**Reason
for demo of garage:**

Demo due to rotted and termite damage to plateline, 2x4 walls and siding.

Foundation is below grade line and allows water to enter garage.

Roof damaged by fallen tree limbs.

STAFF REPORT

MEETING DATE: June 15, 2022

TITLE:

Public hearing and consider action to approve a Certificate of Appropriateness for Demolition, to demolish a detached garage and covered walkway, being 0.636 acres out of Farm Lot 18 East of Main Street, located at 1303 Pecan Street, known as the Klockman-Elzner/Prince Elzner House.

STAFF REPRESENTATIVE:

Jennifer C. Bills, Director of Planning & Development/Historic Preservation Officer

ITEM DETAILS:

Site Address:	1303 Pecan Street (Attachment 1)
Property Owner	Robert & Betsy Carpenter
Applicant:	Marc Merino
Existing Zoning:	P-3 Neighborhood
Designations:	Local Historic Landmark, TX Historic Marker, and National Register

BACKGROUND/HISTORY:

The applicant is requesting to demolish the detached garage and attached covered walkway on the southeast side of the property, facing Beech Street.

The demolition of the structure began prior to a Certificate of Appropriateness or demolition permit being obtained. A stop work order was issued, but the siding on the structure had already been removed.

The applicant provided no information on the existing lot or the original date of construction of the garage at 1303 Pecan Street. The Bastrop Central Appraisal District lists the year built as 1965. The applicant states the structure has termite damage and roof damage due to falling branches. The Building Official did not see any termite damage and deemed that the property could be repaired. While the garage does not hold specific historical value, the architectural style of the garage is very typical of the mix of styles that are found within the surrounding neighborhood.

PUBLIC NOTICE:

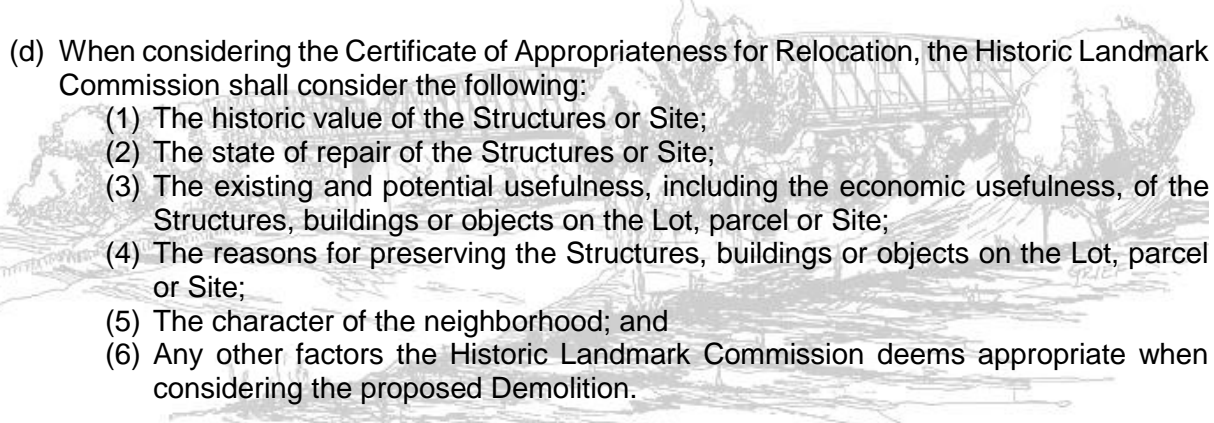

Mailed notice was sent to 19 surrounding property owners within 200 feet of the property on June 3, 2022. At the time of this report, we have received no responses (Attachment 3).

POLICY EXPLANATION:

With the adoption of the Bastrop Building Block (B³) Code and the Iredell Historic District, any structure within the Iredell Historic District, regardless of age or designation, is subject to Historic Landmark Commission review. If the Building Official deems a structure unsafe, the demolition is not reviewed by the HLC.

Prior to the B³ Code, only structures with the Bastrop Commercial National Register District or local Historic Landmarks, State Landmarks and National Register Designated properties were subject to HLC review.

SEC. 9.4.001 COA FOR DEMOLITION OR RELOCATION REQUIRED

- 
- (a) A permit for Demolition, Removal, or Relocation for any local, state, or national Historic Landmark or any structure or Site within a Historic District shall not be granted by the City without the review and approval of a Certificate of Appropriateness by the Historic Landmark Commission in accordance with the provisions of this article.
 - (d) When considering the Certificate of Appropriateness for Relocation, the Historic Landmark Commission shall consider the following:
 - (1) The historic value of the Structures or Site;
 - (2) The state of repair of the Structures or Site;
 - (3) The existing and potential usefulness, including the economic usefulness, of the Structures, buildings or objects on the Lot, parcel or Site;
 - (4) The reasons for preserving the Structures, buildings or objects on the Lot, parcel or Site;
 - (5) The character of the neighborhood; and
 - (6) Any other factors the Historic Landmark Commission deems appropriate when considering the proposed Demolition.
 - (e) If the Historic Landmark Commission determines, that the evidence supports the Demolition, Removal or Relocation of the Structure or if the Historic Landmark Commission determines that the interest of preserving historic values will not be adversely affected by such Demolition, Removal or Relocation that the interest of preserving historical values can best be served by the Removal of the Structures, buildings or objects, it shall issue a Certificate of Appropriateness for Demolition of the Structures or Site.
 - (f) If no action has been taken by the Historic Landmark Commission within 60 days of original receipt by the Historic Landmark Commission of the Application, the Certificate of Appropriateness for Demolition shall be deemed approved by the Historic Landmark Commission.
 - (g) Any Applicant who is dissatisfied with the action of the Historic Landmark Commission relating to the issuance or denial of a Certificate of Appropriateness shall have the right to Appeal the determination to the City Council. The Applicant has 15 calendar days from date of the Historic Landmark Commission action to file for the Appeal. The Appeal request will be placed on the next available City Council agenda. To be considered, the Appeal shall set forth the grounds for such Appeal and shall provide the City with any pertinent evidence and all related documentation related to the Appeal. The City Council shall use the adopted approval criteria for the Appeal review.

STAFF ANALYSIS:

The structure is a similar and compatible style to other structures on the block with the horizontal wooden siding. The garage is more than 50 years old but is not original to the Klockman-Elzner/Prince Elzner House (circa 1910).

Any modifications to the primary designated house or any new structures built in front of the house facing Pecan or Beech Streets will require a COA approved by the HLC. Any other new structures can be approved administratively and will comply with the requirements of the Bastrop Building Block (B³) Code.

The Historic Preservation Officer recommends the following conditions:

1. Demolition of the garage and covered walkway.

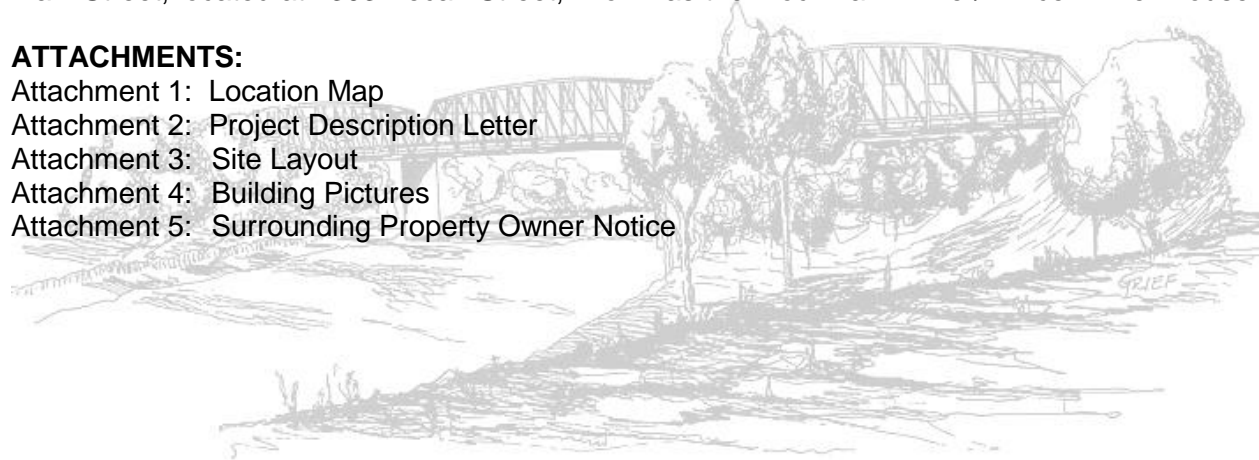

A building demolition permit must be approved prior to the demolition activity.

RECOMMENDATION:

Public hearing and consider action to approve a Certificate of Appropriateness for Demolition, to demolish a detached garage and covered walkway, being 0.636 acres out of Farm Lot 18 East of Main Street, located at 1303 Pecan Street, known as the Klockman-Elzner/Prince Elzner House.

PROJECT DESCRIPTION LETTER
CARPORT ADDITION
1403 MAIN ST.

The house is located on the corner of Main St. and Buttonwood St. The project is the addition of a 3 car carport, with entrance from the driveway located on the Buttonwood St. side of the house. There is an existing 1 car garage that dates probably from the 1930's.

The carport addition will provide covered parking for our cars and address existing drainage issues. We have hired local architect David Gostecnik to ensure that the design is in keeping with the historic character of our home.

The home is listed in the National Register of Historic Places and is designated a Recorded Texas Historic Landmark. The Brooks-Wilbarger House is included in the Historic American Building Survey (HABS).

STAFF REPORT

MEETING DATE: June 15, 2022

TITLE:

Consider action to approve a Certificate of Appropriateness for 1.039 acres of Farm Lot 2, East of Main Street, located at 1403 Main Street, to add two-car carport to the accessory building facing Buttonwood Street, known as the Wilbarger House.

STAFF REPRESENTATIVE:

Jennifer C. Bills, Director of Planning & Development/Historic Preservation Officer

ITEM DETAILS:

Site Address: 1403 Main Street (Attachment 1)
Property Owner: David & Sarah Johnson
Current Use: Residential
Existing Zoning: P-3 Neighborhood
Designations: Local, Texas Historic Marker, and National Register

BACKGROUND/HISTORY:

The property owner at 1403 Main Street is proposing to add on to the existing accessory dwelling unit on the southeast corner of the property, facing Buttonwood Street (Attachment 3). The Long House was built in 1842 for the Wilbarger family. Once the site of many of Bastrop's social and musical events, the Wilbarger house remains as an outstanding example of Greek Revival architecture in Texas.

The new addition is to the rear of the structure and will use the same siding style, post styles, and roofing material found on the existing accessory dwelling unit.

Materials: board and batten Siding, metal roof

POLICY EXPLANATION:

When a Certificate of Appropriateness is required, no work can begin before the Historic Preservation Officer, or the Commission has first issued a Certificate of Appropriateness. The Certificate of Appropriateness shall be in addition to and not in lieu of any permits required (i.e. building, sign, alcohol, etc.). The Building Official cannot approve any application for a sign or building permit to a structure and/or site that requires but does not have a Certificate of Appropriateness.

Section 9.3.006 Criteria of Approval of a Certificate of Appropriateness (COA)

- (1) In considering an application for a Certificate of Appropriateness, the commission shall be guided by any locally adopted design standards, and where applicable, the following from the *Secretary of the Interior's Standards for the Rehabilitation of Historic Buildings*. Any adopted design standards and *Secretary of the Interior's Standards* shall be made to the property owners of historic landmarks.

Applicable criteria

- (A) **Every reasonable effort shall be made to adapt the property in a manner which requires minimal alteration of the building, structure, object, or site and its environment.**
- (I) **Contemporary design for alterations and additions to existing properties shall not be discouraged when such alterations and additions do not destroy significant historical, architectural, or cultural material, and such design is compatible with the size, color, material, and character of the property, neighborhood, or environment.**
- (J) **Wherever possible, new additions or alterations to buildings, structures, objects, or sites shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the building, structure, object, or site would be unimpaired.**

The proposed addition to the structure is compatible with both the design and material of the existing structure, and the architectural style of the era and neighborhood.

RECOMMENDATION:

Consider action to approve a Certificate of Appropriateness for 1.039 acres of Farm Lot 2, East of Main Street, located at 1403 Main Street, to add two-car carport to the accessory building facing Buttonwood Street, known as the Wilbarger House.
