  - a. (copy of) original petition requesting parking modification

Sweeney/Parella- Voted unanimously to continue the matter to the November 15th Council meeting and refer the matter to the Police Department and Town Solicitor to draft a revised ordinance for consideration and second reading.

Prior to the vote being taken, Town Administrator Contente provided an overview of the supplemental recommendation received. He highlighted that he is recommending a 15' no parking on the west side of King Philip Avenue starting at the intersection of Dyer Avenue extending 15' northbound. He explained that the 15' to the corner was in keeping with traffic

standards and combined with the 20' width of Dyer Avenue the bus would have a total of 35' of clearance. It was further noted that the student bus driver had no issues with the bus stop and had no issues stopping on the roadway for pickups.

Town Administrator Contente clarified that the 15' no parking box 15' from the corner does not require council action nor an ordinance change.

Jodi and Mark Traghella of 71 King Philip Avenue addressed the council. Mrs. Treghella provided clarification, explaining that her initial petition aimed to establish a 20-foot "no parking" box at the point where her residence's front door intersects with the street ensuring safe passage for her special needs child. She expressed her concerns She emphasized her concerns about the inadequacy of the 15-foot corner "no parking" box in ensuring her son's safe access to the bus.

Discussions ensued relating to incorrect placements of no parking boxes and corrections made.

Discussions ensued regarding the advertising requirements necessary to fulfill the request for an additional "no parking" zone near the front area aligned with the path leading from the front door. Solicitor Ursillo suggested specifying the location and dimensions for the re-advertisement.

Police Chief Lynch noted that an investigation would be conducted in the morning. Additionally, he clarified that if the council wishes, he has the authority to temporarily install a parking block until a final decision is made. The council agreed by consensus to install a temporary no-parking block.

Patricia Esteves of 74 King Philip Avenue addressed the council and expressed her concerns about limited parking in the already congested streets and the current abuse of parking.

  - F1. Carol Krushnowski, 9 Fenmore Road, re Request to finish and pave Fenmore Road

- a. recommendation Town Administrator and Chief of Police
- b. recommendation Town Administrator and Department of Public Works
- c. recommendation Town Administrator and Planning Board

Sweeney/Teixeira- Voted unanimously to complete and surface a 15-foot-wide one-way extension from Fenmore Road to Brookwood Road, in accordance with the received recommendations and pending inclusion in the town's annual budget process within the upcoming three years.

Prior to the vote being taken, Clerk Cordeiro noted a "received at-meeting" memo from BETA Engineering was provided summarizing the impact of extending the pavement on Fenmore Road to Brookwood Road.

Town Administrator Contente noted that the town's departments are aligned on the completion of the pending work. He explained that an engineer's study received as the late item, revealed the existing 10-inch corrugated pipe is insufficient during storms, causing concerns about potential flooding on Brookwood Road. The engineers suggest a 15-foot width limit for the road extension to prevent flooding, with an estimated cost of \$65,000. To manage runoff, swales will be constructed alongside the road. Consequently, the one-way 15-foot road plan is recommended, enhancing egress while minimizing additional runoff impact on Brookwood Road.

Chairman Calouro noted a recent call with the Administrator and Director Williamson that sought clarity from the engineer regarding the possibility of a two-way road. It was confirmed that the current paved section of Fenmore can remain two-way, while the proposed improved section, limited to 15 feet, would be one-way. He highlighted that the proposal would improve trash collection and fire access, with considerations for the area's traffic and drainage constraints. He noted that although he had a preference for a wider, two-way road, he suggested that due to budgetary limitations, a 15-foot, one-way road would be more feasible. This road construction was estimated to cost \$65,000. He recommended including this project in the budget within the

next three years, allowing sufficient time for financial planning and approval.

It was noted that to ensure accuracy and proper property delineation, a survey would be necessary, and this cost was factored into the budget estimate.

Daniel Lesser, residing at 12 Brookwood Road, expressed his concerns about the cost of paving and drainage during the council meeting and questioned the cost-effectiveness of the project. He also voiced his opposition to the completion of the road. However, he indicated his willingness to consider the road being designated as one-way.

Richard Rinaldi of 10 Fenmore Road addressed the council and raised concerns about the 15-foot width at the bottom of the road, expressing potential issues for emergency vehicle access, and giving his estimation of an average car's 6-foot parking space. Chairman Calouro acknowledged the existing lack of pavement for vehicle passage.

Mr. Rinaldi emphasized the necessity of maintaining access to fire engines, citing two nearby hydrants supplying Fenmore. He questioned whether the proposed 9-foot clearance, considering parking and a swale, would be sufficient for emergency vehicles. Town Administrator Contente explained that departmental input and engineering considerations would guide parking solutions, potentially incorporating grassy strips or designated no-parking zones to facilitate traffic within the 15-foot space.

Discussions ensued regarding parking concerns and enforcement.

#### I. Other New Business Requiring Town Council Action

- II. Public Notice from CRMC re Russ Russ Realty, PO Box 656 for 125 Thames Street, Bristol -requires response by November 4, 2023
  - a. recommendation Town Administrator and Harbor Master
  - b. recommendation Town Administrator and Department of Community Development

Sweeney/Teixeira- Voted unanimously to send a recommendation to CRMC to approve the application as presented and to refer to the Harbor Master's office to assist with parking enforcement restrictions recommendation in that area.

Director Williamson mentioned the walkway connecting the Elks to Manny Sousa Park behind the Maritime Center, emphasizing the connection to town property. She explained that as a result, the town is considered a co-applicant in the CRMC application, and therefore, there's no reason for objection from her perspective.

Director Williamson highlighted that CRMC is requesting that the applicant designate or have designated two public parking spaces for boardwalk access if the petition is approved. Accordingly, if the CRMC application proceeds as presented, she recommended directing the solicitor to prepare an ordinance for the parking associated with the walkway. She noted that these spaces would be located on the north side of Constitution Street, at the end opposite the Coast Guard station, closest to the proposed walkway.

Discussions ensued regarding the specific requirements of the no parking spaces, noting that it was unclear at this time.

Motion made by Sweeney and Seconded by Teixeira to send a letter of recommendation to CRMC to approve the application as presented and to refer the matter to the Town Solicitor to draft an ordinance for two public parking spaces on the north side of Constitution Street in front of the mill to address CRMC public access parking requirements once the application is approved by CRMC.

It was further recommended to also refer to the Harbor Master's office to assist with parking enforcement restrictions recommendation in that area.

The council deliberated on the subsequent actions, deciding to postpone referring to the solicitor for a draft ordinance until the specifics of the designated parking requirements could be clarified.

The motion was amended to send a recommendation to CRMC to approve the application as presented

I2. Director Williamson re - Advertising for Amendments to the Zoning Ordinance per State Law (1st reading November 15, 2023, Public Hearing to be scheduled for December 6, 2023)

Sweeney/Teixeira- Voted unanimously to allow for advertising, as required per state law, of the December 6<sup>th</sup> public hearing for amendments to the zoning ordinance

Prior to the vote being taken, Clerk Cordeiro explained that the process deviates slightly from the usual; the request is to permit the state-mandated advertising three weeks prior to the public hearing. The council is requested to pre-approve the advertising for the December 6th council meeting. If the council does not pre-approve the advertising, the public hearing will be set for December 27. Should there be discussions at the public hearing leading to a continuation, the proposed amendments would not take effect before the state law comes into force. This process still allows for the first and second readings with the public hearing, ensuring that the amendments are integrated before the mandatory changes come into effect on January 1, 2024.

- I3. Harbor Master Marsili re recommendation for revisions to harbor fees
  - a. (draft) resolution

Sweeney/Teixeira- Voted unanimously to amend the harbor fees and adopt the harbor fee change resolution.

Prior to the vote being taken, Harbor Master Marsili outlined the suggestions presented by the Harbor Commission and himself to raise certain harbor fees. He clarified that there haven't been any increases for a considerable period and that the proposed small increment still doesn't align the fees with those of neighboring communities, which are significantly higher. However, the recommendation was to implement a gradual increase rather than a substantial one to remain competitive with nearby cities and towns

- I4. Director Williamson re Amendment to Grant Agreement
  for Prudence Island Ferry
  - a. draft agreement

Sweeney/Teixeira - Voted unanimously to accept the amendments as presented in the A&R Marine Amendment two of the subrecipient agreement and authorize the Council Chairman and Town Solicitor to sign on behalf of the Town.

Director Williamson explained that the proposed adjustments are to an increase in funding for the Prudence Ferry project. She explained that after going out to bid, the received prices were slightly higher than initially expected. The additional funding will now enable the completion of the entire project, encompassing repairs to the dolphins on the Bristol side, installation of a gate, creation of a waiting area building, and work on the dock on the Prudence Island side. She clarified that as the town is managing the grant administration on behalf of A&R Marine, we kindly request that the Town Council grant authorization to Council Chairman Nathan Calouro and the solicitor to sign the Grant agreement.

#### J. Bills & Expenditures

J1. RFQ #1021 - Bristol Municipal Career and Technical Academy/Learn365 Coordinator

Sweeney/Teixeira - Voted unanimously to refer this matter to the Town Administrator to act in the best interest of the Town.

Prior to the vote being taken, Clerk Cordeiro noted that the bid opening was held on October 17, 2023, and that only one RFQ was received from:

• Craig Evens of 80 Aaron Avenue... \*No value amount

Prior to the vote being taken, Clerk Cordeiro clarified that there was no value amount on the RFQ because the price, terms, and conditions that the vendor is required to provide have already been predetermined by grant funding for the specific services. The RFQ is to determine the best-qualified candidate to provide the actual service.

Discussions ensued regarding some of the details of the Career and Technical Academy/Learn365 Coordinator and program.

Northeast Golf Company (Bristol Golf Park)

I have reviewed the above petitions and have no objections to the request. The Bristol Golf Park property is located within the Open Space (OS) zoning district; and a golf course is a permitted use in the OS zone. The limited sale of liquor, if it is associated with the golf course use, is considered accessory and incidental to the principal use of the property as a golf course.

Thank you for the opportunity to comment.

### Petition Review for 71 King Philip Avenue- no parking block request.

This is a correction narrative for a petition reviewed in May 2023 for 71 King Philip Avenue. Mr. and Mrs. Traghella are requesting a no parking block be created in front of their residence to allow passage for their son with special needs. I spoke with Mr. Traghella regarding his request for a no parking block in front of the property. I was informed that when vehicles park in front of his property, they are having a hard time getting their son from their property to a school bus which stops in the roadway on King Philip Avenue for pick-ups and drop-offs.

I spoke with First Student bus driver, Mr. Chris Gallagher, regarding this bus stop. Mr. Gallagher stated that he has not had any issues with this bus stop and has no issues stopping on the roadway for pick-ups and drop-offs. It should be noted that King Philip Avenue measures 20 feet in width at this location.

After reviewing this petition, it is my recommendation that this petition be approved and a no-parking box be created on the west side of King Philip Avenue, starting at the intersection of Dier Street, extending 15 feet northbound. This should provide adequate and safe passage to and from the school bus. It should be noted that motorists are prohibited from parking within 15 feet of an intersection. By approving this petition for outlining the 15' no parking, this will not negatively affect parking in this area and will allow for unobstructed passage for Mr. Traghella's son. It should be noted that this is the same location as requested by Mr. Traghella and shown in his street diagram.

Please see attached photos and video of the location. This will not require a change to our Ordinance and will allow for more orderly parking in this area.

My name is Patricia Esteves 74 King Phillip Ave. My concern is the no parking on my road, I have lived here for 45 years and a tax payer. I have a sick husband at home who has been taking by rescue 3 times this year, oxygen delivery and a visiting nurse. Taking those 2 spots would only leave 2 spots left for parking between Platt Street and Dyer Ave. Last week the visiting nurse had to park near Sunrise Street and walk a block and a half to see my husband. The house on the corner of Dyer Ave. has spots for the van to pickup there foster child. The people have rented the place for 1 1/2 years and there has been no problem. I hope you take time to consider my concerns being a long time Bristol resident. Thank you! Pat Esteves

### Petition Review for 71 King Philip Avenue- no parking block request:

11-02-23 updated memo for 71 King Philip Avenue:

Mr. and Mrs. Traghella are requesting a no parking block be created in front of their residence to allow passage for their son Ethan, with special needs. In May 2023, I spoke with Mr. Traghella regarding his request for a no parking block in front of the property. I was informed that when vehicles park in front of his property, they are having a hard time getting their son from their property to a school bus which stops in the roadway on King Philip Avenue for pick-ups and drop-offs.

71 King Philip Avenue is situated to the left of 73 King Philip Avenue, which is a rental property, generally rented to Roger Williams University students. This type of rental property typically brings in an increased number of vehicles to the neighborhood, which can take up a lot of the available street parking on King Phillip Avenue to include parking in front of 71 King Phillip Avenue (Traghella residence). Notably, I believe that this same situation is occurring and possibly aggravating the Traghella family. Parking is allowed on both sides of this street and I'm sure that at times this location can get congested with street parking. In checking our dispatch records, I found that during the last 18 months, we have received 7 parking complaints for this address. 6 were unfounded and one summons was issued for parking within 15 feet of intersection.

On 11-02-23, I spoke with Statewide Transportation bus driver, Mr. Chris Gallagher, regarding this bus stop. Mr. Gallagher operates a minivan school vehicle which is equipped with flashing school bus lighting. Additionally, there is a bus monitor with Ethan to assist with all pick-up and drop-offs. Mr. Gallagher informed me that in over a year of handling this bus stop, he has never witnessed an incident with Ethan having a problem getting to or from the bus due to vehicles parked in front of the residence, however, he does understand the concern that Ethan may try to run from his parents while making his way to or from the bus. I again explained the petition request received from Mr. and Mr. Traghella and asked Mr. Gallagher if Dyer Street was an option for this bus stop. Mr. Gallagher informed me that Dyer Street would be a better option and a shorter route from the residence, which may be better for Ethan in inclement weather and also reducing the possible risk of Ethan running from his parents. It should be noted that Dyer Street has an active no parking on the north side of the street, which will allow the bus to pull up close to the side of the residence for unobstructed access.

I again spoke with Mr. and Mrs. Traghella regarding the feasibility of switching this bus stop to Dyer Street. They informed me that they tried moving this stop to Dyer Street over a year ago and were

TOWN COUNCIL NOV 1 5 2023 MFFTING

Town Administrato

unsuccessful. Representatives from Statewide Transportation told them that if the address of the residence is on King Philip Avenue, then they would need to use the front of the residence as a pick-up location. I spoke with Mr. Gallagher and Elizabeth Fontes from Statewide Transportation explaining that Dyer Street would be a much safer bus stop location for Ethan. Dyer street bus stop location was approved and activated on 11-02-2023 for the pm drop-off. Mr. and Mrs. Traghella are willing to try this new bus stop location for the next 30 days and they will be in contact with any concerns.

Due to the active no parking on the north side of Dyer Street, this will not require an ordinance change. It is my recommendation that we keep the 15' no parking block on King Philip Avenue, which has already been created as an alternate site. I am also requesting that this matter be placed on the December 27<sup>th</sup> Town Council Docket for further review. This will allow the Traghella Family ample time to review this location and ensure that Ethan is comfortable with this transition.

Lastly, if the council was to consider an (extension) of a no parking area to provide ancillary ease in the front of the Traghella household (71 King Phillip Avenue) it would require an additional 10' on top of the 15' already marked to reach their front door. This would still provide 24' of parking space in front of their home for parking.

Typically, the average length of a car is around 14.7 feet. Different manufacturers and models will have varying car sizes, and standard automobiles and trucks are typically between 10-18 feet long. A midsize sedan is around 14 feet long, while a smaller car like a Mini Cooper will be about 10 feet long.

\* \* \*

Article I. In General.

Sec. 28-1. Definitions.

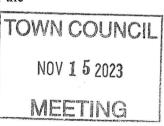

Amend as follows:

Adaptive reuse means the conversion of an existing structure from the use for which it was constructed to a new use by maintaining the elements of the structure and adapting such elements to a new use.

Modification means permission granted and administered by the zoning official and pursuant to RIGL 45-24-46 and set forth in this Chapter at Sec. 28-413, to grant a dimensional variance other than lot area requirements from the zoning ordinance to a limited degree, not to exceed fifteen percent (15%) of each of the applicable dimensional requirements.

Public informational meeting means a meeting of the planning board or other governing body preceded by a notice, open to the public and at which the public shall be heard.

Variance means permission to depart from the literal requirements of this chapter. An authorization for the construction or maintenance of a building or structure, or for the

establishment or maintenance of a use of land, which is prohibited by this chapter. There shall be only two categories of variance, a use variance or a dimensional variance.

- (1) Use variance. Permission to depart from the use requirements of this chapter where the applicant for the requested variance has shown by evidence upon the record that the subject land or structure cannot yield any beneficial use if it is to conform to the provisions of this chapter.
- (2) Dimensional variance. Permission to depart from the dimensional requirements of this chapter, where the applicant for the requested relief has shown, by evidence upon the record, that there is no other reasonable alternative way to enjoy a legally permitted beneficial use of the subject property unless granted the requested relief from the dimensional regulations. However, the fact that a use may be more profitable or that a structure may be more valuable after the relief is granted shall not be grounds for relief. under the applicable standards set forth in RIGL 45-24-41 and set forth in this Chapter at Sec. 28-409(c).

Article III. Permitted Uses.

Amend as follows:

Sec. 28-82. Use regulations.

(b) Prohibited uses and uses not listed. If a use is not shown herein, it is prohibited, unless the zoning enforcement officer determines in writing that such use is consistent with uses that are explicitly permitted. To the extent a proposed land use is not specifically listed, an applicant may submit a written request to the zoning enforcement officer for an evaluation and determination of whether the proposed use is of a similar type, character, and intensity as a listed use requiring a special use permit. The zoning enforcement officer will have 30 days to provide a written response. Upon such determination, the proposed use may be considered to be a use requiring a special use permit. Unlisted uses that are deemed not similar to a listed use requiring a special use permit shall be deemed prohibited. Any number of uses may be located on a lot provided each use is permitted in that district and all other requirements of this chapter are met.

#### Article V. Supplementary Regulations

Amend as follows:

# Sec. 28-152. Zoning Modification Permits.

The zoning enforcement officer may issue a modification permit on the construction, alteration or structural modification of a conforming structure or a conforming lot of record.

(1) Criteria. Such modification shall not exceed 25 percent of the following dimensional requirements: Side yard; front yard; and rear yard. Such modification shall only apply to residential structures in residential zoning districts. Such modification permits shall not include nonconforming lots of record. In the case of side yard variances, there shall be a minimum of ten feet between principle structures in all cases.

- (2) General procedure. The applicant shall make an application for a modification permit with the zoning enforcement officer which shall include a signed site plan drawn to scale. Within ten days of receipt of a complete application, the zoning enforcement officer shall make a decision as to the suitability of the modification based on the following determinations:
- a. The modification requested is reasonably necessary for the full enjoyment of the permitted use;
- b. If the modification is granted, neighboring property will neither be substantially injured nor its appropriate use substantially impaired;
- c. The modification requested is in harmony with the purposes and intent of the comprehensive plan and this chapter; and
- d. The modification requested does not require a variance of a flood hazard permit.
- (3) Notice. Upon an affirmative determination, the zoning enforcement officer shall notify abutting owners by certified mail and place an advertisement in the newspaper of the proposed modification. Such notice shall indicate that the modification will be granted unless written objection is received within 30 days of such notice. Costs of the public notice shall be borne by the applicant.
- (4) Decision. If written objection is received within 30 days, the request for modification shall be denied. In that case the changes requested will be considered a request for a variance and may only be issued by the zoning board of review following the standard procedures for variances. If no written objections are received within 30 days, the zoning enforcement officer shall grant the modification.
- (5) Conditions. The zoning enforcement officer may apply such special conditions to the permit as may, in the opinion of the zoning enforcement officer, be required to conform to the intent and purposes of this chapter.
- (6) Public records. The zoning enforcement officer shall keep public records of all requests for modifications, and of findings, determinations, special conditions and any objections received.

The zoning officer is authorized to grant modification permits of up to and including twenty-five percent (25%) of the literal dimensional requirements of this ordinance as follows:

- a. Within ten (10) days of the receipt of a request for a modification, the zoning enforcement officer shall make a decision as to the suitability of the requested modification based on the following determinations:
- 1. The modification is reasonably necessary for the full enjoyment of the permitted use;
- 2. If the modification is granted, neighboring property will neither be substantially injured nor its appropriate use substantially impaired;
- 3. The modification requested does not require a variance of a flood hazard requirement, unless the building is built in accordance with applicable regulations;

- 4. The modification requested does not violate any rules or regulations with respect to freshwater or coastal wetlands.
- b. Upon an affirmative determination, in the case of a modification of five percent (5%) or less, the zoning enforcement offer shall have the authority to issue a permit approving the modification, without any public notice requirements. In the case of a modification of greater than five percent (5%), the zoning enforcement officer shall notify, by first class mail, all property owners abutting the property which is the subject of the modification request, and shall indicate the street address of the subject property in the notice, and shall publish in a newspaper of local circulation within the city or town that the modification will be granted unless written objection is received within fourteen (14) days of the public notice. If written objection is received within fourteen (14) days, the request for modification shall be scheduled for the next available hearing before the zoning board of review on application for a dimensional variance following the standard procedures for such variances, including notice requirements provided for under this chapter. If no written objections are received within fourteen (14) days, the zoning enforcement officer shall grant the modification.
- c. The zoning enforcement officer may apply any special conditions to the permit as may, in the opinion of the officer, be requested to conform to the intent and purposes of the zoning ordinance.
- d. The zoning enforcement officer shall keep public records of all requests for modifications, and of findings, determinations, special conditions, and any objections received.
- e. <u>Costs of any notice required under this subsection shall be borne by the applicant requesting the modification.</u>

#### Article VI. Development Plan Review.

Amend as follows:

Delete Sec. 28-181 through 28-186 and replace as follows:

#### Sec. 28-181. Development plan review established.

There shall be development plan review for uses that are permitted by right under the zoning ordinance, as provided for in this Article.

Sec. 28-182. Permitting authority. The permitting authority shall be the Planning Board.

<sup>&</sup>lt;sup>1</sup> Specific and objective provisions are required to be within the zoning ordinance per §45-24-37(h)(1). Municipalities should consult with their solicitor to determine if a reference to the regulations will satisfy this requirement.

## Sec. 28-183. Guidelines.

The review by the planning board shall be based upon the specific requirements set forth in Appendices E, F; and for those properties in the Metacom Avenue Overlay, Appendix G of the regulations.

#### Sec. 28-184. Exceptions to development plan review.

The administrative officer may waive the requirement for development plan approval where there is a change in use or occupancy and no extensive construction of improvements is sought. The waiver may be granted only upon a finding by the administrative officer that the use will not affect existing drainage, circulation, relationship of buildings to each other, landscaping, buffering, lighting, and other considerations of development plan approval, and that the existing facilities do not require upgraded or additional site improvements. The application for a waiver of development plan review shall include documentation, as required by the administrative officer, on the prior use of the site, the proposed use, and its impact.

# Sec. 28-185. Waivers of design standards.

The Planning Board may grant waivers of design standards, as set forth in the regulations.

#### Article VII. Nonconformance

Amend as follows:

#### Sec. 28-221. Land nonconforming by area.

- (a) Single lots of record.
- (1) In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any single lot which was of record on June 28, 1961.
- (2) Notwithstanding limitations imposed by other provisions of this chapter, such lot must be in separate ownership and not adjoining any other lots in common ownership which would result in a merger under subsection 28-221(c) below and must not have been merged by use. This provision shall apply:
  - a. Even though such lot fails to meet the requirements for total lot area or width, or both, that are generally applicable in the district as set forth in article V of this chapter; and
  - b. Provided that the front and rear yard dimensions of the lot as built upon shall conform to the regulations for the district in which such lot is located as set forth in article IV of this chapter, and provided that for a lot with a lot width of 50 feet or more, each side yard shall have a minimum width of at least 20 percent of the lot width, but such yard need not exceed 25 feet in width. For any lot with a lot width of less than 50 feet, each side yard shall have a minimum width of ten feet.

- Lot coverage by structures shall not exceed 40 percent. Principal structures shall be compatible in size and character with the neighborhood in which they are located. Variance of building size, lot coverage or yard requirements shall be obtained only through action of the zoning board; and
- c. Lots of 10,000 square feet or more must meet the requirements for public utilities of the zone in which it is located; and lots with less than 10,000 square feet shall either (A) be connected to both public sewer and water, or (B) shall obtain a variance from the zoning board of review to have the lot serviced by only one utility. In the granting of said variance, the zoning board of review shall consider such factors as health and safety reasons and the financial feasibility of extending the utility lines to the lot. It shall be considered financially unfeasible to extend utilities to the lot if the cost of such extension would exceed 50 percent of the value of the fully developed lot, (with street, utilities, etc., but without a building). Such financial infeasibility shall be verified by a certified appraisal as to the lot value and the BCWA estimate for water service or three estimates for the sewer line installation. If the lot is not serviced by water, the owner shall record an indemnity in the land evidence records to hold the town harmless against any and all future costs if a public utility must later be brought to service the lot.
- (b) Notwithstanding the failure of a single substandard lot of record or contiguous lots of record to meet the dimensional and /or quantitative requirements of this zoning ordinance, and/or road frontage or other access requirements applicable to the district as stated in the ordinance, a substandard lot of record shall not be required to seek any zoning relief based solely on the failure to meet minimum lot size requirements of the district in which such lot is located. The setback, frontage, and/or lot width requirements for a structure under this section shall be reduced and the maximum building coverage requirements shall be increased by the same proportion as the lot area of the substandard lot is to the minimum lot area requirement of the zoning district in which the lot is located. All proposals exceeding such reduced requirement shall proceed with a modification request or a dimensional variance request, whichever is applicable.
- (d) (c) Provided that appropriate landscaping, including, but not limited to, trees, hedges or fences shall be installed pursuant to the direction of the director to minimize any impact on adjacent property.
- (d) Merger prohibited for certain lots. The merger of lots shall not be required when the substandard lot of record has an area equal to or greater than the area of fifty percent (50%) of the lots within two hundred feet (200 ft) of the subject lot, as confirmed by the zoning enforcement officer.

# Article IX. Land Development Projects and Special Zones

Amend as follows:

# Division 6. Low and Moderate Income Housing and Inclusionary Zoning

#### Sec. 28-361. - Purpose and authority.

#### (a) Purpose.

- (1) To promote the public health, safety and welfare by promoting the development of low and moderate income housing within the Town of Bristol in accordance with the state mandate and to provide for a full range of housing choices throughout the town for households of all incomes, ages and sizes.
- (2) To promote the development of affordable housing throughout town in a manner that is consistent with the town's adopted affordable housing plan and the comprehensive community plan.
- (3) To produce housing that qualifies as affordable as defined by the mandates of the State's Comprehensive Housing Production and Rehabilitation Act of 2004.
- (4) To establish mixed income households within new subdivisions and land development projects throughout the town.
- (5) To provide the town's developers of affordable housing the financial resources for promoting the production of affordable units throughout town, in lieu of on site units provided within a subdivision subject to the provisions of this article.
- (6) To establish an affordable housing unit or funding set-aside requirement that allows for a reasonable return for property owners and developers, while recognizing the fact that most future subdivisions will be small scale because few large parcels remain for development within Bristol.
- (b) Authority to grant comprehensive permits. In accordance with RIGL Tit. 45, Ch. 53, the Low and Moderate Income Housing Act (as amended) the local review board shall have the power to issue a comprehensive permit for a qualifying low or moderate income housing project, which relief shall include all permits or approvals from any local board or official who would otherwise act with respect to such application including, but not limited to, the power to attach to the permit or approval conditions and requirements with respect to setbacks, height, site plan, size, shape, building materials, landscaping, and parking consistent with the terms of the Act.

#### Sec. 28-362. - Designation of local review board.

The town planning board is hereby designated as the local review board and all references in this division to local review board shall be to the planning board.

#### Sec. 28-363. - Definitions.

Affordable housing means residential housing that has a sales price or rental amount that is within the means of a household that is moderate income or less. In the case of dwelling units for sale, housing that is affordable means housing in which principal, interest, taxes, which may be adjusted by state and local programs for property tax relief, and insurance constitute no more

than 30 percent of the gross household income for a household with less than 120 percent of area median income, adjusted for family size. In the case of dwelling units for rent, housing that is affordable means housing for which the rent, heat, and utilities other than telephone constitute no more than 30 percent of the gross annual household income for a household with 80 percent or less of area median income, adjusted for family size. Such housing shall remain affordable through a land lease and/or deed restriction for 99 years or such other period that is either agreed to by the applicant and town or prescribed by the federal, state, or municipal government subsidy program but that is not less than 30 years from initial occupancy.

Affordable housing plan means that component of the housing element of the town comprehensive plan designed to meet the housing needs in the town.

Approved affordable housing plan means the affordable housing plan that has been approved by the director of administration as meeting the guidelines for the local comprehensive plan as promulgated by the state planning council.

Affordable housing trust fund means a restricted fund to be established by the town council for the purposes set forth in this article per RIGL Tit. 45, Ch. 53.

Comprehensive plan means the comprehensive plan of the town adopted and approved by the town pursuant to RIGL Chs. 22.2 and 22.3.

Consistent with local needs means reasonable in view of the state need for low or moderate income housing, considered with the number of low income persons in the town affected and the need (a) to protect the health and safety of the occupants of the proposed housing or of the residents of the town, (b) to promote better site and building design in relation to the surroundings, or (c) to preserve open spaces, and if the local zoning or land use ordinances, requirements, and regulations are applied as equally as possible to both subsidized and unsubsidized housing.

Inclusionary housing agreement means an agreement recorded in the town's land evidence records describing how the developer will comply with the provisions of this article.

Inclusionary housing plan means a plan setting forth in detail the manner in which the provisions of this article will be implemented.

Inclusionary unit means an affordable housing unit, as defined in this article.

Local board means any town or city official, zoning board of review, planning board or commission, board of appeal or zoning enforcement officer, local conservation commission, historic district commission, or other municipal board having supervision of the construction of buildings or the power of enforcing land use regulations, such as subdivision, or zoning laws.

Low or moderate income housing means any housing whether built or operated by any public agency or any nonprofit organization or by any limited equity housing cooperative or any private developer, that is subsidized by a federal, state, or municipal government subsidy under any program to assist the construction or rehabilitation of housing affordable to low or moderate income households, as defined in the applicable federal or state statute, or local ordinance and

that will remain affordable through a land lease and/or deed restriction for 99 years or such other period that is either agreed to by the applicant and town or prescribed by the federal, state, or municipal government subsidy program but that is not less than 30 years from initial occupancy.

#### Sec. 28-364. - Applicability and eligibility.

- (a) Any applicant proposing to build low or moderate income housing may submit to the local review board a single application for a comprehensive permit to build that housing in lieu of separate applications to the applicable local boards. This procedure is only available for proposals in which at least 25 percent of the housing is low or moderate income housing.
- (b) Notwithstanding the foregoing, in accordance with RIGL § 45-53-4(a)(xiii) the Bristol Town Council limits the annual total number of dwelling units in comprehensive permit applications from for profit developers to an aggregate of one percent of the total number of year round housing units in the town, as recognized in the affordable housing plan.
- (c) Notwithstanding the timetables set forth elsewhere in this division, the local review board shall have the authority to consider comprehensive permit applications from for profit developers, which are made pursuant to this paragraph, sequentially in the order in which they are submitted.

#### Sec. 28-365. - Application and review procedures.

Application and review procedures shall be set forth in the Town of Bristol Subdivision and Development Review Regulations.

#### Sec. 28-366. - Criteria for approval.

In approving an application for a comprehensive permit, the local review board shall make positive findings, supported by legally competent evidence on the record which discloses the nature and character of the observations upon which the fact finders acted, on each of the following standard provisions, where applicable:

- (1) The proposed development is consistent with local needs as identified in the local comprehensive community plan with particular emphasis on the community's affordable housing plan and/or has satisfactorily addressed the issues where there may be inconsistencies.
- (2) The proposed development is in compliance with the standards and provisions of the municipality's zoning ordinance and subdivision regulations, and/or where expressly varied or waived local concerns that have been affected by the relief granted do not outweigh the state and local need for low and moderate income housing.
- (3) All low and moderate income housing units proposed are integrated throughout the development; are compatible in scale and architectural style to the market rate units within the project; and will be built and occupied prior to, or simultaneous with the construction and occupancy of any market rate units.
- (4) There will be no significant negative environmental impacts from the proposed development as shown on the final plan, with all required conditions for approval.

- (5) There will be no significant negative impacts on the health and safety of current or future residents of the community, in areas including, but not limited to, safe circulation of pedestrian and vehicular traffic, provision of emergency services, sewerage disposal, availability of potable water, adequate surface water run-off, and the preservation of natural, historical or cultural features that contribute to the attractiveness of the community.
- (6) All proposed land developments and all subdivisions lots will have adequate and permanent physical access to a public street. Lot frontage on a public street without physical access shall not be considered compliance with this requirement.
- (7) The proposed development will not result in the creation of individual lots with any physical constraints to development that building on those lots according to pertinent regulations and building standards would be impracticable, unless created only as permanent open space or permanently reserved for a public purpose on the approved, recorded plans.

# Sec. 28-367. - Criteria for denial.

The local review-board may deny the request for any of the following reasons:

- (1) The town has an approved affordable housing plan and is meeting housing needs, and the proposal is inconsistent with the affordable housing plan. In this section meeting housing needs means adoption of the implementation program of an approved affordable housing plan and the absence of unreasonable denial of applications that are made pursuant to an approved affordable housing plan in order to accomplish the purposes and expectations of the approved affordable housing plan.
- (2) The proposal is not consistent with local needs, including, but not limited to, the needs identified in an approved comprehensive plan, and/or local zoning ordinances and procedures promulgated in conformance with the comprehensive plan. Local zoning and land use ordinances, requirements, or regulations are consistent with local needs when imposed by the town council after comprehensive hearing, and, the town either has existing low or moderate income housing units in excess of ten percent of the year round housing units reported in the latest decennial census of the town, or the town has promulgated zoning or land use ordinances, requirements, and regulations to implement a comprehensive plan which has been adopted and approved pursuant to state law, and the housing element of the comprehensive plan provides for low and moderate income housing in excess of ten percent of the year-round housing units.
- (3) The proposal is not in conformance with the comprehensive plan.
- (4) The town has met or has plans to meet the goal of ten percent of the year round units being low and moderate income housing.
- (5) Concerns for the environment and the health and safety of current residents have not been adequately addressed.

In the case of a denial, if the applicant fails to meet one or more of the criteria for approval, where applicable, then the local review board shall make negative findings on those provisions as part of its decision.

## Sec. 28-368. - Voting and appeal.

All decisions on comprehensive permits shall be by majority vote of the membership of the local review board and may be appealed by the applicant to the state housing appeals board. Any person aggrieved by the issuance of an approval may appeal to the Rhode Island Supreme Court.

#### Sec. 28-369. - Expiration of approval and construction.

A comprehensive permit shall expire unless construction is started within 12 months and completed within 60 months of final plan approval unless a longer and/or phased period for development is agreed to by the local review board and the applicant. Low and moderate income housing units shall be built and occupied prior to, or simultaneous with the construction and occupancy of market rate units.

# Sec. 28-370. - Inclusionary zoning.

(a) Applicability. This section shall apply to all subdivisions of five or more units and all land development projects including new development and redevelopment of existing buildings, with five or more dwelling units, as classified under Bristol's Zoning Ordinance and Subdivision and Development Review Regulations.

When a subdivision or land development project that creates fewer than five new dwelling units is approved on a portion of a parcel of land, leaving another portion of the same parcel undeveloped, the portion left undeveloped shall not be subdivided or developed for residential use unless the undeveloped portion is subject to the inclusionary requirements of this chapter. The number of inclusionary units required in the later development shall be calculated as if the earlier development were part of it. This provision does not apply when an entire parcel receives master plan approval and is developed in phases.

- (b) Affordability requirement. For all applicable projects as defined in subsection 28-370(a), at least 20 percent of the units on site must qualify as affordable housing, as defined by this article. Fractions of a lot or dwelling unit shall be rounded up to the nearest whole number.
- (c) Design and building requirements.
- (1) All inclusionary units provided within a development shall:
- a. Be reasonably dispersed throughout the development.
- b. Be indistinguishable in appearance of quality of construction from the other units in the development.
- c. Contain a mix of bedrooms, up to and including three bedroom units.
- d. Be compatible in architectural style to the market rate units within the project.
- e. Be built and occupied prior to, or simultaneous with the construction and occupancy of any market rate units.

- f. Where affordable housing units are proposed in the Metacom mixed use zone, these units shall not be located in a separate structure and must be located on the upper floors with commercial uses on the first floors.
- (2) Any existing dwelling units proposed to be counted as inclusionary units must be in full compliance with all applicable construction and occupancy codes, and shall be sufficiently maintained or rehabilitated so that all major systems meet standards comparable to new construction.

#### (d) Incentives.

"Infeasible" means any condition brought about by any single factor or combination of factors, as a result of limitations imposed on the development by conditions attached to the approval of the comprehensive permit, to the extent that it makes it financially or logistically impracticable for any applicant to proceed in building or operating low- or moderate-income housing, within the limitations set by the subsidizing agency of government or local review board, on the size or character of the development, on the amount or nature of the subsidy, or on the tenants, rentals, and income permissible, and without substantially changing the rent levels and unit sizes proposed by the applicant.

"Letter of eligibility" means a letter issued by the Rhode Island housing and mortgage finance corporation in accordance with RIGL §42-55-5.3(a).

- b. Major changes, as defined in the local regulations, to the plans approved at preliminary plan may be approved only by the local review board and must follow the same review and public hearing process required for approval of preliminary plans.

#### 1.6 Required findings.

- a. Required findings for approval. In approving a preliminary plan application for a comprehensive permit, the local review board shall make positive findings, supported by legally competent evidence on the record which discloses the nature and character of the observations upon which the fact finders acted, on each of the following standard provisions, where applicable:
- 1. The proposed development is consistent with local needs as identified in the comprehensive plan with particular emphasis on the affordable housing plan and/or has satisfactorily addressed the issues where there may be inconsistencies.
- 2. The proposed development is in compliance with the standards and provisions of the zoning ordinance and subdivision regulations, and/or where adjustments are requested by the applicant, that local concerns that have been affected by the relief granted do not outweigh the state and local need for low- and moderate-income housing.
- 3. All low- and moderate-income housing units proposed are integrated throughout the development; are compatible in scale and architectural style to the market rate units within the project; and will be built and occupied prior to, or simultaneous with the construction and occupancy of any market rate units.
- 4. There will be no significant negative impacts on the health and safety of current or future residents of the community, in areas including but not limited to, safe circulation of pedestrian and vehicular traffic, provision of emergency services, sewerage disposal, availability of potable water, adequate surface water runoff, and the preservation of natural, historical, or cultural features that contribute to the attractiveness of the community.
- 5. All proposed land development and all subdivision lots will have adequate and permanent physical access to a public street.
- 6. The proposed development will not result in the creation of individual lots with any physical constraints to development that building on those lots according to pertinent regulations and building standards would be impracticable, unless created only as permanent open space or permanently reserved for a public purpose on the approved, recorded plans.

- b. Required findings for denial. In reviewing the comprehensive permit request, the local review board may deny the request for any of the following reasons:
- 1. The town has an approved affordable housing plan and is meeting housing needs, and the proposal is inconsistent with the affordable housing plan; provided that, the local review board also finds that the municipality has made significant progress in implementing the housing plan;
- 2. The proposal is not consistent with local needs, including, but not limited to, the needs identified in an approved comprehensive plan, and/or local zoning ordinance and procedures promulgated in conformance with the comprehensive plan;
- 3. The proposal is not in conformance with the comprehensive plan;
- 4. The community has met or has plans to meet the goal of ten percent (10%) of the year-round units being low- and moderate-income housing provided that, the local review board also finds that the community has achieved or has made significant progress towards meeting the goals of the affordable housing plan; or
- 5. Concerns for the environment and the health and safety of current residents have not been adequately addressed.
- c. Infeasibility of Conditions of Approval. The burden is on the applicant to show, by competent evidence before the local review board, that proposed conditions of approval are infeasible, as defined in R.I. Gen. Laws § 45-53-3. Upon request, the applicant shall be provided a reasonable opportunity to respond to such proposed conditions prior to a final vote on the application.

- c. A town approved monitoring service agreement with a qualified organization.
- 1.3. Off-site option.
- a. <u>Off-site options</u>. The planning board, at its sole discretion, may allow an applicant of an inclusionary zoning project to comply with the requirements of this section by

constructing inclusionary units on a site other than that which the project is located. The following may be required by the planning board for such off-site construction.

- 1. Off-site rehabilitation of affordable units in existing buildings.
- 2. Off-site construction of affordable units.
- b. <u>Conditions</u>. Provisions of off-site inclusionary units shall be subject to the following conditions:
  - 1. Off-site inclusionary units shall have a certificate of occupancy prior to, or simultaneous with, the occupancy of market-rate units.
  - 2. New off-site units shall be compatible in architectural style to the existing units in the surrounding neighborhood in which they are being constructed.
  - 3. Renovated off-site units shall be in full compliance with all applicable construction and occupancy codes and shall be sufficiently maintained or rehabilitated so that all major systems meet standards comparable to new construction.

#### 1.4. Incentives.

a. <u>Density bonus</u>. The number of housing units allowable on the site or sites involved shall be increased to two market rate units for each affordable unit and the minimum lot area per dwelling unit normally required in the applicable zoning district shall be reduced by that amount necessary to accommodate the development.

- a. The developer may choose the option to pay a fee in-lieu of the construction of provision of affordable housing. In the event the developer chooses this option, the following shall be required:
  - 1. The application is not eligible for administrative review under the Rhode Island Land Development and Subdivision Review Enabling Act of 1992, codified at §§ 45-23-25 45-23-74.
  - 2. The application is not eligible for the density bonus outlined in this section.
- b. Amount of fee in-lieu. For affordable single-family homes and condominium units, the per-unit fee shall be the difference between the maximum affordable sales price for a family of four (4) earning eight percent (80%) of the area median income as determined

Only A maximum of five active members, which may include alternates, shall be entitled to vote on any issue.
- (2) The concurring vote of three of the five a majority of members of the board sitting at a hearing shall be necessary to reverse any order, requirement, decision or determination of the historic district commission, the planning board, or any administrative officer or agency from whom an appeal was taken.
- (3) The concurring vote of four of the five a majority of members of the board sitting at a hearing shall be required to decide in favor of an applicant on any matter within the discretion of the

Section 45-24-46.1(e) provides that all in-lieu payments not allocated within three years of collection, including fees held as of July 1, 2024, shall transfer to RI Housing. Additionally, the municipality must pass by ordinance (best place in general code) the process it will use to allocate the funds.

board upon which it is required to pass under this chapter, including variances and special use permits.

#### Sec. 28-409. Variances and special use permits.

- (c) Standards for relief. The following shall be standards for relief:
- (1) Variance. In granting a variance, the board shall require that evidence to the satisfaction of the following standards be entered into the record of the proceedings:
- a. That the hardship from which the applicant seeks relief is due to the unique characteristics of the subject land or structure and not to the general characteristics of the surrounding area, and not due to an economic disability of the applicant;
- b. That such hardship is not the result of any prior action of the applicant and does not result primarily from the desire of the applicant to realize greater financial gain;
- c. That the granting of the requested variance will not alter the general characteristic of the surrounding area or impair the intent or purpose of this chapter or the comprehensive plan of the town;

#### d. That the relief to be granted is the least relief necessary;

- e <u>d</u>. The board shall, in addition to the above standards, require that evidence be entered into the record of the proceedings showing that:
- 1. In granting a use variance, the subject land or structure cannot yield any beneficial use if it is required to conform to the provisions of this chapter. Nonconforming use of neighboring land or structures in the same district and permitted use of land or structures in an adjacent district shall not be considered grounds for granting a use variance; and
- 2. In granting a dimensional variance, that the hardship that will be suffered by the owner of the subject property if the dimensional variance is not granted shall amount to more than a mere inconvenience, meaning that relief sought is minimal to a reasonable enjoyment of the permitted use to which the property is proposed to be devoted. The fact that a use may be more profitable or that a structure may be more valuable after the relief is granted shall not be grounds for relief.

#### Add the following:

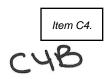

#### Sec. 28-414. Unified development review.

- a. <u>Unified development review established. There shall be unified development review for the issuance of variances and special use permits for properties undergoing review by development plan review and/or land development or subdivision review.</u>

- d. In reviewing requests for special use permits the planning board shall be bound to the conditions and procedures under which a special use permit may be issued and the criteria for the issuance of such permits, as found within the zoning ordinance at Sec. 28-409(c)(2), and shall be required to provide for the recording of findings of fact and written decisions as described in the zoning ordinance pursuant to Sec. 28-408(i).
- e. Appeals. An appeal from any decision made pursuant to this section may be taken pursuant to RIGL 45-23-71.

CANA CITARS OLIVE

I have reviewed the above petitions and have no objections to the request. The Bristol Golf Park property is located within the Open Space (OS) zoning district; and a golf course is a permitted use in the OS zone. The limited sale of liquor, if it is associated with the golf course use, is considered accessory and incidental to the principal use of the property as a golf course.

Thank you for the opportunity to comment.

Leo's was first opened in 1948 by Pantaleone (Leo) Mancieri and his wife Virginia (Nonni), who immigrated to the United States from Italy. Established mainly as a pizzeria in the State Street section of Bristol, the restaurant quickly gained a local following and became a popular eatery. In the years after World War II, Leo's served as a popular lunch destination for workers and families alike. Leo and Virginia, along with sons Mario and Reno, worked tirelessly to produce great fresh Italian favorites and create a friendly environment for their customers.

The original Leo's remained open until 1976 when the family decided to close after Leo passes away, and in the year 2000 Leo's grandson, Paul Mancieri, relocated to 365 Hope Street in the heart of historic downtown Bristol. Paul and his wife Adriana pride themselves on bringing back the spirit and the recipes of the pizzeria ran by Leo and Nonni. Welcome to Leo's Ristorante! Enjoy our family recipes, preserved for three generations and plated with care and love by Paul, Adriana and their staff.

Prices do not include sales taxes. Prices subject to changes. Substitutions may result in an upcharge. A 20% gratuity may be added to parties of six or more.

# **APPETIZERS**

MINI SALMON CAKES - 20

Fresh salmon, parsley, bread crumbs, and just a touch of mayo hold these cakes together. Pan-seared and served with a sriracha lemon aioli sauce

### SWEET CURRIED MUSSELS - 18

Steamed mussels tossed with sautéed shallots and red bell peppers are added to a broth using grade A pure maple syrup, heavy cream, and aromatic yellow curry. The perfect fusion of briny mussels, sweet maple syrup, and rich flavorful yellow curry, this sauce is genuinely bread-worthy.

# **ENTRÉES**

# APPLE CIDER GLAZED SALMON - 32

We start by pan-searing fresh Atlantic salmon in a sweet, but tart apple cider balsamic reduction served on a creamy cloud of mashed sweet potatoes. Accompany this sacchariferous duo is our apple slaw, a blend of juicy granny smith apples, celery, shaved fennel, and red onions tossed in a simple lemon vinaigrette, champagne vinegar, olive oil, and fresh squeezed lemon juice, the perfect match to our sweet cider glazed salmon.

#### STUFFED FILET OF SOLE - 40

### Petition Review-Intoxicating Beverage License renewals 2023-2024:

I have reviewed the requests for Intoxicating Beverage License renewals for the listed establishments. The following issue was noted while checking our in-house records for each establishment:

- The Nest, 29 State St. was advertising on their Facebook page a free shot of alcohol with any beverage purchase between the hours of 1500-1800 on 07-16-23. This was found to be a violation of:
  - RIGL 3-7-26(b) No licensee shall advertise or promote in any manner, or in any medium, happy hours, open bars, two-for-one nights and/or free drink specials.

This posting was removed by the bar manager, Edmund Woods, and the event was cancelled prior to start time. Refer to 23-978-OF. Further action should be considered if additional reports are taken.

There is no known reason for denial of any of the remaining renewals provided that all laws and ordinances governing this practice are followed.

Respectfully Submitted,

Lt. Roman Wozny

RE:

Intoxicating Beverage License Renewals - 2023-2024

Concerning the renewal of intoxicating beverage licenses, my department has no objections to the businesses on the attached list, except for the businesses listed below. These businesses have yet to reapply and pay for their Wastewater Discharge Permits. The previous permits expired on October 31st, 2023 and these businesses are operating without a valid permit. A third attempt to contact the owners for payment will be made this week; if we are unsuccessful we will turn the matter over to the Town Solicitor.

Below, please find the following businesses that have conditional approvals pending their fulfillment of obligations to pay for the renewal of their Wastewater Discharge Permits:

Brick Pizza Co, 500 Wood St. Unit 211 (Jordan Sawyer)
Bristol Oyster Bar (East Bay Restaurant Group), 448 Hope St. (Jordan Sawyer)
Café Central, 173 Bradford St. (Fernando Alfonso)
Qhali Restaurant, 34 Gooding Ave. (Alicia Saldana)
Roberto's (Vanderhoof, Inc.), 450 Hope St. (Richard Corrente)
The Beehive Café (Scooter Hospitality), 10 Franklin St. (Sherry Scott)

Thank you for your support and consideration.

RE:

Victualling License Renewals - 2023-2024

Concerning the renewal of victualling licenses, my department has no objections to the businesses on the attached list, except the businesses listed below. These businesses have yet to re-apply and pay for their Wastewater Discharge Permits. The previous permits expired on October 31st, 2023 and these businesses are operating without a valid permit. A third attempt to contact the owners for payment will be made this week; if we are unsuccessful we will turn the matter over to the Town Solicitor.

Below, please find the following businesses that have conditional approvals pending their fulfillment of obligations to pay for the renewal of their Wastewater Discharge Permits:

Bunker Bistro + PX, 490 Metacom Avenue (Vincent Acciardo) – Under R.I. Veteran's Home Permit Classic Pizza, 349 Metacom Avenue (Vatche Avedissian) East Bay Fish Company, 465 Wood Street (Erica L. Pacheco) Super Stop & Shop No. 773, 605 Metacom Avenue (Suzanne Kester)

Thank you for your support and consideration.

TOWN COUNCIL NOV 1 5 2023 MEETING November 7, 2023

Dear Melissa and To the Members of the Town Council,

Please accept my resignation as a Second Alternate BOARD MEMBER to the Bristol Zoning Board effective December 31, 2023.

It has been an honor and a unique privilege to serve on this board for almost four years. I leave for no other reason than my need to focus on the priority of running my business. Should I find myself with time again to be of service, I would welcome another opportunity to do so.

I highly recommend Myra Page as a respected and very knowledgeable potential candidate. She would be an asset to any board and would add a depth of experience from serving on previous boards. I hope you will consider her as a strong candidate to replace me.

Thank you for your belief in my appointment and I hope I have not only met, but exceeded your expectations as someone who relishes in opportunities to be part of any behind-the-scenes mechanics of our beautiful town of Bristol.

Most Sincerely,

Alayne White

## About the Citizens Police Academy

The Citizens Police Academy is a ten (10) week program designed to give participants an inside look at local law enforcement. During the Academy students will be introduced to a variety of topics that will give them an overview of the Bristol Police Department's functions and operational procedures.

Academy classes are presented by the men and women of the Police Department. Participants may have the opportunity to meet with the Chief of Police and various other staff members. Students are encouraged to ask questions and express ideas and concerns.

Classes are held on Thursdays from 6-8pm.

For additional information please contact Sgt. Ricardo Mourato at (401) 253-2105 or email: rmourato@bristolri.gov.

You may also visit our website at:https://www.bristolri.gov/departments/police/ for information or a downloadable application.

## What will I learn?

- Accreditation
- Use of Force
- Taser/OC/Bolo Wrap

- Patrol Functions/Traffic Enforcement/DUI
- Criminal Law/Criminal Procedure

Citizens who live or work in the Town of Bristol will be given first preference. However, we also encourage citizens who do not fall within the above categories and have an interest in law enforcement, to apply.

A criminal record and driving status is checked on each applicant. The Bristol Police Department reserves the right to deny acceptance to persons with a criminal history.

When the Town Council reviewed the list of CDBG Proposals earlier this year, we inadvertently omitted the housing-related proposals.

These proposals are for the ongoing Home Repair Program with locations and amounts to be determined based on the specific needs; and the Bristol Housing Authority proposal for bathroom renovations in the amount of \$500,000.

It is requested that the Town Council authorize the Town Administrator to submit the CDBG Grant application for these proposals.

Re: Permission to apply for grant – Matching funds

The Department of Bristol Parks and Recreation would like permission to apply for Grant funding from the RI DEM, this would require matching funds if successful.

The RI DEM grant awards are on an every other year cycle, I would like permission to submit in 2 different categories.

**Small Grant Award** – this would require a 20% match, the maximum amount to request is \$100,000 (\$125K, total project) would like to submit for Coelho Park, We could repair basketball court and replace playground there.

Large Recreation Grant Award- this would require a 20% match, the maximum amount to request is \$400,000 (\$500K, total project) with CDBG doing drainage improvements on the Town Common and the playground being in their scope of work, I would like to submit an application to replace the playground as well possibly install a vaulted bathroom system on the outside of the tennis/pickleball court and install some "Big Belly" solar operated compacting trash receptacles.

# Tri-Town Monthly Report To Bristol, Barrington & Warren Town Councils

# Summary of Notable Activities and Reports from the 10/26/2023 BCWA Board of Directors Meeting

For detailed information on any of these subjects presented herein, please go to the BCWA website at www.bcwari.com. Minutes and videos of all Board meetings are archived on the website.

- 1. Pension Status Report: Our Pension Plan financial consultants, Nyhart, provided its annual report presentation to the Board on the status of the BCWA Employee pension. The plan funded status has increased from 80.0% to 88.4%. The plan's investment increased its market value by 11.6%, well above the target of 7.50%.
- 2. Connection to the Pawtucket Water Supply System Project: The design is about 60% complete at this point. A water quality report is under review by the RIDOH. A revised draft contract with the Pawtucket Water Supply Board has been sent to the PaWSB for their review. A meeting was held with the USGS regarding their flow gauge station that is in the vicinity of the proposed pipeline.

Some investigative geotechnical work is planned for late November – early December to support the design of the river crossings. Coordination continues with property owners regarding impacts of the project.

- 3. Demolition of the Treatment Plant: The demolition of the exterior treatment plant structures is complete with minor punch list items to be addressed. Phase II demolition of the buildings is planned for next year. Due to the recent rain, restoration of the site has been delayed.
- 4. Upper and Lower Kickemuit Dams Removal Project: Our contractor, Lucianos Excavation, has mobilized and has started work. There have been quite dramatic changes in the site already. Excavation of the actual dam may have started by the time this report is published.

On October 6, Senators Reed and Whitehouse, along with Congressman Magaziner, announced the EPA Southeast New England Program (SNEP) grant awards in Providence. BCWA was the recipient of a \$600,000 grant from this program for the Dam Removal Project. To date, BCWA has secured over \$3.4 million for this project.

The SNEP program noted above is committed to ensuring that by 2050, our New England region will develop 1) resilient ecosystems of safe and healthy waters, 2) thriving watersheds and natural lands, and 3) sustainable communities that are well-adapted to the anticipated effects of climate change.

- 5. Administration Building Roof: A&M Sheetmetal & Roofing has completed the roofing portions of this project. Only minor metal works (such as gutters and downspouts) remain to be done.
- 6. **Hydrant Flushing:** The fall hydrant flushing program has been completed. Operation staff will now be focused on additional repairs (some of which were identified during the flushing activity).
- 7. Hope Street Pumping Station: "Hope springs eternal." Despite all the equipment and supply delivery issues that has plagued this project, there has been some encouraging information coming from the manufacturers. Progress may be seen soon.
- 8. Distribution System Projects:
  - a. A more detailed description on these projects can be found at <u>bcwari.com/2023-water-distribution-system-improvement-program/</u>
  - b. Work in Bristol is now underway and expected to be completed on schedule in the Monkey Wrench/Low Lane area.
  - c. Once projects underway are completed, BCWA will have replaced 2,100 feet of old water mains and cleaned and cement-lined 9,500 feet of tuberculated cast iron mains for a total of **over two miles of improved infrastructure this year!**
- **9. Water Purchases:** During the month of September, water purchases were lower than last year but close to the seasonal average.
- **10.Cyber-Security:** The BCWA has an active cyber-security program that includes the training of staff. For example, the BCWA has implemented a two-pronged security strategy for e-mail to prevent or minimize phishing schemes and potential data access.
- 11. Next Meeting: Due to budget preparation and the holiday season, there will be no November meeting of the board. The December meeting will be held early on Wednesday, December 6. A Finance Committee meeting will be held on November 15.

As noted herein, for detailed information on any of these subjects presented herein, please go to the BCWA website at www.bcwari.com. Minutes and videos of all Board meetings are archived on the website.

Have a Happy Thanksgiving!

Respectfully submitted,

Juan Mariscal, Chairman, BCWA

From:

Melissa Cordeiro, Council Clerk

Subject: Call for Representatives to serve on the Bristol 250th Semi-quincentennial

Commission

I hope this memo finds you well. I am writing to bring to your attention the Bristol Town Council's request for the appointment of one representative from each of the respected organization to serve on the newly established Bristol 250th Semi-quincentennial Commission. This commission has been formed in commemoration of Bristol's rich history and upcoming milestone celebration.

The Bristol 250th Semi-quincentennial Commission will be responsible for organizing and overseeing the various events and initiatives to mark this significant occasion in our town's history. The council believes that the diverse perspectives and expertise of representatives from different organizations will greatly enrich the commission's ability to plan and execute a memorable and inclusive celebration.

In selecting the representative from your respected organization, institute, or community group, please consider recommending an individual who is not only well-versed in the interests and objectives of your organization but is also passionate about celebrating our heritage and dedicated to commemorating the 250th anniversary of events throughout history that have shaped the ideals of freedom, equality, and independence in our country.

In light of this, I kindly ask that the Chairperson/Representative send a formal recommendation (or complete the enclosed recommendation) of the chosen member to the Clerk's Office, for final appointment by the Council. The recommendation should

include the representative's full name, address, phone number, and email address, along with a brief description outlining the reasons why they have been selected to represent your organization, institute, or community group on this esteemed commission.

Please communicate this request to your respective organization and encourage them to consider participating in this prestigious opportunity. Their involvement will not only contribute to the success of the commemorative events but also showcase the collaborative spirit of our community.

If you have any questions or require further information, please do not hesitate to contact me directly.

Thank you for your attention to this matter and for your continued support in making Bristol's 250th Semi quincentennial a momentous occasion for all.

Sincerely,

Melissa Cordeiro

# II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

# 3. The Amount in Controversy

The amount in controversy—the amount the plaintiff claims the defendant owes or the amount at stake—is more than \$75,000, not counting interest and costs of court, because (explain):

Defendants caused me not to be able to sign up for the bar exam. I was home less than 24 hours after leaving Charlotte Hungerford Hospital in Torrington Connecticut. The defendants have caused me to lose income as I was a delivery driver. Damages are 101,000 dollars. I lived right next to Rebekkah Stoeckler who is a judicial clerk. I lost the respect of multiple clerks this day and thus it may have caused me to lose Smith I and II 21cv133 and 21cv190.

### III. Statement of Claim

Write a short and plain statement of the claim. Do not make legal arguments. State as briefly as possible the facts showing that each plaintiff is entitled to the damages or other relief sought. State how each defendant was involved and what each defendant did that caused the plaintiff harm or violated the plaintiff's rights, including the dates and places of that involvement or conduct. If more than one claim is asserted, number each claim and write a short and plain statement of each claim in a separate paragraph. Attach additional pages if needed. Defendants dispatched John Doe Officer to my apartment after only calling the non emergency line of the bristol police at worst. John Doe Officer along with John Doe officer 2 placed Plaintiff in handcuffs and then threw him up against the refrigerator in his apartment. John Doe officer 1 illegally searched Plaintiff and took out correspondence from the Rhode Island District court pertaining to "Smith III" as Nixon peabody used to call it. (21cv202). Afterwards as Smith was in the ambulance John Doe officer 1 then claimed my door was wide open and he went bak inside to do an illegal search. John Doe 1 lied that Plaintiff was smoking "K2". I can prove that it was recreational marijuana from Northeast Alternatives not K2. This falsity caused me to be sectioned.

# IV. Relief

State briefly and precisely what damages or other relief the plaintiff asks the court to order. Do not make legal arguments. Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include any punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages.

Fire John Doe officer 1. John Doe officer 1 caused me to be subjected to physical harm at Newport Hospital and that physical harm led the hospital to then section me due to "behavioral issues. Again Plaintiff was home for less than 6 hours after leaving the hospital in Torrington, Connecticut. Defendants also may have tapped Plaintiff's phone since he heard the words "David Cicciline, David Cicilline" several times while on the phone. Defendants should pay Smith the amount due to him to the average first year associate or attorney in Massachusetts. Plaintiff also could not grieve properly as his father died while he was at Charlotte Hungerford in Torrington and he was only home for a few hours before being hospitalized again. All Plaintiff did was go to CVS to get his prescriptions

and then went to Lukes Inn to buy Chinese Food and get a free bottle of Wine. Smith was grieving his father's death while looking up famous Jrs as he noticed Judge McConnell and JudgeBbarbadoro (I think) were both juniors. Plaintiff was looking at great performances by athletes after the death of their father or grandfather and noticed that Youtube had the wrong video of Patrick Beverly's performance after his grandfather died. Plaintiff never drinks and had a whole bottle of wine. Plaintiff was drunk but that was no reason to attack Plaintiff and barge into his home. This happened on or around May 30th 2021.

# INSTRUCTIONS FOR ATTORNEYS COMPLETING CIVIL COVER SHEET FORM JS 44

Authority For Civil Cover Sheet

The JS 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved by the Judicial Conference of the United States in September 1974, is required for the use of the Clerk of Court for the purpose of initiating the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

- **I.(a)** Plaintiffs-Defendants. Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.
  - (b) County of Residence. For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the "defendant" is the location of the tract of land involved.)
- (c) Attorneys. Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section "(see attachment)".
- II. Jurisdiction. The basis of jurisdiction is set forth under Rule 8(a), F.R.Cv.P., which requires that jurisdictions be shown in pleadings. Place an "X" in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.

  United States plaintiff. (1) Jurisdiction based on 28 U.S.C. 1345 and 1348. Suits by agencies and officers of the United States are included here. United States defendant. (2) When the plaintiff is suing the United States, its officers or agencies, place an "X" in this box. Federal question. (3) This refers to suits under 28 U.S.C. 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.

  Diversity of citizenship. (4) This refers to suits under 28 U.S.C. 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; NOTE: federal question actions take precedence over diversity cases.)
- III. Residence (citizenship) of Principal Parties. This section of the JS 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.
- IV. Nature of Suit. Place an "X" in the appropriate box. If there are multiple nature of suit codes associated with the case, pick the nature of suit code that is most applicable. Click here for: <u>Nature of Suit Code Descriptions</u>.
- V. Origin. Place an "X" in one of the seven boxes.
  - Original Proceedings. (1) Cases which originate in the United States district courts.

Removed from State Court. (2) Proceedings initiated in state courts may be removed to the district courts under Title 28 U.S.C., Section 1441.

Remanded from Appellate Court. (3) Check this box for cases remanded to the district court for further action. Use the date of remand as the filing date.

Reinstated or Reopened. (4) Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date. Transferred from Another District. (5) For cases transferred under Title 28 U.S.C. Section 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.

Multidistrict Litigation – Direct File. (8) Check this box when a multidistrict case is filed in the same district as the Master MDL docket.

PLEASE NOTE THAT THERE IS NOT AN ORIGIN CODE 7. Origin Code 7 was used for historical records and is no longer relevant due to changes in statute.

- VI. Cause of Action. Report the civil statute directly related to the cause of action and give a brief description of the cause. Do not cite jurisdictional statutes unless diversity. Example: U.S. Civil Statute: 47 USC 553 Brief Description: Unauthorized reception of cable service.
- VII. Requested in Complaint. Class Action. Place an "X" in this box if you are filing a class action under Rule 23, F.R.Cv.P. Demand. In this space enter the actual dollar amount being demanded or indicate other demand, such as a preliminary injunction. Jury Demand. State of Rhode Island and Providence Plantations

# PETITION TO THE TOWN COUNCIL

# PERSONAL INJURY

TO THE HONORABLE TOWN COUNCIL OF THE TOWN OF BRISTOL:

The undersigned respectfully petitions your honorable body for compensation for injuries and damages sustained:

7073 NOV 13 PM 12: 08

HOWN OLEK'S GFICE

On or about October 31, 2021, Michael Brum (Brum), an resident of Bristol, RI, was beaten severely by officers of the Bristol Police Department (see attached pictures). At approximately 9:30 p.m., two (2) officers arrived at his residence where they state Brum was lying on the sidewalk and was yelling (see attached documentation from the Bristol Police Department. As they left they stated that "male is walking back to his residence at this time. No issue" (emphasis added). The police never stated that there was a physical altercation. They also reported no injuries to Brum. At approximately 11:00pm, Bristol Fire Department EMS arrived at the residence of Brum. The EMS report (see attached EMS report) states that the Bristol police officers were present and reported that Brum hit his head while they were wrestling him to the ground and "pt accidentally hit his head on the ground" which created the injuries. Brum told the EMS that the police "smashed his head on the ground" which created the injuries. The Bristol Police Department report never mentioned the injuries to Brum, never mentioned that they had to wrestle him to the ground, and in fact, stated that Brum walked back to his residence without any issue.

For purposes of this Petition, we are treating this as a negligence claim. However, if this cannot be resolved at this level and suit is filed in Providence Superior Court, we will be claiming an intentional act by the police. At that point, we will be filing a Civil Rights action and will be seeking punitive damages, costs, interest, and legal fees. We will also be requesting damages far greater than the amount claimed in this Petition. We have also included the latest medical records for Blum

Due to the direct and proximate result of Bristol Police Department's and the Town of Bristol's negligence, Brum has sustained severe physical injuries and mental anguish and incurred expenses for medical attention for treatment of injuries to themselves due to said negligence. The Town of Bristol owed, and still owes, a duty of reasonable care of all employees, including the Bristol Police Department. Also, the Police were reckless, negligent, and careless in the administration of their duties in resolving their interaction with Blum and used excessive force. In addition, the Town of Bristol failed to maintain proper supervision of it employees.

TOWN COUNCIL
NOV 15 2023
MEETING

Notice of said injuries are hereby given in accordance with the General Laws of the State of Rhode Island.

WHEREFORE, petitioner demands judgment against the Bristol Police Department and the Town of Bristol, in the amount of One Hundred Thousand Dollars (\$100,000). As mentioned above, if this cannot be resolved at this point, we will be filing a Civil Rights action and will be seeking punitive damages, costs, and legal fees. At that point, we will be asking a jury for damages in the amount of One Million Dollars (\$1,000,000) plus interest, costs, and legal fees.

By Petitioners' Attorney,
