City Of Belle Isle
Minutes of the Monthly Meeting of the Tree advisory Board
May 9, 2022
6:30 PM

Location of Meeting:

Belle Isle City Hall
1600 Nela Ave
Belle Isle, Florida 32809

Present at Meeting: Richard Weinsier

Christopher Stalder
Douglas DeYoung
Darcy Fritz
Hannah Wooten

Absent from Meeting: Emily DeLozier

The regular meeting of the Tree advisory Board of City Of Belle Isle was called to order at 6:35 PM on May 9, 2022 at Belle Isle City Hall by Hannah Wooten.

I. Approval of Agenda

The agenda for the meeting was distributed and unanimously approved.

II. Review of Previous Minutes

The minutes of the previous meeting were reviewed and unanimously approved.

III. Consideration of Open Issues

1. Arbor Day / Spring Fling

Hannah Wooten

Committee discussed the event and what we can do better next year to increase attendance.

Board discussed more marketing. Advertise in the Conway paper. Advertise at Cornerstone and put it in the weekly chatter.

Develop signs just for our event that states Arbor Day event. Make sure it is included on facebook and other social medias. Start advertising sooner. Richard brought up the idea of combining the event with the Easter egg hunt to capture a audience.

Over all the board thought the event was well organized, nice setup and well attended by vendors.

The use of Wallace field was also discussed to increase visibility.

The board thanks the special events committee for a job well done on their end.

Hannah volunteered to help the committee with the social media aspect of the event next year.

2. Pollinator Bed

Douglas DeYoung

The committee reviewed potential locations for a pollinator garden at city hall. Placement could be around the existing bench in the park west of city hall. The board wants to use the design, already put in place for the fountain garden that was to reside in the island across from the front door of city hall. The addition of a structure or structures to grow pollinator vines will be incorporated. Doug will retrofit existing landscape plane to new area and board will review at next meeting.

3. Pollinator Garden Roadsides

Douglas DeYoung

The board discussed creating a pilot project to showcase the use of areas of Belle Isles roadsides as wildflower/pollinator areas.

The board would like to use the potential garden that could be installed at city hall as a demonstration.

The board feels some of the city common areas ,weather parks or roadsides, would be enhance .

Discussion on some rejection within the community took place. Educating public on benefits and resource savings ,

visual attractiveness and helping the dwindling bee and butterfly population.
Board brought to light how many surrounding municipalities have pollinator programs.
Doug to research how to initiate and install a municipal garden.

4. Palm Tree At Nela Bridge

Hannah Wooten

Hanna revisited the decline of one of the Sylvester palms at Nela bridge. Last meeting , she offered to get a sample of the dead tree to confirm its cause of death.

Hannah retrieve a sample and confirmed it was Lethal Bronzing that killed the tree. The existing live tree on the other side of the road does not have it at this time. The board agreed to remove the dead tree to eliminate it infecting other trees.

The city could begin a fungicide injection program in the alive Sylvester to help prevent the palm from succumbing to the Lethal Bronzing. This comes at a cost and will relay to the city council.

5. Tree Permits

Douglas DeYoung

The board had a brief discussion about helping follow up on existing permits.
The board will discuss with the city manager how we can help or participate.

6. News Letter

Hannah Wooton

Hannah will supply a article for the second quarter news letter

Chris Stalder motioned to adjourn and Darcy second

IV. Consideration of New Business

1.

V. Agenda and Time of Next Meeting

The next meeting will be held at 6:30 PM on June 13, 2022 at:
Belle Isle City Hall
1600 Nela Ave
Belle Isle, Florida 32809

The agenda for the next meeting is as follows:
Pollinator Garden at city hall
City tree permit assistance
upcoming events
Roadside pollinator areas

The meeting was adjourned at 7:56 PM by Hannah Wooten.

Minutes submitted by: Douglas Deyoung

Minutes approved by: The Tree Board

2022518er

1
2 An act relating to private property rights to prune,
3 trim, and remove trees; amending s. 163.045, F.S.;
4 defining terms; revising conditions under which a
5 local government may not require a notice,
6 application, approval, permit, fee, or mitigation for
7 the pruning, trimming, or removal of a tree on
8 residential property; specifying when a tree poses an
9 unacceptable risk; providing an effective date.

10
11 Be It Enacted by the Legislature of the State of Florida:

12
13 Section 1. Section 163.045, Florida Statutes, is amended to
14 read:

15 163.045 Tree pruning, trimming, or removal on residential
16 property.—

17 (1) For purposes of this section, the term:

18 (a) “Documentation” means an onsite assessment performed in
19 accordance with the tree risk assessment procedures outlined in
20 Best Management Practices - Tree Risk Assessment, Second Edition
21 (2017) by an arborist certified by the International Society of
22 Arboriculture (ISA) or a Florida licensed landscape architect
23 and signed by the certified arborist or licensed landscape
24 architect.

25 (b) “Residential property” means a single-family, detached
26 building located on a lot that is actively used for single-
27 family residential purposes and that is either a conforming use
28 or a legally recognized nonconforming use in accordance with the
29 local jurisdiction’s applicable land development regulations.

2022518er

30 (2) A local government may not require a notice,
31 application, approval, permit, fee, or mitigation for the
32 pruning, trimming, or removal of a tree on a residential
33 property if the property owner possesses ~~obtains~~ documentation
34 from an arborist certified by the ISA ~~International Society of~~
35 ~~Arboriculture~~ or a Florida licensed landscape architect that the
36 tree poses an unacceptable risk ~~presents a danger~~ to persons or
37 property. A tree poses an unacceptable risk if removal is the
38 only means of practically mitigating its risk below moderate, as
39 determined by the tree risk assessment procedures outlined in
40 Best Management Practices - Tree Risk Assessment, Second Edition
41 (2017).

42 ~~(3)-(2)~~ A local government may not require a property owner
43 to replant a tree that was pruned, trimmed, or removed in
44 accordance with this section.

45 (4)-(3) This section does not apply to the exercise of
46 specifically delegated authority for mangrove protection
47 pursuant to ss. 403.9321-403.9333.

48 Section 2. This act shall take effect July 1, 2022.
