Question 4

If you have used the Brisbane swimming pool/aquatics center in the last 12 months, how would you rate your experience?

4a. If applicable, please share why your experience was good, OK, or poor:

- Always cold given our climate here, despite the limited heating.
- Attentive lifeguards, well maintained pool
- Bathroom and shower facilities old, not clean, inadequate water pressure, no private changing areas
- bathrooms need some work still
- bathrooms/lockers could use a lift
- Beautiful outdoor pool.
- Clean pool of dirt and leaves more often
- Easy to get in but the recreational swim hours are too late in the day
- Excellent staff, clean facilities and a lot of space to move around.
- Facilities are dated, hard to get in for rec swim when it's actually hot out
- Friendly staff and water always in good condition
- Friendly staff, clean, adequate supplies for kids' classes
- Generally excellent but the pool has been / is dirty. The tiles are greyish.
- Good for kids cannot swim but can enjoy the water.
- Good since it was not crowded when I brought grandkids to rec swim (& Good when I attended water aerobics before pandemic)
- Good staff, smoothly run system. However, the pool is always dirty on the bottom.
- Great and helpful staff. Facilities all work
- Great staff, nice pool and location.
- Hours are not great for families, during colder times of the day, kids pool not great
- I like our pool, but would like to be able to reserve 20-30 min for swimming
- I love the pool!! (could be vacuumed more often), women's locker needs hairdryers
- in need of modernization and a hot tub better separate for women and men
- It was clean and my lane was available for lap swim.
- It's clean.

- It's not a particularly great climate for an outdoor pool. Typically, cold even if heated.
- It's hard to make private swim lessons (no one really answers/they respond in an untimely fashion).
- Lap hour swim time is difficult during the week for working people. Overcrowded on weekends, with simultaneous lessons for kids
- Like the ease of swimming nearby, also few enough people so don't need to circle swim
- Limited free swim hours for kids, baby pool has been out of service forever
- Limited hours, hard to access swimming lessons, pool too cold for young kids
- Love the pool; it's like a country club close to home, very affordable
- Men's locker room and showers -Not clean and not thoroughly cleaned on a regular basis.
- Nice clean pool: only issue is during rec/lap swim times, lap swimmers take the first lane regardless of rec swimmers being there
- nice pool, good temp, not too crowded, friendly staff. leaves and sand on bottom of pool. several closures due to chemical imbalance
- No complaints about staff but what happened to the grassy area? It is dead and dry
- Not enough classes for children- add classes like pre pandemic
- organized for water aerobics, have not been indoors since covid
- Organized times for lap swim good
- Outdoor pool equals kids get sick, too many kids per swim class
- Outdoor pool unusable most of the time because of weather. Water not heated adequately
- Pool a bit dirty
- Pool is dirty. I have seen band aids, hair, leaves, bugs. Also, so hard to get swim classes.
- Pool is great, and I'm grateful for the facility. Please keep soap dispensers in shower stalls always refilled!
- Pool is super dirty
- Pool itself in great condition. Ample wide lanes. Good staff. Some deck, shower and pool areas could use some deep cleaning.
- Pool needs to be heated sometimes there are too many people for going with young kids
- Poor communication from staff asking for private swim lessons, discontinuing piranha swim club, need swim team options for teens
- Really appreciated the opportunity for swimming lessons, I would love to see lessons offered at even more times
- so nice to have an outdoor pool. generally good condition. Like the availability of kick boards etc. for lap swim.
- staff are helpful, locker room/shower could use a deep clean
- Staff very nice. Pool clean and water nice.
- The lifeguards seemed very power hungry. Excessive corrections, yelling, and blowing the whistle. Really ruined the mood
- The pool is beautiful with a great view of the mountain
- The pool is clean and well maintained and the staff is responsive. Water aerobics had been essential to my health and well-being
- The pool is clean, staff is nice. Bathrooms are terrible and dirty though
- The pool is cleaner than it has been in the past
- The pool is great. A real asset to the town.
- The pool is not heated enough, facilities are dated, not very kid friendly other than classes which fill up too fast
- The shower room area needs more attention including weekly regular cleaning and fixing a wall mounted tall hair dryer.
- The times I tried to go to swim, we had to be in a waiting list and did not make it.

- The water can be warmer, the baby pool is always closed??
- Too cold. Hours limited.
- Too few hours
- Water can be a bit cold and there are limited learning classes which fill up quickly, no adult learning programs
- Water is never warm, limited, and older facilities
- Water temperature for kids
- Well maintained and fun for kids.
- Why is the whole town subsidizing the pool that so few use \$200,000+/year? Raise pricing.
- Wonderful water aerobics class
- Would like more rec swim hours; on hot days, it would be great to give residents priority admission
- Youth swim classes filled too quickly, and then there was no room to adjust swim level class. The pool/bldg. itself was great.
