III. PUBLIC HEARING

A. Call to Order

Called to order by Chairman Jason Lietz at 4:00 P.M.

B. Roll Call

Members Present: Kevin Barker, Richard Martin, Ralph McDonald, Sean Denison, Jason Lietz

Members Absent: None

C. Opening of Hearing and Statement of Purpose of the Hearing-The purpose of the Public Hearing is for the Plan Commission to consider a Special Use Application from Redbud Roots to operate an Adult Use Marihuana Grow Facility at 448 Post Rd., Buchanan MI 49107.

D. Announcement of the Rules of the Hearing

E. Presentation by the Applicant

Applicant states the goal is to change their operation from a medical marijuana grow facility to an adult use grow marijuana facility – this would not change the footprint of the facility. They wish to do this because the medical market has declined following the legalization of recreational use marijuana in Michigan.

Comments heard in favor of the applicant: None.

F. Presentation by the Opposition

Comments heard in opposition of the applicant: Norma Ferris objected to secondhand smoke from people smoking marijuana. It was noted that the Special Use Application does not apply to consumption.

G. Applicant's Rebuttal

The applicant was asked if a change to adult use would result in a larger grow operation and responded that it would in fact reduce their number of plants from 3000 to about 2000. The number of plants is dictated by the class and type of special use permit they have.

H. Closing of Hearing

There being no further business, the public hearing was closed at 4:08 P.M. by Chairman Lietz.

IV. Regular Meeting - Call to Order

Meeting was called to order by Lietz at 4:09 P.M.

V. Pledge of Allegiance

Lietz led in the Pledge Allegiance.

Barker moved, seconded by Denison to approve the May 10, 2022, Minutes.

Denison, Lietz, Barker, McDonald voted in favor

Martin abstained for not being present at the meeting.

Motion carried.

X. Old Business

None.

XI. New Business

A. *Consider Special Use Application from Redbud Roots to operate an Adult Use Class C Grow at 448 Post Rd. Buchanan, MI 49107.*

Murphy spoke to the Planning Commission about the proposed Special Use Application. He's been in regular contact with Redbud Roots about their annual renewals and has been discussing a change to Adult Use since June. Murphy emphasized that the footprint, structure, and resources of the facility will remain the same, and will just operate under a different license. They are found to be in compliance with our zoning ordinance. He recommends approval today.

Motion made by Barker, seconded by Martin to approve special use application as submitted for Red Bud Roots to operate an Adult Use Class C Grown at 448 Post Rd. with accepting the Staff Report as the finding facts, roll call vote carried unanimously.

XII. Public Comment - Non-Agenda Items Only

None.

XIII. Community Development Director Comments

Murphy updated the Planning Commission on the project to update the city's zoning ordinance. The City Commission approved moving forward with working with Placemakers consulting firm on the project. They have since had a public outreach meeting, toured with the consultants, and met with local stakeholders including downtown businesses, members of the Northside neighborhood, and the Buchanan preservation society. The next visit from the team will be in mid-October and is being planned now.

This is one major step in becoming a certified Redevelopment Ready community, which itself opens up new opportunities to things like funding. The City's marketing plan has also been recently submitted and approved and is one of those steps.

XIV. Commissioner Comments

Lietz responded to Norma Ferris's concerns that secondhand marijuana smoke impacts her breathing. He reiterated that there is no odor and no use from these grow facilities. This meeting today was solely about a building in an industrial park, and if she has other concerns with people publicly consuming marijuana they would need to be directed to law enforcement. What was discussed today has no impact on what you breath, it is an enclosed building with a filtration system in an industrial park.

Martin: Reported on the Tree Friends. There was a planting at Ottawa school in the spring and the Middle School has formed a Tree Club that takes care of their trees, even during the summer. One tree at Ottawa was lost due to lack of water but the Tree Friends is aware of that and is helping maintain the rest of the 20 planted trees. They've also requested a grant from the Michigan Community Gateway Foundation for \$3500 for planting trees in the fall. Other members of the community have come forward to form groups to water trees in the area. There are no trees in the industrial park and he'd like to see that changed and will work on contacting the businesses in that area.

McDonald: Reported on Friends of the Trail. Requested Jerry Flenar to provide an annual report. The Trail had a survey done and it was determined that the guardhouse by the Duck Pond belongs to Randy Hendrixson's building and so they removed some material from it. He thanked board members who performed trail maintenance. The issue of ebikes was brought up and the trail will discuss a policy for them. He also wanted to mark the passing of Bill Green, who was a member along with his wife and son. Thanked Murphy and Langston for their attendance and assistance.

Denison and Barker had no comments.

XV. Adjournment

There being no further business, the meeting Barker motioned to adjourned at 4:42 P.M. by, supported by Denison. Voice vote carries unanimously.

Kalla Langston, City Clerk

Jason Lietz, Chairman
