STAFF COMMUNICATION	
FOR MEETING OF	3/13/2025
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY: PUD 24-04 Proposed Final R-PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built in a portion of Chapel Landing Phase II.

General Location: The subject property is generally located at North Oliver Street and East 53rd Street North and is currently platted as Chapel Landing. Chapel Landing is currently zoned R-4 Single-Family Residential District. The applicant desires to amend the zoning district classification from R-4 to R-PUD Planned Unit Development Residential District.

Background:

The city placed notification on the City of Bel Aire’s website as required by city code. The affidavit of publication is provided. The R-PUD process required notification of surrounding property owners within the R-PUD boundary. Publication notification was made on February 20, 2025, to all property owners as of January 30, 2025.

Case History:

1. Planning Commission Meeting: September 12, 2024

The case was initiated on August 24, 2024, when city staff discovered that duplex lots were being divided and sold as separate buildings outside of the city process. The applicant filed an R-PUD Application to convert approved duplexes to townhouses with zero interior lot lines on a reduced lot size. City staff reviewed the case based on the golden factors and recommended approval to the Planning Commission. During the processing of the R-PUD Application, it was discovered that the applicant needed to obtain signatures of all owners in the R-PUD boundary area. On September 12, 2024, the applicant asked that the item be tabled pending property owner signatures. Signatures were required to confirm applicant was the property owners agent for the purposes of the R-PUD application.

The Planning Commission tabled the case to appear on the October 10, 2024, meeting agenda.

2. Planning Commission Meeting: October 10, 2024

The meeting announcement stated that PUD-24-04 would not be heard at the meeting due to an incomplete application.

3. Planning Commission Meeting: November 14, 2024

City staff renotified all property owners within a 200' area of the R-PUD boundary. The staff report included the same information as the report developed for the September 12, 2024, Planning Commission meeting.

Similar Case- Bristol Hollows on the November 14, 2024, Agenda:

The meeting agenda included a similar lot split case for Bristol Hollows. This case appeared on the September 12, 2024 Planning Commission agenda. During this meeting the Planning Commission recommended approval of the case. Case went before the City Council on October 15, 2024. The City Council's discussion centered around zoning statutes and procedures, concerns of fire safety, conformance with City zoning code, access to utilities, and financial implications for future buyers of the properties, and if covenants for this development could be drafted to address concerns. The council tabled the case.

The case came back to Planning Commission on November 14 and the developer addressed concerns from the City Council and agreed to provide platters text and the following documents; updated restrictive covenants, a first amendment to the development agreement, an easement agreement and wall agreement. These documents would make it easy for anyone wanting to purchase a property to see the documents. Planning Commission approved the Bristol Hollows PUD with the document conditions.

Chapel Landing Case (appeared on the November 14 Agenda after Bristol Hollows case)

The Planning Commission was made aware of the City Council discussions on Bristol Hollows and the documents requested by the City Council in that case. When reviewing the case for Chapel Landing, the applicant's agent requested that the requirement for street trees be reduced from the required two trees per lot to one tree per lot due to the smaller lot sizes created by the lot splits.

The Planning Commission stated that since Chapel Landing- PUD-24-04 was similar to the Bristol Hollows case, the same conditions would apply specifically:

- An updated plat would be attached to the ordinance as Exhibit A: and,
- The platter's text in Exhibit A will reference additional documents, such as; the Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement, and Easement Agreement regarding access to power meter. Those documents will be incorporated by reference, to the ordinance; and
- The applicant shall file the ordinance with all documents incorporated by reference with the Sedgwick County Register of Deeds.

The Planning Commission discussed the case and determined it would be necessary to table the case to receive the additional documents requested. The applicant requested that the case be sent to the City Council in lieu of tabling the item. There was a consensus that more information from the applicant would be necessary to make a final recommendation. Commission determined that Council would not approve the item without the requested documents. The item was tabled to the December 12, 2024, meeting.

4. Planning Commission Meeting- December 12, 2024

The staff report for this meeting reflected the basic case information presented at previous meetings and a summary of the November 14, 2024, meeting discussion. The Staff report stated that prior to the meeting the required documents had not been submitted. Staff recommended that the R-PUD should be modified as follows:

- Update the landscaping requirement to reflect one street per lot.
- Require applicant to submit the following documents as part of their R-PUD application: Restrict Covenants, Amendment to the Original Development Agreement, Wall Agreement and Easement Agreement.
- Update the plat's text to reference the documents.
- File the plat and documents with the Register of Deeds Office and provide a copy to the City of Bel Aire City Clerk.

The applicant's agent asked that the case be sent to the City Council because they did not intend to provide the documents that the Planning Commission requested. The agent stated the reason is because the documents requested are outside the scope of zoning and are not enforceable by the city. The agent said that the applicant may be willing to update the R-PUD to reflect the Commission's recommendation for number of street trees and update the face of the plat to reflect zoning setbacks. Agent stated that they were willing to comply with regulations listed in the subdivision and zoning codes.

Motion was approved that the proposed final R-PUD be approved with the condition that the documents requested be provided as outlined in Item 10 of the staff report. The case would appear on the January 7, 2025 City Council meeting agenda.

5. City Council Meeting- January 7, 2025

The staff report presented to the City Council was detailed and provided a full analysis of the case.

The staff report included the following key information/discussions:

- Prior to this City Council meeting, a more detailed analysis of the case was created and the staff report reflected that the city can request additional documents, but that they were outside the requirements of the City Code and the review criteria (golden factors) used to evaluate the R-PUD case.
- The staff report reflected further analysis of the R-PUD Application and R-PUD Agreement and provided an updated staff recommendation based on the appropriate review criteria.

- Analysis in the staff report provided zoning code references addressing each issue created by the lot-splits.
- Analysis comments were included for the R-PUD agreement
- Key issues contained in the Golden Factors were:
 - A minimum lot area should be established as the lack of any minimum lot area makes any meaningful assessment of this Criteria impossible. Minimum lot widths should also be established to ensure adequate access to the public street. With proper identification of all substitute regulations, no detrimental impact to nearby properties is expected.
 - It is recommended that the City and applicant work on revisions/clarifications to the regulations to avoid any negative impact on public health, safety, and welfare. Once completed, no loss in value or hardship upon the applicant is anticipated.
- Staff recommended that the application be returned to the Planning Commission to reconsider a revised application at their February 13, 2025, meeting. Staff did not make a recommendation as to the necessity of additional supplementary documentation to facilitate this zoning request (e.g. Party Wall Agreement) that are not in the purview of the City's Zoning and/or Subdivision Regulations.

The applicant's agent stated they would accept the condition of only planting one street tree per lot and that the applicant was unwilling to accept the other conditions regarding the supplementary documents.

The Council discussed the concerns of the applicant and city staff. It was acknowledged that the updated case analysis prepared with the assistance of PEC had not been provided to the Planning Commission at their December 12 meeting. The council voted to return the case to the Planning Commission for further consideration.

6. Planning Commission Meeting- February 13, 2025

Agenda Announcement by staff stated that R-PUD-24-04 was heard on the January 9, 2025, City Council meeting and they made the motion to return the item to the Planning Commission for further consideration. City staff were working with the applicant's agent to resolve issues, and the item will appear on the March 13, 2025, Planning Commission agenda.

Current Discussion:

- A. The city will be reviewing how to move forward with lot splits that occur after the completion of a structure. Processes/procedures, zoning and subdivision codes will be examined. This review doesn't imply this type of method could be used city wide by dividing lots and selling each as a separate building as this case reflects. The intent is to provide a sustainable neighborhood with conditions in place to maintain property values.
- B. The case was heard on January 9, 2025, at the City Council meeting. The council voted to return the case to the Planning Commission for further consideration.

- C. The case was not heard at the Planning Commissions February 13, 2025, meeting. City staff were working with the applicant's agent to resolve case issues. In addition, City staff discovered that additional whole and partial structures had been sold and that some property owners had not been notified of the case. The 20-day notification period required that the case be brought to the Planning Commission on March 13, 2025.
- D. City staff reviewed and provided an updated Planned Unit Development Agreement to the applicant's agent. The language contained in the R-PUD Agreement addresses concerns previously discussed by the City Council and Planning Commission. The applicant has agreed to the document language presented, including the Wall Agreement which is included in the R-PUD Agreement as Exhibit 1.

Review Considerations:

1. Character of the neighborhood

Multiple two-family structures have been constructed on the subject property and on adjacent properties. Directly adjacent to the East, are two unplatted properties under the same ownership totaling approximately 11.54 acres currently used for a single-family home with accessory structures. North of East 53rd Street North is predominantly undeveloped large-lot single-family home sites. Approximate 2.0 acre lots are platted to the south of the subject property. Senior living (multiple family) units directly abut the subject property to the West.

The character of the neighborhood is in line with the surrounding properties and the current neighborhood.

2. Zoning and uses of nearby properties

North: R-4 Single-Family Residential District
 East: AG Agricultural District
 South: R-1 Estate Residential District
 West: R-6 Multi-Family District

3. Suitability of the subject property for the uses to which it has been restricted

The property is adequately suited for the permitted uses currently allowed in the R-4 Single-Family Residential District. Notably, the applicant has only requested the following permitted uses: single-family, two-family, leasing office, playgrounds or community spaces, and accessory structures as approved by the City Manager. This is more restrictive than what is allowed in the base R-4 district.

4. Extent to which removal of the restrictions will detrimentally affect nearby property

The minimum lot area and lot widths have been established in the R-PUD Agreement. There is no detrimental impact to nearby properties is expected.

5. Length of time the property has been vacant as zoned

The property was originally platted in 2008, and building activity on the two-family structures has only recently commenced. It is not anticipated that the length of time the property was vacant/undeveloped is a factor for this specific request.

6. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant

There is no loss in value or hardship upon the applicant

7. Conformance of the requested change to the adopted or recognized master plan being utilized by the city

The 2018 Master Growth Plan sets forth the property as Residential Suburban Density. Further the Plan encourages PUDs to promote alternatives to traditional development models in these designated areas.

8. Impact of the proposed development on community facilities

There is no impact on community facilities. Potable water and sanitary sewer services are already extended to the site and are adequately sized. The property has access to East 53rd Street North which has been improved to adequate standards.

9. Opposition or support of neighborhood residents (one factor to be considered and by itself is not sufficient reason to approve or deny a request)

Property Owners as of July 2024 have been notified a total of three times with this R-PUD case. Property owners identified between July 2024 and February 2025 have been notified one time with this R-PUD case. City staff has received no inquiries or feedback from notified residents for the March 13, 2025, hearing.

10. Recommendations of permanent staff

Staff and applicant have revised the R-PUD Agreement to include the following updates:

- 1) "Townhouse" as fined by the City's current Zoning Regulations as a permitted use with limitation to the number of units on each lot of record has been added.

- 2) The minimum lot area and lot widths have been identified and specified. Additionally, all other height regulations, area regulations, accessory use regulations, development/performance standards, and landscaping/screening regulations are right-sized, appropriate, and clearly indicated within the R-PUD Agreement.
- 3) One street tree will be required for each lot that is split
- 4) The R-PUD Agreement requires, per K.S.A. 58-3706, that covenants include a description of all easements required, including public utilities. This requirement satisfies the easement agreement request by Planning Commission and City Council.
- 5) The R-PUD Agreement includes, as Exhibit 1, the Party Wall Agreement.

Although staff recognizes that it is within the City's power to make replatting a condition of any zoning action, it recognizes the potential hardship this might place on the owner(s). The public gain to replatting would be the inclusion of all R-PUD Agreement provisions on the face of plat as required by 19.5.5.T. As such, it is further recommended that if the R-PUD classification is ultimately adopted, that all provisions of the R-PUD be recorded against all impacted lots. Further, if the applicant revises any restrictive covenants as a result of any ultimate zoning revisions, submittal to the city is required for City records.

Nothing contained within this application currently or anticipated would appear to violate any condition within the executed Agreement Concerning the Development of Chapel Landing (dated March 18, 2014) or the First Amendment (dated March 15, 2016, and recorded as Doc#: 29601563). As such, no restated, amended, or revised Development Agreement is expected.

Staff does not make a recommendation as to the necessity of additional supplementary documentation to facilitate this zoning request (e.g. Party Wall Agreement) that are not in the purview of the City's Zoning and/or Subdivision Regulations. However, applicant has agreed to include the Party Wall Agreement as Exhibit 1 to the R-PUD Agreement.

Nothing in the City's review and actions are intended to violate any provision of the Townhouse Ownership Act outlined in Chapter 58, Article 37 of the Kansas State Statutes.

Staff recommends that the application be approved.

Comments:

Lot splits were completed prior to city approval and filed with the county. City staff has met with stakeholders. Final draft review below:

- No utility companies were notified, the Townhouse ownership Act can solve any cross-lot concerns to protect property rights.
- The landscape concern is each single-family dwelling is 3 trees interior, two-family is 4 trees interior. Street trees no less than 1 per lot, corner lot no less than 2. The net increase of required trees is based on number of lots created. No increase of corner lots but it shifts the burden.
- Zoning code 18.1.4 indicates that the city building code item- R302, and Table 302.1(1) that still relates to the rating of the wall from both sides. Under number 5 of the proposed PUD submittal the information should be changed to state ...accordance with said Planned Unit Development to a duplex building standard as an exception to all applicable building standards adopted by the city of Bel Aire.

SUMMARY:

CON-24-02 Property owner has requested to build an oversized private use shed in an R-1 zoned District.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The Conditional Use process required notification of surrounding property owners.

History

The property has been zoned R-1 as the city was established.

Discussion

The one-acre parcels in the neighborhood near the lot many have oversized sheds, some have gone through zoning process for the same reason, height or footprint of the shed exceeding the primary structure.

- **The character of the neighborhood;**

There are 3 oversized out buildings within 400' of the subject lot as accessory to a single-family house.

- **The zoning and uses of nearby properties;**

North- R-1 Single-family uses

East-R-1 single family uses

South- (Wichita) Commercial

West-R-1 Single family use, C-1 and city utility

- **The suitability of the subject property for the uses to which it has been restricted;**
The city 2018 Master Growth Plan is in line with the existing and proposed uses.
- **The extent to which removal of the restrictions will detrimentally affect nearby property;**
No adverse changes based on the approved 2018 Master Growth Plan.
- **The length of time the property has been vacant as zoned;**

N/a.
- **The relative gain to the public health, safety, and welfare by the destruction of the value of petitioner's property as compared to the hardship imposed upon the individual landowners;**

N/a
- **Recommendations of permanent staff; and**

Staff recommends approval of the private use shed as presented.
- **Conformance of the requested change to the adopted or recognized master plan being utilized by the city.**
The city 2018 Master Growth Plan is in line with the existing and proposed uses.
- **The opinions of other property owners may be considered as one element of a decision in regard to the amendment associated with a single property, however, a decision either in support of or against any such rezoning may not be based upon a plebiscite of the neighbors.**

PUD-24-02.SD-24-03 Proposed a Platting and rezoning PUD to R-5 and R-6, single and multifamily uses from R-4, and to include C-1 commercial as zoned.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The PUD process required notification of surrounding property owners.

The city review of the plat is in your packet. The newest revision will be posted.

History

The property has been zoned R-4 and C-1 by 2008 with different processes. The property west, Englert Addition Plat and special use permit was filed in 2016, Ordinance 590 allows animals on lot one, block A as a non-business use. The property south, Ordinance 654 changed the property from C-1 to R-6 in 2019 and was replatted in 2020 as Homestead Senior Landing. The city of Kechi is west of the property, that land is unplatted, however, 00520984, the north parcel, has a farm between Oliver the MOPAC railroad. There is also a property, 00520982, surrounded by this proposal that has been used for many types of rural residential uses, but now is used as single-family household.

The city staff needs clarification as listed in the city review to the engineering firm provided in your packet dated 8/30/24. Additional updates have been provided and the latest will be in the packet.

Discussion

The 2018 Master Growth Plan the land is shown as Residential Medium Density Figure 3:4 preferred growth with a park service area. Figure 3.5 indicates that the residential use preferred would be a level 2 intensity; this request is a level 3. Based on this table the use is within the adjacent acceptable use category.

- **The character of the neighborhood;**

The Kechi and county are rural residential, Bel Aire has housing that is built and utilized for the current zoning R-4 residential. The senior housing south is a low impact residential multi-family use.

- **The zoning and uses of nearby properties;**

North- Rural residential, Agriculture
 East-R-4 with a Special Use permit approved.
 South-R-6 single family, Senior housing; southwest (Wichita) Commercial, SF-5
 West-R-4 Ranch, Farm, Agriculture

- **The suitability of the subject property for the uses to which it has been restricted;**
 The city 2018 Master Growth Plan is in line with the existing and proposed uses.

- **The extent to which removal of the restrictions will detrimentally affect nearby property;**

No adverse changes based on the approved 2018 Master Growth Plan.

- **The length of time the property has been vacant as zoned;**

2006 to 2024, 18 years.

- **The relative gain to the public health, safety, and welfare by the destruction of the value of petitioner's property as compared to the hardship imposed upon the individual landowners;**

The land contained in the application has been included in future modeling, design and construction for water and sewer design sizing to provide city services to the area. Water and sewer services are readily available to develop the area.

- **Recommendations of permanent staff; and**

The proposed preliminary plat and preliminary PUD are recommended, with the expectation that the minimum living space for each parcel area is determined. Landscape concepts and sidewalk routes be provided with the final submittals. On street parking and onsite parking be reviewed for the final PUD. The drainage design is acceptable for the density of the developed areas.

- **Conformance of the requested change to the adopted or recognized master plan being utilized by the city.**

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

- **The opinions of other property owners may be considered as one element of a decision in regard to the amendment associated with a single property, however, a decision either in support of or against any such rezoning may not be based upon a plebiscite of the neighbors.**

If the Planning Commission fails to approve or disapprove the preliminary plat within 60 days after the date such plat is filed or from the date the subdivider has filed the last item of required data, whichever date is later, then such preliminary plat shall be deemed to have been approved, unless the subdivider shall have consented in writing to extend or waive such time limitation.

PUD-24-03. Proposed a Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The PUD process required notification of surrounding property owners.

City staff met with the applicants to finalize what was important for the process. The city review of the plat is in your packet. The newest revision will be posted.

History

The property has been zoned R-4 since 2008 and replatted in 2020. The R-4 zoning district has a 10' side yard set back requirement. The old Chapel Land plat would have allowed a 6' side yard with conditions.

The discovery of lot splits outside of the city process changed how a single structure defined in the city building code could be divided into two single structures. The agreements and understand of use were changed. The zoning code and building code issues created within the Bel Aire is not a new problem in the region for other jurisdictions.

Discussion

The city will be working on lot split code changes and updating building codes; that doesn't imply this type method could be used city wide by dividing lots and selling each as a separate buildings as viewed currently with a lesser construction method. The intent is to provide a sustainable neighborhood with conditions in place to maintain property values.

- **The character of the neighborhood;**

The Kechi and county are rural residential, Bel Aire has housing that is built and utilized for the current zoning R-4 residential duplex design. The senior housing south is a low impact residential multi-family use.

- **The zoning and uses of nearby properties;**

North- Rural residential, Agriculture
East-R-4 and R-5.

South-R-4 single family with reduced side yard setbacks,
West-R-4, Agriculture

- **The suitability of the subject property for the uses to which it has been restricted;**
The city 2018 Master Growth Plan is in line with the existing and proposed uses.

- **The extent to which removal of the restrictions will detrimentally affect nearby property;**

No adverse changes based on the approved 2018 Master Growth Plan.

- **The length of time the property has been vacant as zoned;**

2008 to 2024, 16 years.

- **The relative gain to the public health, safety, and welfare by the destruction of the value of petitioner's property as compared to the hardship imposed upon the individual landowners;**

Affordable single-family housing with each family responsible as owners is the gain. Housing is Bel Aire's crop that increases land value for every viable sustainable property.

- **Recommendations of permanent staff; and**

The proposed PUD Under number 5 of the proposed PUD submittal the information should be changed to state ...accordance with said Planned Unit Development to a duplex building standard as an exception to all applicable building standards adopted by the city of Bel Aire. The landscape requirement should be divided equally between the two new lots.

- **Conformance of the requested change to the adopted or recognized master plan being utilized by the city.**

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

The opinions of other property owners may be considered as one element of a decision in regard to the amendment associated with a single property, however, a decision either in support of or against any such rezoning may not be based upon a plebiscite of the neighbors.

PUD-24-04. Proposed a Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built in a portion of Chapel Landing.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The PUD process required notification of surrounding property owners.

City staff met with the applicants to finalize what was important for the process.

SUMMARY:

PUD-24-04 Proposed a Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built in a portion of Chapel Landing Phase II.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The PUD process required notification of surrounding property owners.

The city review of the plat is in your packet. Documents are included as presented at the September 12, 2024, Planning Commission Meeting.

History

The property has been zoned R-4 since 2008 and replatted in 2020. The R-4 zoning district has a 10' side yard setback requirement. The old Chapel Land plat would have allowed a 6' side yard with conditions.

The discovery of lot splits outside of the city process changed how a single structure defined in the city building code could be divided into two single structures. The agreements and understand of use were changed. The zoning code and building code issues created within the Bel Aire is not a new problem in the region for other jurisdictions.

Item appeared on the September 12, 2024, Planning Commission agenda, however, applicant requested that the item be tabled. After the September 12, 2024, meeting, the applicant submitted complete information related to ownership signatures that confirmed the applicant as an agent of the property owners for purposes of the PUD application.

Discussion

The city will be working on lot split code changes and updating building codes; that doesn't imply this type of method could be used city wide by dividing lots and selling each as a separate building as viewed currently with a lesser construction method. The intent is to provide a sustainable neighborhood with conditions in place to maintain property values.

1. Character of the neighborhood

The Kechi and county are rural residential, Bel Aire has housing that is built and utilized for the current zoning R-4 residential duplex design. The senior housing south is a low impact residential multi-family use.

2. Zoning and uses of nearby properties

North- R-4
 East-R-4, Agriculture, R-5.
 South-R-4 single family with reduced side yard setbacks,
 R-1 West-R-4, R-6 senior housing

3. Suitability of the subject property for the uses to which it has been restricted

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

4. Extent to which removal of the restrictions will detrimentally affect nearby property

No adverse changes based on the approved 2018 Master Growth Plan.

5. Length of time the property has been vacant as zoned

2008 to 2024, 16 years.

6. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant

Affordable single-family housing with each family responsible as owners is the gain. Housing is Bel Aire's crop that increases land value for every viable sustainable property.

7. Conformance of the requested change to the adopted or recognized master plan being utilized by the city

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

8. Impact of the proposed development on community facilities

Switching from a duplex development to single family homes does not create any additional burden on the community facilities. The water and sanitary sewer systems were already separate for each unit and there is no additional traffic anticipated on roadways.

9. Opposition or support of neighborhood residents (one factor to be considered and by itself is not sufficient reason to approve or deny a request)

The City had inquiries from notified residents who requested additional information on the notice. Once they understood the situation, they had not feedback positive or negative. Residents from another development spoke at the September Planning Commission meeting, however, their feedback was not directly related to this agenda item.

10. Recommendations of permanent staff

The proposed PUD agreement should be modified as follows:

- Item 5 of the proposed PUD agreement related to submittal information should be changed to state "...accordance with said Planned Unit Development to a duplex building standard as an exception to all applicable building standards adopted by the city of Bel Aire."
- The landscape requirement should be divided equally between the two new lots.

If the Planning Commission fails to approve or disapprove the preliminary plat within 60 days after the date such plat is filed or from the date the subdivider has filed the last item of required data, whichever date is later, then such preliminary plat shall be deemed to have been approved, unless the subdivider shall have consented in writing to extend or waive such time limitation.

WHEREAS, the Developer desires zoning by a PUD from the City on a portion of land more fully described below and herein referred to as CHAPEL LANDING ADDITION to the City of Bel Aire, Kansas; and

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the Developer and the City agree as follows:

PURPOSE. This agreement is necessary to address the need to establish a zoning change to a Planned Unit Development in the City. MOTION: Commissioner Roths moved to approve the minutes of August 8, 2024 as amended. Commissioner Faber seconded the motion. ***Motion carried 5-0.***

V. Old Business/New Business

A. CON-24-02 - Property owner has requested to build an oversized private use shed, in an R-1 zoned district.

City Attorney Maria Schrock asked if Commissioners had been involved in any ex-parte communications and if they had any reason to be disqualified from the discussion of this matter. No ex-parte communications were reported and no one reported any reason to be disqualified. Vice-Chairman Phillip Jordan then opened the public hearing.

Applicant Mark Hopp presented his application and answered questions from the Commission.

Carolyn Gunzelman, 5029 E 39th Street, said she wants to make sure the setbacks will be followed and asked if access to the shed will be on gravel or grass.

No others requested to speak. The Commission then discussed the application in relation to the “Golden Factors” of zoning. Commissioners found that the requested conditional use would be consistent with uses in the surrounding neighborhood, consistent with the character of the neighborhood, and that approval has been recommended by permanent staff.

MOTION: Commissioner Faber moved to recommend approval based on the condition of the verification of the setbacks remain the same, Permit CON-24-02 as presented. Commissioner Charleston seconded the motion. *Motion carried 5-0.*

B. PUD-24-02 - Proposed rezoning PUD to R-5 and R-6 single and multi-family uses from R-4, and to include C-1 commercial as zoned.

City Attorney Maria Schrock asked if Commissioners had been involved in any ex-parte communications and if they had any reason to be disqualified from the discussion of this matter. No ex-parte communications were reported and no one reported any reason to be disqualified. Vice-Chairman Phillip Jordan then opened the public hearing.

The agent for the applicant, Ken Lee of Garver, presented the application for preliminary Planned Unit Development and stood for questions from the Commission.

Jeff Englert, 5140 E 53rd Street North, spoke to the Commission. He is concerned about the proposed setbacks, minimum lot width, and minimum square footage. He would like for the fence to extend further into the rear lots of phase 3, and he suggested the owner could agree to a restricted covenant to prohibit manufactured homes.

Commissioners asked Mr. Lee questions related to drainage, screening, lot sizes, greenspace, and proposed uses. Mr. Lee said that plans could be revised to address the Commission’s concerns about lot sizes, prohibiting manufactured homes, and restricting uses to single-family homes.

Staff reported no written communications were received regarding this matter. No others requested to speak. Vice-Chairman Jordan then closed the public hearing.

MOTION: Commissioner Faber moved to table the preliminary Planned Unit Development (PUD-24-02) changing the zoning to R-5 and R-6 single and multi-family uses from R-4, and to include C-1 commercial as zoned. Vice-Chairman Jordan seconded the motion. *Motion carried 5-0.*

C. SD-24-03 - Proposed platting R-5 and R-6 single and multi-family uses, and to include C-1 commercial as zoned.

City Attorney Maria Schrock asked if Commissioners had been involved in any ex-parte communications and if they had any reason to be disqualified from the discussion of this matter. No ex-parte communications were reported and no one reported any reason to be disqualified.

Vice-Chairman Phillip Jordan then opened the public hearing. No one requested to speak, and the public hearing was then closed.

MOTION: Commissioner Roths moved to table the preliminary plat of SD-24-03 to next month's meeting. Commissioner Faber seconded the motion. *Motion carried 5-0.*

D. PUD-24-03. Proposed Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built (Bristol Hollows).

City Attorney Maria Schrock asked if Commissioners had been involved in any ex-parte communications and if they had any reason to be disqualified from the discussion of this matter. No ex-parte communications were reported and no one reported any reason to be disqualified. Vice-Chairman Phillip Jordan then opened the public hearing.

City Engineer Anne Stephens provided a brief staff report. Per the development agreement for this land, the duplex units were to be held by one owner and maintained as rentals. Recently, the Developer filed metes and bounds survey with Sedgwick County, allowing for the individual units to be sold to buyers, without going through the lot-splitting process with the City. Now, City staff is concerned that the individual units will be non-conforming to City Zoning Codes, including setbacks and minimum lot width. This non-conformance will make it impossible for future owners of the units to obtain building permits for repairs or improvements to the properties. City staff are recommending approval of the proposed zoning change in order to correct this situation and bring the units into conformance with City Zoning Codes.

The agent for the applicant, Ken Lee of Garver, spoke to the Commission and stood for questions.

No others requested to speak. Vice-Chairman Jordan then closed the public hearing.

Following the public hearing, the Commission discussed the application in relation to the City's Zoning Code and the "Golden Factors" of zoning standards including: the character of the neighborhood, the recommendations of permanent staff, the zoning uses of nearby properties, the suitability of the property for the proposed uses, and the opinions of other property owners. There was consensus that the developer should provide proof that the covenants have been filed with the register of deeds

MOTION: Vice-Chairman Jordan moved to recommend approval of the Final Planned Unit Development (PUD-24-03) containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built be approved with the conditions that the covenants that evidence that the filing with the Register of Deeds has indeed been done. Commissioner Matzek seconded the motion. *Motion carried 5-0.*

E. PUD-24-04 - Proposed Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built (Chapel Landing).

City Attorney Maria Schrock asked if Commissioners had been involved in any ex-parte communications and if they had any reason to be disqualified from the discussion of this matter. No ex-parte communications were reported and no one reported any reason to be disqualified.

City Engineer Anne Stephens reported that the agent for the applicant has requested that this item be tabled until the next Planning Commission meeting.

Vice-Chairman Phillip Jordan then opened the public hearing.

John Sutherland, 5100 Prairie Ct. North, spoke to the Commission. Mr. Sutherland spoke about his experience as a developer and on a planning advisory board in another city. He asked if there will be an HOA for this development and requirements that things are kept up. He asked if the development agreement will be updated and if trees will be planted in the open areas.

Justin Price, 5341 Pinecrest, spoke to the Commission. He owns one half of a duplex in Chapel Landing. He asked what would happen if his duplex is converted to a townhome.

Mike Schmidt, 5343 Pinecrest, spoke to the Commission. He asked for information about what is being developed in the area around his property.

MOTION: Commissioner Jordan moved to table the Final Planned Unit Development (PUD-24-04) until next month. Commissioner Faber seconded the motion. ***Motion carried 5-0.***

VI. Approval of the date of the Next Meeting.

MOTION: Commissioner Charleston moved to approve the date of the next meeting: October 10, 2024 at 6:30 p.m. Vice-Chairman Jordan seconded the motion. ***Motion carried 5-0.***

RE: Agenda

STAFF COMMUNICATION	
FOR MEETING OF	12/12/24
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY:

PUD-24-04 Proposed a Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built in a portion of Chapel Landing Phase II.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The PUD process required notification of surrounding property owners.

The city review of the plat is in your packet. Documents reviewed and included in the agenda packet: affidavit of publication; PUD application; PUD Agreement; and site plan.

History

The property has been zoned R-4 since 2008 and replatted in 2020. The R-4 zoning district has a 10’ side yard setback requirement. The old Chapel Land plat would have allowed a 6’ side yard with conditions.

The discovery of lot splits outside of the city process changed how a single structure defined in the city building code could be divided into two single structures. The agreements and understand of use were changed. The zoning code and building code issues created within the Bel Aire is not a new problem in the region for other jurisdictions.

Item appeared on the September 12, 2024, Planning Commission agenda, however, applicant requested that the item be tabled. After the September 12, 2024, meeting, the applicant submitted complete information related to ownership signatures that confirmed the applicant as an agent of the property owners for purposes of the PUD application. The item was on the November 14, 2024, meeting agenda and was tabled pending additional information being provided.

Discussion

- A. The city will be reviewing how to move forward with lot splits that occur after the completion of a structure. Processes/procedures, zoning and subdivision codes and building codes will be examined. This review doesn't imply this type of method could be used city wide by dividing lots and selling each as a separate building as this case reflects. The intent is to provide a sustainable neighborhood with conditions in place to maintain property values.
- B. The Planning Commission tabled this item at the November 14 meeting based on the following issues:
 - a. Commission reviewed Agenda Item A- PUD-24-07 and was aware of City Council concerns and the requirements set out by them on another like case.
 - b. There was consensus that the applicant should draft the following documents and present them at the December Planning Commission meeting to include in the meeting agenda packet:
 - i. Updated plat to be attached to the ordinance;
 - ii. Add platter's text to reference additional documents including: Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement and Easement Agreement to address access to power meters. These documents would also be incorporated, by reference, to the ordinance; and
 - iii. Applicant shall file the ordinance all the documents with the Register of Deeds office and provide a copy to the Bel Aire City Clerk.
 - c. The applicant requested Planning Commission send the item to Council in lieu of tabling the item.
 - d. Commission determined that Council would not approve the item without documents in place.
- C. The Commission agreed to reduce the street trees from two trees per lot to one tree per lot due to the small size of the individual lots.
- D. Commission voted to table the item.
- E. City staff provided the applicant with the link to the document templates from PUD-24-07. Prior to the posting the December Planning Commission meeting packet, the City did not receive additional documents as requested from the Commission at their November 14 meeting.

Review Considerations:

1. Character of the neighborhood

The City of Bel Aire has housing that is built and utilized for the current zoning R-4 residential duplex design. The senior housing south is a low impact residential multi-family use. The PUD request does not change the character of the neighborhood.

2. Zoning and uses of nearby properties

North- R-4
 East-R-4, Agriculture, R-5.
 South-R-4 single family with reduced side yard setbacks,
 R-1 West-R-4, R-6 senior housing

3. Suitability of the subject property for the uses to which it has been restricted

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

4. Extent to which removal of the restrictions will detrimentally affect nearby property

No adverse changes based on the approved 2018 Master Growth Plan.

5. Length of time the property has been vacant as zoned

2008 to 2024, 16 years.

6. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant

Affordable single-family housing with each family responsible as owners is the gain. This housing potentially increases land value.

7. Conformance of the requested change to the adopted or recognized master plan being utilized by the city

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

8. Impact of the proposed development on community facilities

Switching from a duplex development to single family homes does not create any additional burden on the community facilities. The water and sanitary sewer systems were already separate for each unit and there is no additional traffic anticipated on roadways.

9. Opposition or support of neighborhood residents (one factor to be considered and by itself is not sufficient reason to approve or deny a request)

The City previously had inquiries from notified residents who requested additional information on the notice. Once they understood the situation, they had no feedback positive or negative. Residents from another development spoke at the September Planning Commission meeting, however, their feedback was not directly related to this agenda item.

10. Recommendations of permanent staff

The proposed PUD should be modified as follows:

1. Update the landscaping requirement to reflect one street per lot.
2. Require applicant to submit the following documents as part of their PUD application: Restrict Covenants, Amendment to the Original Development Agreement, Wall Agreement and Easement Agreement.
3. Update the plat's text to reference the documents.
4. File the plat and documents with the Register of Deeds Office and provide a copy to the City of Bel Aire City Clerk.

VI. Announcement

A. Kansas Open Meetings Act (KOMA) Review

B. Golden Factors review

City Attorney Maria Schrock gave a brief presentation on the Kansas Open Meeting Act and the Golden Factors.

VII. Old Business/New Business

- A. PUD-24-07 (previously PUD-24-03): Zone change request in the City from Single-Family Residential District (R-4) to a Planned Unit Development Residential District (R-PUD) to create the Bristol Hollows Addition R-PUD, for the purpose of bringing structures that were conforming in 2020 and made non-conforming in 2023, due to lot splits that were completed without City notice and approval, generally located at 53rd Street North and Bristol Street.**

Vice-Chairman Phillip Jordan announced the item and reviewed ground rules for the public hearing. Before proceeding with the public hearing, he asked the Commission if any member intended to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified.

Vice-Chairman Phillip Jordan noted that proper notice of this hearing was published at least 20 days before the hearing on the City's website and in the Wichita Eagle. Notices were also mailed to the applicant and all the real property owners of record, listed on the security title, in the area of notification on October 25, 2024.

Vice-Chairman Phillip Jordan asked if anyone on the Commission had received any ex parte verbal or written communications prior to this agenda item, which they would like to share. The Commissioners responded that they had not.

City staff gave a brief report on this case and referenced the staff report on this item provided in the Commission's information packet for this meeting.

Vice-Chairman Jordan called upon the applicant to make his/her presentation on the request and any response to the City staff report. Ken Lee, Garver, spoke on behalf of the applicant and stood for questions from the Commission. The primary change to the PUD was to add "Residential" into the document. The other changes were to documents outside of the PUD, to provide clarity. Modifications were made to the Restrictive Covenants to address protections for the residents. The developer proposes that the buildings be viewed as condominiums, so that a less-restrictive wall design is required. The documents also address resident's rights to access utility meters.

City Attorney Maria Schrock commented on Ken Lee's comments regarding the proposed firewall standard. Ms. Schrock referred to the October 15th City Council meeting in which firewall standards were discussed. At that hearing, the City building inspector stated that he had no concerns with the safety of the current walls. Since the hearing, City staff have reached out to the Sedgwick County Fire Department for advice. The Sedgwick County Fire Department offered suggestions: have a fire extinguisher on hand and use caulking over any penetrations to the wall. Phil Ruffo has agreed to add those things to the Restrictive Covenants, the First Amendment, or to a wall agreement. Regarding residents' access to power meters, Mr. Ruffo agreed to add language to the documents to allow for an easement to access power meters.

City Attorney Maria Schrock submitted Exhibit A to the Commissioners and described it. Exhibit A is a basic plat diagram of the Bristol Hollows Addition that includes text that states the diagram will include a reference to the Restrictive Covenants, First Amendment to the original development agreement, the wall agreement and an easement agreement regarding access to power. If anyone wants to purchase a property, it will be easy to see these documents.

Representative Ken Lee requested that the Commission consider allowing only one tree on each lot, instead of the two trees per lot required in the zoning code.

Vice-Chair Phillip Jordan announced that the public comments section of the hearing was open and anyone wishing to make comments could come forward at this time. No one requested to speak, so the public comments section was closed. Staff confirmed that no written comments had been received.

The Commission then deliberated. Commissioners commented that considering the small lot size, it would be acceptable to have one street tree on each lot. They also cited several of the Golden Factors as they relate to this application including:

- The Character of the Neighborhood,
- The Zoning and Uses of nearby properties supports development;
- The Relative gain to the public health, safety, and welfare by the destruction of the value of petitioner's property as compared to the hardship imposed upon the applicant;.
- The Conformance of the requested change to the adopted or recognized Comprehensive (master plan) being utilized by the city;
- The Impact of the proposed development on community facilities.

Commissioners also cited the recommendation of professional staff as a contributing factor in their decision.

MOTION: Vice-Chairman Jordan moved thus:

Having considered the evidence at the hearing and the factors to evaluate the application, I move we recommend to the City Council that the zone change request from Single-Family Residential District "R-4" to a Planned Unit Development Residential District "R-PUD" in PUD-24-07 (previously PUD-24-03) be approved with modifications based on findings as listed in the staff report, and the condition of one tree in the front of each unit, as recorded in the summary of this hearing, And the following conditions be made a part of this recommendation:

- a) An updated plat depicting the Bristol Hollows Addition R-PUD shall be provided for council consideration, and if approved by council, it will be attached to the ordinance as Exhibit A; and,

- b) The platter's text in Exhibit A will reference additional documents, such as; the Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement, and Easement Agreement Re: Access to Power Meter. Those documents will be incorporated by reference, to the Bristol Hollows Addition R-PUD and ordinance; and
- c) The applicant shall file the ordinance and all documents incorporated by reference to the Bristol Hollows Addition R-PUD, with the Sedgwick County Register of Deeds. Proof of filings shall be provided to the Bel Aire City Clerk, within 30 days of filing with the Sedgwick County Register of Deeds.

Commissioner Matzek seconded the motion.

Motion carried 4-0.

B. PUD-24-04- Proposed Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built (Chapel Landing Phase 2).

Vice-Chairman Phillip Jordan announced the item and reviewed ground rules for public hearings. Before proceeding with the public hearing, he asked the Commission if any member wished to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified.

Vice-Chairman Phillip Jordan noted that proper notice of this hearing was published at least 20 days before the hearing on the City's website and in *The Ark Valley News*. Notices were also mailed to the applicant and all the real property owners of record listed on the security title, in the area of notification.

Vice-Chairman Phillip Jordan asked if anyone on the Commission had received any ex parte verbal or written communications prior to this agenda item, which they would like to share. The Commissioners responded that they had not.

City staff gave a brief report on this case and referenced the Commission's information packet for this meeting. City staff noted that, similar to Agenda Item A, the developer completed lot splits for this property, without following the procedure outlined in the City Code.

Vice-Chairman Jordan called upon the applicant to make his/her presentation on the request and any response to the City staff report. Jay Cook, Baughman Company, spoke on behalf of the applicant and stood for questions from the Commission. Mr. Cook asked that the requirement for street trees be reduced from two trees to one tree, due to the small size of the lots. He also requested that in lieu of tabling the item that the Planning Commission send the item to the City Council.

Vice-Chairman Jordan opened the public comments section. Mary Montanez, 5290 Pinecrest Ct N, spoke to the Commission. She asked for clarification regarding the term “zero lot line” and asked if the property owner will still own the yard. Staff explained that “zero lot line” is a term from the zoning code that describes a property boundary with no easement between properties; in this case the common wall of the duplex.

No others requested to speak, and the public comments section was closed. Staff confirmed that they had not received any written communications from the public regarding this case.

The Commission then discussed the application, as it relates to the City’s Zoning Code and the Golden Factors. Vice-Chairman Jordan commented that, given the similar circumstances, the same conditions applied to the case in Agenda Item A (PUD-24-07) should also be applied this case, specifically:

- a) An updated plat to be attached to the ordinance as Exhibit A; and,
- b) The plat’s text in Exhibit A will reference additional documents, such as; the Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement, and Easement Agreement Re: Access to Power Meter. Those documents will be incorporated by reference, to the ordinance; and
- c) The applicant shall file the ordinance and all documents incorporated by reference with the Sedgwick County Register of Deeds. Proof of filings shall be provided to the Bel Aire City Clerk, within 30 days of filing with the Sedgwick County Register of Deeds.

Commissioners discussed three Golden Factors: character of the neighborhood; zoning and uses of nearby properties, and suitability of the subject property for the uses to which it has been restricted. There was consensus that more information from the applicant would be necessary to make a final recommendation, and the Commission favored tabling the item to allow more time for the applicant to provide the information.

MOTION: Commissioner Charleston moved to table it (PUD-24-04). Commissioner Salazar seconded the motion. *Motion carried 4-0.*

C. PUD-24-02 - Proposed rezoning PUD from R-4, to R-5 and R-6 single and multi-family uses and to include C-1 commercial as zoned (Homestead at Spring).

City staff gave a brief report on this case. Staff noted that the application was first considered by the Commission in September and was tabled. Since then, the applicant has provided additional documents which are in the Commission’s information packet for this meeting.

Will Clevenger and Ken Lee, Garver, spoke on behalf of the applicant and stood for questions from the Commission.

The Vice-Chairman then opened the public comments section. Jeff Englert, 5140 E 53rd Street, spoke to the commission about his concerns regarding manufactured housing and

fencing along his property. The representatives for the applicant noted the PUD document specifically addresses manufactured homes and fencing. No others requested to speak, so the public comments section was closed.

The Commission discussed the following golden factors as reason for approval: character of the neighborhood; zoning and uses of nearby property; suitability of the subject property for the uses to which it has been restricted; and recommendations of permeant staff as contained in the staff report. They noted they appreciated the variety of lot sizes presented.

MOTION: Commissioner Matzek moved to recommend approval of the preliminary Planned Unit Development (PUD-24-02): 1. Parcels A shall remain zoned as C-1 Commercial; 2. Parcel B shall remain zoned as R-4 Residential, with the condition that no manufactured homes are allowed; 3. Parcel C shall change zoning from R-4 to R-5; and 4. Parcel D shall change zoning from R-4 to R-6; with the condition that requires the applicant will submit a detailed site plan for Parcel D to the Planning Commission prior to issuance of building permits. Commissioner Charleston seconded the motion. *Motion carried 4-0.*

D. SD-24-03 - Proposed platting R-5 and R-6 single and multi-family uses, and to include C-1 commercial as zoned (Homestead at Spring).

City staff noted that the plat is for the same property that was discussed in Agenda Item C (PUD-24-02).

Vice-Chairman Jordan opened the public hearing. Ken Lee, Garver, spoke on behalf of the applicant and stood for questions from the Commission. No others requested to speak, and the public hearing was closed.

The Commission then discussed the application. There was general consensus to approve the plat based on consistency with certain Golden Factors, specifically: the character of the neighborhood; zoning and uses of nearby property; and the suitability of the subject property for the uses to which it has been restricted. Commissioners noted that they appreciated the willingness of the applicant to work with nearby homeowners.

MOTION: Vice-Chairman Jordan moved to recommend approval of the preliminary plat of SD-24-03 as presented; and the preliminary sidewalk plan as presented; and the preliminary drainage plan concept as presented. Commissioner Matzek seconded the motion. *Motion carried 4-0.*

E. Sketch Plan - Tierra Verde South, Lot 1 Block 2

Staff referenced documents in the Commission's information packet which were provided by the applicant. The Commission's discussion of the sketch plan is for feedback to the developer only, the Commission will not be making a recommendation tonight. Staff noted that changes to the easements or setbacks would require the property owner to file a PUD application with the Planning Commission.

Jeff Blubaugh presented the sketch plan and stood for questions from the Commission.

The Commission's discussion centered on entry points, traffic, sidewalks, green space, setbacks and parking. The Commission suggested providing a location map of where the development is located. Mr. Blubaugh expressed a desire to reduce some of the current setbacks; for instance, the front setback is currently 40'. Mr. Blubaugh stated that a 25' setback from the sidewalk is typical for duplexes. If the Developer chooses to reduce setbacks, the Commission suggested reducing an easement and keeping setbacks within the minimum sizes listed in the zoning code.

No action was taken by the Commission.

F. Review proposed updates to the 2024 Bel Aire Zoning Map- (supermajority (5) required for approval).

Vice-Chairman Jordan noted that a supermajority of the Commission was not present and would be needed to vote on this item. He then opened the public hearing. No one requested to speak, and the public hearing was then closed.

MOTION: Commissioner Salazar moved to table the proposed zoning map changes. Vice-Chairman Jordan seconded the motion. *Motion carried 4-0.*

G. Approval of the 2025 Meeting Dates and Time

MOTION: Vice-Chairman Jordan moved to approve the Meeting Dates and Time for 2025. Commissioner Matzek seconded the motion. *Motion carried 4-0.*

H. Election of Planning Commission Chairperson, December 2024 to December 2025

MOTION: Commissioner Matzek moved to appoint Phillip Jordan as Chairman of the Planning Commission, term ending December 2025. Commissioner Charleston seconded the motion. *Motion carried 4-0.*

I. Election of Planning Commission Vice-Chairperson, December 2024 to December 2025.

MOTION: Commissioner Salazar moved to appoint Deryk Faber as Vice-Chairman of the Planning Commission, term ending December 2025. Commissioner Charleston seconded the motion. *Motion carried 4-0.*

STAFF COMMUNICATION

FOR MEETING OF	1/07/2024
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY: PUD 24-04 Proposed a Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built in a portion of Chapel Landing Phase II.

History:

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is provided. The PUD process required notification of surrounding property owners.

The subject property is generally located at North Oliver Street and East 53rd Street North and is currently platted as Chapel Landing (recorded March 27, 2008, as Doc#: 28962586). Chapel Landing is currently zoned R-4 Single-Family Residential District. The applicant desires to amend the zoning district classification from R-4 to R-PUD Planned Unit Development Residential District for Lots 1-16, Block E and Lots 1-24, Block F of Chapel Landing.

This case was initiated in August 2024 when lot splits were identified by City staff. Staff reports previously developed and provided to the Planning Commission were prepared by the previous Zoning Administrator and a recommendation to approve the PUD case was made. Due to additional discussions around this case and another similar case an updated staff report was provided by the current Zoning Administrator and included the recommendation to approve the PUD with additional agreements/documents recommended by the City Council during a previous case.

Prior to this City Council meeting, a more detailed analysis of the case was warranted. The previous staff recommendation included the requirement for the applicant to update existing agreements and documents and enter into additional agreements. Although the City can request these documents, it is outside the requirements of the City Code and the review criteria (golden factors) used to evaluate the PUD case.

The current staff report reflects further analysis of the PUD Application and PUD Agreement and provides an updated staff recommendation based on the appropriate review criteria.

Discussion:

The applicant desires to establish the R-PUD zoning district classification in order for the applicable Zoning Regulations to be adapted for their specific development project. As defined by 18.2.3.ET, a Planned Unit Development (PUD) is “a platted parcel, subdivision, or district that contains specific zoning rules as a replacement for the adopted city regulations...”. The applicant has not submitted a Planned Unit Development Plat (18.2.3.EV) but has submitted a PUD Agreement.

In the Permitted Use section of the submitted PUD Agreement, are two permitted residential uses: 1) Single-Family and 2) Two-Family. Definitions per 18.2.3.BK:

1. One-family dwelling – (Single-Family). A detached building used exclusively for residential purposes having suitable accommodations for only one family.
2. Two-family dwelling – (Duplex). A detached building used exclusively for residential purposes and designed for or occupied by two families independently of each other.

Per the R-4 regulations, single-family residences require a minimum 1,600 SF of living space, and two-family residences require a minimum 1,200 SF of living space per unit. Further permitted uses set forth by the applicant include leasing office, playgrounds or community spaces, and accessory structures as approved by the City Manager.

In Section 4 of the submitted PUD Agreement, the applicant desires that all regulations of the R-4 district apply (exclusive of permitted uses) with the following exceptions (not exhaustive, only pertinent requests are listed below):

- a. 0' interior side yard setbacks, provided units share a common wall
- b. R-4 requires a minimum side yard setback of 10' or 20% of lot width, whichever is greater.
 - a. The original plat sets forth a 6' minimum interior side yard setback (applied to primary structures only).
- c. 0 SF minimum lot area, provided lots are further subdivided after original platting
 - a. R-4 requires 8,400 SF per dwelling unit, which would be 16,800 SF for two-family lots.
 - i. Notably, multiple lots less than 16,800 SF were originally platted.
 - ii. The property was originally platted in 2008; research into the adopted Zoning Regulations at that time was not conducted as part of this report.
- d. 0' minimum lot width, provided lots are further subdivided after original platting
 - a. R-4 requires a minimum of 70' lot width
 - i. Notably, multiple lots have frontage widths less than 70' as originally platted.
 - ii. The property was originally platted in 2008; research into the adopted Zoning Regulations at that time was not conducted as part of this report.

Set forth in Section 1 of the submitted PUD Agreement, the applicant desires the ability to further subdivide the originally platted lots without the City's approval of lots splits per the adopted Subdivision Regulations.

The PUD Agreement seeks to define “homes on lots that are split” as “townhouses as defined in the Townhouse Ownership Act outlined in Chapter 58, Article 37 of the Kansas State Statutes. Further, it states that “all applicable sections of the act will apply to all lots that are split within this PUD.” Although K.S.A. 58-3702 does not specifically define “townhouses”, it does define “townhouse unit”. Townhouse unit means one single-family townhouse residential unit which may be joined together with at least one additional single-family townhouse residence by a common wall or walls, and/or roof, and/or foundation: Provided however, that in any event, the term “townhouse unit” shall not mean an apartment as defined in K.S.A. 58-3102...”. The only definition of “townhouse” in the City’s adopted Zoning Regulations is contained within the Use Regulations of the R-5 Garden and Patio Homes, Townhouses, and Condominiums District. “Townhouses” are defined as “one family townhouse dwelling unit, with a private entrance which is part of a structure whose dwelling units are attached horizontally in a linear arrangement and having a totally exposed front and rear wall to be used for access, light and ventilations.”

Multiple two-family units have been constructed on the subject lots. Some constructed two-family units are located on lots that remain as platted in 2008 (two units on one lot), and some have been further subdivided along the common wall line. This further subdivision has created multiple violations of the Zoning Regulations (see Section 18.3.4). Although multiple enforcement actions and remedies are available (see Sections 18.3.8, 18.3.9, and 18.4.7), the City desires to work with the owner(s) to bring the development into compliance.

NOTE: In completing the staff review of the Criteria for Review (18.5.2.E- “Golden Factors”), findings were developed by applying the substitute regulations set forth by the applicant.

1. Character of the neighborhood

Multiple two-family structures have been constructed on the subject property and on adjacent properties. Directly adjacent to the East, are two unplatted properties under the same ownership totaling approximately 11.54 acres currently used for a single-family home with accessory structures. North of East 53rd Street North is predominantly undeveloped large-lot single-family home sites. Approximate 2.0 acre lots are platted to the south of the subject property. Senior living (multiple family) units directly abut the subject property to the West. The character of the neighborhood is in line with the surrounding properties and the current neighborhood.

2. Zoning and uses of nearby properties

North:	R-4 Single-Family Residential District
East:	AG Agricultural District
South:	R-1 Estate Residential District
West:	R-6 Multi-Family District

3. Suitability of the subject property for the uses to which it has been restricted

The property is adequately suited for the permitted uses currently allowed in the R-4 Single-Family Residential District. Notably, the applicant has only requested the following permitted uses: single-family, two-family, leasing office, playgrounds or community spaces, and accessory structures as approved by the City Manager. This is more restrictive than what is allowed in the base R-4 district.

4. Extent to which removal of the restrictions will detrimentally affect nearby property

A minimum lot area should be established as the lack of any minimum lot area makes any meaningful assessment of this Criteria impossible. Minimum lot widths should also be established to ensure adequate access to the public street. With proper identification of all substitute regulations, no detrimental impact to nearby properties is expected.

5. Length of time the property has been vacant as zoned

The property was originally platted in 2008, and building activity on the two-family structures has only recently been commenced. It is not anticipated that the length of time the property was vacant/undeveloped is a factor for this specific request.

6. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant

It is recommended that the City and applicant work on revisions/clarifications to the substitute regulations to avoid any negative impact to public health, safety, and welfare. Once completed, no loss in value or hardship upon the applicant is anticipated.

7. Conformance of the requested change to the adopted or recognized master plan being utilized by the city

The 2018 Master Growth Plan sets forth the property as Residential Suburban Density. Further the Plan encourages PUDs to promote alternatives to traditional development models in these designated areas.

8. Impact of the proposed development on community facilities

No impact on community facilities is expected. Potable water and sanitary sewer services are already extended to the site and are adequately sized. The property has access to East 53rd Street North which has been improved to adequate standards.

9. Opposition or support of neighborhood residents (one factor to be considered and by itself is not sufficient reason to approve or deny a request)

Notified residents did appear at a previous Planning Commission meeting when a similar PUD case was on the agenda. Citizens were concerned that the same conditions discussed in the other PUD case would negatively affect ownership of their homes in Chapel Landing. At the time, there were no issues identified. Residents were notified twice with this PUD case. City staff has received no inquiries or feedback from notified residents.

10. Recommendations of permanent staff

Significant work remains for the PUD Agreement to have sufficient definition and clarity established in order for staff to make a recommendation. Staff recommends that the application be returned to the Planning Commission to reconsider a revised application specifically regarding the findings on Criteria of Review 4 and 6. The next meeting of the Planning Commission is February 13, 2025.

Specific revisions requested (to be fully developed in coordination with the applicant) to include but not limited to:

- 1) Add "Townhouse" as fined by the City's current Zoning Regulations as a permitted use with limitation to the amount of units on each lot of record.
- 2) Identify and specify appropriate minimum lot area and minimum lot widths. Additionally, confirm all other height regulations, area regulations, accessory use regulations, development/performance standards, and landscaping/screening regulations are right-sized, appropriate, and clearly indicated within the PUD Agreement.
- 3) Removal of Sections 1, 2, 3, 4, and 5 of the submitted PUD Agreement as these are already controlled by either a previously approved document, lack of public necessity, and/or lack of authority (e.g. Special Assessment Petitions, Kansas State Statute, inability to amend Subdivision Regulations through PUD Agreement, etc.).

Although staff recognizes that it is within the City's power to make replatting a condition of any zoning action, it recognizes the potential hardship this might place on the owner(s). The public gain to replatting would be the inclusion of all PUD Agreement provisions on the face of plat as required by 19.5.5.T. As such, it is further recommended that if the R-PUD classification is ultimately adopted, that all provisions of the R-PUD be recorded against all impacted lots. Further, if the applicant revises any restrictive covenants as a result of any ultimate zoning revisions, submittal to the City is required for City records.

Nothing contained within this application currently or anticipated would appear to violate any condition within the executed Agreement Concerning the Development of Chapel Landing (dated March 18, 2014) or the First Amendment (dated March 15, 2016, and recorded as Doc#: 29601563). As such, no restated, amended, or revised Development Agreement is expected.

Staff does not make recommendation as to the necessity of additional supplementary documentation to facilitate this zoning request (e.g. Party Wall Agreement) that are not in the purview of the City's Zoning and/or Subdivision Regulations.

Nothing in the City's review and actions are intended to violate any provision of the Townhouse Ownership Act outlined in Chapter 58, Article 37 of the Kansas State Statutes.

Before proceeding with the public hearing, he asked the Commission if any member wished to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified.

Chairman Jordan noted that proper notice of this hearing was published at least 20 days before today’s hearing date on the City’s website and in *The Ark Valley News*. Notices were also mailed to

the applicant and all of the real property owners of record listed on the security title, in the area of notification. City staff gave a brief report on this case and referenced the Commission's information packet for this meeting. City staff noted that this case was heard at the November 14th Planning Commission meeting and was tabled for further consideration and for documentation requests made by motion.

Chairman Jordan called upon the applicant to make his/her presentation and any response to the City staff report. Jay Cook, Baughman Company, spoke on behalf of the applicant and stood for questions from the Commission. Mr. Cook asked that the case be sent to the City Council because the applicant does not intend to provide the documents that Planning Commission requested. He stated the reason is because the documents requested are outside the scope of zoning and are not enforceable by the City. He stated that the applicant may be willing to update the PUD to reflect the Commission's recommendation for number of street trees, and update face of the plat to reflect zoning setbacks. Cook stated that the applicant is willing to comply with regulations listed in the subdivision and zoning codes.

Chairman Jordan opened the public comments section. No others requested to speak and the public comments section was closed. Staff confirmed that they had not received any written communications from the public regarding this case.

The Commission then discussed the case.

MOTION: Chairman Jordan moved that having considered the evidence at the hearing and the factors to evaluate the application, I move we recommend to the City Council, that the proposed final PUD containing approved duplexes be converted townhouses with zero interior lot lines on a reduced lot size in a R-4 zoning district as built (Chapel Landing Phase 2) in PUD-24-04 be approved with modifications: the 4 modifications under Item 10 on the City recommendations, based on the findings from the review section of the staff report, as recorded in the summary of this hearing, and the following conditions be attached to this recommendation. Commissioner Mackey seconded the motion..

Discussion followed. Commissioners cited their reasons for recommending approval, namely: the recommendation of City Staff; Suitability of the subject property for the uses to which it has been restricted; and Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant. Chairman Jordan called the question. *Motion carried 5-0*

The agent for the applicant, Will Clevenger, Garver, stood for questions from the Commission.

Chairman Jordan asked the Commission if any member wished to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified. Chairman Jordan noted that proper notice of this hearing was published at least 20 days before today's hearing date on the City's website and in *The Ark Valley News*. Notices were also mailed to the applicant and all of the real property owners of record listed on the security title, in the area of notification. Chairman Jordan asked if anyone on the Commission had received any ex-parte verbal or written communications prior to this agenda item, which they would like to share. Brian Lindebak, MKEC, represented the applicant and stood for questions from the Commission. Chairman Jordan opened the public hearing. No one spoke, so the public hearing was closed.

Chairman Jordan asked the Commission if any member wished to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified. Chairman Jordan noted that proper notice of this hearing was published at least 20 days before today's hearing date on the City's website and in *The Ark Valley News*. STAFF COMMUNICATION

FOR MEETING OF	12/12/24
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY:

PUD-24-04 Proposed a Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built in a portion of Chapel Landing Phase II.

The city placed an ad in the Ark Valley Newspaper as required by the city code. The affidavit of publication is in the packet. The PUD process required notification of surrounding property owners.

The city review of the plat is in your packet. Documents reviewed and included in the agenda packet: affidavit of publication; PUD application; PUD Agreement; and site plan.

History

The property has been zoned R-4 since 2008 and replatted in 2020. The R-4 zoning district has a 10' side yard setback requirement. The old Chapel Land plat would have allowed a 6' side yard with conditions.

The discovery of lot splits outside of the city process changed how a single structure defined in the city building code could be divided into two single structures. The agreements and understand of use were changed. The zoning code and building code issues created within the Bel Aire is not a new problem in the region for other jurisdictions.

Item appeared on the September 12, 2024, Planning Commission agenda, however, applicant requested that the item be tabled. After the September 12, 2024, meeting, the applicant submitted complete information related to ownership signatures that confirmed the applicant as an agent of the property owners for purposes of the PUD application. The item was on the November 14, 2024, meeting agenda and was tabled pending additional information being provided.

Discussion

- A. The city will be reviewing how to move forward with lot splits that occur after the completion of a structure. Processes/procedures, zoning and subdivision codes and building codes will be examined. This review doesn't imply this type of method could be used city wide by dividing lots and selling each as a separate building as this case reflects. The intent is to provide a sustainable neighborhood with conditions in place to maintain property values.
- B. The Planning Commission tabled this item at the November 14 meeting based on the following issues:
 - a. Commission reviewed Agenda Item A- PUD-24-07 and was aware of City Council concerns and the requirements set out by them on another like case.
 - b. There was consensus that the applicant should draft the following documents and present them at the December Planning Commission meeting to include in the meeting agenda packet:
 - i. Updated plat to be attached to the ordinance;
 - ii. Add platter's text to reference additional documents including: Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement and Easement Agreement to address access to power meters. These documents would also be incorporated, by reference, to the ordinance; and
 - iii. Applicant shall file the ordinance all the documents with the Register of Deeds office and provide a copy to the Bel Aire City Clerk.
 - c. The applicant requested Planning Commission send the item to Council in lieu of tabling the item.
 - d. Commission determined that Council would not approve the item without documents in place.
- C. The Commission agreed to reduce the street trees from two trees per lot to one tree per lot due to the small size of the individual lots.
- D. Commission voted to table the item.
- E. City staff provided the applicant with the link to the document templates from PUD-24-07. Prior to the posting the December Planning Commission meeting packet, the City did not receive additional documents as requested from the Commission at their November 14 meeting.

Review Considerations:

1. Character of the neighborhood

The City of Bel Aire has housing that is built and utilized for the current zoning R-4 residential duplex design. The senior housing south is a low impact residential multi-family use. The PUD request does not change the character of the neighborhood.

2. Zoning and uses of nearby properties

North- R-4
East-R-4, Agriculture, R-5.
South-R-4 single family with reduced side yard setbacks,
R-1 West-R-4, R-6 senior housing

3. Suitability of the subject property for the uses to which it has been restricted

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

4. Extent to which removal of the restrictions will detrimentally affect nearby property

No adverse changes based on the approved 2018 Master Growth Plan.

5. Length of time the property has been vacant as zoned

2008 to 2024, 16 years.

6. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant

Affordable single-family housing with each family responsible as owners is the gain. This housing potentially increases land value.

7. Conformance of the requested change to the adopted or recognized master plan being utilized by the city

The city 2018 Master Growth Plan is in line with the existing and proposed uses.

8. Impact of the proposed development on community facilities

Switching from a duplex development to single family homes does not create any additional burden on the community facilities. The water and sanitary sewer systems were already separate for each unit and there is no additional traffic anticipated on roadways.

9. Opposition or support of neighborhood residents (one factor to be considered and by itself is not sufficient reason to approve or deny a request)

The City previously had inquiries from notified residents who requested additional information on the notice. Once they understood the situation, they had no feedback positive or negative. Residents from another development spoke at the September Planning Commission meeting, however, their feedback was not directly related to this agenda item.

10. Recommendations of permanent staff

The proposed PUD should be modified as follows:

1. Update the landscaping requirement to reflect one street per lot.
2. Require applicant to submit the following documents as part of their PUD application: Restrict Covenants, Amendment to the Original Development Agreement, Wall Agreement and Easement Agreement.
3. Update the plat's text to reference the documents.
4. File the plat and documents with the Register of Deeds Office and provide a copy to the City of Bel Aire City Clerk.

WHEREAS, the Developer desires zoning by a PUD from the City on a portion of land more fully described below and herein referred to as CHAPEL LANDING ADDITION to the City of Bel Aire, Kansas; and

VI. Announcement

A. Kansas Open Meetings Act (KOMA) Review

B. Golden Factors review

City Attorney Maria Schrock gave a brief presentation on the Kansas Open Meeting Act and the Golden Factors.

VII. Old Business/New Business

- A. PUD-24-07 (previously PUD-24-03): Zone change request in the City from Single-Family Residential District (R-4) to a Planned Unit Development Residential District (R-PUD) to create the Bristol Hollows Addition R-PUD, for the purpose of bringing structures that were conforming in 2020 and made non-conforming in 2023, due to lot splits that were completed without City notice and approval, generally located at 53rd Street North and Bristol Street.**

Vice-Chairman Phillip Jordan announced the item and reviewed ground rules for the public hearing. Before proceeding with the public hearing, he asked the Commission if any member intended to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified.

Vice-Chairman Phillip Jordan noted that proper notice of this hearing was published at least 20 days before the hearing on the City's website and in the Wichita Eagle. Notices were also mailed to the applicant and all the real property owners of record, listed on the security title, in the area of notification on October 25, 2024.

Vice-Chairman Phillip Jordan asked if anyone on the Commission had received any ex parte verbal or written communications prior to this agenda item, which they would like to share. The Commissioners responded that they had not.

City staff gave a brief report on this case and referenced the staff report on this item provided in the Commission's information packet for this meeting.

Vice-Chairman Jordan called upon the applicant to make his/her presentation on the request and any response to the City staff report. Ken Lee, Garver, spoke on behalf of the applicant and stood for questions from the Commission. The primary change to the PUD was to add "Residential" into the document. The other changes were to documents outside of the PUD, to provide clarity. Modifications were made to the Restrictive Covenants to address protections for the residents. The developer proposes that the buildings be viewed as condominiums, so that a less-restrictive wall design is required. The documents also address resident's rights to access utility meters.

City Attorney Maria Schrock commented on Ken Lee's comments regarding the proposed firewall standard. Ms. Schrock referred to the October 15th City Council meeting in which firewall standards were discussed. At that hearing, the City building inspector stated that he had no concerns with the safety of the current walls. Since the hearing, City staff have reached out to the Sedgwick County Fire Department for advice. The Sedgwick County Fire Department offered suggestions: have a fire extinguisher on hand and use caulking over any penetrations to the wall. Phil Ruffo has agreed to add those things to the Restrictive Covenants, the First Amendment, or to a wall agreement. Regarding residents' access to power meters, Mr. Ruffo agreed to add language to the documents to allow for an easement to access power meters.

City Attorney Maria Schrock submitted Exhibit A to the Commissioners and described it. Exhibit A is a basic plat diagram of the Bristol Hollows Addition that includes text that states the diagram will include a reference to the Restrictive Covenants, First Amendment to the original development agreement, the wall agreement and an easement agreement regarding access to power. If anyone wants to purchase a property, it will be easy to see these documents.

Representative Ken Lee requested that the Commission consider allowing only one tree on each lot, instead of the two trees per lot required in the zoning code.

Vice-Chair Phillip Jordan announced that the public comments section of the hearing was open and anyone wishing to make comments could come forward at this time. No one requested to speak, so the public comments section was closed. Staff confirmed that no written comments had been received.

The Commission then deliberated. Commissioners commented that considering the small lot size, it would be acceptable to have one street tree on each lot. They also cited several of the Golden Factors as they relate to this application including:

- The Character of the Neighborhood,
- The Zoning and Uses of nearby properties supports development;
- The Relative gain to the public health, safety, and welfare by the destruction of the value of petitioner's property as compared to the hardship imposed upon the applicant;.
- The Conformance of the requested change to the adopted or recognized Comprehensive (master plan) being utilized by the city;
- The Impact of the proposed development on community facilities.

Commissioners also cited the recommendation of professional staff as a contributing factor in their decision.

MOTION: Vice-Chairman Jordan moved thus:

Having considered the evidence at the hearing and the factors to evaluate the application, I move we recommend to the City Council that the zone change request from Single-Family Residential District "R-4" to a Planned Unit Development Residential District "R-PUD" in PUD-24-07 (previously PUD-24-03) be approved with modifications based on findings as listed in the staff report, and the condition of one tree in the front of each unit, as recorded in the summary of this hearing, And the following conditions be made a part of this recommendation:

- a) An updated plat depicting the Bristol Hollows Addition R-PUD shall be provided for council consideration, and if approved by council, it will be attached to the ordinance as Exhibit A; and,

- b) The platter's text in Exhibit A will reference additional documents, such as; the Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement, and Easement Agreement Re: Access to Power Meter. Those documents will be incorporated by reference, to the Bristol Hollows Addition R-PUD and ordinance; and
- c) The applicant shall file the ordinance and all documents incorporated by reference to the Bristol Hollows Addition R-PUD, with the Sedgwick County Register of Deeds. Proof of filings shall be provided to the Bel Aire City Clerk, within 30 days of filing with the Sedgwick County Register of Deeds.

Commissioner Matzek seconded the motion.

Motion carried 4-0.

B. PUD-24-04- Proposed Final PUD containing approved duplexes to be converted townhouses with zero interior lot lines on a reduced lot size in an R-4 zoning district as built (Chapel Landing Phase 2).

Vice-Chairman Phillip Jordan announced the item and reviewed ground rules for public hearings. Before proceeding with the public hearing, he asked the Commission if any member wished to disqualify themselves from participating in the case because they or a relative own property in the area of notification or have conflicts of interest. No one was disqualified.

Vice-Chairman Phillip Jordan noted that proper notice of this hearing was published at least 20 days before the hearing on the City's website and in *The Ark Valley News*. Notices were also mailed to the applicant and all the real property owners of record listed on the security title, in the area of notification.

Vice-Chairman Phillip Jordan asked if anyone on the Commission had received any ex parte verbal or written communications prior to this agenda item, which they would like to share. The Commissioners responded that they had not.

City staff gave a brief report on this case and referenced the Commission's information packet for this meeting. City staff noted that, similar to Agenda Item A, the developer completed lot splits for this property, without following the procedure outlined in the City Code.

Vice-Chairman Jordan called upon the applicant to make his/her presentation on the request and any response to the City staff report. Jay Cook, Baughman Company, spoke on behalf of the applicant and stood for questions from the Commission. Mr. Cook asked that the requirement for street trees be reduced from two trees to one tree, due to the small size of the lots. He also requested that in lieu of tabling the item that the Planning Commission send the item to the City Council.

Vice-Chairman Jordan opened the public comments section. Mary Montanez, 5290 Pinecrest Ct N, spoke to the Commission. She asked for clarification regarding the term “zero lot line” and asked if the property owner will still own the yard. Staff explained that “zero lot line” is a term from the zoning code that describes a property boundary with no easement between properties; in this case the common wall of the duplex.

No others requested to speak, and the public comments section was closed. Staff confirmed that they had not received any written communications from the public regarding this case.

The Commission then discussed the application, as it relates to the City’s Zoning Code and the Golden Factors. Vice-Chairman Jordan commented that, given the similar circumstances, the same conditions applied to the case in Agenda Item A (PUD-24-07) should also be applied this case, specifically:

- a) An updated plat to be attached to the ordinance as Exhibit A; and,
- b) The plat’s text in Exhibit A will reference additional documents, such as; the Restrictive Covenants, First Amendment to the Original Development Agreement, Wall Agreement, and Easement Agreement Re: Access to Power Meter. Those documents will be incorporated by reference, to the ordinance; and
- c) The applicant shall file the ordinance and all documents incorporated by reference with the Sedgwick County Register of Deeds. Proof of filings shall be provided to the Bel Aire City Clerk, within 30 days of filing with the Sedgwick County Register of Deeds.

Commissioners discussed three Golden Factors: character of the neighborhood; zoning and uses of nearby properties, and suitability of the subject property for the uses to which it has been restricted. There was consensus that more information from the applicant would be necessary to make a final recommendation, and the Commission favored tabling the item to allow more time for the applicant to provide the information.

MOTION: Commissioner Charleston moved to table it (PUD-24-04). Commissioner Salazar seconded the motion. *Motion carried 4-0.*

C. PUD-24-02 - Proposed rezoning PUD from R-4, to R-5 and R-6 single and multi-family uses and to include C-1 commercial as zoned (Homestead at Spring).

City staff gave a brief report on this case. Staff noted that the application was first considered by the Commission in September and was tabled. Since then, the applicant has provided additional documents which are in the Commission’s information packet for this meeting.

Will Clevenger and Ken Lee, Garver, spoke on behalf of the applicant and stood for questions from the Commission.

The Vice-Chairman then opened the public comments section. Jeff Englert, 5140 E 53rd Street, spoke to the commission about his concerns regarding manufactured housing and

fencing along his property. The representatives for the applicant noted the PUD document specifically addresses manufactured homes and fencing. No others requested to speak, so the public comments section was closed.

The Commission discussed the following golden factors as reason for approval: character of the neighborhood; zoning and uses of nearby property; suitability of the subject property for the uses to which it has been restricted; and recommendations of permeant staff as contained in the staff report. They noted they appreciated the variety of lot sizes presented.

MOTION: Commissioner Matzek moved to recommend approval of the preliminary Planned Unit Development (PUD-24-02): 1. Parcels A shall remain zoned as C-1 Commercial; 2. Parcel B shall remain zoned as R-4 Residential, with the condition that no manufactured homes are allowed; 3. Parcel C shall change zoning from R-4 to R-5; and 4. Parcel D shall change zoning from R-4 to R-6; with the condition that requires the applicant will submit a detailed site plan for Parcel D to the Planning Commission prior to issuance of building permits. Commissioner Charleston seconded the motion. *Motion carried 4-0.*

D. SD-24-03 - Proposed platting R-5 and R-6 single and multi-family uses, and to include C-1 commercial as zoned (Homestead at Spring).

City staff noted that the plat is for the same property that was discussed in Agenda Item C (PUD-24-02).

Vice-Chairman Jordan opened the public hearing. Ken Lee, Garver, spoke on behalf of the applicant and stood for questions from the Commission. No others requested to speak, and the public hearing was closed.

The Commission then discussed the application. There was general consensus to approve the plat based on consistency with certain Golden Factors, specifically: the character of the neighborhood; zoning and uses of nearby property; and the suitability of the subject property for the uses to which it has been restricted. Commissioners noted that they appreciated the willingness of the applicant to work with nearby homeowners.

MOTION: Vice-Chairman Jordan moved to recommend approval of the preliminary plat of SD-24-03 as presented; and the preliminary sidewalk plan as presented; and the preliminary drainage plan concept as presented. Commissioner Matzek seconded the motion. *Motion carried 4-0.*

E. Sketch Plan - Tierra Verde South, Lot 1 Block 2

Staff referenced documents in the Commission's information packet which were provided by the applicant. The Commission's discussion of the sketch plan is for feedback to the developer only, the Commission will not be making a recommendation tonight. Staff noted that changes to the easements or setbacks would require the property owner to file a PUD application with the Planning Commission.

Jeff Blubaugh presented the sketch plan and stood for questions from the Commission.

The Commission's discussion centered on entry points, traffic, sidewalks, green space, setbacks and parking. The Commission suggested providing a location map of where the development is located. Mr. Blubaugh expressed a desire to reduce some of the current setbacks; for instance, the front setback is currently 40'. Mr. Blubaugh stated that a 25' setback from the sidewalk is typical for duplexes. If the Developer chooses to reduce setbacks, the Commission suggested reducing an easement and keeping setbacks within the minimum sizes listed in the zoning code.

No action was taken by the Commission.

F. Review proposed updates to the 2024 Bel Aire Zoning Map- (supermajority (5) required for approval).

Vice-Chairman Jordan noted that a supermajority of the Commission was not present and would be needed to vote on this item. He then opened the public hearing. No one requested to speak, and the public hearing was then closed.

MOTION: Commissioner Salazar moved to table the proposed zoning map changes. Vice-Chairman Jordan seconded the motion. *Motion carried 4-0.*

G. Approval of the 2025 Meeting Dates and Time

STAFF REPORT**DATE: 03/06/2025****TO: Bel Aire Planning Commission****FROM: Paula Downs****RE: Agenda****STAFF COMMUNICATION**

FOR MEETING OF	3/13/25
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY:**VAC-25-01- Vacation of Platted 20' Utility Easement on Lots 7 & 8, Block 1, Sunflower Commerce Park 3rd Addition.**

General Location: 5440 Sunflower Court- North of 53rd Street, between Webb and Greenwich Road.

Reason for Request: Vacate a platted 20 ft. wide utility easement along the south property line of lot 7 and the north property line of lot 8 to construct a parking lot for the development of a warehouse on subject property.

Background Information:

- The subject 20 ft. wide utility easement was established with the platting in 2023.
- The property owner intends to construct a parking lot as part of the site improvements for a building currently located on the site. In order to construct the parking lot to serve the building, the utility easement must be vacated.
- Site plan review and approval are required prior to site improvements on the property.

Legal Considerations:

- KSA 12-505 requires the Planning Commission to consider specific findings of fact which serve as the basis for the Commission's recommendation to the City Council. The findings to be determined by the Planning Commission are as follows:
 - Notice of petition to vacate and notice of the public hearing has been given in accordance with State law;
 - No private rights will be injured or endangered if the vacation is granted;
 - The public will suffer no loss or inconvenience if the vacation is granted; and
 - In justice to the petitioner, the vacation should be granted.
- At the conclusion of the public hearing, the Planning Commission should adopt a resolution stating its recommendation, with or without conditions, and announce the date upon which the City Council will consider the vacation.
 - A draft resolution has been prepared based upon staff's review of the vacation request.
 - The Planning Commission may instruct staff to modify the resolution as necessary to reflect the decision of the Commission.

Findings of Fact:

Section V, Item B.

1. Notice of petition to vacate and notice of public hearing has been given in accordance with State law:
 - a. Notice was published in the City's official newspaper, The City of Bel Aire website, on February 20, 2025.
 - b. Official notice was mailed to property owners within the required notification area on February 20, 2025.
2. No private rights will be injured or inconvenienced if the vacation is granted:
 - a. Notice was provided to the following private utility agencies: Evergy and Kansas Gas Service as part of the City's general notification process.
 - i. Evergy has no objection to the vacation of the proposed utility easement and did not request any additional easement for this site plan. Any relocation or removal of existing Evergy equipment will be at the applicant's expense. There is no transmission in or near the area of the plat.
 - ii. Kansas Gas Service does not object and does not have any lines or equipment in the easement. There is a service line for the lot that may be in conflict, however, Kansas Gas Service will work directly with the customer to adjust as needed.
 - b. Owners of surrounding private properties will not be injured or inconvenienced if the vacation is granted. The utility easement is only platted on the subject property.
3. The Public will suffer no loss or inconvenience if the vacation is granted:
 - a. The subject easement is not being used as a utility easement. There are no public sanitary sewer, water, or stormwater sewer lines in the easement
 - b. Staff have not received any additional inquiries or comments after mailing the public hearing notification. The Commission will need to consider any testimony provided during the public hearing.
4. In justice to the petitioner, the vacation should be granted:
 - a. Vacating the easement will allow the applicant to proceed with site plan review and design of the parking lot to facilitate the development of a warehouse on the subject property.
 - b. There are no conflicts with private or public utilities.
 - c. The vacation should be granted

RECOMMENDED MOTION:

- Approve the vacation of a 20 ft. utility easement on Lots 7 and 8, Block 1, Sunflower Commerce Park 3rd Addition and forward to the City Council for consideration at its regular meeting on March 18, 2025.
