March 1, 2026

Yolanda Quiceno, City Clerk
City of Belle Isle
1600 Nela Avenue
Belle Isle, FL 32809

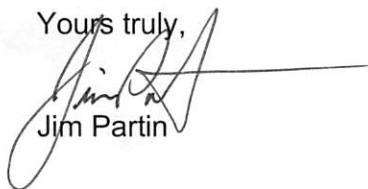

Dear Mayor Carson and City Council Members,

It is with great excitement that I submit my letter of interest to be considered for the open council seat in district seven. As each of you know I did not qualify in time to remain in my currently held seat serving district seven, which is why we find ourselves going through this procedure together.

I have thoroughly enjoyed serving my constituents in the role of commissioner for the last eight years; it is indeed a great privilege. I have always sought to bring integrity and a level headed approach to my duties as a commissioner. I have done my absolute best **not** to govern and make decisions driven by emotion. Instead, I calmly scrutinize each agenda item that comes before me with determination and a zeal to do what is best for our city. I ask questions when I am unsure, sometimes before meetings with our city manager, but certainly during our open meetings together. I believe I must have a thorough command of the facts before each decision is made. During meetings I prefer to intently listen to my colleagues, engage in discussion, and respectful debate, (when needed) in an effort to make the best decisions as a council. I have always endeavored to leave things better than I found them, and throughout the eight years I believe we have done so.

I wholeheartedly desire to continue serving the citizens of Belle Isle far into the future. Therefore, I humbly request the City Council for the City of Belle Isle to re-appoint me James "Jim" Partin to serve another term as district seven commissioner.

Yours truly,

Jim Partin

6. Unfinished Business

a. 3904 Arajo Court Condemnation Update

CM Rudometkin provided an update on the Arajo property, stating that the City has continued moving forward with the previously approved condemnation process. He explained that although there had been interest from outside investors in purchasing the property, those efforts were discontinued after the property owner, Mr. Bernard, was reminded of the Council’s direction to proceed with demolition. CM Rudometkin reported that a demolition permit was issued to the owner’s contractor earlier that day, following the submission of the required application and Duke Energy’s confirmation that all utilities had been disconnected. The owner has indicated he is prepared to begin demolition immediately upon receipt of the permit. The City will follow up to ensure work begins promptly, with an expectation that demolition could be completed within several days once it starts. If the owner fails to proceed in a timely manner, the City is prepared to move forward with demolition and recover costs through a lien on the property. CM Rudometkin clarified that the demo will be performed by a contracted company, not by the homeowner.

7. New Business

a. Amendment to City Manager Employment Agreement

The Council discussed a potential salary adjustment and the amendment of the City Manager’s contract. Comm Bobrowski stated that, based on the recently adopted step pay policy for employees, she believed the City Manager’s compensation should reflect a position above the highest-paid staff member and suggested aligning the salary at two grades above the highest non-uniformed employee. Comm Lowell asked, and CM Rudometkin clarified that, according to the classification and compensation study, the position is recommended to be set above the highest classified employee overall, not limited to non-uniformed staff, and that the role of city manager remains a contract position outside the step pay system. He further explained that the study provides guidance on maintaining appropriate salary separation for executive roles but does not mandate a specific salary amount.

CM Rudometkin said, as a rule of thumb, it should be a couple of grades higher to keep the decompression and maintain the preservation of the organizational hierarchy, ensure appropriate executive level differentiation, and avoid compression at the top of the structure. He noted that the City Manager’s current salary falls within the recommended range identified in the study.

The Council discussed salary adjustments under the contract, prior cost-of-living adjustments, and typical merit increases.

After discussion, Comm Lance moved to increase the City Manager’s salary to 180,000, approximately a 6 1/2 % increase. The motion died for lack of a second.

Comm Lance moved to increase the City Manager’s salary to \$177,712.50, an approximately 5% increase. Comm Gold seconded the motion. The motion passed 4:1 with Comm Bobrowski, nay.

b. Appointment of Board Member and Alternate on PRM Board of Directors

The Council discussed appointing a Council representative to serve on the PRM Board of Directors. It was noted that former Vice Mayor Partin is not currently serving the Council and therefore cannot be considered for re-appointment at this time. Consensus was reached to table the item until the next meeting to allow for consideration with a full Council present.

Comm Gold moved to table the item until the next meeting to allow for consideration with a full Council present. Comm Lowell seconded the motion, which passed unanimously.

c. Second Amendment to Interlocal Agreement for Street Sweeping Services

CM Rudometkin presented the second amendment to the interlocal agreement for street sweeping services, noting that it adds an additional service area, as shown on the referenced map. He explained that the request for expanded street sweeping originated from the neighborhood and was approved by the Nuisance Abatement Board, which has agreed to fund the service at no cost to the City. Orange County will continue to provide street-sweeping services under the agreement. This amendment formalizes the addition of the new area, which is already being serviced.

Comm Bobrowski moved to approve the second amendment to include the additional streets within the Conway Shores neighborhood in the agreement. Comm Lowell seconded the motion, which passed unanimously 5:0.

8. Attorney's Report

Attorney Shafer reported on the ongoing Quevedo case and on the Motion for Judgment on the pleadings. It was reported that the court denied the City’s motion to dismiss following a recent hearing. However, the City has since filed a motion for summary judgment and believes it has a strong case to resolve the matter without proceeding to trial. The trial is currently scheduled for late July, and a ruling on the summary judgment motion is expected within a set timeframe prior to trial. It was also noted that no response has yet been filed by opposing counsel regarding the motion. Council was advised that further detailed discussion could be conducted in executive session if needed.

9. City Manager's Report

a. City Manager's Report and Work Plan

CM Rudometkin reported that the agreement with Orange County/Jetport Drive is currently under legal review, with staff and attorneys working through language revisions; the finalized agreement will be brought back to the Commission for approval. He also noted that discussion regarding potential updates to the City Charter will be scheduled once the full Council is seated, with workshops planned to review possible changes and additions. The City currently has four active RFPs, including one for an upgraded audio-visual system, with which staff is preparing to move forward. CM Rudometkin reported progress on the Sol Avenue reimbursement, noting that final documentation has been submitted and approval is anticipated.

b. Chief's Report

Sgt Wasmund provided updates on recent and upcoming community events. The Easter event was reported as successful, with strong attendance and overall positive feedback from participants. Upcoming events include a recycling event scheduled at City Hall from 9:00-11:00 a.m. next Saturday. On the 25th, the City will host the DEA Take Back event and the Hearts Against Hunger 5K, which will include temporary road closures from approximately 7:30-9:30 a.m. along the route from the school to Lake Conway Point and back. He noted that notifications, including signage, will be implemented to inform residents of the road closures.

c. Public Works Report

Phil Price, Public Works director, reported on recent maintenance and operations. Bridge lighting has been repaired, including replacing globes and bulbs, restoring visibility in the area; additional lighting is still pending. The fountain has been repainted, including the interior, and will be refilled following sufficient curing time, though recent rainfall has partially filled it. He noted that fountain lighting remains inoperable and will require future funding for repairs. Mr. Price provided an update on yard waste collection, which had experienced delays due to high volume. He noted that collections are now substantially caught up, with only minor issues remaining related to oversized or improperly prepared materials. Normal collection schedules are expected to resume. Comm Lowell asked for an update on the Heron Fountain. Mr. Price noted that he and the City Manager discussed placing the statue (not the water feature) at the front of City Hall, by the flagpole. He will update Council once a location has been determined.

10. Mayor's Report

Mayor Carson provided safety practices regarding the start of the swimming season, encouraging families to ensure children receive proper swimming and water safety instruction. He noted that scholarships and programs are available through state and local organizations to assist with swimming lessons and encouraged residents to take advantage of these resources. Mayor Carson also commended the success of the recent Easter event, recognizing the efforts of the Special Events Committee, Police Department, and City staff. The event was well attended and received positive feedback from the community.

11. Commissioners' Report

Mayor, Council, and staff welcomed Comm Gold to the Council. Council echoed the sentiments about the Easter event.

Comm Lowell raised concerns regarding an increase in pet owners not properly cleaning up after their animals in public areas. Comm Lowell spoke of the importance of public awareness and encouraged efforts to remind residents of their responsibility to clean up after their pets to maintain community cleanliness.

Comm Lane spoke about the news on the state law regarding cell phone use while driving. He reported a recent traffic accident he and Cindy sustained involving a driver who ran a red light while using a cell phone, resulting in a three-car collision. Minor injuries were sustained. He reminded everyone of the importance of safe and attentive driving.

Comm Shuck addressed landscapers who were blowing all their leaves into the street. He noted that he witnessed this on Hoffner one morning. He encourages efforts to remind residents and landscapers about the rules for picking up yard waste.

Comm Bobrowski reminded Council that she will be out of the Country for the following two Council sessions.

12. Adjournment

There being no further business, Mayor Carson called for adjournment, unanimously approved at 8:00 pm.

Chief's Monthly Report – March 2026

Message from the Chief – March 2026

March was a full and active month for the Belle Isle Police Department, with officers handling **528 calls for service**, conducting proactive enforcement, and responding to a wide range of incidents across the city. From traffic safety to serious criminal investigations, our team remained focused on keeping our community safe while maintaining a visible and engaged presence.

One case that stands out this month involved a retail theft that quickly escalated into a **battery on a law enforcement officer and a foot pursuit**. What began as a minor theft turned into a dangerous situation when the suspect chose to fight and flee rather than take responsibility. Thanks to the quick response and professionalism of our officers, the suspect was safely taken into custody without injury to the public. It serves as a reminder that even small decisions can quickly escalate, and our officers are prepared to handle those situations when they do.

We also saw strong enforcement efforts in traffic safety, including multiple DUI arrests with extremely high breath alcohol levels, reckless driving incidents, and crashes involving poor decision-making behind the wheel. These are preventable situations, and we will continue to focus on enforcement and education to reduce these risks on our roadways. At the same time, our officers handled sensitive calls with compassion, including assisting vulnerable individuals and supporting families during difficult moments. That balance of enforcement and service is what defines our department.

Looking ahead, we encourage the community to stay involved and connected. We have several upcoming events that provide great opportunities to engage with your police department and neighbors. The **Belle Isle Easter Egg Hunt** will take place on April 4th starting at 0900 hours, followed by our **City Recycling Event** on April 11th from 0900 to 1300 hours. Later in the month, we will host the **Hearts Against Hunger 5K** on April 25th starting at 0800 hours, and the **DEA Drug Take Back Initiative** that same day from 1000 to 1400 hours, offering a safe way to dispose of unused medications.

As always, thank you for your continued support of the Belle Isle Police Department. We remain committed to serving this community with professionalism, accountability, and a little bit of common sense when it comes to the situations we face every day.

Arrests and Notable Incidents

March 1, 2026 – Unattended Death Investigation

On March 1, 2026, at approximately 1549 hours, officers responded to a residence regarding an unresponsive individual. Upon arrival, an adult female was located inside the home and was unresponsive with signs consistent with prolonged death. Officers initiated CPR until relieved by Fire Rescue personnel, who arrived on scene and pronounced the individual deceased at 1555 hours.

Family members advised the individual had last been spoken to several days prior and was believed to be in normal condition at that time, with a known medical history. The Orange County Medical Examiner’s Office was consulted and declined response due to no indications of foul play. A funeral home responded to the scene and assumed custody of the deceased. Victim advocate services were offered to the family, but they declined.

March 1, 2026 – Wrong Way Driver / DUI-Related Arrest (Mutual Aid)

On March 1, 2026, at approximately 0125 hours, an officer conducting traffic enforcement in the area of Hansel Avenue and Waltham Avenue observed a vehicle traveling southbound in the northbound lanes of a one-way roadway, approaching head-on with headlights facing oncoming traffic. The location was within Orange County jurisdiction. The officer activated emergency lights, positioned the patrol vehicle to warn other motorists, and safely stopped the vehicle by blocking its path and directing it to a nearby side street.

Upon contact, the driver displayed signs consistent with impairment, including bloodshot, watery eyes, and the odor of an alcoholic beverage emanating from the vehicle. Multiple passengers were also present. The driver initially denied alcohol consumption but later admitted to consuming an alcoholic beverage before driving. The driver also stated they were confused while operating the vehicle.

Due to the totality of the circumstances, including driving the wrong way on a one-way roadway and indicators of impairment, a supervisor coordinated with the Orange County Sheriff's Office Watch Commander, and mutual aid was granted for the investigation.

The driver was placed under arrest for reckless driving. The driver was transported to the Orange County Jail without incident.

March 4, 2026 – Retail Theft / Battery on Law Enforcement / Foot Pursuit

On March 4, 2026, at approximately 2114 hours, an officer conducting patrol in the area of Hoffner Avenue and Conway Road (Belle Isle Commons) observed an individual exiting a retail store with multiple items concealed in a manner consistent with retail theft. The individual had passed all points of sale without payment and was leaving the business.

The officer made contact and attempted to detain the individual for investigation. The individual provided inconsistent statements regarding payment and then began actively resisting lawful commands. During the encounter, the individual pulled away, struck the officer, and fled on foot through the parking lot while discarding the suspected stolen merchandise.

A foot pursuit ensued, during which the officer deployed a department-issued taser to regain control after continued resistance. The individual continued to resist until additional officers arrived and assisted in securing him in custody.

Emergency medical services responded to evaluate the individual, who was later transported to a local hospital for precautionary evaluation. The recovered merchandise, valued at approximately \$18.64, was returned to the business, which wished to pursue charges. A store employee provided a sworn statement confirming the theft.

The individual was charged with battery on a law enforcement officer, resisting arrest with violence, and retail theft.

March 5, 2026 – Battery on Law Enforcement / Resisting Arrest (Closed Business Encounter)

On March 5, 2026, at approximately 2328 hours, an officer conducting patrol in the area of Hoffner Avenue and Conway Road observed a vehicle parked in the lot of a closed business with no lighting and the entrance secured. The sole occupant was seated in the driver's seat and, upon contact, displayed signs consistent with impairment, including bloodshot, watery eyes, slurred speech, and the odor of an alcoholic beverage.

The individual provided inconsistent explanations for being at the location and refused to answer questions regarding alcohol consumption. When instructed to exit the vehicle due to concerns about impairment and actual physical control, the individual refused multiple lawful commands.

The officer then removed the individual from the vehicle, at which point the individual actively resisted, pulled away, and kicked the officer multiple times. The individual continued resisting

until additional officers arrived and assisted in securing her in custody. Due to the individual's erratic and aggressive behavior, field sobriety exercises were not conducted.

The individual was arrested for battery on a law enforcement officer and resisting arrest with violence. The vehicle was secured and left legally parked at the scene. The individual was transported to the Orange County Jail without further incident and remained non-compliant during the booking process.

March 11, 2026 – Disturbance Investigation (No Crime Determined)

On March 11, 2026, at approximately 1100 hours, officers responded to a business on Jetport Drive in reference to a reported assault and threats. Upon arrival, officers contacted an employee, who advised that a verbal altercation had occurred earlier that morning involving a co-worker. The reporting party stated that during the argument, a threat had been made, causing concern for personal safety.

During the investigation, officers interviewed multiple individuals present during the incident. A witness advised that, while a verbal dispute occurred over workplace issues, no threats to cause harm were made. The involved individual also denied making any threats and stated the incident was limited to a verbal disagreement.

Additional witnesses were contacted, but were unable to provide specific details regarding the statements made during the altercation.

Based on the totality of the investigation and witness statements, it was determined that no criminal threat had occurred. The incident was documented for informational purposes only, and no further action was taken.

March 10, 2026 – Narcotics Arrest / Suspicious Activity Investigation

On March 10, 2026, at approximately 2312 hours, an officer observed two vehicles parked side by side in a manner consistent with a brief meeting in a gas station parking lot on McCoy Road. Upon the officer's arrival, both vehicles quickly separated and exited the area in opposite directions, raising suspicion of a possible illegal transaction.

The officer followed one of the vehicles after observing it traveling without headlights at night and making erratic lane changes. A traffic stop was conducted, and the driver displayed indicators consistent with impairment, including bloodshot, watery eyes, and the odor of an alcoholic beverage. The driver initially denied consuming alcohol but later admitted to drinking.

During the investigation, the driver became increasingly non-compliant, repeatedly placing hands in pockets despite instructions and eventually resisting attempts to conduct a lawful search. The individual was taken into custody after continued resistance.

A search incident to arrest revealed small baggies containing a white powdery substance, which later tested positive for fentanyl. A subsequent inventory of the vehicle resulted in the discovery

of a large amount of U.S. currency, totaling approximately \$40,500, packaged in a manner consistent with narcotics-related activity.

The narcotics, currency, and other evidence were seized and submitted. The individual was charged with possession of fentanyl and resisting law enforcement without violence. The vehicle was towed from the scene, and the individual was transported to the Orange County Jail without incident.

March 12, 2026 – Traffic Stop / Arrest (Suspended License and Warrant)

On March 12, 2026, at approximately 0809 hours, an officer conducting patrol in the area of Judge Road and Conway Road observed a vehicle with an expired registration. A records check confirmed the registration had expired for an extended period.

A traffic stop was conducted, and the driver advised that they were aware their driver's license and vehicle registration were suspended. A records check confirmed the driver's license had been suspended since 2022, with prior notice provided. The driver also had a confirmed Orange County warrant for failure to appear related to previous citations for similar offenses.

The driver was placed under arrest for knowingly operating a motor vehicle with a suspended license, operating a vehicle with an expired registration for more than 6 months (second offense), and for an outstanding warrant. The vehicle was towed from the scene, and the driver was transported to the Orange County Jail without incident.

March 14, 2026 – Traffic Stop / Arrest (No Valid Driver's License)

On March 14, 2026, at approximately 2219 hours, an officer conducting traffic enforcement in the area of Hoffner Avenue and Conway Isle Circle observed a vehicle improperly passing another vehicle over a double yellow line. A traffic stop was conducted.

Upon contact, the driver advised that they did not possess a valid driver's license and had never been issued one in the United States. The driver was unable to provide proof of any valid license and provided foreign identification. A records check confirmed no Florida driver's license on file.

The driver was placed under arrest for operating a motor vehicle without a valid driver's license (never issued). The registered owner responded to the scene and took custody of the vehicle.

The driver was also issued citations for possession of an open container and passing in a no-passing zone. The driver was transported to the Orange County Jail without incident.

March 17, 2026 – Criminal Mischief / Theft Investigation (Ice Machine)

SETTLEMENT AGREEMENT

This Settlement Agreement is executed by and between the City of Belle Isle, a Florida municipal corporation (hereinafter the “City”), and the Orange County, a Florida charter county (hereinafter “County”) (collectively the “Parties”). The Parties hereby agree as follows:

WHEREAS, on January 20, 2026, the City initiated the Florida Governmental Conflict Resolution Procedures of Chapter 164, Florida Statutes concerning a dispute involving which of the Parties has operational and maintenance jurisdiction and responsibilities for Jetport Drive adjacent to lands annexed by the City (“Dispute Resolution Proceeding”); and

WHEREAS, the section of Jetport Drive in dispute is the segment extending from a point approximately 1,177 feet east of the SR 528 off-ramp to the west section line of Section 31, Township 23, Range 30 with adjacent properties on both sides of the roadway (inclusive of the Beachline Expressway) within the City limits as depicted in Exhibit “A”; and

WHEREAS, the City and County disputed if the City’s annexation had the effect of automatically making Jetport Drive a part of the City’s street system and therefore transferring maintenance responsibilities to the City; and

WHEREAS, the City’s position was that future maintenance responsibilities of Jetport Drive were the County’s responsibility until the City and County entered into an agreement to specifically transfer jurisdiction to the City; and

WHEREAS, since the City annexed property pursuant to Ordinance 05-05, the County and the City have not changed their positions as to maintenance responsibilities of Jetport Drive; and

WHEREAS, in light of the history and the County’s desire to continue collaboration with the City, and without waiver of the County’s legal position or interpretation of Chapter 334, Florida Statutes, the County has agreed to assume maintenance responsibility of this disputed segment of Jetport Drive; and

WHEREAS, the Parties desire to amicably resolve the dispute and terminate the Dispute Resolution Proceeding.

NOW, THEREFORE, THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. Recitals. The foregoing recitals are hereby confirmed as true and correct and are incorporated as material provisions of this Agreement.

2. Settlement Agreement. Unless the City annexes additional property along Jetport Drive changing the limits of where the City is on both sides of the roadway (inclusive of the Beachline Expressway), the County shall have jurisdiction of and be responsible for the operation and maintenance of the Jetport Drive right-of-way adjacent to lands annexed by the City, including the sidewalks, shoulders, medians, pavement, roadbeds and other right-of-way improvements. In the event of a future proposed annexation by the City along Jetport Drive the entity responsible for operations and maintenance of the applicable portions of Jetport Drive may be readdressed and confirmed in the form of an interlocal agreement between the Parties or subject to a future dispute resolution proceeding. Upon the execution of this Agreement by the Parties, the Dispute Resolution Proceeding shall terminate.

3. **Effective Date.** This Agreement shall take effect as of the date that it is fully executed by both Parties (the "Effective Date").

The demolition is complete.

- Revenue stream needs:

This FY, we are moving forward with the Stormwater Rate Study. For FY 26/27, we are preparing for the budget process. The state may reduce/reform property taxes for homeowners, which could impact and decrease ad valorem tax revenue. More to come on that.

- RFP’s:

Modernize Audio/Visual System – going out for RFP

Orange County is not open to future annexation possibilities to grow the footprint of Belle Isle. We might have to go with involuntary annexation as there is no movement by the county. Timing is everything.

- Stormwater Appropriation – THUD:

We have submitted a new appropriations request for FY 2027 – flood mitigation, through Rep. Darren Soto for \$3.6M.

- Purchasing Policy

Our purchasing policy is working now. This was sent to our attorney to look at the legal and state statute conditions/requirements with the additional language.

- Hurricane Ian:

FEMA is still investigating and deciding on whether to accept the documentation that was submitted by us. We continue to wait.
