### III. DISMISS

#### Notice

*It is possible that sometime between 6:00 PM and 6:30 PM immediately prior to this meeting, during breaks, and directly after the meeting, a majority of the Governing Body may be present in the Council Chambers or the lobby of City Hall. No one is excluded from these areas during these times. Channel 7 rebroadcasts of this meeting are scheduled daily or can be streamed on YouTube. Please make sure all cell phones and other electronics are turned off and put away.*

City of Bel Aire, Kansas

## STAFF REPORT

DATE: April 7, 2022

TO: Governing Body

FROM: City Attorney

RE: Sign Code Review

---

**Background:** The intent of the Sign Code is to regulate and control all exterior signs placed for observation in order to preserve, protect and promote the public health, safety, and general welfare of the residents of the City of Bel Aire. Further, it is intended to: encourage the reasonable, orderly and effective display of signs; enhance the physical appearance of the City; reduce visual clutter; prevent blighting influences and protect property values.

Here are the main complaints we get about signs in order of frequency:

- *Neighbors complaining about content or maintenance of a sign that a neighboring property owner has displayed.*
- *Residents complaining about signs cluttering intersections and making the city look run-down.*
- *Drivers/neighbors complaining about the brightness of a business sign along the road.*
- *Property owners complaining about having to pay to displaying a sign in their own front yard.*

The law has been very active regarding the regulation of signs. Localities must limit regulation of signs to **Time, Place, Manner** of display and not address content. This can be challenging as a person has to often read a sign to determine if it is in the right place and manner. Our code aims to limit regulation to location, sizes, and display time. There is some clean-up work that should be done to refine this effort even more. There are also some opportunities for Council to address some of the complaints without getting into specific content regulation of signs:

### Discussion Points

- **Should code enforcement prioritize addressing dilapidated or poorly maintained signs in 2022?**
- **Should City consider allowing one temporary yard sign per year on any residential property for 30 days with a simple online permit application?**
- **Should Council re-evaluate sign illumination standards to reduce light pollution?**
- **Should Council re-evaluate the \$50 sign permit fee?**

erection of barricades, 2) causing the property upon which the fence is located to be vacated, or 3) causing the fence to be taken down, repaired, shored or otherwise made safe. Such action by the governing body and enforcing officer may be taken without prior notice or hearing of the owners, agents, lien holders, occupants, or other parties in interest. The costs of any action under this section shall be reported and documented, notice of costs shall be afforded, and the costs shall be assessed, in the same manner as provided within the nuisance abatement code.

17.8.22

Notice To Owner

Notwithstanding any other provision of this Article or of law, any and all notices required by this Article shall also be served upon the owner of the premises or property upon which there exists a nuisance.

17.9.01

Statement of Intent

The intent of this Article is to regulate and control all exterior signs placed for observation in order to preserve, protect and promote the public health, safety, and general welfare of the residents of the City of Bel Aire. Further, it is intended to: encourage the reasonable, orderly and effective display of signs; enhance the physical appearance of the City; reduce visual clutter; prevent blighting influences; protect property values; provide minimum standards to safeguard life, health, and property by regulating and controlling the size, height, design, quality of materials, construction, location, electrification and maintenance of all signs and sign structures; and authorize the use of signs which are compatible with their surroundings.

**17.9.2****Definitions**

- A. "A" Frame Sign: A freestanding sign which is ordinarily in the shape of an "A" or some variation thereof, which is readily moveable, and is not permanently attached to the ground or any structure.
- B. Address Sign: A sign indicating only the common street address and/or the occupant of a dwelling or structure. For the purposes of this definition, a nameplate shall be construed to be an address sign.
- C. Abandoned Sign: A sign which no longer advertises or identifies a business, lessor, owner, product, activity, message or location that is available to the public.
- D. Attention-Attracting Device: Any device intended to attract the attention of the public to an establishment, location, product or service, except signs as permitted by this sign code.
- E. Awning Sign: (Illuminated and/or non-illuminated.) A sign which is mounted, painted or printed on, or attached to an awning, or canopy. For the purposes of this definition, a canopy sign and a marquee sign shall be construed to be an awning sign.
- F. Billboard: A freestanding outdoor advertising structure which advertises a product or service, or relays a message to the public, meeting size limitations as set out by this sign code.
- G. Canopy:
1. Building canopy: A roof-like structure attached to a building covering the entrance, exit, walkway or loading dock, not including the building roof line extension. For the purposes of this sign code, when the pitch of a building canopy is 1:4 or less (twenty-five (25) degrees or less from vertical), the face of the canopy shall be considered part of the wall.
  2. Freestanding canopy: A self-supported, detached roof-like structure normally covering gas islands.
- H. Community Information Signs: A sign, located within a Master Planned Community, that serves to direct people to a residential subdivision, public building, or community facility such as, but not limited to, a recreational area, nature trail, golf course, lake marina, information area, etc.
- I. Complex: A group of freestanding buildings, or buildings constructed in such a way as to give an appearance of being interrelated because of architectural similarity and/or interconnected drives and parking areas; or a building divided into three (3) or more separate offices, businesses or apartments provided that the building is not part of a large complex. A complex shall be limited to apartment, office or business complexes, shopping centers and/or industrial parks.
- J. Construction Signs: A sign erected on the premises on which development is taking place during the period of such development. Such sign may indicate the names of architects, engineers, landscape architects, contractors or similar individuals, and the owners, financial supporters, sponsors or similar individuals or firms having a role or interest with respect to the structure or project.
- K. Copy Area: (See Sign Face.) The entire face of a sign including the advertising surface and any framing, trim or molding, but not including the supporting structure.

- L. Directional Sign: A sign which serves solely to designate any area or activity such as "exit," "one-way," "drive-in," "auto service," etc.
- M. Directly Illuminated Sign: A sign where the source of illumination is located on the sign face. The source of illumination may include, but not be limited to neon tubes, incandescent bulbs, and fluorescent tubes.
- N. Erected: This term shall mean attached, altered, built, constructed, reconstructed, and shall include the painting of wall signs, but does not include copy changes on any legal conforming sign.
- O. Fuel Rate Sign: A sign which identifies gasoline and/or petroleum product rates or prices in words, numbers, figures or any combination thereof.
- P. Garage Sale Sign: A temporary sign advertising a sale of personal items in a residential yard or structure.
- Q. Governmental Sign: A sign for the control of traffic and other regulatory purposes, street signs, construction signs, danger signs, railroad crossing signs, and signs of public service companies indicating danger and aids to service or safety which are erected by or on the order of any public officer in the performance of his public duty.
- R. Identification Sign: A monument sign identifying a complex.
- S. Incidental Sign: A sign which indicates to the public, goods, facilities or services available on the premises. For the purposes of this definition, credit card signs, signs indicating hours of operation, "help wanted" signs, and similar signs shall be construed to be incidental signs.
- T. Indirectly Illuminated Sign: A sign which is illuminated by a shielded light source.
- U. Internally Illuminated Sign: A sign illuminated by an internal light source diffused through a translucent material.
- V. Master Planned Community: A mixed-use development consisting of six hundred forty (640) or more contiguous acres under one (1) ownership, for which a comprehensive master plan has been approved by the city planning commission.
- W. Monument Sign: A freestanding sign having a solid appearance and a low profile, normally consisting of a face and base. Said sign may be constructed with stone, concrete, metal, routed wood planks or beams, brick or similar materials.
- X. Nameplate Sign: A single-faced, non-illuminated wall sign which displays only the name and occupation of the person or persons occupying space in the building. Nameplate signs may be part of a wall sign.
- Y. Off-site development sign: A temporary freestanding, non-illuminated sign used to direct people to a single-family or duplex subdivision.
- Z. On-site developmental sign: A temporary freestanding, non-illuminated sign identifying a building or construction site and the architects, engineers, financial institutions, contractors, suppliers and Realtors involved. An on-site development sign includes a "coming soon" sign.
- AA. Parapet or parapet wall: That portion of a building wall that rises above the roofline.

BB. Person: An individual, corporation, association, firm or partnership.

CC. Political Signs: A sign supporting a candidate for public office or measures on an election ballot.

DD. Portable Signs: A sign which is not permanently affixed to the ground, building or other structure, which may be mounted on wheels, and can easily be transported from place to place.

EE. Projecting Sign: A sign extending from the face of the building to which it is attached, not including wall signs. Also known as blade signs.

FF. Public Notices and Signs: Official notices or signs for a public purpose as required by any law, statute or ordinance or as permitted by the Governing Body.

GG. Real Estate Sign: A on-site or off-site sign which advertises the sale, rental or lease of property, or special program signs, such as, open house, energy conservation, warranty, builder, etc.

HH. Roof: The primary cover of a building used to shed weather, including all supporting materials.

II. Roof Sign: A sign erected, constructed or maintained partially or wholly upon or over the roof of a building, a building canopy, or a freestanding canopy.

JJ. Sign - Advertising – A sign that has as its purpose to promote, advertise or sell a product or service obtainable on the premises upon which the sign is located, and not to identify the premises.

KK. Sign Face: That area within a line including the outer extremities of all letters, figures, and characters within a line including the outer extremities of the framework or background.

LL. Sign Alteration: The replacement, enlargement, rewording, reduction, reshaping, or repainting using different colors, of a sign to serve an establishment or business.

MM. Sign Maintenance: The normal care and minor repair that is necessary to retain a safe, attractive sign and supporting structures. Repainting with the same colors, or repairing copy or logo shall be considered maintenance if the name, product, service, place, activity, person, etc., depicted remains the same.

NN. Sign Structure: The base, supports, uprights, braces, framework and face of a sign.

00. Snipe Sign: A sign constructed of any kind of material that is attached to a utility pole, tree, fence or similar object located or situated on public or private property.

PP. Subdivision Entry Marker: A sign used to identify a platted subdivision of twenty (20) or more single-family or duplex lots. Each neighborhood shall be permitted monument type neighborhood entry markers as approved by the City.

QQ. Temporary Sign: A sign constructed of cloth, canvas, cardboard, plywood or other similar material, which is readily moveable, and is not permanently attached to the ground or any structure thereof, and which is intended to be displayed for a short period of time.

RR. Time and/or Temperature Sign: A sign displaying time and/or temperature information with no additional advertising or comments other than the name of the company which owns the sign.

SS. Under Canopy Sign: A sign that is placed under the canopy at right angles to the wall of the building. Its sole purpose is for communicating to pedestrian traffic the name of the tenant.

TT. Vehicular Sign: Any sign which is attached to or placed upon a parked motor vehicle and placed in a position or location for the sole purpose of displaying the same to the public.

UU. Wall: A vertical structure which is solid and encloses a building, and supports the roof.

VV. Wall Sign: A sign that is parallel to, and attached to, the surface of a wall, including illuminated awning signs. If a sign is placed on a canopy that has a roof slope of 1:4 or less (twenty-five (25) degrees or less from vertical), the face of the sign may be perpendicular to the ground.

### **17.9.3 Administration**

A. Sign Permit Required in the City of Bel Aire in accordance with the provisions of this Article.

1. It shall be unlawful for any person to erect, or alter any sign as defined in this sign code without first obtaining a sign permit. This requirement shall not be construed to require a permit for sign maintenance as defined in Section 17.9.02-Definitions above, altering changeable copy on theater signs, billboards or similar signs, or signs exempted from a permit as described elsewhere in this sign code.

2. Applications: Sign permits shall be made on a form provided and shall be accompanied by two (2) sets of plans drawn to scale indicating the sign size, location, method of illumination, colors, materials of the sign and structure, and method of attachment. In addition, the applicant shall submit other information relating to the placement, construction, design, etc., of the sign as may be required.

3. Issuance: The city shall issue a permit for the erection, alteration, or relocation of a sign within the city when an application has been properly made and the sign complies with all appropriate laws and ordinances.

4. Sign Permit Number: All signs hereafter installed shall have permanently affixed thereto a label, clearly visible at all times, indication the number of the sign permit issued.

5. Revocation and Denial: The city may, in writing, suspend or revoke a permit issued under the provisions of this section whenever the permit is issued on the basis of a misstatement of material fact or fraud. When a sign permit is denied by the city, the city shall give written notice of the denial to the applicant, together with a brief written statement of the reasons for the denial.

6. Sign Permit Appeals:

- a. Failure of the city to grant permit within forty-five (45) days.

- b. Appeal may be made to the City Manager upon denial of a sign permit.

7. Effect of Permit Issuance: No permit for a sign issued hereunder shall be deemed to constitute permission or authorization to maintain an unlawful sign nor shall any permit issued hereunder constitute a defense in an action to abate an unlawful sign.

B. Permit Fees: Each applicant, before being granted a permit, shall pay a permit fee pursuant to city resolution.

1. If it has been determined that any sign or other advertising structure regulated herein is unsafe, or has been constructed, erected or is being maintained in violation of the provisions of this sign code, written notice shall be given to the sign owner. The owner shall immediately remove or repair the sign to bring it into compliance and/or make it safe. If the owner fails to remove or repair the sign so as to comply within five (5) days after the notice, the City may cause the sign to be removed or repaired to make it safe, at the expense of the permittee or owner.

2. The City shall mail a statement of the costs for removal or repair of the unsafe or unlawful sign to either the last known address of the owner of record of the property, the person in charge of such property, or the sign permittee. If said costs are not paid within ten (10) days from the time of mailing of the notice, the City shall levy a special assessment for the cost against the subject lot or parcel of land. The City shall certify the assessment to the Sedgwick County Clerk for collection and payment to the City in the same manner as other assessments and taxes are collected and paid to the City.

C. Access and Right of Entry:

1. The City retains the right to make an inspection of any sign for the purpose of determining compliance with this sign code. Inspections shall be done at a reasonable time.

2. If the building, premises or establishment to be inspected is occupied, the City shall first present proper credentials and demand entry. If such building or premises is unoccupied, he/she shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and demand entry. If such entry is refused, the City shall have recourse as provided by law to secure entry.

3. If after demand, entry or access is refused, the City may acquire such access by application to a court of competent jurisdiction.

#### **17.9.4 General Standards**

A. Routine Maintenance: All signs shall be of sound structural quality, be maintained in good repair, and have a clean and neat appearance. The land adjacent shall be kept free from weeds and trash. If signs are not being maintained as described, said sign may be ordered to be removed.

B. Placement on Easement or Right-of-way: Except in conformance with K.S.A. 25-2711 (2015) regarding placement of political signs during an election period, and 17.9.05 of this Code, no private sign shall be placed on a public easement or public right-of-way.

C. Illuminated Signs: Illuminated signs shall be internally, or indirectly-illuminated. Neon tubes, incandescent bulbs, fluorescent tubes, and other sources of direct illumination that would be exposed to the human eye shall not be permitted.

D. Compliance with Building Code: All signs shall comply with the appropriate detailed provisions of the City Building Code relating to design, structural members and connections. Signs shall also comply with the provisions of the National Electrical Code and the additional construction standards hereinafter set forth in this section.

E. Measurements of Signs:

1. In determining the copy area of a sign, the entire face of the sign, including the advertising surface and any framing, trim or molding, shall be included. Should the sign structure or supports become part of the sign due to the design of the structure or supports in relation to the sign, said structure or supports shall be included in the determination of copy area.

2. In the instance where a sign is composed of letters only, with no connection by the advertising structure between the letters, the copy area shall be determined by measuring the distance from the outside edges of the outside letters and from the top of the largest letter to the bottom of the lowest letter. Should one (1) letter be unequally large or small in comparison to the other letters composing the sign, the unequal letter shall be squared off, the remaining letters shall be measured from the outside edges, and the two (2) added for a total copy area determination.

3. Unless determined by the zoning district regulations, the allowable copy area of a sign shall be based on one (1) side of the sign. Double-faced copy area is allowed provided that both sides of the sign are parallel to one another and that the applicable zoning district regulations are not conflicting.

### **17.9.5 Signs Permitted in All Districts**

The following signs shall be permitted in all districts and shall not require a sign permit, unless otherwise noted. The signs must be in conformance with all other regulations and ordinances of the City.

A. Changeable Copy: Permits shall not be required for replacing or altering changeable copy on theater signs, billboards, or other similar signs.

B. Sign Maintenance: Sign maintenance as defined in Section 17.9.13 of this Article.

C. Garage Sale Signs: All garage sale signs shall be removed no later than one (1) day after the end of the garage sale. Garage sale signs include sample and yard sale signs. Such signs shall not exceed four (4) square feet per sign, with two (2) faces per sign permitted.

D. Governmental Signs and Public Notices.

E. On-Site Development Signs:

1. The sign must be on the site of the development, and shall not exceed eight (8) feet in height or thirty-two (32) square feet in area per face.

2. The sign may have two (2) faces. A maximum of two (2) on-site development signs may be permitted for a development.

F. Off-Site Development Signs: Two (2) such signs may be permitted, after approval by the City. Off-site development signs shall not be closer than one thousand (1,000) feet to another off-site development sign or closer than five hundred (500) feet to the property line of property zoned residential. Size and height for off-site development signs shall be the same as for on-site development signs. Off-site development signs shall not be approved for a period in excess of one (1) year, additional years may be applied for if necessary. A sign permit is required.

G. Nameplate Sign: Such signs shall not exceed four (4) square feet in area.

H. Political Sign: Political signs shall not exceed four (4) feet in height and eight (8) square feet per face with two (2) faces permitted. Political signs shall not be:

1. Placed, erected or maintained on or in public buildings and structures, including libraries, recreational centers, parking structures, city hall, or on or in public parks, lawns, vehicles, trees, shrubs, fences, walks, parking meters, traffic signs or fire hydrants.

2. Placed, erected or maintained on public property or public right-of-way except within the 47 day election period as defined within K.S.A. 25-27-2711;

3. Placed, erected or maintained so as to pose a visibility hazard to pedestrian or motor vehicle traffic along streets, sidewalks or at street corners. To comply with this regulation:

- i. No sign shall be located:

1. between the street and any sidewalk;
    2. in a manner that blocks access to a curb cut or ADA access point;
    3. within four feet of a roadway, as measured from the curb.

- ii. No sign shall exceed thirty (30) inches in height as measured from the ground to the finish height of said sign. No sign shall exceed three (3) feet in width as measured from the widest part of each side of said sign. The enforcing officer shall verify that any such sign complies with all provisions of this Code. In areas without curbs, the enforcement officer may measure from the low edge of the road.

- iii. In areas with identified specific traffic safety concerns the City Engineer may determine that traffic safety requires site specific sign regulations which shall be posted upon the City's website.

4. Lighted.

5. Placed, erected or maintained earlier than the election period: forty-five (45) days before and two (2) days after any election scheduled by the Sedgwick County Election Commissioner.

6. In the event such signs are not removed, the city is authorized to remove said signs and to charge the candidate or campaign on whose behalf the signs were erected using the procedure set forth in Section 17.9.03 - Administration of this Article.

I. Real Estate Sign:

1. Single-Family and Two-Family Districts: Such signs shall not exceed four (4) square feet per face, with two (2) faces per sign permitted. The maximum height of the sign shall not exceed four (4) feet. A maximum of one (1) sign per lot shall be permitted.

2. Multi-family, Commercial and Industrial Districts: Such signs shall not exceed sixteen (16) square feet in area per face with two (2) faces permitted. The sign shall not exceed height (8) feet in height. A maximum of two (2) signs shall be permitted for each project. In addition, one (1) real estate sign, not exceeding four (4) square feet per face, with a maximum of two (2) faces permitted, and a maximum height of six (6) feet shall be permitted. A sign annual application and permit is required.

3. Undeveloped Land for Sale Signs: In lieu of the signs permitted in paragraphs 1 and 2 above, undeveloped and unplatted land over ten (10) acres in size shall be permitted two (2) "For Sale" signs not to exceed thirty-two (32) square feet in area per face, with two (2) faces permitted. The signs shall not exceed eight (8) feet in height. A sign annual application and permit is required.

J. Directional Sign: Such sign shall not exceed four (4) square feet per face with two (2) faces permitted. The sign shall not exceed four (4) feet in height if freestanding.

K. Civic Organization Signs: After approval by the Planning Commission a non-illuminated sign displaying the logos of civic organizations operating in the city may be permitted on major arterials, highways or expressways at the city limits. The signs shall not exceed sixteen (16) square feet per face, with one (1) face permitted. The maximum height shall not exceed eight (8) feet.

L. Address Numbers: All primary structures shall have an address number visible from the adjacent street. Address numbers shall not exceed two (2) square feet in total area.

M. Community Information Signs:

1. A signage plan that includes directional signs, governmental signs, identification signs, subdivision entry markers, monument signs, etc. The Community Information Signs shall be harmonious in color, sizing and location. The purpose of such signs will be to facilitate the movement of vehicular and pedestrian traffic within a development. The number of signs shall be kept to the minimum necessary to accomplish this purpose.

2. Each sign shall not exceed ten (10) square feet per face with two (2) faces permitted. The sign shall not exceed four (4) feet in height. The minimum setback from any property line shall be four (4) foot. The design of the sign may incorporate a base of materials consistent with the overall signage plan. The sign base area shall not exceed the actual face area by more than ten (10) percent.

3. No advertising or promotional information is permitted on a Community Information Sign; however, a logo may be permitted. Such sign may be non-illuminated, indirectly illuminated, or internally illuminated.

4. Such sign shall be maintained by the sign owner according to the provisions of this sign code.

5. A sign application and permit is required.

6. A sign plan must be approved by the Zoning Administrator.

### **17.9.6 Signs Permitted in Residential Districts**

The following signs shall be permitted designating the subdivision or neighborhood:

- A. Subdivision Entry Markers: Each subdivision shall be permitted monument type subdivision entry markers as approved by the City.
- B. Monument Signs: Every building constructed for a permitted non-residential use shall be permitted one (1) monument sign not to exceed ten (10) feet.
- C. Identification Signs: One (1) identification (monument) sign per multifamily complex. If the complex fronts on two (2) streets, one (1) identification sign shall be allowed on each street frontage.

### **17.9.7 Signs Permitted in Commercial Districts**

The following signs shall be permitted:

- A. Wall Signs: Each business or establishment shall be permitted not more than one (1) wall identification sign. The area of the wall sign shall not exceed ten (10) percent of the area of the wall upon which it is mounted.
- B. Monument Signs:
  - 1. One (1) monument identification sign shall be permitted for each freestanding building housing one (1) tenant.
  - 2. In complexes, or single business sites, on property more than five (5) acres in size and with more than one (1) street frontage, or one thousand (1,000) feet of street frontage, a second identification (monument) sign shall be permitted on each street frontage.
- C. Free Standing Identification Sign is a pylon that is freestanding two-faced sign permanently fixed to the ground by supports not to exceed forty-five (45) square feet per face.
- D. Under Canopy Signs: In complexes with three (3) or more tenants, under canopy signs shall be permitted in addition to the signage described above. One (1) such sign will be permitted for each business. Under canopy signs shall not be larger than two (2) square feet in area.
- E. Wall and Under Canopy Signs: In complexes with three (3) or more tenants, wall and under canopy signs shall be similar in color, materials and lighting. Such signs shall be incorporated into the design of the complex.
- F. Time and Temperature Sign: In addition to permitted monument signs, a time and/or temperature sign may be permitted for a complex or a business in a freestanding building. There shall not be any advertising except the name of the complex or business that owns the sign. Size, height and setback requirements shall be the same as for monument signs.
- G. Menu-boards:

1. Each drive-up, drive-through, or drive-in restaurant shall be permitted signage in addition to that described above. The additional signage shall be limited to one (1) freestanding or wall-mounted menu board per lane. The menu board shall not exceed six (6) feet in height or thirty-two (32) square feet in total surface area. Total surface area means all of the area included in the face of the menu board, the trim, the base and other appurtenances. Menu boards may be non-illuminated, or illuminated. Menu boards shall be located along the sides or rear of the building. Whenever a menu board is visible from a public street, additional landscaping and/or fencing shall be used in order to screen the menu board from view from the public street.

2. In lieu of one (1) freestanding or wall menu board, a restaurant may have a menu board located at each order station. The menu boards at each order station shall not exceed four (4) square feet in surface area per face.

H. Services Offered Board: Each automatic car wash (conveyor type, longer than fifty [50] feet) shall be permitted signage in addition to that described above. Such additional signage shall be limited to one (1) freestanding or wall-mounted "services offered" board. The "services offered" board shall not exceed five (5) feet in height or twenty (20) square feet of surface area per face. The board may have two (2) faces. "Services offered" boards shall be non-illuminated, or indirectly-illuminated. "Services offered" boards shall be located along the front, side or rear of the building; provided that if the board is located in front of the building, sufficient fencing or landscaping shall be provided to screen the board from view from public streets, alleys or other public property.

I. Freestanding Canopy Signs: Signs may be placed on freestanding canopies provided they meet the requirements for wall signs for buildings. Only the fascia of the canopy upon which the sign is placed shall be used for determining the size of the sign.

J. Gasoline Price Signs: A retail establishment dispensing gasoline shall be permitted up to two (2) double-faced signs which are used for the purpose of advertising the price of gasoline sold and/or the nature of services offered on the premises. The sign(s) may be non-illuminated, internally illuminated or indirectly illuminated. The signs shall not exceed eighteen (18) square feet per face, with two (2) faces permitted. The maximum height of the signs, if not located on canopy supports, shall not exceed ten (10) feet. The sign(s) shall not be placed closer to the public right-of-way than the closest gasoline pump island.

K. Theater Signs: A movie theater may have an attraction panel based on the following criteria:

1. For each screen in the movie theater or drive-in movie theater, one (1) module, not to exceed eighteen (18) square feet, may be placed on the sign. A module is that portion of the sign, including trim, used to display the title of one (1) movie. One (1) additional module may be used to display the name of the theater.

2. The total surface area of a sign face shall not exceed one hundred sixty- two (162) square feet per face. A maximum of two (2) faces is permitted.

3. Setback: A minimum of thirty (30) feet from a street right-of-way is required.

4. Height: The maximum height of the sign shall not exceed fifteen (15) feet from average grade level.

5. Movie theater signs may have changeable copy.

### **17.9.8 Signs Permitted in Industrial Districts**

The following signs shall be permitted:

- A. Wall Signs: Each industrial establishment or building shall be permitted not more than three (3) wall signs. The signs shall be limited to one (1) per wall and shall not exceed ten (10) percent of the total area of the wall upon which it is placed or two hundred (200) square feet, whichever is less.
- B. Monument Signs: Same as permitted in Section 17.9.06 above
- C. Gasoline Price Signs: Same as permitted in Section 17.9.07 above
- D. Freestanding Canopy Signs: Same as permitted in Section 17.9.07 above
- E. Billboard Signs: Billboard signs may be permitted in Industrial districts after approval of a special use permit. Billboards shall comply with the criteria as outlined in the Zoning and Subdivision Codes regarding Special Uses.

### **17.9.9 Special Permit Uses**

Sign regulations for special permit uses are as follows:

- A. For those special permit uses that are located in agricultural and residential districts, signs shall be permitted under the provisions of Sections 17.9.06 above, or as set forth by Bel Aire Zoning Code, Special Uses.
- B. For those special permit uses that are located in commercial districts, signs shall be permitted under the provisions of Sections 17.9.07 above and 17.9.08, or as set forth by Bel Aire Zoning Code, Special Uses.
- C. For those special permit uses that are located in industrial districts, signs shall be permitted under the provisions of Section 17.9.08 above, or as set forth by Bel Aire Zoning Code, Special Uses.
- D. Signs permitted in conjunction with special use permits: In the case of special use permit uses, all wall and detached signs shall be approved by the City, except where private sign criteria have been previously approved for the development. In reviewing and approving such signs, the City shall take into consideration (1) the use of the facility, (2) the height of the building, (3) the surrounding land uses and zoning districts, (4) the relationship of the site to interstate highways, where applicable, and (5) the topography of the site. Where appropriate, the sign regulations of the underlying zoning district or the most analogous zoning district may be followed.
- E. Private sign criteria: All hotels, motor hotels, shopping centers, business parks, office parks or industrial parks shall be required to prepare a set of sign criteria governing all exterior signs in the development. Such criteria shall be binding upon all subsequent purchasers or lessees within

the development. The size, colors, materials, styles of lettering, appearance of logos, types of illumination and location of signs shall be set out in such criteria. In all respects, the criteria shall be within the regulations set out in this article and shall be for the purpose of assuring harmony and visual quality throughout the development. Final development plans (in the case of a planned zoning district) or building permits (in the case of a conventional zoning district) shall not be approved until the City has approved the sign criteria. No sign permit shall be issued for a sign that does not conform to the criteria. For purposes of this section, the terms "shopping centers, business parks, office parks or industrial parks" shall mean a project of one (1) or more buildings that has been planned as an integrated unit or cluster on property under unified control or ownership at the time that zoning was approved by the city. The sale, subdivision or other partition of the site after zoning approval does not exempt the project, or portions thereof, from complying with these regulations relative to the number of detached signs, harmony and visual quality of signs to be installed.

#### **17.9.10 Signs Permitted in Planned Unit Developments**

Signage in association with a planned unit developments (PUD) shall be determined as part of the PUD plan, as approved in writing by the Building Inspector and Zoning Administrator.

#### **17.9.11 Temporary Signs**

In addition to the permanent signs permitted elsewhere in this sign code, upon proper application and application fee, temporary signs shall be permitted in the following instances:

A. Grand Opening Signs and Quitting Business Signs: Grand opening signs and quitting business signs shall be permitted subject to the following limitations:

1. One (1) sign per street frontage or building.
2. The maximum size shall be no larger than that permitted for permanent wall signs.
3. Signs shall be permitted to be displayed a maximum of one (1), thirty (30) day period per year.
4. Pennants, banners or flags shall be permitted.
5. Inflatable devices shall not be permitted.
6. Searchlights shall not be permitted.

B. Special Sale Signs: Special sale signs shall be permitted subject to the following limitations:

1. One (1) sign per street frontage or building.
2. The maximum size shall be no larger than that permitted for permanent wall signs.
3. Pennants, banners or flags shall be permitted.
4. Inflatable devices shall not be permitted.
5. Searchlights shall not be permitted.

6. Such signs shall be permitted only for one (1), fifteen (15) day period every six (6) months.

C. Special Real Estate Signs: Special real estate events shall be allowed the use of pennants or flags under the following conditions:

1. In conjunction with area-wide tour events.
2. The opening of a new subdivision or the new phase of an existing subdivision. In this instance, pennants and flags shall only be permitted for one (1), fifteen (15) day period every six (6) months.
3. One (1) other special event similar to (a) above and limited to one (1), fifteen (15) day period per year such as open house or model house.
4. No fee is required for these signs.

D. Temporary Special Events: Temporary special events, such as sidewalk sales, civic club events, school activities, etc., shall be permitted to have temporary signs, banners, flags or pennants, after a sign permit is obtained, in accordance with Section 17.9.03 above. No fee is required for these signs.

#### **17.9.12 Prohibited Signs and Devices**

It shall be a violation of these zoning regulations to erect, install, place or maintain the following signs:

- A. Any signs or advertising structures which are not specifically permitted under the sign subsection in the schedule of district regulations or otherwise specifically permitted under these zoning regulations.
- B. Any sign or advertising structure which constitutes a traffic hazard or a detriment to traffic safety by reason of its size, location, movement, content, coloring, or method of illumination, or by obstructing the vision of drivers, or signs that obstruct or detract from the visibility of traffic control devices or emergency vehicles. The use of flashing lights or revolving lights is prohibited in any sign as constituting a hazard to traffic. Any sign which by glare or method of illumination constitutes a hazard to traffic is prohibited. Exterior neon lighting, illuminated banding or other types of lighting that creates a glow is prohibited unless it is approved by the City as part of an overall theme for the development area.
- C. Any sign or advertising structure which is obscene, indecent and/or prurient.
- D. Any sign or advertising structure (other than those erected by a governmental agency or required to be erected by a governmental agency for a public purpose) erected, installed or placed on the right-of-way of any street, road or public way, or signs overhanging or infringing upon the right-of-way of any street, road or public way, except as specifically permitted by these regulations.
- E. Any sign or advertising structure erected on City of Bel Aire property or other governmental property other than signs erected by said governmental entity.

- F. Any sign or advertising structure which is erected, installed or maintained that obstructs any fire escape, required exit, window or door opening intended as a means of ingress or egress.
- G. Any advertising sign or structure which is erected, installed or maintained upon the rear of a building.
- H. "A" Frame Sign.
- I. Attention-attracting devices.
- J. Abandoned signs.
- K. Off-site advertising signs (except billboards or off-site development signs).
- L. Portable sign, excluding real estate signs.
- M. Roof signs.
- N. Snipe signs, except warning signs posted by public utility companies.
- O. Temporary signs, except as permitted by Section 17.9.11 above.
- P. Vehicular signs, except that company or corporation name or logo painted on a motor vehicle or semi-trailer normally in motion during use shall not be considered a vehicular sign when moved at least one (1) time during a twenty-four (24) hour period.
- Q. Any sign not specifically, or by reasonable implication, permitted herein.
- R. Painted wall signs which are painted directly on the wall of a building or surface, except that signs painted on a window in a commercial building (as part of the permitted wall sign) shall be permitted.
- S. Directly illuminated signs, except to the extent specifically authorized in this Article.

### **17.9.13 Sign Maintenance Requirements**

Any sign or advertising structure erected or installed under the provisions of this section shall be maintained in a safe, functional and sound structural condition at all times. General maintenance of said sign shall include the replacement of nonfunctional, broken, or defective parts, painting, cleaning and upkeep of the premises immediately surrounding the sign or advertising structure, and any other action required for the maintenance of said sign or advertising structure. All signs and supporting structures shall be kept painted or treated in some manner to prevent rust, decay or deterioration. Should any sign, which is placed in a public easement, be damaged due to maintenance of utilities in that easement, or maintenance of the easement or the public right of way itself, by the city or others, the cost for repairs or replacement of said sign shall be borne by the sign owner.

### **17.9.14 Abandoned Signs**

A. Except as may be otherwise provided for in this sign code, any sign which is located on a building, structure, or real property which becomes vacant and unoccupied for a period of three (3) months, or any sign which pertains to a time, event, or purpose which no longer applies for a

period of one (1) month, shall be deemed to have been abandoned. An abandoned sign is prohibited and shall be removed by the owner of the sign or the owner of the premises. When a wall sign is removed, the wall of the building or structure shall be restored to its normal appearance. Removal of a monument sign shall include the face and base. Any sign structure that is in conformance with this Article may remain as long as it is maintained and does not become unsafe or unsightly.

B. If after the three (3) month time period has elapsed and the sign has not been removed, the City shall notify, in writing, the property owner of record that the sign shall be removed within thirty (30) days after the date of the notice. If the sign has not been removed within thirty (30) days after the date of the notice, the City may have the sign removed and the associated costs assessed to the property.

C. The City shall mail a statement of such cost for the removal of said sign to the last known address of the owner of record of the property, or person in charge of such property. If such costs are not paid within ten (10) days from the mailing of such notice, the governing body of the City shall proceed to pass an ordinance levying a special assessment for such cost against the lot or piece of land. The City shall certify such assessment to the Sedgwick County Clerk for collection and payment to the City in the same manner as other assessments and taxes are collected and paid to the City.

### **17.9.15 Nonconforming Signs**

Nonconforming signs are declared by this sign code to be incompatible to, and inconsistent with, land development and other permitted signs set forth within any particular zoning district. It is the intent of this section to allow those nonconforming signs to continue until they are removed under the terms of this sign code, but not to encourage their survival.

A. Alterations of Nonconforming Signs: No nonconforming sign or advertising structure shall be expanded, relocated or restored unless said sign or advertising structure is brought into conformance with the provisions of this section or any other applicable city code requirement.

B. Replacement, Restoration or Reconstruction: In the event that any existing nonconforming sign, as provided for in this section, is damaged by any means, including, but not limited to, fire, flood, wind, explosion, act of God, or act of a public enemy, to an extent of fifty (50) percent or more of the replacement, restoration or reconstruction value of the sign, or fifty (50) percent of the square footage of the sign copy area, said sign shall not be replaced, restored or reconstructed unless it is brought into full compliance with the provisions of this sign code. Any nonconforming sign which remains damaged or disrepair, regardless of the percentage of construction (or damage) value or area of square footage which is damaged, for a period of three (3) months following the date of damage without the issuance of a valid sign permit, shall not be replaced, restored or reconstructed unless it is brought into full compliance with all applicable codes and ordinances.

C. Repairs and Maintenance: Routine repairs and maintenance of nonconforming signs necessary to maintain health and safety may be permitted. Said repairs and maintenance shall include such activities as painting and the replacement of a damaged or deteriorated sign face. The cost of said repairs and maintenance shall not exceed fifty (50) percent of the value of the sign which is to be repaired or maintained. Said value shall be that which is current at the time of the repair or maintenance. Prior to said repair and maintenance taking place, the City shall be consulted to

determine if a sign permit is necessary. If such determination is made, then all applicable work performed shall be accomplished through the issuance of a valid sign permit as required by this sign code.

D. Termination of Nonconforming Signs: Upon the discontinuance of a use to which any nonconforming sign or advertising structure is accessory to, the tenant or property owner shall remove all nonconforming signs, supports and structures upon the building or property upon which said use was located.

#### **17.9.16 Removal of sign**

A. The enforcement officer shall remove or cause to be removed any abandoned, dangerous, defective, illegal or prohibited sign subject to removal under the provisions of this article which has not been removed within the time period specified in this article, or any other sign maintained in violation of the provisions of this article.

B. Prior to removing permanent signs requiring substantial modification of property, the enforcement officer shall prepare a notice of violation which shall describe the sign and specify the violation involved and which shall state that if the sign is not removed or the violation is not corrected within thirty days, the sign shall be removed. The notice shall be mailed or given to the owner of the sign, or the occupant of the property upon which the sign is located or their employee or representative, or to the owner of the property on which the sign is located as shown on the records of the register of deeds.

C. Notwithstanding any other provision of this article, in cases of emergency, the enforcement officer may cause the immediate removal of a dangerous or defective sign without notice.

D. Any temporary sign placed on private property in violation of any provision of this article may be immediately removed and impounded by the enforcement officer. Removal or impoundment of a sign by a person other than the City's enforcement officer is not hereby authorized. A notice of violation shall be served upon the owner or agent of such sign when known, or upon the owner or occupant of the property where the sign was located. Such sign shall be retained by the enforcement officer for a period of thirty days, after which it may be disposed of in any manner deemed appropriate by the City. Such sign may be recovered by the owner within thirty days upon payment of a service charge of fifteen dollars per sign.

E. During an election period, signage placed outside the permitted sign placement areas as described herein, of either roadway right of ways or easements, may be removed and disposed of without notice to the owner. During an election period, Public Works employees may, but are not required to, remove and replace or relocate signs further back in the right of way to perform maintenance work within the right of way area.

F. Any property owner or lessee may be subject to either criminal or administrative enforcement of this article in conformance with the enforcement provisions of the City's Nuisance Code.

#### **17.9.17 Enforcement**

It shall be the duty of the City Manager to appoint a Code Enforcement Officer, who shall enforce all provisions of this sign code. It shall be unlawful for any person to interfere with any City Official in the performance of the duties assigned under this sign code.

**17.9.18 Declaration of Nuisance**

The Governing Body hereby determines that the public peace, safety, health and welfare requires that all signs and sign structures hereafter constructed or erected shall conform and comply with such requirements forthwith. All signs which shall hereafter be constructed or erected in violation of the provisions of this sign code shall be declared public nuisance, and shall be removed and abated in the manner provided by law for the abatement of public nuisances.

**Subject:** RE: About sign in yard removal

Mr. Stavola,

The City of Bel Aire Code Enforcement sends letters to property owners about signs when they are in the public right of way, poorly maintained or do not have a proper permit- **regardless of the content of the signs**. Temporary signs are required to have a permit. Property owners can contact the City Planning and Zoning department to obtain a temporary sign permit to display these "Save a Life, Wear a Mask" yard signs by going to <http://www.belaireks.org/180/Building-Zoning> or calling 316-744-2451. **Signs are regulated to maintain aesthetics, sight lines, and prevent clutter throughout the City.**

Respectfully,

Jaci

**Subject:** About sign in yard removal

Hello,

I work with The Wichita Eagle. I was forwarded a copy of a letter someone received about having to remove a yard sign that said: "Safe a Life. Wear a Mask."

I have attached a copy of the letter.

Can you tell me why it has to be removed and point me to what city code it violated?

Thank you,

Michael Stavola

## STAFF REPORT

DATE: April 7, 2022

TO: Governing Body

FROM: City Attorney

RE: Nuisance Vehicles

---

**Background:** The Nuisance Code does not allow campers, boats, RVs, trailers, jet skis or other similar vehicles to be parked on an all-weather surface separate from the drive way and in some cases screened. Parking of recreational vehicles, boats, and trailers is limited to a 72 hour period when parked in the driveway and limited to 24 hours when parked on the street.

Recreational vehicles, boats, jet-skis, ATV, trailers, etc. may be parked upon the owner's own residential premises for no more than 72 hours, unless when screened in conformance with the landscaping and fencing code so as to not be visible from any adjoining property and when stored upon an all-weather surface that is accessible from an all-weather surface drive

This is one of the top areas we get complaints from property owners about in the summer months. People complain about their neighbors cluttering the street by parking vehicles for longer than 72 hours:

*My wife & I purchased a property in Bel Aire thinking it to be a great place to retire. However, over the last few weeks the neighbors next door have been doing major repair work to their vehicles in front of our house, and Saturday 10/10/2020 they decided to change the engine on one of them. They even used our driveway to store their car parts while working on it & that blocked our drive way so we could not even leave our house. Isn't this considered to be a nuisance & harassing that is defacing & lowering property value in the area? Look at the street that was clean just a few months ago when we purchased our property. Now it is stained with grease & oil that is being rinsed directly in the storm drain every time it rains polluting our water. As far as I know I herd of friends being ticketed for less while doing minor things to their cars in their own driveway. It seems the reason they build garages on houses is so you don't make your neighborhood look like a salvage yard. I have worked on cars all my life in my garage & clean my own mess up instead of leaving it for someone else to clean up. Then last week he trimmed his trees in the front yard & they are still piled out by the street waiting for the rodents to find their new home. Please tell us this isn't normal everyday life here. We are eager to hear your response to this matter.*

---

We certainly also hear from people who want to enjoy their recreational vehicles for a longer period of time and find it costly and challenging to move them or store them every season.

VISION TRIANGLE: A triangular area at the intersection of streets maintained in such a manner as to provide a safe and open line of vision for drivers of vehicles approaching the intersection. Within the vision triangle, no one shall install, construct, plant, park or maintain any sign, fence, hedge, shrubbery, tree, natural growth or other obstruction which would materially impede vision between the heights of 24 inches and eight feet above the street level. Such restrictions shall not apply to official traffic signs, signals and utility poles.

*Chapter 18A, Article 6.06, Section C: Accessory Parking and vehicle storage*

*2. Parking for more than 72 hours and/or storage of Motor Vehicles and equipment.*

*a. The following Accessory Uses shall be permitted when such are the personal property of the occupant of the Dwelling Unit and are screened in conformance with the landscaping and fencing code so as to not be visible from any adjoining property:*

*(4) Parking and/or storage of unoccupied Recreational Vehicles, when stored upon an all-weather surface, and when accessible from an all-weather surface drive;*

## Discussion Points

- **Should code enforcement prioritize addressing improperly parked vehicles in 2022?**
- **Should City consider allowing a longer time period for vehicles to be parked or allow such vehicles or trailer 17 feet or smaller to be parked in the driveways?**
- **Should City allow such vehicles to be parked on surface in back yard on surface without screening with permit?**

### **Section 9.2.2                      Nuisance Vehicle Definitions**

A. Any passenger vehicle, automobile, trailer, camper top or shell, motor home, recreational vehicle, pickup camper, boat or other device or means of conveyance, other than a bicycle, which is parked in a residential yard shall be located on an all-weather surface free of weeds or grass or from other debris. All-weather surface shall be as defined by the Bel Aire Zoning Code. Any motor vehicle not parked on an all-weather surface when such vehicle is parked in an area located within a residential yard shall be declared a nuisance vehicle. If any language of the Bel Aire Zoning Code shall be deemed to be in conflict with this provision, the more restrictive interpretation shall govern.

B. Any motor vehicle or other means of conveyance other than a bicycle which is:

- a. required by any applicable law to be registered and which does not have displayed thereon a current registration plate or temporary permit or placard;
- b. any motor vehicle or other means of conveyance, other than a bicycle, which is parked in violation of any ordinance of the city;
- c. any motor vehicle or other means of conveyance, other than a bicycle, which is incapable of moving under its own power;
- d. any motor vehicle or other means of conveyance, other than a bicycle, which is junked, wrecked or inoperable. For purposes of this article, any one or more of the following conditions shall raise a rebuttable presumption that any motor vehicle or other means of conveyance, other than a bicycle, upon which such condition or conditions is or are found, is junked, wrecked or inoperable:
  - (i) absence of display of current registration;
  - (ii) placement of such vehicle or other means of conveyance, or parts thereof upon jacks, jack stands, blocks or other supports; or
  - (iii) absence of one or more parts of such vehicle or other means of conveyance when such part is necessary for the lawful operation upon streets, roads or highways.

3. Exceptions. This section on nuisance automobiles shall not:

- a. be construed to prohibit lawfully zoned automotive businesses, or lawfully maintained parts cars (as defined within the City's zoning code) kept in compliance with all applicable zoning regulations and maintained on an all-weather surface;
- b. apply to any person, firm, corporation or partnership or their agent with one vehicle inoperable for a period of thirty (30) consecutive days or less which is maintained in such a condition that it visually does not appear to be inoperable, is not leaking fluids, and no portions of the vehicle, such as tires, doors, or hood are missing;
- c. apply to any person, firm or corporation or their agent who is conducting a business enterprise in compliance with existing zoning regulations and who places such vehicles behind screening of sufficient size, strength and density to screen such vehicles from the view of the public using adjacent thoroughfares and to prohibit ready access to such vehicles by children, provided however, that nothing in this section shall be construed to authorize the construction of any such fence or screen where such construction is prohibited by ordinance;
- d. apply to any vehicle which is enclosed in a garage or other building;
- e. apply to a single inoperable vehicle stored within an enclosed and screened area of the backyard in a manner that is tidy and inoffensive to neighbors, protected by a weather resistant automobile cover in good condition, maintained upon an all-weather surface in compliance with the definition as set forth in the City's zoning code.

### Section 9.2.3

## Disposition Of Nuisance Vehicle

In accordance with K.S.A. 12-1617e, disposition of such vehicle shall be in compliance with the procedures for impoundment, notice and public auction provided by paragraph (2) of subsection

(a) of K.S.A. 8-1102, and amendments thereto. If a public auction is conducted, but no responsible bid received, the city may file proof thereof with the division of vehicles to obtain a certificate of title of such motor vehicle for the city.

## Section 9.2.4

## Notice, Costs, And Enforcement

Notice, Costs, and Enforcement is pursuant to Article 1 of this Chapter unless otherwise stated within this Article.
