# CRIME CONTROL COMMUNICATION

---

**DATE** February 28, 2024

**FROM:** Kirk Riggs, Chief of Police

**AGENDA ITEM:** Discuss and consider approval of a Budget Amendment for Fiscal Year 2023-2024 for Vehicle Maintenance in an amount not to exceed \$16,000.

---

**SUMMARY:**

The Bartonville Police Department currently operates three patrol vehicles in its fleet. Among them, Unit 996 is a 2018 Chevrolet Tahoe. Recently, this vehicle experienced issues including a check engine light and idling problems, prompting a visit to Christian Brothers Automotive for diagnosis. The inspection revealed metal shards in the oil, which had circulated throughout the engine manifold. With this information, the recommendation was to either replace the entire engine and fuel injectors or scrap the vehicle altogether.

Due the long nationwide wait time for new police vehicles—ranging from 8 to 14 months because of COVID-19 pandemic and labor strikes at factories—combined with the size of the current fleet, the decision was made to opt for engine replacement rather than scrapping the unit. The new engine will reset the engine hours and is covered under a warranty for 100,000 miles.

**FISCAL INFORMATION:**

Budgeted: NO

Amount: \$15,369.92

**ATTACHMENTS:**

1. Invoice for engine replacement.
2. Invoice for fuel injector replacement.

## TERMS

**SCOPE:** This Plan does not extend a vehicle manufacturer's warranty and will take effect after the OEM warranty expires. However, BG Products, Inc., will pay your deductible amount under any extended service contract purchased by you. It is subject to the terms and conditions contained herein. Only Plan 2 takes effect 1,000 miles (1,600 km) after the first BG service(s) has been performed by a professional technician. A grace period of 500 miles (800 km) will be extended in order to stay within service interval compliance, including initial service of Plan 2 only.

**COVERED:** Payment of claims under this Plan is limited to the labor time necessary to make repairs or to replace any irreparably damaged parts as allocated by ProDemand® or other industry accepted flat rate guide, multiplied by the commercial repair shop's hourly labor rate, plus the reasonable cost of replaced parts of like kind and quality at the administrator's discretion.

**CONDITIONS AND EXCLUSIONS:** If the vehicle odometer has been changed or altered, or if the odometer has ceased to function, coverage under the terms of this Plan is not in effect. This Plan covers only legally registered passenger cars, vans, SUVs, and pick-up trucks with a GVW of 14,000 pounds (6,300 kg) or less. Motorcycles, RVs, and vehicles with more than two axles are excluded. Vehicles used for competitive purposes are excluded. Vehicle repairs included in a NHTSA or manufacturer-issued recall, TSB, or vehicles with known manufacturer issues will not be covered by this Plan. This Plan excludes in-house maintenance/repair facilities. In the case of a leased vehicle, the lessee must be primarily obligated for repairs and maintenance. If the covered vehicle is used for towing a trailer or other vehicle or object, this Plan is not in effect unless the covered vehicle is equipped with factory-installed tow package. Any claim resulting from collision, fire, theft, vandalism, contamination of fluids, acts of God, misuse, abuse, negligence, damage caused by operation during component failure, aftermarket modification which affects the component specified in the claim, or lack of normal maintenance required by vehicle manufacturer renders this Plan null and void. Pre-existing conditions and damage to system components prior to the service are excluded and may be verified through independent parts analysis at the discretion of BG Products, Inc. Also excluded are "Washed," "Branded," Salvage or Junk titled vehicles and services performed as a demonstration or as complimentary services. Failure to furnish all necessary records will render this Plan null and void. This is a retail service customer retention program.

**CLAIMS AND REPAIR PROCEDURES:** In the event of a claim and prior to beginning any repairs, the Repair Facility MUST submit the following information to and receive claim authorization from Courtesy Claims Management, LLC (CCM):

1. All service repair orders indicating compliance with terms and conditions of this Plan, including BG part numbers, retail prices and labor charges.
2. If necessary, all service repair orders showing compliance with the terms and conditions of previous protection plans or service warranties, (excluding OEM extended warranties) and proof of previous plan.
3. The lease agreement, if the vehicle is leased.
4. A written estimate for repairs, including part numbers, prices and labor hours listed separately.
  - a. Provide a diagnosis and description of the fluid (if relevant).
  - b. If the repair in question has not been fully diagnosed and/or torn down, the Repair Facility must get the customer's authorization to do so and email or fax CCM when a complete diagnosis is available. (Charges for diagnostic procedures and teardown costs are not covered unless they are an integral part of the repair.)
5. We have the right to a third party inspection on any claim submitted and before any repair is completed.

All claims will be closed out within 30 days from initial filing date (paid or unpaid).

One payable claim per service interval, per system, is permitted.

This Plan is transferable if vehicle ownership changes. BG Products, Inc., is not responsible for incidental or consequential damages. It will apply only to vehicles operated in the United States of America, Puerto Rico or Canada. This document may not be modified. The terms and conditions contained herein are subject to change without notice. # CRIME CONTROL COMMUNICATION

---

**DATE** February 28, 2024

**FROM:** Kirk Riggs, Chief of Police

**AGENDA ITEM:** Discuss and consider approval of a Budget Amendment for Fiscal Year 2023-2024 for the replacement of vehicle laptops in an amount not to exceed \$15,000.

---

## **SUMMARY:**

For the past 13 years, the Bartonville Police Department has relied on the Panasonic CF-31 Toughbook as their in-car computers. We have exceeded the factory warranty and have found these computers to be valuable assets. However, in recent years, we have noticed a decline in their quality, leading to GPS issues that pose safety concerns for our officers.

I propose replacing this outdated technology through the Crime Control and Prevention District (CCPD). Utilizing CCPD funds will enable us to purchase and install the equipment in a single transaction. This comprehensive approach will encompass all necessary training and ensure coordinated installation.

Attached is a quote from MooringTech for consideration by the Board per vehicle:

Equipment breakdown:

Panasonic FZ-55 Toughbook- \$2,850.00.
