2. Nature of Amendment *[Check those that are applicable and delete those that are inapplicable.]*

- Additional Services to be performed by Engineer
- Modifications to Services of Engineer
- Modifications to Payment to Engineer
- Modifications to other terms and conditions of the Agreement

3. Description of Modifications

The scope of work for the original Work Order was for the completion of the following professional services for the project area as outlined in the Work Order:

Topographic/Location Survey
 Project Development/Scoping

Amendment #1 was required to complete NMDOT Project Certifications and Preliminary Design phases of the project.

Amendment #2 was required to adjust the Project Development/Scoping upper target fee to actual spent, complete the Pre-Final Design, PS&E Documents, and the Bidding phases for the project.

Amendment #3 is required at this time to complete the professional services associated with construction of the proposed Sidewalk & ADA Improvements.

Line items associated with Amendment #3 consists of the following:

- 1) **Work Permits** – preparation of required Work Permits for the placement of base course on private property for the smooth transition from private property to back of new drive pad. A total of eight (8) Work Permits are required.
- 2) **Construction Management** - preparation for, and attendance at, the pre-construction conference, preparation of executed construction contract documents, preparation of construction source book for verification of quantities, review of construction submittals, review and address requests for information from contractor, review and approval of contractor pay applications and project modifications/change orders by project engineer, and site visits by project designer or project engineer.
- 3) **Quality Assurance (QA) Testing** – coordinating/scheduling of subconsultant (Summit Technical) for the required testing; sampling and testing associated with the earthwork, concrete and minor paving during the construction of the proposed improvements; and review of test results for conformance with the 2019 NMDOT specifications for payment to the contractor.

**City of Bayard
