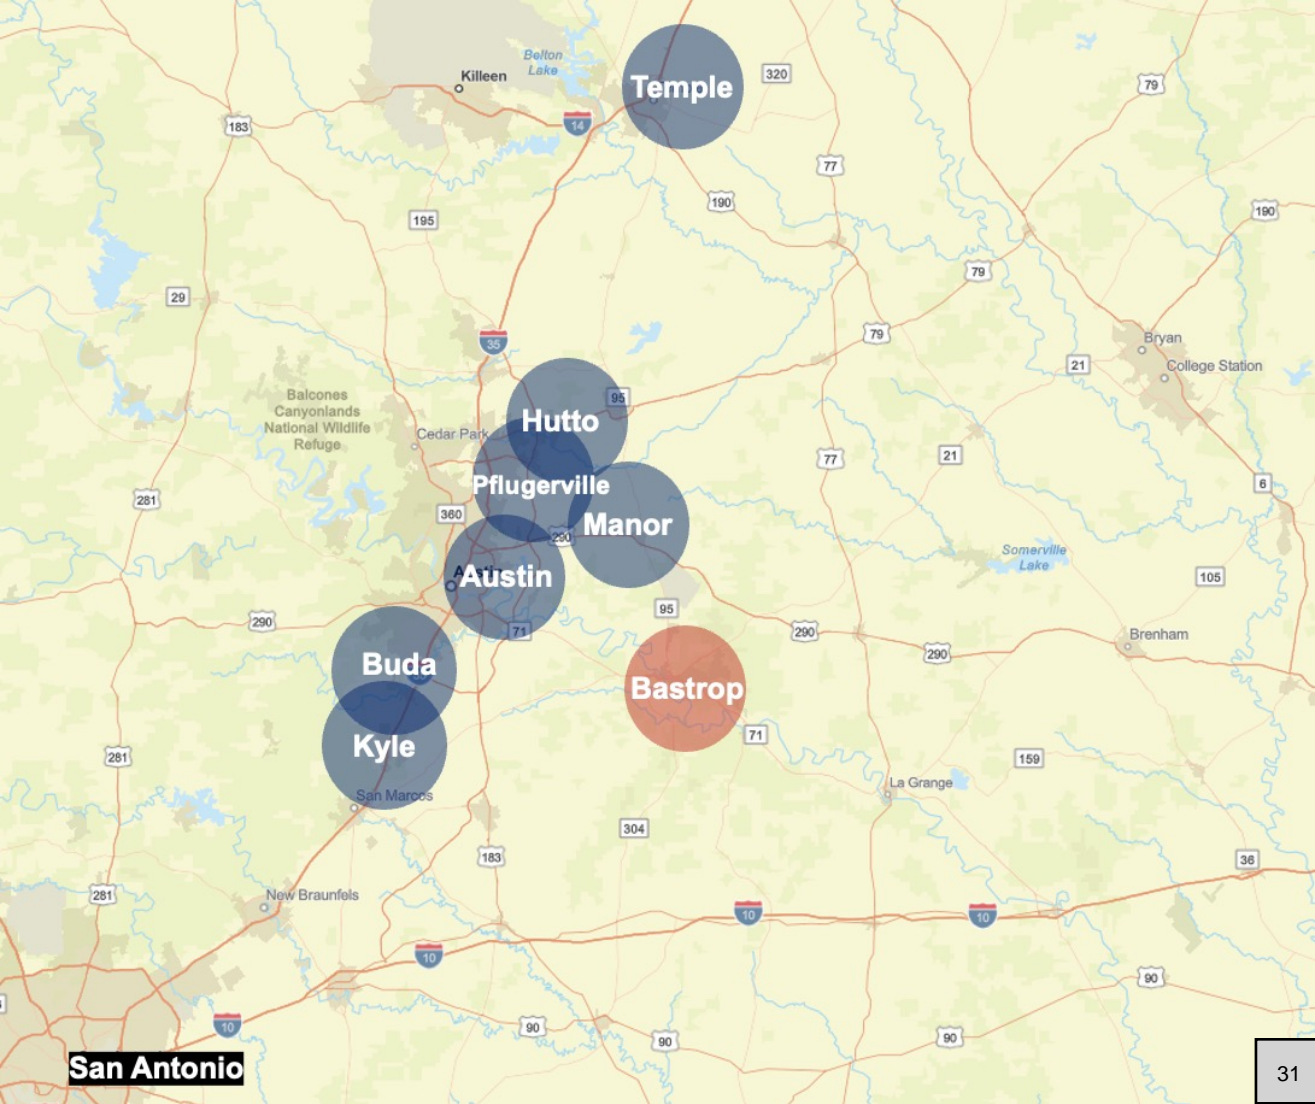

Development Pipeline

Natural growth across the region coupled with favorable weather conditions for tournament operators have led to a statewide boom in sports tourism. The success of sports tourism throughout the pandemic spurred the interest in sports facility development across the country. This trend has continued across the State of Texas.

As Austin-Round Rock-San Marcos MSA continues to experience a surge in both sports participation and sports tourism, many cities are exploring opportunities to capitalize on new facility development.

Among the cities considering the construction of youth sports complexes are Kyle, Manor, Hutto, Temple, Pflugerville, and Buda. Additionally, the City of Round Rock has established itself as a major youth sports hub in state and is planning a major expansion of their outdoor facilities at Old Settlers Park.

With numerous municipalities in the region exploring potential youth sports projects, Hunden recommends a flexible and phased approach to a sports facility within the City of Bastrop.

Market Analysis Key Findings

Sports

Outdoor

Baseball/Softball: Opportunity exists for additional turf diamonds outside of Round Rock. There is a lack of facilities with eight or more turf diamonds in one location for regional tournaments.

Soccer: There is a shortage of suitable fields for competitive tournaments and league games. There is an urgent need for additional higher-quality, turf soccer fields for tournament operators to host additional and expanded events.

Indoor

Basketball/Volleyball: Demand for indoor space continues to increase throughout Texas. Round Rock is a smaller facility that is less desirable for events. The greater Austin area is lacking in indoor facilities.

Cheer and Dance: The greater Austin area is hosting small-scale competitions, but participation is increasing, and the market lacks a major competitive venues for larger, competitive events.

Sports Tourism Supporting Elements & Catalysts

Hotel: Hotel supply is increasing, but the market is experiencing additional demand from corporate activity. Additional hotels will be needed to capture demand generated by a regional sports complex.

Retail & Restaurant: The local retail/restaurant scene is clustered along Highway 71 East, as well as downtown along Main Street. The project could benefit from additional restaurants, accommodating larger groups.

Entertainment: Additional entertainment near the Project site will be needed to maximize economic impact and encourage visitor spending with the city from demand generated by the Project.

KEY TAKEAWAY

There is a clear and growing demand for additional sports surfaces in the Central Texas market. With several proposed competitive developments in the region, Hunden recommends a multipurpose facility capable of catering to a variety of sports.

SWOT Analysis

The following SWOT analysis details the strength, weaknesses, opportunities, and threats related to the proposed youth sports facility in Bastrop, Texas.

STRENGTHS

- Increasing regional event demand & current lack of quality regional sports facility supply
- Central location and accessibility within regional drive-in market
- MSA population growth and natural growth east of Austin

OPPORTUNITIES

- Local/regional partnerships with tournament operators and youth sports organizations
- Demand driver for weekend room nights / diversification of hotel tax generation
- Increased quality of life for residents and additional entertainment for families

WEAKNESSES

- Current hotel supply; increasing room supply, offset by increasing market demand
- Accessibility for weekday utilization by local organizations
- Current lack of commercial development on surrounding site

THREATS

- High volume of potential regionally competitive projects in Central Texas
- Site constraints & topography
- Potential for lost economic impact within neighboring municipalities
- Misalignment with private partners

Recommendations & Site Plan

Recommendations: Bastrop Youth Sports Facility

Based on the analysis of the youth sports market supply in Bastrop and the regional competitive market and interviews with market experts, tournament organizers, and other stakeholders, Hunden recommends the development of an outdoor and indoor complex encompassing **two phases**.

	1 Phase I	2 Phase II	Total Build-Out
Multipurpose Fields	8 Turf Multipurpose Fields	--	8 Fields
Baseball/Softball Diamonds	9 Turf Full-Sized Diamonds	--	9 Diamonds
Indoor Hardwood Courts	--	8 Hardwood Basketball Courts (16 Volleyball Courts)	8 Indoor Basketball Courts (16 Volleyball Courts)
Amenities	Portable/Flexible Fencing	--	--

Site Recommendations & Project Test Fit

Economic, Demographic & Tourism Analysis

Economic, Demographic & Tourism Summary

Local market area characteristics, such as population, demographics, a diversified economy, access, and attractions, influence the potential demand for tourism developments and the overall attractiveness of an area to visitors or groups. For sports tourism specifically, it is crucial to examine how accessible the market is through air travel and drive time. The easier these modes of transport are for families, the better the opportunity that Bastrop will have to attract sports tournaments.

Robust Drive-In Market

The population that can reach Bastrop within a three-hour drive approaches nearly 15 million people. The three-hour drive includes Austin, San Antonio, and Houston as well as smaller markets such as Waco, Killeen, and Bryan, which presents a significant opportunity to have teams from these regions drive to Bastrop for tournaments.

Employment Opportunities

Bastrop's proximity to Austin, coupled with a projected population increase, makes Bastrop ideal for companies to expand or relocate within the greater Austin market. Elon Musk selected Bastrop as the new headquarters for X, joining his other ventures, SpaceX and The Boring Company. Significant investment has also occurred in nearby Taylor, TX, where Samsung committed \$17 billion for a new facility.

Population Growth

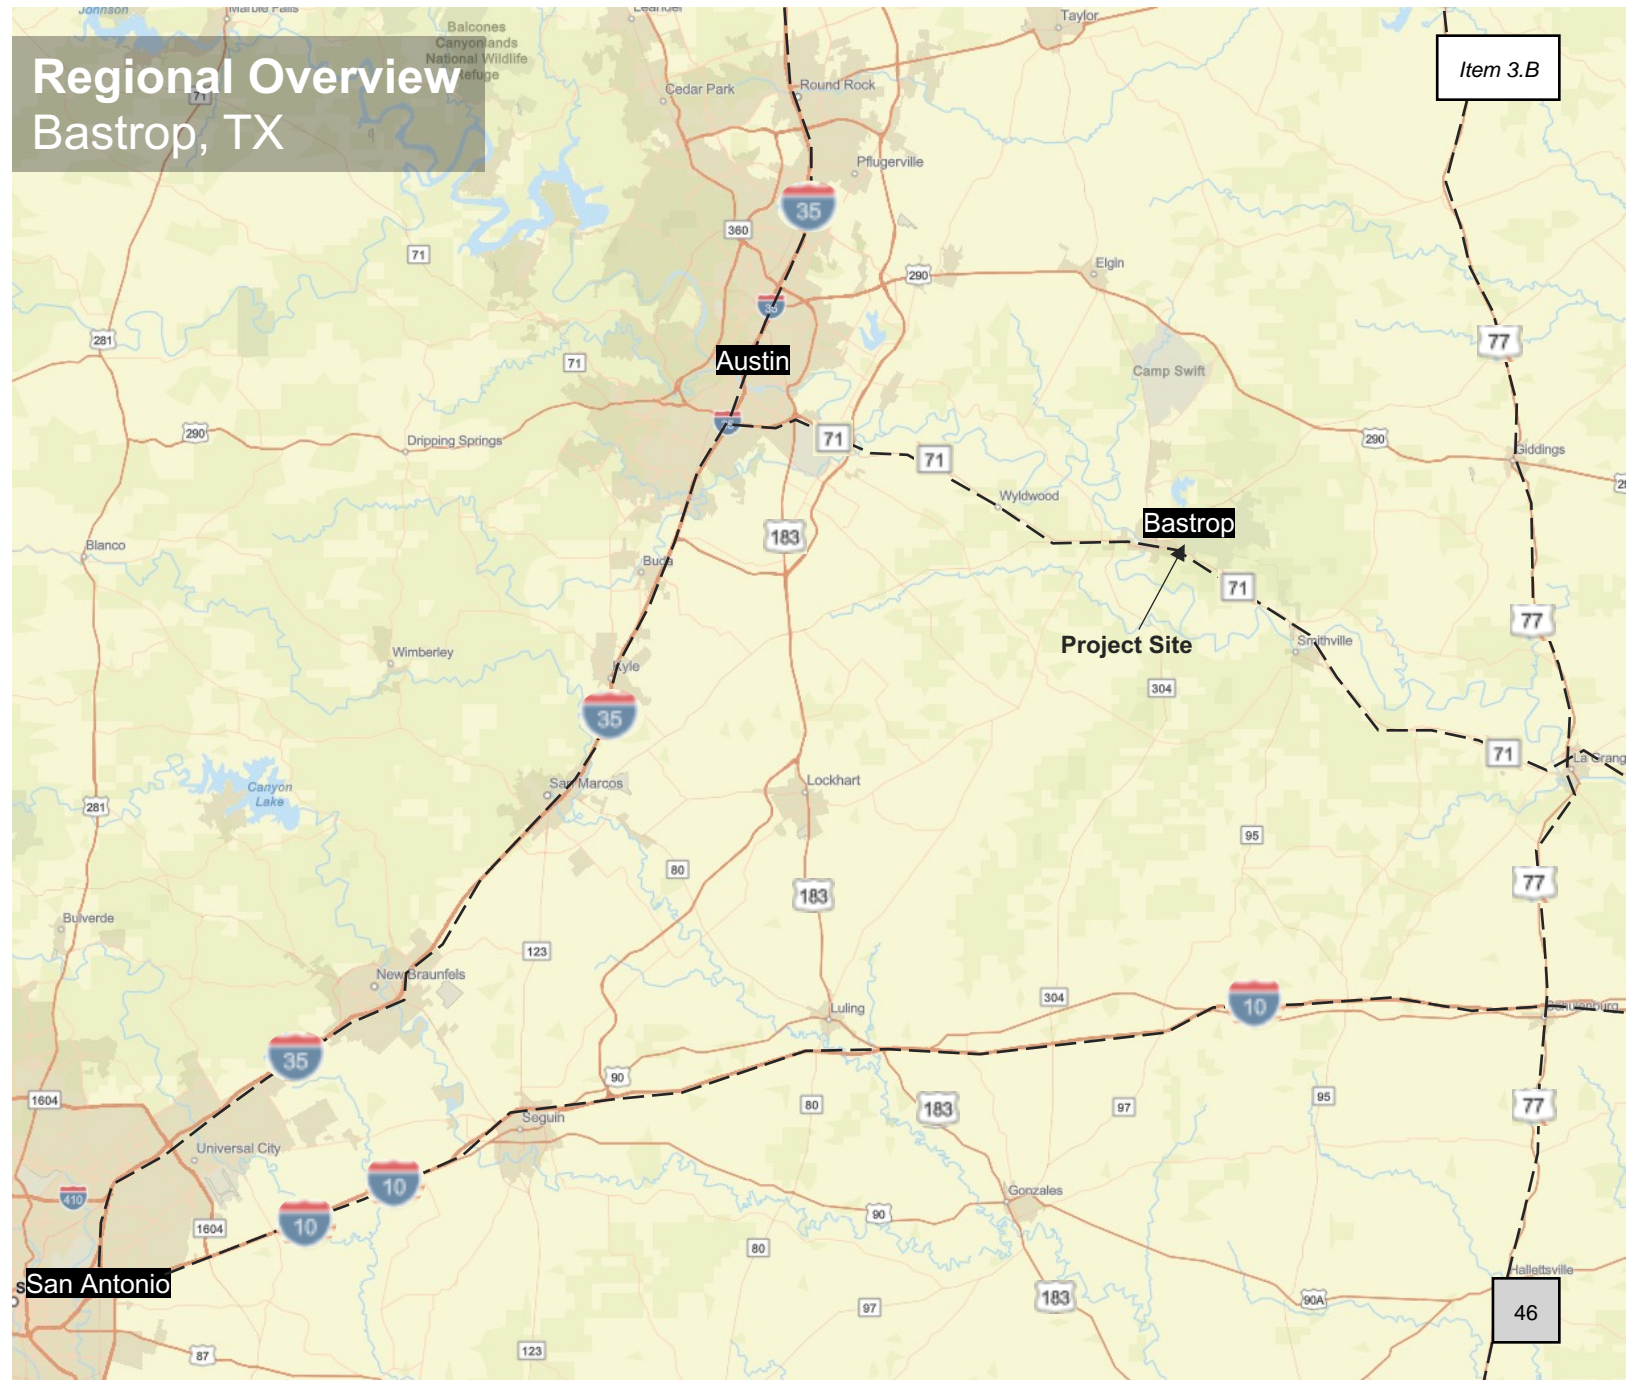

Bastrop has experienced an immense population increase that totals 61.6 percent from 2010 to 2024. This indicates robust migration to the city and an increasing economy. Future population growth is projected, which supports the need for additional local assets, such as sports facilities, commercial development, and hotels.

Regional Overview

Bastrop – Aerial Map

Bastrop is located 30 miles southeast of Austin and is a part of the Greater Austin metropolitan area. Bastrop resides in Bastrop County, which borders Travis County, the fifth most populous county in Texas. Bastrop's location makes it a great destination for regional sports tourism due to its proximity to major markets such as Austin, San Antonio, and Houston.

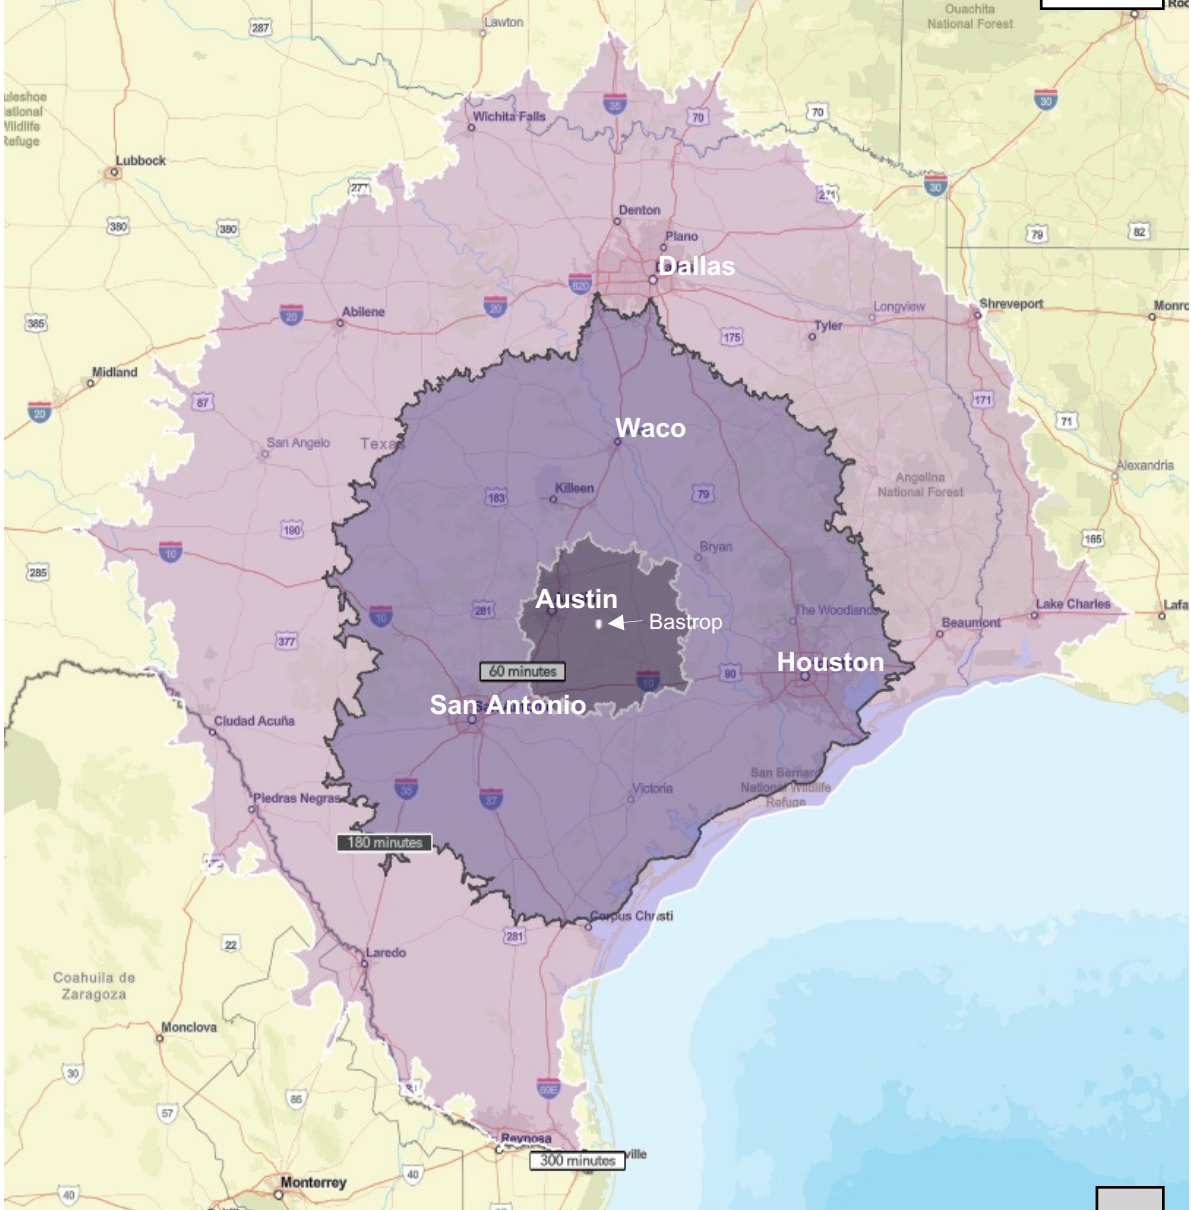

- Major highways that serve the city include State Hwy 21 and 71. State Hwy 71 spans west into south Austin past Austin-Bergstrom International Airport (AUS) and east outside of Houston, connecting with Interstate 10. State Hwy 21 connects west in the corridor of Austin and San Antonio to Interstate 35 and runs east to College Station.
- The AUS is located 24 miles west of downtown Bastrop. The airport offers hundreds of daily flights around the country and internationally.

Regional Drive Times

Within three hours of Bastrop are more than 14.9 million people, which captures large metropolitan areas such as Austin, Houston, and San Antonio. This number jumps to 32.5 million people within a five-hour drive time largely due to the inclusion of the Dallas-Fort Worth metropolitan area, and its further surrounding cities and towns.

These increasingly populated drive-time regions provide a great opportunity for tournaments to reach a sizable demographic of drive-in visitors for sports tourism, allowing Bastrop to pose itself as an attractive market for regional tournaments.

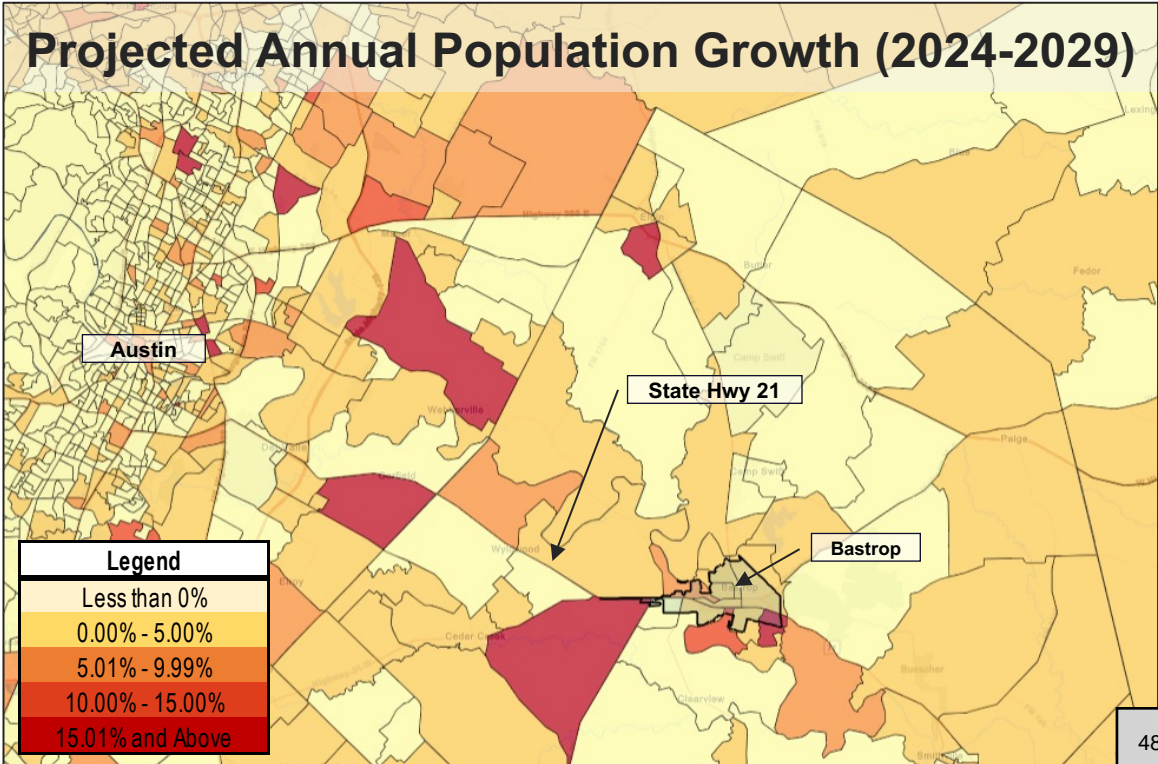

Estimated Drive-Time Statistics from Bastrop City (2024)			
	1-Hour	3-Hour	5-Hour
Population	7,541,975	14,903,279	32,531,945
Households	2,769,747	5,556,250	12,081,633

Average Entertainment/Recreation Spending	\$4,771	\$4,093	\$3,998

Source: ESRI

Market Area & Growth Trends

The maps below illustrate the projected annual population increase rates from 2024 to 2029 and the 2024 median household income by block groups throughout the greater Bastrop area. The city shows a concentration of households with a median income of less than \$75,000 north of State Hwy 21 West, while south of State Hwy 21 income varies from under \$50,000 to above \$125,000. Population increase is robust in South Bastrop, with many areas experiencing increases above ten percent, while most areas surrounding downtown Bastrop show increases of greater than five percent.

Key Demographic Statistics

Bastrop’s population increased 61.6 percent from 2010 to 2024 and is projected to continue to increase through 2029. Bastrop County’s population also significantly increased since 2010, approaching nearly 50 percent, and is projected to increase another 13 percent by 2029.

Homeownership rate and median household income are lower in Bastrop than in the rest of the county and state. Despite this, the median value of owner-occupied housing units is higher than Bastrop County and Texas as a whole. The percentage of people below the poverty level is lower when compared to the county and state.

New Companies in Bastrop

Bastrop's proximity to Austin positions the city for remarkable expansion, attracting companies from diverse industries. Key employers like The Boring Company, SpaceX, and soon X have boosted both employment and population in the greater area. Additionally, Neuralink is investing in a \$15-million facility in East Austin.

Samsung's development is also underway with a \$17-billion manufacturing plant in Taylor, Texas, just 35 miles from Bastrop, creating approximately 8,900 direct and 9,300 indirect construction jobs in 2023, with plans to add 2,000 high-tech positions during the next decade.

These developments are expected to attract young and experienced professionals, spurring further increases in Bastrop. With strong market expansion already underway, demand for new facilities will only continue to rise.

Education & Higher Education

In Bastrop, 38 percent of residents have obtained a degree from a higher education institution. This is 6.9 percent lower than the national average, where 44.9 percent of Americans have attained a higher education degree.

Bastrop has nine universities in a 50-mile radius. The most notable of these is The University of Texas at Austin with more than 52,000 students as well as Texas State University with approximately 38,000 students.

Austin-Bergstrom International Airport (AUS)

The Austin-Bergstrom International Airport (AUS) is an international airport in Austin, Texas, that serves the Greater Austin metropolitan area. The airport is located 5 miles southeast of downtown Austin.

Nineteen airlines fly out of AUS. Of these, Southwest Airlines is presently the largest, serving approximately 40 percent of all passengers. The top international destinations are Cancun and London, and the route with the most departures is to Dallas Fort Worth International Airport (DFW), with 86 flights per week for a total of six percent of weekly departures.

Tapestry Segmentations

Hunden performed a tapestry segmentation analysis which classifies neighborhoods using 67 unique segments based not only on demographics but also socioeconomic characteristics. The top five segments represented in Bastrop include Bright Young Professionals, Green Acres, Southern Satellites, Front Porches, and Midlife Constants. Bright Young Professionals constitute nearly 43 percent of Bastrop's entire population, which shows the density of educated young professionals and reflects the employment by industry in the city.

The **top three segment groups** are profiled in the following slide.

Bastrop City ESRI Tapestry Segmentation				
Rank	Segment	Median Household		
		Median Age	Income	Percentage
1	Bright Young Professionals (8C)	33.0	\$54,000	42.6%
2	Green Acres (6A)	43.9	\$76,800	16.3%
3	Southern Satellites (10A)	40.3	\$47,800	15.8%
4	Front Porches (8E)	34.9	\$43,700	14.5%
5	Midlife Constants (5E)	47.0	\$53,200	10.8%
Average / Total		39.8	\$55,100	20.0%

Source: ESRI

Tapestry Segmentation – Top Three Segments

Item 3.B

Bright Young Professionals

The Bright Young Professionals' neighborhoods are found in urban outskirts of large metropolitan areas. These communities are home to young, educated, working professionals and more than two-fifths of the households live in single-family homes. Overall, the labor force participation is high, generally white-collar work, with a mix of food service and part-time jobs.

Percent of Bastrop: 42.6%
Median Household Income: \$54,000
Median Age: 33.0

Green Acres

The Green Acres lifestyle is made up of country living and self-reliance. This demographic is full of do-it-yourselfers as they maintain and remodel their homes, curate gardens for fruits and vegetables, and tend to their lawns and flowers. This segment is concentrated in rural enclaves in metropolitan areas of primarily older homes with acreage and married couples.

Percent of Bastrop: 16.3%
Median Household Income: \$76,800
Median Age: 43.9

Southern Satellites

The Southern Satellites segment group is the second largest market found in rural settlements but within metropolitan areas located primarily in the South. Typically, this market comprises slightly older, settled married-couple families, who own their homes, two-thirds of which are single-family structures. Workers are employed in manufacturing, mining, and agriculture.

Percent of Bastrop: 15.8%
Median Household Income: \$47,800
Median Age: 40.3

Implications

Attractive Sports Tournament Market: Despite limited local facilities, Bastrop's convenient location within a three-hour drive of more than 14.9 million people makes the city an appealing destination for sports tournaments. Bastrop can serve as a regional tournament facility for teams from Austin, Houston, and San Antonio due to its proximity to all three markets.

Robust Population Growth: Bastrop's population is projected to increase by 14.1 percent from 2024 to 2029, representing a growth of 84.3 percent since 2010. Bastrop County has seen similar growth with a 13.2 percent projected increase from 2024 to 2029, a total projected increase of 68.1 percent from 2010 to 2029.

Employment Opportunities: With companies such as Space X, The Boring Company, and soon X establishing themselves in the Bastrop market, significant employment opportunities arise. This, in addition to construction of the new Samsung plant in Taylor, Texas, will attract young professionals and established professionals who want to bring or start families in the market. Given this, the demand and need for community- and family-focused assets will only increase.

03

Local & Regional Sports Facilities Analysis

Local Market Overview

Local Sports Facility Analysis

Bastrop has limited offerings of indoor and outdoor sports facilities. Bastrop’s two largest public parks, Fisherman’s Park and Bob Bryant Park, have limited outdoor fields for youth athletics programs and club teams within Bastrop. The city’s increasing population has proven that the number of fields at these parks is far below the necessary number to support youths’ participation in league programs and Bastrop’s numerous club teams for soccer, football, baseball, and softball.

Within 25 miles of Bastrop, many of the athletic facilities are managed by various cities’ parks and recreation departments including Smithville Recreation Center, East Metropolitan Park, and Martin Luther King Community Park.

The local market is currently underserved in indoor and outdoor multipurpose fields and courts. Aside from those located within local schools, no additional court facilities exist in the immediate Bastrop area.

Local Sports Facility Map

Sports facilities in the Bastrop area market are limited and spread out. Due to a lack of large indoor or outdoor facilities in Bastrop, major tournaments that could boost sports tourism are currently absent. The following sections provide an analysis of the area's most relevant facilities.

Bastrop Local Facility Supply

Item 3.B

LEGEND

- Outdoor Park/Facility
- Indoor Facility

Relevant Local Facility Supply

Bob Bryant Park

47,200 2023 Visits/9.3% 100+ Miles

Bob Bryant Park is one of Bastrop’s largest community parks at nearly 23 acres. The facility was dedicated in 2004 in partnership with TreeFolks.

Amenities: Pavilion, Fishing Pier, Picnic Tables, Sand Volleyball Court, Tennis Court, Multipurpose Field, Playground, Basketball Court, and Disc Golf Course

Fisherman’s Park

53,600 2023 Visits/5.9% 100+ Miles

Fisherman’s Park is a 20-acre park and is part of the LCRA Colorado River Trail and Texas Parks & Wildlife Department. The park is a starting point for the El Camino Real Paddling Trail and Hune Hill Pape Riverwalk Trail that connects to Ferry Park.

Amenities: Pavilion, Playground, Boat Ramp, Fishing Pier, Picnic Tables, Sand Volleyball, Basketball Court, Tennis Court, Multipurpose Field, Wheeled Sports Plaza, and Splash Pad

Lost Pines Pickleball

N/A 2023 Visits/N/A 100+ Miles

Lost Pines Pickleball is a location to play pickleball both inside and out. The facility consists of 13 total concrete courts, four outdoors and nine indoors. Reservations are available and a one-time fee is required to play.

Amenities: Food, Restrooms, Pro Shop/Equipment Store, and Trainers/Lessons

Interviews & Feedback

Bastrop Parks and Recreation/Bastrop Chamber of Commerce

Hunden interviewed local stakeholders in the Bastrop community to better understand the supply and demand for youth sports facilities within the market. The following key implications were drawn:

- Existing facilities are often repurposed for multiple activities (e.g., flag football using baseball outfields), primarily due to a lack of dedicated and lighted fields. Local youth soccer fields are owned by the school district and are poorly maintained, primarily consisting of dirt fields.
- **Existing parks with multipurpose fields have been heavily used in recent years, indicating strong community demand for recreational space.** A high demand exists for both indoor and outdoor facilities, with no indoor volleyball courts and limited gymnasium access.
- **Many residents travel to nearby cities like Eldon, Smithville, and Austin to access better-equipped indoor recreation centers and sports facilities.** Families with financial means can send children to Austin for sports like volleyball, while others without such resources lack access to adequate local facilities.
- Indoor facilities are especially needed, as local gyms (many without air conditioning) are insufficient for community demand. The YMCA closure in 2020 left a gap, and the current recreation center (converted from an old library) is small and primarily used by older adults. There is a misconception about the center's size and offerings, leading to unfulfilled expectations in the community.
- An influx of restaurants and hotels is occurring in the area, with two new branded hotels scheduled to open in 2025. However, the current hotels are often at full capacity, suggesting a demand for more lodging options to support events and tourism.
- The local economy is benefiting from Elon Musk's presence, with several of his companies moving into the area, contributing to a growing population of young professionals and upper-management families—many of whom are raising children or living as empty nesters.

Regional Market Overview

Regional Supply of Youth Sports Facilities

Hunden analyzed the regional competitive set of sports facilities to understand the region’s programming and supply. Their associated court configurations and 2023 visitation data are summarized below.

Relevant Outdoor Sports Facility Supply

Round Rock, Texas

Location: Round Rock, Texas

Owner: City of Round Rock

Operator: City of Round Rock, SFM

The City of Round Rock has two premier sports complexes which are outlined below. Each of the facilities is within a ten-minute drive of one another:

- **Round Rock Sports Center:** 6 basketball/12 volleyball
- **Round Rock Multipurpose Complex & Old Settlers Park:** 10 soccer, 5 artificial (1 championship), 5 grass (1 championship), 25 diamonds (20 baseball, 5 softball)

Funding: In 2008, the City of Round Rock funded an \$18.2-million renovation and expansion of Old Settlers Park, which sparked the city's campaign as the "Sports Capital of Texas."

In 2012, the City of Round Rock issued \$7.8 million in bonds for the Round Rock Sports Center, which cost a total of \$14.5 million. The bonds are paid back using a two-percent increase to the city's Hotel Occupancy Tax, and the remaining cost of the facility was covered by the City's general fund.

In 2017, Old Settlers Park underwent a 6-acre, \$27-million expansion project that added the Round Rock Multipurpose Complex.

Weekly Visitation 2023

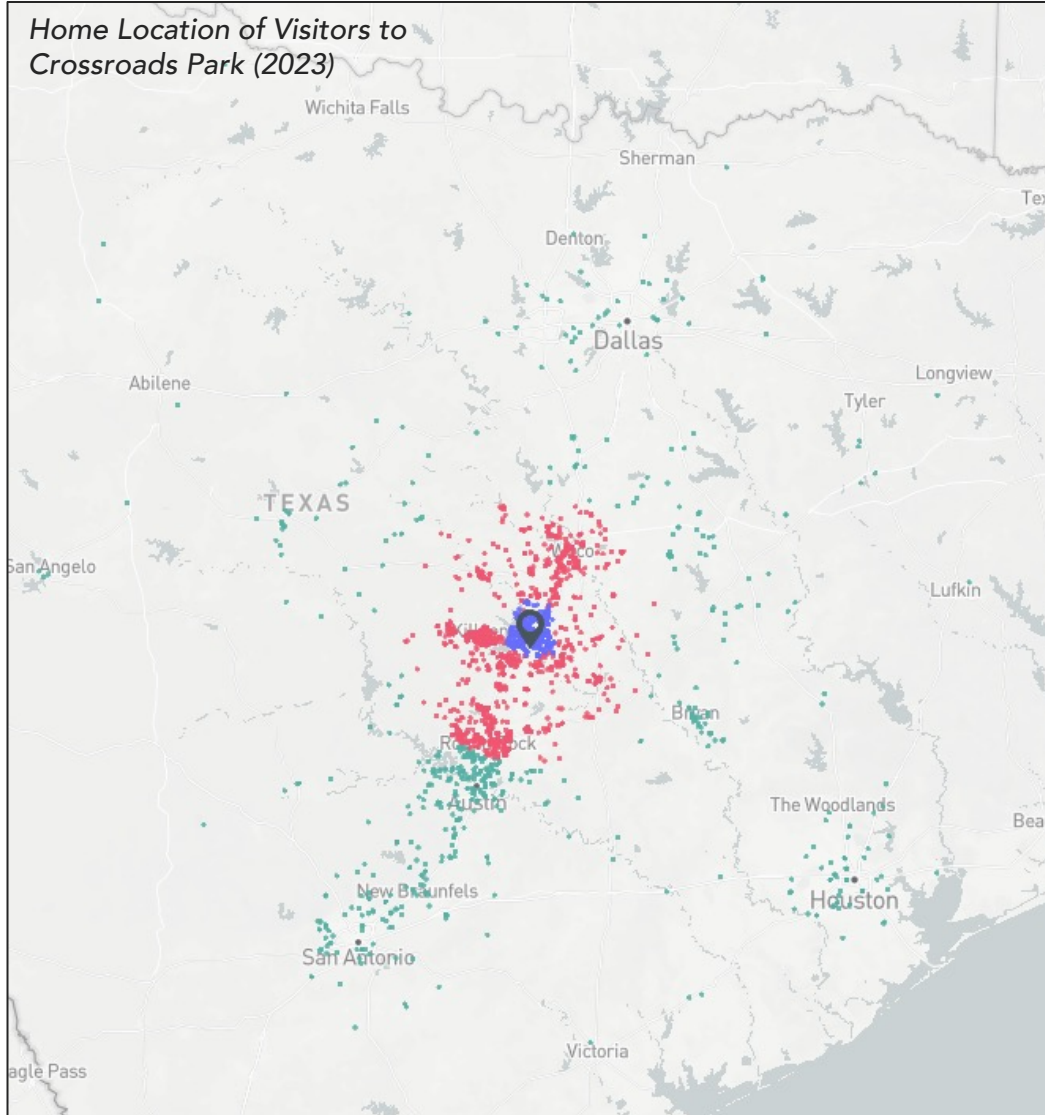

Day of the Week Visitation 2023

Implications

Local Market: There is a **shortage of indoor multi-court facilities, as well as an insufficient supply of sports fields in the local area.** Local clubs and teams have to travel and utilize facilities in Austin and Dallas for practices and games.

Regional Market: Although the supply of sports complexes in the Texas market continues to increase, **a gap exists of non-club owned and managed indoor facilities within the broader Austin area.** Round Rock Sports Center and Legends are two major facilities in the region that attract tourism and visitors from all around the county. These facilities are less than 90 minutes from Bastrop.

With development of the Project, Bastrop will have the adequate supply in a favorable regional location to capture regional sporting event demand currently held elsewhere in Texas, assist in growing the size of events currently held in the greater Austin area, and have an opportunity to create net new sporting events in the region.

04

Industry Trends & Tournament Opportunity Analysis

National Trends

National Trends: Texas Youth Sports Success

In 2023, SportsETA, the leading trade association for the sports tourism industry, ranked Texas second leading state in the country for economic impact generated by sports tourism.

Some states generate a larger share of impact given size, seasonality, location, and infrastructure. Sports tourism marketing funds and initiatives such as bid fees and local grants also influence state performance.

Texas and Florida both benefit from state-level funding and grants to help destination marketing organizations attract and/or operate sporting events.

Data provided by sports tourism industry stakeholders and economic data were used in the ranking process.

1. Florida
2. Texas
3. California
4. Pennsylvania
5. Illinois
6. Ohio
7. New York
8. Tennessee
9. Georgia
10. Virginia

National Trends: Regional Spending & Events

EVENTS AND SPENDING BY REGION

In addition to studying overall increases in activity, research from the Sports Events & Tourism Association (Sports ETA) breaks down youth and amateur sports tourism spending by region to demonstrate where activity has occurred.

The chart on the left shows the distribution of events across five regions of the United States. The chart on the right demonstrates the percent of events and direct spending occurring in each region of the United States.

EVENTS BY REGION

- Southeast
- Midwest
- Northeast
- Northwest
- Southwest

% of Events vs. % of Direct Spending

Sports Tourism Industry Spending

In 2023, Sports ETA reported that \$52.2 billion were spent within the sports tourism industry across the United States.

The adjacent table shows a breakdown of the \$52.2 billion that Americans spent in 2023. The majority of spending within sports tourism occurred in transportation spending and lodging spending.

This data shows the importance of having proximate lodging, retail/restaurant, and entertainment options to increase spending and impacts in a region or municipality.

Spending Breakdown of Sports-Related Travel (2023)

Spending Type	Spending Total (billions)	Percent of Total
Transportation	\$13.50	26%
Lodging & Accommodations	\$10.90	21%
Food, Beverage, and Dining	\$9.70	19%
Recreation/Entertainment	\$6.90	13%
Retail	\$6.50	12%
Tournament Operations	\$4.70	9%
Total Spending	\$52.20	100%

Source: Sports ETA

Interviews & Feedback

Youth Basketball Association (YBOA)

Hunden interviewed YBOA to better understand the supply and demand for indoor courts and overall competitiveness within the central Texas market. The following key implications were drawn:

- The Ark Sports Center, owned by the interviewee, is utilized daily for practices, local rentals, and tournaments. Despite having two NBA-sized courts, **he regularly has to turn teams away due to the high demand**. The Ark Sports Center currently has two courts but plans to expand to four or ideally six courts. He feels that four courts would comfortably fit his needs, **while six courts would offer more flexibility and ease**. The facility is used not just for his own events but also by other teams and local programs for practices and rentals, indicating the facility's central role in the local basketball community.
- Texas, especially the Metroplex (Dallas-Fort Worth area), exhibits a booming demand for basketball facilities, but Dallas is well-supplied. **Houston, Austin, and San Antonio, however, are still underserved and present growth opportunities**. Houston faces high demand for court space, and Austin has a mix of small to mid-sized facilities like the Central Texas Fieldhouse (four courts) and the South Austin Sports Center. Leander, Texas, also has the PAC facility with three courts. **The region overall lacks large, dedicated sports centers that could cater to the rising number of basketball teams**.
- Participants and teams are willing to travel long distances for well-structured events, which is important in making an event successful. For instance, people from Houston may travel up to ten hours for well-organized tournaments.
- **A gap exists in the market for more larger-scale facilities outside of Dallas, particularly in Houston and Austin.**
- The Ark owner is considering an expansion of his operations into other markets beyond Texas as demand for quality sports facilities and tournaments continues to increase.

Interviews & Feedback

Independent Event Planner/USA Volleyball (USAV)

Hunden interviewed an independent event planner in the Texas market for USAV to better understand the supply and demand for indoor courts and overall competitiveness within the central Texas market. The following key implications were drawn:

- The interviewee coordinates 68 events per year, with tournaments held across various locations in Texas, including Dallas, Austin, Longview, Wichita Falls, Waco, and College Station. He works with a partner who **aims for facilities with a benchmark of 12 courts**, although College Station is one of the few locations that exceeds this with 16 courts.
- **Many clubs in Texas own their own facilities, typically in the four- to eight-court range, but standalone, non-club-managed facilities are rare.**
- There are fewer than five facilities in Texas with 12 or more courts, and Round Rock's facility is one of the few examples. However, **larger facilities with more than 12 courts are not necessarily feasible unless there is consistent programming to fill them**, particularly in less densely populated areas.
- **A notable gap exists in the Texas market for stand-alone facilities that sports clubs don't own or operate.** The event planner emphasized **Bastrop as a potential market for such a facility, which could serve Houston and College Station clubs, but the location must be strategically placed to draw traffic.**
- Event timing is crucial to success. For example, a tournament in Round Rock didn't perform well because it coincided with the first weekend of spring break, showing that timing conflicts can hurt participation.
- Marketing is often the determining factor in whether an event succeeds or not. It's important to identify the right location and the target audience to ensure a good turnout. For example, he notes that College Station has a strong local following once teams are there, but they often struggle to attract teams from other areas due to location conflicts (e.g., Austin teams are hesitant to travel to College Station and vice versa).

Interviews & Feedback (Continued)

Independent Event Planner/USA Volleyball (USAV)

- **For volleyball, eight courts is a solid size for a facility**, and six courts is an ideal size for smaller or more modest events. The event planner stresses that a facility larger than eight courts (e.g., 12—6 courts) may be excessive unless there is strong, consistent demand and programming to fill them. **Larger facilities are harder to justify in mid-sized cities or towns, as filling 12 courts Monday–Friday would be challenging without sufficient regional participation.**
- Volleyball, particularly for women, is increasing rapidly in popularity in Texas and has become a premier sport for female athletes in the state. The trend is expected to continue. **This increase in demand creates a need for more quality facilities that can host large-scale tournaments.**
- Bastrop presents an interesting location for a larger volleyball facility, given the city’s central location between Austin and Houston and the accessibility for clubs in College Station. However, the event planner notes that **even with good accessibility, this doesn’t guarantee success unless there is sufficient draw from neighboring clubs and an effective marketing strategy.**
- There is friction between clubs in Austin and College Station, with each city’s clubs not wanting to travel to the other. This dynamic presents both a challenge and an opportunity for a new facility located between them (like in Bastrop), which could serve both markets.
- In terms of competition, the concern isn’t so much a lack of demand but the competition for market share. With clubs owning their own facilities and existing multi-court venues in cities like Round Rock and College Station, it’s critical to carve out a niche with a well-positioned, high-quality facility.
- Several examples of facilities in Rocky Mountain, North Carolina, and Dubuque, Iowa were mentioned as aspirational facilities, which have achieved success despite operating in smaller communities. For these types of facilities, **their success hinged on having the right size and quality of facility, good local demand, and appropriate rental structures.**

Interviews & Feedback

TX Baseball Tournament Operator – Bullpen Ventures

Hunden interviewed a baseball tournament operator in the Texas market to better understand the supply and demand for fields and overall competitiveness within the Texas market. The following key implications were drawn:

- A minimum of six fields is essential, **with 8–12 fields as the optimal range for attracting out-of-state teams**. Fields must be suitable for both local and regional tournaments.
- Texas facilities with 8–12 fields are highly desirable for hosting competitive baseball and softball events.
- The weather in Texas allows year-round programming. Many facilities are booked for local leagues and tournaments nearly every day. **Tournaments typically run Thursdays through Sundays, with a peak of 24–32 teams using 3–4 fields.**
- While many fields are turf, concerns about heat-related issues (like rubber infill) have led to interest in alternatives such as brockFILL (wood pellets). Proper turf management can improve the long-term playability and revenue potential of a facility. **At a minimum, infields should be turfed to improve durability and reduce costs.**
- A facility of 8–12 fields can handle significant demand for both baseball and softball tournaments. Facilities with six baseball and six multipurpose fields can also cater to other sports like soccer, lacrosse, and football simultaneously, enhancing their versatility and revenue potential.
- Successful facilities require proper management. **City or County entities should not attempt to manage complex tournament operations without expertise.** Investing in skilled operators is crucial to ensure a facility’s successful operation. Furthermore, operators should focus on attracting a balanced mix of local and out-of-state teams to maximize usage.
- The availability of nearby hotels, restaurants, and entertainment options is crucial for supporting out-of-town teams. Markets that lack adequate hotel accommodations can drive up prices, which may lead to dissatisfaction among families and coaches.

Interviews & Feedback

USSSA Baseball/Softball

Hunden interviewed USSSA baseball to better understand the supply and demand for fields and overall competitiveness within the Texas market. The following key implications were drawn:

- **A minimum of eight turf diamonds is needed**, with the possibility of having convertible fields that feature movable fences to accommodate different age groups and event types.
- While Round Rock, Texas, has a good facility, its current usage is high, and **there is limited availability for new user groups. San Antonio faces a shortage of sports facilities, which creates an opportunity to meet the growing demand for events in the region.** Bastrop has a more accessible location than Round Rock for many teams and event organizers.
- The need for more turf diamonds suggests a significant increase in demand for baseball and softball facilities, especially for high-quality, tournament-level events. Expanding the number of available fields could help alleviate overcrowding at current venues like Round Rock.
- The lack of supply in San Antonio presents a clear opportunity to fill a gap in the market. Expanding sports infrastructure in the region could help meet the growing demand for youth and adult amateur baseball/softball tournaments, potentially bringing in more visitors and boosting local tourism.
- Building new sports complexes in areas like Bastrop or San Antonio could have significant economic benefits, including increased tourism, job creation, and community development. More events would mean more visitors, who would spend on lodging, dining, and local services.

Interviews & Feedback

Lonestar Soccer Club

Hunden interviewed Lonestar Soccer Club to better understand the supply and demand for fields in the Austin market and overall competitiveness within the state. The following key implications were drawn:

- **The need for additional and higher-quality soccer and sports facilities in Central Texas was emphasized.** There is a shortage of suitable fields for competitive tournaments and league games. While current fields often suffer from poor maintenance and weather-related closures, the demand for more well-maintained, artificial turf fields is high.
- Lonestar, the largest soccer club in the Austin area, currently hosts multiple tournaments each year, but **struggles with the logistical challenge of spreading events across multiple facilities.** With tournaments such as the Austin Labor Day Cup drawing hundreds of teams and requiring multiple locations, **there is a clear demand for a consolidated, high-quality complex.** It was noted that a 26-field facility, similar to what Round Rock is planning, would greatly benefit the club, providing both tournament space and a centralized location for their programming
- While the need for additional fields is apparent, the challenge lies in balancing weekday usage (primarily for training) and weekend demand, especially for tournaments. **Driving demand for weekday events in more distant locations, like Bastrop, would be difficult, but with the right facility, local clubs like Lonestar could help develop and grow the area.** It was also pointed out that although people generally prefer closer facilities for practice, they are willing to travel for larger, more competitive events.
- There is a clear and growing demand for quality, artificial turf fields in Central Texas, particularly for competitive soccer tournaments
- Proximity to hotels, restaurants, and other amenities will be key to driving tournament attendance and ensuring a successful "Stay-to-Play" model.

Interviews & Feedback (Continued)

Lonestar Soccer Club

Item 3.B

- Investing in a larger, high-quality facility will position the region for long-term success, with Lonestar potentially expanding its operations and player base in surrounding areas. However, **any such development would require a ramp-up period, particularly for weekday usage, and must be carefully planned to meet both short-term and long-term needs.**
- The need for a competitive, large-scale facility is amplified by the fact that top-level teams often have to travel out of the region to places like Bradenton, Florida, or Dallas due to the lack of sufficient, high-quality fields in Central Texas. A well-executed complex in the Austin area could attract a share of this market and reduce out-of-region travel, benefiting both local sports organizations and the broader economy.

Interviews & Feedback

USA Pickleball

Conversations with representatives from USA Pickleball indicated the following:

- The sports and fitness association has estimated total pickleball participation at 3.1 million in the United States.
- USAPA membership is up to roughly 30,000 (from 4,000 in 2013).
- The USAPA sanctions 120 – 130 tournaments per year.
- The USAPA National Championships have historically been held in Arizona but are moving to the Indian Wells Tennis Garden in California – it is unlikely that the national championships will move due to their new deal with Indian Wells.
- Roughly 18 – 24 pickleball courts are desired for regional events.
- The opportunity exists to capture the Southeast market for sanctioned indoor events during the winter and shoulder seasons. Required support amenities include:
 - Restrooms, check-in/bag area
 - Food & beverage options, water stations
 - Space for vendors and sponsors

Interview Summary

Hunden interviewed multiple tournament operators familiar with the Austin and Central Texas market for both indoor and outdoor sports to better understand the supply and demand and overall competitiveness within the market. The following key implications were drawn:

Indoor/Basketball

- Texas, especially the Metroplex (Dallas-Fort Worth area), has a booming demand for basketball facilities, but Dallas itself is well-supplied. Houston, Austin, and San Antonio, however, are still underserved and present growth opportunities.
- The region overall lacks large, dedicated sports centers that could cater to the rising number of basketball teams.
- Participants and teams are willing to travel long distances for well-structured events, which is important in making an event successful.
- There is a gap in the market for more larger-scale facilities outside of Dallas, particularly in Houston and Austin.
- Demand for quality sports facilities and tournaments continues to grow.

Indoor/Volleyball

- Event planners aim for facilities with a benchmark of 12 courts.
- Many clubs in Texas own their own facilities, typically in the 4-8 court range, but standalone, non-club-managed facilities are rare.
- There are fewer than 5 facilities in Texas with 12 or more courts, and Round Rock's facility is one of the few examples. However, it was noted that larger facilities with over 12 courts are not necessarily feasible unless there is consistent programming to fill them
- There is a notable gap in the Texas market for stand-alone facilities that aren't owned or operated by sports clubs.
- For volleyball, 8 courts is a solid size for a facility, with 6 courts being ideal for smaller or more modest events.
- Larger facilities are harder to justify in mid-sized cities or towns, as filling 12 courts every weekday (Monday-Friday) would be challenging without sufficient regional participation.

Outdoor/Baseball

- A minimum of six fields is essential, with 8–12 fields as the optimal range for attracting out-of-state teams.
- Tournaments typically run Thursdays through Sundays, with a peak of 24–32 teams using 3–4 fields
- Proper turf management can improve the long-term playability and revenue potential of a facility. At a minimum, infields should be turfed to improve durability and reduce costs
- Successful facilities require proper management. City or County entities should not attempt to manage complex tournament operations without expertise
- While Round Rock, Texas, has a good facility, its current usage is high, and there is limited availability for new user groups. San Antonio faces a shortage of sports facilities, which creates an opportunity to meet the growing demand for events in the region.

Outdoor/Soccer

- The need for additional and higher-quality soccer and sports facilities in Central Texas was emphasized. There is a shortage of suitable fields for competitive tournaments and league games
- There is a clear demand for a consolidated, high-quality complex
- Driving demand for weekday events in more distant locations, like Bastrop, would be difficult, but with the right facility, local clubs like Lonestar could help develop and grow the area.
- Proximity to hotels, restaurants, and other amenities will be key to driving tournament attendance and ensuring a successful "Stay-to-Play" model
- Any such development would require a ramp-up period, particularly for weekday usage, and must be carefully planned to meet both short-term and long-term needs

Operations & Governance

What Is the Industry Doing?

- **Cities are moving to independent entities (boards, authorities, Local Government Corporations, etc.) to own and sustain their major event facilities**
 - This move to an independent model occurs especially as facilities become larger and more important to the local economy
- **Cities are moving to private, contracted management, regardless of ownership**
 - A move to private management means more accountability, ability to hire/fire, and a focus on key performance indicators (KPIs), such as revenue, expense, room nights, customer service, and others
- **Focus on efficiency of structure and process**
 - As cities have worked to treat sports complexes like the competitive businesses that they are, coordination among the sales organization, facilities, and hotels is critical
- **Ensures that the governance board/structure/funding is solid**
 - Most strong structures include appointments to their boards from people who know the hospitality and event industry and can ask the right questions of management and contractors

Local/Public Management

PROS

- Long-term employees
- No management fees
- Can focus on priorities beyond profit
- Consistency

CONS

- Lack of experience results in less effective operations
- Employees do not have an incentive structure to inspire and motivate exceptional service; tough to attract aggressive, proactive employees
- Some employees just “put in their time”
- Bureaucracy and red tape can cause delays
- Political pressures
- Duplication of efforts among facilities

Contracted Private Management

PROS

- Access to talent across their network, vendor relationships, etc.
- Competition drives improvement
- Incentives can spur high performance
- Experienced staff members understand how to maximize revenue and minimize expenses
- Can separate the main organization/ City from tough decisions (personnel, payroll, etc.)

CONS

- Learning curve as new staff members join a facility
- Increased management fees, though these should be tied to improved performance metrics

05

Support Amenities Analysis

Hotel Market Analysis

Bastrop Lodging Summary

The table on the top right identifies the 50 closest hotels, all within 25 miles of the Project site. The supply totals 4,202 rooms, and the hotels' average age is 23. The properties mainly consist of Upper Midscale and Upper Upscale hotels, making up 27 and 18 percent, respectively.

The table on the bottom right outlines the 12 closest hotels to the Project site, sorted by distance. Seven of the closest hotels are part of the hotel cluster less than two miles from the Project site. These 12 hotels range from Midscale to Upper Upscale and Independent and are relatively newer in comparison to the rest of the area's hotels.

The two hotel properties under construction will add a total of 225 rooms, making them the largest hotels in the immediate vicinity of the Project site.

Item 3.B

Chainscale	Rooms	% of Total Rooms	Hotels	Rooms per Hotel	Avg Year Open / Renovated	Avg Age (Years)

93

San Marcos/Austin Surrounding Submarket

- There are 82 hotel properties comprised of 4,700 rooms in the San Marcos/Austin surrounding submarket. Most of the hotels in this submarket are smaller in comparison to other submarkets, containing 57 rooms on average.
- Occupancy in the past 12 months has been 62.8 percent, higher than the historical average, and slightly below the market average of 66.6 percent.
- The 12-month average daily rate (ADR) sits at approximately \$120 and RevPAR has been nearly flat year-over-year as of September 2024.

Item 3.B

San Marcos/Austin Surrounding Hospitality

12 Mo Occupancy	12 Mo ADR	12 Mo RevPAR	12 Mo Supply	12 Mo Demand
62.8%	\$120	\$75.40	1.7M	1M

San Marcos/Austin Surrounding Hospitality Submarket

Occupancy is down 2.5 percent, but ADR has increased by 1.2 percent, resulting in a decrease in RevPAR by 0.3 percent year-to-date.

KEY INDICATORS

RevPAR Change	-12.7%	-6.0%	-1.2%	-0.3%	5.5%	0.7%

Seasonality & Performance

- Occupancy has rebounded since the onset of Covid-19 but witnessed a slight dip in the past year. It is projected to increase over the next few years with another slight dip in 2028.
- From March through July the highest and consistent occupancy occurred, in both 2023 and 2024, highlighting the popularity of the market in spring and early summer.
- The average daily rates of the hotels are forecasted to stay consistent or slightly increase at a steady rate in the years to come.

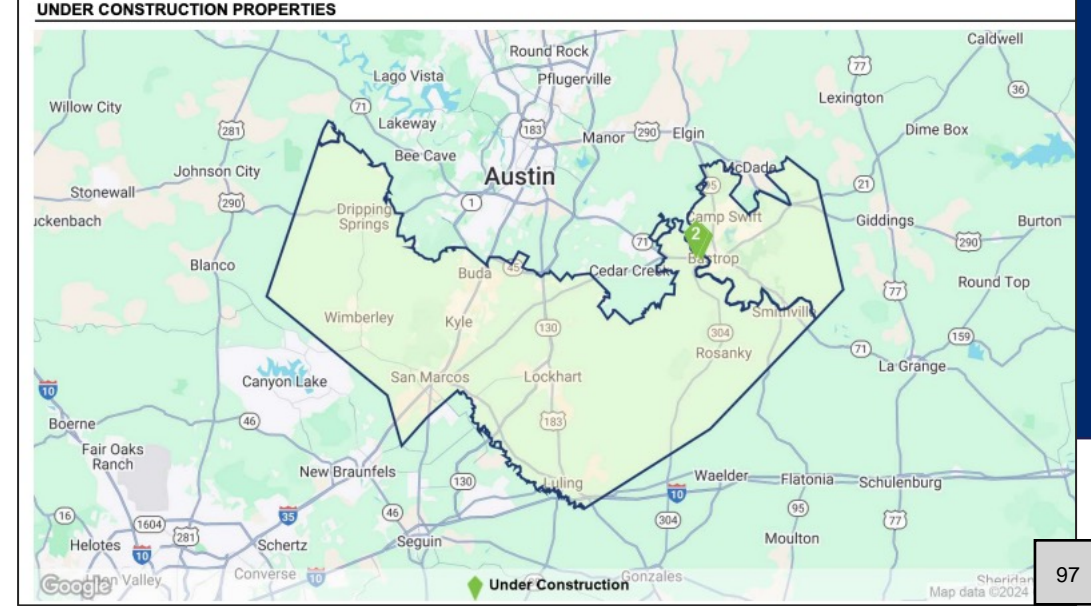

Market Landscape

- **Supply and Demand:** Hotel demand experienced a significant downturn during the pandemic, followed by a sharp recovery in 2022. However, demand has since stabilized. Supply has remained relatively steady in the past few years.
- **Development Pipeline:** Within four miles of the Project site are two proposed hotel properties under construction. The adjacent map details the locations of the hotels in the pipeline.
 - **Home2 Suites by Hilton Bastrop** on SEQ Hwy 71 and TX-304 will be an Upper Midscale hotel that features 111 rooms. The hotel will be delivered in December 2025.
 - **Everhome Suites Bastrop** on 630 Agnes Street will be a Midscale hotel that features 114 rooms. The hotel will be delivered in February 2025.

Item 3.B

Properties	Rooms	Percent of Inventory	Average Rooms
2	225	4.8%	113

97

Interviews & Feedback

Hoteliers

Hunden interviewed staff involved in Bastrop's hospitality market to better understand demand drivers and overall performance within the market. The following key implications were drawn:

- Bastrop's tourism is highly event-driven, with significant events like the Gun Show, Corvette Invasion, and Austin City Limits impacting local visitor numbers.
- Hampton Inn is the busiest hotel in Bastrop, with a high proportion of leisure travel. The hotel experiences consistent demand on weekends, especially during major events, but midweek bookings are slower. November to February are generally slower months for tourism, though the proximity to Camp Swift helps fill hotel rooms with military personnel during these months.
- The lack of enough hotel rooms to meet the growing demand is an issue, especially as events increase. **Business from Tesla, SpaceX, and The Boring Company employees has become a significant part of the visitor mix.**
- The need clearly exists for additional indoor recreation spaces that could serve multiple functions (e.g., sports, entertainment, events). Sports tourism, particularly for traveling sports teams, is a key area for expansion. The goal is to attract teams that will spend money in the local economy, but current facilities do not meet this demand.
- Bastrop needs a sports complex with facilities for year-round softball, baseball, soccer, and basketball, with the potential for indoor spaces that can accommodate both sports and other events.
- **A third-party manager is recommended for the development and operation of new facilities to ensure the facilities succeed.** The City of Bastrop may not have the capacity to manage complex ventures effectively.

Implications

- Occupancy in the area is relatively low, trailing at 62.8 percent over the past 12 months. RevPAR has been flat year-over-year, indicating stagnant revenue.
- The smaller size of hotels and lower occupancy could reflect limited tourism, business travel, or competitive pressure from nearby Austin.
- There is significant development in the pipeline, with 220 rooms under construction currently, and more to come in the upcoming years. This could indicate that developers and hoteliers expect more demand in the coming years.

Restaurant/Retail Market Analysis

Market Trends in Retail

The retail landscape has been drastically altered in the past several years. The Covid-19 pandemic fueled the changes that have occurred in the ever-evolving retail industry. The following items are currently expected to continue as some of the industry's defining trends moving into the next several years.

events, and
gatherings

Regional Retail Market Overview

Hunden identified the regional market in which the Project site is located to assess the performance of the area's retail market. The Bastrop County submarket captures the closest, most relevant retail and restaurant developments in the area.

The Bastrop County retail market currently includes a low vacancy rate of 0.7 percent, which is 0.6 percent lower than the five-year average. Over the past year, there has been 2,100 square feet of positive absorption and 7,100 square feet of new space delivered. Rental rates have increased by 3.4 percent and now average \$25.00 per square foot. Although no retail space is under construction in the fourth quarter of 2024, nearly 19,200 square feet is proposed in the next eight quarters.

KEY INDICATORS							
Current Quarter	RBA	Vacancy Rate	Market Asking Rent	Availability Rate	Net Absorption SF	Deliveries SF	Under Construction
Malls	0	-	-	-	0	0	0
Power Center	0	-	-	-	0	0	0

Bastrop County Retail			
12 Mo Deliveries in SF	12 Mo Net Absorption in SF	Vacancy Rate	Market Asking Rent Growth
7.1K	2.1K	0.8%	3.2%

Development Pipeline

The recent deliveries, under construction, and pipeline of proposed developments in the submarket are critical to understanding the new inventory in the market, how this may impact additional deliveries, and how the market is absorbing additional retail space.

As of October 2024, there was more than 23,500 square feet of retail space delivered in the past eight quarters within the Bastrop County retail submarket. The proposed retail spaces are located just off West Highway 71 & Seton. The submarket all-time annual average delivery within the market is roughly 62,730 square feet.

Local Retail & Restaurant Supply

Hunden conducted a high-level analysis of the current restaurant and retail offerings within walkable distance of the Project site to determine if the local supply is sufficient. Hunden has identified a 0.33-mile radius as walkable.

The majority of retail and restaurant supply clusters along Highway 71 East, just beyond the location of the Project site. There are limited restaurant offerings in close proximity to the Project site.

The downtown area, circled in blue, boasts a robust supply of retail and restaurant options, featuring local, mom-and-pop establishments, casual and upscale restaurants, bars, and breweries. This supply lacks sizable restaurants for bigger groups or sports teams that may visit the area for a tournament.

A notable **opportunity exists to introduce additional and/or a new type of dining experience, such as a larger restaurant or an “eatertainment” concept.** These additions, currently absent from the local area, could serve as key destination anchors.

Implications

- The local retail/restaurant scene clusters along Highway 71 East, not in walking distance to the Project site.
- Although the current retail/restaurant environment is limited to the downtown strip, there is a strong opportunity to capitalize on the existing gap in the market while the market is expanding and developing large spaces for national retailers. **The Project has an opportunity to differentiate its commercial assets from the local market with a critical mass of family-oriented and experiential offerings that does not currently exist.**
- **Commercial assets such as retail and restaurant create critical mass that drive consistent visitation, accommodating demand not only from on-site users to the sports facility and visitors, but also inducing new visitation during the evening hours.**

06

Sports Tourism Facilities Case Studies

Sports Tourism Destination & Operational Success Factors

Destination Factors

- **High Quality, Large Facilities and Assets.** The success of youth and amateur sports tourism starts with facilities. With the proliferation of competitive destination facilities, amenity quality is increasingly important as well as the number of spaces available to host teams, participants, and spectators. Additionally, supporting amenities like food & beverage services, entertainment options, etc., create a competitive advantage for facilities that feature them.
- **Variety of Lodging, Dining and Entertainment Options.** Outside of the facility, decisions related to attendance at events are often influenced in part by the lodging, dining, and entertainments options in the market. For players and teams traveling regularly, the availability of known brands and affordable options is often important. **For players and teams traveling infrequently or for families opting to create a vacation around a tournament, access to unique and exciting lodging, dining, and entertainment is critical.**
- **Desirable Competition.** A primary reason to travel for tournaments and events is to compete against unfamiliar teams. Tournaments that feature a mix of teams from a large geographic range with a well-defined competitive level structure are best able to draw teams and to bring them back year after year.
- **Affordability.** Affordability continues to present a top concern among coaches, parents, and participants as they decide which events to attend and how many times to travel. The increase in the number of competitive events and the expansion of traditional seasons has created a need to be cost conscious when selecting events.
- **Reputation of Destination. Establishing and maintaining a reputation as a great place to visit is a critical factor of attracting and retaining events and participants.**

Sports Tourism Destination & Operational Success Factors

Operational Success Factors

- **Program-Driven Design.** In today's climate where new special-purpose sports tourism facilities are opened regularly across the country, facilities must be built and operated to create a best-in-class experience for visitors. To successfully attract, host, and retain events and participants, the facility's design must embrace event operations and participant satisfaction.
- **Dedicated Marketing & Business Development Personnel/Budget.** With so many communities and facilities seeking to capture a portion of the sports tourism industry, it is imperative to dedicate people and money to marketing and selling opportunities. While the recommended organization structure and budget varies significantly from location to location, all successful destinations maintain a level of dedicated personnel and money to secure business.
- **Dedicated Management.** Similar to dedicated marketing and sales resources for a facility, successful venues have a dedicated and specialized management team to ensure protection of the facility's investment, and to affirm that the reputation within the industry is built and maintained.
- **Collaboration.** The youth and amateur sports tourism industry consists of a variety of existing destinations and events across activities, levels of competition, governing bodies, rules of play, etc. The increasingly sophisticated industry now features an environment in which it is often difficult to build new events and attract visitors to events that are not already established. This necessitates collaboration with tournament and events rights holders to attract existing events, working with existing facilities to include events that demand greater capacity, and maximizing visitation and economic impact during a facility's early years of operations.
- **Owner, Member, and Community Buy-In.** Sustainable facilities often feature a balance of tournaments/events and local leagues, camps, clinics, etc. To set expectations for achieving an optimal balance and to execute a well-rounded, sustainable business plan, the facility must educate all stakeholders and communicate the purpose as well as the schedule for tournaments and events on a regular and ongoing basis.

PCB Publix Sports Park

Location: Panama City Beach, FL

Opened: 2019

Cost: \$43 million

Sports Features:

- 13 configurable fields
- 5 collegiate baseball fields
- 2 Championship Fields (1,500 seats)

Notes:

The economic impact of PCB Publix Sports Park totals approximately \$56 million and contributes directly to the local economy annually. The venue programs approximately 35 events annually, encompassing 23 multipurpose field events and 12 diamond field events. The facility functions as a public space with a focus on sports tourism while also incorporating local programming. The business model ensures accessibility to both residents and visitors, amplifying its role as a hub for athletic activities and events in the southeastern United States.

PCB Publix Sports Park Overview

- Opened in 2019, the PCB Publix Sports Park stands as a testament to cutting-edge sports facilities spread across 160 acres. Construction costs reached approximately \$43 million at the time the facility was built, with an approximately \$50 million in adjusted development cost if the facility was built today. Facility infrastructure includes a diverse range of assets of 13 configurable fields, five collegiate baseball fields, and the potential for up to ten collegiate or youth softball fields. Among these are nine synthetic turf fields and four natural grass fields.
- The sports park contains two championship fields, supporting 1,500 seats, warm-up areas, and lounging pavilions for both players and spectators. The facility functions as a public space with a focus on sports tourism while also incorporating local programming. PCB Publix Sports Park's business model ensures accessibility to both residents and visitors, amplifying its role as a hub for athletic activities and events in the southeastern United States.
- The economic impact of PCB Publix Sports Park totals approximately \$56 million that contributes directly to the local economy annually. The venue programs a total of approximately 35 events annually, encompassing 23 multipurpose field events and 12 diamond field events.

Key Visitor Information

- Main Visitor Origin:
 - Florida
 - Alabama
 - Georgia
 - Tennessee
 - South Carolina
 - North Carolina
- Visitation Seasonality: Year-Round

PCB Publix Sports Park Visitor Demographics

- The visitor propensity at PCB Publix Sports Park may not accurately reflect the park's true visitor demographics due to the surrounding area's older population. While visitor data might suggest lower engagement or attendance, the data fails to consider the influence of elderly residents who might not actively participate in park activities.
- The higher visitation percentage among families aligns with the trend of families traveling for youth sports tournaments. Given the nature of these events, where families often accompany young athletes, they contribute significantly to the visitation percentage at PCB Publix Sports Park.

Item 3.B

PCB Publix Sports Park Visitation

In 2023, the PCB Publix Sports Park had nearly 500,000 visits, and an overwhelming majority of visits traveled more than 50 miles to the facility. Approximately 85 percent of the visitors are from more than 50 miles away. The facility has minimal local and regional weekday visitation, but strong long-distance visitation Thursdays through Sundays. The Publix Sports Park is busiest from June to August, when many regional and national summer tournaments occur.

Item 3.B

TBK Bank Sports Complex

Location: Bettendorf, IA

Opened: 2017

Cost: \$50 million

Owner: BettPlex LLC

Operator: BettPlex LLC

Sports Features:

- 273,000-square-foot indoor complex, 75-acre outdoor complex
- 8 basketball courts (12 volleyball courts), indoor turf field (115 yards by 75 yards)
- 10 lighted turf diamonds with adjustable fencing (convertible into 6 turf soccer fields)
- 2 multipurpose turf fields, 2 grass fields

Additional Amenities: 5 sand volleyball courts, physical therapy center, retail shop, office space, concessions

Funding: Phase one of the project included more than \$10 million in City incentives (\$3.87 million in infrastructure improvements and \$4.9 million in TIF). Due to the project's success, an expansion of the facility was approved in February 2022 for more multi-use turf fields, a three-story golf entertainment facility, restaurants, bars, and a hotel. Bettendorf has committed \$5.8 million in economic development grants and a 20-year, 75-percent TIF rebate for the expansion project.

TBK Bank Sports Complex Visitation

In 2023, the TBK Bank Sports Complex welcomed more than 1.1 million visits, and nearly 53 percent of the visits came from the local demographic—defined as visitors who live within ten miles of the facility. Approximately one-third of visitors traveled more than 50 miles to the complex, with long-distance attendance peaking during the summer months and weekends. This surge in visitors is largely driven by outdoor sports tournaments, which attract a significant number of participants and spectators during summer weekends.

TBK Bank Sports Complex

Item 3.B

Supportive Development

Rocky Top Sports World

Location: Gatlinburg, TN
Opened: 2014
Cost: \$20 million
Owner: City of Gatlinburg, Sevier County
Operator: Sports Facilities Companies

Sports Features:

- 86,000-square-foot indoor facility
- 10 basketball/12 volleyball courts
- 5 synthetic turf fields, one natural turf field

Additional Amenities: Event planning space, Gatlinburg Trolley connectivity

Notes: According to Sevier County, the facility hosted 90 events between August 2020 and August 2021. Indoor and outdoor tournaments took place during 25 weekends throughout the year. Rocky Top Sports World generated \$46.9 million in economic impact in 2020 and 2021.

The County reported that nearly \$10 million of the economic impact came from 15 tournament bookings coordinated by National Soccer Events, a tournament operator, and FC Alliance Soccer Club, a local youth soccer club.

Item 3.B

117

Rise Indoor Sports & Truist Soccer Park

Location: Bermuda Run, NC

Opened: 2021

Cost: \$12 million (Rise)

Owner: Rise Indoor Sports/NC Fusion Soccer Club

Operator: Rise Indoor Sports/NC Fusion Soccer Club

Sports Features:

- 123,000-square-foot indoor facility
- 8 basketball/12 volleyball courts
- 4 artificial turf fields, eight natural full-sized grass fields

Additional Amenities: Indoor Turf, Training & Cardio Studios, Community Meeting Rooms, Wake Forest Baptist Rehabilitation Center

Rise Indoor Sports is one of the largest and most accessible indoor sports complexes in the Southeast, designed to strengthen communities through sports, fitness, and health programs. The facility serves everyone from local participants to elite athletes and offers versatile facilities, amenities, and events for individuals and large-scale tournaments alike.

Truist Soccer Park, directly adjacent to the indoor facility, is owned and operated by NC Fusion Soccer Club. More than 7,500 youth are members of their programs.

Item 3.B

118

Rise Indoor Sports Visitation

In 2023, the Rise Indoor Sports Complex welcomed more than 450,000 visitors. Even though this facility emphasizes serving the local community, there was a balanced visitation ratio between local, regional, and long-distance visitation. Approximately one-third of visitors traveled more than 50 miles to the complex, with long-distance attendance peaking during the summer months and on Saturdays.

Truist Soccer Park Visitation

In 2023, Truist Soccer Park welcomed more than 410,000 visitors, with a similar visitation breakdown to the adjacent Rise Indoor Sports Complex. Approximately one-third of visitors traveled more than 50 miles to the soccer park, with long-distance attendance peaking during the summer months and on Saturdays.

Foley Sports Complex

Location: Foley, AL

Opened: 2009

Owner/Operator: City of Foley

Sports Features:

- 10 baseball fields
- 16 grass fields
 - 1 championship field (seating for up to 1,000)
- 90,000-square-foot indoor events center

Notes:

The 100-acre Foley Sports Tourism Complex features 16 multipurpose grass fields, which includes a championship stadium, along with 90,000 square feet of event center space that accommodates volleyball, basketball, and events. The complex is located at OWA Parks & Resort, which is a 520-acre family entertainment destination ten minutes from the beaches in Gulf Shores, Alabama. The sports complex hosts local recreation teams and is a hub for regional competitive tournaments such as the USSSA Baseball World Series and the Alabama Soccer Festival.

Other Case Studies: Funding Methods Overview

The main funding methods used for youth sports projects around the country include Tax Increment Financing, city general funds, parks and recreation funds, hotel/occupancy tax, and public-private-partnerships with a private developer and support from the city. The following bullets summarize the funding methods for case study facilities.

- **TBK Bank Sports Complex** – Phase one of the project included more than \$10 million in City incentives (\$3.87 million in infrastructure improvements and \$4.9 million in TIF). Due to the project’s success, an expansion of the facility was approved in February 2022 for more multi-use turf fields, a three-story golf entertainment facility, restaurants, bars, and a hotel. Bettendorf, Iowa, has committed \$5.8 million in economic development grants and a 20-year, 75-percent TIF rebate for the expansion project.
- **Round Rock, Texas** – In 2008, the City of Round Rock funded an \$18.2-million renovation and expansion of Old Settlers Park, which sparked the City’s campaign as the “Sports Capital of Texas.” In 2012, the City of Round Rock issued \$7.8 million in bonds for the Round Rock Sports Center, which cost a total of \$14.5 million. The bonds are being paid back using a two-percent increase in the City’s Hotel Occupancy Tax, and the remaining cost of the facility was covered by the City’s general fund.
- **MidAmerican Energy Company Recplex** – The facility in West Des Moines, Iowa, cost roughly \$45 million and was funded through a public-private partnership. The combined funding comes from \$16.5 million in bonds that will be paid back through sales tax increases, and an additional \$16.5 million in bonds will be paid back through an increase of hotel tax, and \$12.4 million of corporate pledges and donations. The rest of the funding was covered by grants, loans, and future tax revenues.
- **Community First Champion Center** –The facility in Grand Chute, Wisconsin, cost roughly \$30 million and is funded by an increase in local hotel tax. The Fox Cities Sports Development, Inc. (a subsidiary of the Fox Cities CVB) manages the hotel taxes generated by the Champion Center and on a quarterly basis, a percentage of the hotel taxes are dedicated to paying off bonds used to fund the project.

Common Facility Funding Methods Overview

Hotel
Occupancy
Tax

Food &
Beverage Tax

Grants &
General
Funds

TIF/TIRZ

Sales Tax

Venue Tax

Like stadiums, arenas and convention centers, youth sports facilities tend to operate at a financial deficit or do not generate enough net income to support ongoing debt service obligations.

It is common for public entities to support ongoing operations of facilities with incentives through specialized net new tax revenues generated by activity at the venue, grants and city general funds or TIRZ financing.

07

Implications & Recommendations

Recommendations: Bastrop Youth Sports Facility

Based on the analysis of the youth sports market supply in Bastrop and the regional competitive market and interviews with market experts, tournament organizers, and other stakeholders, Hunden recommends the development of an outdoor and indoor complex encompassing **two phases**.

	1 Phase I	2 Phase II	Total Build-Out
Multipurpose Fields	8 Turf Multipurpose Fields	--	8 Fields
Baseball/Softball Diamonds	9 Turf Full-Sized Diamonds	--	9 Diamonds
Indoor Hardwood Courts	--	8 Hardwood Basketball Courts (16 Volleyball Courts)	8 Indoor Basketball Courts (16 Volleyball Courts)
Amenities	Portable/Flexible Fencing	--	--

Site Recommendations & Project Test Fit

Economic, Fiscal, and Employment Impact Analysis

Introduction to Impacts

Hunden uses the IMPLAN input-output multiplier model, which determines the level of additional activity in the economy due to additional inputs. For example, for every dollar of direct new spending, the IMPLAN model provides multipliers for the indirect and induced spending that will result. The net new and recaptured direct spending, both on-site and off-site due to tournaments and events and/or hotel stays, is the **Direct Impact**. From the direct spending figures, further impact analyses will be completed.

- **Indirect Impacts** are the supply of goods and services resulting from the initial direct spending. For example, a visitor's direct expenditure on food and beverage causes a sports facility or hotel to purchase food and beverage and other items from suppliers. These are considered indirect economic impacts.
- **Induced Impacts** embody the change in spending due to the personal expenditures by employees whose incomes are affected by direct and indirect spending. For example, a waitress at a restaurant may have more personal income as a result of the induced customer's visit. The amount of the increased income that the employee spends in the area is considered an induced impact.
- **Net New Gross Spending** refers to the total economic impact generated by a development project or event, which combines direct, indirect, and induced impacts.
- **Fiscal Impacts** represent the incremental tax revenue collected due to the net new economic activity. The fiscal impact represents the government's share of total economic benefit.
- **Employment Impacts** include the incremental employment provided not only onsite, but due to the spending associated with it. For example, the direct, indirect and induced impacts generate spending, support new and ongoing businesses, and ultimately result in ongoing employment for citizens. Hunden will show the number of new jobs supported by the project and provide the resulting income generated.

Appendix

Project Site

Takeaways on the Site

Kimley-Horn Conversation

Topography Challenges

- Steep landscape for much of the site, particularly the northeast side, which **limits areas available for development**
- Need for significant grading and earthwork
- Careful site planning will be necessary to optimize the more developable areas

Transmission Line Constraints

- The presence of transmission lines significantly impacts availability over or near those areas
- No vertical structures are allowed over these zones, which could limit certain types of developments, such as vertical buildings, utility poles, or any tall infrastructure
- **Potential for relocation of the east-west transmission line could offer more flexibility but would require further conversations**

City Coordination Needed

- Discussions with the City regarding the potential for modifying public roads are critical
- **If roadways cannot be altered, adjustments are needed in the development plan to work within the existing infrastructure**

Creek & Environmental Considerations

- The creek on the property doesn't appear to flow through the pond and seems nonrestrictive
- If disturbance exceeds 0.1 acres, it triggers mitigation processes with the Army Corps of Engineers
- Minor adjustments to the creek (up to 0.083 acres) are possible without needing Army Corps involvement

Utility Coordination

- **The presence of gas and electric utilities passing through the site requires close coordination** to ensure no disruption to service and compliance with construction limitations over utility lines

Hunden Strategic Partners is a full-service real estate development advisory practice specializing in destination assets.

With professionals in Chicago, San Diego, Indianapolis and Minneapolis, Hunden provides a variety of services for all stages of destination development in:

- Real Estate Market & Financial Feasibility
- Economic, Fiscal & Employment Impact Analysis (Cost/Benefit)
- Organizational Development
- Public Incentive Analysis
- Economic and Tourism Policy/Legislation Consulting
- Research & Statistical Analysis
- Developer Solicitation & Selection

The firm and its principal have performed more than 1,000 studies over the past 20 years, with more than \$20 billion in built, successful projects.

Retail Update

Bastrop, TX

Date: 01/13/2025

- **Burleson Crossing (and East)**
 - We have received confirmation that two casual sit-down restaurants, one big box grocer, and one big box retailer will be locating to the Burleson Crossing Development
 - A QSR concept has confirmed they will be opening a location in Bastrop. Though not confirmed exactly where, it is most likely going to be located in Burleson Crossing
- **Sendero (Pearl River) Development**
 - We confirmed that three sit-down restaurants and one QSR concept will lead the way for the Sendero Development, with
 - Furthermore, another fast casual restaurant has an LOI submitted for the Sendero Development
- **The Grove Development**
 - A total of four additional hotels have been confirmed for The Grove Development
 - Additional parcels in the development have been sold; we will receive more word on who will be locating to those parcels as 2025 progresses
- **General Interests**
 - Additionally, an eater-tainment concept, a fast-casual concept, and a junior box retailer are in the early stages of interest in Bastrop
 - The Retail Coach is currently in conversations with a large entertainment user regarding a possible location in Bastrop
 - We have received confirmation that a children's education and daycare academy will be opening a location on SH 304 across from the Hunter's Crossing Subdivision.
 - Ongoing conversation about a big box retailer locating too. TRC provided 8 specific reports for this retailer.

Conference Updates

- **ICSC Red River**
 - As of today, there are over 2,700 attendees registered for the ICSC Red River Conference in Dallas at the end of January 2025
 - Of those attendees there are currently just under 250 retailers attending with their teams and we will be representing Bastrop during this conference by discussing your trade area, available properties, and actively recruiting matching retailers to the community on our current list in addition to new retailers which could be a good fit - BEDC team to provide "one pager".

Next Round Of Recruitment

- **New Targets**
 - We have compiled a list of daycares, furniture stores, family entertainment and breakfast/sit-down restaurants for our recruitment efforts, with a round of recruitment going out this week
 - Based on feedback from the city, the optimal location for additional restaurants will be near the cluster of hotels and hospital located on Highway 71

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Receive quarterly update provided by The Retail Coach

AGENDA ITEM SUBMITTED BY:

Dori Kelley, BEDC Business Attraction, Retention, and Expansion Manager

BACKGROUND/HISTORY:

This quarterly update provides key highlights including updates on confirmed developments in Burleson Crossing, Sendero, and The Grove, as well as new interest from retail and entertainment sectors. Additionally, insights from the Retail Coach's recent efforts and the upcoming ICSC Red River Conference will be discussed to inform future recruitment and strategy.

FISCAL IMPACT:

Bastrop Economic Development Corporation
Board of Directors – Meeting Minutes
 November 18, 2024

The Bastrop Economic Development Corporation (BEDC) met on Monday, November 18, 2024, at 5:00 p.m. for a Regular Board Meeting at Bastrop City Hall, 1311 Chestnut Street. Board members present: Ron Spencer, Frank Urbanek, Cheryl Lee, John Kirkland, Chris McCool, Gary Blake, and T.J. Finn. Staff members present: Interim Executive Director Sylvia Carrillo-Trevino, Angela Ryan, and Dori Kelley. BEDC attorney Charles Zech was also in attendance.

- 1. CALL TO ORDER** – Board Chair Spencer called the meeting to order at 5:00 p.m.
- 2. BOARD APPOINTMENTS**
 - 2.A. Welcome new BEDC board members T.J. Finn, Gary Blake, and Chris McCool and thank former board members Connie Schroeder and Amberley Palmer for their service.
 - 2.B. The BEDC Board called a recess for a reception for outgoing board members at 5:07 p.m.
- 3. PUBLIC COMMENT(S)** – There were no public comments.
- 4. WORKSHOP - BOARD TRAINING**
 - 4.A. BEDC Board Training by Charlie Zech, Law Firm of Denton Navarro Rodriguez Bernal Santee & Zech, P.C. The Board reconvened at 5:22 p.m. for a training workshop presented by BEDC attorney Charles Zech.
- 5. DIRECTOR'S REPORT**
 - 5.A. Introduction of Dori Kelley, Business Attraction, Retention, and Expansion (BARE) Director. Interim BEDC Director Sylvia Carrillo-Trevino introduced new BEDC staff member Dori Kelley.
 - 5.B. Update on Joint Meeting with the City Council on December 3, 2024. Ms. Carrillo updated the Board about a joint meeting with City Council.
 - 5.C. Update on the Bastrop Regional Business Summit, November 13, 2024, at the Bastrop Convention Center. Ms. Carrillo updated the Board about the Business Summit.
- 6. REGULAR BUSINESS & PRESENTATIONS**
 - 6.A. Presentation from Roscoe Bank for the donation of funds to the BEDC in the amount of \$20,000. Rick Womble with Roscoe Bank presented a check for \$20,000 to the BEDC.

- 6.B. Presentation by Hunden Partners about the Sports Complex Feasibility Study. Hunden Partners joined virtually and gave an update on the Sports Complex Feasibility Study.
- 6.C. Approval of meeting minutes from Regular BEDC Board Meeting of September 25, 2024. Mr. Urbanek made the motion to approve the minutes as submitted, Ms. Lee seconded, and the motion passed.
- 6.D. Consideration, discussion and possible action on election of FY 2024/2025 BEDC Officers: Chair, Vice Chair, Secretary/Treasurer. Mr. Urbanek made the motion for Ron Spencer to continue as Board Chair, Mr. Blake seconded, and the motion passed. Mr. Spencer made the motion that Frank Urbanek continue to be Secretary/Treasurer and elect Gary Blake as Vice Chair. Ms. Finn seconded, and the motion passed.
- 6.E. Consideration, discussion and possible action on schedule for upcoming board meetings, including date and time of meetings. Ms. Finn made the motion to accept the dates for upcoming board meetings, Mr. Urbanek seconded, and the motion passed.
- 6.F. Consideration and possible action approving Resolution R-2024-0010 suspending the sale of property in the Bastrop Business and Industrial Park until Hunden Partners has completed the feasibility study for the sports complex. Mr. Urbanek made the motion to approve Resolution R-2024-0010, Ms. Finn seconded, and the motion passed.
- 6.G. Consideration and possible action on Resolution R-2024-0011 approving the bid(s) for the completion of the renovations at City Hall for the BEDC office. Ms. Finn made the motion to approve Resolution R-2024-0011, Ms. Lee seconded, and the motion passed.

7. EXECUTIVE SESSION

- 7.A. At 6:49 p.m., the Bastrop EDC Board of Directors met in a closed/executive session pursuant to the Texas Government Code, Chapter 551, to discuss the following:
- (1) Section 551.071 Consultation with Attorney regarding the termination of the Performance Agreement with Project Fiesta (aka Coltzin, LLC)
 - (2) Section 551.087 Economic Development Negotiations to deliberate an offer of financial incentive to BRP EAST, L.P.
 - (3) Section 551.972 Deliberation regarding real property - west of Jackson Street and south of South Street.
- 7.B. At 7:29 p.m., the Bastrop EDC Board of Directors reconvened into open session to discuss, consider and/or take any action necessary related to the executive sessions noted herein. No action was taken.

8. **ADJOURNMENT** – Ms. Lee made the motion to adjourn the meeting and Mr. Urbanek seconded. The meeting was adjourned at 7:29 p.m.

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration, discussion, and possible action on donating office equipment that the BEDC is no longer using to the Smithville Workforce Training Center.

AGENDA ITEM SUBMITTED BY:

Dori Kelley, BEDC Business Attraction, Retention, and Expansion Manager

BACKGROUND/HISTORY:

The BEDC has some extra equipment they are no longer using and would like to donate to the Smithville Workforce Training Center DBA Career Tracks.

Local Government Code 501.154. - With respect to a project, a corporation may donate, exchange, convey, sell, or lease land, improvements, or any other interest in real property, fixtures, furnishings, equipment, or personal property to an institution of higher education for a legal purpose of the institution, on the terms the corporation's board of directors considers advisable and not in conflict with this subtitle.

FISCAL IMPACT:

N/A

RECOMMENDATION:

Staff recommends the BEDC Board approves the donation of equipment to the Smithville Workforce Training Center, DBA Career Tracks.

ATTACHMENT:

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration and possible action approving Resolution R-2025-0001 approving an agreement with Roscoe Bank to administer the BEDC Revolving Loan Fund Program using donated funds from Roscoe Bank and BEDC funds in the amount of \$30,000 per fiscal year.

AGENDA ITEM SUBMITTED BY:

Dori Kelley, BEDC Business Attraction, Retention, and Expansion Manager

BACKGROUND/HISTORY:

The BEDC Board established a Small Business Loan Program through the generous contribution of Roscoe Bank. On February 27, 2023, the Board approved the Revolving Loan Fund (RLF) Program, funded exclusively by Roscoe Bank's donation, via Resolution R-2023-0003. At the BEDC board meeting of June 26, 2023, the Board approved the expenditure of \$30,000 per fiscal year in matching funds.

The Revolving Loan Fund (RLF) Program supports business retention and expansion, aligning with the core principles of the BEDC.

To enhance the program's structure, staff has been working closely with Roscoe Bank to transition the BEDC's role from loan originator to loan guarantor. Under this revised structure applicants will apply directly to Roscoe Bank.

If necessary, due to credit or other limitations, the BEDC may guarantee the loan by transferring funds to a restricted account that would cover Roscoe Bank in the event of applicant default.

The attached program overview reflects these changes, positioning the BEDC as the primary marketer and guarantor of the program rather than the loan originator. Additionally, Roscoe Bank's legal counsel, alongside the BEDC attorney and staff, has developed a referral agreement between the two parties to clearly define the roles and responsibilities of each entity.

FISCAL IMPACT:

\$30,000 commitment annually by BEDC; \$20,000 from Roscoe Bank received for the last three years and anticipated for the next two years.

RECOMMENDATION:

Approve the attached BEDC program overview, referral agreement between the BEDC and Roscoe Bank, and Resolution R-2025-0001.

EDC

Bastrop Economic Development Corporation Revolving Loan Fund Program Overview

The Bastrop Economic Development Corporation's Revolving Loan Fund (RLF) program is designed to support local businesses by offering accessible financing options. This program is ideal for small businesses and entrepreneurs who may not meet traditional lending requirements but have a vision for growth and community impact.

Why Choose the RLF?

- Provides up to 5-year loans ranging from \$2,500 to \$10,000.
- Helps businesses start, grow, and expand in Bastrop.
- Focuses on creating jobs, boosting sales tax revenue, and enhancing private investment.

Eligibility Criteria

To qualify for the RLF, your business must:

- Be a for-profit, private entity in the industrial, commercial, retail, or service sector.
- Be located within Bastrop city limits.
- Be in good standing with the City of Bastrop (e.g., no delinquent taxes or code violations).

How to Apply

1. Complete an application with the designated lender instructed by the BEDC.
2. Work with our team to review your project's goals and benefits.
3. Receive approval and access funding to grow your business.

Benefits of the RLF Program

- Fast and accessible funding for eligible businesses.
- Support for projects like property improvements, equipment purchases, and more.
- Guidance and partnership with the BEDC every step of the way.

bastrop

EDC

Bastrop Economic Development Corporation Revolving Loan Fund Process

Business Interested in RLF

- BEDC staff provide the business with detailed information about the RLF program, including the process and referral to the designated lender.
 - The designated lender supplies the business with the loan application.
-

Application Submission

- The business submits a completed application along with all required documentation to the designated lender.
 - The designated lender reviews the application and issues a recommendation to the BEDC.
 - BEDC staff forward the lender's recommendation to the BEDC RLF Committee and schedule a Committee meeting.
-

Committee Review

- Supporting materials are provided to Committee members for review at least 72 hours before the meeting.
 - The Committee convenes with the designated lender to discuss the application. The business may be invited to present their case.
 - If approved, the Committee forwards its recommendation to the BEDC Board for final approval.
-

Application Approval

- Upon BEDC Board approval, the designated lender is notified, and any additional documentation requirements are specified.
 - BEDC transfers the loan funds to a secured account with the designated lender.
 - The loan is guaranteed by the BEDC, and the designated lender disburses the fund proceeds to the business.
-

The BEDC RLF Committee meets on an as-needed basis.

To ensure thorough review and preparation, all RLF supporting materials must be distributed to Committee members no less than 72 hours before the scheduled meeting.

Bastrop Economic Development Corporation Revolving Loan Fund Program Additional Guidelines and Requirements

Ineligible Uses of the Revolving Loan Fund (RLF):

RLF funds cannot be used for:

1. Debt refinancing, loan guarantees, or substitute private capital.
2. Investments, payments on existing loans, or taxes.
3. Residential real estate, public buildings/infrastructure, speculative buildings, or projects outside the city limits of Bastrop, Texas.
4. Gambling, religious, political, or adult/pornographic businesses.
5. Activities that create conflicts of interest for BEDC staff, elected/appointed officials, or Committee members.

Post-Approval Obligations of RLF Recipients:

All approved recipients must agree to the following terms:

- Use RLF funds exclusively for the costs of materials, services, or equipment specified in the loan.
- Permit inspections of projects, properties, materials, and equipment by authorized BEDC personnel.
- Maintain detailed records of the project for the loan's duration or for at least three (3) years after project completion, whichever is longer.
- Maintain a physical business presence within Bastrop city limits for a minimum of five (5) years.

Confidentiality and Public Disclosure:

Applicants should mark any confidential information clearly as "Confidential" on relevant pages. While the BEDC will take all legally allowed precautions to maintain confidentiality, application materials may be subject to public disclosure.

The BEDC is not obligated to guarantee or provide financial assistance to any business, even if it meets all policy requirements. Program participation is subject to the sole discretion of the BEDC and will be reviewed on a case-by-case basis.

Bastrop Economic Development Corporation Revolving Loan Fund Program Additional Guidelines and Requirements

Disclaimer

The Bastrop Economic Development Corporation (BEDC) administers the Revolving Loan Fund (RLF) program in collaboration with the designated lender. While the BEDC provides oversight and guidance, all loan terms, conditions, and approvals are subject to the lender's policies, procedures, and compliance with applicable banking industry standards and regulations.

Approval of an RLF application does not constitute a guarantee or endorsement by the BEDC.

Loan decisions are made at the sole discretion of the lender, and all lending activities must adhere to federal, state, and local laws.

The BEDC reserves the right to modify program policies and procedures as necessary to align with organizational goals, regulatory changes, or lender recommendations.

The BEDC Revolving Loan Fund (RLF) program is designed to assist businesses that are unable to secure conventional financing. Participating lenders must certify that referred borrowers do not qualify for traditional loans without BEDC involvement, ensuring the appropriate use of public funds.

Businesses that do qualify for conventional financing are not eligible for RLF support but may still apply for a loan directly through the lender's standard process.

Referral Agreement

This Referral Agreement (this “Agreement”) is entered into on _____ (the “Effective Date”), between Roscoe Bank, a division of Cornerstone Capital Bank, a Texas state saving bank (“Roscoe” or the “Bank”) and the Bastrop Economic Development Corporation (the “BEDC”). Collectively referred to as the “Parties”.

The BEDC Revolving Loan Fund Program (the “Program”) was designed to support local small businesses and entrepreneurs by offering accessible financing options. The BEDC will administer the Program in collaboration with a designated lender. The Bank is an FDIC-insured financial institution that offers banking, insurance, and lending products and services across the nation. At the BEDC’s request, the Bank will step in and act as the designated lender for the BEDC in accordance with the Program.

The purpose of this Agreement is to clarify the roles and responsibilities of the Parties, and to establish a referral process, whereby the Parties will identify applicants for participation in the Program.

The Parties agree as follows to the roles and responsibilities, and referral process:

1. The BEDC shall act as guarantor for each loan originated by the Bank.
2. The Bank will provide an advisory role to the BEDC, as designated lender.
3. The BEDC staff shall provide each applicant with the Program guidelines and requirements and an overview of the Program’s process. If an applicant wishes to proceed with being reviewed to participate in the Program, the BEDC shall refer each applicant to the Bank for a loan that complies with the Program guidelines and requirement. The BEDC staff shall obtain the applicant’s verbal consent to share their information with the Bank. The referral to the Bank shall include the applicant’s name, contact details, business description, and funding needs.
4. The Bank will provide each applicant with a loan application and will work directly with each applicant to gather the required documentation to process the loan.
5. If the Bank receives the required documentation to process the loan for an applicant, the Bank will provide the BEDC with recommended loan terms in accordance with the Program guidelines and requirements.
6. The BEDC staff shall submit the Bank’s recommended loan terms to the BEDC Revolving Loan Fund Committee (the “Committee”) and schedule a committee meeting to review the applicant for participation in the Program.
7. If the Committee approves the Bank’s recommended loan terms, then the Committee shall submit their recommendation to the BEDC board for final approval.
8. If the BEDC board approves the Committee’s recommendation, the BEDC will notify the Bank in writing and the BEDC will immediately transfer the amount of the approved funds for each loan to a secured account titled in the BEDC’s name and controlled by the Bank.
9. The BEDC shall provide the Bank with a copy of the Notice of Award for each loan that is approved to be originated by the Bank. The Notice of Award shall be signed by a member of the BEDC board and shall include any additional required documentation or contingencies required by the BEDC to close the loan.

10. The Bank will prepare the loan specific documents in accordance with the Bank's current policies and practices and applicable laws.
11. The Bank will coordinate and facilitate the loan closing process directly with each applicant.
12. For each loan originated and closed by the Bank, the Bank will establish a loan servicing file containing all loan specific documents prepared by the Bank, and any additional required documentation pursuant to the Notice of Award issued by the BEDC board.
13. The Bank will service the loans in accordance with the loan specific documents, the Bank's current policies and practices, and applicable law.
14. For each loan originated, closed, and serviced by the Bank, the Bank will comply with the Bank's policies and practices related to record retention and destruction.
15. The Bank will provide the BEDC with a periodic report of loans closed by the Bank, including each loan's payment status. Any loan that is determined by the Bank to be thirty (30) days past due will be reported to the BEDC as "delinquent."
16. For any loan that is determined by the Bank to be forty-five (45) days past due, the Bank will notify the BEDC in writing. Thereafter, the BEDC will have fifteen (15) days to notify the Bank in writing of their intention to purchase the loan from the Bank. If the BEDC fails to notify the Bank of their intention to purchase the loan within fifteen (15) days as required by the preceding sentence, the Bank shall have the right to transfer the funds from the secured account controlled by the Bank to pay off the unpaid principal balance for such loan.

Representations and Warranties

1. The BEDC affirms they are participating in the Program and all information provided to the City of Bastrop, Texas and/or the Bank is correct and accurate.
2. The BEDC shall ensure compliance with all applicable federal, state, and local laws and regulations in evaluating applicants for eligibility in the Program.
3. The BEDC shall evaluate each applicant to determine if the business is an eligible business and if the business use is an eligible use of the revolving loan fund in compliance with the Program guidelines and requirements.
4. The Bank will process each applicant's loan for the Program in accordance with the approved loan terms provided by the BEDC, the Program guidelines and requirements, and applicable law.
5. The BEDC shall promptly notify the Bank in writing after the BEDC board approves the Committee's recommendation.
6. For each loan, the BEDC shall pay all the Bank's loan origination fees, if any.
7. Upon execution of this Agreement, the BEDC shall establish a non-interest-bearing reserve account with the Bank. For every dollar (\$1.00) the Bank lends to a Program participant, the BEDC shall match and deposit funds into the Bank's non-interest-bearing reserve account. The non-interest-bearing reserve account will be titled in the BEDC's name and controlled by the Bank.
8. The Bank shall provide the BEDC with a monthly reconciliation report that captures the number of loans closed by the Bank and paid in full each month.
9. For any loan that is paid in full, the Bank shall release such funds from the non-interest-bearing reserve account to the BEDC upon written request within five (5) business days.
10. The Bank certifies that all borrowers who are referred to the Program would not

otherwise qualify for conventional bank financing through the Bank. Therefore, if the Bank closes any loan for any borrower that the Bank determines to be eligible for conventional bank financing outside of the Program, the Bank agrees such loan would be excluded from the BEDC's guarantee for full payment.

Confidentiality

Both Parties agree to maintain the confidentiality of any non-public, proprietary, or personal information shared under this Agreement and comply with applicable privacy laws, including but not limited to the Gramm-Leach Bliley Act.

Limitation of Liability

To the fullest extent permitted by law, neither Party shall be liable to the other party for any indirect, incidental, consequential, or punitive damages, including lost profits or revenues arising out of or related to this Agreement.

Indemnification

1. To the fullest extent permitted by law, the Parties agree to indemnify, defend, and hold harmless one another, its officers, directors, employees, and agents from and against any and all claims, liabilities, damages, costs, or expenses, including reasonable attorney's fees arising from (i) breach of any representation or warranty by the other party or (ii) gross negligence or willful misconduct of the other party.
2. The indemnified party must promptly notify the other party of any claim and reasonably cooperate in the defense. The indemnifying party shall have the right to control the defense and the settlement of the claim, provided the settlement does not impose any liability or obligation on the indemnified party.

Term and Termination

This Agreement shall commence on the Effective Date and continue until terminated by either party by providing thirty (30) days written notice to the other party.

Independent Contractors

The Parties are independent contractors, and nothing in this Agreement shall create a legal partnership, joint venture, or employment relationship. Neither party may act as an agent or bind the other party.

Compliance with Laws

The Parties agree to comply with all applicable laws, rules, regulations, and guidelines related to this Agreement, including consumer protection and lending laws.

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION APPROVING AN AGREEMENT WITH ROSCOE BANK TO ADMINISTER THE BEDC REVOLVING LOAN FUND PROGRAM USING DONATED FUNDS FROM ROSCOE BANK AND BEDC FUNDS IN THE AMOUNT OF \$30,000 PER FISCAL YEAR; REPEALING ALL OTHER RESOLUTIONS IN CONFLICT; AND AUTHORIZING THE BEDC INTERIM EXECUTIVE DIRECTOR TO EXECUTE ALL NECESSARY DOCUMENTATION.

WHEREAS, the Bastrop Economic Development Corporation (“BEDC”) is a public instrumentality and non-profit industrial development corporation duly established and operating under Texas Local Government Code, Chapters 501 and 505 *et seq.*, as amended, known as the Development Corporation Act of 1979 (the “Act”); and

WHEREAS, economic development organizations commonly utilize Revolving Loan Fund (RLF) programs to provide access to capital to achieve positive public outcomes such as community revitalization, economic growth, increased tax revenues, and job creation; and

WHEREAS, Roscoe Bank has made a donation to the BEDC in the amount of \$20,000 per year for five (5) years, and has requested that the funds be used for a program such as a Revolving Loan Fund; and

WHEREAS, the BEDC Board approved \$30,000 in matching funds at the Special Board Meeting of June 12, 2023, under LGC 505.158; and

WHEREAS, Roscoe Bank has agreed to administer the RLF Program in collaboration with the BEDC; and

WHEREAS, the RLF Program documents have been amended to include this collaboration with the BEDC; and

WHEREAS, after careful evaluation and consideration by the Board, it has determined that this BEDC Revolving Loan Fund program in collaboration with Roscoe Bank, and the documents pertaining to the program, will benefit Bastrop businesses and the overall economy.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION THAT:

SECTION 1. The Board hereby finds that all of the recitals above are true and correct and are incorporated herein as if restated in full.

SECTION 2. The Board approves the amending the Revolving Loan Fund Program under guidelines attached hereto as Exhibit “A.”

SECTION 3. The Board hereby authorizes the BEDC Interim Executive Director to execute the necessary documentation to establish and fund the program as detailed in

Exhibit "A."

SECTION 4. Any prior resolution of the BEDC Board of Directors in conflict with the provisions contained in this Resolution are hereby repealed and revoked.

SECTION 5. This Resolution is effective upon passage.

PASSED AND APPROVED on the _____ day of _____ 2025, by the Board of Directors of the Bastrop Economic Development Corporation.

DRAFT

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration, discussion and possible action on a request for a \$10,000 support grant for an event entitled "Lights, Camera, Bastrop."

AGENDA ITEM SUBMITTED BY:

Sylvia Carrillo-Trevino, ICMA-CM, CPM, Interim Executive Director and City Manager

BACKGROUND/HISTORY:

"Lights, Camera, Bastrop" is an event geared towards the film industry. Specifically, it is education and training classes aimed at teaching skills such as acting, lighting, gaffing, scouting, stunts, and other skills related to the film industry.

The event, "Lights, Camera, Bastrop" will be held in Mayfest Park. Date is TBD.

It is also expected that this event will apply for Hotel Occupancy Tax funding as the event is expected to draw several hundred people from around the state.

Sec. 501.162. USE OF TAX REVENUE FOR JOB TRAINING. A corporation may spend tax revenue received under this subtitle for job training offered through a business enterprise only if the business enterprise has committed in writing to:

- (1) create new jobs that pay wages that are at least equal to the prevailing wage for the applicable occupation in the local labor market area; or*
- (2) increase its payroll to pay wages that are at least equal to the prevailing wage for the applicable occupation in the local labor market area.*

Added by Acts 2007, 80th Leg., R.S., Ch. 885 (H.B. [2278](#)), Sec. 3.01, eff. April 1, 2009.

While the event is a very worthwhile project, unless the organization has a written agreement with a company who can provide such jobs after the event, it is unlikely that this is a qualified project.

FISCAL IMPACT:

\$10,000

RECOMMENDATION:

The project is not a qualified BEDC project that would qualify for funding.

ATTACHMENTS:

1. Presentation by Extreme Force Hollywood Stunts

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration, discussion, and possible action on approving an updated Support Services Agreement with the City of Bastrop.

AGENDA ITEM SUBMITTED BY:

Angela Ryan, BEDC Operations Manager

BACKGROUND/HISTORY:

With the BEDC's move to City Hall, the support agreement between the BEDC and the City of Bastrop has been updated to reflect office rent, utilities, and custodial services.

FISCAL IMPACT:

\$20,000, included in the BEDC FY25 budget

RECOMMENDATION:

ATTACHMENT:

1. Draft Support Services Agreement with the City of Bastrop

**SUPPORT SERVICES AGREEMENT BETWEEN THE CITY OF BASTROP,
TEXAS, & THE
BASTROP ECONOMIC DEVELOPMENT CORPORATION**

This Agreement is made between the City of Bastrop, Texas, (City), a home-rule municipality and the Bastrop Economic Development Corporation (Corporation), a non-profit Texas corporation created under the authority of section 4B of the Development Corporation Act of 1979, as amended and in compliance with Texas Local Government Code Section 501.007. In consideration of the mutual promises contained herein, the parties agree as follows:

- 1. Support Personnel & Services.** The City shall provide the following personnel and services necessary to support the operations of the Corporation on a cost-of-service basis for the following:
 - a. Information Technology**
 - (1) software licenses, computer, and other peripheral support.
 - (2) internet and telephone communications.
 - (3) technology supplies including hardware and software acquisition, software licenses, internet access, technology maintenance.
 - b. Human Resources**
 - (1) The City will coordinate with the Corporation and provide identified human resource assistance and technology assistance services. The scope of the human resource service will include common and typical human resource services of staffing support, job posting, applicant screening and processing.
 - (2) Corporation personnel shall be extended all the same payroll and insurance benefits available to City of Bastrop employees.
 - c. Finance**
 - (1) The City will maintain the financial information, accounts, and records of the Corporation, invest the Corporation's funds according to the City's adopted investment policy, assist in the preparation of the Corporation's proposed annual budget, provide payroll services, and provide similar routine financial services to the Corporation.
 - (2) The City will provide for the annual audit of the Corporation's accounts and its financial condition by contracting with the same auditing firm that audits the City's accounts.

- 2. Facilities.** The City will provide office space, meeting rooms, telephone, technology, utilities, and communications equipment associated with the offices and meeting rooms, for the use of the Corporation in its day-to-day activities. The Corporation shall be given priority scheduling for its regular Board meetings and additional meeting space shall be provided as requested by the Corporation consistent with the City's available resources and the City's schedule for use.

- 3. Administration of Capital Improvement Projects.** Capital Improvement Projects are

cost of the City's Audit, to be invoiced as incurred by the City.

- e. **Miscellaneous Services.** If services are requested by the Corporation from the City that are outside the scope of those listed in this Agreement, the Corporation will be responsible to pay the City for those actual costs for services provided by the City within thirty (30) days of receipt of the invoice.
6. **General Administrative Authority.** In providing services to the Corporation under this Agreement, including the purchase of supplies or equipment, the acquisition of services, the payment of contracts, bills, and debts of the Corporation, the City Manager and employees of the City responsible for providing those services have the same authority to take the administrative action necessary on behalf of the Corporation to provide the services under this Agreement as they have in providing comparable services to the City, as of the date of this Agreement, except as provided otherwise in this Agreement, state law, the Corporation's certificate of formation or bylaws.
 7. **Term & Termination.** This Agreement is effective from the date approved by both parties and continues in effect for consecutive one-year terms until terminated by either party giving the other thirty (30) days prior written notice of termination.
 8. **Prior Agreement.** This Agreement supersedes and replaces any prior agreements between the parties.
 9. **Law & Venue.** This Agreement shall be subject to all federal laws and the laws of the state of Texas as applicable to the parties and for the purposes expressed herein. Venue shall lie in Bastrop County, Texas.
 10. **Governmental Immunity.** Nothing in this Agreement shall be deemed to waive, modify, or amend any legal defense available at law or in equity nor to create any legal rights or claim on behalf of any third party.
 11. **Amendments & Modifications.** This Agreement may not be amended or modified except in writing and executed by the parties.
 12. **Severability.** In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof, but rather this entire Agreement will be construed as if not containing the invalid or unenforceable provision or provisions, and the rights and obligations of the parties hereto shall be construed and enforced in accordance therewith. The parties acknowledge that if any provision of this Agreement is determined to be invalid or unenforceable, it is their desire and intention that such provision be reformed and construed in such a manner that it will, to the maximum extent practicable, be deemed to be valid and enforceable.
 13. **Gender, Number & Headings.** Words of any gender used in this Agreement shall be held and construed to include any other gender, and words in the singular number shall be held to

include the plural, unless the context otherwise requires. The headings and section numbers are for convenience only and shall not be considered in interpreting or construing this Agreement.

14. Execution in Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall be considered fully executed when all parties have executed an identical counterpart, notwithstanding that all signatures may not appear on the same counterpart. The parties have executed and attested this Agreement by their officers as duly authorized on the date first written above.

15. Assignment. This Agreement may not be assigned without the prior written consent of the other party.

16. Entire Agreement. This Agreement embodies the complete agreement of the parties hereto, superseding all oral or written previous and contemporary agreements between the parties and relating to matters in this Agreement and, except as otherwise provided herein, cannot be modified without written agreement of the parties to be attached to and made a part of this Agreement.

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration, discussion, and possible action on approving an updated support agreement with the Bastrop Main Street Program.

AGENDA ITEM SUBMITTED BY:

Angela Ryan, BEDC Operations Manager

BACKGROUND/HISTORY:

The BEDC has an agreement Bastrop Main Street Program to provide annual funding support. This fiscal year, the amount of funding for the program in the BEDC budget has been reduced to \$25,000. The attached draft agreement has been updated to reflect that change.

FISCAL IMPACT:

\$25,000 annually

RECOMMENDATION:

Approve the attached draft agreement.

ATTACHMENT:

1. Draft Main Street Support Agreement with the City of Bastrop

**AGREEMENT FOR PROVISION OF MAIN STREET PROGRAM SUPPORT
BETWEEN THE CITY OF BASTROP AND
THE BASTROP ECONOMIC DEVELOPMENT CORPORATION**

THE STATE OF TEXAS §
 § KNOWN ALL MEN BY THESE PRESENTS:
COUNTY OF BASTROP §

THIS AGREEMENT (“Agreement”) is entered into and executed the _____ day of _____, 2025 (“Effective Date”), by and between the CITY OF BASTROP, a municipal corporation, acting by and through its City Manager as authorized by its City Council, situated in Bastrop County, Texas (hereinafter referred to as “City”), and the Bastrop Economic Development Corporation (hereinafter referred to as “BEDC”) acting by and through its Chair of the Board, and provides as follows:

WHEREAS, the City maintains a department within the City whose function is to advance the Bastrop Main Street Program to foster, encourage, support and direct downtown revitalization, while preserving the historical significance of Bastrop’s downtown district; and

WHEREAS, the vision of the Bastrop Main Street Program is to positively influence the continued preservation, enhancement and commercial vitality of Bastrop’s historic downtown as a distinctive destination that engages and inspires both residents and visitors; and

WHEREAS, this vision is implemented through the Bastrop Main Street Program’s mission that provides that the Program “through collaboration with other organizations and with volunteers’ insights, talents and energies, will be a catalyst for the continued revitalization, preservation and economic health of our historic downtown area.”

WHEREAS, the Program will be “Guided by the Main Street Four Point Approach of organization, design, promotion and economic vitality, we can continue positively transforming our historic downtown;” and

WHEREAS, the role of the BEDC is to enhance the quality of life in Bastrop by advancing the investment, development, growth and relocation of companies within the area. In addition to providing appropriate infrastructure, the BEDC promotes and supports economic development in the community that offers the people of Bastrop sustainable, meaningful and rewarding employment opportunities, and greater access to desirable goods and services; and

WHEREAS, the BEDC has continued to work collaboratively with the City and the Bastrop Main Street Program to foster economic development, investment and growth within the downtown area, participating actively with planning and development activities of the same; and

WHEREAS, the BEDC desires to monetarily support the Bastrop Main Street Program in exchange for economic development services that will assist both the City and the BEDC to achieve their respective missions; and

WHEREAS, the BEDC and the City are authorized under the laws of the State of Texas to enter into this Agreement; and

WHEREAS, the City acknowledges and agrees that the funds provided under this Agreement may, consistent with Title 12, Subtitle C1 Chapter 505 of the Texas Local Government Code, only be expended for the purpose of promoting new or expanded business development in the Main Street Program area and the general promotion of the Main Street Program Area; and

NOW, THEREFORE, in consideration of the mutual benefits described in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree to the following:

I. Findings

The foregoing recitals are hereby found to be true and correct and are hereby adopted and made a part of this Agreement for all purposes.

II. City Obligations

The City agrees to utilize any funding provided under this Agreement solely for the purpose of promoting new or expanded business development in the Main Street Program area and the general promotion of the Main Street Program area consistent with Title 12, Subtitle C1 Chapter 505 of the Texas Local Government Code. The Funding shall be expended as follows:

1. Supporting new businesses, business expansion, and/or business retention of existing and future Main Street Program Area businesses;
2. Collaboratively marketing the Main Street Program Area and its assets;
3. Collaboratively providing training and small business resources for businesses in the Main Street Program Area, as well as the rest of the community;
4. Assisting with business recruitment in the Main Street Program Area;
5. Supporting the BEDC and community in its entrepreneurial and small business programs

The City shall, at least twice per fiscal year, provide a report, either verbally or in writing or both, to the BEDC establishing how the Funding was expended and that it was expended for the purpose of promoting new or expanded business development, or business retention in the Main Street Program area and the general promotion of the Main Street Program area.

III. BEDC Obligations

The BEDC shall provide funding to the City in the amount of Twenty-five Thousand Dollars (\$25,000) per fiscal year (the "Funding"), conditioned upon the City's obligations herein. The funding shall be paid as a single lump sum annually at the beginning of each fiscal year. Additionally, the BEDC may provide project-to-project sponsorship funding on an as-needed basis, subject to mutual agreement and contingent upon BEDC Board approval for each specific project.

IV. General Provisions

1. **Non-Appropriations.** In the event that the BEDC's Board of Directors does not appropriate funds to make any payment under this Agreement for a fiscal year after the BEDC's fiscal year in which this Agreement becomes effective, or in the event that the City's City Council does not appropriate funds to continue the Main Street Program department, then this Agreement will automatically terminate at the beginning of the first day of the successive fiscal year. The BEDC or the City, as applicable, shall use their best efforts to provide prior written notice of such impending termination as soon as possible following the formal determination of said non-appropriation.
2. **Term & Termination.** In addition to automatic termination upon an event of non-appropriation provided above, either party may terminate this Agreement upon giving prior written notice to the other party, which termination shall be deemed effective the last day of the then current fiscal year. Further, if any state or federal law or regulation is enacted or promulgated which prohibits the performance of any of the duties herein, or if any law is interpreted to prohibit such performance, this Agreement shall automatically terminate as of the effective date of such prohibition. This Agreement is effective from the date approved by both parties and continues in effect for consecutive one-year terms until terminated by either party giving the other thirty (30) days prior written notice of termination.
3. **Severability.** If any clause or provision of this Agreement is held invalid, illegal or unenforceable under present or future federal, state or local laws, then and in that event it is the intention of the Parties hereto that such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and that the remainder of this Agreement shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained herein; it is also the intention of the Parties hereto that in lieu of each clause or provision of this Agreement that is invalid, illegal, or unenforceable, there be added as a part of the Agreement a clause or provision as similar in terms to such invalid, illegal or unenforceable clause or provision as may be possible, legal, valid and enforceable.
4. **Entire Agreement.** This Agreement constitutes the final and entire agreement between the Parties hereto and contains all of the terms and conditions agreed upon. No other agreements, oral or otherwise, regarding the subject matter of this Agreement, shall be deemed to exist or to bind the Parties hereto, unless same be in writing, dated after the date hereto, and duly executed by the Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement in the year and on the day indicated.

STAFF REPORT

MEETING DATE: January 27, 2025

TITLE:

Consideration and possible action on Resolution R-2025-0002, rescinding Resolution R-2024-0010 that suspended the sale of property in the Bastrop Business and Industrial Park.

AGENDA ITEM SUBMITTED BY:

Sylvia Carrillo-Trevino, ICMA-CM, CPM, Interim Executive Director and City Manager

BACKGROUND/HISTORY:

At the board meeting of November 18, 2024, the BEDC Board of Directors passed Resolution R-2024-0010, which suspended further sales of property in the Business Park until the results of the Sports Complex Feasibility Study were received from Hunden Partners.

The results of the study have been received, and this item is included in case the Board wishes to reinstate the sale of property in the Business Park.

FISCAL IMPACT:

N/A

RECOMMENDATION:

Approve the resolution as submitted.

ATTACHMENT:

- Draft Resolution R-2025-0002

A RESOLUTION OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION APPROVING THE REINSTATEMENT OF THE SALE OF PROPERTY IN THE BASTROP BUSINESS AND INDUSTRIAL, REPEALING R-2024-0010, AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, the Bastrop Economic Development Corporation (“BEDC”) is a public instrumentality and non-profit industrial development corporation duly established and operating under Texas Local Government Code, Chapters 501 and 505, *et seq.*, as amended, known as the Development Corporation Act of 1979 (the “Act”); and

WHEREAS, the BEDC is the owner of over fifty-one percent (51%) of that certain 265.403-acre tract of real property in Bastrop County, Texas, known as the Bastrop Business and Industrial Park (“Park”); and

WHEREAS, the BEDC has engaged Hunden Partners to conduct a study concerning the feasibility of building a sports complex in the undeveloped portion of the Park; and

WHEREAS, representatives from Hunden Partners visited the Park on October 8, 2024, and requested that the BEDC temporarily suspend the sale of any additional property in the Park until the feasibility study has been completed; and

WHEREAS, the BEDC Board of Directors approved Resolution R-2024-0010 suspending the sale of property in the Bastrop Business and Industrial Park until Hunden Partners had completed their feasibility study, on November 18, 2024; and

WHEREAS, the results of the feasibility study have been received, and a sports complex in the Business Park was not recommended; and

WHEREAS, it is hereby officially found and determined that the meeting at which this Resolution was passed was open to the public, and public notice of the time, place and purpose at which it was read was given in accordance with Chapter 551, Texas Government Code.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION THAT:

SECTION 1. The Board hereby finds that all of the recitals above are true and correct and are incorporated herein as if restated in full.

SECTION 2. The Board approves rescinding Resolution R-2024-0010 and reinstating the sale of Property in the Bastrop Business and Industrial Park.

SECTION 3. The Board authorizes BEDC’s Interim Executive Director to take all necessary actions related to this Resolution.

SECTION 4. This Resolution is effective upon passage.

PASSED AND APPROVED on the _____ day of _____ 2025 by the Board of Directors of the Bastrop Economic Development Corporation.

STAFF REPORT

MEETING DATE:

TITLE: Consideration and possible action approving Resolution R-2025-0003, approving a Wastewater Easement with Bastrop Independent School District, as attached in Exhibit A; and authorizing the execution of the necessary documents.

AGENDA ITEM SUBMITTED BY:

Sylvia Carrillo, ICMA-CM, CPM, City Manager & Interim Executive Director, Bastrop Economic Development Corporation

BACKGROUND/HISTORY: The Bastrop Economic Development Corporation (BEDC) purchased the property in April of 1995.

Today, Bastrop Independent School District (BISD) is expanding their site, and is requesting a wastewater easement. BISD wants to utilize the City's wastewater system, and in order to do so, this easement is necessary to connect to the nearest lift station.

FISCAL IMPACT:

N/A

RECOMMENDATION: Approve Resolution R-2025-0003, for a Wastewater Easement with Bastrop Independent School District, as attached in Exhibit A; and authorizing the execution of the necessary documents.

ATTACHMENT:

WASTEWATER EASEMENT

Date: _____

Grantor: **Bastrop Economic Development Corporation**

Grantor's Address: City Hall
1311 Chestnut Street
Bastrop, Bastrop County, Texas 78602

Grantee: _____

Grantee's Address: _____

Property: An exclusive easement and right-of-way in, upon, over, under, along, through, and across the parcel of real property of Grantor ("Easement"), said Easement consisting of approximately 0.209 acres, and more particularly described on **Exhibit "A"**, attached hereto and incorporated herein by reference ("Easement Tract").

Consideration: Ten Dollars (\$10.00) and other good and valuable consideration paid to Grantor for which no lien either express or implied is retained

Permitted Encumbrances: None

GRANT OF EASEMENT:

Grantor, for the sum of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and confessed, does hereby GRANT, SELL AND CONVEY unto Grantee the Easement in, upon, over, under, along, through, and across the Easement Tract TO HAVE AND TO HOLD the same perpetually to Grantee and its successors and assigns, together with the right and privilege at any and all times to enter the Easement Tract with full rights of ingress and egress from the adjoining property of Grantor, or any part thereof, for the purpose of construction, operation, maintenance, replacement, upgrade, and repair of the improvements which are constructed and installed therein or thereon under the terms of this Easement.

Grantor, on behalf of Grantor and his/her heirs, legal representatives, successors, and assigns, does hereby covenant and agree to WARRANT AND FOREVER DEFEND title to the Easement herein granted on the Easement Tract, unto Grantee, its successors, and assigns, against every person whomsoever lawfully claiming or to claim the same.

CHARACTER OF EASEMENT:

The Easement granted herein is "in gross," in that there is no "Benefitted Property." Nevertheless, the Easement rights herein granted shall pass to Grantee's successors and assigns, subject to all of the Terms hereof. The Easement rights of use granted herein are irrevocable. The Easement is for the benefit of the Grantee.

PURPOSE OF EASEMENT:

The Easement shall be for the sole use by the Grantee for public wastewater utility purposes, including placement, construction, installation, replacement, repair, maintenance, upgrade, relocation, removal, and operation of public wastewater or water pipelines and related appurtenances, or making connections thereto ("Facilities"). The Easement shall also be used by the Grantee for the purpose of providing access for the operation, repair, maintenance, replacement, and expansion of the Facilities.

Upon completion of construction, Grantee agrees to restore the surface of the Easement Tract as follows: remove any construction debris or other material remaining on the site after construction, remove any disturbed rock, roots, and soil, remove any temporary barriers, remove any temporary access roads and drainage facilities, revegetate disturbed vegetated areas, and restore roadway surfaces to existing or better condition, unless requested otherwise by Grantor.

DURATION OF EASEMENT:

The Easement shall be perpetual. Grantor hereby binds Grantor and Grantor's heirs, legal representatives, successors, and assigns, to warrant and forever defend the Easement on the Easement Tract unto Grantee, its successors, and assigns, against any person whomsoever lawfully claiming.

GRANTOR USE:

Grantor hereby retains surface use of the Easement and the right to plant and maintain ground cover and grasses only. Grantor relinquishes the authority for planting or cultivation of bushes, trees or other living matter, and building and maintaining any structures within the Easement, and acknowledges that such uses are specifically prohibited. Grantor grants to Grantee the right to remove any living material or structures located within the Easement Tract, without Grantor recourse, to prevent interference with the operation or repairs to Grantee's facilities or use within the Easement Tract.

A RESOLUTION OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION BOARD APPROVING A WASTEWATER EASEMENT WITH BASTROP INDEPENDENT SCHOOL DISTRICT, AS ATTACHED IN EXHIBIT “A” AND AUTHORIZING THE EXECUTION OF NECESSARY DOCUMENTS.

WHEREAS, Bastrop Economic Development Corporation and Bastrop Independent School District desire to enter into an agreement for the sale of a permanent wastewater easement, to utilize the City’s wastewater system, and in order to do so, this easement is necessary to connect to the lift station nearest to their expansion project and described on Exhibit “A”; and

WHEREAS, the Bastrop Economic Development Corporation finds that it is in the best interest of the Bastrop Economic Development Corporation to enter into this agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE BASTROP ECONOMIC DEVELOPMENT CORPORATION THAT:

SECTION 1. The Bastrop Economic Development Corporation authorizes the City Manager, to sign the easement documents attached as Exhibit “A.”

SECTION 2. All forms shall be approved by Bastrop Economic Development Corporation’s Attorney.

SECTION 3. The Board authorizes BEDC’s Interim Executive Director to take all necessary actions related to this Resolution.

SECTION 4. This Resolution is effective upon passage.

PASSED AND APPROVED on the _____ day of _____ 2025 by the Board of Directors of the Bastrop Economic Development Corporation.
