He shared a personal incident where he was hit by an E-bike while blowing leaves on their sidewalk and narrowly avoided being hit by a car after falling into the street. He asked about liability procedures when a pedestrian is injured by an E-bike or golf cart, especially involving uninsured or underage drivers. He questioned what protections are in place for injured pedestrians. He further inquired about previously discussed plans for raised and lighted crosswalks for traffic calming and pedestrian safety, and expressed concern about visibility issues during sunrise due to sun glare. He requested updates on planned crosswalks at Hoffner Avenue, Dorian, and the corner of Trentwood & Daetwyler.

With no further comments, Mayor Carson closed the public comments.

4. Presentations

Appeal of CE 25-0432: 1612 Idaho Avenue

City Manager Rudometkin gave a summary of the Code Violation issued to the homeowner of 1616 Idaho Avenue. Michael Litchfield gave testimony and addressed the council regarding a recent parking violation. He explained that due to ongoing construction near their home and contractor vehicles occupying nearby space, they were unable to maneuver their boat trailer into the driveway safely and had to park it temporarily on the street. He said he is a new resident and obtained a decal after the fact; however, he acknowledged understanding and support for the parking signage and regulations, which help maintain resident-only access. He appeared before the council to request understanding and forgiveness as a first-time homeowner, unfamiliar with the entire process and parking limitations at the time.

The council then discussed the appeal for a \$150 parking fine. After discussion, Comm Bobrowski moved to waive the \$150 parking violation but kept the \$50 administrative fee. Comm Shuck seconded the motion, which passed 5:2 with Comm Lowell and Comm Smith, nay.

Mayor Carson noted that the courtesy will only be extended one time and that he should adhere to the parking rules.

5. Consent Items

- A. Approval of the City Council Meeting Minutes – September 30, 2025**
Mayor Carson called for a motion to approve the consent items.
Comm Shuck moved to approve the consent item as presented.

Comm Lance seconded the motion, which passed unanimously 7:0.

6. Unfinished Business

a. 3904 Arajo Condemnation Update

City Manager Rudometkin spoke on the ongoing concerns regarding the condition of a residential property being worked on by homeowner Ms. Lizer. He stated that Ms. Lizer has been attempting to secure funding for continued repairs but has faced delays. She had cleaned up the property in the past week, which was appreciated, though residents expressed a desire for more frequent maintenance. The roof has been repaired; however, Mr. Bernard reported that exterior wall damage is more extensive than expected, requiring reconstruction before painting can begin. Ms. Lizer said she can provide photos and plans to use annuity funds to help finance the ongoing work. She was unclear about how much she owed on her mortgage and unsure about the annuity fund disbursement for home repairs and was undecided whether to sell the home. CM Rudometkin emphasized to Ms. Lizer that the current state of the property is not sustainable, and it must either be fully repaired on an ongoing basis or potentially demolished.

The council discussed whether to proceed with demolition or assist Ms. Lizer with renovations. They agreed that the situation has been ongoing for far too long and that it is important to approach it with utmost care and consideration. The Council shared that they wouldn't want to see the homeowner spend their last resources trying to save a home that may be ultimately demolished. The Council discussed with the City Attorney finding an attorney or law firm that will offer pro-bono assistance to ensure Ms. Lizer will not be taken advantage of in the process. CM Rudometkin stated that he and the staff have visited the home and in their professional opinion, the house will need significant funds to make it habitable. The Council discussed with Ms. Lizer the consideration of seeking pro-bono legal assistance, as well as exploring the option of selling the house to someone who can remodel it and live in it without financial burden. A discussion ensued regarding the city's estimated cost of approximately \$20,000 to demolish the home or find a way to mitigate the situation. The Council discussed a 30-day extension with a timeline for the work plan moving forward.

After discussion, Commissioner Partin moved to grant 30 days for the city manager and attorney to work together with Ms. Lizer to explore a solution to resolve the issues with her property, including options for pro bono legal assistance. Commissioner Lance seconded the motion, which passed unanimously 7:0.

7. New Business

a. Going Paperless in 2026

City Manager Rudometkin said the staff is recommending a trial phase and a paperless process for handling agenda packets, to be environmentally friendly and utilize iPads. A brief discussion ensued. **Following the discussion, the Council reached a consensus to move forward with the recommendation and provide a copy of the agenda sheet only during sessions.** Packets can be made available upon request.

8. Attorneys' Report

Attorney Langley discussed the possibility of holding an executive session before the next council meeting to provide an update and answer questions regarding the Quevedo litigation. The proposed time for the session is 6:00 PM. The executive session would be limited to Council Members, the Mayor, Rick, the City Attorney, and would require the presence of a court reporter. All discussions must be transcribed and will remain exempt from public record until the case concludes. Members were reminded that everything said during the session is on record and must pertain strictly to the litigation; no other topics may be discussed. Of the two lawsuits filed, one has been dismissed entirely. A motion to dismiss the second case has been filed. Council was asked to confirm interest in holding the executive session at 6:00 PM before the next meeting.

After discussion, the Council reached a consensus to hold the Executive Session at 5:30 p.m. on October 21, 2025, following a Council meeting that starts at 6:30 p.m.

9. City Manager's Report

City Manager Rudometkin gave an update on Hurricane Ian recovery efforts. He has been in ongoing discussions with KPMG regarding documentation requests; some concerns have been raised, but a resolution is expected in the coming weeks. A future workshop will be scheduled for a more in-depth discussion. He noted that he and the Mayor met with Commissioner Scott, who shared a copy of the new Orange County redistricting maps. Commissioner Mike Scott (District 6) discussed the redistricting process, briefly touching on annexation and fire services. Copies of the maps were provided for Council review. Members are encouraged to stop by the office to review and discuss them further.

10. Chief's Report

Chief Grimm reported that staff met with FDOT and their consultant last Thursday regarding Hansel Road improvements, particularly near the school. While the city has limited jurisdiction, FDOT will conduct a traffic study starting in approximately two weeks. The study will evaluate options such as school zone designation, improved signage, lighted crosswalks, or traffic signals at

the Wallace intersection. He further added that the traffic flow around the school has improved this year, though peak times still see congestion. He shared dates of upcoming events:

- **Oct 8:** Annual PD Agency Training
- **Oct 9:** Homecoming Golf Cart Parade
- **Oct 18:** "Always Wear Your Seatbelt" 5K
- **Oct 25:** DEA Drug Take-Back Day
- **Oct 25:** Ducktoberfest
- **Oct 29:** "Boogie on the Bridge" – City annual event with extended road closures from 3:30 PM through the evening. All event-related closures and updates will be shared via the city website, police department social media, and digital signage in advance.

A full September report will be presented at the next meeting.

11. Public Works Report

Phil Price, Public Works Director, gave an update on the Orange County force main installation project along Judge Road. The contractor anticipates completing main construction by mid-next week, with night work at the Conway/Judge intersection scheduled to begin around October 20. Lane closures will occur overnight from 9 PM to 5 AM.

Final site restoration, including sodding and cleanup, is expected to be completed by the second week of November. Minimal additional work remains near Arajo and at the lift station tie-in point. This is an Orange County project taking place within the city right-of-way. No permanent sidewalk improvements are included; however, some sections were temporarily removed to facilitate the installation of pipes. Public safety has been maintained, and overall traffic control (MOT) has been effective.

12. Council Report

The council thanked staff, PD, and Public Works for their hard work and for moving projects forward. Comm Lowell thanked Lizary Simons, the City Hall Administrative Assistant, for her positive and disarming demeanor when helping residents and visitors. Comm Lance also commented on what a great job Lizary is doing. He also reported that the Daetwyler Shores Association has installed its playground equipment with the money from the BING Grant. It really looks good and is an asset to the neighborhood.

Comm Smith reminded Council to attend the Tri-County meeting on October 16th.

Comm Vertolli announced that he will not be running for re-election for his district and welcomes the residents to apply.

13. Adjournment

There being no further business, Mayor Carson called for a motion to adjourn the meeting, which passed unanimously at 8:15 pm.

Chief's Monthly Report – September 2025

Message from the Chief September 2025

As we wrap up September, I would like to take a moment to acknowledge the progress, pride, and partnerships that continue to shape our city and its police department. The Cornerstone Ducks posted a 2-1 record this month with an overall record of 4-2, giving us plenty to cheer about and a reason to keep showing up under those Friday night lights. We also proudly welcomed back Officer Mendez from his military service and brought Officer Ramos on board, two great additions to the Belle Isle PD team.

I want to thank our City Manager and all city staff for their hard work during the budget process. A special thank you goes out to the Budget Committee for their dedication and input, and especially to Tracey Richardson for once again putting together one of the most detailed and fiscally sound municipal budgets in the region. It's clear that we're in good hands, and I'm proud of how we continue to prioritize smart, responsible spending.

Although we only got a *hint* of heat relief, the signs of fall are on the horizon, and we're gearing up for an exciting October ahead.

Looking Ahead – October Events

October is shaping up to be one of the busiest and most community-driven months of the year here in Belle Isle. Here's what's on the calendar:

- **October 9 – Cornerstone Homecoming Parade**
- **October 18 – Always Wear Your Seatbelt 5K**
- **October 25 – DEA Drug Take Back & Ducktoberfest**
- **October 29 – The soon-to-be-legendary Boo-ggy on the Bridge**

Each of these events represents our city's commitment to safety, health, family fun, and community connection. Belle Isle PD is proud to support them all, and I look forward to seeing our residents and officers enjoying everything this season has to offer. Let's keep working together to make Belle Isle a great place to live, work, and visit.

Arrests and Notable Incidents

September 1, 2025 – Verbal Dispute / Informational Report

At approximately 1945 hours, officers responded to a residence on Saint Partin Place in reference to a possible battery. Upon arrival, officers spoke with all involved parties, including two family members engaged in a verbal dispute during a personal belongings exchange. Conflicting statements were made, with one party reporting a history of familial tension and prior incidents. A visible black eye on one individual was attributed to a separate act by another family member not present at the time. Audio recordings were reviewed, and no physical altercation was evident. Fire rescue evaluated one party for precautionary reasons. Due to conflicting accounts and lack of probable cause, no charges were filed. The matter was documented for informational purposes only. All parties were advised accordingly, and the scene was cleared without further incident.

September 1, 2025 – Domestic Violence Investigation (Ongoing)

At approximately 1945 hours, officers responded to a residence on Saint Partin Place in reference to a possible battery. Upon arrival, officers contacted the involved parties outside the residence, and permission was granted to enter and speak with the alleged aggressor. An informational report had previously been generated for the initial incident with no crime established. During this contact, one individual disclosed an alleged incident from two weeks prior in which a family member reportedly threw her into a refrigerator, dragged her by the hair, and struck her head on the carpet multiple times, causing visible injuries including a black eye and laceration. She also alleged a history of abuse, including threats and intimidation by the same family member, and expressed fear of retaliation. Photographs of her injuries were taken, and a Domestic Violence Lethality Assessment determined the situation to be potentially lethal. She was advised of her rights under Marsy's Law, provided domestic violence resources, and signed a declaration of prosecution while declining an authorization for release of confidential information. Efforts were made to contact the other family member for a statement; the following day, the family member came to the police department and stated the incident was an attempt to stop further battery against himself. This case remains ongoing and under investigation.

September 1 – Injunction Violation and Suspect Evasion

On September 1, 2025, officers responded to a report of an injunction violation at a residence on Flowertree Road. The suspect had an active temporary injunction prohibiting him from being within 500 feet of the location. Upon arrival, officers observed a male matching the suspect's general description but using evasive behavior. After being granted entry to the home, a thorough search was conducted with negative results. However, a review of body-worn camera footage and a positive ID by a supervising officer confirmed that the initial male encountered was the respondent listed in the injunction. A warrant was authored by a responding officer for multiple charges, including Burglary, Aggravated Stalking After Injunction, and Violation of Injunction. The investigation is ongoing under case number BI25-0654.

September 2 – Burglary and Domestic Violence Injunction Violation

On September 2, 2025, at approximately 10:43 p.m., officers were dispatched to the same Flowertree Road residence regarding a burglary in progress. The victim reported that the same respondent from the prior day had unlawfully entered the residence multiple times without consent, including cutting power to the home and making threatening statements to intimidate her. A Domestic Violence Lethality Assessment was conducted, revealing a high-risk situation due to threats involving weapons, physical control, and stalking behavior. The victim presented documentation confirming an active final injunction served on the suspect in July 2025. Based on the investigation, officers established probable cause for multiple felony charges. A warrant request was submitted for Burglary of a Dwelling, Aggravated Stalking after Injunction, and Violation of Injunction. Immediate arrest was deemed necessary due to escalating behavior and credible threats of harm.

September 2, 2025 – Cannabis and Paraphernalia Seized at Hotel

At approximately **2:43 AM**, an officer conducted an investigation at a hotel on McCoy Road in Belle Isle. During the encounter, 1.6 grams of suspected cannabis, a rolling tray, and a grinder were recovered and collected for destruction. The subject was not charged. The officer's issued body-worn camera was activated during the incident.

September 2, 2025 – Narcotics Violation

At approximately 7:07 PM, officers made contact with an individual near Hoffner Avenue and Cullen Lake Shore Drive. During the encounter, officers observed cannabis and related paraphernalia. A total of 2.6 grams of suspected cannabis, along with a grinder, rolling tray, and a jar with residue, were collected and submitted for destruction. The property was documented on the official receipt.

September 2, 2025 – Incident Involving Suspected Cannabis and Paraphernalia

At approximately 9:42 PM, an officer made contact with a subject at 1934 McCoy Road, within the Extended Stay Hotel. During the encounter, the odor of cannabis was detected. Further

investigation resulted in the seizure of a rolling tray with residue and 18.3 grams of suspected cannabis. The items were collected for destruction and logged under case number BI25-0653. A property receipt was completed, and the officer's issued body-worn camera was active during the encounter.

September 3 – Commercial Burglary at Duke Energy Substation

On September 3, 2025, at approximately 6:58 p.m., an officer responded to the Duke Energy Substation on McCoy Road regarding a delayed report of a commercial burglary. The reporting party, a representative of Duke Energy, advised that aerial surveillance detected the facility's main gate unsecured. Upon inspection, it was discovered that the gate lock had been cut and copper wiring was stolen from three separate storage spools located within the secured perimeter.

The theft is believed to have occurred sometime within the last three to four weeks. The stolen wiring included over 2,300 feet of copper wire with a total estimated value exceeding \$11,000. The damaged gate lock added an additional loss. Surveillance cameras were present on-site, and the company retained the SD cards for review. No physical evidence was able to be recovered from the scene due to the nature of the environment. A sworn statement was taken, and prosecution was requested. The case remains under investigation.

September 3 – Drug Arrest at Closed Business Arrest

At approximately 1:10 a.m., an officer observed a suspicious individual loitering in the parking lot of a closed business on Hoffner Avenue. Upon being noticed, the subject discarded an item and began walking away quickly. Officers noted the odor of cannabis, observed furtive movements, and attempted to detain the individual for investigation.

The subject was uncooperative and resisted efforts to detain him, leading to a brief struggle before he was placed in handcuffs with the assistance of additional responding units. The individual exhibited signs of stimulant use, including rapid speech, pacing, and physical indicators such as a pulsating carotid artery and constricted pupils.

A probable cause search of his bag revealed a THC vape pen, a makeshift smoking device, and a loose prescription amphetamine pill wrapped in a piece of notebook paper matching one found in his possession. A search of the area where the subject was initially seen revealed the discarded contraband.

The subject was charged with possession of amphetamine, possession of THC, tampering with evidence, possession of drug paraphernalia, and resisting an officer without violence. He was transported to the Orange County Jail without further incident. All evidence was submitted to the Belle Isle Police Department, and the individual's personal items were secured for safekeeping.

September 3 – Death Investigation (Natural Causes)

At approximately 11:47 p.m., officers responded to a well-being check at a residence on Lake Drive. A concerned acquaintance reported that the 61-year-old resident had not been seen since August 29, which was highly unusual. The reporting party, who had access to the home, allowed entry by police and Orange County Fire Rescue personnel.

Upon entry, the resident was found deceased in bed. He showed signs consistent with death by natural causes, including rigor mortis and lividity. No signs of trauma or foul play were present. The decedent was pronounced deceased by Orange County Fire Rescue at 12:02 a.m. on September 4.

No medical records or medications were located in the home, and there was no known next of kin at the time of the report. The Medical Examiner's Office was notified, and the decedent was transported for further examination under Case #25-1468.

September 5, 2025 – Suspicious Activity / Marijuana Destruction

An officer made contact with an individual near Judge Road and Conway Road at approximately 11:37 AM. During the interaction, the officer observed two rolled cigars containing a green leafy substance consistent with marijuana. The items were collected and later submitted for destruction in accordance with department policy. The individual was not arrested, and the case was documented under BI25-0660.

September 5 – Arrest for Driving While License Revoked (HTO Status)

At approximately 3:00 p.m., an officer on routine patrol conducted a traffic stop on a blue Nissan Juke traveling eastbound on Hoffner Avenue near Duban Avenue. A registration check revealed the registered owner's driver's license was revoked.

Upon contact, the driver confirmed knowledge of his revoked status and admitted he was working to pay outstanding tolls in hopes of reinstatement. Records showed the driver was designated as a Habitual Traffic Offender and had previously been cited for the same offense in July.

The driver was arrested for Operating a Motor Vehicle While License Revoked (Habitual Traffic Offender) under F.S.S. 322.34(5). The vehicle was towed from the scene, and the subject was transported to the BRC without incident.

September 6 – Aggravated Battery (Stabbing Arrest)

Officers responded to a stabbing incident at a local hotel on McCoy Road. Upon arrival, the victim was found with a stab wound to the lower back and was initially uncooperative, refusing to identify the suspect or pursue prosecution. The victim was treated on scene and transported to the hospital.

Through initial interviews and scene investigation, officers identified a group of individuals who had been drinking together in the parking lot prior to the incident. One subject was located with

minor injuries and initially denied any involvement. A second witness confirmed there was a physical altercation between the parties but did not directly observe the stabbing.

Later, the victim requested to amend his statement from the hospital and provided a full written and sworn account, identifying the individual who stabbed him and describing the circumstances. The suspect was re-interviewed but denied the stabbing. Based on the victim's new statement, supporting witness comments, visible injuries, and admissions of a physical altercation, officers established probable cause.

The suspect was arrested and charged with Aggravated Battery with a Deadly Weapon and transported to BRC without incident. The weapon used in the assault was not recovered.

September 6 – Domestic Battery and Child Neglect Arrest

Officers responded to a residence on Hawford Circle for a reported domestic disturbance involving multiple family members. The investigation revealed that during an argument, one adult forcibly grabbed another's wrist while taking a phone, causing visible bruising, and also spit on a juvenile family member twice during the incident. At one point, the same adult forced a door open with such force that it broke off the hinges and struck a small child, causing the child to fall. The adult was arrested and charged with two counts of Domestic Battery and Neglect of a Child for creating a dangerous situation that resulted in the child being struck.

Another juvenile family member admitted to punching and spitting on the adult during the altercation while the adult was holding the child, and charges for Domestic Battery are being filed for that offense as well. All involved parties provided statements, photographs and video footage were collected, and the Department of Children and Families was notified for further investigation.

September 8 – DUI Arrest and Drug Seizure

An officer conducted a traffic stop on Hoffner Avenue after clocking a vehicle at 44 mph in a posted 30 mph zone. During contact with the driver, signs of impairment were immediately observed, including the odor of alcohol and cannabis, bloodshot and glossy eyes, and slurred speech. The driver admitted to consuming beer and taking a shot of whiskey earlier in the evening. A probable cause search of the vehicle revealed an open bottle of Johnnie Walker Black Label and two small baggies containing cannabis.

Field sobriety exercises were conducted, during which the driver displayed multiple indicators of impairment across all three tests. A breath test at the DUI Center later revealed a BAC of 0.172—more than double the legal limit. The driver was arrested for DUI, issued citations for speeding and open container, and transported to the Orange County Jail. Cannabis was submitted for destruction per policy.

September 9 – Aggravated Battery Arrest (Vehicle Involved)

Officers responded to the Sienna Place Apartments regarding a physical altercation between two residents. The victim reported that a known individual had followed her around the complex, yelling profanities and escalating a prior verbal dispute. The suspect reportedly kicked her foot and later struck her in the leg with the front bumper of his vehicle while she was on foot, causing visible bruising. A witness confirmed the verbal altercation and observed the suspect driving after the victim, though they did not witness the physical contact.

Based on the statements, observed injury, and investigation, probable cause was established for aggravated battery with a deadly weapon (vehicle). The suspect was arrested without incident and transported to BRC. The victim was provided with a Victim's Rights pamphlet and advised of available protections due to her continued fear for safety.

September 10 – Felony Warrant Arrest / Suspect Flees Into Residence

During the morning hours, a detective from Belle Isle Police Department conducted a warrant check on an individual encountered along Daetwyler Drive. When the individual was informed of an active in-county felony warrant for aggravated stalking after an injunction, he fled into a nearby residence located outside city limits. Additional officers responded and established a perimeter with assistance from Orange County K-9.

Consent to search was granted by the homeowner of the initial residence, but the subject was not located. Officers then tracked the suspect through a known fence-jump location and were advised by individuals at a second residence that someone was inside. Permission was granted to enter, and the suspect was located hiding inside a closet by K-9.

The subject was secured and later transported by Rescue 50 to a local hospital after complaining of dizziness and chest pain during transport. He was charged with resisting without violence for fleeing and hiding from clearly identified officers and was also served with his final injunction while in custody.

September 11 – Vehicle Burglary / Suspicious Person Matching Prior Description

An officer responded to a vehicle burglary at a residence along Hoffner Avenue during the early morning hours. The victim reported that several fishing rods, valued at approximately \$550, were taken from the bed of his pickup truck sometime between 5:30 AM and 6:10 AM while he was preparing for a trip. A sworn statement was obtained and the victim expressed a desire to prosecute.

During a canvass of the area, a nearby resident provided surveillance footage showing an unknown male on a white bicycle or tricycle with a baby trailer passing the victim's truck and returning. The view of the bed area was obstructed, but the timing aligned with the theft. A suspicious person call earlier that morning at a nearby condominium complex had also described a white male on a similar bicycle peering into parked vehicles.

A department-wide alert was issued, and another officer later referenced a prior field interview that may identify the person of interest. The investigation remains open pending confirmation and further leads.

September 12 – DUI Investigation in Gym Parking Lot Arrest

An officer was flagged down by two citizens regarding a woman sitting in a running vehicle with her pants down in the rear parking lot of a gym along Hoffner Avenue. The officer located the woman in the driver's seat of a gray SUV with her pants down, legs outside the door, and a strong odor of urine in the area. Three empty 32-ounce beer cans were visible on the front passenger seat. The woman admitted to consuming all three beers. She displayed bloodshot and watery eyes, slurred speech, and belligerent behavior.

The officer attempted field sobriety exercises, but the driver was argumentative and uncooperative, ultimately failing to complete them. The driver was diabetic but refused medical attention after paramedics arrived for a well-being check. She refused to provide a breath sample at the Orange County DUI Center after being advised of the consequences.

Based on the totality of circumstances open containers, impairment indicators, urination at the scene, poor performance on sobriety exercises, and refusal to comply the driver was placed under arrest for DUI and transported to the Orange County Jail. The vehicle was secured at the scene.

When confronted, the male admitted to stealing the items. A total of six 12-packs of beer and two 12-packs of Sprite were taken without payment. Surveillance footage confirmed the suspect entered the cooler twice, bypassed all points of sale, and exited through the rear of the store with the items. The total value of merchandise was \$149.01. The store manager recovered the items and provided a sworn statement along with a receipt for documentation. The suspect was arrested and transported to the Orange County Jail without incident. The vehicle was released to the registered owner at the scene.

Upon approach, the driver was found asleep at the wheel with the vehicle in drive and their foot on the brake. Once awakened, the driver appeared disoriented, with slurred speech, bloodshot watery eyes, and the odor of alcohol present. A cup containing beer was observed in the center console. The driver admitted to consuming alcohol and agreed to participate in field sobriety exercises, during which multiple impairment indicators were observed. Based on the totality of circumstances, the subject was arrested for DUI and transported to the Orange County

DUI Center. Breath tests returned results of .181 and .182, both over twice the legal limit. The vehicle was towed and the subject was later transported to BRC without incident.

As the vehicle turned onto St. Marie Avenue and slowed, the driver unexpectedly fled on foot while the vehicle was still in drive. The officer, in full BIPD uniform and operating an unmarked unit, issued loud verbal commands but did not pursue due to potential unknown occupants in the vehicle. Additional units canvassed the area with negative results. A phone was located inside the abandoned vehicle, displaying a mapped route to an Orlando address. Based on phone content and items found in the car, a person of interest was identified. The registered owner later confirmed the subject had access to the vehicle. A records check revealed an active warrant out of Orange County for fleeing and eluding. The operator was arrested without incident and transported to the Orange County Jail. The motorcycle was towed from the scene. Additional charges included driving with a suspended license, no registration, and no motorcycle endorsement. Body-worn camera footage documented the entire encounter.

A consensual encounter quickly escalated when the subject became increasingly aggressive and noncompliant. The officer observed drug paraphernalia and a large axe within reach of the subject. The individual refused multiple commands, resisted attempts to detain him, and began striking the officer with his hands and feet. The officer deployed a Taser warning to gain compliance, and with backup assistance, the subject was ultimately secured. A probable cause search revealed approximately 5.4 grams of suspected cannabis, multiple cannabis roaches, grinders, rolling trays, and additional paraphernalia. The subject was transported to the Orange County Jail and charged with battery on a law enforcement officer and resisting with violence. No narcotics-related charges were filed. The officer sustained minor injuries during the altercation.

A probable cause search of the vehicle revealed a plastic bag containing a green leafy substance. No additional contraband or evidence was located. The subject was identified by a foreign passport and cleared through state and national databases with no warrants or alerts. Parking-related complaints remained steady, with 3 new cases opened and 4 closed. Issues involving tall grass and weeds resulted in 3 new cases, while two were successfully resolved. Other common violations included expired vehicle tags (2 opened, 1 closed), landscaping concerns (2 opened, 1 closed), and permit-related issues, including "no permit" and "permit required" violations, all of which were addressed and closed by month's end.

Less frequent violations included animal control, stormwater issues, tree trimming, accessory structures, and complaints about trash or debris, each of which had one new case opened. In several instances, cases from previous months, such as watering violations and public nuisance issues, were also resolved during this reporting period. CITY COUNCIL AGENDA ITEM COVER SHEET**

Meeting Date: October 21, 2025

To: Honorable Mayor and City Council Members

From: Rick J. Rudometkin, City Manager

Subject: Approval of Credit Card Reward Redemption

Background:

We spend around \$75,000-\$85,000/year on credit cards. We do not spend enough to qualify for other types of cards, like we discussed earlier. We don't come close to the minimum spend requirement.

After investigation, we are going to stay with the cards we have now, earning gift-card rewards, and we will amend the current policy in place as to how we can use the rewards.

Staff Recommendation:

Stay with the cards we currently have and amend the policy governing redemption and use of the rewards. We currently have around 137,628 points. The best current option is to redeem the points for \$100 Amazon gift cards @,13,000/points each, since we do make several purchases from Amazon. We would track the use and make sure they are recorded correctly.

Suggested Motion:

I move to authorize the city manager and finance director to amend the current credit card policy governing redemption and use of the gift-card rewards for Amazon gift cards.

Alternatives: Gift-card rewards

Fiscal Impact: Will add revenue to offset expenditures

7.0 ENFORCEMENT OF AGREEMENT

7.1 Florida Law.

The parties acknowledge that this Agreement is governed by the laws of the State of Florida and is binding upon the parties' successors and assigns.

7.2 Disputes.

In the event of any dispute arising under this Agreement, the injured party shall notify the injuring party in writing of its contentions by submitting a claim therefor. The injured party shall continue performing its obligations hereunder so long as the injuring party commences to cure such default within ten (10) days of service of such notice and completes the cure of such default within forty-five (45) days after service of the notice, or such longer period as may be permitted by the injured party; provided that if the default is an immediate danger to the health, safety and general welfare, such immediate action may be necessary. Compliance with the provisions of this Section shall be a condition precedent to termination of this Agreement for cause and to any legal action, and such compliance shall not be a waiver of any party's right to take legal action in the event that the dispute is not cured, provided that nothing herein shall limit CITY's or the Firm's right to terminate this Agreement without cause pursuant to Section 7.8.

7.3 Retention of Funds.

Firm hereby authorizes CITY to deduct from any amount payable to Firm (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate CITY for any losses, costs, liabilities, or damages suffered by CITY, and (ii) all amounts for which CITY may be liable to third parties, by reason of Firm's acts or omissions in performing or failing to perform Firm's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Firm, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, CITY may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of CITY to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Firm to insure, indemnify, and protect CITY as elsewhere provided herein.

7.4 Waiver.

No delay or omission in the exercise of any right or remedy by a nondefaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be

deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. The sole and exclusive venue for any litigation shall be in Orange County, Florida before the County Court or Circuit Court of the Ninth Judicial Circuit, in and for Orange County, Florida.

7.7 Termination Prior to Expiration of Term.

CITY reserves the right to terminate this Agreement at any time, with or without cause, upon ten (10) days' written notice to Firm. The Firm reserves the right to terminate this Agreement at any time, with or without cause, upon forty-five (45) days' written notice to CITY, except that where termination is due to the fault of CITY, the period of notice may be no less than ten (10) days. In the event of early termination of this Agreement, the Firm will be paid for services rendered prior to the effective date of the termination of this Agreement on a pro-rata basis, and will not receive payment for time after the effective date of termination.

7.8 Attorneys' Fees.

Each party shall bear their own attorneys' fees and costs in any litigation arising out of this Agreement.

7.9 Sovereign Immunity.

Nothing contained in this Agreement shall be considered or deemed a waiver of the City's sovereign immunity protections. In no event shall any obligation of the City under this Agreement be or constitute a general obligation or indebtedness of the City, a pledge of the ad valorem taxing power of the City or a general obligation or indebtedness of the City within the meaning of the Constitution of the State of Florida or any other applicable laws, but shall be payable solely from legally available revenues and funds.

8.0 CONFLICTS OF INTEREST/NON-DISCRIMINATION

8.1 Conflict of Interest.

No officer or employee of CITY shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which effects his financial interest or the financial interest of any corporation, partnership or association in which he/she is, directly or indirectly, interested, in violation of any State statute or regulation. The Firm warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

Firm covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, marital status, national origin, or ancestry in the performance of this Agreement. Firm shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, marital status, national origin, or ancestry.

9.0 MISCELLANEOUS PROVISIONS

9.1 Notice.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of CITY, to City Manager at the City's address specified in the opening paragraph of this Agreement along with a copy via email to rickr@belleislefl.gov; and in the case of the Firm, notice is to be sent to the person at the address designated on the execution page of this Agreement. 9.3 Integration; Amendment.

It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. CITY OF BELLE ISLE

Fisher Planning and Development Services, Inc.

Jason Carson, Mayor

April Fisher, President

ATTEST:

Yolanda Quiceno, City Clerk

City Manager Work Plan:

- 3904 Arajo condemnation:

The council approved helping Ms. Lizer with her house. We will check with attorneys for pro-bono work and check with contractors and real estate people for ideas and solutions. It will come back to council for an update and decision within 30 days of October 7.

- Hurricane Ian:

KPMG and Florida DEP said there will not be any reimbursement of funds spent. We are waiting on a report memo stating their findings. They want us to withdraw our application and that seems inappropriate since they are rejecting us.

- Revenue stream needs:

This FY, we will look at a stormwater fee increase for FY 26/27 and any other ways to generate revenue. The state may reduce/reform property taxes for homeowners which could impact ad valorem tax revenue. More to come on that.

- Lancaster House Carve Out:

We are working on a lease agreement language currently that needs some additions/changes and legal opinions. The renovation will begin in FY 25/26.

- Annexation:

Orange County is not open to future annexation possibilities to grow the footprint of Belle Isle. We might have to go with involuntary annexation as there is no movement by the county. We might try sending a letter explaining our challenges/solutions.

- RFP's:

- Lobbying Services – Agenda item on October 21 meeting
- IT Services – Our current vendor wants to stay as our consultant. We have some ideas for change, and it will go out to RFP after talks, going on right now.

- Purchasing Policy

Our purchasing policy is working now. Purchase order (PO) language needs to be added. We are continuing to make changes and talking with staff on these changes. We will send this to our attorney to look at legal and state statute conditions/requirements after the additional language is put in.

- Property Acquisition/Municipal Complex

There is no funding at all for land or a new building(s). I am waiting for a response from Orlando on the partial purchase of the 20 acres and I have received a response from Bio-Tech on the mitigation. It is all done at once and needs to be in place before the impact.

- Stormwater Grant:

This appropriation from Congressman Soto's office was vetoed for 2024/2025. This is moving forward through the process in the state's budget for next FY 2025/2026.

- Judge/Daetwyler Dr. Transportation Grant:

This grant application is in the process of being accepted as we are working with the grant administrator. Will meet with our engineer to discuss the project at the start of this FY 25/26.

- Updating and closing previous grants and reimbursements from FEMA, Florida PA, and Florida DEP:

SOL Ave grant has been accepted. We have sent in more documents and are waiting for them to send the acceptance letter and funds.

- Hoffner Ave Traffic Improvements Grant:

The city has the fully executed State Funded Grant Agreement, (SFGA agreement) between the city and the Florida Department of Transportation (FDOT) for **453225-1-54-01 (FY24) SFGA, Hoffner Ave Traffic Improvements, \$1.5M**. We are trying to talk with the county about a financial partnership to make these improvements on Hoffner. The city has no match money for this project. To move forward, a revenue stream will have to be recognized and approved. We are also looking at other state grant funding for this.
