I. Policy Statement

The City of Boaz ensures compliance with Title VI of the Civil Rights Act of 1964, 49 CFR, Part 21, and related statutes and regulations to the end that “no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance” (42 U.S.C. Section 2000d) including the denial of meaning access for Limited English Proficient (LEP) persons.

The purpose of this plan is to assist the City of Boaz in its administration and management of activities related to Title VI. The City of Boaz’s Title VI Coordinator is Susan Duvall, Director of Boaz Senior Center, who can be contacted at 256-593-1107 and/or emailed susan.duvall@cityofboaz.org.

II. Notice to the Public

The City of Boaz has developed a Title VI Notice to provide information to the public regarding the City of Boaz’s Title VI obligations and to inform the public of the protections against discrimination afforded to them by Title VI. The notice also includes contact information to file a discrimination complaint with the City of Boaz as well as information to file a complaint directly with the Federal Transit Administration (FTA).

The City of Boaz has posted the Title VI Notice on the agency’s website and in public areas of the agency’s offices including the receptionist area and meeting rooms. The notice is also posted in all transit vehicles and at all transit stations and/or stops. This notice will be translated into other languages as needed. A copy of the notice is included as Appendix A.

III. Complaint Procedures and Form

A Title VI complaint may be filed by any individual or individuals who allege that they have been subjected to discrimination or adverse impact under any FTA funded program or activity based on race, color, or national origin. The City of Boaz adopted Title VI complaint procedures to investigate and track complaints. A formal, signed, written Title VI complaint form must be filed within 180 days of the date of the alleged act of discrimination. A copy of the complaint form is included in Appendix B. The complaint procedures and complaint form are also posted on the City of Boaz’s website. If information is needed in another language, the complainant can contact 256-593-1107. The statement “If information is needed in another language, contact 256-593-1107” will be posted with the complaint procedures in English and in any other language(s) spoken by LEP populations that meet the Safe Harbor threshold.

Completed complaint forms should be submitted to:

Susan Duvall
Director-Boaz Senior Center
City of Boaz
112 South Church Street
Boaz, AL 35957
256-593-1107
susan.duvall@cityofboaz.org

Once the complaint is received, the City of Boaz will review it to determine who has jurisdiction. The complainant will receive an acknowledgement letter informing them whether the complaint will be investigated by the City of Boaz's office. The City of Boaz will only process complaint forms that are complete and signed.

In a situation where the complainant is unable or incapable of providing a written complaint, a verbal complaint of discrimination may be made to the City of Boaz. Under these circumstances, the complainant will be interviewed and the City of Boaz will assist the complainant in converting the verbal allegations to a formal written complaint.

The City of Boaz has 15 business days to investigate the complaint. If more information is needed to resolve the case, the City of Boaz may contact the complainant. The complainant has 15 business days from the date of this letter to send requested information to the investigator assigned to the case. If the investigator does not receive the additional information from the complainant within 15 business days, the City of Boaz can administratively close the case. A case can also be administratively closed if the complainant no longer wishes to pursue the case.

After the investigator reviews the complaint, they will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. A LOF summarizes the allegations and the interviews regarding the alleged incident and explains whether any disciplinary action, additional training of the accused staff member, or other action will occur. If the complainant wishes to appeal the decision, they have 15 days after the date of the closure letter or the LOF to submit an appeal letter to the City of Boaz.

If the complainant is not satisfied with actions taken locally or if they demand further action, the complaint will be referred to:

Local Transportation Bureau, Transit Section
Alabama Department of Transportation
1409 Coliseum Blvd
Montgomery, AL 36110

A person may also file a complaint directly with the Federal Transit Administration:

FTA Office of Civil Rights
Attn: Complaint Team
East Building, 5th Floor – TCR
1200 New Jersey Avenue, SE
Washington, DC 20590

IV. Transit-Related Investigations, Complaints, and Lawsuits

The City of Boaz shall maintain a log of Title VI complaints received. The log shall include the date the complaint was filed, a summary of the allegations, the status of the complaint, and actions taken in response to the complaint. Active Title VI transit-related investigations and lawsuits shall also be included in this log. This log shall be included in the Title VI Program that is submitted to ALDOT every three years.

No Title VI transit-related investigations, complaints, or lawsuits have occurred since the previous submission of the Title VI Program to ALDOT. A template of the Log of Transit-Related Title VI Transit Investigations, Complaints, and Lawsuits that will be used if a complaint or lawsuit is filed can be found in Appendix C.

V. Public Participation Plan

The City of Boaz commits to provide early and continuous opportunities for public participation in the transit decision-making process. These opportunities are open to everyone including minority, low-income, and Limited English Proficient (LEP) populations. The Public Participation Plan provides for an open exchange of information and ideas between the public and transit decision makers. The City of Boaz's Public Participation Plan is ongoing and reviewed regularly to identify, meet, and serve the community's needs.

In an effort to integrate the opinions of minority, low-income, and LEP populations into community outreach activities, the City of Boaz's Public Participation Plan will:

- Coordinate with community-based organizations to identify and implement strategies to reach out to members in the affected minority, low-income, and LEP communities.
- Reduce barriers to public participation from these segments of the population.
- Place public notices on transit websites, in the receptionist areas, on transit vehicles, and at stations/stops.

- Utilize the media (social media, local newspapers and magazines, radio, television, etc.) to notify minority, low-income, and LEP populations of public involvement efforts.
- Hold in-person public meetings in locations, facilities, and at meeting times that are convenient and accessible to the minority, low-income, and LEP populations.
- Ensure the decision-making process adequately considers the issues and concerns raised by minority, low-income, and LEP populations.
- Develop transit and Title VI information in English and other languages as needed.
- Make public information available in electronically accessible formats.
- Cross-promote opportunities for public participation with municipalities, community organizations, housing authorities, apartment complexes, colleges, vocational schools, and major area employers.
- Use non-traditional media outlets to solicit input, such as local neighborhood publications, and online outlets like YouTube, Twitter, Instagram, and Facebook.
- Post public participation opportunities on the City of Boaz's social media sites. A sample template is shown below.

To date, the City of Boaz has participated in the following public outreach and involvement activities:

- City of Boaz staff members participated in and supported Community-Based Transportation Programs for disadvantaged communities.

- Public Meetings were held at convenient times and accessible locations for minority, low-income, and LEP populations.
- Meeting notifications have been published in outlets that service minority, low-income, and LEP populations.
- City of Boaz staff members attended local meetings to identify community needs and to participate as a stakeholder agency.
- Public notices were posted on the City of Boaz's website, in the receptionist area, on the transit vehicles, and at stations/stops.
- Title VI information was developed and distributed in English and Spanish.
- Notices of public participation opportunities were posted on the City of Boaz's social media sites.

The Public Participation Plan is evaluated with the assistance of the public who participate in public involvement activities and events. The Public Participation Effectiveness Survey in Appendix D is used to monitor changes in demographics and track the effectiveness of the City of Boaz's public involvement activities and events held in-person and virtually. Names are not collected so responses are anonymous. The survey is available in English and languages that are commonly spoken by LEP persons in the City of Boaz's service area. Participants are encouraged to request assistance from staff members as needed.

Surveys completed after in-person activities and events are deposited into drop boxes by participants. Drop boxes are positioned near exits and clearly labeled in English and languages that are commonly spoken by LEP persons in the City of Boaz's service area.

VI. Limited English Proficiency Plan

The Four Factor Analysis is used to identify Limited English Proficient (LEP) persons who need language assistance, outline how language assistance is provided, and describe how the City of Boaz considers the needs of LEP persons. This assessment balances the following four factors:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service sponsored by the City of Boaz. In addition to the number or proportion of LEP persons served, the analysis identifies:
 - A. How LEP persons interact with the City of Boaz;
 - B. Where LEP communities are located and the number or proportion of LEP persons from each language group to determine the appropriate language services for each language group;

- C. The literacy skills of LEP populations in their native languages to determine whether document translation will be an effective practice or whether translated auditory resources will be more effective; and
 - D. Whether or not LEP persons are underserved by the City of Boaz due to language barriers.
2. The frequency with which LEP persons come into contact with the City of Boaz's program, activities, or services. The following areas were evaluated:
 - A. Transit user demographics;
 - B. Public meeting participation;
 - C. Customer service interactions in-person, over the phone, and online, (including email and social media);
 - D. Rider surveys; and
 - E. Operator surveys.
3. The nature and importance of programs, activities, or services provided by the City of Boaz to people's lives.
4. The resources available to the City of Boaz for outreach to LEP persons and the costs associated with that outreach.

The City of Boaz developed a Limited English Proficiency Plan which is located in Appendix E. It includes:

- Results of the Four Factor Analysis, including a description of the LEP population(s) served;
- A description of how language assistance services will be provided;
- The methods used by the City of Boaz to provide language assistance services;
- A description of how employees are trained to provide timely and reasonable language assistance to LEP populations;
- A description of how notice is provided to LEP persons about the availability of language assistance; and
- An explanation of how the plan is monitored, evaluated, and updated.

Safe Harbor Provision

In accordance with the Safe Harbor Provision, the City of Boaz identified that no language groups exceed the threshold of 1,000 persons or 5%, whichever is less, of the total

population eligible to be served by the program.

The 2020 census data for the City of Boaz shows that no language groups meet the threshold. The largest LEP group is Indo-European (280) followed by Spanish (255). However, since it's hard to know which Indo-European language to translate, it makes sense to focus translation efforts in Spanish.

The City of Boaz focuses translation efforts in Spanish, which is one of the largest language groups other than English. Vital documents such as public notices, complaint forms, and complaint procedures are available in Spanish. The City of Boaz also provides free translation services upon request.

VII. Minority Representation on Planning and Advisory Bodies

The City of Boaz will not deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program on the grounds of race, color, or national origin.

The City of Boaz does not have transit-related non-elected planning boards, advisory councils, or committees that are selected by the City of Boaz. If the City of Boaz establishes advisory bodies, a table will be used to depict the racial breakdown of the membership and will be included in future Title VI programs. A sample table is included in Appendix F. Additionally, a description of efforts made to encourage the participation of minorities on such committees will be included.

VIII. Guidance on Determining Site or Location of Facilities

When acquiring land and/or constructing facilities, the City of Boaz shall not make selections with the purpose or effect of excluding persons from, denying them the benefits of, or subjecting them to discrimination under any Federally funded transit program based on the grounds of race, color, or national origin. The City of Boaz shall comply with all Federal requirements including 49 CFR Part 21 and FTA Circular 4702.1B and subsequent provisions.

The City of Boaz will complete a Title VI equity analysis during the planning stage of any new facility related to the potential site location to ensure the location is selected without regard to race, color, or national origin. Wherever necessary and/or required, the City of Boaz will engage in outreach to persons potentially impacted by the placement of facilities. A Title VI equity analysis will be completed before the site selection to compare the equity impacts of various alternatives. A copy of the Title VI Construction Project Analysis form that will be used to perform the equity analysis can be found in Appendix G.

IX. Additional Title VI Information

Additional Title VI information is included in Appendix H.

X. Board Meeting Resolution of Approved Title VI Program

The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see ACS Technical Documentation). The effect of nonsampling error is not represented in these tables.</p> <p>The 2016-2020 American Community Survey (ACS) data generally reflect the September 2018 Office of Management and Budget (OMB) delineations of metropolitan and micropolitan statistical areas. LIMITED ENGLISH PROFICIENCY PLAN

City of Boaz

Boaz AL 35957
256-593-1107
susan.duvall@cityofboaz.org
cityofboaz.org

Introduction

This Limited English Proficiency Plan was prepared to address the City of Boaz's responsibilities as a recipient of Federal financial assistance relating to the needs of individuals with limited English proficiency. This plan was prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, et seq. and its implementing regulations which state that no person shall be subjected to discrimination based on race, color, or national origin.

Plan Summary

The City of Boaz developed this Limited English Proficiency Plan to help identify reasonable steps to provide language assistance to persons with limited English proficiency who wish to access transit services provided by the City of Boaz. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and/or have limited ability to read, speak, write, or understand English.

This Plan outlines how the City of Boaz identifies a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how LEP persons are notified that assistance is available.

As the first step in preparing this plan, the City of Boaz completed the U.S. DOT Four Factor Analysis which considers the following factors:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service sponsored by the City of Boaz
2. The frequency with which LEP persons come into contact with the City of Boaz's programs, activities, or services
3. The nature and importance of programs, activities, or services provided by the City of Boaz to people's lives
4. The resources available to the City of Boaz for outreach to LEP persons and the costs associated with that outreach.

Four Factor Analysis Results

- 1. The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service sponsored by the City of Boaz**

The City of Boaz reviewed the 2020 U.S. Census Report and determined that the total population for Boaz is 8,775 (5 years and over). Of those persons, 535(6.1%) residents report speaking English less than very well. Those persons with limited

English proficiency speak the following languages at home: 255 speak Spanish, 280 speak other Indo-European languages. The most popular languages spoken at home (other than English) are Indo-European languages and Spanish. The City of Boaz will likely encounter more persons who speak these languages that benefit from the transit programs than any other LEP persons.

2. The frequency with which LEP persons come into contact with the City of Boaz's programs, activities, or services

The City of Boaz assessed the frequency with which staff and drivers have contact with LEP persons both presently and in the past. The following contact points and frequencies were identified:

Contact Points	Frequency (Low, Medium, or High)
Drivers – Fixed Route	N/A
Drivers – Demand Response	Low
Information Line	N/A
Dispatchers	N/A
Route Guides	N/A
Reservationist	N/A

4. The resources available to the City of Boaz for outreach to LEP persons and the costs associated with that outreach

The City of Boaz assessed its resources and determined that funds are available within the current budget for providing language assistance. The City of Boaz also determined which documents would be most beneficial if translated into other languages and the cost associated with this effort. An inventory of available organizations with which the City of Boaz could partner for outreach and translation efforts was also identified. In addition, bilingual staff, volunteer community agencies, and web-based translation services were identified as ways to reduce the cost of translation services.
