- 1. enforce specific performance causing Lessee to strictly comply with and perform such term, condition or covenant; or
- 2. may, but not be obligated to do so, enter the Premises and perform Lessee's obligations for the account of and at the expense of Lessee. Bills for all amounts paid by Lessor and all losses, costs, and expenses incurred by Lessor in connection with such performance by Lessor pursuant to this clause, including without limitation, all amounts paid and costs and expenses incurred by Lessor for any property, material, labor or services provided, furnished, or rendered or caused to be provided, furnished or rendered by Lessor to Lessee may be sent by Lessor to Lessee monthly or immediately, at Lessor's option, and shall be due and payable by Lessee to Lessor as additional rent within five (5) calendar days after same is sent to Lessee by Lessor; or
- 3. terminate this Lease, without liability, by written notice to Lessee, in which event, the Lease hereby created shall terminate on the thirty (30th) day after such notice is given (the "Termination Date") and Lessee shall within such thirty (30th) day period vacate the Premises and surrender them to Lessor in the state required under this Lease, with Lessor having the right to reenter and repossess the Premises discharged of this Lease and to expel all occupants and to remove all property therefrom.

Upon the occurrence of any default, Lessor may enter and take possession of the Premises by self-help, by picking or changing locks if necessary, and may lock out Lessee or any other person who may be occupying the Premises, until the default is cured, without being liable for damages.

#### ARTICLE 11: DEFAULTS BY LESSOR

Defaults by Lessor are failing, within thirty (30) calendar days after receiving written notice from

Lessee, to comply with any term, condition or covenant set forth in this Lease. In the event that Lessor fails to cure its default within the said thirty (30) calendar days, Lessee may, as Lessee's sole remedy, terminate this Lease.

#### ARTICLE 12: VOLUNTARY TERMINATION

Lessor or Lessee may terminate this Lease, without cause or liability, upon giving one-hundred eighty (180) calendar days written notice to the other party. Upon the termination of this Lease, Lessee will surrender the Premises peaceably to the Lessor and pay Lessor all rental amounts and any other amounts that may be due hereunder as of the date of termination. In the event that Lessor exercises its right to terminate this Lease pursuant to this provision, Lessor shall be obligated to reimburse Lessee, on a pro-rata basis, the proportion of rents, if any, that have been prepaid for any unused portion of a lease period.

#### ARTICLE 13: INSOLVENCY, BANKRUPTCY, ETC., OF LESSEE

If Lessee is declared insolvent or adjudicated a bankrupt; if Lessee makes an assignment for the benefit of creditors; or if a receiver is appointed for Lessee, Lessor, without prejudice to its rights hereunder and at its option, may terminate this Lease and retake possession of the premises immediately and without notice to Lessee or any assignee, transferee, trustee, or any other person or persons, using force if necessary.

#### ARTICLE 14: LESSOR TO HAVE LIEN

Lessor will have a lien against all goods, equipment and other personal property of Lessee brought, stored, or kept on the Premises during the term of this Lease, in the aggregate amount of all rent, consideration, damages, and other sums that may at any time be owed by Lessee to Lessor under this Lease. In the event of any default by Lessee, Lessor may foreclose the lien in the same manner that a mortgage would be foreclosed.

#### ARTICLE 15: RIGHT TO SELL

It is understood and agreed that Lessor shall have the right to sell or assign its right, title and interest in the Premises, in whole or in part, at any time during the term of this Lease. If during the term of this Lease, the Premises are sold by Lessor to a third party, this Lease shall terminate. Not later than one hundred eighty (180) calendar days from the date in which Lessor gives Lessee notice that the Premises has been sold, Lessee shall vacate the Premises. Notwithstanding the above, Lessor may transfer its interest in the Premises between the two entities comprising the Lessor without triggering the termination specified in this Article.

#### ARTICLE 16: ELECTION BY LESSOR NOT EXCLUSIVE

The exercise by Lessor of any right or remedy to collect rent or enforce its rights under this Lease will not be a waiver or preclude the exercise of any other right or remedy afforded Lessor by this Lease or by statute or law. The failure of Lessor in one or more instances to insist on strict performance or observations of one or more of the covenants or conditions of this Lease or to exercise any remedy, privilege, or option conferred by this Lease on or reserved to Lessor shall not operate or be construed as a relinquishment or future waiver of the covenant or condition or the right to enforce it or to exercise that remedy, privilege, or option; that right shall continue in full force and effect. The receipt by Lessor of rent or any other payment or part of payment required to be made by Lessee shall not act to waive any other additional consideration, rent or

payment then due. Even with the knowledge of the breach of any covenant or condition of this Lease, receipt will not operate as or be deemed to be a waiver of this breach, and no waiver by Lessor of any of the provisions of this Lease, or any of Lessor's rights, remedies, privileges, or options under this Lease, will be deemed to have been made unless made by Lessor in writing.

#### ARTICLE 17: LIMITATIONS OF WARRANTIES

LESSEE ACKNOWLEDGES AND AGREES THAT, OTHER THAN AS MAY SPECIFICALLY SET FORTH HEREIN, LESSOR HAS NOT MADE, DOES NOT MAKE AND SPECIFICALLY DISCLAIMS ANY REPRESENTATIONS, WARRANTIES, PROMISES, COVENANTS, AGREEMENTS OR GUARANTIES OF ANY KIND OR CHARACTER WHATSOEVER, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, PAST, PRESENT OR FUTURE, OF, AS TO, CONCERNING OR WITH RESPECT TO (A) THE NATURE, QUALITY OR CONDITION OF THE PREMISES, INCLUDING, WITHOUT LIMITATION, THE WATER, SOIL AND GEOLOGY, (B) THE INCOME TO BE DERIVED FROM THE PREMISES, (C) THE SUITABILITY OF THE PREMISES FOR ANY AND ALL ACTIVITIES AND USES WHICH LESSEE MAY CONDUCT THEREON, (D) THE COMPLIANCE OF OR BY THE PREMISES OR ITS OPERATION WITH ANY LAWS, RULES, ORDINANCES OR REGULATIONS OF ANY APPLICABLE GOVERNMENTAL AUTHORITY OR BODY, INCLUDING, WITHOUT LIMITATION, THE AMERICANS WITH DISABILITIES ACT AND ANY RULES AND REGUL: ATIONS PROMULGATED THEREUNDER OR IN CONNECTION THEREWITH, AND THE TEXAS ARCHITECTURAL BARRIERS ACT AND ANY RULES AND REGULATIONS PROMULGATED THEREUNDER OR IN CONNECTION THEREWITH, (E) THE HABITABILITY, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OF THE PREMISES, OR (F) ANY OTHER MATTER WITH RESPECT TO THE PREMISES, AND SPECIFICALLY THAT LESSOR HAS NOT MADE, DOES NOT MAKE AND SPECIFICALLY DISCLAIMS ANY REPRESENTATIONS REGARDING SOLID WASTE, AS DEFINED BY THE U.S. ENVIRONMENTAL PROTECTION AGENCY REGULATIONS AT 40 C.F.R., PART 261, OR THE DISPOSAL OR EXISTENCE, IN OR ON THE PREMISES, OF ANY HAZARDOUS SUBSTANCE, AS DEFINED BY THE COMPREHENSIVE ENVIRONMENTAL RESPONSE COMPENSATION AND LIABILITY ACT OF 1980, AS AMENDED, AND APPLICABLE STATE LAWS, AND REGULATIONS PROMULGATED THEREUNDER. LESSEE FURTHER ACKNOWLEDGES AND AGREES THAT HAVING BEEN GIVEN THE OPPORTUNITY TO INSPECT THE PREMISES, LESSEE IS RELYING SOLELY ON ITS OWN INVESTIGATION OF THE PREMISES AND NOT ON ANY INFORMATION PROVIDED OR TO BE PROVIDED BY LESSOR. LESSEE FURTHER ACKNOWLEDGES AND AGREES THAT ANY INFORMATION PROVIDED OR TO BE PROVIDED WITH RESPECT TO THE PREMISES WAS OBTAINED FROM A VARIETY OF SOURCES AND THAT LESSOR HAS NOT MADE ANY INDEPENDENT INVESTIGATION OR VERIFICATION OF SUCH INFORMATION. ### **City Council Regular Meeting**

**DEPARTMENT:** Economic Development

FROM: Alex Philips, Economic Development Director

MEETING: November 13, 2023

### **SUBJECT:**

Consider approval of a minute order ratifying 4B11132023Heim1stamendment and an amendment to the Chapter 380 Economic Development and Performance Agreement (CSO#1653-01-2021) between the City of Burleson, Burleson Community Service Development Corporation, and Heim Burleson, LLC, (Staff Contact: Alex Philips, Economic Development Director)

### **SUMMARY:**

On January 19, 2021, the Burleson Community Service Development Corporation, and the City Council approved a Chapter 380 Agreement with Heim Burleson, LLC. for a restaurant at 139 W. Ellison. The agreement includes the following performance measures for Heim Burleson:

- Commence construction of the Development no later than January 1, 2022, complete construction of the Development no later than December 31, 2022, with an approximate Capital Investment of no less than \$1,200,000 Dollars, with the Opening Date for the Restaurant no later than January 1, 2023, subject to Article 12 of this Agreement.
- Heim shall routinely and regularly use the rooftop portion of the Development as part of the Restaurant.
- After the Opening Date, Heim shall reserve no fewer than six (6) days every calendar
  year for coordinated events with the City that will occur simultaneously in the Plaza and
  the Heim rooftop. Heim agrees with work in good faith with the City to schedule, plan,
  coordinate, and hold such events.

The City would offer a program grant within the chapter 380 agreement as detailed below:

- The maximum Grant Payments cumulatively available to Heim over the term of this Agreement shall not exceed Three Hundred and Fifty Thousand Dollars (\$350,000).
- The City shall make Grant Payments to Heim in annual installments equal to one hundred percent (100%) of Available Sales Taxes received by the City for the prior calendar year of the restaurant's operation.

- The Grants Payments shall cease upon the earlier of:
  - The date upon which the Grant Payment is paid for the twelve (12) month period ending December 31, 2030; or
  - The date upon which the Grant Payment Cap (\$350,000) has been reached.

Heim has completed all of their performance measures within the agreement, with the exception of the complete construction and opening date. Due to supply chain disruptions and construction delays, Heim plans to open by the end of 2023. Staff recommends amending the complete construction and opening dates to ensure compliance and correct an error in the dates in the original agreement to the agreement. The amendment proposed changes the complete construction date to December 31, 2023, opening date performance measure to February 1, 2024.

#### **City Council Regular Meeting**

**DEPARTMENT:** City Manager's Office

FROM: Justin Scharnhorst, Assistant to the City Manager

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of an amendment to CSO#3075-09-2022 wrecker contracts with Beard's Towing serving as an approved operator in the city of Burleson's rotation pursuant to ordinance B-678. (Staff Contact: Justin Scharnhorst, Assistant to the City Manager)

#### **SUMMARY:**

On June 1, 2002, the Burleson City Council adopted Ordinance B-678, which authorized the city to contract with one or more wrecker service companies for certain tows. This service is primarily used for tows initiated by the Fire and Police Department when responding to wrecks, non-serviceable vehicles, and stranded vehicles under the department's standard operating procedures. Vehicles that are towed as a result of this contract are paid by the owner or possessor of the vehicle, not at the city's expense. This contract establishes a rotation in which dispatch will initiate a call to a tow company on a rotation basis, as needed. The State of Texas Department of Licensing and Regulation (TDLR) stipulates requirements and fees that companies can charge for certain tows. All licensing, inspection, and fees imposed by the approved companies on the rotation must comply with all applicable standards set forth by TDLR.

City staff issued an RFP on July 8 and closed responses on July 27, 2022. Fire, Police, and Public Works evaluated the responses and recommended a two-company rotation with B&W Wrecker and Beard's towing. Both businesses have locations in Burleson, a requirement of the RFP. Currently, the city uses both operators on a rotation. The purpose of this process was to update the existing process and put a five-year agreement in place with an approved rotation. During the term of this agreement, the approved rotation is fixed, meaning if another business were to open in Burleson and meet the minimum requirements, they would not be able to participate unless this contract is rebid.

Through the first year of the newly implemented contract staff discovered the need to make additions to the contract that put further restrictions on how and when a hauler can pass on a call. Currently, there are not repercussions for an approved hauler to not pick up a call for service. The chief purpose of this exercise is to add leverage to the contract, further providing clarity on the city's expectations in terms of approved haulers picking up calls.

#### **OPTIONS:**

- 1) Approve amendments as presented
- 2) Approve amendment with modifications as specified by city council
- 3) Deny amendments as presented

#### **RECOMMENDATION:**

## Wrecker Service

November 13, 2023

## Background

- City Ordinance was adopted in 2002 that authorized the city to have the right to contract with one or more wrecker service companies for towing services.
- Historically the city has used a rotation with two vendors. The rotation is used equitably meaning that once an operator is used, the next call goes to the next operator in the rotation.
- Staff issued an RFP in 2021 that was aimed to create a transparent contract process since this service is exempt from state procurement requirements. The RFP was viewed by five plan rooms and three operators and has a five-year term with the option to cancel with 30 days' notice.
- Facility conditions, licensing, fees, and regulations are governed by the State of Texas and are part of this agreement.

## Amending the Contract

- Staff is proposing to amend the existing agreement to quantify and further enhance the performance of the contract as it relates to operators passing calls:
  - Declining a call means that an operator received notification of services but does not accept or wish to be dispatched.
  - Disregarding a call means that an operator received the dispatch but fails to arrive.
- The amendment stipulates performance measures that will hold each operator equally accountable.
- Operators will be allowed up to 5 declines or disregarded calls during a 30-calendar day period
  - On average, there are 109 calls per month.
- Disciplinary action includes failure to meet the required performance standards stipulated in the written performance improvement plans, suspension or up to termination.
- Both firms are agreeable to the proposed amendment.

## Options

- Approve an amendment to CSO #3074-09-2022 #3075-09-2022 wrecker contracts with Beard's Towing and B&W Wrecker
- Deny the amendment

#### **City Council Regular Meeting**

**DEPARTMENT:** City Manager's Office

FROM: Justin Scharnhorst, Assistant to the City Manager

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of an amendment to CSO#3074-09-2022 wrecker contracts with B&W Wrecker serving as an approved operator in the city of Burleson's rotation pursuant to ordinance B-678. (Staff Contact: Justin Scharnhorst, Assistant to the City Manager)

#### **SUMMARY:**

On June 1, 2002, the Burleson City Council adopted Ordinance B-67B, which authorized the city to contract with one or more wrecker service companies for certain tows. This service is primarily used for tows initiated by the Fire and Police Department when responding to wrecks, non-serviceable vehicles, and stranded vehicles under the department's standard operating procedures. Vehicles that are towed as a result of this contract are paid by the owner or possessor of the vehicle, not at the city's expense. This contract establishes a rotation in which dispatch will initiate a call to a tow company on a rotation basis, as needed. The State of Texas Department of Licensing and Regulation (TDLR) stipulates requirements and fees that companies can charge for certain tows. All licensing, inspection, and fees imposed by the approved companies on the rotation must comply with all applicable standards set forth by TDLR.

City staff issued an RFP on July 8 and closed responses on July 27, 2022. Fire, Police, and Public Works evaluated the responses and recommended a two-company rotation with B&W Wrecker and Beard's towing. Both businesses have locations in Burleson, a requirement of the RFP. Currently, the city uses both operators on a rotation. The purpose of this process was to update the existing process and put a five-year agreement in place with an approved rotation. During the term of this agreement, the approved rotation is fixed, meaning if another business were to open in Burleson and meet the minimum requirements, they would not be able to participate unless this contract is rebid.

Through the first year of the newly implemented contract staff discovered the need to make additions to the contract that put further restrictions on how and when a hauler can pass on a call. Currently, there are not repercussions for an approved hauler to not pick up a call for service. The chief purpose of this exercise is to add leverage to the contract, further providing clarity on the city's expectations in terms of approved haulers picking up calls.

# Wrecker Service

November 13, 2023

## Background

- City Ordinance was adopted in 2002 that authorized the city to have the right to contract with one or more wrecker service companies for towing services.
- Historically the city has used a rotation with two vendors. The rotation is used equitably meaning that once an operator is used, the next call goes to the next operator in the rotation.
- Staff issued an RFP in 2021 that was aimed to create a transparent contract process since this service is exempt from state procurement requirements. The RFP was viewed by five plan rooms and three operators and has a five-year term with the option to cancel with 30 days' notice.
- Facility conditions, licensing, fees, and regulations are governed by the State of Texas and are part of this agreement.

## Amending the Contract

- Staff is proposing to amend the existing agreement to quantify and further enhance the performance of the contract as it relates to operators passing calls:
  - Declining a call means that an operator received notification of services but does not accept or wish to be dispatched.
  - Disregarding a call means that an operator received the dispatch but fails to arrive.
- The amendment stipulates performance measures that will hold each operator equally accountable.
- Operators will be allowed up to 5 declines or disregarded calls during a 30-calendar day period
  - On average, there are 109 calls per month.
- Disciplinary action includes failure to meet the required performance standards stipulated in the written performance improvement plans, suspension or up to termination.
- Both firms are agreeable to the proposed amendment.

# Options

- Approve an amendment to CSO #3074-09-2022 #3075-09-2022 wrecker contracts with Beard's Towing and B&W Wrecker
- Deny the amendment

#### **SUMMARY:**

On December 14, 2020, the city of Burleson, Burleson 4A Economic Development Corporation, Tax Increment Financing Reinvestment Zone Number Two, and BTX Old Town, LLC, entered into a Chapter 380 Economic Development and Performance Agreement (the "Agreement"). The City has agreed to own and operate approximately 12,000 square feet in buildings 3, 4, and 5 of the development. Matt Ribitzki – Senior Deputy City Attorney/Director of Legal Services

## Background - Chapter 380 Agreement

- o In December of 2020, the City, 4A Economic Development Corporation, TIF #2, and BTX Old Town, LLC entered into an economic development and performance agreement
  - o The 4A EDC's participation in the agreement was for the cost of the EDC's portion of the new City offices
- Per the agreement, BTX Old Town agreed to construct a seven-building mixed-use development across from the Mayor Calvin Plaza and City Hall on Ellison St
- The City is purchasing approximately 12,000 square feet in buildings 3, 4, and 5
- Per the agreement, BTX Old Town will create a property owners association for the development
- The agreement requires that the City Council approve the property owners association documents

## **Documents Overview**

- o BTX Old Town has submitted the property owners association documents to the City for review
- The documents are the association's Declaration and Bylaws
- The Declaration will be recorded on the real property records and sets forth the authority the association has over the entire development
- Property owners in the development are automatically members in the association
- The bylaws govern how the association will operate as an entity
- Once the City owns the property in buildings 3, 4, and 5 of the development, it will be bound by the property owners association documents

## The Declaration Document

- The declaration creates a condominium association whereby many areas of the development are owned in common for the benefit of all property owners
- The association charges assessments to the property owners for the maintenance of the common areas, utilities, taxes, insurance, and the like
- Assessments are calculated annually based on the budgeted needs of the association
- The declaration prohibits residential use in the development
- The association has the right to regulate the exterior design of the development, subject to the economic development and performance agreement in place
- o The City has unique protections in the documents that are atypical for a declaration

## The Bylaws Document

- The bylaws set forth how the association will be governed
- A board of directors of 3 to 5 members will govern the association
- Board members are elected by the association members
- All association members have a vote, but the vote is weighted based on the amount of square footage owned in relation to the total square footage of the units
- Board members must be property owners, serve two-year terms, and serve without compensation
- o In the event of a conflict between the bylaws and declaration, the declaration controls

- 2.3 Merger. Merger or consolidation of the Association with another association must be evidenced by an amendment to this Declaration. The amendment must be approved by owners representing at least two-thirds of the total votes. On merger or consolidation of the Association with another association, the property, rights, and obligations of another association may, by operation of law, be added to the properties, rights, and obligations of the Association as a surviving corporation pursuant to the merger. The surviving or consolidated association may administer the provisions of the Governing Documents within the Property, together with the covenants and restrictions established on any other property under its jurisdiction. No merger or consolidation, however, will effect a revocation, change, or addition to the covenants established by this Declaration within the Property.
- 2.4 Land Use. Although this Declaration contains a limited number of disclosures about the Property and its location on the date of this Declaration, neither Declarant nor the Association makes any representation that these are the only noteworthy features of the Property or its location. A prospective owner or occupant must make his own inspection of the Property and its location, and make inquiries of anything that concerns him. Except for the express disclosures stated in this Declaration, Declarant makes no representation of any kind as to current or future uses actual or permitted of any land that is adjacent to or near the Property, regardless of what the plat shows as potential uses of adjoining land. If the change of circumstance if of public record or is capable of independent verification by any interested person, the board of directors, without a vote of the owners, may issue a Notice of Change that references the provision of this Declaration that ceases to apply to the Property. The Notice may be recorded in the Real Property Records of Johnson County, Texas, and does not constitute an amendment of this Declaration. If such a Notice is issued, the Association will notify owners of its existence and will make it available to owners as a record of the Association. This provision may not be construed to give the board unilateral amendment powers, nor to prevent an amendment of this Declaration by a vote of the owners to achieve the same purpose.
- 2.6 Restrictions, Easements & Plat Dedications. In addition to the easements and restrictions contained in this Declaration, the Property is subject to all restrictions, easements, licenses, leases, and encumbrances of record, including those described in or shown or referenced on a recorded plat, each of which is incorporated herein by reference. Each owner, by accepting an interest in or title to a unit, whether or not it is so expressed in the instrument of conveyance, covenants and agrees to be bound by prior-recorded restrictions, easements, licenses, leases, and encumbrances, and further agrees to maintain any easement that crosses his unit and for which the Association does not have express responsibility.

- 3.3 Owner's Easement of Enjoyment. Every owner is granted a right and easement of enjoyment over the general common elements and to use of improvements therein, subject to other rights and easements contained in the Governing Documents. Notwithstanding the foregoing, if apportion of the general common elements is designed for private use, the Association may temporarily reserve the use of such area for certain persons and purposes.
- 3.4 <u>Fire Sprinkler Easement</u>. Each owner, by accepting an interest in or title to a unit, whether or not it is so expressed in the instrument of conveyance, grants to public fire safety personnel and to the Association an easement across his unit for access to and testing of all systems and equipment located therein for the purposes intended by public fire safety authorities. Owners must cooperate with such activities.
- 3.5 Owner's Maintenance Easement. Every owner is granted an easement over adjoining units and common elements for the maintenance or reconstruction of their unit, subject to the consent of the owner of the adjoining unit, or the Association in the case of common elements, and provided the owner's use of this easement does not damage or materially interfere with the use of the adjoining unit or common element. Requests for entry to an adjoining unit or common element will be made in advance for a time reasonably convenient for the adjoining owner, who may not unreasonable without consent. If an owner damages an adjoining unit or common element in exercising this easement, the owner is obligated to restore the damaged property to its original condition, at his expense, within a reasonable period of time.
- 3.6 Owner's Ingress/Egress Easement. Every owner is granted a perpetual easement over the Property, as may be reasonably required, for vehicular and pedestrian ingress to and egress from his unit or the appurtenant limited common elements.
- 3.7 Owner's Encroachment Easement. Every owner is granted an easement for the existence and continuance of any encroachment by his unit on any adjoining unit or common element now existing or which may come into existence hereafter, as a result of construction, repair, shifting, settlement, or movement of any portion of a building, or as a result of condemnation or eminent domain proceedings, so that the encroachment may remain undisturbed so long as the improvement stands.
- 3.8 <u>Unit-to-Unit Maintenance & Access Easement</u>. By acquiring an interest in a BTX Condominium Association unit, each owner acknowledges the possibility that the owner may need access to an adjoining unit or common element for certain limited purposes related to the support, maintenance, repair, and improvements of his unit. Similarly, the owner of an adjoining unit may need access to the owner's unit for the support, maintenance, repair, and improvements of a component of the adjoining unit. Also, each owner acknowledgers that wires, cables, conduit, and pipes serving one unit may run through another unit. For the foregoing reasons, each owner covenants and agrees as follows:
  - 3.8.1 Owner Grants Easement. Each owner hereby grants an easement across and through his unit as necessary for the support, maintenance, repair,

- replacement and improvements of wires, cables, conduit, and pipes as initially installed or replacements thereof, that serve another unit, but only to the extent that use of this easement is reasonable and necessary. The owner of a unit containing wire, cables, conduit, or pipes that serve one or more other units or common elements has a duty to refrain from interfering with or damaging those items.
- 3.8.2 Owner Benefitted by Easement. Every owner is granted an access easement over adjoining units and common elements for the support, maintenance, repair, reconstruction, or improvement of his unit, provided exercise of the easement does not damage or materially interfere with the use of the adjoining unit or common element.
- 3.8.3 <u>Permission</u>. Requests for entry to an adjoining unit or common element must be made to the owner of the adjoining unit, or the Association in the case of common elements, in advance for a time reasonably convenient for the adjoining owner. If an owner damages an adjoining unit or common element in exercising this easement, the owner is obligated to restore the damaged property to its original condition, at his expense, within a reasonable period of time.
- 3.8.4 <u>Bona Fide Need</u>. This Section anticipates that an owner's need for access to an adjoining unit will rarely if ever occur, and that the necessity will be determined by a license contractor or building trade professional after evaluating options, if any, that do not require access. In the event of dispute between owners regarding the exercise of this easement the board is the arbiter of whether the anticipated use of this easement is reasonable and necessary. Each owner and occupant with endeavor to cooperate with the owners of other units in the building to affect the purposes and intent of this section.
- 3.9 <u>Association's Access Easement</u>. Each owner, by accepting an interest in or title to a unit, whether or not is it so expressed in the instrument of conveyance, grants to the Association an easement of access and entry over, across, under, and through the Property, including without limitation all common areas and the owner's unit and all improvements thereon for the below-describes purposes. In exercising this easement on an owner's unit, the Association is not liable to the owner for trespass.
  - a. To perform inspections and/or maintenance that is permitted or required of the association by the governing Documents or by applicable law.
  - b. To perform maintenance that is permitted or required of the owner by the Governing Documents or by applicable law, if the owner fails or refuses to perform such maintenance.
  - c. To enforce the Governing Documents, including without limitation the architectural standards and use restrictions.
  - d. To exercise self-help remedies permitted by the Governing Documents or by applicable law.
  - e. To respond to emergencies.
  - f. To grant easements to utility providers as may be necessary to install, maintain, and inspect utilities serving any portion of the Property.
  - g. To perform any and all functions or duties of the Association as permitted or required by the Governing Documents or by applicable law.

- 3.10 <u>Easement of Cooperative Support</u>. The purpose of this Section is to encourage a harmonious community environment for occupants and to prevent diminution of property values. This Declaration cannot anticipate every possible event in the life of the Property that will require the cooperation of owners. Accordingly, every owner is granted an easement of cooperative support over each adjoining unit and common element as needed for the common benefit of the Property, or for the benefit of units in a building, or units that share any aspect of the Property that requires cooperation. By accepting and interest in or title to a unit, each owner (1) acknowledges the necessity for cooperation in a condominium, (2) agrees to try to be responsible and civil in communications pertaining to the Property and to the Association, (3) agrees to provide access to his unit and limited common elements, if any, when needed by the Association to fulfill its duties, and (4) agrees to try refraining from actions that interfere with the Association's maintenance and operation of the Property.
- 3.11 <u>Utility Easement</u>. The Association may grant permits, licenses, and easements over the common elements for utilities, roads, and other purposes necessary for the proper operation of the Property. A company or entity, public or private, furnishing utility service to the Property, is granted an easement over the Property in ingress, egress, meter reading, installation, maintenance, repair, or replacement of utility lines and equipment, and to do anything else necessary to properly maintain and furnish utility service to the Property. Utilities may include, but are not limited to, water, sewer, trash removal, electricity, gas, telephone, master or cable television, and security.

### READERS, PLEASE PAY PARTICULAR HEED TO THE PROVISIONS TITLED "SECURITY" & "RISK".

- 3.12 Security. The Association may, but is not obligated to, maintain or support certain activities within the Property designed, either directly or indirectly, to improve safety in or on the Property. Each owner and occupant acknowledges and agrees, for himself and his guests, that Declarant, the Association, and their respective directors, officers, committees, agents, and employees are not providers, insurers, or guarantors of security within the Property. Each owner and occupant acknowledges and accepts his sole responsibility to provide security for his owner person and property, and assumes all risks for loss or damage to same. Each owner and occupant further acknowledges that Declarant, the Association, and their respective directors, officers, committees, agents, and employees have made no representations or warranties, nor has the owner or occupant relied on any representation or warranty, express, or implied, including any warranty of merchantability or fitness for any particular purpose, relative to any fire, burglary, and/or intrusion systems recommended or installed, or any security measures undertaken within the Property. Each owner and occupant acknowledges and agrees the Declarant, the Association, and their respective directors, officers, committees, agents, and employees may not be held liable for any loss or damage by reason of failure to provide adequate security or ineffectiveness of security measures undertaken.
- 3.13 <u>Risk</u>. Each occupant uses all common areas at his own risk. All common amenities are unattended and unsupervised. Each occupant is solely responsible for his own safety and that of his guests. The Association disclaims any and all liability or responsibility or injury or death occurring from use of the common amenities.
- 3.14 <u>Easement to Inspect & Right to Correct</u>. For a period of 10 years after the expiration of the Development Period, Declarant reserves for itself and for Declarant's architect, engineer, other design professionals, builder, materials manufacturer, and general contractor the right, but not the duty, to inspect, monitor, test, redesign, correct, relocate, and replace any structure, improvement, material, or

condition that may exist on any portion of the Property, including the units, and a perpetual nonexclusive easement of access throughout the Property to the extent reasonably necessary to exercise this right. Declarant will promptly repair, at its sole expense, any damage resulting from the exercise of this right. By way of illustration but not limitation, relocation of a utility meter may be warranted by a change of circumstance, imprecise siting of the original meter, or desire to comply more fully with public codes and ordinances. This Section may not be construed to create a duty for Declarant or the Association, and may not be amended without Declarant's written and acknowledged consent. In support of this reservation, each owner, by accepting an interest in or title to a unit, hereby grants to Declarant an easement of access and entry over, across, under, and through the Property, including without limitation all common elements and the owner's unit an all improvements thereon for the purposes contained in this Section.

#### **ARTICLE 4**

#### **UNITS, COMMON ELEMENTS & ALLOCATIONS**

- 4.1 <u>Unit Boundaries</u>. The boundaries and identifying number of each unit are shown on the Plat and Plans attached as Appendix D. The boundaries are further described as follows:
  - 4.1.1 <u>Lower Boundary</u>: The bottom surface of the concrete subflooring is the horizontal plane defining the unit's lower boundary. Although the concrete subflooring is part of the unit, the owner may not remove the concrete subflooring without replacing it because it is part of the fire protection system for the Property.
  - 4.1.2 <u>Upper Boundary</u>: The unit's roof is the unit's upper horizontal boundary. In other words, the unit's roof is part of the unit.
  - 4.1.3 <u>Lateral Boundaries Party Walls</u>: On party walls walls between 2 units the unit's lateral boundaries are the planes defines by the midpoints of the party wall. The unit on each side of a party wall extends to the middle of the party wall.
  - 4.1.4 <u>Lateral Boundaries Exterior Walls</u>: On perimeter walls other than party walls between 2 units, the unit's lateral boundaries are the planes defined by (1) the exterior (outside) surfaces of the brick, stucco, or any other outmost material comprising the perimeter walls; (2) the exterior (outside) surfaces of window glass and window frames; (3) the exterior (outside) surfaces of closed perimeter doors. In other words, the perimeter walls, as well as windows and doors, are part of the unit.
  - 4.1.5 Unit's Windows, Walls, and Doors. Although the windows, exterior walls, and doors are part of the unit, they are exterior components of the building that may not be modified in appearance without the Architectural Reviewer's prior written approval.
  - 4.1.6 <u>Inconsistency with Plans</u>: If this Section's description of unit boundaries is inconsistent with the Plat and Plans, then this Section will control. Owners should refer to other portions of this declaration, particularly the Maintenance Responsibility Chart, for their maintenance responsibilities as related to Unit Ownership.
  - 4.1.7 <u>What the Unit Includes</u>: Each unit includes the spaces and improvements within the above-described vertical and horizontal boundaries of the unit. Each unit also includes improvements and equipment serving the unit exclusively, whether located inside or outside the physical boundaries of the unit, whether or not

attached to or contiguous with the physical boundaries of the unit, including the following: electricity meter, fuse box, electrical switches, wiring, pipes, ducts, conduits, smoke or fire detectors, security systems, television antenna, cable equipment, satellite equipment, shower pans, wall safes, door and window locks, peepholes, lighting fixtures, telephone and electrical receptacles, heating and cooling equipment and systems, and any other utility-related item from the point of its connection with common lines or systems. In other words, in addition to the inside of his unit, an owner also owns certain physical components of the Property that exclusively serve the unit even though located outside the boundaries of the unit.

- 4.1.8 Exclusions: Except as specifically included above, each unit excludes the spaces and improvements lying outside of the perimeter boundaries of the unit. Each unit also excludes any chute, pipe, flue, duct, wire, or conduit running through a unit for the purpose of furnishing utility and similar services to other units and/or common elements. In other words, an air conditioning duct that serves another unit it not part of the unit. However, under the preceding subparagraph, the length of duct that serves the unit exclusively is part of the unit.
- 4.1.9 Representations of Size. The space contained within the unit's vertical and horizontal boundaries is not related to the size of the unit's living areas. Similarly, the units are initially marketed on the basis of a limited number of representation floorplans, each of which is marked with a rounded and estimated sizes taken from pre-construction architectural drawings. Those marketing sizes may vary from the size of the actual space contained within the unit's vertical and horizontal boundaries.

#### **SIZE OF UNIT**

The Size of a unit may be measured different ways for different purposes, such as for tax purposes, appraisal purposes, sales purposes, and for purposes of carpeting and paint. No single measurement is definitive for all purposes. Measurements may be of the area under roof, or the air conditioned space, or the area within the unit's legal boundaries. The unit's partition wall cavities and/or its perimeter wall cavities may or may not be included.

- 4.2 <u>Parking Spaces</u>. The Association may contract with a third party to allow for parking spaces to be available for the Unit Owners. The Parking Lot and the Parking Spaces located therein are not owned by the Association or the Unit Owners. They are not General Common Elements, Limited Common Elements, or Units. The Association reserves the right to assign parking spaces for each unit within the Association within any parking lot leased by the Association. The Declarant and the Association expressly reserves the right at any time to assign and re-assign parking spaces to unit owners within any parking lot leased by the Association.
- 4.3 <u>Common Elements</u>. The common elements of the Property consist of all of the Property, save and except the units. As a general rule, all of the common elements are owned collectively by the unit owners in undivided interest. The Association, as a legal entity, does not own the common elements.

- 4.3.1 Ownership & Maintenance. The designation of common elements is determined by this Declaration. Declarant may install, construct, or authorize certain improvements on common elements in connection with the original construction of the Property, and the cost thereof is not a common expense of the Association, thereafter, all costs attributable to common elements, including maintenance, insurance, and enhancements, are automatically the responsibility of the Association, unless this Declaration elsewhere provides for a different allocation for a specific common element.
- 4.3.2 Acceptance. By accepting an interest in or title to a unit, each owner is deemed (1) to accept the common elements of the Property, and any improvements thereon, in its then-existing condition; (2) to acknowledge the authority of the Association, acting through its board of directors, for all decisions pertaining to the common elements; (3) to acknowledge that transfer of a common element's title (if any) to the Association by or through the Declarant is a ministerial task that does not require acceptance by the Association; and (4) to acknowledge the continuity of maintenance of the common elements, regardless of changes in the Association's board of directors or management.
- 4.4 <u>Limitations of Plats and Plans</u>. That a plat or plan in <u>Appendix D</u> shows a particular use for a general common element does not limit or determine the actual use of the general common element by the Association. All parts of the Property that are not units are common elements, whether or not they are so labeled on the plat or plan. Also, all common elements that are not limited common elements are general common elements, whether or not they are so labeled on the plat or plan.
- 4.5 <u>Subsequent Allocation of Limited Common Elements</u>. A common element not allocated by this Declaration as a limited common element may be so allocated only pursuant to the provisions of this Article. Declarant reserved the right in <u>Appendix F</u> of this Declaration, to create, assign, and reassign limited common elements within the Property. Once a common element is designated as "limited" and its use is assigned to a particular unit, any reassignment requires amendment of this Declaration.
- 4.6 Reallocation of Limited Common Elements. An amendment of reallocation of limited common element requires the approval of all owners of units whose interest are to be allocated or reallocated. The parties executing the amendment will provide an executed copy of the amendment to the Association, which will record it, provided that the amendment complies with the provisions of this Declaration and the Act. The amendment must contain words of conveyance and must be recorded and indexed in the names of the parties and the Property. The amendment will specify to which unit or units the limited common element is allocated. The parties executing the amendment are responsible for the preparation of the amendment and will reimburse the Association for its reasonable attorneys' fees in connection with review and recording of the amendment.
- 4.7 <u>Allocation of Interests</u>. The table showing the identifying number and allocated interests of each unit is attached as <u>Appendix B</u>. The same formulas are to be used in reallocating interest if units are added to the Property. The date on which the amendment creating additional units is recorded in the Real Property Records of Johnson County, Texas, is the effective date or reassigning allocated interests to those units. The interests allocated to each unit are calculated by the following formulas.
  - 4.7.1 <u>Common Element Interests</u>. The percentage of undivided interest in the common elements allocated to each unit is based on estimated square footage of architectural drawings for each plan type, compared to the total estimated

- square footage for all units (by plan type) in the Property. Percentages may be rounded up or down to facilitate calculations. Also, units of the same plan type may have allocations that differ slightly to facilitate the calculation of 100 percent.
- 4.7.2 <u>Common Expense Liabilities</u>. The percentage of liability for common expenses allocated to each unit is based on the same formula for common element interests.
- 4.7.3 <u>Votes.</u> Members of any class(es) entitled to vote shall have one (1) vote on each matter submitted to a vote of the Members. The weight of each member's vote is based upon each unit's fractional interest in the common elements as set forth within Appendix B to the Declaration.

#### **COVENANT FOR ASSESSMENTS**

5.1 <u>Purpose of Assessments</u>. The Association will use assessments for the general purposes of preserving and enhancing the Property, and for the common benefit of owners and occupants, including but not limited to maintenance of real and personal property, management and operation of the Association, and any expense reasonably related to the purposes for which the Property was developed. If made in good faith, the board's decision with respect to the use of assessments is final.

## IF YOU OWN A BTX CONDOMINIUM ASSOCIATION UNIT, YOU MUST PAY ASSESSMENTS TO THE ASSOCIATION.

- 5.2 <u>Personal Obligation</u>. An owner is obligated to pay assessments levied by the board against the owner of his unit. Payments are made to the Association at its principal office or at any other place the board directs. Payments must be made in full regardless of whether an owner has a dispute with the Association, another owner, or any other person or entity regarding any matter to which this Declaration pertains. No owner may exempt himself from his assessment liability by waiver of the use or enjoyment of the common elements or common services, or by the abandonment of his unit. An owner's obligation is not subject to offset by the owner, nor is it contingent on the Association's performance of the Association's duties. Payment of assessments is both a continuing affirmative covenant personal to the owner and a continuing covenant running with the unit.
- 5.3 Control for Assessment Increases. This Section of the Declaration may not be amended without the approval of owners representing at least 67 percent of the total allocated interest in the Association. In addition to other rights granted to owners by this Declaration, owners have the following powers and controls over the Association's budget. At least 30 days prior to the effective date of a special assessment or increase in regular assessments, the board will notify an owner of each unit of the amount of, the budgetary basis for, and the effective date of the special assessment or increase. The special assessment or increase will automatically become effective unless owners representing at least a majority of the allocated interest in the Association disapprove the special assessment or increase by petition or at a meeting of the Association. In that event, the last-approved budget will continue in effect until a revised budget is approved by the board.
- 5.4 <u>Types of Assessments</u>. There are 5 types of Assessments: Regular, Utility, Special, Individual, and Deficiency.

#### 5.5 <u>Regular Assessments</u>.

- 5.5.1 <u>Purpose of Regular Assessments</u>. Regular assessments are used for the common expenses related to the reoccurring, periodic, and anticipated responsibilities of the Association, including but not limited to:
  - a. Maintenance, repair, and replacement, as necessary, of the common elements, and improvements, equipment, signage, and property owned by the Association.
  - b. Utilities billed to the Association.
  - c. Services obtained by the Association and available to all units.
  - d. Taxes on property owned by the Association and the Association's income taxes.
  - e. Management, legal, accounting, auditing, and professional fees for services to the Association.
  - f. Costs of operating the Association, such as telephone, postage, office supplies, printing, meeting expenses, and educational opportunities of benefit to the Association.
  - g. Insurance premiums and deductibles.
  - h. Contributions to the reserve funds.
  - Any other expense which the Association is required by law or the Governing Documents to pay, or which in the opinion of the board is necessary or proper for the operation and maintenance of the Property or for enforcement of the Governing Documents.
- 5.5.2 Annual Budget. The board will prepare and approve an estimated annual budget for each fiscal year. The budget will take into account the estimated income and common expenses for the year, contributions to reserve funds, and a projection for uncollected receivables. The board will make the budget or its summary available to an owner of each unit, although failure to receive a budget or summary does not affect an owner's liability for assessments. The board will provide copies of the detailed budget to owners who make written request and pay a reasonable copy charge.
- 5.5.3 <u>Basis of Regular Assessments</u>. Regular assessments will be based on the annual budget, minus estimated income from sources other than regular assessments. Each unit will be liable for its allocated share of the annual budget. If the board does not approve an annual budget or fails to determine new regular assessments for any year, or delays in doing so, owners will continue to pay the regular assessment as last determined.
- 5.5.4 <u>Supplemental Increases</u>. If during the course of a year the board determines that regular assessments are insufficient to cover the estimated common expenses for the remainder of the year, the board may increase regular assessments for the remainder of the fiscal year in an amount that covers the estimated deficiency.
- 5.6 <u>Utility Assessments</u>. This Section applies to any utility serving the individual units and consumed by the occupants that are billed to the Association by the utility provider, and which may or may not be submetered by or through the Association. In addition to regular assessments, the board may levy a utility assessment against each unit. If the units are actively submetered for consumption of a utility

and if the Association reads the submeters, the utility assessment will be based on the submeter reading. If the units are not submetered or if the submeters are not in use, the board may allocate the Association's utility charges among the units by any conventional method for similar types of properties. The levy of a utility assessment may include a share of the utilities for the common elements, as well as administrative and processing fees, and an allocation of any other charges that are typically incurred in connection with utility or submetering services. The board may, from time to time, change the method allocation, provided the same type of method or combination of methods is used for all units.

- 5.7 <u>Special Assessments</u>. In addition to regular assessments, and subject to the owners' control for assessment increases, the board may levy one or more special assessments against all units for the purpose of defraying, in whole or in part, common expenses not anticipated by the annual budget or reserve funds. Special assessments do not require the approval of the owners, except that special assessments for the following purposes must be approved by at least a majority of the votes in the Association: (1) acquisition of real property, (2) construction of additional improvements to the property not repair or replacement of existing improvements, and (3) any expenditure that may reasonably be expected to significantly increase the Association's responsibility and financial obligation for operations, insurance, maintenance, repairs, or replacement.
- 5.8 <u>Individual Assessments</u>. In addition to regular and special assessments, the board may levy an individual assessment against a unit and its owner. Individual assessments may include, but are not limited to: interest, late charges, and collection costs on delinquent assessments; reimbursement for costs incurred in bringing an owner or his unit into compliance with the Governing Documents; fines for violations of the Governing Documents; transfer-related fees and resale certificate fees; fees for estoppel letters and project documents; insurance deductibles; submetered utilities serving the unit; reimbursement for damage or waste caused by willful or negligent acts; common expenses that benefit fewer than all of the units, which may be assessed according to benefit received; fees or charges levied against the Association on a per-unit basis; and "pass through" expenses for services to units provided through the Association and which are equitably paid by each unit according to benefit received.
- 5.9 <u>Deficiency Assessments</u>. The board may levy a deficiency assessment against all units for the purpose of defraying, in whole or in part, the cost of repair or restoration if insurance proceeds or condemnation awards prove insufficient.
- 5.10 <u>Due Date</u>. Regular Assessments are due on the first calendar day of each month unless otherwise specified by the Board of Directors, and are delinquent if not received by the Association on or before the first day of the month. Utility, special, and individual assessments are due on the date stated in the notice of assessment or, if not date is states, within 10 days after notice of the special or individual assessment is given.
- 5.11 <u>Reserve Funds</u>. The Association's reserve funds are not intended to cover unforeseeable expenses or every foreseeable future expense. They are intended to reduce the amount or frequency of special assessments and dramatic increases in regular assessments.
  - 5.11.1 Monitoring Laws and Lender Requirements. On the date of this Declaration, condominium associations are in a dynamic environment regarding replacement reserve funds. The board should periodically monitor the reserve requirements established by institutional lenders, in addition to ay created by public law, to try and maintain the Property's eligibility for mortgage financing.
  - 5.11.2 <u>Required Reserves</u>. The Association will establish, maintain, and accumulate reserves for operations and for anticipated major repairs or periodic replacement

- of significant improvements to the common elements, to be used as needed. During the early years of the Property, when major components of the common elements are new and unlikely to require replacement, the serve accounts are not expected to be fully funded.
- 5.11.3 <u>Discretionary Reserves</u>. In addition to reserves for replacement and repair of common elements, the board may create as many types of reserve accounts as it desires, such as the following types of reserves.
  - a. <u>Operations reserves</u> at a level determined by the board to be sufficient to cover the cost of operational or maintenance emergencies or contingencies.
  - b. <u>Deductible reserves</u> at a level determined by the board to be sufficient to cover the full amount of deductibles on insurance policies maintained by the Association.
- 5.11.4 Owners Contribute. The reserve accounts are funded by monies paid by owners other than Declarant. Owners' contributions may be in the form of initial contributions at time of purchase, special assessments, and/or set-asides from regular assessments.

The Association hereby establishes a reserve fund in an amount that is equal to 2 months of regular assessments for all units or in any other amount as specified by the Association's Board of Directors. Each unit's contribution will be collected when the sale of the unit closes or on termination of the Declarant Control Period, whichever occurs first. Contributions to this fund are not advance payments of regular assessments and are not refundable.

The Directors of the Association may increase or decrease the number of months assessments that must be contributed to the reserve upon the closing of the unit by resolution of the Directors.

- 5.11.5 Replacement Reserve Study & Schedule. At the end of the Declarant Control Period, and periodically thereafter, the board elected by the owners will adopt a replacement reserve schedule as the basis for the Association's reserve accounts. The replacement reserve schedule may be based on a replacement reserve study approved by the board. The board will use the replacement reserve study to determine which common elements and repairs are to be covered by the replacement reserve schedule, and which are to be addressed as routine maintenance within the annual operating budget. The board will also determine:
  - a. What percentage or portions of the replacement reserve schedule to fund on an ongoing basis, and which to fund by special assessment or an increase in the regular assessment at the time work is performed.
  - b. Whether to levy a special assessment to establish, increase, or replenish the reserve accounts.
  - c. Whether to dedicate some or all of the reserve funds to specific uses.
- 5.11.6 <u>Adequacy of Reserve Fund</u>. A reserve fund is deemed to be adequate if (1) the fund identifies at least the major components of the common elements, estimates the remaining useful life of each major component, and estimates the

- cost of repairing or replacing each major component using current costs (without cost of living or inflation factors), and (2) there is a schedule for infusing the fund with monetary contributions from owners, even if years or decades are required to reach full funding.
- 5.11.7 <u>Declarant Does Not Contribute</u>. Declarant has no duty to contribute to the Association's reserve accounts. If the Declarant-controlled Association does not collect initial reserve contributions from owners at time of purchase, after the Declarant Control Period, the Association will levy a special assessment to establish initial reserve accounts, and will thereafter collect initial reserve contributions in connections with transfers of title.
- 5.12 <u>Declarant's Right to Inspect & Correct Accounts</u>. For a period of 5 years after termination of the Declarant Control Period, Declarant reserved for itself and for Declarant's accountants and attorneys, the right, but not the duty, to inspect, correct, and adjust the Association's financial books, records, and accounts from the Declarant Control Period. The Association may not refuse to accept an adjusting or correcting payment made by or for the benefit of the Declarant. By way of illustration but not limitation, Declarant may find it necessary to recharacterize an expense or payment to conform to Declarant's obligations under the Governing Documents or applicable State Law. This Section may not be construed to create a duty for declarant or a right for the Association, and may not be amended without Declarant's written and acknowledged consent. In support of this reservation, each owner, by accepting an interest in or title to a unit, hereby grants Declarant a right of access to the Association's books, records, and accounts that is independent of Declarant's rights during the Declarant Control and Development Periods, for the limited purpose of this Section and only to the extent necessary to enable Declarant to exercise its rights under this Section.
- 5.13 <u>Association's Right to Borrow Money</u>. The Association is granted the right to borrow money, subject to the consent of owners representing at least 67% of the allocated interest in the Association and the ability of the Association to repay the borrowed funds from assessments. To assist its ability to borrow, the Association is granted the right to encumber, mortgage, pledge, or deed in trust any of its real or personal property, and the right to adding its right to future income, as security for money borrowed or debt incurred, provided that the rights of the lender in the pledged property are subordinate and inferior to the rights of the owners hereunder.
- 5.14 <u>Limitations of Interest</u>. The Association, and its officers, directors, managers, and attorneys, intend to conform strictly to the applicable usury laws of the State of Texas. Notwithstanding anything to the contrary in the Governing Documents or any other document or agreement executed or made in connection with the Association's collection of assessments, the Association will not in any event be entitled to receive or collect, as interest, a sum greater than the maximum amount permitted by applicable law. If from any circumstances whatsoever, the Association ever received, collects, or applies as interest a sum in excess of the maximum rate permitted by law, the excess amount will be applied to the reduction of unpaid special and regular assessments, or reimbursed to the owner if those assessments are paid in full.
- 5.15 <u>HOA Sale Fees</u>. This Section addresses the expenses, fees, charges, and contributions (hereafter, collectively, the "**HOA Sale Fees**") that are charged by the Association or its manager, and that arise at the time of a unit's sale or purchase. As used in this Section, "HOA Sale Fees" does not include a buyer's prepaid and/or pro-rata assessments. HOA Sale Fees are not refundable by the Association or the Association's manager, and may not be regarded as a prepayment of or credit against assessments. HOA

Sale Fees generally fall into two types of categories – budget enhancing fees, such as contributions to the reserve or operating funds of the Association, and administrative fees, such as fees for resale certificates, estoppel certificates, copies of Governing Documents, compliance inspections, ownership record changes, and priority processing.

- 5.15.1 Notice of HOA Sale Fees. The Association may, but is not required to, publicly record a Notice of HOA Sale Fees. The initial Notice may be recorded with the Community Manual or the Condominium Management Certificate. The Notice as amended or restated may be recorded in dependently of the Community Manual or Condominium Management Certificate.
- 5.15.2 Manager's Fees. HOA Sale Fees of an administrative nature may be charged by the Association's manager, managing director, or managing agent (collectively "manager"), pursuant to a contract between the Association and the manager, and provided there is no duplication of fees by type or amount with fees charged by the Association. This Article does not obligate the manager to levy HOA Sale Fees. The number, types, and amounts of HOA Sale Fees charged by a manager (1) must have the prior written approval of the board, (2) are not subject to the Association's assessment lien, (3) should not exceed what is customary in amount, kind, and number for the local marketplace, and (4) are not payable by the Association unless the management contract so stipulates.
- 5.15.3 Amendment of Notice. After the Development Period, the board, without a vote of the owners, may amend the Notice of HOA Sale Fees for the following three purposes: (1) to restate the Notice without reference to New Commercial Unit Sales if every unit in the Property has been sold at least once; (2) to change a stated amount or formula for an HOA Sale Fees that applies to resales, or (3) to conform the Notice of HOA Sale Fees with applicable law regarding HOA Sale Fees. Any amendment pertaining to New Commercial Unit Sales must be approved in writing by Declarant as long as any unit qualifies as a New Commercial Unit. Any other amendment of the Notice requires the approval of owners of two-thirds of the units represented at a meeting of the Association at which a quorum is present, provided notice of the proposed amendment is given with the notice of meeting. During the Development Period, the Notice of HOA Sale Fees may be amended by Declarant only.
- 5.15.4 Effective. To be effective, an amendment or restatement of the Notice of HOA Sale Fees must be in the form of a written instrument (1) referencing the name of the Property, the name of the Association, the recording data of this Declaration, and the recording data of the most recent previously recorded Notice of HOA Sale Fees, (2) signed and acknowledged by Declarant during the Development Period, and thereafter by an officer of the Association, certifying the requisite approval of owners or directors, and (3) recorded in the Real Property Records of Johnson County, Texas.
- 5.15.5 <u>Applicability</u>. If the amended or restated Notice of HOA Sale Fees results in an overall reduction of HOA Sale Fees for a conveyance that is pending at the time of the amendment, the lower rate is effective immediately for any closing that occurs after the date the amendment is publicly recorded. If the amended or

- restated Notice of HOA Sale Fees result in an overall increase of HOA Sale Fees for the unit being conveyed, the increased amount is not effective until the 90<sup>th</sup> day after the date on which the amended or restated Notice of HOA Sale Fees is publicly recorded.
- 5.15.6 <u>Distribution</u>. Within 60 days after the amended or restated notice of HOA Sale Fees is publicly recorded, a copy or report of, or electronic link to, the recorded amended Notice of HOA Sale Fees must be delivered or made available to an owner of each until.

#### **ASSESSMENT LIEN**

6.1 <u>Assessment Lien</u>. Each owner, by accepting an interest in or title to a unit, whether or not it is so expressed in the instrument of conveyance, covenants and agrees to pay assessments to the Association. Each assessment is a charge on the unit and is secured by a continuing lien on the unit. Each owner, and each prospective owner, is placed on notice that his title may be subject to the continuing lien for the assessments attributable to a period prior to the date he purchased his unit.

#### YES, THE HOA CAN FORECLOSE!

If you fail to pay assessments to the Association, you may lose title to your unit if the Association forecloses its assessment lien against your unit.

- 6.2 <u>Superiority of Assessment Lien</u>. The assessment lien is superior to all other liens and encumbrances on a unit, except only for (1) real property taxes and assessments levied by governmental and taxing authorities, (2) a deed of trust or vendor's lien recorded before this Declaration, (3) a recorded deed of trust lien securing a loan for construction of the original unit, and (4) a purchase money vendor's lien or purchase money deed of trust lien recorded before the date on which the delinquent assessment became due. The assessment lien is superior to a lien for construction of improvements to the unit, regardless of when recorded or perfected. It is also superior to any recorded assignment of the right to insurance proceeds on the unit, unless the assignment is part of a superior deed of trust lien. The assessment lien is subordinate and inferior to a recorded deed of trust lien that secures a purchase money mortgage, an FHA-insured mortgage, or a VA-guaranteed mortgage.
- 6.3 Effect of Mortgagee's Foreclosure. Foreclosure of a superior lien extinguishes the Association's claim against the unit for unpaid assessments that became due before the sale, but does not extinguish the Association's claim against the former owner, and does not extinguish the Association's lien for assessments that become due after the sale. The purchaser at the foreclosure sale of a superior lien is liable for assessments coming due from and after the date of the sale, and for the owner's pro-rata share of the pre-foreclosure deficiency as a common expense.
- 6.4 <u>Notice and Release of Notice</u>. The Association's lien for assessments is created by recordation of this Declaration, which constitutes record notice and perfection of the lien. No other recordation of a lien or notice of lien is required. However, the Association, at its option, may cause a notice of the lien to be recorded in the Real Property Records of Johnson County, Texas. If the debt is cured after a notice has been recorded, the Association will record a release of the notice at the expense

of the curing owner. The Association may require reimbursement of its costs of preparing and recording the notice before granting the release.

- 6.5 <u>Power of Sale</u>. By accepting an interest in or title to a unit, each owner grants to the Association a private power of nonjudicial sale in connection with the Association's assessment lien. The board may appoint, from time to time, any person, including an officer, agent, trustee, substitute trustee, or attorney, to exercise the Association's lien rights on behalf of the Association, including the power of sale. The appointment must be in writing and may be in the form of a resolution recorded in the minutes of a board meeting.
- 6.6 <u>Foreclosure of Lien</u>. The assessment lien may be enforced by judicial or nonjudicial foreclosure. A nonjudicial foreclosure must be conducted in accordance with the provisions applicable to the exercise of powers of sale as set forth in Section 51.002 of the Texas Property Code, or in any matter permitted by law. In any foreclosure, the owner is required to pay the Association's costs and expenses for the proceedings, including reasonable attorney's fees. The Association has the power to bid on the unit at foreclosure sale and to acquire, hold, lease, mortgage, and convey same.

#### **ARTICLE 7**

#### **EFFECT OF NONPAYMENT OF ASSESSMENTS**

An assessment is delinquent if the Association does not receive payment in full by the assessment's due date. The Association, acting through the board, is responsible for taking action to collect delinquent assessments. From time to time, the Association may delegate some or all of the collection procedures and remedies, as the board in its sole discretion deems appropriate, to the Association's manager, an attorney, or a debt collector. Neither the board nor the Association, however, is liable to an owner or other person for its failure or inability to collect or attempt to collect an assessment. The following remedies are in addition to and not in substitution for all other rights and remedies which the Association has.

- 7.1 <u>Interest</u>. Delinquent Assessments are subject to interest from the due date until paid, at a rate to be determined by the board from time to time, not to exceed the lesser of 18 percent (18%) per annum or the maximum permitted by law. If the board fails to establish a rate, the rate is 10 percent (10%) per annum.
- 7.2 <u>Late Fees</u>. Delinquent assessments are subject to reasonable late fees, at a rate to be determined by the board from time to time.
- 7.3 <u>Collection Expenses</u>. The owner of a unit against which assessments are delinquent is liable to the Association for reimbursement of reasonable costs incurred by the Association to collect the delinquent assessments, including attorney's fees and processing fees charged by the manager.
- 7.4 <u>Acceleration</u>. If an owner defaults in paying an assessment that is payable in installments, the Association may accelerate the remaining installments on 10 days' written notice to the defaulting owner. The entire balance of the assessment becomes due on the date stated in the notice.
- 7.5 <u>Suspension of Use and Vote</u>. If an owner's account has been delinquent for at least 30 days, the Association may suspend the right of the owner and the occupants of the owner's unit to use common elements and common services during the period of delinquency. Services include mastermetered or sub-metered utilities serving the unit. The Association may not suspend and owner or occupant's right of access to the unit. Subject to the below-described limitations, the Association may also suspend the owner's right to vote appurtenant to the unit during the period of delinquency. Suspension

does not constitute a waiver or discharge of the owner's obligation to pay assessments. When the Association suspends a member's right to vote, the suspended member may nevertheless participate as a member for the following activities: (1) be counted toward a quorum, (2) attend meetings of the Association, (3) participate in discussion at Association meetings, (4) be counted as a petitioner for a special meeting of the Association, and (5) vote to remove a director, and for the replacement of the removed director. If the number of suspended members exceeds 30 percent (30%) of the total members (co-owners of a unit constituting one member), all members are eligible to vote. These limitations are imposed to prevent a board from disenfranchising a large segment of the membership and to preserve the membership's right to remove and replace directors.

- Assignment of Rents. Every owner hereby grants to the Association a continuing assignment of rents to secure the payment of assessments to the Association. If a unit's account becomes delinquent during a period in which the unit is leased, the Association may direct the tenant to deliver rent to the Association for application to the delinquent account, provided the Association gives the owner notice of the delinquency, a reasonable opportunity to cure the debt, and notice of the owner's right to a hearing before the board. The Association must account for all monies received from a tenant and must remit to the owner any rents received in excess of the past-due amount. A tenant's delivery of rent to the Association under the authority hereby granted is not a breach of the tenant's lease with the owner and does not subject the tenant to penalties from the owner.
- 7.7 <u>Money Judgment</u>. The Association may file suit seeking a money judgment against an owner delinquent in the payment of assessments, without foreclosing or waiving the Association lien for assessments.
- 7.8 <u>Notice to Mortgagee</u>. The Association may notify and communicate with any holder of a lien against a unit regarding the owner's default in payment of assessments.
- 7.9 Application of Payments. The Association may adopt and amend policies regarding the application of payments. The Association may refuse to accept partial payment or payment to which the payer attaches conditions or directions contrary to the Association's policy or applying payments. The Association's policy may provide that endorsement and deposit of a payment does not constitute acceptance by the Association, and that acceptance occurs when the Association posts the payment to the unit's account.

#### **ARTICLE 8**

#### **MAINTENANCE AND REPAIR OBLIGATIONS**

- 8.1 <u>Association Maintenance</u>. The Association's maintenance obligations will be discharged when and how the board deems appropriate. The Association maintains, repairs, and replaces, as a common expense, all general and limited common elements of the Property. The Association also maintains, as a common expense, any component of a unit delegated to the Association by this Declaration.
- 8.2 <u>Owner Responsibility</u>. Every owner has the following responsibilities and obligations for the maintenance, repair, and replacement of the Property:
  - a. To maintain, repair, and replace his unit, as needed.
  - b. To periodically clean the windows and screens of his unit, and to keep his unit's window treatments in a clean and attractive condition.
  - c. To keep the exterior walls, roof, and other exterior components of his unit in a neat, clean, odorless, orderly, and attractive condition.

- d. To maintain, repair, and replace all portions of the Property for which he is responsible under this Declaration or by agreement with the Association. This includes the exterior of the Unit.
- e. To not do any work or to fail to do any work which, in the reasonable opinion of the board, would materially jeopardize the soundness and safety of the Property, reduce the value thereof, or impair any easement or real property right thereto.
- f. To be responsible for his owner willful or negligent acts and those of his or the occupant's family, guests, agents, employees, or contractors when those acts necessitate maintenance, repair, or replacement of common elements or the property of another owner, or any component of the Property for which the Association has maintenance or insurance responsibility.
- 8.3 Exterior Walls, Sheetrock, and Roofs. The Association is responsible for the repair, maintenance, and replacement of exterior walls. Notwithstanding anything to the contrary in the Governing Documents, the Association is not responsible for the repair and replacement of interior sheetrock or roofs, including those roofs used as a patio or patio bar. Unit owners shall be responsible for the maintenance, repair and replacement of sheetrock or roofs, including roofs used as a patio or patio bar. Any insurance proceeds received by the Association related to damage shall be allocated in accordance with Section 82.111 of the Texas Property Code.

#### 8.4 Concrete.

- a. <u>Cracks</u>. Minor cracks in poured concrete, including foundations, sidewalks, and patios, are inevitable as a result of the natural movement of soil (expansion and contraction), shrinkage during the curing of the concrete, and settling of a Structure.
- b. Exposed Concrete Floors. This Section applies to residences or Structures with exposed concrete floors. This notice is given because Owners may be inexperienced with concrete and expect it to be as forgiving as wood or sheetrock. In deciding whether, when, and how to fill cracks in exposed concrete floors, and Owner is hereby made aware that the color and texture of the fill material may not match the rest of the concrete floor. On some exposed concrete floors, fill materials make minor cracks more noticeable than if the cracks had been left in their natural state. In addition, an Owner is hereby made aware that any specification for polished concrete means that the concrete will be polished, but this does not mean and Owner will be able to actually see their reflection in the floor.
- 8.5 <u>Mold.</u> In the era in which this Declaration is written, the public and the insurance industry have a heightened awareness of and sensitivity to anything pertaining to mold. Because many insurance policies do not cover damages related to mold, owners should be proactive in identifying and removing visible surface mold, and in identifying and repairing sources of water leaks in and around the unit. To discourage mold in his unit, each occupant should maintain an inside humidity level under 60 percent (60%). For more information about mold, the owner should consult a reliable source, such as the U.S. Environmental Protection Agency.
  - 8.5.1 <u>Owner's Duties</u>. To reduce the risks associated with concentrations of mold, owners should be proactive in preventing conditions or circumstances conducive

to mold, identifying mold, and eliminating mold. To that end, each owner is responsible for:

- a. Regularly inspecting his entire Unit for evidence of water leak or penetration.
- b. Repairing promptly any water leaks, breaks, or malfunctions of any kind of his Unit that may cause damage to another Unit or Common Element.
- c. Reporting promptly to the Association any water leak, penetration, break, or malfunction in any portion of his Unit or any adjacent Common Elements for which the Association may have maintenance responsibility.
- 8.6 Party Walls. Each wall which is built as a part of the original construction and placed on the dividing line between the Units shall constitute a party wall, and, to the extent not inconsistent with the provisions of this Section, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto. No alterations may be made to any party wall other than non-structural alterations to the interior surfaces of such walls (i.e., the surfaces of such walls facing the interior of a commercial unit); provided, however, that under no circumstances shall any alterations or attachments be made to any party wall surface that would create or may result in any physical damage, cosmetic or otherwise, to the party wall.
  - 8.6.1 <u>Sharing of Repair and Maintenance</u>. The cost of reasonable repair and maintenance of a party wall shall be shared by the Owners who make use of the wall in proportion to such use.
  - 8.6.2 <u>Destruction by Fire or Other Casualty</u>. If a party wall is destroyed or damaged by fire or other casualty, it shall be repaired under the provisions of Article 15. However, the Association may call for a contribution from either or both owners under any rule of law regarding liability for negligent or willful acts or omissions that contributed to the destruction of the party wall.
  - 8.6.3 <u>Weatherproofing</u>. Notwithstanding any other provision of this Article, and Owner who by his or her negligent or willful act causes the party wall to be exposed to the elements shall bear the whole cost of furnishing the necessary protection against such elements.
  - 8.6.4 Right to Contribution Runs with Land. The right of any Owner to Contribution from any other Owner under this Article shall be appurtenant to the land and shall pass to such Owner's successors in title.
- 8.7 <u>Warranty Claims</u>. If the owner is the beneficiary of a warranty against major structural defects of any portion of the Property that is the responsibility of the Association to maintain, the owner may NOT appoint the Association or its officers and directors as his attorney-in-fact to file, negotiate, receive, administer, and distribute the proceeds of any claim against the warranty that pertains to that component of the Property. This prohibition is warranted by the possibility that the Association may become a party to this dispute because of its duty to maintain the Property.
- 8.8 Owner's Default in Maintenance. If the board determines that an owner has failed to properly discharge his obligation to maintain, repair, and replace items for which the owner is responsible, the board may give the owner written notice of the Association's intent to provide the necessary maintenance at owner's expense. The notice must state, with reasonable particularity, that maintenance deemed necessary and a reasonable period of time in which to complete the work. If the owner fails or refuses to timely perform the maintenance, the Association may do so at owner's expense, which is an individual assessment against the owner and his unit. Such assessments may include, but are not limited to, cost of maintenance and repair, costs of a locksmith, and costs of security. In case of an emergency,

however, the board's responsibility to give the owner written notice may be waived and the board may take any action it deems necessary to protect persons or property, the cost of the action being the owner's expense.

8.9 <u>Disputes</u>. If a dispute arises regarding the allocation of maintenance responsibilities by this Declaration, the dispute will be resolved by delegating responsibility to the individual owners. Unit maintenance responsibilities that are allocated to the Association are intended to be interpreted narrowly to limit and confine the scope of Association responsibility. It is the intent of this Article that all components and areas not expressly delegated to the Association are the responsibility of the individual owners. The board is expressly authorized to amend the Maintenance Responsibility Chart, from time to time, without further amendment of this Declaration.

#### **ARTICLE 9**

#### ARCHITECTURAL COVENANTS AND CONTROL

- 9.1 Purpose. Because the units are part of single, unified community, the Association, subject to the terms and conditions of the Chapter 380 Economic Development and Performance Agreement related to exterior design and appearance of the Property, has the right to regulate the exterior design, use, and appearance of the units and common elements in order to preserve and enhance the Property's value and architectural harmony. One purpose of this Article is to promote and ensure the level of taste, design, quality, and harmony by which the Property is developed and maintained. Another purpose is to prevent improvements and modifications that may be widely considered to be racial, curious, odd, bizarre, or peculiar in comparison to then existing improvements. A Third purpose is to regulate the appearance of every aspect of proposed or existing improvements to the Property, including replacements or modifications of original construction or installation. During the Development Period, a primary purpose of this Article is to reserve and preserve Declarant's right of architectural control. Lastly, this Article is to ensure the Property complies with Burleson's vision of the Property as set forth in the Chapter 380 Economic Development and Performance Agreement.
- 9.2 <u>Exercise of Architectural Control</u>. During the Development Period, Declarant or its delegate is the sole architectural authority for the Property, subject to the terms and conditions of the Chapter 380 Economic Development and Performance Agreement related to the exterior design and appearance of the Property and pursuant to the architectural control provisions that may be enacted by the Association. After the Development Period, the board or a committee appointed by the board exercises architectural control over the Property. Whomever exercises architectural control pursuant to this Declaration is hereafter referred to as the "**Architectural Reviewer**."
- 9.3 <u>Limits on Liability</u>. The Architectural Reviewer has sole discretion with respect to taste, design, and all standards specified by this Article. The Architectural Reviewer and each of its members has no liability for its decisions made in good faith by the Architectural Reviewer, and which are not arbitrary or capricious. The Architectural Reviewer is not responsible for: (1) errors in or omissions from the plans and specifications submitted to the Architectural Reviewer, or (2) the compliance of the owner's plans and specification with city codes and ordinances, State and federal laws. Approval of a modification or improvement by the Architectural Reviewer may not be deemed to constitute a waiver of the Architectural Reviewer's right to without approval for similar proposals, plans, or specifications that are subsequently submitted.

# DON'T MAKE CHANGES (no matter how pretty) TO THE PROPERTY UNLESS YOU HAVE WRITTEN ARCHITECTURAL APPROVAL

- 9.4 <u>Prohibition of Construction, Alteration, & Improvement.</u> Without the Architectural Reviewer's prior written approval, a person may not commence or continue any construction, alteration, addition, improvement, installation, modification, redecoration, or reconstruction of or to the Property, or do anything that affects the appearance, use, or structural integrity of the Property. The Architectural Reviewer has the right but not the duty to evaluate every aspect of construction and property use that may adversely affect the general value or appearance of the Property.
- Architectural Approval. To request architectural approval, and owner must make written application and submit to the Architectural Reviewer TWO identical sets of plans and specifications showing the nature, kind, shape, color, size, materials, and locations of the work to be performed. In support of the application, the owner may but is not required to submit letters of support or non-opposition from owners of units that may be affected by the proposed change. The application must clearly identify any requirement of this Declaration for which a variance is sought. The Architectural Reviewer will return one set of plans and specifications to the applicant marked with the Architectural Reviewer's response, such as "Approved," "Denied," or "more Information Required." The Architectural Reviewer may retain the other set of plans and specifications, together with the application, for the Association's files. The Architectural Reviewer has the right but not the duty to evaluate every aspect of construction and property use that may alter or adversely affect the value, use, or appearance of the Property.
  - 9.5.1 <u>No Verbal Approval</u>. Verbal approval by the Architectural Reviewer, the Declarant, and Association's director or officer, or the Association's manager does not constitute architectural approval by the Architectural Reviewer, which must be in writing.
  - 9.5.2 <u>No Deemed Approval</u>. The failure of the Architectural Reviewer to respond to an application may not be construed as approval of the application. <u>Under no circumstance may approval of the Architectural Reviewer or of the Association be deemed, implied, or presumed.</u>
  - 9.5.3 <u>No Approval Required</u>. Approval is not required for an owner to remodel or repaint the interior of a unit, provided the work (1) does no impair the structural soundness of the building, (2) is not visible from the street, another unit, or a common element, and (3) does not adversely affect the common elements of another unit.
  - 9.5.4 <u>Hearing Before the Board if Request is Denied</u>. In the event that an Owner's Architectural Request is denied, that Owner may request, and shall be given, a hearing in front of the board to discuss the denial and any changes that may be made so that the Architectural Request may be approved.
  - 9.5.5 <u>Building Permit</u>. If the application is for work that requires a building permit from a governmental body, approval by the Architectural Reviewer is conditioned on the issuance of the appropriate permit. The Architectural Reviewer's approval of plans and specifications does not mean that they comply with the requirements of the governmental body. Alternatively, governmental approval does not ensure approval by the Architectural Reviewer.

- 9.5.6 <u>Neighbor Input</u>. The Architectural Reviewer may solicit comments on the application, including from owners or occupants of units that may be affected by the proposed change, or from which the proposed change may be visible. Whether to solicit comments, from whom to solicit comments, and whether to make the comments available to the applicant is solely at the discretion of the Architectural Reviewer. The Architectural Reviewer is not required to respond to the commenters in ruling on the application.
- 9.5.7 <u>Declarant Approved</u>. Notwithstanding anything to the contrary in this Declaration, any improvements to the property made or approved by Declarant during the Development Period is deemed to have been approved by the Architectural Reviewer.

#### If you don't get an "OK" in writing, you can't do it. Sorry.

- 9.6 <u>Owner's Duties</u>. If the Architectural Reviewer approved and owner's application, the owner may proceed with the improvement, provided:
  - a. The owner must adhere strictly to the plans and specifications which accompanied his application.
  - b. The owner must initiate and complete the improvement in a timely manner.
  - c. If the approved application is for work that required a building permit from the city, the owner must obtain the appropriate permit. The Architectural Reviewer's approval of plans and specifications does not mean that they comply with the city's requirement. Alternatively, approval by the city does not ensure approval by the Architectural Reviewer.
- 9.7 <u>Control for Variances</u>. This Section of the Declaration may not be amended without the approval of owners of at least 75 percent (75%) of the allocated interest in the Association and approval by Burleson which shall not be unreasonably withheld. If the Architectural Reviewer is considering approval of an application that seeks a variance or which, in the Architectural Reviewer's opinion, would constitute a variance of the Property's established standards, the Architectural Reviewer will so notify the board which, in turn, must notify an owner of each unit of the nature of the proposed variance at least 20 days before the Architectural Reviewer approved the application. The Architectural Reviewer may approve the variance unless owners of at least a majority of the units disapprove the proposed variance by petition or at a meeting of the Association.

#### **ARTICLE 10**

#### **USE RESTRICTIONS**

- 10.1 <u>Variance</u>. The use of the Property is subject to the restrictions contained in this Article which includes Article 4.03 of the Chapter 380 Economic Development and Performance Agreement, and subject to Rules adopted pursuant to this Article. The board or the Architectural Reviewer, as the case may be, may grant a variance or waiver of a restriction or Rule on a case-by-case basis when unique circumstances dictate, and may limit or condition its grant. To be effective, a variance must be in writing. The grant of a variance does not affect a waiver or estoppel of the Association's right to deny a variance in other circumstances.
- 10.2 <u>Association's Right to Promulgate Rules</u>. The Association, acting through the board, is granted the right to adopt, amend, repeal, and enforce reasonable Rules, and penalties for infractions

thereof, regarding the occupancy, use, disposition, maintenance, appearance, and enjoyment of the Property. The right to make rules, or to regulate, includes the right to prohibit or to restrict.

- 10.3 <u>Subjective Standards</u>. Standards for some rules and restrictions are inherently subjective, such as what is unattractive or offensive. The Association is not required to honor every occupant's individual tolerances. On lifestyle-related rules, the Association may refrain from acting on a perceived violation unless the board determines the violation to be significant or a community-wide problem. The Association may not be compelled by one occupant to enforce rules and restrictions against another occupant. Occupants are expected to deal directly and peaceably with each other about their differences.
- 10.4 <u>Rules and Regulations</u>. In addition to the restrictions contained in this Article, each unit is owned and occupied subject to the right of the board to establish Rules, and penalties for infractions thereof, governing:
  - a. Use of common elements.
  - b. Hazardous, illegal, or annoying materials or activities on the Property.
  - c. The use of Property-wide services provided through the Association.
  - d. The consumption of utilities billed to the Association.
  - e. The use, maintenance, and appearance of anything visible from the street, common elements, or other units.
  - f. The occupancy of leasing of units.
  - g. Animals.
  - h. The installation of Signs within the Association.
  - i. Vehicles.
  - j. Disposition of trash and control of vermin, termites, and pests.
  - k. Anything that interferes with maintenance of the Property, operation of the Association, administration of the Governing Documents, or the quality of life for occupants.
- 10.5 <u>Animals</u>. No animal, bird, fish, reptile, or insect of any kind may be kept, maintained, raised, or bred anywhere on the Property. Dogs shall be kept on a leash when outside the property or appurtenant limited common element. It is the pet owner's responsibility to keep the Common Elements clean and free of pet debris and to pick up and properly dispose of pet waste wherever deposited. Any animal that in the judgment of the Board represents a hazard or annoyance, or risk to the Association Members must be removed within a proper time frame determined by the Board.
- 10.6 <u>Annoyance</u>. No unit or limited common element may be used in any way that: (1) may reasonably be considered annoying to neighboring units; (2) may be calculated to reduce the desirability of the Property as a commercial neighborhood; (3) may endanger the health or safety of occupants; (4) may result in the cancellation of insurance on any portion of the Property; or (5) will violate any law. The board has the sole authority to determine what constitutes an annoyance.
- 10.7 <u>Appearance</u>. Both the exterior and interior of the units must be maintained in a manner so as not to be unsightly when viewed from the street, common elements, or neighboring units. The board will be the sole arbitrator or acceptable appearance standards.
- 10.8 <u>Declarant Privileges</u>. In connection with the development and marketing of the Property, Declarant has reserved a number of rights and privileges to use the Property in ways that are not available to other owners and occupants, as provided in <u>Appendix F</u> of this Declaration. Declarant's exercise of a Development Period right that appears to violate a rule or a use restriction of this Article does not constitute waiver or abandonment of the restriction by the Association.

- 10.9 <u>Drainage</u>. No person may interfere with the established drainage pattern over any part of the Property unless an adequate provision for property drainage has been approved by the board.
- 10.10 <u>Walkways</u>, Passageways, and <u>Sidewalks</u>. Walkways, Passageways, Sidewalks and other pedestrian areas may not be used for any purpose that interferes with their ongoing use as routes of vehicular or pedestrian access. Some outdoor areas, walkways, and passageways may be use for outdoor dining and recreation if approved by the Board of Directors.
- 10.11 <u>Energy Conservation</u>. Although energy conservation may be consistent with public policy, without the board's prior written authorization, which may be denied, no energy conservation device may be places on or affixed to a common element. Without limitation, energy conservation devices include solar panels, rain barrels, compost devices, and clotheslines.
- 10.12 <u>Fire Safety</u>. On the date of this Declaration, public authorities require the buildings to be constructed with a fire safety water sprinkler system in each unit. No person may use, misuse, cover, disconnect, tamper with, or modify the fire safety equipment of the Property, including the sprinkler heads and water lines in and above the ceilings of the unit, or interfere with the maintenance and/or testing of same by the Association or public officials, or by their respective representatives.
- 10.13 <u>Flags</u>. Although public policy encourages the flying of flags as a display of pride and patriotism, without the board's prior written authorization, which may be denied, no flag display may be installed or affixed in or on the common element, to the extent such limitation is permitted by public law. Any installation of a flag or flagpole is subject to approval by the Architectural Review Authority.
- 10.14 <u>Landscaping</u>. No person may perform landscaping, planting, or gardening anywhere upon the Property without the board's prior written authorization.

Although music is a universal language, no one type or volume of music is universally loved – not even your favorite music, as wonderful as it is. Please be mindful to respect all City and Local noise ordinances.

10.15 <u>Noise & Odor</u>. An occupant must exercise reasonable care to avoid making or permitting to be made loud, disturbing, or objectionable noises or noxious odors that are likely to disturb or annoy occupants of neighboring units. The Rules may limit, discourage, or prohibit the use of noise-producing activities and items in the units on the common elements, such as security devises and windchimes.

All Owners and occupants shall take care to abide by the Noise Ordinance for the City of Burleson. The Association maintains the right and ability, but shall not be required, to enforce the terms and provisions of the City of Burleson Noise Ordinance against an Owner should the City of Burleson fail to enforce said Ordinance.

Any fine assessed against the Association by the City of Burleson due to the actions of an Owner may be assessed against the Owner or guest responsible for said violation as an individual assessment.

Although the units are constructed to reduce the transmission of sound between adjoining units, the units are not soundproofed. Some noise transmission between adjoining units is possible.

- 10.16 <u>Noise & Odor Common Area</u>. Occupants of units in close proximity to any common area must anticipate (and tolerate) a certain amount of periodic noise and activity in connection with occupants' customary use of the area.
- 10.17 <u>Occupancy</u>. No part of the property may be used for purposes other than for the units of a commercial business enterprise. Nothing in this declaration shall prevent an owner from leasing or renting out the unit owned by the owner, subject to the terms and provisions of the Declaration.
- 10.18 Religious Display. To the extent permitted and protected by applicable law (such as TX Prop Code Sec 202.018), an owner or occupant may display or affix one or more religious items to the outside surface of the unit provided (1) the display is motivated by the owner or occupant's sincere religious belief; (2) the display does not violate a law or threaten public health or safety; and (3) the display is not patently offensive to a passerby of average sensibilities. A unit owner may not affix a religious display to a common element or limited common element. In addition to remedies available to the Association for a violation of the Governing Documents, the Association may exercise self-help to remove a religious display that violates this Section.
- 10.19 <u>Commercial or Governmental Use</u>. The use of a unit is limited exclusively to commercial or governmental purposes or any other use permitted by this Declaration. Units may not be used for residential use.
- 10.20 <u>Signs</u>. No signs, including signs advertising the units for sale or lease, or unsightly objects may be erected, placed, or permitted to remain on the Property or to be visible from windows, or doors in the units without written authorization of the board. The board's authorization may specify the location, nature, dimensions, number, and time period of any advertising sign. As used in this Section, "sign" includes, without limitation, lettering, images, symbols, pictures, shapes, lights, banners, and any other representation or medium that conveys a message. The Association may affect the immediate removal of any sign or object that violates this Section or which the board deems inconsistent with Property standards without liability for trespass or any other liability connected with the removal.
- 10.21 <u>Specific Uses</u>. A common element that has a specific use may not be used for any other purpose without the prior written consent of the board. In particular, sidewalks, walkways, stairwells, elevators, and other passageways may not be used for any purpose that interferes with their ongoing use as routes of pedestrian access. Some common areas, walkways, and passageways may be use for outdoor dining and recreation if approved by the Board of Directors.
- 10.22 <u>Structural Integrity</u>. No person may directly or indirectly impair the structural soundness or integrity of a building or another unit, not do any work or modification that will impair an easement or real property right.

# EVERY OCCUPANT OF BTX CONDOMINIUM ASSOCIATION IS EXPECTED TO COMPLY WITH THESE RULES AND WITH PUBLISHED RULES ADOPTED BY THE BOARD OF DIRECTORS.

10.23 <u>Television & Internet Connectivity</u>. Each occupant of the Property will avoid doing or permitting anything to be done that may unreasonably interfere with the television, internet signal, wifi connectivity, radio, telephonic, electronic, microwave, cable, or satellite reception on the Property. Without the prior written consent of the Architectural Reviewer, no person may install an antenna, microwave or satellite dish, receiving or transmitting tower on the common elements or the exterior of buildings. Notwithstanding the foregoing and to the extent required by public law, the following items

(hereafter "Antenna/Dish") may be installed subject to this Section: (1) reception-only tv antennas, (2) direct broadcast satellites (DBS) that are one meter or less in diameter, and (3) multipoint distribution service (MDS) antennas that are one meter or less in diameter.

- 10.23.1 <u>Definitions</u>. As used in this Section "Antenna/Dish Unit" means the unit served by a satellite dish or antenna, or the unit that is obviously intended to be served by a satellite dish or antenna, regardless of whether the service is operational. "Antenna/Dish Owner" means the owner of a unit served by a satellite dish or antenna, regardless of whether the unit owner purchases, uses, or has actual knowledge of the satellite dish or antenna.
- 10.23.2 <u>Location</u>. Without the prior written approval of the Association, an Antenna/Dish may not be placed on the roof or on any exterior surface of the building; provided, however, an Antenna/Dish may be placed or installed in an area which the owner has exclusive use as a limited common element provided the Antenna/Dish is not visible from the ground and is not attached to the top or exterior surface of a unit.
- 10.23.3 Owner Responsibility. The installation of an Antenna/Dish on common elements automatically subjects the Antenna/Dish Unit and its owner to this Section, regardless of who installed the Antenna/Dish and regardless of whether the Antenna/Dish Owner has actual notice of the installation. The Antenna/Dish Owner is solely responsible for (1) the cost of maintaining, repairing, replacing, and removing, as necessary, the Antenna/Dish, and (2) the cost of repairing common elements if such repairs are necessitated by the Antenna/Dish or its installation, maintenance, repair, or replacement, irrespective of whether the repairs are undertaken by the Antenna/Dish Owner or the Association. If required by the Association, the Antenna/Dish Owner will remove the Antenna/Dish, as necessary, to permit the Association to maintain, repair, or replace common elements as the Association in its sole discretion, deems necessary or desirable.
- 10.23.4 <u>Association Controls</u>. To the extent permitted by public law, the Association may adopt and amend reasonable standards to the color, appearance, location, method of installation, maintenance, camouflaging, screening, and use of Antenna/Dishes. The location and installation of an Antenna/Dish on the common elements must have prior written approval of the Association, unless the location and installation comply with the most current standards that have been adopted and published by the Association.
- 10.23.5 <u>Interference</u>. An Antenna/Dish or the use of an Antenna/Dish may not interfere with satellite or broadcast reception to other units or the common elements, or otherwise be a nuisance to occupants of other units or to the Association. The board of directors may determine what constitutes a nuisance to the Association.
- 10.23.6 Risk. An Antenna/Dish on the common elements exists at the sole risk of the owner and/or occupant of the Antenna/Dish Unit. The Association does not insure the Antenna/Dish and is not liable to the Antenna/Dish Owner or any other person for any loss or damage to the Antenna/Dish from any cause. The Antenna/Dish Owner will defend and indemnify the Association, its directors, officers, and members, individually and collectively, against losses due to any and all claims for damages or lawsuits, by anyone, arising from his Antenna/Dish.

- 10.24 <u>Vehicles</u>. All vehicles on the Property, whether owned or operated by the occupants or guests, are subject to this Section and any rules regulating the types, sizes, numbers, conditions, uses, appearances, and locations of vehicles on the Property. The board may prohibit any vehicle which the board deems to be a nuisance, unsightly, or inappropriate. The board may prohibit sales, storage, washing, repairs, or restorations of vehicles on the Property. Vehicles that transport inflammatory or explosive cargo are prohibited from the Property at all times. No vehicle may obstruct the flow of traffic, constitute a nuisance, or otherwise create a safety hazard on the Property. The Association may affect the removal of any vehicle of this Section or the Rules without liability to the owner or operator of the vehicle. Owners within the Association should make every effort to have deliveries within the early morning hours and have delivery trucks not remain greater than 15 minutes per delivery.
- 10.25 <u>Window Treatments</u>. BTX Condominium Association is designed to have a uniform window appearance for all windows. Therefore, the color and condition of all windows panes, window screens, and window treatments must conform to the building standard and the terms and conditions of the Chapter 380 Economic Development and Performance Agreement. All window treatments in a Building must be uniform in color, style, appearance, and quality. All window treatments must be maintained in good condition and must not detract from the appearance of the Property. The Architectural Reviewer may require an owner to change or remove a window treatment, window film, window screen, or window decoration that the Architectural Reviewer determines to be inappropriate, unattractive, or inconsistent with the Property's uniform window standard. The Architectural Reviewer may prohibit the use of certain colors or materials for window treatments.

#### **UNIT LEASING**

- 11.1 <u>Lease Conditions</u>. The Units may be used for leasing. The leasing of units is subject to the following conditions: (1) whether or not it is so stated in a lease, every lease is subject to the Governing Documents; (2) all leases must be in writing and must be made subject to the Governing Documents; (3) an owner is responsible for providing his tenant with copies of the Governing Documents and notifying him of changes thereto; (4) each tenant is subject to and must comply with applicable provisions of the Governing Documents, federal and State laws, and local ordinances; (5) the owner is responsible and liable for the acts and omissions of the occupants of his unit; (6) Owner is responsible to provide the Association with a copy of the lease and the name and contact information for the tenants/occupants; and (7) no unit may be leased for residential purposes.
- 11.2 Owner Occupancy. For purposes of this Article, a unit is considered "owner occupied" if at least one occupant of an occupied unit is an owner of the unit or is related by blood, marriage, or adoption to an owner of the unit, or if the unit is vacant except that a unit being offered for lease may not be considered "owner occupied" even though the unit is then-vacant or then-occupied by an owner. In calculating occupancy, units are counted uniformly regardless of size.
- 11.3 <u>Eviction of Tenants</u>. Every lease agreement on a unit, whether written or oral, express or implied, is subject to and is deemed to include the following provisions
  - 11.3.1 <u>Violation Constitutes Default</u>. Failure by the tenant or his invitees to comply with applicable provisions of the Governing Documents, federal or State law, or local ordinance is deemed to be a default under the lease. When the Association notifies an owner of his tenant's violation, the owner will promptly obtain his tenant's compliance or exercise his rights as a landlord for tenant's breach of

- lease. If the tenant's violation continues or is repeated, and if the owner is unable, unwilling, or unavailable to obtain his tenant's compliance, then the Association has the power and right to pursue the remedies of a landlord under the lease or State law for the default, including eviction of the tenant, subject to the terms of this Section
- 11.3.2 <u>Association as Attorney-in-Fact</u>. Notwithstanding the absence of an express provision in the lease agreement for enforcement of the Governing Documents by the Association, each owner appoints the Association as his attorney-in-fact, with full authority to act in his place in all respects, solely for the purpose of enforcing the Governing Documents against his tenants, including but not limited to the authority to institute forcible detainer proceedings against his tenant on his behalf, provided the Association gives the owner at least 10 days' notice, by certified mail, of its intent to so enforce the Governing Documents
- 11.3.3 <u>Association not Liable for Damages</u>. The owner of a leased unit is liable to the Association for any expenses incurred by the Association in connection with enforcement of the Governing Documents against his tenant. The Association is not liable to the owner for any damages, including lost rents, suffered by the owner in relation to the Association's enforcement of the Governing Documents against the owner's tenant.
- 11.4 <u>Mortgagees & Declarant Exempt</u>. A Mortgagee acquiring possession of or title to a unit by exercise of its rights under a deed of trust is exempt from the effect of this Article. This exemption does not pass to the Mortgagee's successors and assigns. During the Development Period, Declarant is exempt from the effect of this Article.

#### **ASSOCIATION OPERATIONS**

- 12.1 <u>The Association</u>. The existence and legitimacy of the Association is derived from this Declaration and the Bylaws of the Association.
  - 12.1.1 Type. The Association must be a nonprofit organization. As long as Texas law requires the incorporation of condominium associations, the Association will be incorporated as a nonprofit corporation. The failure of the Association to maintain its corporate charter from time to time does not affect the existence or legitimacy of the Association.
  - 12.1.2 Name. A name is not the defining feature of the Association. Although the initial name of the Association is BTX Condominium Association, Inc., the Association may operate under any name that is approved by the board and (1) filed with the Johnson County Clerk as an assumed name, or (2) filed with the Secretary of State as the name of the filing entity. The Association may also change its name by amending the Governing Documents. Another legal entity with the same name as the Association, or with a name based on the name or location of the Property, is not the Association, which derives its authority from this Declaration.
  - 12.1.3 <u>Duties</u>. The duties and powers of the Association are those set forth in the Governing Documents, together with the general and implied powers of a condominium association and, as applicable, an unincorporated nonprofit

- corporation or a nonprofit association organized under the laws of the State of Texas. Generally, the Association may do any and all things that are lawful and necessary, proper, or desirable in operating for the peace, health, comfort, and general benefit of its members, subject only to the limitations on the exercise of such powers as stated in the Governing Documents.
- 12.1.4 <u>Duration</u>. The Association comes into existence on the earlier to occur of the two following events: (1) the date on which the Association's certificate of formation is filed with the Secretary of State of Texas, or (2) the date on which a unit deed is recorded in the Real Property Records of Johnson County, Texas, evidencing diversity of ownership in the Property (that the Property is not owned entirely by Declarant or its affiliates). The Association will continue to exist at least as long as this Declaration, as it may be amended, is effective against all or part of the Property.

# EVERY OWNER OF A BTX CONDOMINIUM ASSOCIATION UNIT AUTOMATICALLY JOINS A MANDATORY MEMBERSHIP ASSOCIATION.

- 12.2 <u>Board</u>. The Association will be governed by a board of directors elected by the members. Unless the Association's bylaws or articles of incorporation provide otherwise, the board will consist of at least 3 persons elected at the annual meeting of the Association, or at a special meeting called for that purpose. Unless the Governing Documents expressly reserve a right, action, or decision to the members/owners, Declarant, or another party, the board acts in all instances on behalf of the Association. Unless the context indicates otherwise, references in the Governing Documents to the "Association" may be construed to mean "the Association acting through its board of directors."
- 12.3 <u>Membership</u>. Each owner is a member of the Association, ownership of a unit being the sole qualification for membership. Membership is appurtenant to and may not be separated from ownership of the unit. The board may require satisfactory evidence of transfer of ownership before a purported owner is entitled to vote at meetings of the Association. If a unit is owned by more than one person or entity, each co-owner is a member of the Association and may exercise the membership rights appurtenant to the unit. A member who sells his unit under a contract for deed may delegate his membership rights to the contract purchaser, provided a written assignment is delivered to the board. However, the contract seller remains liable for all assessments attributable to his unit until fee title to the unit is transfer red. Unless the Governing Documents provide otherwise, any action requiring approval of the members may be approved in writing by owners of at least a majority of all units, or at a meeting by owners of at least a majority of the units that are represented at the meeting.
- 12.4 <u>Decision-Making</u>. Any decision or act of the Association may be made by or at the direction of the board, unless the Governing Documents reserve the decision or act to the members, the Declarant, or any other person or group. Unless the Governing Documents or applicable law provide otherwise, any action requiring approval of the members may be approved (1) at a meeting by owners of at least a majority of the voting interests that are represented at the meeting, provided notice of the meeting was given to an owner of each unit, or (2) in writing by owners of at least a majority of all units, provided the opportunity to approve or disapprove was given to an owner of each unit.

- 12.5 <u>Manager</u>. The board may delegate the performance of certain functions to one or more managers or managing agents of the Association. Notwithstanding any delegation of its functions, the board is ultimately responsible to the members for governance of the Association.
- 12.6 <u>Communications</u>. This Declaration is drafted in an era of rapidly changing communication technologies. Declarant does not intend to limit the methods by which the Association, owners, and occupants communicate with each other. Such communications may be by any method or methods that are available and customary. For example, if the Association is required by the Governing Documents or applicable law to make information available to owners of all units, that requirement may be satisfied by posting the information on the Association's website or by using electronic means of disseminating the information, unless applicable law requires a specific method of communication. It is foreseeable that meetings of the Association and voting on issues may eventually be conducted via technology that is not widely available on the date of this Declaration. As communication technologies change, the Association may adopt as its universal standard any technology that is used by owners of at least 85 percent of the units. Also, the Association may employ multiple methods of communicating with owners and occupants. The Association may communicate with its members via email unless expressly required to use an alternative means of communication by Texas law.
- 12.7 <u>Books & Records</u>. The Association will maintain copies of the Governing Documents and the Association's books, records, and financial statements. Books and records of the Association will be made available for inspection and copying pursuant to the requirements of applicable law.
  - 12.7.1 <u>Document Retention Policy</u>. The Association shall maintain the following documents for the following lengths of time:
    - a. Certificates of formation, bylaws, restrictive covenants, and all amendments to the certificates of formation, bylaws, and covenants shall be retained permanently by the Association.
    - b. Financial books and records shall be retained for a minimum of seven years.
    - c. Account records of current owners shall be retained for a minimum of five years.
    - d. Contracts with a term of one year or more shall be retained for a minimum of four years after the expiration of the contract term.
    - e. Minutes of meetings of the owners and the board shall be retained for a minimum of seven years.
    - f. Tax returns and audit records shall be retained for a minimum of seven years.

#### 12.7.2 Records Production and Copying Policy:

- a. All books, records, and financial records shall be open to and reasonably available for examination by an owner within the community or by the owner's designated agent except for those outlined in Paragraph 6 below. An owner or their agent is also entitled to copies of said records. Should an owner designate an agent for inspection of records, such designation must be made in writing and submitted to the Association prior to any inspection or production of any records.
- b. A Records Request must be submitted to the Association in writing, via Certified Mail, Return Receipt Requested to the mailing address of the Association or authorized representative as reflected in the most recent Management Certificate. The owner's request must describe in sufficient detail the records requested and specify whether the owner is requesting to inspect the records or is requesting copies. If the owner requests any of the

- records specified under F of this Resolution, then the written request for records must also include a declaration affirming approval of the inspection and/or release of those specific records, either to himself or to the owner's designated agent.
- c. The Association shall reply to such a Records Request by an owner within 10 business days of the receipt of the request. If the Association is unable to produce the records within 10 business days, the Association shall inform the owner of such within 10 business days of the receipt of the owner's request and inform the owner that the information will be available not later than 15 business days from the date of the response to the owner's Records Request.
  - Inspection Requested: Should the owner submitting the request seek
    to inspect documents, the Association shall reply with the dates and
    times during normal business hours that records will be available for
    inspection as well as the costs the Association will charge for the
    inspection of said records. If the Association is unable to produce the
    records within 10 business days, the Association shall inform the
    owner of such within 10 business days of the receipt of the owner's
    request and inform the owner that the information will be available
    not later than 15 business days from the date of the response to the
    owner's Records Request.
  - 2. <u>Copies Requested</u>: Should the owner submitting the request seek the production of copies of Association records, the Association shall produce all requested records that are within their possession or control within ten business days. If the Association is unable to produce the records within 10 business days, the Association shall inform the owner of such within 10 business days of the receipt of the owner's request and inform the owner that the information will be available not later than 15 business days from the date of the response to the owner's Records Request.
- d. Records may be produced in hard copy, electronic format, or any other format that is reasonably available to the Association.
- e. The Association shall require the advance payment of estimated costs of compilation and production of records. The Association shall charge the costs outlined under Title 1, Rule 70.3 of the Texas Administrative Code. Once an owner has inspected or received copies under the Records Request, a Final Invoice shall be delivered to the owner within 30 days of the records production. If the owner does not pay the final amount showing on the invoice within 30 days, then the amount on the invoice shall be added to the owner's account as an assessment. An owner may not be foreclosed upon for non-payment of this balance due. If a refund is due to the owner after a Records Request, then the refund shall be sent along within the Final Invoice.
- f. The following records shall be unavailable for copying or inspection without written approval of the owner, or a court order stating that such records must be released:
  - 1. Attorney files and records;
  - 2. Personal information of owners;
  - 3. Violation history of owners;
  - 4. Personal financial information of an owner;

- 5. Records of payment or non-payment of an owner;
- 6. Association Employee Information;
- 7. Contact information of an owner.
- 12.8 <u>Indemnification</u>. The Association indemnifies every officer, director, and committee member (for purposes of this Section, "**Leaders**") against expenses, including attorney's fees, reasonably incurred by or imposed on the Leader in connection with any threatened or pending action, suit, or proceeding to which the Leader is a party or respondent by reason of being or having been a Leader. A Leader is not liable for a mistake of judgment. A Leader is liable for his willful misfeasance, gross negligence, malfeasance, misconduct, or bad faith. This right to indemnification does not exclude any other rights to which present or former Leaders may be entitled. As a common expense, the Association may maintain general liability and directors and officers liability insurance to fund this obligation.
- 12.9 <u>Obligations of Owners</u>. Without limiting the obligations of owners under the Governing Documents, each owner has the following obligations:
  - 12.9.1 <u>Pay Assessments</u>. Each owner will pay assessments properly levied by the Association against the owner or his unit, and will pay regular assessments without demand by the Association.
  - 12.9.2 <u>Transfers</u>. Each owner will pay the applicable HOA Sale Fees at the time of the transfer of their unit.
  - 12.9.3 <u>Comply</u>. Each owner will comply with the Governing Documents as amended from time to time.
  - 12.9.4 <u>Reimburse</u>. Each owner will pay for damage to the Property caused by the negligence or willful misconduct of the owner, an occupant of the owner's unit, or the owner or occupant's family, guests, employees, contractors, agents, or invitees.
  - 12.9.5 <u>Liability</u>. Each owner is liable to the Association for violations of the Governing Documents by the owner, a occupant of the owner's unit, or the owner or occupant's family, guests, employees, agents, or invitees, and for costs incurred by the Association to obtain compliance, including attorney's fees whether or not suit is filed.
- 12.10 <u>Unit Sales</u>. For purposes of this Declaration, a "resale" is every sale or conveyance of a unit (or of an interest in a unit), other than the initial sale of the unit by Declarant to the initial owner. The sale of a unit by Declarant to an owner is considered a "New Commercial Unit Sale" for purposes of this Declaration. New Commercial Unit Sales are not resales.
  - 12.10.1 <u>Resale Certificates</u>. An owner intending to resell his unit will notify the Association and will request a condominium resale certificate from the Association.
  - 12.10.2 No Right of First Refusal. The Association does not have a right of first refusal and may not compel a selling owner to convey the owner's unit to the Association.
  - 12.10.3 <u>HOA Sale Fees</u>. At time of transfer, the HOA Sale Fees described in Section 5.15 of this Declaration and in the publicly recorded Notice of HOA Sale Fees are due and payable by buyer and/or seller.
  - 12.10.4 <u>Information</u>. Within 30 days after acquiring an interest in a resale unit, an owner will provide the Association with the following information: a copy of the settlement statement or deed by which owner has title to the unit; the owner's email address (if any), U. S. postal address, and phone number; any mortgagee's name, address, and loan number; the name and phone number of any occupant

- other than the owner; the name, address, and phone number of owner's managing agent, if any.

#### **ENFORCING THE DOCUMENTS**

- 13.1 <u>Remedies</u>. The remedies provided in this Article for breach of the Governing Documents are cumulative and not exclusive. In addition to other rights and remedies provided by the Governing Documents and by law, the Association has the following right to enforce the Governing Documents:
  - 13.1.1 <u>Nuisance</u>. The result of every act or omission that violates any provision of the Governing Documents is a nuisance, and any remedy allowed by law against a nuisance, either public or private, is applicable against the violation.
  - 13.1.2 <u>Fine</u>. The Association may levy reasonable charges, as an individual assessment, against an owner and his unit if the owner or occupant, or the owner or occupant's family, guests, employees, agents, or contractors violate a provision of the Governing Documents. Fines may be levied for each act of violation or for each day a violation continues, and does not constitute a waiver or discharge of the owner's obligations under the Governing Documents. Fine amounts shall be determined by the Board of Directors. The Board of Directors may, but shall not be required to, file a fining policy as a dedicatory instruments.
  - 13.1.3 <u>Suspension</u>. The Association may suspend the right of owners and occupants to use common elements (except rights of ingress and egress) for any period during which the owner or occupant, or the owner or occupant's family, guests, employees, agents, or contractors violate the Governing Documents. A suspension does not constitute a waiver or discharge of the owner's obligations under the Governing Documents.
  - 13.1.4 <u>Self-Help.</u> The Association has the right to enter a common element or unit to abate or remove, using force as may reasonably be necessary, any erection, thing, animal, person, vehicle, or condition that violates the Governing Documents. In exercising this right, the board is not trespassing and is not liable for damages related to the abatement. The board may levy its costs of abatement, including but not limited to, costs of security, vendors, contractors, and locksmiths, against the unit and owner as an individua I assessment. The board will make reasonable efforts to give the violating owner prior notice of its intent to exercise self-help. The notice may be given in any manner likely to be received by the owner. Prior notice is not required (1) in the case of emergencies, (2) to remove violative signs,

- (3) to remove violative debris, or (4) to remove any other violative item or to abate any other violative condition that is easily removed or abated and that is considered a nuisance, dangerous, or an eyesore to the neighborhood. Notwithstanding the foregoing, the Association may not alter or demolish an item of construction in a unit without judicial proceedings. By accepting an interest in or title to a unit, each owner grants to the Association all powers and rights necessary to exercise this right of self-help as to property used or owned by the owner or a occupant of the unit, and their respective invitees. Accordingly, this Subsection constitutes an owner's actual written consent if any is required by applicable law.
- a violation of the Governing Documents, provided the board does not act in an arbitrary or capricious manner. In evaluating a particular violation, the board may determine that under the particular circumstances (1) the Association's position is not sufficiently strong to justify taking any or further action; (2) the provision being enforced is or may be construed as inconsistent with applicable law; (3) although a technical violation may exist, it is not of such a material nature as to be objectionable to a reasonable person or to justify expending the Association's resources; or (4) that enforcement is not in the Association's best interests, based on hardship, expense, or other reasonable criteria.
- 13.3 <u>No Waiver</u>. The Association and every owner has the right to enforce all restrictions, conditions, covenants, liens, and charges now or hereafter imposed by the Governing Documents. Failure by the Association or by any owner to enforce a provision of the Governing Documents is not a waiver of the right to do so thereafter.
- 13.4 Recovery of Costs. The costs of curing or abating a violation are the expense of the owner or other person responsible for the violation. If legal assistance is obtained to enforce any provision of the Governing Documents, or in any legal proceeding (whether or not suit is brought) for damages or for the enforcement of the Governing Documents or the restraint of violations of the Governing Documents, the prevailing party is entitled to recover from the non prevailing party all reasonable and necessary costs incurred by it in such action, including reasonable attorneys' fees.
- Notice and Hearing. Before levying a fine for violation of the Governing Documents, or before levying an individual assessment for property damage, the Association will give the owner written notice of the levy and an opportunity to be heard, to the extent required by applicable law, such as Section 82.102(d) of the Act. The Association's written notice must contain a description of the violation or property damage; the amount of the proposed fine or damage charge; a statement that not later than the 30th day after the date of the notice, the owner may request a hearing before the board to contest the fine or charge; and a stated date by which the owner may cure the violation to avoid the fine unless the owner was given notice and a reasonable opportunity to cure a similar violation within the preceding 12 months. The Association may also give a copy of the notice to the occupant. Pending the hearing, the Association may continue to exercise its other rights and remedies for the violation, as if the declared violation were valid. The owner's request for a hearing suspends only the levy of a fine or damage charge. The owner may attend the hearing in person, or may be represented by another person or written communication. The board may adopt additional or alternative procedures and requirements for notices and hearing, provided they are consistent with the Act's requirements.

#### **INSURANCE**

- 14.1 <u>General Provisions</u>. All insurance affecting the Property is governed by the provisions of this Article, with which the board will make every reasonable effort to comply, including the following:
  - 14.1.1 <u>Common Expense</u>. The cost of insurance coverages and bonds maintained by the Association is a common expense.
  - 14.1.2 <u>Insurer</u>. Insurance policies and bonds obtained and maintained by the Association must be issued by responsible insurance companies authorized to do business in the State of Texas.
  - 14.1.3 <u>Insured</u>. The Association must be the named insured on all policies obtained by the Association. The loss payee clause should show the Association as trustee for each owner and Mortgagee.
  - 14.1.4 <u>Subrogation</u>. Policies of property and general liability insurance maintained by the Association must provide that the insurer waives its rights to subrogation under the policy against an owner.
  - 14.1.5 <u>Association as Trustee</u>. Each owner irrevocably appoints the Association, acting through the board, as his trustee to negotiate, receive, administer, and distribute the proceeds of any claim against an insurance policy maintained by the Association.
  - 14.1.6 Notice of Cancellation or Modification. Each insurance policy maintained by the Association should contain a provision requiring the insurer to give prior written notice, as provided by the Act, to the board before the policy may be canceled, terminated, materially modified, or allowed to expire, by either the insurer or the insured. The board will give to Eligible Mortgagees, and the insurer will give to Mortgagees, prior notices of cancellation, termination, expiration, or material modification.

#### **NOTICE**

## Under some circumstances, a unit owner may be required to pay the deductible on the Association's property insurance policy.

- 14.1.7 <u>Deductibles</u>. An insurance policy obtained by the Association may contain a reasonable deductible. The Association may require that the deductible be paid, in whole or in part, by the party who would be liable for the loss or repair in the absence of insurance. If a loss is due wholly or partly to an act or omission of an owner or occupant or his invitees, the Association may require the owner to reimburse the Association for the amount of the deductible that is attributable to the act or omission. The Association's property insurance policy must be written with deductibles that meet or exceed the requirements of an Underwriting Lender.
- 14.1.8 <u>Mortgage Clause</u>. The Association's policies should contain the standard mortgagee clause naming either the Mortgagee or its servicer followed by "its successors and assigns."

- 14.1.9 <u>Prejudice</u>. The insurance will not be prejudiced by the act or omission of any owner or occupant who is not under the Association's control.
- 14.2 <u>Property Insurance</u>. The Association will obtain blanket all-risk insurance, if reasonably available, for all improvements insurable by the Association. If blanket all-risk insurance is not reasonably available, then at a minimum, the Association will obtain an insurance policy providing fire and extended coverage. This insurance must be in an amount sufficient to cover 100 percent of the replacement cost of any repair or reconstruction in event of damage or destruction from any insured hazard. The Federal National Mortgage Association recommends use of a guaranteed replacement cost endorsement, or a replacement cost endorsement, together with an agreed amount endorsement in case of coinsurance.
  - 14.2.1 <u>Common Property Insured</u>. The Association will insure (1) general common elements; (2) limited common elements; and (3) property owned by the Association including, if any, records, furniture, fixtures, equipment, and supplies.
  - 14.2.2 <u>Units Insured by Association</u>. In addition to insuring the common elements against casualty loss, the Association will maintain property insurance on the units as originally constructed. The Association may insure betterments and improvements installed by current or previous owners. In insuring units, the Association may be guided by types of policies customarily available for similar types of properties.
  - 14.2.3 Endorsements. To the extent reasonably available, the Association will obtain endorsements to its property insurance policy as required by any Underwriting Lender. The Federal National Mortgage Association requires the following endorsements: Inflation Guard Endorsement, Building Ordinance or Law Endorsement, and a Special Condominium Endorsement.
- 14.3 <u>Liability Insurance</u>. The Association will maintain a commercial general liability insurance policy over the common elements -- expressly excluding the liability of each owner and occupant within his unit -- for bodily injury and property damage resulting from the operation, maintenance, or use of the common elements. The amount of coverage should be at least that required by an Underwriting Lender. The Federal National Mortgage Association requires a minimum of \$1 million for bodily injury and property damage per single occurrence. If the policy does not contain a severability of interest provision, it should contain an endorsement to preclude the insurer's denial of an owner's claim because of negligent acts of the Association or other owners.
- 14.4 <u>Worker's Compensation</u>. The Association may maintain worker's compensation insurance if and to the extent necessary to meet the requirements of applicable State law or if the board so chooses.
- 14.5 <u>Fidelity Coverage</u>. The Association may maintain blanket fidelity coverage for any person who handles or is responsible for funds held or administered by the Association, whether or not the person is paid for his services. The policy should be for an amount that exceeds the greater of (1) the estimated maximum funds, including reserve funds, that will be in the Association's custody at any time the policy is in force; or (2) an amount equal to 3 months of regular assessments on all units. A managing agent that handles Association funds should be covered for its own fidelity insurance policy with the same coverages.
- 14.6 <u>Directors and Officers Liability</u>. The Association may maintain directors and officers liability insurance, errors and omissions insurance, indemnity bonds, or other insurance the board deems advisable to insure the Association's directors, officers, committee members, and managers against liability for an act or omission in carrying out their duties in those capacities.

- 14.7 <u>Mortgagee Required Policies</u>. Unless coverage is not available or has been waived in writing, the Association will maintain any insurance and bond required by an Underwriting Lender for condominium developments as long as an Underwriting Lender is a Mortgagee or an owner.
- 14.8 <u>Other Policies</u>. The Association may maintain any insurance policies and bonds deemed by the board to be necessary or desirable for the benefit of the Association.
- 14.9 <u>Owner's Responsibility for Insurance</u>. This Section applies whether or not the unit is occupied by the owner, and whether or not a tenant has "renters insurance."
  - 14.9.1 What Types? Each unit owner must maintain a unit owners condominium policy for owner's personal property AND for "betterments and improvements" to the unit, whether made by owner or by a previous owner. Each unit owner must also maintain liability insurance. Each unit owner should consider adding a "loss assessment" endorsement to the owner's property policy. Cars parked on the Property should also be insured by the owner.
  - 14.9.2 <u>Insurance by Owners</u>. The board may establish minimum insurance requirements, including types and minimum amounts of coverage, to be individually obtained and maintained by owners if the insurance is deemed necessary or desirable by the board to reduce potential risks to the Association or other owners. If an owner fails to maintain required insurance, the board may obtain it on behalf of the owner who will be obligated for the cost as an individual assessment.
  - 14.9.3 Owners' Responsibilities. On request, an owner will give the board written notification of any and all structural changes, additions, betterments, or improvements to his Unit, and any other information the board may require to maintain adequate levels of insurance coverage. Each owner will comply with reasonable requests by the board for per iodic inspection of the Unit for purposes of insurance appraisal. Each owner, at his expense, will maintain any insurance coverages required of owners by the Association pursuant to this Article and provide a copy of their insurance annually to the Association. Each owner, at his expense, may obtain additional insurance coverage of his real property, improvements, and betterments thereto, or personal property.
  - 14.9.4 <u>Association Does Not Insure</u>. The Association does not insure an owner or occupant's personal property. Each owner and occupant is solely responsible for insuring his personal property in his Unit and on the Property, including furnishings, vehicles, and stored items. <u>The Association strongly recommends that each owner and occupant purchase and maintain insurance on his personal belongings</u>.

#### **RECONSTRUCTION OR REPAIR AFTER LOSS**

- 15.1 <u>Subject to Act</u>. The Association's response to damage or destruction of the Property will be governed by Section 82.111(i) of the Act. The following provisions apply to the extent the Act is silent.
- 15.2 <u>Restoration Funds</u>. For purposes of this Article, Restoration Funds include insurance proceeds, condemnation awards, deficiency assessments, individual assessments, and other funds received on account of or arising out of injury or damage to the Property. All funds paid to the Association

for purposes of repair or restoration will be deposited in a financial institution in which accounts are insured by a federal agency. Withdrawal of Restoration Funds requires the signatures of at least 2 Association directors or that of an agent duly authorized by the board.

- 15.2.1 <u>Sufficient Proceeds</u>. If Restoration Funds obtained from insurance proceeds or condemnation awards are sufficient to repair or restore the damaged or destroyed Property, the Association, as trustee for the owners, will promptly apply the funds to the repair or restoration.
- 15.2.2 <u>Insufficient Proceeds</u>. If Restoration Funds are not sufficient to pay the estimated or actual costs of restoration as determined by the board, the board may levy a deficiency assessment against the owners to fund the difference.
- 15.2.3 <u>Surplus Funds</u>. If the Association has a surplus of Restoration Funds after payment of all costs of repair and restoration, the surplus will be applied as follows. If deficiency assessments were a source of Restoration Funds, the surplus will be paid to owners in proportion to their contributions resulting from the deficiency assessment levied against them; provided that no owner may receive a sum greater than that actually contributed by him, and further provided that any delinquent assessments owed by the owner to the Association will first be deducted from the surplus. Any surplus remaining after the disbursement described in the foregoing paragraph will be common funds of the Association to be used as directed by the board.

#### 15.3 Costs and Plans.

- 15.3.1 <u>Cost Estimates</u>. Promptly after the loss, the board will obtain reliable and detailed estimates of the cost of restoring the damaged Property. Costs may include premiums for bonds and fees for the services of professionals, as the board deems necessary, to assist in estimating and supervising the repair.
- 15.3.2 <u>Plans and Specifications</u>. Common elements will be repaired and restored substantially as they existed immediately prior to the damage or destruction. Units will be repaired and restored substantially in accordance with original construction plans and specifications, unless the Association insures betterments and improvements made by owners, in which case the units will be repaired and restored substantially as they existed immediately prior to the damage or destruction. Alternate plans and specifications for repair and restoration of either common elements or units must be approved by owners representing at least two-thirds of the allocated interest in the Association and by certain mortgagees if so required by the Mortgagee Protection article of this Declaration.

#### 15.4 Owner's Duty to Repair.

- 15.4.1 <u>Uninsured Loss</u>. Within 60 days after the date of damage, the owner will begin repair or reconstruction of any portion of his unit not covered by the Association's blanket insurance policy, subject to the right of the Association to supervise, approve, or disapprove repair or restoration during the course thereof.
- 15.4.2 <u>Insured Loss</u>. If the loss to a unit is covered by the Association's insurance policy, the owner will begin repair or restoration of damage on receipt of the insurance proceeds or any portion thereof from the Association, subject to the rights of the

- Association to supervise, approve, or disapprove the repair or restoration during the course thereof.
- 15.4.3 <u>Failure to Repair</u>. If an owner fails to repair or restore damage as required by this Section, the Association may affect the necessary repairs and levy an individual assessment against the owner and unit for the cost thereof, after giving an owner of the unit reasonable notice of the Association's intent to do so.
- 15.5 <u>Owner's Liability for Insurance Deductible</u>. If repair or restoration of common elements or units is required as a result of an insured loss, the board may levy an individual assessment, in the amount of the insurance deductible, against the owner or owners who would be responsible for the cost of the repair or reconstruction in the absence of insurance.

#### **TERMINATION AND CONDEMNATION**

- 16.1 <u>Association as Trustee</u>. Each owner hereby irrevocably appoints the Association, acting through the board, as trustee to deal with the Property in the event of damage, destruction, obsolescence, condemnation, or termination of all or any part of the Property. As trustee, the Association will have full and complete authority, right, and power to do all things reasonable and necessary to effect the provisions of this Declaration and the Act, including, without limitation, the right to receive, administer, and distribute funds, awards, and insurance proceeds; to effect the sale of the Property as permitted by this Declaration or by the Act; and to make, execute, and deliver any contract, deed, or other instrument with respect to the interest of an owner.
- 16.2 <u>Termination</u>. Termination of the terms of this Declaration and the condominium status of the Property will be governed by Section 82.068 of the Act, subject to the following provisions:
  - 16.2.1 <u>Substantial Taking</u>. In the event of substantially total damage, destruction, or condemnation of the Property, an amendment to terminate must be approved by owners representing at least 80 percent of the allocated interest in the Association and by certain mortgagees pursuant to the Mortgagee Protection article of this Declaration.
  - 16.2.2 <u>Total Taking</u>. In the event of condemnation of the entire Property, an amendment to terminate may be executed by the board without a vote of owners or mortgagees.
  - 16.2.3 Other Circumstances. In all other circumstances, an amendment to terminate must be approved by owners representing at least 80 percent of the allocated interest in the Association and by certain mortgagees pursuant to the Mortgagee Protection article of this Declaration.
- 16.3 <u>Condemnation</u>. The Association's response to condemnation of any part of the Property will be governed by Section 82.007 of the Act. On behalf of owners, but without their consent, the board may execute an amendment of this Declaration to reallocate allocated interests following condemnation and to describe the altered parameters of the Property. If the Association replaces or restores common elements taken by condemnation by obtaining other land or constructing additional improvements, the board may, to the extent permitted by law, execute an amendment without the prior consent of owners to describe the altered parameters of the Property and any corresponding change of facilities or improvements.

#### **MORTGAGEE PROTECTION**

- 17.1 <u>Introduction</u>. This Article is supplemental to, not a substitution for, any other provision of the Governing Documents. In case of conflict, this Article controls. Some sections of this Article apply to "Mortgagees," as defined in Article 1. Other sections apply to "Eligible Mortgagees," as defined below.
  - 17.1.1 Known Mortgagees. An owner who mortgages his unit will notify the Association, giving the complete name and address of his mortgagee and the loan number. The Association's obligations to mortgagees under the Governing Documents extend only to those mortgagees known to the Association. All actions and approvals required by mortgagees will be conclusively satisfied by the mortgagees known to the Association, without regard to other holders of mortgages on units. The Association may rely on the information provided by owners and mortgagees.
  - 17.1.2 Eligible Mortgagees. "Eligible Mortgagee" means the holder, insurer, or guarantor of a first purchase money mortgage secured by a recorded deed of trust lien against a unit who has submitted to the Association a written notice containing its name and address, the loan number, and the identifying number and street address of the mortgaged unit. A single notice per unit will be valid so long as the Eligible Mortgagee holds a mortgage on the unit. The board will maintain this information. The Association will treat the notice as the Eligible Mortgagee's request to be notified of any proposed action requiring the consent of Eligible Mortgagees. A provision of the Governing Documents requiring the approval of a specified percentage of Eligible Mortgagees will be based on the number of units subject to mortgages held by Eligible Mortgagees. For example,"51 percent of Eligible Mortgagees" means Eligible Mortgagees.
- 17.2 <u>Amendment</u>. This Article establishes certain standards for the benefit of Underwriting Lenders, and is written to comply with their requirements and guidelines in effect at the time of drafting. If an Underwriting Lender subsequently changes its requirements, the board, without approval of owners or mortgagees, may amend this Article and other provisions of the Governing Documents, as necessary, to meet the requirements of the Underwriting Lender.
- 17.3 <u>Termination</u>. An action to terminate the legal status of the Property after substantial destruction or condemnation must be approved by owners representing at least 80 percent of the allocated interest in the Association, and by at least 51 percent of Eligible Mortgagees. An action to terminate the legal status for reasons other than substantial destruction or condemnation must be approved by at least 67 percent of Eligible Mortgagees.
- 17.4 <u>Implied Approval</u>. The approval of an Eligible Mortgagee is implied when the Eligible Mortgagee fails to respond within 60 days after receiving the Association's written request for approval of a proposed amendment, provided the Association's request was delivered by certified or registered mail, return receipt requested.
- 17.5 <u>Changing Fannie Mae Requirements</u>. This Section applies during any period in which Fannie Mae's published legal requirements for condominium project documents (1) conflicts with a

provision of this Declaration intended to benefit Underwriting Lenders or (2) is not addressed by this Declaration. In that event, the Association will make a diligent effort to obtain and comply with Fannie Mae's then-current legal requirements for condominium project documents.

#### 17.6 Other Mortgagee Rights.

- 17.6.1 <u>Inspection of Books</u>. The Association will maintain current copies of the Governing Documents and the Association's books, records, and financial statements. Mortgagees may inspect the Governing Documents and records, by appointment, during normal business hours.
- 17.6.2 <u>Financial Statements</u>. If the Property consists of 50 units or more, and if a Mortgagee submits a written request, the Association will give the Mortgagee an audited statement for the preceding fiscal year within 120 days after the Association's fiscal year-end. A Mortgagee may have an audited statement prepared at its own expense.
- 17.6.3 <u>Attendance at Meetings</u>. A representative of an Eligible Mortgagee may attend and address any meeting which an owner may attend.
- 17.6.4 <u>Right of First Refusal</u>. Any right of first refusal imposed by the Association with respect to a lease, sale, or transfer of a unit does not apply to a lease, sale, or transfer by a Mortgagee, including transfer by deed in lieu of foreclosure or foreclosure of a deed of trust lien.
- 17.6.5 <u>Management Contract</u>. If professional management of the Association is required by this Article, the contract for professional management may not require more than 90 days' notice to terminate the contract, nor payment of a termination penalty.
- 17.7 <u>Insurance Policies</u>. If an Underwriting Lender that holds a mortgage on a unit or desires to finance a unit has requirements for insurance of condominiums, the Association must try to obtain and maintain the required coverages, to the extent they are reasonably available, and must try to comply with any notifications or processes required by the Underwriting Lender. Because Underwriting requirements are subject to change, they are not recited here.
- 17.8 <u>Notice of Actions</u>. The Association may, but shall not be required, to send timely written notice to Eligible Mortgagees of the following actions:
  - a. Any condemnation or casualty loss that affects a material portion of the Property or the mortgaged unit.
  - b. b. Any 60-day delinquency in the payment of assessments or charges owed by the owner of the mortgaged unit.
  - c. A lapse, cancellation, or material modification of any insurance policy maintained by the Association.
  - d. Any proposed action that requires the consent of a specified percentage of Eligible Mortgagees.
  - e. Any proposed amendment of a material nature, as provided in this Article.
  - f. Any proposed termination of the condominium status of the Property.
- 17.9 <u>Amendments of a Material Nature</u>. A Governing Document amendment of a material nature must be approved by owners representing at least 67 percent of the allocated interest in the Association, and by at least 51 percent of Eligible Mortgagees. This approval requirement does not apply

to amendments effected by the exercise of a Development Right provided in <u>Appendix F</u> hereto. A change to any of the provisions governing the following would be considered material:

- a. Voting rights.
- b. Increases in assessments that raise the previously assessed amount by more than 45 percent, assessment liens, or the priority of assessment liens.
- c. Reallocation of interests in the general or limited common elements, or rights to their use; except that when limited common elements are reallocated by agreement between owners, only those owners and only the Eligible Mortgagees holding mortgages against those units need approve the action.
- d. Redefinitions of boundaries of units, except that when boundaries of only adjoining units are involved, or a unit is being subdivided, then only those owners and the Eligible Mortgagees holding mortgages against the unit or units need approve the action.
- e. Convertibility of units into common elements or common elements into units.
- f. Expansion or contraction of the Property, or the addition, annexation, or withdrawal of property to or from the Property.
- g. Property or fidelity insurance requirements.
- h. Imposition of any restrictions on owners' right to sell or transfer their units.
- i. Any provision that expressly benefits mortgage holders, insurers, or guarantors.

#### **ARTICLE 18**

#### **AMENDMENTS**

- 18.1 <u>Consents Required</u>. As permitted by the Act or by this Declaration, certain amendments of this Declaration may be executed by Declarant alone, or by certain owners alone, or by the board alone. Otherwise, amendments to this Declaration must be approved by owners representing at least 67 percent of the allocated interest in the Association.
- 18.2 <u>Method of Amendment</u>. This Declaration may be amended by any method selected by the board from time to time, pursuant to the bylaws, provided the method gives an owner of each unit the substance if not exact wording of the proposed amendment, a description in layman's terms of the effect of the proposed amendment, and an opportunity to vote for or against the proposed amendment. For amendments requiring the consent of Eligible Mortgagees, the Association will send each Eligible Mortgagee a detailed description, if not exact wording, of any proposed amendment. Members may vote for any amendment by use of in person ballot, absentee ballot, electronic ballot, or any other method approved by the board.
- 18.3 <u>Effective</u>. To be effective, an amendment must be in the form of a written instrument (1) referencing the name of the Property, the name of the Association, and the recording data of this Declaration and any amendments hereto; (2) signed and acknowledged by an officer of the Association, certifying the requisite approval of owners and, if required, Eligible Mortgagees; and (3) recorded in the Real Property Records of Johnson County, Texas.
- 18.4 <u>Declarant Provisions</u>. During the Declarant Control and Development Periods, Declarant has an exclusive right to **unilaterally** to amend this Declaration as set forth in and for the purposes stated in Appendix F. An amendment that may be executed by Declarant alone is not required to name the

Association or to be signed by an officer of the Association. No amendment may affect Declarant's rights under this Declaration or the Act without Declarant's written and acknowledged consent, which must be part of the recorded amendment instrument. This Section may not be amended without Declarant's written and acknowledged consent.

#### **ARTICLE 19**

#### **DISPUTE RESOLUTION**

#### 19.1 Agreement to Encourage Resolution of Disputes Without Litigation.

Introduction and Definitions. The Association, the Owners, Declarant, all persons subject to this Declaration, and any person not otherwise subject to this Declaration who agrees to submit to this Article (collectively, the "Parties"), agree to encourage the amicable resolution of disputes involving the Property and the Common Area to avoid the emotional and financial costs of litigation and arbitration if at all possible. Accordingly, each Party hereby covenants and agrees that this Article applies to all Claims as hereafter defined. This Article 19 may only be amended with the prior written approval of the Declarant, the Association (acting through a Majority of the Board), and Owners holding 100% of the votes in the Association.

As used in this Article only, the following words, when capitalized, have the following specified meanings:

- a. "Claim" means:
  - i. Claims by an Owner relating to the rights and/or duties of the Declaration, the Association, or an Owner under the Restrictions.
  - ii. Claims relating to the acts or omissions of the Declarant during control and administration of the Association, any claim asserted against the ACC, and any claims asserted against the Board or a person serving as a Board member or officer of the Association, or the ACC.
  - iii. Claims relating to the design or construction of Improvements on the Common Areas or Units located within the Property.
- b. "Claimant" means any Party having a Claim against any other Party.
- c. "Exempt Claims" shall have the follow meaning. The following Claims ("Exempt Claims") shall be exempt from this Article;
  - i. Any suit by the Association against any Party to enforce the provisions of Article V or VI related to Assessments;
  - ii. Any suit by the Association to obtain a temporary restraining order (or equivalent emergency equitable relief and such other ancillary relief as the court may deem necessary in order to maintain the status quo and preserve the Association's ability to enforce the provisions of the Declaration

- iv. Any suit in which all parties to the litigation are not Parties as defined above; and
- Any Bound Party having an Exempt Claim may submit it to the alternative dispute resolution procedures set forth in this Article but there shall be no obligation to do so. The submission of an Exempt Claim involving the Association to the alternative dispute resolution procedures of this Article shall require the approval of the Association.
- d. "Respondent" means any Party against which a Claim has been asserted by a Claimant.
- 19.2 <u>Mandatory Procedures</u>. Claimant may not initiate any proceeding before any administrative tribunal seeking redress of resolution of its Claim until Claimant has complied with the procedures of this Article. As provided in Section 19.09 below, a Claim will be resolved by binding arbitration.
- 19.3 <u>Claim by the Association Common Areas.</u> As set forth in this Declaration, the Association does not have the power or right to institute, defend, intervene in, settle, or compromise litigation or administrative proceedings: (i) in the name of or on behalf of any Unit Owner (whether one or more); or (ii) pertaining to a Claim, as defined in Section 19.01(a) above, relating to the design or construction of a Unit. In the event the Association asserts a Claim related only to the Common Areas, as a precondition to providing the Notice defined in Section 19.05, initiating the mandatory dispute resolution procedures set forth in this Article 19, or taking any other action to prosecute a Claim, the Association must:
  - a. Independent Report on the Condition of the Common Areas. Obtain an independent third-party report (the "Common Area Report") from a licensed professional engineer which: (i) identifies the Improvements or Common Areas subject to the Claim; (ii) describes the present physical condition of the Improvements or Common Areas; (iii) describes any modification, maintenance, or repairs to the Improvements or Common Areas performed by the Unit Owner(s) and/or the Association; and (iii) provides specific and detailed recommendations regarding remediation and/or repair of the Common Areas subject to the Claim. For the purposes of this Section, an independent third-party report is a report obtained directly by the Association and pa id for by the Association, and not prepared by a person employed by or otherwise affiliated with the attorney or law firm that represents or will represent the Association in the Claim. The Association, as a precondition to providing the Notice described in Section 19.05, must have provided at least ten (10) days prior written notice of the date on which the inspection will occur to each party subject to a Claim which notice shall identify the independent third-party engaged to prepare the Common Area Report, the specific Improvements or Common Areas to be inspected, and the date and time the inspection will occur. Each party subject to a Claim may attend the inspection, personally or through an agent. Upon completion, the Common Area Report shall be provided to each party subject to a Claim. In addition, before providing the Notice described in Section 19.05, the Association shall have permitted each party subject to a Claim the right, for a

- period of at least ninety (90) days, to inspect and correct, any condition identified in the Common Area Report.
- b. Owner Meeting and Approval. Obtain approval from Members holding sixty seven percent (67%) of the allocated interest in the Association to provide the Notice described in Section 19.05, initiate the mandatory dispute resolution procedures set forth in this Article 19, or take any other action to prosecute a Claim, which approval from Members must be obtained at a special meeting of Members called in accordance with the Bylaws. The notice of meeting required hereunder will be provided pursuant to the Bylaws but the notice must also include: (i) the nature of the Claim, the relief sought, the anticipated duration of prosecuting the Claim, and the likelihood of success; (ii) a copy of the Common Area Report; (iii) a copy of any proposed engagement letter, with the terms of such engagement between the Association and an attorney to be engaged by the Association to assert or provide assistance with the Claim (the "Engagement Letter"); (iv) a description of the attorney fees, consultant fees, expert witness fees, and court costs, whether incurred by the Association directly or for which it may be liable if it is not the prevailing party or that the Association will be required, pursuant to the Engagement Letter or otherwise, to pay if the Association elects to not proceed with the Claim; (v) a summary of the steps previously ta ken, and proposed to be ta ken, to resolve the Claim; (vi) an estimate of the impact on the value of each Unit if the Claim is prosecuted and an estimate of the impact on the value of each Unit after resolution of the Claim; (vii) an estimate of the impact on the marketability of each Unit if the Claim is prosecuted and during prosecution of the Claim, and an estimate of the impact on the value of each Unit during and after resolution of the Claim; (viii) the manner in which the Association proposes to fund the cost of prosecuting the Claim; and (ix) the impact on the finances of the Association, including the impact on present and projected reserves, in the event the Association is not the prevailing party. The notice required by this paragraph must be prepared and signed by a person other than, and not employed by or otherwise affiliated with, the attorney or law firm that represents or will represent the Association in the Claim. In the event Members approve providing the Notice described in Section 19.05, or taking any other action to prosecute a Claim, the Members holding a Majority of the votes in the Association, at a special meeting called in accordance with the Bylaws, may elect to discontinue prosecution or pursuit of the Claim.
- 19.4 <u>Claim by Owners Improvements and Common Areas</u>. Improvements and Common Areas. In the event an Owner asserts a Claim related to the Unit or Common Elements, as a precondition to providing the Notice defined in Section 19.05, initiating the mandatory dispute resolution procedures set forth in this Article 19, or taking any other action to prosecute a Claim, the Owner must obtain a Common Area Report. The Common Area Report must be prepared by a person unaffiliated with the attorney or law firm that represents or will represent the Owner in the Claim. The Owner, as a precondition to providing the Notice described in Section 15.05, must have provided at least ten (10) days

prior written notice of the date on which the inspection will occur to each party subject to a Claim which notice shall identify the independent third-party engaged to prepare the Common Area Report, the specific Unit or Common Areas to be inspected, and the date and time the inspection will occur. Each party subject to a Claim may attend the inspection, personally or through an agent. Upon completion, the Common Area Report shall be provided to each party subject to a Claim. In addition, before providing the Notice described in Section 19.05, the Owner shall have permitted each party subject to a Claim the right, for a period of at least ninety (90) days, to inspect and correct, any condition identified in the Common Area Report.

19.5 Notice. Claimant must notify Respondent in writing of the Claim (the "Notice"), stating plainly and concisely: (i) the nature of the Claim, including date, time, location, persons involved, and Respondent's role in the Claim; (ii) the basis of the Claim (i.e., the provision of the Restrictions or other authority out of which the Claim arises); (iii) what Claimant wants Respondent to do or not do to resolve the Claim; and (iv) that the Notice is given pursuant to this Section. For Claims governed by Chapter 27 of the Texas Property Code, the time period for negotiation in Section 19.06 below, is equivalent to the sixty (60) day period under Section 27.004 of the Texas Property Code. If a Claim is subject to Chapter 27 of the Texas Property Code, the Claimant and Respondent are advised, in addition to compliance with Section 19.06, to comply with the terms and provisions of Section 27.004 during such sixty (60) day period. Section 19.06 does not modify or extend the time period set forth in Section 27.004 of the Texas Property Code. Failure to comply with the time periods or actions specified in Section 27.004 could affect a Claim if the Claim is subject to Chapter 27 of the Texas Property Code. The one hundred and twenty day period for mediation set forth in Section 19.07 below, is intended to provide the Claimant and Respondent with sufficient time to resolve the Claim in the event resolution is not accomplished during negotiation. If the Claim is not resolved during negotiation, mediation pursuant to Section 19.07 is required without regard to the monetary amount of the Claim.

If the Claimant is the Association, the Notice will also include: (a) a true and correct copy of the Common Area Report; (b) a copy of the Engagement Letter; (c) copies of all reports, studies, analyses, and recommendations obtained by the Association related to the Common Area which forms the basis of the Claim; (d) a true and correct copy of the special meeting notice provided to Members in accordance with Section 19.03(b) above; and (e) reasonable and credible evidence confirming that Members holding sixty-seven percent (67%) of the votes in the Association approved providing the Notice. If the Claimant is not the Association and pertains to Improvements or the Common Area, the Notice will also include a true and correct copy of the Common Area Report.

- 19.6 <u>Negotiation</u>. The Claimant and Respondent will make every reasonable effort to meet in person to resolve the Claim by good faith negotiation. Within sixty (60) days after Respondent's receipt of the Notice, Respondent and Claimant will meet at a mutually acceptable place and time to discuss the Claim. If the Claim involves all or any portion of the Property, then at such meeting or at some other mutually agreeable time, Respondent and Respondent's representatives will have full access to the Property that is subject to the Claim for the purposes of inspecting the Property. If Respondent elects to take corrective action, Claimant will provide Respondent and Respondent's representatives and agents with full access to the Property to take and complete corrective action.
- 19.7 <u>Mediation</u>. If the Parties negotiate, but do not resolve the Claim through negotiation within one-hundred twenty (120) days from the date of the Notice (or within such other period as may be agreed upon by the Parties), Claimant will have thirty (30) additional days within which to submit the

Claim to mediation under the auspices of a mediation center or individual mediator on which the parties mutually agree. The mediator must have at least five (5) years of experience serving as a mediator and must have technical knowledge or expertise appropriate to the subject matter of the Claim. If Claimant does not submit the Claim to mediation within the 30-day period, Respondent will submit the Claim to mediation in accordance with this Section 19.07.

- 19.8 <u>Termination of Mediation</u>. If the Parties do not settle the Claim within thirty (30) days after submission to mediation, or within a time deemed reasonable by the mediator, the mediator will issue a notice of termination of the mediation proceedings indicating that the Parties are at an impasse and the date that mediation was termination. Thereafter, Claimant may file suit or initiate arbitration proceedings on the Claim, as appropriate and permitted by this Article.
- 19.9 <u>Binding Arbitration-Claims</u>. All Claims must be settled by binding arbitration. Claimant or Respondent may, by summary proceedings (e.g., a plea in abatement or motion to stay further proceedings), bring an action in court to compel arbitration of any Claim not referred to arbitration as required by this Section 19.09.
  - a. Governing Rules. If a Claim has not been resolved after mediation as required by Section 19.07, the Claim will be resolved by binding arbitration in accordance with the terms of this Section 19.09 and the rules and procedures of the American Arbitration Association ("AAA") or, if the AAA is unable or unwilling to act as the arbitrator, then the arbitration shall be conducted by another neutral reputable arbitration service selected by Respondent in Johnson County, Texas. Regardless of what entity or person is acting as the arbitrator, the arbitration shall be conducted in accordance with the AAA's "Construction Industry Dispute Resolution Procedures" and, if they apply to the disagreement, the rules contained in the Supplementary Procedures for Consumer-Related Disputes. If such Rules have changed or been renamed by the time a disagreement arises, then the successor rules will apply. Also, despite the choice of rules governing the arbitration of any Claim, if the AAA has, by the time of Claim, identified different rules that would specifically apply to the Claim, then those rules will apply instead of the rules identified above. In the event of any inconsistency between any such applicable rules and this Section 19.09, this Section 19.09 will control. Judgment upon the award rendered by the arbitrator shall be binding and not subject to appeal, but may be reduced to judgment in any court having jurisdiction. Notwithstanding any provision to the contrary or any applicable rules for arbitration, any arbitration with respect to Claims arising hereunder shall be conducted by a panel of three (3) arbitrators, to be chosen as follows:
    - One arbitrator shall be selected by Respondent, in its sole and absolute discretion;
    - ii. One arbitrator shall be selected by Claimant, in its sole and absolute discretion; and
    - iii. One arbitrator shall be selected by mutual agreement of the arbitrators having been selected by Respondent and the Claimant, in their sole and absolute discretion.

- b. Exemptions to Arbitration; Preservation of Remedies. No provision of, nor the exercise of any rights under, this Section 19.09 will limit the right of Claimant or Respondent, and Claimant and the Respondent will have the right during any Claim, to seek, use, and employ ancillary or preliminary remedies, judicial or otherwise, for the purposes of realizing upon, preserving, or protecting upon any property, real or personal, that is involved in a Claim, including, without limitation, rights and remedies relating to: (i) exercising self-help remedies (including set-off rights); or (ii) obtaining provisions or ancillary remedies such as injunctive relief, sequestration, attachment, garnishment, or the appointment of a receiver from a court having jurisdiction before, during, or after the pendency of any arbitration. The institution and maintenance of an action for judicial relief or pursuit of provisional or ancillary remedies or exercise of self-help remedies shall not constitute a waiver of the right of any party to submit the Claim to arbitration nor render inapplicable the compulsory arbitration provisions hereof.
- c. <u>Statutes of Limitations</u>. All statutes of limitation that would otherwise be applicable shall apply to any arbitration proceeding under this Section 19.09
- d. Scope of Award; Modification or Vacation of Award. The arbitrator shall resolve all Claims in accordance with the applicable substantive law. The arbitrator may grant any remedy or relief that the arbitrator deems just and equitable and within the scope of this Section 19.09 and subject to Section 19.10 below (attorney's fees and costs may not be awarded by the arbitrator); provided, however, that for a Claim, or any portion of a Claim governed by Chapter 27 of the Texas Property Code, or any successor statute, in no event shall the arbitrator award damages which exceed the damages a Claimant would be entitled to under Chapter 27 of the Texas Property Code, except that in no event may attorney's fees or costs be awarded to a Party. In all arbitration proceedings the arbitrator shall make specific, written findings of fact and conclusions of law. In all arbitration proceedings the parties shall have the right to seek vacation or modification of any award that is based in whole, or in part, on (i) factual findings that have no legally or factually sufficient evidence, as those terms are defined in Texas law; (ii) conclusions of law that are erroneous; (iii) an error of federal or state law; or (iv) a cause of action or remedy not expressly provided under existing state or federal law. In no event may an arbitrator award speculative, consequential, or punitive damages for any Claim.
- e. Other Matters. To the maximum extent practicable, an arbitration proceeding hereunder shall be concluded within one hundred and eighty (180) days of the filing of the Claim for arbitration by notice from either party to the other. Arbitration proceedings hereunder shall be conducted in Collin County, Texas. The arbitrator shall be empowered to impose sanctions and to take such other actions as the arbitrator deems necessary to the same extent a judge could pursuant to the Federal Rules of Civil Procedure, the Texas Rules of Civil Procedure and Applicable Law. Each party agrees to keep

- all Claims and arbitration proceedings strictly confidential, except for disclosures of information required in the ordinary course of business of the parties or by Applicable Law or regulation. In no event shall any party discuss with the news media or grant any interviews with the news media regarding a Claim or issue any press release regarding any Claim without the written consent of the other parties to the Claim.
- 19.10 <u>Allocation of Costs</u>. Notwithstanding any provision in this Declaration to the contrary, each Party bears all of its own costs incurred prior to and during the proceedings described in the Notice, Negotiation, Mediation, and Arbitration sections above, including its attorney's fees. Respondent and Claimant will equally divide all expenses and fees charged by the mediator and arbitrator.
- 19.11 <u>General Provisions</u>. A release or discharge of Respondent from liability to Claimant on account of the Claim does not release Respondent from liability to persons who are not party to Claimant's Claim.

#### 19.12 <u>Period of Limitation</u>.

- a. For Actions by an Owner or Occupant of a Dwelling. The exclusive period of limitation for any of the Parties to bring any Claim, including, but not limited to, a Claim of construction defect or defective design of Improvements on the Common Areas or Units, shall be the earliest of: (i) for Claims alleging construction defect or defective design, two (2) years and one (1) day from the date that the Owner or Occupant discovered or reasonably should have discovered evidence of the Claim; (ii) for Claims other than those alleging construction defect or defective design, four (4) years and one (1) day from the date that the Owner or Occupant discovered or reasonably should have discovered evidence of the Claim
- b. For Actions by the Association. The exclusive period of limitation for the Association to bring any Claim, including, but not limited to, a Claim of construction defect or defective design of the Common Areas, shall be the earliest of: (i) for Claims alleging construction defect or defective design, two (2) years and one (1) day from the date that the Association or its agents discovered or reasonably should have discovered evidence of the Claim; (ii) for Claims other than those alleging construction defect or defective design of the Common Areas, four (4) years and one (1) day from the date that the Association discovered or reasonably should have discovered evidence of the Claim

#### **ARTICLE 20**

#### **GENERAL PROVISIONS**

20.1 <u>Compliance</u>. The owners hereby covenant and agree that the administration of the Association will be in accordance with the provisions of the Governing Documents and all applicable laws, regulations, and ordinances, as same may be amended from time to time, of any governmental or quasi-governmental entity having jurisdiction over the Association or Property.

# Users of this instrument should periodically review statutes and court rulings that may modify or nullify provisions of this document or its enforcement, or may create rights or duties not anticipated by this instrument.

- 20.2 <u>Higher Authority</u>. The Governing Documents are subordinate to federal and State law, and local ordinances. Generally, the terms of the Governing Documents are enforceable to the extent they do not violate or conflict with local, State, or federal law or ordinance. A law that "voids" a provision of a Governing Document will be narrowly applied to void or render unenforceable only the feature or aspect of a provision that is the focus of the law. In the event of a conflict between the Governing Documents, the hierarchy of authority is as follows: this Declaration (highest), Association's Articles of Association, Bylaws, and the Rules (lowest). Within this Declaration, <u>Appendix F</u> has the highest authority.
- 20.3 <u>Notice</u>. Any demand or written notice required or permitted by this Declaration may be sent by electronic, ordinary, or certified mail, postage prepaid, or by any other method or combination of methods permitted or required by applicable law. If mailed, the notice is deemed delivered when deposited in the U.S. mail addressed to the member at the address shown on the Association's records. If transmitted by fax or email, the notice is deemed delivered on successful transmission of the facsimile or electronic correspondence. The notice must be sent to the party's last known address as it appears on the records of the Association at the time of transmission. If an owner fails to give the Association an effective address, the notice may be sent to the address of the owner's unit. If the Association properly transmits the notice, the owner is deemed to have been given notice whether or not he actually receives it.
- 20.4 <u>Changing Technology</u>. The Governing Documents are drafted at the end of an era that uses ink on paper to communicate, to give notice, and to memorialize decisions. The next era of communications may be paperless, relying on electronic communications for many activities that are customarily papered on the date of this Declaration. As technology changes, the terms of the Governing Documents that pertain to communications, notices, and documentation of decisions may be interpreted and applied in ways that are consistent with and customary for the then-current technology for standard business practices, without necessity of amending the Governing Document.
- 20.5 <u>Liberal Construction</u>. The terms and provision of each Governing Document are to be liberally construed to give effect to the purposes and intent of the Governing Document. All doubts regarding a provision, including restrictions on the use or alienability of property, will be resolved first to give effect to Declarant's intent to protect Declarant's interests in the Property, and second in favor of the operation of the Association and its enforcement of the Governing Documents, regardless which party seeks enforcement.
- 20.6 <u>Severability</u>. Invalidation of any provision of this Declaration by judgment or court order does not affect any other provision, which remains in full force and effect. The effect of a general statement is not limited by the enumeration of specific matters similar to the general.
- 20.7 <u>Captions</u>. The captions of Articles and sections are inserted only for convenience and are in no way to be construed as defining or modifying the text to which they refer.
- 20.8 <u>Interpretation</u>. Whenever used in the Governing Documents, unless the context provides otherwise, a reference to a gender includes all genders. Similarly, a reference to the singular includes the plural, the plural the singular, where the same would be appropriate.

- 20.9 <u>Duration</u>. Unless terminated or amended by owners as permitted herein, the provisions of this Declaration run with and bind the Property, and will remain in effect perpetually to the extent permitted by law.
- 20.10 <u>Appendixes</u>. The following appendixes are attached to this Declaration and are incorporated herein by reference:
  - A- Description of Subject Land
  - B- Schedule of Allocated Interests
  - C- Maintenance Responsibility Chart
  - D- Plats and Plans

## Appendix D PLATS AND PLANS

#### Appendix F

#### **DECLARANT RIGHTS & RESERVATIONS**

#### BTX Condominium Association

#### F.1. General Provisions.

- F.1.1. <u>Introduction</u>. Declarant intends the Declaration to be perpetual and understands that provisions pertaining to the initial development, construction, marketing, and control of the Property will become obsolete when Declarant's role is complete. As a courtesy to future users of the Declaration, who may be frustrated by then-obsolete terms, Declarant is compiling the Declarant-related provisions in this Appendix.
- F.1.2. <u>General Reservation & Construction</u>. Notwithstanding other provisions of the Governing Documents to the contrary, nothing contained therein may be construed to, nor may any mortgagee, other owner, or the Association, prevent or interfere with the rights contained in this Appendix which Declarant hereby reserves exclusively unto itself and its successors and assigns. In case of conflict between this Appendix and any other Governing Document, this Appendix controls. This Appendix may not be amended without the prior written consent of Declarant and the approval of Burleson which will not be unreasonably withheld. The terms and provisions of this Appendix must be construed liberally to give effect to Declarant's intent to protect Declarant's interests in the Property and to comply the Chapter 380 Economic Development and Performance Agreement and Burleson's vision for the Property.
- F.1.3. Purpose of Development and Declarant Control Periods. This Appendix gives Declarant certain rights during the Development Period and the Declarant Control Period to ensure a complete and orderly buildout and sellout of the Property, which is ultimately for the benefit and protection of owners and mortgagees. Declarant may not use its control of the Association and the Property for an advantage over the owners by way of retention of any residual rights or interests in the Association or through the creation of any contractual agreements which the Association may not terminate without cause with 90 days' notice.
- F.2. <u>Definitions</u>. As used in this Appendix and elsewhere in the Governing Documents, the following words and phrases have the following specified meanings:
  - F.2.1. "Declarant Control Period" means that period of time during which Declarant controls the operation and management of the Association, pursuant to the provisions of this Appendix. The duration of the Declarant Control Period is from the date this Declaration is recorded for a maximum period not to exceed the earliest of (1) 20 years from date this Declaration is recorded; (2) 120 days after the conveyance of 75 percent of the units in the Property has been conveyed to owners other than Declarant; or (3) when, in the sole opinion of Declarant, the Association is viable, self-supporting, and operational, as evidenced by a written notice executed by Declarant and recorded in the Real Property Records of Johnson County, Texas.
  - F.2.2. "Development Period" means the 15-year period beginning the date this Declaration is recorded, during which Declarant has certain rights pursuant to this Appendix, including rights relating to development, construction, expansion, and marketing of the Property and the Additional Land. The Development Period is for a term of years and does not require that Declarant own any portion of the property described in Appendix A. No act, statement, or omission by the Association may effect termination of the Development Period earlier than the term stated in this Subsection. Declarant, however, may terminate the Development Period at any earlier time by recording a notice of termination.

- F.2.3. "Unilaterally" means that the Declarant may take the authorized action without the consent, approval, vote, or joinder of any other person, such as owners, mortgagees, Builders, and the Association. Certain provisions in this Appendix and elsewhere in the Governing Documents authorize the Declarant to act unilaterally. Unilateral action by Declarant is favored for purposes of efficiency and to protect the interests of Declarant.
- F.3. <u>Declarant Control Period Reservations- Governance</u>. Declarant reserves the following powers, rights, and duties during the Declarant Control Period:
  - F.3.1. Officers & Directors. During the Declarant Control Period, the board may consist of 3 persons. Declarant may appoint, remove, and replace any officer or director of the Association, none of whom need be members or owners, and each of whom is indemnified by the Association as a "Leader," subject to the following limitation. Within 120 days after the conveyance of 75 percent of the units that may be created (including property subject to annexation, if any) to owners other than Declarant, at least one-third of the board must be elected by owners other than Declarant.
  - F.3.2. <u>Transition Meeting</u>. Before the end of the Declarant Control Period or within 120 days after the conveyance of 100 percent of the units that may be created (including property subject to annexation) to owners other than Declarant, the owners will elect directors to the board at the transition meeting of the members of the Association. Declarant or the Association will give written notice of the transition meeting to an owner of each unit at least 10 days before the meeting. For the transition meeting, owners of 10 percent of the units constitute a quorum. The board elected at the transition meeting will elect the officers of the Association not later than 30 days after the end of the Declarant Control Period. The directors elected at the transition meeting will serve until the next annual meeting of the Association or a special meeting of the Association called for the purpose of electing directors, at which time the staggering of terms will begin.
  - F.3.3. <u>Management Contract</u>. If Declarant enters into a professional management contract on behalf of the Association during the Declarant Control Period, the Association has the right to terminate the contract without cause or penalty, but with at least 60 days' notice to the manager, at any time after a board elected by the owners takes office.
  - F.3.4. <u>Common Elements</u>. At or prior to termination of the Declarant Control Period, if title or ownership to any common element is capable of being transferred, Declarant will convey title or ownership to the Association. At the time of conveyance, the common element will be free of encumbrance except for the property taxes, if any, accruing for the year of conveyance. Declarant's conveyance of title or ownership is a ministerial task that does not require and is not subject to acceptance by the Association or the owners.
- F.4. <u>Declarant Control Period Reservations- Financial</u>. Declarant reserves the following powers, rights, and duties during the Declarant Control Period:
  - F.4.1. <u>Association Budget</u>. During the Declarant Control Period, the Declarant appointed board will establish a projected budget for the Property as a fully developed, fully phased, fully constructed, and fully occupied commercial community with a level of services and maintenance that is typical for similar types of developments in the general area of the Property, using cost estimates that are current for the period in which the budget is prepared.
  - F.4.2. <u>Obligation for Assessments</u>. During the Declarant Control Period, Declarant has the following obligation for assessments and the common expenses of the Association:

- a. Until the Association first levies regular assessments, Declarant must pay all the expenses of the Property as they accrue, as required by Section 82.112(a) of the Act
- b. Following termination of the Declarant Control Period, Declarant (for each unit owned by Declarant) is liable for assessments in the same manner as any owner, as required by Section 82.112(b) of the Act.
- c. Beginning 3 years after the date on which Declarant first conveys (closes) a unit, Declarant (for each unit owned by Declarant) is liable for assessments in the same manner as any owner, even if the Declarant Control Period is in effect, as required by Section 82.112(b) of the Act.
- d. In the interim between the time the Association starts levying assessments and the termination of Declarant Control or the 3-year period Declarant solely at Declarant's discretion, and to the extent permitted by Section 82.112(b) of the Act, has the following options:
  - Declarant will be liable for assessments in the same manner as any owner, and is not individually liable for operating deficits, if any; or
  - ii. Alternatively, at Declarant's sole discretion, Declarant will periodically pay to the Association an amount equal to the Association's actual paid operational expenses (hence, not reserves), less the operational portion of the assessments received from the other unit owners
- e. If Declarant elects option (2) in Subparagraph d above, the Association will reimburse Declarant for any amounts pa id by Declarant that can be attributed to the assessment delinquency of one or more owners if and when the delinquency is cured.
- F.4.3. <u>Obligation for Reserves</u>. During the Declarant Control Period, neither the Association nor Declarant may use the Association reserve funds to pay operational expenses of the Association
- F.4.4. <u>Enhancements</u>. During the Declarant Control and Development Periods, Declarant solely at Declarant's discretion may voluntarily provide enhancements for the Property, such as higher levels of maintenance, management, insurance, and seasonal color in landscaping. Such enhancements are not included in the Association's annual operating budget or, alternatively, if included are identified as Declarant enhancements.
- F.4.5. <u>Expenses of Declarant</u>. Expenses related to the completion and marketing of the Property will be paid by Declarant and are not expenses of the Association.
- F.4.6. <u>Budget Control</u>. During the Declarant Control Period, the right of owners to veto special assessments or increases in regular assessments is not effective and may not be exercised.
- F.5. <u>Development Period Rights, Representations & Reservations</u>. Declarant makes the following representations and reservations regarding Declarant's development of the Property:
  - F.5.1. Phasing. The Property is subject to expansion by phasing for 15 years from the date this Declaration is recorded. During the Development Period, Declarant may but is not required to annex any real property, any portion of which is contiguous with, adjacent to, or within 1,000 feet of any real property that is subject to this Declaration. The annexation instrument must include a legal description of the additional real property or a reference to the recorded plat that describes the additional real property and a revised schedule of allocated interests if units are annexed. When created, the Property contains 6 units. Declarant reserves

the right to create up to and including 30 units. This Section does not require Declarant to expand the Property. Declarant's right to annex land is for a term of years - the length of the Development Period - and does not require that Declarant own the Additional Land the time of the filing of this Declaration. The concepts and requirements of phasing, expansion, and annexation also apply to the creation of additional units on land already subject to the Declaration.

- F.5.2. <u>FNMA Compliance</u>. If Declarant desires the Property to be approved by FNMA for financing, Declarant will comply with FNMA's guidelines for phasing, which may include the following requirements:
  - a. All improvements must be substantially completed prior to annexation.
  - b. The structure, type, and quality of construction of buildings and improvements will be consistent with that of the buildings and improvements constructed in the phase initially made subject to this Declaration.
  - c. All units and common elements created pursuant to Development Rights will be restricted to commercial use in the same manner and to the same extent as the units created under this Declaration.
  - d. On annexation, owners of units on the additional land will be granted undivided interests in the Property's total common elements. If not, the amendment of annexation must provide reciprocal easements for specified common elements in various phases of the Property.
- F.5.3. <u>Withdrawal</u>. The Property described in the initial Appendix A is not subject to a right of withdrawal of real property by Declarant.
- F.5.4. <u>Leasehold</u>. No part of the Property is a leasehold condominium, as defined by the Act.
- F.5.5. <u>Conversion</u>. None of the improvements in the Property are conversion buildings as defined by the Act.
- F.5.6. <u>Changes in Development Plan</u>. During the Development Period, Declarant may modify the initial development plan to respond to perceived or actual changes and opportunities in the marketplace. Modifications may include, without limitation, changes in the sizes, styles, configurations, materials, and appearances of units, buildings, and common elements.
- F.5.7. <u>Transfer Fees</u>. During the Development Period, Declarant may not be required to pay transfer-related and resale certificate fees.
- F.5.8. <u>Fines and Penalties</u>. During the Development Period, neither Declarant nor units owned by Declarant are liable to the Association for late fees, fines, administrative charges, or any other charge that may be considered a penalty.
- F.5.9. <u>Statutory Development Rights</u>. As permitted by the Act, Declarant reserves the following Development Rights which may be exercised during the Development Period: (1) to add real property to the Property; (2) to create units, general common elements, and limited common elements within the Property; (3) to subdivide units or convert units into common elements; (4) to withdraw from the Property any portion of the real property marked on the Plat and Plans as "Development Rights Reserved," provided that no unit in the portion to be withdraw n has been conveyed to an owner other than Declarant.
- F.5.10. <u>Development Rights Reserved</u>. Regarding portions of the real property shown on the Plat and Plans as "Development Rights Reserved," if any, Declarant makes no assurances as to whether Declarant will exercise its Development Rights, the order in which portions will be developed, or whether all portions will be developed. The exercise of Development Rights as to some portions will not obligate Declarant to exercise them as to other portions.

- F.5.11. Adoption of Governing Documents. During the Development Period, Declarant may, with the approval of Burleson which shall not be unreasonably withheld, adopt additional Governing Documents for the Association and for the Property, such as the initial rules, regulations, policies, and procedures for use and maintenance of the Property.
- F.5.12. <u>Amendment</u>. During the Development Period, Declarant may, with the approval of Burleson which shall not be unreasonably withheld, amend this Declaration and the other Governing Documents, without consent of other owners or any mortgagee, for the following limited purposes:
  - a. To meet the requirements, standards, or recommended guidelines of an Underwriting Lender to enable an institutional or governmental lender to make or purchase mortgage loans on the units.
  - b. To correct any defects in the execution of this Declaration or the other Governing Documents.
  - c. To add real property to the Property, in the exercise of statutory Development Rights.
  - d. To create units, general common elements, and limited common elements within the Property, in the exercise of statutory Development Rights.
  - e. To reassign limited common elements, subject to the written and acknowledged consent of the owner of the unit to which the limited common element has been or will be assigned.
  - f. To subdivide, combine, or reconfigure units or convert units into common elements, in the exercise of statutory Development Rights.
  - g. To withdraw from the Property any portion of the real property marked on the Plat and Plans as "Development Rights Reserved," in the exercise of statutory Development Rights.
  - h. To resolve conflicts, clarify ambiguities, and to correct misstatements, errors, or omissions in the Governing Documents.
  - i. To change the name or entity of Declarant.
  - j. For any other purpose, provided the amendment has no material adverse effect on any right of any owner.
- F.6. <u>Architectural Control During Development Period</u>. During the Development Period, Declarant has the absolute right and power of architectural control over the Property.
  - F.6.1. <u>Declarant's Rights Reserved</u>. Each owner, by accepting an interest in or title to a unit, whether or not it is so expressed in the instrument of conveyance, covenants and agrees that Declarant has a substantial interest in ensuring that the improvements within the Property enhance Declarant's reputation as a condominium developer and do not impair Declarant's ability to market its property. Accordingly, each owner agrees that during the Development Period no structural or visible improvements will be started or progressed in or on the Property, including the owner's unit, without the prior written approval of Declarant, which approval may be granted or withheld at Declarant's sole discretion. In reviewing and acting on an application for approval, Declarant may act solely in its self-interest and owes no duty to any other person or any organization other than Burleson and its obligations under the Chapter 380 Economic Development and Performance Agreement. Declarant may designate one or more persons from time to time to act on its behalf in reviewing and responding to applications.
  - F.6.2. <u>Delegation by Declarant</u>. During the Development Period, Declarant may from time to time, but is not obligated to, delegate all or a portion of its reserved rights under this Artic

le to (1) a modifications or architectural committee appointed by Declarant or by the board, (2) a modifications or architectural committee elected by the owners, or (3) a committee comprised of architects, engineers, or other persons who may or may not be members of the Association. Any such delegation must be in writing and must specify the scope of delegated responsibilities. Any such delegation is at all times subject to the unilateral rights of Declarant (1) to revoke such delegation at any time and reassume jurisdiction over the matters previously delegated and (2) to veto any decision which Declarant in its sole discretion determines to be inappropriate or inadvisable for any reason.

- F.6.3. <u>Caveat</u>. <u>A modifications committee may not involve itself with the approval of new units, common elements, or units owned or leased by Declarant.</u>
- F.7. <u>Special Declarant Rights</u>. As permitted by the Act, Declarant reserves the below-described Special Declarant Rights, to the maximum extent permitted by law, which may be exercised, where applicable, anywhere within the Property during the Development Period. Unless terminated earlier by an amendment to this Declaration executed by Declarant, any Special Declarant Right may be exercised by Declarant so long as Declarant holds a Development Right to create additional units or common elements or Declarant owns a unit, whichever ceases last. Earlier termination of certain rights may occur by statute.
  - a. The right to complete or make improvements indicated on the Plat and Plans.
  - b. The right to exercise any Development Right permitted by the Act and this Declaration.
  - c. The right to make the Property part of a larger condominium or planned community.
  - d. The right to use units owned or leased by Declarant as models, storage areas, and offices for the marketing, management, maintenance, customer service, construction, and leasing of the Property and/or other projects of Declarant or Declarant's affiliates.
  - e. For purposes of promoting, identifying, and marketing the Property, Declarant reserves an easement and right on and in the Property to place or install, move, and remove anything that pertains to marketing, management, maintenance, customer service, construction, and leasing of the Property, such as signs, banners, flags, display lighting, potted plants, decorative items, furnishings, seasonal decorations, temporary window treatments, and seasonal landscaping, including items and locations that are prohibited to other owners and occupants. Additionally, Declarant at Declarant's sole option and discretion may extend the effect of this Section for up to 12 months after the end of the Development Period by paying the Association \$4,000.

Each Director appointed to fill a vacancy shall serve the entire unexpired term of his predecessor. Vacancies reducing the number of Directors to fewer than three (3) shall be filled before the transaction of any other business.

#### 3.06(c) Filling Vacancies by Members

Any vacancy of the Board of Directors caused by an increase in the number of Directors shall be filled by the Members at the next annual meeting or at a special meeting called for that purpose. Upon the resignation of a Director tendered to take effect at a future time, the Board or the Members may elect a successor to take office when the resignation becomes effective.

#### 3.07 Removal of Directors

The entire Board may be removed from office, with or without cause, by a vote of Members holding a majority of the votes of the Association. Any individual Director may be removed from the Board, with or without cause, prior to the expiration of his term of office by a vote of Members holding a majority of the votes. Any Director who has three (3) consecutive unexcused absences from the regularly scheduled Board meetings may be removed by a majority of the Directors present at a regular or special Board meeting at which a quorum is present, and a successor may be appointed by the Board to fill the vacancy for the remainder of the term.

#### 3.08 Action by Consent of Board Without Meeting & Telephone Meetings

The Board may meet by any method of communication, including electronic and telephonic, without prior notice to Owners, if each Director may hear and be heard by every other Director, or the Board may take action by unanimous written consent to consider routine and administrative matters or a reasonably unforeseen emergency or urgent necessity that requires immediate Board action. Any action taken without notice to Owners must be summarized orally, including an explanation of any known actual or estimated expenditures approved at the meeting, and documented in the minutes of the next regular or special Board meeting. The Board may not, without prior notice to Owners. Notice to owners may be given electronically, placed online on a public or private internet website, or placed within a conspicuous

place within the community. Notice to Owners must be given between three and thirty days before each Board Meeting.

If the Board takes an action by unanimous written consent, an explanation of the action taken must be sent by mail or electronic mail to all Directors within three days after the written consent of all Directors has been obtained.

#### 3.09 Location of Meetings

Meetings of the Board of Directors shall be held at the principal office of the Association, or at such other location in or outside the State of Texas as may be provided by or fixed in accordance with the Board of Directors. The location of a meeting means either the physical location of the meeting, or in the case of a meeting by remote communications technology described below, the form of communications system to be used for the meeting and the means of accessing that communications system.

#### 3.10 Regular Meetings

Regular meetings of the Board of Directors shall be held immediately following each annual Members' meeting. Regular meetings of the Board shall also be held on a monthly basis, except when no new business is pending, within Johnson County or a contiguous county, at such hour as may be fixed from time to time by resolution of the Board. Notice of the agenda and place of meeting shall be delivered either personally, by mail, by telephone or facsimile communication to the Board Members not less than four (4) days prior to the meeting. However, notice of a meeting need not be given to Board Members who have signed a waiver of notice or a written consent to the holding of the meeting. Attendance in person at a meeting, except where such Director attends for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened, shall constitute waiver of notice and such Director's consent to the holding of said meeting. Participation by a Director in a meeting by telephone or similar communication equipment shall constitute waiver of notice and attendance in person at such meeting.

#### 3.11 Special Meetings

Special meetings of the Board of Directors for any purpose may be called at any time by the President or, if the President is absent or unable or refuses to act, by any Vice President or any two Directors. Written notice of the special meeting, stating the time and location of the meeting, shall be delivered to each Director, either by facsimile transmission, by mail, or by electronic message not later than ten (10) days before the day appointed for the meeting, or personally delivered so as to be received by each Director not later than two (2) days before the day appointed for the meeting. The notice may include a tentative agenda, but the meeting shall not be confined to any agenda included with the notice, and none is required.

Upon providing notice, the Secretary or other office sending notice shall sign and file in the Company Record Book a statement of the details of the notice given to each Director.

#### 3.12 Quorum

The presence throughout any Director's meeting, or adjournment thereof, of a majority of the authorized number of Directors shall be necessary to constitute a quorum to transact any business, except to adjourn. If a quorum is present, every act done or resolution passed by a majority of the Directors present and voting shall be the act of the Board of Directors, unless the act of a greater number is required

by law, the Certificate of Formation, or these Bylaws. Directors present by proxy shall be counted towards a quorum.

#### 3.13 Open Meetings

All meetings of the Board shall be open to all Members, but Members other than Directors may not participate in any discussion or deliberation unless expressly so authorized by a majority of a quorum of the Board. Members may not attend Board Meetings held in executive session.

#### 3.14 Executive Session

The Board may, with approval of a majority of a quorum, adjourn a meeting and reconvene in executive session to discuss and vote upon actions involving personnel, pending or threatened litigation, contract negotiations, enforcement actions, confidential communications with the Property Owners' association's attorney, matters involving the invasion of privacy of individual Owners, or matters that are to remain confidential by request of the affected parties and agreement of the Board. Following an executive session, any decision made in the executive session must be summarized orally and placed in the minutes, in general terms, without breaching the privacy of individual Owners, violating any privilege, or disclosing information that was to remain confidential at the request of the affected parties. The oral summary must include a general explanation of expenditures approved in executive session.

#### 3.15 Conduct of Meetings

The President shall chair all meetings of the Board of Directors. In the President's absence, the Vice President or a Chairman chose by a majority of the Directors present shall preside. The Secretary of the Association shall act as Secretary of the Board of Directors' meetings. When the Secretary is absent from any meeting, the Chairman may appoint any person to act as Secretary of that meeting.

#### 3.16 Indemnification of Directors and Officers

Except in cases of fraud, willful malfeasance, gross negligence or bad faith of the Director or officer in the performance of duties, and subject to the provisions of applicable Texas law, each Director and officer shall be indemnified by the Association and the Members against all expenses and liabilities, including attorneys' fees, reasonably incurred by or imposed upon him or her by judgment or settlement in connection with any proceeding to which he or she may be a party, or may become involved by reason of being or having been a Director or officer of the Association. The Association may indemnify its officers and Directors to the extent permitted by the Texas Non-Profit Corporation Act.

#### 3.17 Insuring Directors, Officers, and Employees

The Association shall purchase and maintain insurance or another arrangement on behalf of any person who is or was a Director, officer, employee, or agent of the Corporation or who is or was serving at its request as a Director, officer, partner, venturer, proprietor, trustee, employee, agent, or similar functionary of another foreign or domestic Corporation, partnership, joint venture, sole proprietorship, trust, employee benefit plan, or other enterprise against any liability asserted against him and incurred by him in such capacity or arising out of his status as such a person, whether or not the Association would have the power to indemnify him against liability pursuant to the provisions of the Texas Non-Profit Corporation Act. Furthermore, the Association may, for the benefit of persons indemnified by the Association, (i) create a trust fund; (ii) established any form of self insurance; (iii) secure its indemnity obligation by grant of a security interest or other lien on the assets of the Association; or (iv) establish a letter of credit, guarantee, or surety agreement.

By resolution adopted by the majority of the Directors in office, the Board of Directors may designate one or more management committees to have and exercise the authority of the Board in the management of the Association to the extent provided by the resolution, the Certificate of Formation, or these Bylaws. Each management committee must consist of at least two (2) persons. All persons serving on the committee are required to be Directors. The Board shall have the power to change the powers and Membership of, fill vacancies in, and dissolve any committee at any time. The designation of any committee and the delegation of authority thereto shall not operate to relieve the Board of Directors, or any Member thereof, of any responsibility imposed by law. The Board may also elect or appoint non-management committees, but these committees shall not conduct the business of the Association.

The authority to appoint a committee includes, but is not limited to, the ability to appoint an Architectural Control Committee and a Townhome Committee. In addition, the Board shall appoint other committees as deemed appropriate in carrying out its purpose.

#### 3.19 Proxies

A Director may vote in person or by proxy executed in writing by the Director. No Proxy executed by a Member of the Board of Directors for purposes of voting at a Board Meeting shall be valid after six (6) months from the date of its execution. Each proxy shall be revocable unless expressly provided therein to be irrevocable and otherwise irrevocable by law.

#### **ARTICLE FOUR – MEMBERS AND MEMBERS' MEETINGS**

#### 4.01 Membership

Each and every Owner shall automatically be a Member of the Association without the necessity of any further action on his part, subject to the terms of the Declaration, the Articles of Incorporation, these Bylaws, and the Rules and Regulations with respect to the Common Properties from time to time promulgated by the Association. Membership shall be appurtenant to and may not be separated from the interest of such Owner in any portion of the Property. Ownership of any portion of the Property shall be the sole qualification for being a Member.

No person or entity shall be a Member by reason of Ownership of any Easement, right-of-way, or mineral interests in any particular piece of Property. Any person or entity that holds an interest in and to

all or any part of the Property merely as a security for the performance of an obligation shall not be a Member.

#### 4.02 Voting Rights

Members of any class(es) entitled to vote shall have one (1) vote on each matter submitted to a vote of the Members. The weight of each member's vote is based upon each unit's fractional interest in the common elements as set forth within Appendix B to the Declaration.

Where there are multiple Owners of a condominium it is not intended by any provision of the Declaration or these Bylaws that each of said Owners shall be entitled to cast the vote for the unit. When more than one person or entity owns the interest or interests in any condominium, as required for Membership in the Association, each and every person or entity shall exercise their vote as they among themselves, collectively determined and they shall designate one person to cast the vote or execute a written consent, as applicable. If such Owners are unable to agree among themselves as to how one vote per condominium shall be cast, they shall forfeit the right to vote on the matter in question. If more than one person or entity purports to exercise the voting rights with respect to any such condominium on any matter in question, none of such votes shall be counted in tabulating the vote on such matter and such votes shall be deemed void.

#### 4.03 Transfer and Severability of Membership

Membership may not be severed from the property nor may it be in any way transferred, pledged, mortgaged or alienated except upon the sale or assignment of the Owner's interest in all or any part of the property and then only to the purchaser or assignee as the new Owner thereof. Any attempt to make a prohibited severance, transfer, pledge, mortgage or alienation shall be void and of no further force or effect, and will be so reflected upon the books and records of the Association. Any transfer of the fee title to a condominium, tract or parcel of real estate out of or part of the properties shall automatically operate to transfer Membership to the new Owner thereof.

#### 4.04 Resignation

Any Member may resign by filing a written resignation with the Secretary of the Association, but such resignation shall not relieve the Member so resigning of the obligation to pay any dues, assessments, or other charges theretofore accrued and unpaid. Such resignation shall have no force or effect upon any transferee(s) of the property.

#### 4.05 Annual Meetings

The time, location, and date of the annual meeting of the Members of the Association, for the purpose of electing Directors and for the transaction of any other business as may come before the meeting, shall be set by a majority vote of the Board of Directors. The annual meeting must take place in Johnson County, Texas. If the day fixed for the annual meeting is a legal holiday in the State of Texas, such meeting shall be held on the next succeeding business day. If the election of Directors is not held on the day thus designated for any annual meeting, or at any adjournment thereof, the Board of Directors shall cause the election to be held at a special meeting of the Members as soon thereafter as possible.

#### 4.06 Action without Meeting

Any action that may be taken at a meeting of the Members under any provision of the Texas Business Organizations Code, Texas Property Code or any other State or Federal Law may be taken without a meeting so long as that action is permissible under State and Federal Law. Action may be taken without

a meeting if each person entitled to vote on the action signs a written consent stating the action may be taken and the consent is filed with the Secretary of the Association. Such written consent shall have the same effect as a unanimous vote at a meeting. Each such signed consent, or a true copy thereof, shall be placed in the Company Record Book.

#### 4.07 Failure to Call Annual Meeting

If the Board of Directors fails to call the annual meeting of Members at the designated time, a Member of the Association may demand that the meeting be held. The demand must be made in writing via certified mail return receipt requested and sent to the registered agent of the Association. A copy of the notice must be sent to each Owner who is a Member of the Association. If no meeting is called within 30 days pursuant to the Owners demand three or more Owners may form an election committee. The committee shall file written notice of its formation with the Johnson County Clerk. The notice must state that the election committee has been formed; that its sole purpose is to call a meeting of the Owners for the purposes of electing Board Members; the name and residential address of each committee Member; the name of the subdivision; and it must be signed and notarized by each committee Member. The committee may call a meeting of the Members of the Association for the sole purpose of electing Board Members. The committee must hold a successful election within four months or it is dissolved.

#### 4.08 Conduct of Meetings

Members' meetings shall be chaired by the President, or, in the President's absence, a Vice President or any other person chosen by a majority of the Members present in person or by proxy and entitled to vote. #### 4.09 Notice of Meetings

Written notice of a Members' meeting, stating the location, date, and time of the meeting, and if the meeting is a special meeting, the purpose or purposes for which the meeting is called, shall be delivered to each Director and to each Member entitled to vote at the meeting. The location refers to either the physical location of the meeting or, in the case of an alternative form of meeting, the form of communications system to be used for the meeting and the means of accessing that communications system. Notice shall be delivered in accordance with the provisions of the Texas Property Code. The notice shall be addressed to each recipient at such address as appears in the Association's records or as the recipient has given the Association for the purpose of notice. Notice of the reconvening of an adjourned meeting is not necessary unless the meeting is adjourned more than thirty (30) days past the date stated in the notice, in which case notice of the adjourned meeting shall be given as in the case of any special meeting.

#### 4.10 Special Meetings

A special Member's meeting may be called at any time by the President, the Board of Directors, or one or more Members holding fifty percent or more of all the votes entitled to be cast within the Association. Such meeting may be called for any purpose. Notice shall be sent in the matter described in Article 4.13 of these Bylaws.

#### 4.11 Quorum

#### 4.11(a) Quorum of Members

The presence, in person or by proxy, of Members entitled to cast, or of proxies entitled to cast, at least forty percent (40%) of the votes of all Owners, regardless of class, shall constitute a quorum for any action except as otherwise provided in the Articles of Incorporation, the Declaration or these Bylaws. If the required quorum is not present or represented at the meeting, one additional meeting may be called, subject to the notice requirements set forth below, and the required quorum at such second meeting shall be one-half (1/2) of the required quorum at the preceding meeting; provided, however, that no such second meeting shall be held more than 60 days following the first meeting.

#### 4.11(b) Adjournment for Lack of Quorum

No business may be transacted in the absence of a quorum, or upon the withdrawal of enough Members to leave less than a quorum, other than to adjourn the meeting from time to time by the vote of a majority of the votes represented at the meeting.

#### 4.12 Voting at an Election of Directors

A Member entitled to vote at an election of Directors is entitled to vote, in person or by proxy, for as many persons as there are Directors to be elected and for whose election the Member has a right to vote.

#### 4.13 Proxies

At all meetings of Members, each Member may vote in person or by proxy. All proxies shall be in writing and filed with the secretary or the Association's managing agent at least 24 hours before the appointed time of each meeting. A Proxy shall be revocable and shall be valid until the adjournment of the meeting for which they were given, unless such meeting is adjourned and reconvened, in which case the proxy shall remain valid until such reconvened meeting is adjourned.

#### 4.14 Means of Voting

A Member vote on any matter may be conducted by mail, by facsimile transmission, by electronic message, via electronic means, or by any combination of those methods. Any vote cast in an election or vote by a Member of the Association must be in writing and signed. Electronic votes constitute written and signed ballots.

#### 4.15 Annual Dues

The Board of Directors may determine from time to time the amount of initiation fee, if any, and the annual dues payable to the Association.

#### 4.16 Payment of Dues

Dues shall be payable in advance of the date specified by the Board of Directors. Dues of a new Member may be prorated from the first day of the month in which such new Member is elected to Membership, for the remainder of the fiscal year of the Association.

The Board of Directors may delegate this power to appoint officers to any officer or committee, and such officer or committee shall have full authority over the officers they appoint, subject to the power of the Board as a whole. Election or appointment of an officer shall not itself create contract rights.

#### **ARTICLE SIX – AUTHORITY TO EXECUTE INSTRUMENTS**

#### 6.01 No Authority Absent Specific Authorization

These Bylaws provide certain authority for the execution of instruments. The Board of Directors, except as otherwise provided in these Bylaws, may additionally authorize any officer(s) or agent(s), to enter into any contract or execute and deliver and instrument in the name of and on behalf of the Association. Such authority may be general or confined to specific instances. **DEPARTMENT:** Public Works & Engineering

FROM: Errick Thompson, P.E., CFM<sup>®</sup>, Director

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of a one year contract with Core & Main LP for the purchase of water and wastewater supplies in accordance with ITB 2023-023 Sections B and I in the amount of \$25,391.38. (Staff Presenter: Errick Thompson, Director of Public Works & Engineering)

#### **SUMMARY:**

The City purchases various materials that facilitate maintenance and operation of the water and wastewater systems each year. These materials include pipe, pipe fittings, fire hydrants, valves and various sewer related items.

The bid was divided into 11 sections of material type and the vendor with the lowest overall cost for that section is recommended for award. Quantities for each item are estimated based on the purchase volumes over historical three years. The exact quantities purchased from the proposed contract will be based upon actual maintenance and operational needs. The contract is for one year with the option of up to four one-year renewals.

Core & Main LP provided lowest bids for two sections of the bid: Section B – Brass Low Lead Compression and Section I – Meter Boxes.

The Purchasing Division of Administrative Services opened bids for purchase ITB 2023-023 on September 12, 2023. Bid requests were sent to all vendors registered to do business with the City of Burleson for these commodities. The bid was also advertised in the Fort Worth Star-Telegram newspaper on August 27, 2023 and September 3, 2023. The initial contract period is November 13, 2023 through September 30, 2024. Annual renewals will require City Council approval. Five vendors submitted bids, Consolidated Pipe & Supply, Core & Main LP, Ferguson Enterprises LLC, Fortiline Inc., and Johnson County WinWater. City staff analyzed the bids provided by the vendors. The vendor with the lowest overall cost in each section is recommended for award of that section.

While this is a unit cost agreement, due to market volatility this agreement allows the vendor to submit pricing adjustments on a quarterly basis instead of annually. Any requested adjustments by the vendor will be reviewed for approval by the City.

## City of Burleson Addendum to Vendor's Contract Additional Provisions

## Core & Main LP

## 7197 Latham Dr. Richland Hills TX. 76118

The City of Burleson, Texas ("City") and the Vendor are this day entering into a contract for and, for the mutual convenience, the parties are using the standard contract and/or purchase order form provided by Vendor (the "Vendor's Contract Form").

This Addendum ("Addendum"), duly executed by the parties, is incorporated into the Vendor's Contract Form and made an integral part thereof. This Addendum and the Vendor's Contract Form shall be referenced to hereafter collectively as the "Agreement".

In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.

#### Additional Provisions

- 1. <u>Limitation of Vendor's Contract Form.</u> The Vendor's Contract Form is, with the exceptions noted herein, generally acceptable to City. Nonetheless, because certain standard clauses that may appear in the Vendor's Contract Form cannot be accepted by City, because of its status as a political subdivision of the State of Texas, and in consideration for the convenience of using provisions in the Vendor's Contract Form instead of negotiating a separate contract document, the parties agree that none of the provisions listed below, if they appear in the Vendor's Contract Form, shall have any effect or be enforceable against City:
  - i. Requiring City to maintain any type of insurance either for City's benefit or for the Vendor's benefit.
  - ii. Renewing or extending the Agreement beyond the contract term or automatically continuing the contract period from term to term.
  - iii. Requiring or stating the terms of the Vendor's Contract Form shall prevail over the terms of this Addendum in the event of conflict.
  - iv. Requiring the application of the law of any state other than Texas in interpreting or enforcing the Agreement, or resolving any dispute under the Agreement. The Agreement and the obligations of the parties shall be construed and enforced in accordance with the laws of the State of Texas.
  - v. Releasing the Vendor or any other entity or person from its legal liability, or limiting liability, for unlawful or negligent conduct or failure to comply with any duty recognized or imposed by applicable law.
  - vi. Requiring any total or partial compensation or payment for lost profit or liquidated damages by City if the Agreement is terminated before the end of the contract term.
  - vii. Changing the time period within which claims can be made or actions can be brought under the laws of the State of Texas.
  - viii. Binding City to any arbitration provision or to the decision of any arbitration board, commission, panel or other entity.

- ix. Obligating City to pay costs of collection or attorneys' fees.
- x. Requiring City to provide warranties.
- xi. Obligating City to indemnify, defend or hold harmless any party.
- xii. Granting a security interest in City's property or placing a lien on City's property.
- 2. <u>Payment Terms.</u> Payment will be made upon submittal and approval of a valid invoice. City shall make payment in accordance with Chapter 2251 of the Texas Government Code. It is the policy of the City to make payment on a properly prepared and submitted invoice within thirty (30) days of the latter of any final acceptance of performance or the receipt of a properly submitted invoice.
- 3. <u>Applicable Law; Venue.</u> This Agreement is subject to and governed by the laws of the State of Texas. Any disputes arising from or relating to this Agreement shall be resolved in a court of competent jurisdiction located in Johnson County, Texas, or the federal courts for the United States for the Northern District of Texas. The parties hereto irrevocably waive any right to object to the jurisdiction of such courts in any dispute arising from or relating to this Agreement.
- 4. <u>Tax Exempt Status.</u> As a political subdivision of the State of Texas, City is tax exempt in the State of Texas. Tax exemption certification will be furnished upon request.
- 5. Termination Due to Lack of Appropriations. If City should not appropriate or otherwise receive funds sufficient to purchase, lease, operate, or maintain the equipment or services set forth in this Agreement, City may unilaterally terminate this Agreement effective on the final day of the fiscal year through which City has funding. City will make every effort to give Vendor at least thirty (30) days written notice prior to a termination for lack of appropriations. In the event of termination due to a lack of appropriations, City will pay Vendor for all undisputed fees and expenses related to the equipment and/or services City has received, or Vendor has incurred or delivered, prior to the effective date of termination.
- 6. No Waiver of Governmental Immunity. The Vendor expressly acknowledges City is a political subdivision of the State of Texas and nothing in the Agreement will be construed as a waiver or relinquishment by City of its right to claim such exemptions, privileges, and immunities as may be provided by law. Neither the execution of the Agreement by City nor any other conduct, action, or inaction of any representative of City relating to the Agreement constitutes or is intended to constitute a waiver of City's sovereign immunity to suit.
- 7. Public Information. Vendor acknowledges that City is obligated to strictly comply with the Public Information Act, Chapter 552, Texas Government Code, in responding to any request for public information pertaining to this Agreement, as well as any other disclosure of information required by applicable Texas law. The City's compliance with the Texas Public Information Act shall not violate the Agreement. Upon City's written request, Vendor will promptly provide specified contracting information exchanged or created under this Agreement for or on behalf of City. The requirements of Subchapter J, Chapter 552, Texas Government Code, may apply to this Agreement and the Vendor agrees that the Agreement can be terminated if the Vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

- 8. <u>Entire Agreement.</u> This Agreement constitutes the entire agreement between the parties and may not be waived or modified except by a written agreement signed by the parties.
- 9. <u>Savings Clause.</u> If a court of competent jurisdiction finds any provision of this Agreement illegal, ineffective or beyond contractual authority of either party, then the offending provision will be stricken and the remainder of the agreement between the parties will remain in effect.
- 10. <u>Conflicts Of Interest.</u> By executing this Agreement, Vendor and each person signing on behalf of Vendor certifies, and in the case of a sole proprietorship, partnership or corporation, each party thereto certifies as to its own organization, that to the best of their knowledge and belief, no member of City Council, city manager, deputy city manager, city secretary, department heads, or deputy department heads of the City has direct or indirect financial interest in the award of this Agreement, or in the services to which this Agreement relates, or in any of the profits, real or potential, thereof, in violation of Section 132 of the Home Rule Charter of the City.
- 11. <u>Anti-Boycotting Provisions.</u> Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - i. Pursuant to Section 2271.002 of the Texas Government Code, Vendor certifies that either (i) it meets an exemption criterion under Section 2271.002; or (ii) it does not boycott Israel and will not boycott Israel during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - ii. Pursuant to SB 13, 87th Texas Legislature, Vendor certifies that either (i) it meets an exemption criterion under SB 13, 87th Texas Legislature; or (ii) it does not boycott energy companies, as defined in Section 1 of SB 13, 87th Texas Legislature, and will not boycott energy companies during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - iii. Pursuant to SB 19, 87th Texas Legislature, Vendor certifies that either (i) it meets an exemption criterion under SB 19, 87th Texas Legislature; or (ii) it does not discriminate against a firearm entity or firearm trade association, as defined in Section 1 of SB 19, 87th Texas Legislature, and will not discriminate against a firearm entity or firearm trade association during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 12. <u>Vendor Certification Regarding Business With Certain Countries And Organizations.</u> Pursuant to Subchapter F, Chapter 2252, Texas Government Code, Vendor certifies Vendor (1) is not engaged in business with Iran, Sudan, or a foreign terrorist organization. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 13. <u>Relationship of the Parties.</u> The parties agree that in performing their responsibilities under this Agreement, they are in the position of independent contractors. This Agreement is not intended to create, does not create, and shall not be construed to create a relationship of employer-employee. Vendor, Vendor's employees, and anyone else working at Vendor's direction is an independent contractor and not an employee or servant of the City. Nothing in this Agreement is intended to or shall be construed in any manner as creating or establishing the relationship of employer-employee between Vendor, Vendor's employees, and anyone else

working at Vendor's direction. Vendor, Vendor's employees, and anyone else working at Vendor's direction shall at all times remain an independent contractor with respect to the service to be performed under this Agreement.

- 14. <u>Survival</u>. The terms of this Addendum shall survive any closing or termination of the Agreement.
- 15. No Indemnification by City. The Parties expressly acknowledge that the City's authority to indemnify and hold harmless any third party is governed by Article XI, Section 7 of the Texas Constitution, and any provision that purports to require indemnification by the City is invalid. Nothing in this Agreement requires that the City incur debt, assess, or collect funds, or create a sinking fund.
- 16. <u>Conflict.</u> In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.
- 17. <u>Counterparts; PDF Signatures</u>. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any pdf-format or other electronic transmission of any signature of a signatory shall be deemed an original and shall bind such signatory.

IN WITNESS WHEREOF, the parties have caused this Addendum to be duly executed, intending thereby to be legally bound.

## **City Council Regular Meeting**

**DEPARTMENT:** Public Works & Engineering

FROM: Errick Thompson, P.E., CFM<sup>®</sup>, Director

MEETING: November 13, 2023

## **SUBJECT:**

Consider approval of a one year contract with Ferguson Enterprises, LLC. for the purchase of water and wastewater supplies in accordance with ITB 2023-023 Sections A, D, G, J and K in the amount of \$65,008.30. (Staff Presenter: Errick Thompson, Director of Public Works & Engineering)

## **SUMMARY:**

The City purchases various materials that facilitate maintenance and operation of the water and wastewater systems each year. These materials include pipe, pipe fittings, fire hydrants, valves and various sewer related items.

The bid was divided into 11 sections of material type and the vendor with the lowest overall cost for that section is recommended for award. Quantities for each item are estimated based on the purchase volumes over historical three years. The exact quantities purchased from the proposed contract will be based upon actual maintenance and operational needs. The contract is for one year with the option of up to four one-year renewals.

Ferguson Enterprises LLC provided lowest bids for five sections of the bid: Section A – Brass Low Lead Non-Compression, Section D – Leak Clamps, Section G – Yard, Section J – ROW Cleanout Misc. and Section K – Flush Valve Misc.

The Purchasing Division of Administrative Services opened bids for purchase ITB 2023-023 on September 12, 2023. Bid requests were sent to all vendors registered to do business with the City of Burleson for these commodities. The bid was also advertised in the Fort Worth Star-Telegram newspaper on August 27, 2023 and September 3, 2023. The initial contract period is November 13, 2023 through September 30, 2024. Annual renewals will require City Council approval. Five vendors submitted bids, Consolidated Pipe & Supply, Core & Main LP, Ferguson Enterprises LLC, Fortiline Inc., and Johnson County WinWater. City staff analyzed the bids provided by the vendors. The vendor with the lowest overall cost in each section is recommended for award of that section.

While this is a unit cost agreement, due to market volatility this agreement allows the vendor to submit pricing adjustments on a quarterly basis instead of annually. Any requested adjustments by the vendor will be reviewed for approval by the City.

To Whom it May Concern:

Effective March 31, 2019, Ferguson Enterprises, Inc. became Ferguson Enterprises, LLC (Ferguson). As a result of the name change, we would like to provide you with the most recent W-9 Form attached for your records.

This change for Income tax purposes requires the corporate income tax form the LLC to be reported under the parent company, now Ferguson US Holdings Inc (FUSHI). As a result of this change all federal documents, like W-9's and 1099s etc., are required to follow this rule and therefore, will show the parent company. At the time of the entity conversion Wolseley Investments Inc. (WII) was Fergusons parent company. Because of this federal W-9 requirement it was determined that we should also change the parent company name to Ferguson US Holdings, Inc. for consistency when providing W-9's to vendors. Effective May 2019, we changed the name of WII to Ferguson US Holdings, Inc.

Contracts and exemption certificates may still be under Ferguson Enterprises LLC since that is the company doing the business, however we are unable to provide a W-9 that allows Ferguson as the company on line 1 will the corresponding EIN. We can provide other backup from the IRS identifying Ferguson Enterprises LLC and its corresponding EIN of 54-1211771. Please find attached a copy of the IRS confirmation letter for Ferguson Enterprises LLC and its EIN. In addition, the W-9 does provide a section for disregarded entities & DBA's on line 2 which we have entered Ferguson Enterprises LLC to show the relationship.

If you have any questions, please feel free to contact me at ask.tax@ferguson.com.

The City of Burleson, Texas ("City") and the Vendor are this day entering into a contract for and, for the mutual convenience, the parties are using the standard contract and/or purchase order form provided by Vendor (the "Vendor's Contract Form").

This Addendum ("Addendum"), duly executed by the parties, is incorporated into the Vendor's Contract Form and made an integral part thereof. This Addendum and the Vendor's Contract Form shall be referenced to hereafter collectively as the "Agreement".

In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.

### Additional Provisions

- 1. <u>Limitation of Vendor's Contract Form.</u> The Vendor's Contract Form is, with the exceptions noted herein, generally acceptable to City. Nonetheless, because certain standard clauses that may appear in the Vendor's Contract Form cannot be accepted by City, because of its status as a political subdivision of the State of Texas, and in consideration for the convenience of using provisions in the Vendor's Contract Form instead of negotiating a separate contract document, the parties agree that none of the provisions listed below, if they appear in the Vendor's Contract Form, shall have any effect or be enforceable against City:
  - i. Requiring City to maintain any type of insurance either for City's benefit or for the Vendor's benefit.
  - ii. Renewing or extending the Agreement beyond the contract term or automatically continuing the contract period from term to term.
  - iii. Requiring or stating the terms of the Vendor's Contract Form shall prevail over the terms of this Addendum in the event of conflict.
  - iv. Requiring the application of the law of any state other than Texas in interpreting or enforcing the Agreement, or resolving any dispute under the Agreement. The Agreement and the obligations of the parties shall be construed and enforced in accordance with the laws of the State of Texas.
  - v. Releasing the Vendor or any other entity or person from its legal liability, or limiting liability, for unlawful or negligent conduct or failure to comply with any duty recognized or imposed by applicable law.
  - vi. Requiring any total or partial compensation or payment for lost profit or liquidated damages by City if the Agreement is terminated before the end of the contract term.
  - vii. Changing the time period within which claims can be made or actions can be brought under the laws of the State of Texas.
  - viii. Binding City to any arbitration provision or to the decision of any arbitration board, commission, panel or other entity.

- ix. Obligating City to pay costs of collection or attorneys' fees.
- x. Requiring City to provide warranties.
- xi. Obligating City to indemnify, defend or hold harmless any party.
- xii. Granting a security interest in City's property or placing a lien on City's property.
- 2. Payment Terms. Payment will be made upon submittal and approval of a valid invoice. City shall make payment in accordance with Chapter 2251 of the Texas Government Code. It is the policy of the City to make payment on a properly prepared and submitted invoice within thirty (30) days of the latter of any final acceptance of performance or the receipt of a properly submitted invoice.
- 3. Applicable Law; Venue. This Agreement is subject to and governed by the laws of the State of Texas. Any disputes arising from or relating to this Agreement shall be resolved in a court of competent jurisdiction located in Johnson County, Texas, or the federal courts for the United States for the Northern District of Texas. The parties hereto irrevocably waive any right to object to the jurisdiction of such courts in any dispute arising from or relating to this Agreement.
- 4. <u>Tax Exempt Status.</u> As a political subdivision of the State of Texas, City is tax exempt in the State of Texas. Tax exemption certification will be furnished upon request.
- 5. Termination Due to Lack of Appropriations. If City should not appropriate or otherwise receive funds sufficient to purchase, lease, operate, or maintain the equipment or services set forth in this Agreement, City may unilaterally terminate this Agreement effective on the final day of the fiscal year through which City has funding. City will make every effort to give Vendor at least thirty (30) days written notice prior to a termination for lack of appropriations. In the event of termination due to a lack of appropriations, City will pay Vendor for all undisputed fees and expenses related to the equipment and/or services City has received, or Vendor has incurred or delivered, prior to the effective date of termination.
- 6. No Waiver of Governmental Immunity. The Vendor expressly acknowledges City is a political subdivision of the State of Texas and nothing in the Agreement will be construed as a waiver or relinquishment by City of its right to claim such exemptions, privileges, and immunities as may be provided by law. Neither the execution of the Agreement by City nor any other conduct, action, or inaction of any representative of City relating to the Agreement constitutes or is intended to constitute a waiver of City's sovereign immunity to suit.
- 7. Public Information. Vendor acknowledges that City is obligated to strictly comply with the Public Information Act, Chapter 552, Texas Government Code, in responding to any request for public information pertaining to this Agreement, as well as any other disclosure of information required by applicable Texas law. The City's compliance with the Texas Public Information Act shall not violate the Agreement. Upon City's written request, Vendor will promptly provide specified contracting information exchanged or created under this Agreement for or on behalf of City. The requirements of Subchapter J, Chapter 552, Texas Government Code, may apply to this Agreement and the Vendor agrees that the Agreement can be terminated if the Vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

- 8. <u>Entire Agreement.</u> This Agreement constitutes the entire agreement between the parties and may not be waived or modified except by a written agreement signed by the parties.
- 9. <u>Savings Clause.</u> If a court of competent jurisdiction finds any provision of this Agreement illegal, ineffective or beyond contractual authority of either party, then the offending provision will be stricken and the remainder of the agreement between the parties will remain in effect.
- 10. <u>Conflicts Of Interest.</u> By executing this Agreement, Vendor and each person signing on behalf of Vendor certifies, and in the case of a sole proprietorship, partnership or corporation, each party thereto certifies as to its own organization, that to the best of their knowledge and belief, no member of City Council, city manager, deputy city manager, city secretary, department heads, or deputy department heads of the City has direct or indirect financial interest in the award of this Agreement, or in the services to which this Agreement relates, or in any of the profits, real or potential, thereof, in violation of Section 132 of the Home Rule Charter of the City.
- 11. <u>Anti-Boycotting Provisions.</u> Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - i. Pursuant to Section 2271.002 of the Texas Government Code, Vendor certifies that either (i) it meets an exemption criterion under Section 2271.002; or (ii) it does not boycott Israel and will not boycott Israel during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - ii. Pursuant to SB 13, 87th Texas Legislature, Vendor certifies that either (i) it meets an exemption criterion under SB 13, 87th Texas Legislature; or (ii) it does not boycott energy companies, as defined in Section 1 of SB 13, 87th Texas Legislature, and will not boycott energy companies during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - iii. Pursuant to SB 19, 87th Texas Legislature, Vendor certifies that either (i) it meets an exemption criterion under SB 19, 87th Texas Legislature; or (ii) it does not discriminate against a firearm entity or firearm trade association, as defined in Section 1 of SB 19, 87th Texas Legislature, and will not discriminate against a firearm entity or firearm trade association during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 12. <u>Vendor Certification Regarding Business With Certain Countries And Organizations.</u> Pursuant to Subchapter F, Chapter 2252, Texas Government Code, Vendor certifies Vendor (1) is not engaged in business with Iran, Sudan, or a foreign terrorist organization. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 13. <u>Relationship of the Parties.</u> The parties agree that in performing their responsibilities under this Agreement, they are in the position of independent contractors. This Agreement is not intended to create, does not create, and shall not be construed to create a relationship of employer-employee. Vendor, Vendor's employees, and anyone else working at Vendor's direction is an independent contractor and not an employee or servant of the City. Nothing in this Agreement is intended to or shall be construed in any manner as creating or establishing the relationship of employer-employee between Vendor, Vendor's employees, and anyone else

working at Vendor's direction. Vendor, Vendor's employees, and anyone else working at Vendor's direction shall at all times remain an independent contractor with respect to the service to be performed under this Agreement.

- 14. <u>Survival</u>. The terms of this Addendum shall survive any closing or termination of the Agreement.
- 15. No Indemnification by City. The Parties expressly acknowledge that the City's authority to indemnify and hold harmless any third party is governed by Article XI, Section 7 of the Texas Constitution, and any provision that purports to require indemnification by the City is invalid. Nothing in this Agreement requires that the City incur debt, assess, or collect funds, or create a sinking fund.
- 16. <u>Conflict.</u> In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.
- 17. <u>Counterparts; PDF Signatures</u>. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any pdf-format or other electronic transmission of any signature of a signatory shall be deemed an original and shall bind such signatory.

IN WITNESS WHEREOF, the parties have caused this Addendum to be duly executed, intending thereby to be legally bound.

## **City Council Regular Meeting**

**DEPARTMENT:** Public Works & Engineering

FROM: Errick Thompson, P.E., CFM<sup>®</sup>, Director

MEETING: November 13, 2023

## **SUBJECT:**

Consider approval of a one year contract with Johnson County WinWater for the purchase of water and wastewater supplies in accordance with ITB 2023-023 Sections C and H in the amount of \$36,366.87. (Staff Presenter: Errick Thompson, Director of Public Works & Engineering)

## **SUMMARY:**

The City purchases various materials that facilitate maintenance and operation of the water and wastewater systems each year. These materials include pipe, pipe fittings, fire hydrants, valves and various sewer related items.

The bid was divided into 11 sections of material type and the vendor with the lowest overall cost for that section is recommended for award. Quantities for each item are estimated based on the purchase volumes over historical three years. The exact quantities purchased from the proposed contract will be based upon actual maintenance and operational needs. The contract is for one year with the option of up to four one-year renewals.

Johnson County WinWater provided lowest bids for two sections of the bid: Section C – Dresser Couplings and Section H – Valve & Hydrant.

The Purchasing Division of Administrative Services opened bids for purchase ITB 2023-023 on September 12, 2023. Bid requests were sent to all vendors registered to do business with the City of Burleson for these commodities. The bid was also advertised in the Fort Worth Star-Telegram newspaper on August 27, 2023 and September 3, 2023. The initial contract period is November 13, 2023 through September 30, 2024. Annual renewals will require City Council approval. Five vendors submitted bids, Consolidated Pipe & Supply, Core & Main LP, Ferguson Enterprises LLC, Fortiline Inc., and Johnson County WinWater. City staff analyzed the bids provided by the vendors. The vendor with the lowest overall cost in each section is recommended for award of that section.

While this is a unit cost agreement, due to market volatility this agreement allows the vendor to submit pricing adjustments on a quarterly basis instead of annually. Any requested adjustments by the vendor will be reviewed for approval by the City.

## **OPTIONS:**

- 1) Approve a unit price contract with Johnson County WinWater for the purchase of various water and wastewater supplies included in ITB 2023-023 Sections C and H with term ending September 30, 2024 from Johnson County WinWater in the amount \$36,366.87.
- 2) Deny the contract.

## **RECOMMENDATION:**

Approve a unit price contract with Johnson County WinWater for the purchase of various water and wastewater supplies included in ITB 2023-023 Sections C and H with term ending September 30, 2024 from Johnson County WinWater in the amount \$36,366.87.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

## Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

· Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

- 1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
  - 2. Certify that you are not subject to backup withholding, or
- 3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
- 4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

**Note:** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- · An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

- 1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
  - 2. The treaty article addressing the income.
- 3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
- 4. The type and amount of income that qualifies for the exemption from tax.
- 5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## **Backup Withholding**

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

## Payments you receive will be subject to backup withholding if:

- 1. You do not furnish your TIN to the requester,
- 2. You do not certify your TIN when required (see the instructions for Part II for details),  $\,$ 
  - 3. The IRS tells the requester that you furnished an incorrect TIN,
- 4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
- 5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see Special rules for partnerships, earlier.

## What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

## **Updating Your Information**

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## **Penalties**

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

## **Specific Instructions**

#### Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

**Note: ITIN applicant:** Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

- b. Sole proprietor or single-member LLC. Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.
- c. Partnership, LLC that is not a single-member LLC, C corporation, or S corporation. Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.
- d. Other entities. Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.
- e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

#### Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

### Line 3

Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

#### Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

#### Line 6

Enter your city, state, and ZIP code.

## Part I. Taxpayer Identification Number (TIN)

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note:** See *What Name and Number To Give the Requester,* later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

### Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

<sup>&</sup>lt;sup>2</sup> However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

- 1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.
- 2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.
- **3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.
- 4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).
- 5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

## **Secure Your Tax Records From Identity Theft**

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- · Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

<sup>&</sup>lt;sup>2</sup> Circle the minor's name and furnish the minor's SSN.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to <code>phishing@irs.gov</code>. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at <code>spam@uce.gov</code> or report them at <code>www.ftc.gov/complaint</code>. You can contact the FTC at <code>www.ftc.gov/idtheft</code> or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see <code>www.ldentityTheft.gov</code> and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

## **Privacy Act Notice**

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. #### City of Burleson Addendum to Vendor's Contract Additional Provisions

#### Johnson County Winwater Co.

#### 7636 S. I35 W, Alvarado, TX 76009

The City of Burleson, Texas ("City") and the Vendor are this day entering into a contract for and, for the mutual convenience, the parties are using the standard contract and/or purchase order form provided by Vendor (the "Vendor's Contract Form").

This Addendum ("Addendum"), duly executed by the parties, is incorporated into the Vendor's Contract Form and made an integral part thereof. This Addendum and the Vendor's Contract Form shall be referenced to hereafter collectively as the "Agreement".

In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.

#### Additional Provisions

- 1. <u>Limitation of Vendor's Contract Form.</u> The Vendor's Contract Form is, with the exceptions noted herein, generally acceptable to City. Nonetheless, because certain standard clauses that may appear in the Vendor's Contract Form cannot be accepted by City, because of its status as a political subdivision of the State of Texas, and in consideration for the convenience of using provisions in the Vendor's Contract Form instead of negotiating a separate contract document, the parties agree that none of the provisions listed below, if they appear in the Vendor's Contract Form, shall have any effect or be enforceable against City:
  - i. Requiring City to maintain any type of insurance either for City's benefit or for the Vendor's benefit.
  - ii. Renewing or extending the Agreement beyond the contract term or automatically continuing the contract period from term to term.
  - iii. Requiring or stating the terms of the Vendor's Contract Form shall prevail over the terms of this Addendum in the event of conflict.
  - iv. Requiring the application of the law of any state other than Texas in interpreting or enforcing the Agreement, or resolving any dispute under the Agreement. The Agreement and the obligations of the parties shall be construed and enforced in accordance with the laws of the State of Texas.
  - v. Releasing the Vendor or any other entity or person from its legal liability, or limiting liability, for unlawful or negligent conduct or failure to comply with any duty recognized or imposed by applicable law.
  - vi. Requiring any total or partial compensation or payment for lost profit or liquidated damages by City if the Agreement is terminated before the end of the contract term.
  - vii. Changing the time period within which claims can be made or actions can be brought under the laws of the State of Texas.
  - viii. Binding City to any arbitration provision or to the decision of any arbitration board, commission, panel or other entity.

- ix. Obligating City to pay costs of collection or attorneys' fees.
- x. Requiring City to provide warranties.
- xi. Obligating City to indemnify, defend or hold harmless any party.
- xii. Granting a security interest in City's property or placing a lien on City's property.
- 2. Payment Terms. Payment will be made upon submittal and approval of a valid invoice. City shall make payment in accordance with Chapter 2251 of the Texas Government Code. It is the policy of the City to make payment on a properly prepared and submitted invoice within thirty (30) days of the latter of any final acceptance of performance or the receipt of a properly submitted invoice.
- 3. Applicable Law; Venue. This Agreement is subject to and governed by the laws of the State of Texas. Any disputes arising from or relating to this Agreement shall be resolved in a court of competent jurisdiction located in Johnson County, Texas, or the federal courts for the United States for the Northern District of Texas. The parties hereto irrevocably waive any right to object to the jurisdiction of such courts in any dispute arising from or relating to this Agreement.
- 4. <u>Tax Exempt Status.</u> As a political subdivision of the State of Texas, City is tax exempt in the State of Texas. Tax exemption certification will be furnished upon request.
- 5. Termination Due to Lack of Appropriations. If City should not appropriate or otherwise receive funds sufficient to purchase, lease, operate, or maintain the equipment or services set forth in this Agreement, City may unilaterally terminate this Agreement effective on the final day of the fiscal year through which City has funding. City will make every effort to give Vendor at least thirty (30) days written notice prior to a termination for lack of appropriations. In the event of termination due to a lack of appropriations, City will pay Vendor for all undisputed fees and expenses related to the equipment and/or services City has received, or Vendor has incurred or delivered, prior to the effective date of termination.
- 6. No Waiver of Governmental Immunity. The Vendor expressly acknowledges City is a political subdivision of the State of Texas and nothing in the Agreement will be construed as a waiver or relinquishment by City of its right to claim such exemptions, privileges, and immunities as may be provided by law. Neither the execution of the Agreement by City nor any other conduct, action, or inaction of any representative of City relating to the Agreement constitutes or is intended to constitute a waiver of City's sovereign immunity to suit.
- 7. Public Information. Vendor acknowledges that City is obligated to strictly comply with the Public Information Act, Chapter 552, Texas Government Code, in responding to any request for public information pertaining to this Agreement, as well as any other disclosure of information required by applicable Texas law. The City's compliance with the Texas Public Information Act shall not violate the Agreement. Upon City's written request, Vendor will promptly provide specified contracting information exchanged or created under this Agreement for or on behalf of City. The requirements of Subchapter J, Chapter 552, Texas Government Code, may apply to this Agreement and the Vendor agrees that the Agreement can be terminated if the Vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

- 8. <u>Entire Agreement.</u> This Agreement constitutes the entire agreement between the parties and may not be waived or modified except by a written agreement signed by the parties.
- 9. <u>Savings Clause.</u> If a court of competent jurisdiction finds any provision of this Agreement illegal, ineffective or beyond contractual authority of either party, then the offending provision will be stricken and the remainder of the agreement between the parties will remain in effect.
- 10. <u>Conflicts Of Interest.</u> By executing this Agreement, Vendor and each person signing on behalf of Vendor certifies, and in the case of a sole proprietorship, partnership or corporation, each party thereto certifies as to its own organization, that to the best of their knowledge and belief, no member of City Council, city manager, deputy city manager, city secretary, department heads, or deputy department heads of the City has direct or indirect financial interest in the award of this Agreement, or in the services to which this Agreement relates, or in any of the profits, real or potential, thereof, in violation of Section 132 of the Home Rule Charter of the City.
- 11. <u>Anti-Boycotting Provisions.</u> Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - i. Pursuant to Section 2271.002 of the Texas Government Code, Vendor certifies that either (i) it meets an exemption criterion under Section 2271.002; or (ii) it does not boycott Israel and will not boycott Israel during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - ii. Pursuant to SB 13, 87th Texas Legislature, Vendor certifies that either (i) it meets an exemption criterion under SB 13, 87th Texas Legislature; or (ii) it does not boycott energy companies, as defined in Section 1 of SB 13, 87th Texas Legislature, and will not boycott energy companies during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - iii. Pursuant to SB 19, 87th Texas Legislature, Vendor certifies that either (i) it meets an exemption criterion under SB 19, 87th Texas Legislature; or (ii) it does not discriminate against a firearm entity or firearm trade association, as defined in Section 1 of SB 19, 87th Texas Legislature, and will not discriminate against a firearm entity or firearm trade association during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 12. <u>Vendor Certification Regarding Business With Certain Countries And Organizations.</u> Pursuant to Subchapter F, Chapter 2252, Texas Government Code, Vendor certifies Vendor (1) is not engaged in business with Iran, Sudan, or a foreign terrorist organization. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
- 13. <u>Relationship of the Parties.</u> The parties agree that in performing their responsibilities under this Agreement, they are in the position of independent contractors. This Agreement is not intended to create, does not create, and shall not be construed to create a relationship of employer-employee. Vendor, Vendor's employees, and anyone else working at Vendor's direction is an independent contractor and not an employee or servant of the City. Nothing in this Agreement is intended to or shall be construed in any manner as creating or establishing the relationship of employer-employee between Vendor, Vendor's employees, and anyone else

working at Vendor's direction. Vendor, Vendor's employees, and anyone else working at Vendor's direction shall at all times remain an independent contractor with respect to the service to be performed under this Agreement.

- 14. <u>Survival</u>. The terms of this Addendum shall survive any closing or termination of the Agreement.
- 15. No Indemnification by City. The Parties expressly acknowledge that the City's authority to indemnify and hold harmless any third party is governed by Article XI, Section 7 of the Texas Constitution, and any provision that purports to require indemnification by the City is invalid. Nothing in this Agreement requires that the City incur debt, assess, or collect funds, or create a sinking fund.
- 16. <u>Conflict.</u> In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.
- 17. <u>Counterparts; PDF Signatures</u>. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any pdf-format or other electronic transmission of any signature of a signatory shall be deemed an original and shall bind such signatory.

IN WITNESS WHEREOF, the parties have caused this Addendum to be duly executed, intending thereby to be legally bound.

#### **City Council Regular Meeting**

**DEPARTMENT:** Public Works & Engineering

FROM: Errick Thompson, P.E., CFM<sup>®</sup>, Director

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of a one year contract with Consolidated Pipe & Supply for the purchase of water and wastewater supplies in accordance with ITB 2023-023 Sections E in the amount of \$3,256.82. (Staff Presenter: Errick Thompson, Director of Public Works & Engineering)

#### **SUMMARY:**

The City purchases various materials that facilitate maintenance and operation of the water and wastewater systems each year. These materials include pipe, pipe fittings, fire hydrants, valves and various sewer related items.

The bid was divided into 11 sections of material type and the vendor with the lowest overall cost for that section is recommended for award. Quantities for each item are estimated based on the purchase volumes over historical three years. The exact quantities purchased from the proposed contract will be based upon actual maintenance and operational needs. The contract is for one year with the option of up to four one-year renewals.

Consolidated Pipe & Supply provided lowest bids for two sections of the bid: Section E - Tapping Saddles and Section F - Sewer Fittings & Couplings.

The Purchasing Division of Administrative Services opened bids for purchase ITB 2023-023 on September 12, 2023. Bid requests were sent to all vendors registered to do business with the City of Burleson for these commodities. The bid was also advertised in the Fort Worth Star-Telegram newspaper on August 27, 2023 and September 3, 2023. The initial contract period is November 13, 2023 through September 30, 2024. Annual renewals will require City Council approval. Five vendors submitted bids, Consolidated Pipe & Supply, Core & Main LP, Ferguson Enterprises LLC, Fortiline Inc., and Johnson County WinWater. City staff analyzed the bids provided by the vendors. The vendor with the lowest overall cost in each section is recommended for award of that section.

While this is a unit cost agreement, due to market volatility this agreement allows the vendor to submit pricing adjustments on a quarterly basis instead of annually. Any requested adjustments by the vendor will be reviewed for approval by the City.

#### **OPTIONS:**

- 1) Approve a unit price contract with Consolidated Pipe & Supply for the purchase of various water and wastewater supplies included in ITB 2023-023 Sections E and F with term ending September 30, 2024 in the amount of \$3,256.82.
- 2) Deny the contract.

#### **RECOMMENDATION:**

Approve a unit price contract with Consolidated Pipe & Supply for the purchase of various water and wastewater supplies included in ITB 2023-023 Sections E and F with term ending September 30, 2024 in the amount of \$3,256.82.

# City of Burleson Addendum to Vendor's Contract Additional Provisions

#### Consolidated Pipe and Supply

#### 12319 N. Saginaw Blvd Fort Worth, TX 76179

The City of Burleson, Texas ("City") and the Vendor are this day entering into a contract for and, for the mutual convenience, the parties are using the standard contract and/or purchase order form provided by Vendor (the "Vendor's Contract Form").

This Addendum ("Addendum"), duly executed by the parties, is incorporated into the Vendor's Contract Form and made an integral part thereof. This Addendum and the Vendor's Contract Form shall be referenced to hereafter collectively as the "Agreement".

In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.

#### Additional Provisions

- 1. <u>Limitation of Vendor's Contract Form.</u> The Vendor's Contract Form is, with the exceptions noted herein, generally acceptable to City. Nonetheless, because certain standard clauses that may appear in the Vendor's Contract Form cannot be accepted by City, because of its status as a political subdivision of the State of Texas, and in consideration for the convenience of using provisions in the Vendor's Contract Form instead of negotiating a separate contract document, the parties agree that none of the provisions listed below, if they appear in the Vendor's Contract Form, shall have any effect or be enforceable against City:
  - i. Requiring City to maintain any type of insurance either for City's benefit or for the Vendor's benefit.
  - ii. Renewing or extending the Agreement beyond the contract term or automatically continuing the contract period from term to term.
  - iii. Requiring or stating the terms of the Vendor's Contract Form shall prevail over the terms of this Addendum in the event of conflict.
  - iv. Requiring the application of the law of any state other than Texas in interpreting or enforcing the Agreement, or resolving any dispute under the Agreement. The Agreement and the obligations of the parties shall be construed and enforced in accordance with the laws of the State of Texas.
  - v. Releasing the Vendor or any other entity or person from its legal liability, or limiting liability, for unlawful or negligent conduct or failure to comply with any duty recognized or imposed by applicable law.
  - vi. Requiring any total or partial compensation or payment for lost profit or liquidated damages by City if the Agreement is terminated before the end of the contract term.
  - vii. Changing the time period within which claims can be made or actions can be brought under the laws of the State of Texas.
  - viii. Binding City to any arbitration provision or to the decision of any arbitration board, commission, panel or other entity.

- ix. Obligating City to pay costs of collection or attorneys' fees.
- x. Requiring City to provide warranties.
- xi. Obligating City to indemnify, defend or hold harmless any party.
- xii. Granting a security interest in City's property or placing a lien on City's property.
- 2. Payment Terms. Payment will be made upon submittal and approval of a valid invoice. City shall make payment in accordance with Chapter 2251 of the Texas Government Code. It is the policy of the City to make payment on a properly prepared and submitted invoice within thirty (30) days of the latter of any final acceptance of performance or the receipt of a properly submitted invoice.
- 3. Applicable Law; Venue. This Agreement is subject to and governed by the laws of the State of Texas. Any disputes arising from or relating to this Agreement shall be resolved in a court of competent jurisdiction located in Johnson County, Texas, or the federal courts for the United States for the Northern District of Texas. The parties hereto irrevocably waive any right to object to the jurisdiction of such courts in any dispute arising from or relating to this Agreement.
- 4. <u>Tax Exempt Status.</u> As a political subdivision of the State of Texas, City is tax exempt in the State of Texas. Tax exemption certification will be furnished upon request.
- 5. Termination Due to Lack of Appropriations. If City should not appropriate or otherwise receive funds sufficient to purchase, lease, operate, or maintain the equipment or services set forth in this Agreement, City may unilaterally terminate this Agreement effective on the final day of the fiscal year through which City has funding. City will make every effort to give Vendor at least thirty (30) days written notice prior to a termination for lack of appropriations. In the event of termination due to a lack of appropriations, City will pay Vendor for all undisputed fees and expenses related to the equipment and/or services City has received, or Vendor has incurred or delivered, prior to the effective date of termination.
- 6. No Waiver of Governmental Immunity. The Vendor expressly acknowledges City is a political subdivision of the State of Texas and nothing in the Agreement will be construed as a waiver or relinquishment by City of its right to claim such exemptions, privileges, and immunities as may be provided by law. Neither the execution of the Agreement by City nor any other conduct, action, or inaction of any representative of City relating to the Agreement constitutes or is intended to constitute a waiver of City's sovereign immunity to suit.
- 7. Public Information. Vendor acknowledges that City is obligated to strictly comply with the Public Information Act, Chapter 552, Texas Government Code, in responding to any request for public information pertaining to this Agreement, as well as any other disclosure of information required by applicable Texas law. The City's compliance with the Texas Public Information Act shall not violate the Agreement. Upon City's written request, Vendor will promptly provide specified contracting information exchanged or created under this Agreement for or on behalf of City. The requirements of Subchapter J, Chapter 552, Texas Government Code, may apply to this Agreement and the Vendor agrees that the Agreement can be terminated if the Vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

- 8. <u>Entire Agreement.</u> This Agreement constitutes the entire agreement between the parties and may not be waived or modified except by a written agreement signed by the parties.

#### **City Council Regular Meeting**

**DEPARTMENT: Legal** 

FROM: Matt Ribitzki, Sr. Deputy City Attorney/Director of Legal Services

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of a Chapter 380 agreement with the Burleson Opportunity Fund to promote economic development. (Staff Contact: Matt Ribitzki, Sr. Deputy City Attorney/Director of Legal Services)

#### **SUMMARY:**

The proposed agreement before the City Council is a Chapter 380 agreement between the City and the Burleson Opportunity Fund. Chapter 380 of the Texas Local Government Code allows municipalities to create a program that makes grants of public money to promote economic development and stimulate business and commercial activity in the municipality, and the City Council created such a program for this municipality in 1993. The Burleson Opportunity Fund desires to participate in the City's program, and the City believes that the Burleson Opportunity Fund's participation in the program as outlined in the proposed agreement will promote economic development and stimulate business and commercial activity in the City.

In the agreement, the City will contribute \$75,000 to the Burleson Opportunity Fund. Historically, the Burleson 4A Corporation has contributed \$60,000 annually to the Burleson Opportunity Fund. This year, however, the City Council desires to increase the contribution by \$15,000, for a total contribution of \$75,000.

The contribution under the proposed agreement must be used in the Burleson Opportunity Fund's scholarship program for scholarship recipients to attend Hill College in Burleson, Texas. In the event the Burleson Opportunity Fund misuses the funds or any portion thereof, the agreement requires the Burleson Opportunity Fund to reimburse the City an amount equal to the misused funds. The agreement also specifies that the City has the right, but not the obligation, to conduct an audit the financial records of the Burleson Opportunity Fund to ensure the contribution is spent in accordance with the terms of the agreement.

#### **City Council Regular Meeting**

**DEPARTMENT:** Economic Development

FROM: Alex Philips, Director of Economic Development

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of an estoppel certificate concerning Burleson Cold Storage, LP and Burleson Cold Storage II, LP Tax Abatement Agreement on the subject property in HighPoint Business Park. (Staff Contact: Alex Philips, Economic Development Director)

#### **SUMMARY:**

On June 7, 2021, the City of Burleson approved an Amended and Restated Tax Abatement for Project Yukon Burleson, LLC ("Yukon") covering 43.51 acres in HighPoint Business Park. The 50% tax abatement for five years was part of an Economic Development package to construct a private 250,000 square foot cold storage facility, and two additional cold storage buildings of 350,000 square feet and 175,000 square feet as future phases.

To date, Yukon has completed (and greatly exceeded) all covenants required by the agreement. Including opening the first 250,000 square foot cold storage facility with a capital investment exceeding \$35,000,000. The additional buildings are nearing completion and all 775,000 square feet will be open and occupied.

On December 13, 2021, the City Council approved a first estoppel certificate acknowledging that Yukon has met its obligations under the agreement and the tax abate is active, to facilitate splitting the property and selling a portion.

On September 18, 2023, the City Council approved a second estoppel certificate for the sale of phase one of the original property (RLS Refrigeration site)

The second phase of property is to be sold, and the purchaser has requested another estoppel agreement as part of the land sale. Phase two of the property includes Arcadia Cold Storage.

**DEPARTMENT:** Fire/EMS Department

FROM: Josh Jacobs, Assistant Fire Chief

MEETING: November 13, 2023

#### **SUBJECT:**

Consider approval of a five year professional services agreement with Front Line Mobile Health, PLLC through a cooperative purchasing agreement with the City of Fort Worth for the services of Fire Department annual medical evaluations and pre-employment medical evaluations in the amount of \$450,000. (Staff Presenter: Josh Jacobs, Assistant Fire Chief)

#### **SUMMARY:**

Burleson Fire/EMS mandates medical evaluations for aspiring firefighter candidates to ensure that they are medically fit to perform the fourteen essential job tasks outlined in NFPA 1582. Additionally, all existing operational personnel are required to undergo annual medical evaluations to prevent potential medical issues and ensure continued compliance with NFPA 1582 standards. Huguley Hospital was previously the provider of this service to Burleson Fire/EMS, but is no longer offering the service. Front Line Mobile Health PPLC (Front Line) is an established provider, currently serving over 50 agencies in the Metroplex, including Fort Worth and Mansfield Fire and Police. Staff feels that the services, thoroughness of the testing, and reporting are the best value for our current and potential future firefighters. occupational assessment. - (1) Wearing personal protective equipment (PPE) and self-contained breathing apparatus (SCBA) while performing firefighting tasks (e.g., hose line operations, extensive crawling, lifting, and carrying heavy objects, ventilating roofs or walls using power or hand tools, forcible entry), rescue operations, and other emergency response actions under stressful conditions, including working in extremely hot or cold environments for prolonged time periods.
- (2) Wearing an SCBA, which includes a demand-valve-type positive-pressure facepiece or HEPA filter mask, which requires the ability to tolerate increased respiratory workloads.
- (3) Exposure to toxic fumes, irritants, particulates, biological (i.e., infectious) and nonbiological hazards, or heated gases, despite the use of PPE and SCBA.
- (4) Climbing at least six flights of stairs or walking a similarly strenuous distance and incline in jurisdictions without tall buildings while wearing PPE and SCBA, commonly weighing 40–50 lbs. (18–23 kg), and carrying equipment/tools weighing an additional 20–40 lbs. (9–18 kg).
- (5) Wearing PPE and SCBA that is encapsulating and insulated, which will result in significant fluid loss that frequently progresses to clinical dehydration and can elevate core temperature to levels exceeding 102.2°F (39°C).
- (6) Working alone while wearing PPE and SCBA, searching, finding, and rescue-dragging or carrying victims ranging from newborns to adults weighing over 165 lbs. (75 kg) to safety despite hazardous conditions and low visibility.
- (7) While wearing PPE and SCBA, advancing water-filled hose lines up to 1 3/4 in. (45 mm) in diameter from fire apparatus to occupancy [approximately 150 ft (50 m)], which can involve negotiating multiple flights of stairs, ladders, and other obstacles.
- (8) While wearing PPE and SCBA, climbing ladders, operating from heights, walking or crawling in the dark along narrow and uneven surfaces that might be wet or icy, and operating in proximity to electrical power lines or other hazards.
- (9) Unpredictable, prolonged periods of extreme physical exertion as required by emergency operations without benefit of a warm-up period, scheduled rest periods, meals, access to medication(s), or hydration.
- (10)Operating fire apparatus or other vehicles in an emergency mode with emergency lights and sirens.
- (11)Critical, time-sensitive, complex problem solving during physical exertion in stressful, hazardous environments, including hot, dark, tightly enclosed spaces, that is further aggravated by fatigue, flashing lights, sirens, and other distractions.
- (12) Ability to communicate (i.e., give and comprehend verbal orders) while wearing PPE and SCBA under conditions of high background noise, poor visibility, and drenching from hose lines or fixed protection systems (e.g., sprinklers).

- (13)Functioning as an integral component of a team, where sudden incapacitation of a member can result in mission failure or in risk of injury or death to members of the public or other team members.
- (14) Working in shifts, including during nighttime, that can extend beyond 12 hours.

Monthly fee can be increased upon the annual renewal of the Professional Services Agreement by up to 5.0%.

# Cancellation

Contracting Agency may cancel the services performed under this Department Physician Services Agreement by giving Front Line at least 30 days written notice and paying for work that has commenced but is unbilled up to that time.

In addition to any other termination/cancellation clauses found elsewhere in this Agreement, we may terminate services provided under this Exhibit if:

- Contracting Agency does not comply with this agreement and Front Line forms the opinion, on reasonable grounds, that mutual confidence and trust do not exist between both parties, or

# **Exhibit C Charges for No-Shows, Cancellations, and Partially Completed Evaluations**

# Charges for No-shows and Cancelled Appointments for Non-Mandatory Evaluations

There will be a no show/cancellation charge of 100% of the per physical contracted amount if a participant makes an appointment but fails to keep his/her scheduled appointment or cancels with less than 72 hour notice for anything but a work-related issue.

If a participant cancels with a minimum of 72 hours of notice and reschedules, there will be a reprocessing charge of \$50. Contracting Agency will work with Service Provider to fill the vacated appointment as soon as possible. If lab tests and the initial online data collection were done more than 90 days before the new appointment, those tests may have to be re-run at the discretion of the Service Provider and at additional cost.

# **Partially Completed Evaluations**

In the event a Participant of Contracting Agency withdraws and does not complete the entire medical evaluation process conducted by Service Provider, cancellation charges will be billed to Contracting Agency, based on how many of the steps have been completed by the participant. The charges will be based on the following:

- 1. If a Participant (Incumbent or Candidate) has a scheduled appointment but leaves the Contracting Agency before any specimens are collected or lab tests have taken place, a charge of 50% of the cost for an annual or candidate physical will be assessed to compensate Service Provider for initial electronic processing.
- 2. If a Participant withdraws after the specimen collection and lab tests, the charge will be 100% of the cost for an annual or candidate physical.

In the event a participant withdraws from the process due to injury, FLMA, deployment or other extenuating circumstances, Service Provider and Contracting Agency agree to negotiate an appropriate cancellation charge, depending on if/when the participant is scheduled to resume duties.

# **Make-up Policy**

While the Contractor has staff available at the Contracting Agency's location or at another Fire Department in the area for the physicals scheduled, the Contractor will coordinate and reschedule for 30 days after the close of the exams for Contracting Agency any portion of the medical evaluation directly with any member that was not available during the pre-determined event schedule. After 30 days the responsibility for scheduling the incomplete portion of the exam rests with the Contracting Agency. If the participant is not able to complete all steps of the evaluation while Contractor has staff available in the area, a determination will be made as to completing the remaining steps in one of Service Provider's clinics, using remote access or using other Telehealth capabilities.

# Exhibit D

# Scope of Services and Fee Schedule for Psychological Suitability Evaluations

The purpose of this optional psychological screening, conducted by the Front Line staff forensic psychologist, is two-fold. When evaluating potential Firefighters, the goal is to screen out or deselect candidates who do not meet minimum requirements and standards. When evaluating sworn officers considered for promotion or movement to positions of greater responsibility, the goal is to select- in or identify the best candidates from among those who have already been determined to meet minimum qualifications.

The psychological evaluation is conducted at the post-offer phase or during the promotion evaluation phase, although both include an assessment of normal-range personality traits and characteristics. The test scores are interpreted within the context of other information gathered from interviews, behavioral observations, reviews of psychological and other relevant medical records, as well as information provided by third parties (e.g., background investigators, health professionals). The integration of information from across a variety of sources serves to strengthen the confidence placed in the resulting inferences.

The cost per participant for Fire Suitability Evaluation for 2023-2024 fiscal period is \$475. Price is subject to change in subsequent years.

# City of Burleson Addendum to Vendor's Contract Additional Provisions

# Front Line Mobile Health, PLLC

# 6517 N. Lakewood Drive, Georgetown, TX 78633

The City of Burleson, Texas ("City") and the Vendor are this day entering into a contract for and, for the mutual convenience, the parties are using the standard contract and/or purchase order form provided by Vendor (the "Vendor's Contract Form").

This Addendum ("Addendum"), duly executed by the parties, is incorporated into the Vendor's Contract Form and made an integral part thereof. This Addendum and the Vendor's Contract Form shall be referenced to hereafter collectively as the "Agreement".

In the event of a conflict between any provision in this Addendum and any other provision in the Agreement or any other exhibit to the Agreement, the terms provided in this Addendum shall govern and control.

# Additional Provisions

- 1. <u>Limitation of Vendor's Contract Form.</u> The Vendor's Contract Form is, with the exceptions noted herein, generally acceptable to City. Nonetheless, because certain standard clauses that may appear in the Vendor's Contract Form cannot be accepted by City, because of its status as a political subdivision of the State of Texas, and in consideration for the convenience of using provisions in the Vendor's Contract Form instead of negotiating a separate contract document, the parties agree that none of the provisions listed below, if they appear in the Vendor's Contract Form, shall have any effect or be enforceable against City:
  - Requiring City to maintain any type of insurance either for City's benefit or for the Vendor's benefit.
  - ii. Renewing or extending the Agreement beyond the contract term or automatically continuing the contract period from term to term.
  - iii. Requiring or stating the terms of the Vendor's Contract Form shall prevail over the terms of this Addendum in the event of conflict.
  - iv. Requiring the application of the law of any state other than Texas in interpreting or enforcing the Agreement, or resolving any dispute under the Agreement. The Agreement and the obligations of the parties shall be construed and enforced in accordance with the laws of the State of Texas.
  - v. Releasing the Vendor or any other entity or person from its legal liability, or limiting liability, for unlawful or negligent conduct or failure to comply with any duty recognized or imposed by applicable law.
  - vi. Requiring any total or partial compensation or payment for lost profit or liquidated damages by City if the Agreement is terminated before the end of the contract term.
  - vii. Changing the time period within which claims can be made or actions can be brought under the laws of the State of Texas.
  - viii. Binding City to any arbitration provision or to the decision of any arbitration board, commission, panel or other entity.

- ix. Obligating City to pay costs of collection or attorneys' fees.
- x. Requiring City to provide warranties.
- xi. Obligating City to indemnify, defend or hold harmless any party.
- xii. Granting a security interest in City's property or placing a lien on City's property.
- 2. Payment Terms. Payment will be made upon submittal and approval of a valid invoice. City shall make payment in accordance with Chapter 2251 of the Texas Government Code. It is the policy of the City to make payment on a properly prepared and submitted invoice within thirty (30) days of the latter of any final acceptance of performance or the receipt of a properly submitted invoice.
- 3. Applicable Law; Venue. This Agreement is subject to and governed by the laws of the State of Texas. Any disputes arising from or relating to this Agreement shall be resolved in a court of competent jurisdiction located in Johnson County, Texas, or the federal courts for the United States for the Northern District of Texas. The parties hereto irrevocably waive any right to object to the jurisdiction of such courts in any dispute arising from or relating to this Agreement.
- 4. <u>Tax Exempt Status.</u> As a political subdivision of the State of Texas, City is tax exempt in the State of Texas. Tax exemption certification will be furnished upon request.
- 5. Termination Due to Lack of Appropriations. If City should not appropriate or otherwise receive funds sufficient to purchase, lease, operate, or maintain the equipment or services set forth in this Agreement, City may unilaterally terminate this Agreement effective on the final day of the fiscal year through which City has funding. City will make every effort to give Vendor at least thirty (30) days written notice prior to a termination for lack of appropriations. In the event of termination due to a lack of appropriations, City will pay Vendor for all undisputed fees and expenses related to the equipment and/or services City has received, or Vendor has incurred or delivered, prior to the effective date of termination.
- 6. No Waiver of Governmental Immunity. The Vendor expressly acknowledges City is a political subdivision of the State of Texas and nothing in the Agreement will be construed as a waiver or relinquishment by City of its right to claim such exemptions, privileges, and immunities as may be provided by law. Neither the execution of the Agreement by City nor any other conduct, action, or inaction of any representative of City relating to the Agreement constitutes or is intended to constitute a waiver of City's sovereign immunity to suit.
- 7. Public Information. Vendor acknowledges that City is obligated to strictly comply with the Public Information Act, Chapter 552, Texas Government Code, in responding to any request for public information pertaining to this Agreement, as well as any other disclosure of information required by applicable Texas law. The City's compliance with the Texas Public Information Act shall not violate the Agreement. Upon City's written request, Vendor will promptly provide specified contracting information exchanged or created under this Agreement for or on behalf of City. The requirements of Subchapter J, Chapter 552, Texas Government Code, may apply to this Agreement and the Vendor agrees that the Agreement can be terminated if the Vendor knowingly or intentionally fails to comply with a requirement of that subchapter.

- 8. Entire Agreement. This Agreement constitutes the entire agreement between the parties and may not be waived or modified except by a written agreement signed by the parties.
- 9. Savings Clause. If a court of competent jurisdiction finds any provision of this Agreement illegal, ineffective or beyond contractual authority of either party, then the offending provision will be stricken and the remainder of the agreement between the parties will remain in effect.
- 10. Conflicts Of Interest. By executing this Agreement, Vendor and each person signing on behalf of Vendor certifies, and in the case of a sole proprietorship, partnership or corporation, each party thereto certifies as to its own organization, that to the best of their knowledge and belief, no member of City Council, city manager, deputy city manager, city secretary, department heads, or deputy department heads of the City has direct or indirect financial interest in the award of this Agreement, or in the services to which this Agreement relates, or in any of the profits, real or potential, thereof, in violation of Section 132 of the Home Rule Charter of the City.
- 11. <u>Anti-Boycotting Provisions.</u> Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - i. Pursuant to Section 2271.002 of the Texas Government Code, Vendor certifies that either (i) it meets an exemption criterion under Section 2271.002; or (ii) it does not boycott Israel and will not boycott Israel during the term of the Agreement. Vendor acknowledges this Agreement may be terminated and payment withheld if this certification is inaccurate.
  - ii. # **City Council Regular Meeting**

**DEPARTMENT:** Fire

FROM: K.T. Freeman, Fire Chief

MEETING: November 13, 2023

# **SUBJECT:**

Consider approval of an Interlocal Agreement for Fire Protection Service with Johnson County Emergency Service District No. 1 that will provide automatic/mutual aid services to the City of Burleson. (Staff Contact: K.T. Freeman, Fire Chief)

# **SUMMARY:**

The purpose of this Interlocal Agreement for Fire Protection Service is to replace the existing agreement, which entailed an annual contract price of \$63,000.00 paid by the City of Burleson to Johnson County Emergency Services District No. 1. The annual contact price assisted Johnson County Emergency Services District No. 1 with supplemental staffing. Johnson County Emergency Services District No. 1 no longer necessitates payment, as professional crews now provide continuous coverage at the station in the automatic aid agreement area, 24 hours a day, 7 days a week. This agreement continues to fosters a collaborative framework aimed at providing mutual support during situations and disasters that may strain the resources of a single agency or jurisdiction. The agreement creates a collaborative arrangement to assist one another during situations and disaster that at times overwhelm the resources of a single agency or jurisdiction.

Key components contained within the proposed agreement are automatic aid response and mutual aid response. Automatic Aid Response is for structure fires and is determined by a map attached to the agreement. All automatic aid responses will respond when requested to the defined district with one engine or quint staffed with a minimum of 3 firefighters on all reported structure fires, within a specified area. All such responses are subject to availability of personnel and equipment.

Mutual aid may include any area within the jurisdiction of the requesting department (e.g. city limits or district boundaries) and may include responding to fire, EMS, and other types of emergencies. Calls for assistance during "working" structure fires, EMS, vehicle accidents, and other types of incidents shall be given on an "as needed basis" and shall include one engine or quint staffed with a minimum of 3 firefighters. All such responses are subject to availability of personnel and equipment.

Interlocal Agreement for Fire Protection Service with Johnson County Emergency Service District No. 1

CITY COUNCIL PRESENTATION NOVEMBER13, 2023

# Updating the current Interlocal Agreement

The purpose of this Interlocal Agreement for Fire Protection Service is to replace the existing agreement, which entailed an annual contract price of \$63,000.00 paid by the City of Burleson to Johnson County Emergency Services District No. 1. The annual contact price assisted Johnson County Emergency Services District No. 1 with supplemental staffing. Johnson County Emergency Services District No. 1 no longer necessitates payment, as professional crews now provide continuous coverage at the station in the automatic aid agreement area, 24 hours a day, 7 days a week. This agreement continues to fosters a collaborative framework aimed at providing mutual support during situations and disasters that may strain the resources of a single agency or jurisdiction. The agreement creates a collaborative arrangement to assist one another during situations and disaster that at times overwhelm the resources of a single agency or jurisdiction.

### Automatic/ Mutual Aid

Automatic Aid Response is for structure fires and is determined by a map attached to the agreement. All automatic aid responses will respond when requested to the defined district with one engine or quint staffed with a minimum of 3 firefighters on all reported structure fires, within a specified area. All such responses are subject to availability of personnel and equipment.

Mutual aid may include any area within the jurisdiction of the requesting department (e.g. city limits or district boundaries) and may include responding to fire, EMS, and other types of emergencies. Calls for assistance during "working" structure fires, EMS, vehicle accidents, and other types of incidents shall be given on an "as needed basis" and shall include one engine or quint staffed with a minimum of 3 firefighters. All such responses are subject to availability of personnel and equipment.

## Benefits accomplished through proposed Agreement

**Community Benefit:** The primary goal of the agreement is to create a collaborative arrangement to assist one another during situations and disaster that at times overwhelm the resources of a single agency or jurisdiction.

**Effective Emergency Response:** By combining resources and expertise, the agreement ensures a more efficient and effective emergency response to incidents and disasters.

**Overflow of Resources:** The purpose of the agreement is to address situations when one agency experiences a surge in calls or incidents that exceed their capacity, allowing the other agency to step in and provide support.

**Liability and Accountability:** Clear provisions are established to define the responsibilities, liability, and accountability of each agency when providing or receiving mutual aid.

#### IV. <u>Liability.</u>

Each Party to this Agreement shall at all times be and remain legally responsible for the conduct of their respective fire department employees regardless of whether such employees were performing duties under this Agreement at the request of the requesting Party and regardless of whether such employees were acting under the authority, direction, suggestion or orders of an officer of the requesting Party. This assignment of civil liability is specifically permitted by Section 791.006(a-1) of the Texas Government Code ("Code") and is intended to be different than the

The payment of any and all civil or other liability, including negligence, resulting from the furnishing of services under this Agreement is the responsibility of the individual party performing such acts. This shall specifically include, but not be limited to, the payment of court costs, expenses, and attorneys' fees resulting from any such claim or lawsuit. The parties agree that the assignment of liability described in this Section is intended to be different than liability otherwise assigned under Section 791.006(a) of the Texas Government Code. The parties agree to comply with all applicable state, local, and federal laws and regulations in providing services under this Agreement. The parties agree to cooperate in executing such further or subsidiary agreements as may be required.

Neither Party shall be reimbursed by the other Party for costs incurred pursuant to this Agreement, except as set forth in Section II of this Agreement. Personnel who are assigned, designated, or ordered by their governing body to perform duties pursuant to this Agreement shall receive the same wage, salary, pension, and all other compensation, benefits and rights for the performance of such duties, including injury or death benefits and Worker's Compensation benefits, as though the service had been rendered within the territorial limits of the Party where he or she is regularly employed.

Further, such personnel shall be deemed to be engaged in a governmental function of their Party.

Nothing herein shall be construed to be a waiver of immunity under the Texas Tort Claims Act by either Party.

#### V. <u>Independent Contractor.</u>

Each Party shall operate under this Agreement as an independent contractor, and not as an agent, representative, servant or employee of the other. Subject to the terms of this Agreement, each Party shall have the right to control the details of its performance hereunder.

#### XI. Waiver.

No waiver of performance by either Party shall be construed as or operate as a waiver of any subsequent default of any terms, covenants, and conditions of this Agreement. **Explanatory note:** Upon receipt of the report of an incident requiring response in their own respective cities, the Burleson and JCESD NO. 1 fire departments may normally dispatch the level of resources described in Section I.A below to the reported locations. For the purposes of this agreement, automatic aid in the amount of resources described will be dispatched by one party into the other party's jurisdiction limits outlined below, if the incident is reported in any of the geographical areas listed below. Also for purposes of this agreement, "reported" will be defined to mean any telephone calls into the 911 system, direct telephone calls to the fire department or radio transmissions to the fire and/or police dispatch centers. Excluded are automatic alarms, unless followed up by one of the above.

#### A. Burleson:

The Burleson Fire Department will respond into JCESD NO. 1 district with one engine or quint staffed with a minimum of 3 firefighters on all <u>reported structure fires</u>, within a specified area of JCESD NO. 1. All such responses are subject to availability of personnel and equipment.

The specified area shall be the area outlined in red in the map attached hereto as Exhibit "A Map", attached hereto and incorporated herein by reference for all purposes.

#### B. **JCESD NO. 1:**

The JCESD NO. 1 will respond into Burleson Fire Department district with one engine or quint staffed with a minimum of 3 firefighters on all <u>reported structure fires</u>, within a specified area of JCESD NO. 1. All such responses are subject to availability of personnel and equipment.

The specified area shall be the area outlined in orange in the map attached hereto as Exhibit "A Map", attached hereto and incorporated herein by reference for all purposes.

#### **Operating Provisions**

- I. Any dispatch of equipment and personnel pursuant to this Agreement is subject to the following conditions:
  - A. Any request for aid hereunder shall include a statement of the amount and type of equipment and number of personnel that are needed, but the amount and type of equipment and number of personnel to be furnished shall be determined by a representative of the responding Party. The Parties would provide a fire company staffed by certified firefighters as certified by the Texas Commission on Fire Protection.
  - B. In areas where common jurisdictional boundaries exist, it is conceivable that accurate determination of jurisdiction may not be possible upon receipt of an alarm. In such cases, it is deemed appropriate and in the best interest of the public for the entity receiving the alarm to dispatch its forces and to notify the other affected entities of the alarm. The requested entity will respond, if able to, as conditioned by this Agreement.
  - C. In the event that the responding Party is unable to respond to the request for assistance, the fire chief or designee of the responding Party shall immediately notify the fire department of the requesting Party that no response can be made.

The Command Post will be staffed by representatives from both Burleson and JCESD NO. 1 so that a "Unified Command" is established.
  - E. Personnel from the Fire Department of the responding Party shall be released by the officer in charge from the requesting Party when the services of the responding Party are needed within the area for which it normally provides fire protection.
  - F. A working accountability system in accordance with NFPA guidelines shall be established at every incident.

All equipment used by the responding Fire Department in carrying out this Agreement will, at the time of action hereunder, be owned, leased or rented by it.

AB automatic aid response hereunder is considered the first operational period of 12 hours ("First Operational Period"), and for each operational period after 12 hours ("Subsequent Operational Periods"), any response hereunder will be considered a mutual aid response and subject to reimbursement, as appropriate. Nothing in this Agreement shall preclude any party from seeking reimbursement of expenses from third parties, or other appropriate entities, including, but not limited to, local, state, or federal government agencies, as appropriate. Nothing in this Agreement obligates a party responding to an emergency situation hereunder from remaining on scene for more than the first operational period.
- B. Contract Price. Burleson shall pay the JCESD #1 SIXTY THREE THOUSAND DOLLARS (\$63,000.00) to aid the JCESD #1's staffing associated with providing the level of fire and emergency services to Burleson under the terms of this Agreement ("Contract Price"). The JCESD #1 shall credit Burleson, on a pro rata basis, for any unspent funds remaining in the adopted JCESD #1 budget applicable to this Agreement at the conclusion of each closed fiscal year. A credit due from the closed fiscal year shall be applied as an adjustment to the Contract Price for the next year after the closed fiscal year audit, or refunded to Burleson after termination or expiration of this Agreement.
- E. <u>JCESD #1 Equipment and Personnel.</u> JCESD #1 agrees to provide the personnel necessary to accomplish the fire and emergency services under this Agreement. The JCESD #1 shall remain responsible for the payment of all salaries, benefits, insurance or other funds necessary for the personnel who provide fire and emergency services under this

Agreement, as well as the certification, licensing, or other actions required by any governmental or regulatory authority, specifically including but not limited to the Texas Commission on Fire Protection and/or the Texas Department of State Health Services, for the Fire and Emergency services provided under this Agreement.

#### III. Term of Agreement and Termination.

The Initial Term of this Agreement shall be for twelve (12) months beginning at 12:00 AM on December 1, 2019 through November 30, 2020. This Agreement shall automatically renew after the Initial Term for successive one (1) year terms, unless terminated by either Party by giving written notice of such termination to the other Party at least sixty (60) days prior to the end of the term.

#### IV. Liability.

Each Party to this Agreement shall at all times be and remain legally responsible for the conduct of their respective fire department employees regardless of whether such employees were performing duties under this Agreement at the request of the requesting Party and regardless of whether such employees were acting under the authority, direction, suggestion or orders of an officer of the requesting Party. This assignment of civil liability is specifically permitted by Section 791.006(a-1) of the Texas Government Code ("Code") and is intended to be different than the liability otherwise assigned under section 791.006(a) of the Code. Each Party hereby waives all claims against the other Party for compensation for any loss, damage, personal injury or death occurring as a consequence of the performance of this Agreement. Each party shall be responsible for injuries or death to its employees and volunteers while performing services under this Agreement. A party shall not be liable for benefits or any other compensation for injuries to or death of the other party's employees or volunteers while performing services under this Agreement. An employee or volunteer shall be deemed to be performing services when en route to, en route from, or at the scene of a call or emergency. Specifically citing Texas Government Code Section 791.006(a-1), the parties agree that, for purposes of determining civil liability for non-party claims, the act of any person or persons while fighting fires, providing rescue services, providing first response EMS services, traveling to or from any type of emergency call or emergency scene, or in any manner furnishing services in accordance with this Agreement, shall be the act of the party performing such act. The payment of any and all civil or other liability, including negligence, resulting from the furnishing of services under this Agreement is the responsibility of the individual party performing such acts. This shall specifically include, but not be limited to, the payment of court costs, expenses, and attorneys' fees resulting from any such claim or lawsuit. The parties agree that the assignment of liability described this Section is intended to be different than liability otherwise assigned under Section 791.006(a) of the Texas Government Code. It is expressly understood and agreed that the entering into and execution of this Agreement does not waive, nor shall be deemed to waive, any right, immunity, or defense that would otherwise be available to a party against third-party claims arising from activities performed under this Agreement. The parties agree to comply with all applicable state, local and federal laws and regulations in providing services under this Agreement. The parties agree to cooperate in executing such further or subsidiary agreements as may be required.

Neither Party shall be reimbursed by the other Party for costs incurred pursuant to this Agreement, except as set forth in Section II of this Agreement. Personnel who are assigned, designated, or ordered by their governing body to perform duties pursuant to this Agreement shall receive the same wage, salary, pension, and all other compensation, benefits and rights for the performance of such duties, including injury or death benefits and Worker's Compensation benefits, as though the service had been rendered within the territorial limits of the Party where he or she is regularly employed.

All wage and disability payments, pension payments, damage to equipment and clothing, medical expenses, and expenses of travel, food, and lodging or any benefits or payments to which an individual is entitled shall be paid by the Party in which the employee in question is regularly employed.

All equipment used by the responding Party in carrying out this Agreement will, during the time response services are being performed, be owned, leased, or rented by such responding Party. All employees acting on behalf of a responding Party at the request of a requesting Party will, during the time response services are being performed, be employee's members of the responding Party for all purposes, including any claims for Worker's Compensation that may arise during the time such services are being rendered.

At all times while equipment and personnel of the responding Party are traveling to, from, or within the geographical limits of the normal response area of the requesting Party in accordance with the terms of this Agreement, such personnel and equipment shall be deemed to be employed or used, as the case may be, in the full line and cause of duty of the responding Party. Further, such personnel shall be deemed to be engaged in a governmental function of their Party.

Nothing herein shall be construed to be a waiver of immunity under the Texas Tort Claims Act by either Party.

#### V. Independent Contractor.

Each Party shall operate under this Agreement as an independent contractor, and not as an agent, representative, servant or employee of the other. Subject to the terms of this Agreement, each Party shall have the right to control the details of its performance hereunder.

#### VI. Notice.

Unless otherwise provided, all notices required or permitted by this Agreement shall be made to the following addresses:

No alteration, change, modification or amendment of the terms of this Agreement shall be valid or effective unless made in writing and signed by both Parties hereto and approved by appropriate action of the governing body of each Party.

#### XI. Waiver.

No waiver of performance by either Party shall be construed as or operate as a waiver of any subsequent default of any terms, covenants, and conditions of this Agreement. The payment or acceptance of fees for any period after a default shall not be deemed a waiver of any right or acceptance of defective performance.

#### XII. Governing Law and Venue.

If any action, whether real or asserted, at law or in equity, arises on the basis of any provision of this Agreement, venue for such action shall lie in state courts located in Johnson County, Texas or the United States District Court for the Northern District of Texas — Fort Worth Division. This Agreement shall be construed in accordance with the laws of the State of Texas.

#### XIII. Successors and Assigns.

Neither Party hereto shall assign, sublet or transfer its interest herein without prior written consent of the other Party, and any attempted assignment, sublease or transfer of all or any part hereof without such prior written consent shall be void. This Agreement shall be binding upon and shall inure to the benefit of Burleson and JCESD #1 and their respective successors and permitted assigns.

If any provision of this Agreement shall be held to be invalid, illegal or unenforceable by a court of competent jurisdiction, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

#### XVI. Force Majeure.

It is expressly understood and agreed by the Parties to this Agreement that if the performance of any obligations hereunder is delayed by reason of war; civil commotion; acts of God; inclement weather; governmental restrictions, regulations, or interferences; fires; strikes; lockouts, national disasters; riots; material or labor restrictions; transportation problems; or any other circumstances which are reasonably beyond the control of the Party obligated or permitted under the terms of this Agreement to do or perform the same, regardless of whether any such circumstance is similar to any of those enumerated or not, the Party so obligated or permitted shall be excused from doing or performing the same during such period of delay, so that the time period applicable to such requirement shall be extended for a period of time equal to the period such Party was delayed.

#### XVII. Contract Construction.

The Parties acknowledge that each Party and, if it so chooses, its counsel have reviewed and revised this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting Party must not be employed in the interpretation of this Agreement or any amendments or exhibits hereto.

For the purposes of this agreement, automatic aid in the amount of resources described will be dispatched by one party into the other party's jurisdiction limits outlined below, if the incident is reported in any of the geographical areas listed below. Also for purposes of this agreement, "reported" will be defined to mean any telephone calls into the 911 system, direct telephone calls to the fire department or radio transmissions to the fire and/or police dispatch centers. Excluded are automatic alarms, unless followed up by one of the above.

#### A. Burleson:

The Burleson Fire Department will respond into JCESD #1 with one engine or quint staffed with a minimum of 3 firefighters on all <u>reported structure fires</u>, within a specified area of JCESD #1. All such responses are subject to availability of personnel and equipment.

The specified area shall be the area outlined in orange in the map attached hereto as Exhibit "A", attached hereto and incorporated herein by reference for all purposes.

#### B. **JCESD #1:**

JCESD #1 will respond in different ways depending on the time of day.

- 1. Calls Received between 7:00 am and 7:00 pm, Monday through Friday. The JCESD #1 Fire Department will respond into Burleson with an engine or quint company staffed with a minimum of 4 personnel, on all reported structure fires, within a specified area of the City of Burleson. All such responses are subject to availability of personnel and equipment.
- 2. Calls Received outside of 7:00 am and 7:00 pm, Monday through Friday. JCESD #1 shall not be required to automatically respond.

#### **Operating Provisions**

- I. Any dispatch of equipment and personnel pursuant to this Agreement is subject to the following conditions:
  - A. Any request for aid hereunder shall include a statement of the amount and type of equipment and number of personnel that are needed, but the amount and type of equipment and number of personnel to be furnished shall be determined by a representative of the responding Party. The Parties would provide a fire company staffed by certified firefighters as certified by the Texas Commission on Fire Protection.
  - B. In areas where common jurisdictional boundaries exist, it is conceivable that accurate determination of jurisdiction may not be possible upon receipt of an alarm. In such cases, it is deemed appropriate and in the best interest of the public for the entity receiving the alarm to dispatch its forces and to notify the other affected entities of the alarm. The requested entity will respond, if able to, as conditioned by this Agreement.
  - C. In the event that the responding Party is unable to respond to the request for assistance, the fire chief or designee of the responding Party shall immediately notify the fire department of the requesting Party that no response can be made.
  - D. Personnel from the Fire Department of the responding Party shall report to the officer in charge of the requesting Party at the location to which the equipment are dispatched and shall be subject to the orders of that official. At all times the ultimate control and responsibility of the personnel from the responding Party shall remain with the highest ranking fire officer from the responding Party at the scene. The Command Post will be staffed by representatives from both Burleson and JCESD #1 so that a "Unified Command" is established.
  - E. Personnel from the Fire Department of the responding Party shall be released by the officer in charge from the requesting Party when the services of the responding Party are needed within the area for which it normally provides fire protection.
  - F. A working accountability system in accordance with NFPA guidelines shall be established at every incident.
  - G. The departments shall conduct a minimum of one joint training session and/or exercise annually.

All equipment used by the responding Fire Department in carrying out this Agreement will, at the time of action hereunder, be owned, leased or rented by it.

#### ADDENDUM #1, November 13, 2020 BID NO. 2020-28

#### EMS FIRE DEPT. MEDICAL SUPPLIES

#### 1. ATTACHMENT

- A. Usage Spreadsheet
- B. Revised List of Items for RFP Spreadsheet

#### 2. CLARIFICATION

- A. Will you consider price adjustments after the 1st 12 months with documentation, during this time many of the manufacturers we are working with will not guarantee two-year pricing, and in fact are now changing pricing within less than a year. It has just become almost impossible to predict, so checking if this could be a consideration during these uncertain times. These terms should be outlined on page 2 item #19 of the bid.
- B. Also, during this time everyone is working remotely. Your bid requires signatures of our VP, will you allow an electronic signature? Yes
- C. Do you anticipate extending the bid due date? Not at this time.
- D. Was this bid posted to the nationwide free bid notification website at www.mygovwatch.com/free? No
- E. Other than your own website, where was this bid posted? The Midlothian News Mirror
- F. Could the City provide estimated annual usage/quantities for the items being requested in the bid? Attached is our usage report. This information is based on usage for Midlothian only and does not include usage by additional Cities which might utilize the cooperative agreement.
- G. If there are bid terms and conditions Vendor may not be able to agree to, will the City allow Vendor to include clarifications or exceptions as part of its bid submission? Clarifications and/or exceptions can be included as part of bid submission. The City will take these exceptions into consideration when determining the Best Value for the City.
- H. If there are insurance requirements that Vendor may not be able to agree to, will the City consider exceptions to insurance terms and conditions? Insurance exceptions can be included as part of bid submission. The City will take these exceptions into consideration when determining the Best Value for the City.
- I. Could you clarify the meaning of the last sentence in Section 7 on Page 8 (Conditions of Bidding, Escalation/De-Escalation)? "Any contract awarded with an escalation clause shall be subject to de-escalation in the event of cost reduction." Vendor requests for price adjustments

- will be evaluated based on cost increases and cost reductions in supplies that the vendor may have experienced.
- J. Can the City please provide vendors with the most recent bid tabulation for awarded pricing and Unit of Measure for the items in the current bid? The City of Midlothian has utilized another City's contract in the past and does not have a bid tabulation to provide.
- K. Bidder MUST give full firm name and address. Person signing bid should show TITLE or AUTHORITY TO BIND HIS FIRM IN A CONTRACT. Authorized signature should appear on each page of the bid, in the space provided. I only find one place for signature on P2, and didn't find any other provided space for signatures. For this RFP, P2 is the only required signature page.
- L. Stated in RFP-"REQUIREMENTS: Any variance in any item(s) must be specified clearly under the Exceptions to Bidder's Proposal by Bidder in order to have a valid bid. Any exceptions taken may be just cause for disqualification. All unit pricing shall be specified on the attached pricing sheets. Bidder shall indicate Grand Total pricing on Invitation to Bid for attached line items, if applicable." Again, this talks about Exceptions to Bidder's Proposal which is not available. Also, I didn't find Total or Unit pricing column on the excel sheet. Where are we supposed to input pricing? The List of Items Spreadsheet has been amended and is attached. The only changes to the Spreadsheet where to include the word Price above the "Each", "per Box", & "per Case" columns to indicate where the pricing should be listed. There was a column included on this Spreadsheet for Vendors Comments to be utilized for exceptions. An additional area has been added to the bottom for Exceptions should it be necessary.
- M. Stated in RFP- "Signature: This bid must be signed by a company representative authorized to bind the offer contractually." Does it have to be signed in wet, or electronic/scanned signature also works? Electronic/Scanned Signature is fine.
- N. Need manufacturer item numbers for the items below marked as No Substitutions Nebulizer, AeroEclipse II BAN, W/O ELBOW, breath actuated, SM volume, w/mouthpiece, tubing

Several of BoundTree's Distribution Centers have received VAWD (Verified - Accredited Wholesale Distributors) accreditation from the National Association of Boards of Pharmacy (NABP). VAWD accreditation is achieved after a criteria compliance review that includes a rigorous evaluation of operating policies and procedures, licensure verification, survey of facility and operations, background checks and screening through the NABP Clearinghouse. Our accreditation demonstrates that we are in compliance with state and federal laws and that our prescription drugs are distributed safely and securely.

For a complete listing of VAWD-Accredited Facilities, please visit: www.nabp.nat/programs/accreditation/yawd/yawd-accredited-facilities

## Compliant with DSCSA Requirements

Under the Drug Supply Chain Security Act (DSCSA), entities in the supply chain including manufacturers, wholesale distributors, and dispensers have responsibilities to meet the requirements of the DSCSA. As of May 1, 2015 all wholesalers are required by law, under the DSCSA, to provide transaction information, transaction history and transaction statements for the pharmaceuticals that they supply.

Bound Tree is compliant with these FDA standards which helps improve patient protection by preventing the distribution of substandard or ineffective drugs and while providing our customers with the product and transaction information they need to be in compliance with the FDA standards.

Under the DSCSA you are responsible for knowing that your prescription drug wholesale distributor is an authorized trading partner who holds a valid state or federal license. BoundTree Medical is licensed federally and in all 50 states. Purchasing from a licensed and VAWD accredited distributor like BoundTree Medical makes great strides to ensure none of your purchases will ever be counterfeit, contaminated, improperly stored and transported, ineffective, and/or unsafe.

Wholesaler Distributor licenses can be searched online: www.fda.gov/Drugs/DrugSafety/DrugIntegrityandSupplyChainSecurity/ucm281446.htm

To perticipate in CSOS, the DEA registrant must first acquire a CSOS digital certificate from the DEA. Once the certificate is received, Class II orders can be placed through our secured website: <a href="mailto:e222.boundtree.com">e222.boundtree.com</a>

For more information about CSOS please visit: www.deaecom.gov

RE: Price Increase Policy

To Whom It May Concern:

As you are well aware, the COVID-19 pandemic has had a considerable impact on the global supply chain of emergency medical products, leading to limited access of personal protective equipment ("PPE") and other crucial supplies for the EMS market. While the supply chain looks to be improving in some areas, Bound Tree is still experiencing extended lead times and product shortages on PPE and other critical supplies. Additionally, there have been significant shipping costs imposed by manufacturers. Despite the current market dynamics, Bound Tree has been working daily with our supplier partners to secure additional inventory at reasonable costs.

Even with our proactive efforts to source inventory, many our key supplier partners have increased prices and others have signaled additional price updates will be coming, some of which may be significant. In the event such a price increase occurs after the bid award, Bound Tree will notify you of such increase and will make all efforts to provide adequate documentation from the supplier as evidence of the price modifications. The new contract pricing will then go into effect based on the notification period provided in the contract. If the price increase is not accepted, Bound Tree reserves the right to remove the product(s) from the contract or provide an alternative product, which may come at a different price.

Sincerely,

Brian LaDuke, President, Emergency Preparedness

#### RETURNS FOR PERSONAL PROTECTIVE EQUIPMENT (PPE)

Bound Tree Medical has experienced a significant surge in orders for personal protective equipment (PPE) due to the outbreak of Ebola and we are working closely with our suppliers to keep up with the increased demand. To further this effort and ensure that we do not over-allocate products based upon excess order quantities, PPE products will no longer be eligible for return. Additionally, all open PO's for PPE products will not be cancellable after placement. This policy update is effective October 22, 2014. We will revisit this update when the Ebola crisis has subsided and alert you to any additional changes.

As indicated on the Bound Tree return policy, all returns require an approved RMA number. Items received without an RMA will not receive credit. Please contact Customer Service at 800-533-0523 if you have questions or would like additional information.

#### **RETURN FOR REPAIRS**

Items to be returned for repair must be prepared according to the most recent OSHA requirements. Items must be properly cleaned and verified with a statement on the outside of the package. Proof of purchase must be included with all manufacturer warranty repairs. Please contact our Customer Service Department for additional information.

Any errors, discrepancies or the invoicing of Services not completed may result in a delay in payment.
- 4.3 Contractor shall be responsible for all expenses related to the Services provided pursuant to this Agreement including, but not limited to, travel, copying and facsimile charges, reproduction charges, and telephone, internet and e-mail charges.

# Article V Devotion of Time; Personnel; and Equipment

- 5.1 Contractor shall devote such time as reasonably necessary for the satisfactory performance of the Services under this Agreement. Should City require additional services not included under this Agreement, Contractor shall make reasonable efforts to provide such additional services at mutually agreed charges or rates, and within the time schedule prescribed by City, and without decreasing the effectiveness of the performance of Services required under this Agreement.
- 5.2 To the extent reasonably necessary for Contractor to perform the Services under this Agreement, Contractor shall be authorized to engage the services of any agents, assistants, persons, or corporations that Contractor may deem proper to aid or assist in the performance of the Services under this Agreement. The cost of such personnel and assistance shall be borne exclusively by Contractor.

# Article VI Suspension of Work

The City shall have the right to immediately suspend work by Contractor if the City determines in its sole discretion that Contractor has, or will fail to perform, in accordance with

this Agreement. In such event, any payments due Company shall be suspended until Contractor has taken satisfactory corrective action.

# Article VII Availability of Funds

If monies are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, this Agreement shall be canceled and Contractor may only be reimbursed for the Services performed and goods delivered up to the effective date of the cancellation.

# Article VIII Insurance

Contractor shall provide and maintain for the duration of this Agreement, and for the benefit of the City (naming the City and its officers, agents and employees as additional insureds), insurance coverage in full force and effect as set forth in Exhibit "A".

# Article IX Termination

- 9.1 <u>Termination for Cause</u>. City may terminate this Agreement, with or without cause, by giving Contractor thirty (30) days prior written notice. Upon receipt of a notice of termination, Contractor shall promptly cease placing orders and all further work pursuant to the Agreement, with such exceptions, if any, specified in the notice of termination. City shall pay Contractor, to the extent funds are appropriated or otherwise legally available for such purposes, for all goods delivered and services performed and obligations incurred prior to the date of termination in accordance with the terms hereof.
- 9.2 <u>Termination for Default</u>. City reserves the right to terminate this Agreement without prior notice in the event Contractor defaults or breaches any of the terms and conditions of the Agreement, or otherwise fails to perform in accordance with the bid specifications. In the event of termination, City reserves the right to complete the work or services in any manner it deems desirable, including engaging the services of other parties therefore and/or awarding the bid to the next lowest responsible respondent. Any such act by the City shall not be deemed a waiver of any other right or remedy of the City. If, after exercising any such remedy, the cost to City of the performance of the balance of the work or services is in excess of that part of the Agreement sum, which has not therefore been paid to Contractor hereunder, Contractor shall be liable for and shall reimburse the City for such excess.

# Article X Indemnification

10.1 CONTRACTOR AGREES TO INDEMNIFY, HOLD HARMLESS AND DEFEND THE CITY, ITS OFFICERS, AGENTS AND EMPLOYEES, BOTH PAST AND

PRESENT, FROM AND AGAINST LIABILITY FOR ANY AND ALL CLAIMS, LIENS, SUITS, DEMANDS, AND ACTIONS FOR DAMAGES, INJURIES TO PERSONS (INCLUDING DEATH), PROPERTY DAMAGE (INCLUDING LOSS OF USE), AND EXPENSES, (INCLUDING COURT COSTS, ATTORNEYS' FEES AND OTHER REASONABLE COSTS OF LITIGATION) ARISING OUT OF OR RESULTING FROM CONTRACTOR'S WORK AND ACTIVITIES CONDUCTED IN CONNECTION WITH OR INCIDENTAL TO THIS CONTRACT AND FROM ANY LIABILITY ARISING OUT OF OR RESULTING FROM INTENTIONAL ACTS OR NEGLIGENCE OF THE CONTRACTOR, INCLUDING ALL SUCH CAUSES OF ACTION BASED UPON COMMON, CONSTITUTIONAL, OR STATUTORY LAW, OR BASED IN WHOLE OR IN PART UPON THE NEGLIGENT OR INTENTIONAL ACTS OR OMISSIONS OF CONTRACTOR, INCLUDING BUT NOT LIMITED TO ITS OFFICERS, AGENTS, EMPLOYEES, SUBCONTRACTORS, LICENSEES, INVITEES, AND OTHER PERSONS.

- 10.2 IT IS THE EXPRESS INTENTION OF THE PARTIES HERETO, BOTH THE CITY AND THE CONTRACTOR, THAT THE INDEMNITY PROVIDED FOR IN THIS AGREEMENT INDEMNIFIES AND PROTECTS THE CITY FROM THE CONSEQUENCES OF THE CONTRACTOR'S OWN NEGLIGENCE.
- 10.3 CONTRACTOR FURTHER AGREES THAT IT SHALL AT ALL TIMES EXERCISE REASONABLE PRECAUTIONS ON BEHALF OF, AND BE SOLELY RESPONSIBLE FOR, THE SAFETY OF ITS OFFICERS, AGENTS, EMPLOYEES, SUBCONTRACTORS, LICENSEES, INVITEES, AND OTHER PERSONS, AS WELL AS THEIR PROPERTY, WHILE IN THE VICINITY WHERE THE WORK IS BEING DONE. IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT CITY SHALL NOT BE LIABLE OR RESPONSIBLE FOR THE NEGLIGENCE OR OTHER FAULT OF THE CONTRACTOR, ITS OFFICERS, AGENTS, EMPLOYEES, SUBCONTRACTORS, LICENSEES, INVITEES, OR OTHER PERSONS ASSOCIATED WITH THE CONTRACTOR.
- 10.4 CONTRACTOR AGREES TO INDEMNIFY AND SAVE THE CITY HARMLESS FROM ALL CLAIMS GROWING OUT OF ANY DEMANDS OF SUBCONTRACTORS, LABORERS, WORKERS, MECHANICS, MATERIALMEN, AND FURNISHERS OF SUPPLIES, EQUIPMENT, FINANCING OR ANY OTHER GOODS OR SERVICES, TANGIBLE OR INTANGIBLE. **DEPARTMENT:** Development Services

FROM: Tony McIlwain, Development Services Director

MEETING: November 13, 2023

**SUBJECT:** 

The Prairie at Chisholm Trail (Case 23-149): Hold a public hearing and consider approval of an ordinance for a zoning change request from "A", Agricultural to "PD" Planned Development for a single-family attached and townhome development with a commercial component located at 6401 CR 910Z. (First and Final Reading) (Staff Presenter: Tony D. McIlwain, Development Services Director) (The Planning and Zoning Commission recommended disapproval by unanimous vote)

# **SUMMARY:**

On July 24, 2023, an application for a zoning change request was submitted by Matt Powell, representing DFW Geodesy, on behalf of Charles Covey with Landvest Development LLC (the contracted buyer), to change the zoning of approximately 111.948 acres to PD, Planned Development for a single-family attached and townhome residential development with one commercial lot. The subject property is currently owned by the Linda A. Woodward Supplemental Needs Trust and the Estate of Steven Marley Matthews, which are represented by Wade Woodard, a Trustee and Executor (respectively) of the afore-mentioned ownership. Mr. Wade has authorized the rezone application.

# **Development Overview:**

The developer is proposing a PD zoning on 111.98 acres to develop 251 SFA, single-family attached lots, 374 townhome lots, and 1 commercial tract with a walking trail open to the public. The proposed development standards and conceptual layout of the site are attached as Exhibit 4.

**Zoning and Land Use Table** 

Zoning	Use
A, Agricultural	Undeveloped
ETJ	Residential (Walden Estates)
Chisholm Trail PKWY	N/A
ETJ (Development	Undeveloped

------	-----	------------------------------------

# This site is designated in the Comprehensive Plan as Chisholm Trail Corridor.

Land uses along the Chisholm Trail Corridor should be **primarily nonresidential**, with the primary use being large-scale professional campuses, such as office parks or medical centers. Complementary large-scale retail will also be appropriate. This area is envisioned to develop in a coordinated manner, with both vehicular and pedestrian connectivity in mind. Development should emphasize quality building and site design and robust landscaping, reflecting a positive image of Burleson to those traveling along the corridor

Staff has determined that this request is not in conformance with the Comprehensive Plan and pursuant to Local Gov't Code Section 211.04 an amendment to the Future Land Use Map would be appropriate if rezoned for the applicant's proposal.

Staff recommends disapproval based on the request not meeting the Comprehensive Plan in addition to the following concerns:

Applicant's PD allows C, Commercial uses on the proposed commercial tract. Several byright uses in C, Commercial would not be complimentary to the adjacent residential uses. Neighborhood Services or General Retail would align better within a residential development. Additionally, the PD language does not require screening from the C, Commercial tract which could be potentially harmful depending on the commercial use that could ultimately be developed there.

Proposed Townhomes (SF-TH) lots are smaller than what is allowed in the City's current SFA district

	Applicant's proposed Townhomes	City of Burleson SFA, Single-family attached
Minimum Lot size	1,400 SF	2,500 SF
Lot width	20 FT	25 FT
Lot depth	70 FT	100 FT

Proposed lot sizes and density are not complimentary with the adjacent Sundance Addition to the west.

Proposed PD language does not reflect the type of amenities that staff would expect to serve the residents of this type of development. Only amenity mandated in the PD is a walking trail.

Contrary to the Comprehensive Plan, robust landscaping was not provided within the PD. Landscaping standards were not proposed by the applicant and would default to the base landscaping standards from Chapter 86 of the Code of Ordinances.

# **Engineering:**

Engineering reviews will be required during the platting phase.

# **Planning and Zoning Commission:**

The Planning and Zoning Commission considered this case and recommended disapproval by a unanimous vote. The Commission's recommendation of disapproval, however, will not trigger the 3/4ths City Council majority requirement as set forth in the City's zoning ordinance to approve the case. The City Council may approve or deny the case by a simple majority vote.

## **OPTIONS:**

- Approve an ordinance for a zoning change request to "PD" Planned Development with reasoned consideration and acknowledgement that the action is not consistent with the Comprehensive Plan and an explanation why the Council considers the action to be reasonable and in the public's interest; or
- 2) Approve an ordinance for a zoning change request to "PD" Planned Development with changes to the proposed development standards, with reasoned consideration and acknowledgement that the action is not consistent with the Comprehensive Plan and an explanation why the Council considers the action to be reasonable and in the public's interest; or
- 3) Deny the ordinance for a zoning change request.

FROM: Tony McIlwain, Development Services Director

MEETING: November 13, 2023

**SUBJECT:** 

Gina's Pizza at 319 NW Renfro St. (Case 23-287): Consider approval of a resolution for variances to Chapter 63, Sign Regulations, relating to conformity, location and separation of a pole sign. (Staff Presenter: Tony McIlwain, Development Services Director) (No Planning and Zoning Commission action was required for this item.)

#### **SUMMARY:**

On October 2, 2023, an application was submitted by Dianne Moriarty representing Global Signs, Inc. on behalf of Otto Arslanovski for sign variances to allow for the alteration of a pole sign without bringing it into complete conformity. The owner of Gina's Pizza is requesting to install a new cabinet for an existing pole sign which is currently considered non-conforming. The newly proposed sign was revised to match the new remodel of the restaurant.

Non-conforming Signs: The City's sign regulations requires that any structural change, alteration, modification, or change in the name, design, letters, message or other matter on the nonconforming sign, shall require the sign to be brought into conformity with the requirements of this chapter unless otherwise exempt by section. The applicant is requesting to modify existing sign cabinet without bringing the rest of the sign into conformity.

Pole Sign: The City's sign regulations do not allow pole signs to be erected outside of the North Wilshire Sign Corridor, or on properties that do not have frontage on IH35. The applicant is requesting for the existing pole sign to remain located outside of the permitted corridors.

Pole Sign Separation: The City's sign regulations required that pole signs shall maintain a 100-foot separation from an adjacent pole sign on each premises and minimum of 50 feet on adjacent premises on the same side of the street. The applicant is requesting for the existing sign to maintain a 25 foot separation from another pole sign on the same side of the street.

The applicant's justification for approval in granting the variances has been attached as Exhibit 3.

#### Planning Analysis

Section 63-3 (Nonconforming signs) of the Sign Ordinance contains the following requirements:

- (1) Shall not be changed to another nonconforming sign.
- (2) Shall not be structurally altered so as to change the shape, size, type or design of the sign; except where alterations are necessary to abate a threat to public safety.
- (3) Shall not be re-established after damage or destruction if the estimated expense of reconstruction exceeds 50 percent of the reproduction cost.
- (4) Any structural change, alteration, modification, or change in the name, design, letters, message or other matter on the nonconforming sign, other than a face (copy) change, shall require the sign to be brought into conformity with the requirements of this chapter unless otherwise exempt by section 63-10(e).

Section 63-56 (Pole Signs) of the Sign Ordinance contains the following requirements:

- (a) Location.
  - (1) Signs must be premises signs.
  - (2) Signs shall not be allowed in residentially zoned districts.
  - (3) Signs shall maintain a 100-foot separation from an adjacent pole sign on each premises and minimum of 50 feet on adjacent premises on the same side of the street.
  - (4) Signs shall be allowed to locate on premises with frontage onto IH 35 and within the North Wilshire Sign Corridor only.

Approval Standards in Granting a Variance.

(Chapter 63-Sign Regulations, Section 63-12(b) - Variances):

#### Consideration

Special conditions exist that are peculiar to the land, structure or building involved and are not applicable to other lands, buildings or structures in the same vicinity. The City may attach such conditions to granting all or a portion of any variance necessary to achieve the purpose of this chapter.

The strict interpretation of the chapter would deprive the applicant of rights commonly enjoyed by other properties in the vicinity under the terms of this chapter.

Special conditions and circumstances do not result from the actions of the applicant(s) and such conditions and circumstances do not merely constitute pecuniary hardship or inconveniences.

Granting the variance will meet the objectives of the ordinance and not be injurious to the adjoining property owners or otherwise detrimental to the public welfare

The request will be the minimum variance necessary to alleviate the special hardship or practical difficulties faced by the applicant in meeting the requirements of this chapter; and

Granting the variance will be in harmony with the spirit and purpose of this chapter.

#### **OPTIONS:**

- 1) Approve the resolution for all requested sign variances with or without conditions; or
- 2) Approve a resolution for one or more of the requested sign variances with or without conditions; or
- 3) Deny the resolution for the sign variances.

#### **RECOMMENDATION:**

Staff is in support of the variances to Chapter 63, Sign Regulations, relating to conformity, location and separation of a pole sign.

RESOLUTION PAGE 3 OF 3

To whom it may concern,

We would like to propose a new cabinet for the existing pole sign which is a non-conforming pole sign.

We are asking this city to allow a new revised cabinet to match with the new remodel of our restaurant. It is a retro sign because we have chosen to remain a business in Burleson since the 1970's and would like the sign to match that era of time. This cabinet will be a smaller cabinet than the existing cabinet but will have a more eye appealing appearance than the current cabinet.

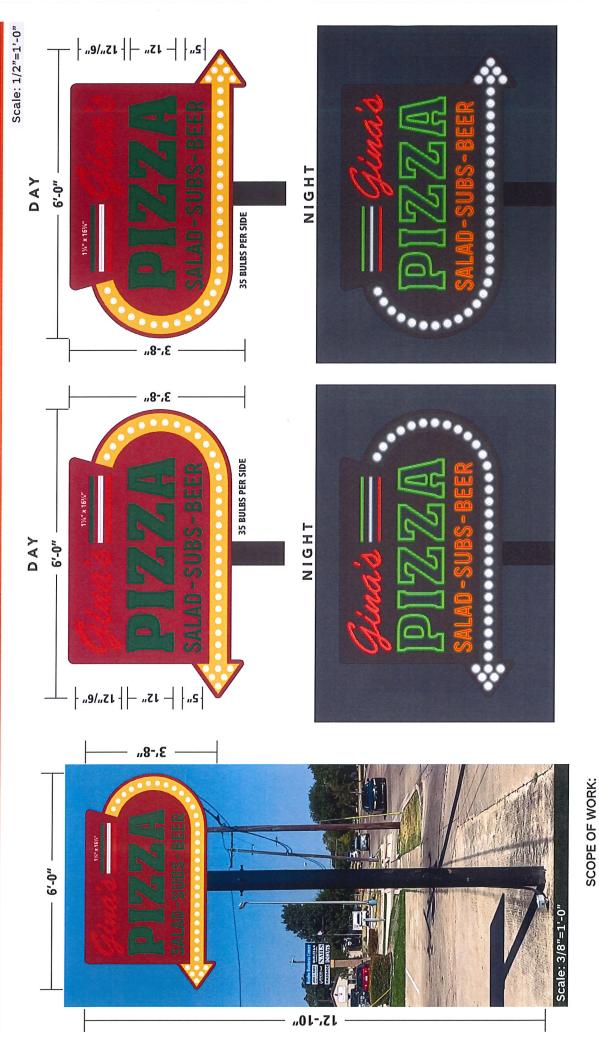

Thank you for your consideration in this matter.

Sincerely,

**Dianne Moriarty**

A RESOLUTION DECLARING INTENTION TO REIMBURSE AN AMOUNT NOT TO EXCEED \$41,820,000 FOR CERTAIN CAPITAL EXPENDITURES WITH PROCEEDS FROM DEBT; AND PLACING TIME RESTRICTIONS ON THE ISSUEANCE OF TAX-EXEMPT OBLIGATIONS.

**WHEREAS,** the City of Burleson, Texas (the "City") is a home-rule municipality and political subdivision of the State of Texas; and

**WHEREAS,** the City previously adopted a reimbursement resolution on October 2, 2023 for expenditures in an amount not to exceed \$1,800,000 (the "Prior Reimbursement Resolution"); and

**WHEREAS,** the City finds, considers, and declares that the reimbursement of the City for the payment of such expenditures will be appropriate and consistent with the lawful objectives of the City and, as such, chooses to declare its intention, in accordance with the provisions of Section 1.150-2 of the Treasury Regulations, to reimburse itself for such payments at such time as it issues obligations to finance the Project; and, NOW

### THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BURLESON, TEXAS THAT:

<u>Section 1</u>. This reimbursement resolution supersedes the Prior Reimbursement Resolution, and all projects and expenditures anticipated by the Prior Reimbursement Resolution are included herein.

**DEPARTMENT:** City Manager's Office

FROM: Justin Scharnhorst, Assistant to the City Manager

MEETING: November 13, 2023

#### SUBJECT:

Consider approval of a resolution authorizing the Texas Coalition of Affordable Power to purchase electricity through a strategic hedging program on behalf of the city of Burleson beginning January 1, 2026. (*Staff Presenter: Justin Scharnhorst, Assistant to the City Manager*)

#### **SUMMARY:**

Texas Coalition of Affordable Power (TCAP) has procured energy for the city of Burleson since 2003. Since that time, the city has utilized fixed price contracts to secure our energy rates. This contracting method has been stable and afforded the city competitive rates. In 2020, TCAP began a Strategic Hedging Program (SHP).

#### Background.

Texas Coalition for Affordable Power has procured electricity for its members since the beginning of retail electric deregulation in Texas in 2002. In the recent past, it has become evident that the electric market and the mix of available sources and supplies have changed dramatically. While the current electric fixed price/fixed term contract has worked well, TCAP believes that a more optimum program—called Strategic Hedging Program (SHP)—is now offered to its members in addition to the fixed price/fixed term contracts.

#### What is SHP?

Instead of buying electricity through a fixed price longer term contract, SHP will procure one twelfth of the annual supply each month, two years forward year-to-year. This provides the lowest market pricing to reduce carrying charges and risk premiums that longer term contracts must charge. Pricing will never be out of the market. SHP features an ultra-competitive monthly RFP process of 20+ vetted creditworthy suppliers. At least 4 suppliers will be in each TCAP portfolio at all times. Prices will be known to members well prior to fiscal year budgeting needs. It avoids the "all-in" guess of a single fixed price multiyear deal. It also provides members with twice a year periodic off ramps if a member desires to revert to a traditional fixed price/fixed term contract.

#### What action needs to be taken and when?

It is necessary for members to have their governmental bodies pass the enclosed resolution to approve the Commercial Electricity Service Agreement. The resolution authorizes TCAP to function as a procurer of energy in addition to serving as an agent in negotiating contracts.

In May of 2022, council authorized a fixed price contract that began in December, and will expire at the end of the 2025 calendar year. If council approves this action, we will be moved into this program in 2026. Currently, TCAP serves 160 public agencies, 153 have converted to SHP and 6 are in the process, similar to Burleson.

#### **OPTIONS:**

Example: Approve as presented
 Example: Approve with changes

3) Example: Deny

#### **RECOMMENDATION:**

Staff recommends approving the resolution authorizing the SHP.

#### PRIOR ACTION/INPUT (Council, Boards, Citizens):

Council approved a fixed price contract in May 2022.

#### **FISCAL IMPACT:**

Average price for the first two years of the SHP program is \$0.5513 cents per kWh. Our current rate is \$0.719 centers per kWh.

## Why TCAP?

- Strength of numbers:
  - They have the ability negotiate better electricity contracts than would be available to any agency alone by leveraging economies of scale
  - Staff and consultants have over 200 years of combined experience in the energy industry, successfully negotiating favorable electric contracts for members since the market was deregulated
  - Energy Audits GEXA Energy Solutions, a partner with TCAP will conduct an energy audit of facilities and provide feedback on possible energy conservation measures at no cost
  - Since 2010 TCAP has returned over \$73,000 of surplus funds back to the City.
  - TCAP is a non-profit created by and for Texas municipalities that has 160 partners that is able to go directly to the wholesale market

## **Energy Options**

- •Since TCAP's beginnings, the only option for contracting has been multi-year fixed contracts until the Strategic Hedging Program (SHP) was developed in 2020.
- Benefits of fixed price contracts:
  - Sustainable
  - Future price certainty for budgetary purposes

#### <u>Drawbacks on fixed price contract:</u>

• The longer into the future a buyer makes a decision to fix their energy price, the decision has more risk because of the volatile market.

## **Contract Evaluation**

- TCAP offers two different methods of procuring energy contracts:
  - Fixed price
  - Strategic Hedging Program (SHP)
  - Since the market changes daily, through the SHP program, TCAP will procure one twelfth of the annual supply each month moving into future years
  - The city has the option to opt out of SHP and secure a fixed price contract in the event pricing becomes unfavorable. Historically, the city has opted to use fixed price contracts.

## **Energy Market**

#### SHP Goals:

- Reduces risks in volatile markets
- •TCAP releases monthly bids into the wholesale market to get the SHP pricing
- In the event there are rapidly rising prices, TCAP by contract would look to a fixed price contract and revert back to fixed cost. The SHP method has worked favorably based on historical data
- •Of the 160 agency members, 153 are in the SHP program

## Timeline

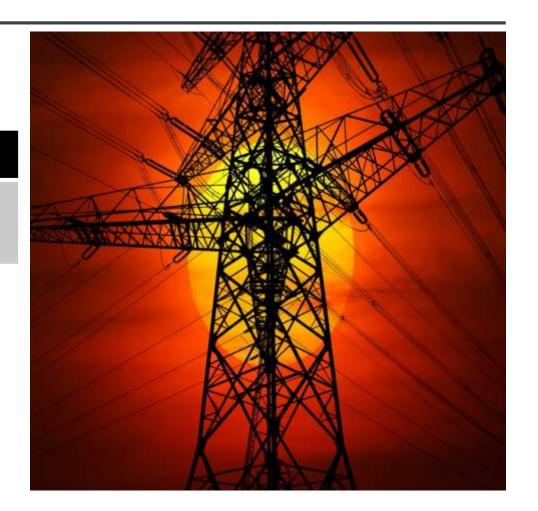

• The following timeframes are for the city's energy contract with Gexa Energy.

## **Current Contract**

Expires December 31, 2025

### **New Contract**

January 1, 2026 – December 31, 2027

## **Options**

- 1) Approve a resolution authorizing the City Manager to execute a professional services contract that would allow TCAP to enter into the market and negotiate a contract on the City's behalf through the strategic hedging program. (Staff Recommendation)
- 2) Enter into a fixed price contract through TCAP
- 3) Deny a resolution authorizing the City Manager to execute a professional services contract that would allow TCAP to enter into the market and negotiate a contract on the City's behalf.
- 4) Issue a competitive solicitation
  - The aggregate total would be solely the City's usage, not the collective aggregate of the members
  - No guarantee of a cheaper cost
- 5) Broker Services
  - Staff could engage a broker to canvas the market to negotiate an energy contract on the City's behalf
  - Brokers would search the retail electric provider (REP) marketplace in search of an cost plus energy contract

#### PROFESSIONAL SERVICES AGREEMENT BETWEEN

#### AND TEXAS COALITION FOR AFFORDABLE

#### POWER, INC.

This Professional Services Agreement ("AGREEMENT") is made and entered by and between Texas Coalition for Affordable Power, Inc. ("TCAP"), a non-profit, political subdivision corporation, and \_\_\_\_\_\_\_("MEMBER"), a TCAP member.

#### **SECTION 1 DURATION:**

This AGREEMENT becomes effective as of signing by MEMBER and shall remain effective as long as MEMBER is being served by TCAP and MEMBER's electric load included in a current TCAP procurement.

#### **SECTION 2 PURPOSE OF AGREEMENT:**

The purpose of this AGREEMENT is to define services and obligations of TCAP to MEMBER and obligations of MEMBER to TCAP and other members. In furtherance of this AGREEMENT, MEMBER will enter into a Commercial Electric Service Agreement ("CESA") with a retail electric provider ("REP") selected by TCAP pursuant to the terms set forth herein; provided that nothing in this AGREEMENT is intended to alter the price or other terms of MEMBER's current CESA in effect through December 31, 2022.

#### **SECTION 3 OBLIGATIONS OF TCAP TO MEMBER:**

MEMBER authorizes TCAP to contract for the purchase of energy for MEMBER in the wholesale market from an energy manager selected by TCAP ("Energy Manager") and to select an acceptable, cost-beneficial REP to serve MEMBER's electric accounts. TCAP shall provide procurement services, which services shall consist of securing wholesale power for MEMBER through an alternative procurement strategy, such as TCAP's Strategic Hedging Program ("SHP"), as may be authorized and defined by TCAP's Board of Directors. MEMBER may elect to consider fixed-price, fixed-term offers for wholesale power supply, such election to be communicated to TCAP separately in writing by providing an Authorized Election Form to TCAP, the form of which has been attached to this AGREEMENT as Exhibit A. If MEMBER has provided to TCAP an Authorized Election Form, TCAP's procurement services to MEMBER shall also consist of arranging fixed-price, fixed-term offers to MEMBER following solicitation of competitive offers. TCAP consultants and attorneys will negotiate terms and conditions of all contracts, monitor performance of Energy Managers and REPs, work to avoid and remedy problems that may be encountered by MEMBER where possible, assist MEMBER with wires company issues, and represent MEMBER in energy related matters before State agencies, the courts or legislature. TCAP will provide additional customer services to MEMBER that are defined in SECTION 5.

#### SECTION 4 OBLIGATIONS AND RIGHTS OF MEMBER:

MEMBER will honor the terms of its CESA and promptly pay or promptly dispute invoices from its REP. MEMBER will comply with the confidentiality and non-disclosure obligations contained in its CESA and Section 7 of this AGREEMENT. MEMBER will designate one or more individuals to receive notices and updates from TCAP and will promptly update contact information. MEMBER will pay aggregation fees to support the non-profit functions of TCAP assessed annually by the TCAP Board of Directors and recovered as part of the energy charges paid to REP. Also, MEMBER will pay or receive refunds equal to the Quarterly Adjustment and the Annual Adjustment mutually agreed upon by TCAP and the Energy Manager to address certain variable costs and charges, including costs imposed by ERCOT, such payment or receipt of funds subject to the reserve account as further described herein. TCAP members will fund, and TCAP will maintain and administer, a reserve account to facilitate the reconciliation of any Quarterly Adjustments or Annual Adjustments by collecting any excess amounts paid and/or paying any deficient amounts incurred (as possible). The reserve account balance will be maintained at a minimum level to cover anticipated future needs for up to two (2) years. The TCAP Board may vote to refund to members amounts in excess of future anticipated needs. Any monies remaining in the reserve account at the dissolution of TCAP will be refunded to current membership at the time of dissolution. TCAP is owned and controlled by its members and is governed by a Board of Directors consisting of employees or elected officials of members. Consistent with TCAP's Bylaws, each MEMBER has a right to nominate its representative to serve on the Board of Directors and has a right to vote in annual elections of Board members. MEMBER has a right to attend or monitor each Board meeting. TCAP has a financial audit performed each year and MEMBER has a right to a copy of the annual audit upon request.

#### **SECTION 5 TCAP SERVICES TO MEMBER:**

#### A. Procurement of Energy Supplies and REP Services

#### 1. TCAP Procurement Services and Capabilities

TCAP will assist prospective members in reviewing market conditions and in estimating the most price opportune time to contract for energy supplies. TCAP will work with MEMBER to achieve a competitive price that balances supply security and risk tolerance while maintaining superior billing and customer services. As a political subdivision corporation, offering electricity procurement to political subdivisions, TCAP has the ability to procure wholesale energy supplies and REP services separately to secure the most effective combination of competitively priced energy supplies and superior billing and customer services. TCAP may utilize either wholesale or retail sources of power, or some combination of both. TCAP may utilize multiple suppliers with different generation resources. TCAP will solicit bids from multiple sources for energy supplies. TCAP aggregates the load of all members to maximize clout in negotiating contract terms. TCAP's objective in negotiations with suppliers is to continue obtaining favorable terms

regarding band widths for annual usage based on total load of all members (rather than based on MEMBER's individual load) and to minimize fees for adding or deleting accounts. TCAP will monitor the wholesale and retail markets for favorable hedging opportunities. TCAP will also monitor, evaluate and issue requests for proposals for power development opportunities beneficial to its MEMBERS, including renewable projects (each, a "Power Project").

#### 2. MEMBER Procurement Options

If MEMBER elects a fixed-price contract for a fixed period by submitting an Authorized Election Form, TCAP will function as MEMBER'S agent in the wholesale energy marketplace in soliciting, evaluating and negotiating each such fixed-price contract. Absent an election, MEMBER shall participate in other procurement strategy options offered by TCAP, such as TCAP's SHP, and TCAP will function as MEMBER's electric energy procurer. As such, TCAP will (i) oversee the Energy Manager, (ii) will direct the Energy Manager to solicit wholesale energy market quotes, (iii) will cause the Energy Manager to transact at the most favorable executable market quotes and (iv) will negotiate and develop the Energy Price in MEMBER'S CESA (the "CESA Energy Price"). CESA Energy Price shall be developed and agreed upon by TCAP, the Energy Manager and the REP and shall include the wholesale energy market transactions as well as Energy Manager's estimate of any non-fixed charges, including zonal congestion charges, ancillaries service charges, and other charges in connection with MEMBER'S load. If MEMBER elects to purchase power from a Power Project solicited and chosen by TCAP via a competitive RFP process (or other similar process), TCAP will function as MEMBER'S electric energy procurer, and will direct the Energy Manager to include the value of the power procured from such projects in the development of MEMBER'S CESA price.

#### B. Customer and Billing Services Provided by TCAP

#### 1. REP Portal

TCAP consultants oversee the development and presentation of the REP's portal for TCAP members; the REP will be responsible for operation of the portal. TCAP provides training and assistance regarding portal use.

#### 2. REP Customer Service

TCAP negotiates with the REP regarding service standards and annually reviews REP performance. TCAP maintains a right to replace a REP for unsatisfactory performance without affecting the price of wholesale power, so long as the replacement REP has a credit rating acceptable to the Energy Manager. TCAP continuously monitors customer billings and will alert both the REP and MEMBER, when appropriate, of any billing errors and the adjustments needed to ensure accurate and reliable billings to MEMBER. TCAP will advocate on behalf of MEMBER when needed to resolve billing or customer service issues.

TCAP will review customer billings and make MEMBER aware of inactive accounts that MEMBER may be able to disconnect to save monthly charges.

### 3. TCAP Assistance with Budgets and Required Filings and Assistance with TDSP Issues

TCAP monitors Public Utility Commission ("PUC") and ERCOT activity and will provide MEMBER a forecast of changes in non-by passable charges that may impact MEMBER's annual budget estimates. TCAP will prepare an annual electricity cost estimate for MEMBER. TCAP will assist MEMBER in preparation of energy related reports that may be necessary for MEMBER to file in response to legislative or agency mandates. TCAP will assist MEMBER in understanding non-bypassable charges included in REP invoices, and assist in resolving issues caused by errors of MEMBER'S Transmission and Distribution Service Provider ("TDSP" aka "wires company").

#### 4. Information Services

TCAP maintains a member web site, <a href="www.tcaptx.com">www.tcaptx.com</a>. In addition to regular blog postings on energy news relevant to MEMBER, TCAP has prepared and posted major reports on the history of deregulation in Texas and a history of ERCOT. TCAP consultants continuously monitor the Nymex gas market, ERCOT energy market, and economic conditions that may affect MEMBER, as well as activities at the PUC and ERCOT. Important trends are noted in consultant reports to the Board of Directors and are attached to Board Minutes. TCAP's Executive Director prepares and distributes a monthly newsletter and coordinates TCAP activities with various city coalitions and Texas Municipal League ("TML"). The Executive Director monthly newsletters will also include important or trending issues in the energy markets.

#### 5. Demand Response, Distributed Generation and Cost Savings Strategy

TCAP will work with relevant service providers to make available to MEMBER competitive demand reduction programs that facilitate MEMBER's participation in TDSP and ERCOT cost reduction strategies approved by the PUC. Upon request, TCAP will monitor and evaluate demand reduction program performance metrics. TCAP will assist MEMBER in reviewing, analyzing and developing distributed generation programs that can reduce wires and energy costs and/or provide backup power to specific facilities. TCAP will assist MEMBER in meeting renewable energy goals established by MEMBER, including behind-the-meter solar projects and local wind projects.

#### 6. Regulatory and Legislative Representation

TCAP will provide representation and advocacy services on energy issues relevant to MEMBER in regulatory and legislative areas including, but not limited to, ERCOT stakeholder meetings, PUC projects and dockets, and legislative actions.

#### 7. Strategic Hedging

To the extent that there is sufficient interest and commitment of load of TCAP members within an ERCOT zone, and to the extent MEMBER has not elected a fixed-price contract for a fixed period, MEMBER will perpetually (subject to potential charter or ordinance constraints on length of contracts) commit to two-year participation obligations. MEMBER may terminate participation in the SHP, without energy price penalties and with minimal other termination fees, by providing sufficient notice as set forth herein (Section 6). A SHP price will be determined at least 9 months prior to the effective date of the price by averaging the winning bids from periodic competitive auctions that occur throughout the 24 months preceding the effective date. TCAP will direct Energy Manager to conduct the periodic competitive auctions. TCAP will have the right to audit the auction results. The auction process will be designed to identify competitively priced energy supplies from a variety of creditworthy suppliers, resulting in prices that are rarely, if ever, significantly above prevailing market prices and that should generally be less than pricing for long-term fixed priced contracts (when evaluated from a common contract start date and term). Designed to take advantage of the characteristics of the nation's well supplied energy markets, the SHP will also be flexible enough to respond to market changes when and if they occur in the future. Participation in the SHP may be viewed as a series of 24 -month forward year-to-year contracts for as long as desired by MEMBER. If MEMBER participates in the SHP, MEMBER agrees that TCAP is authorized to direct Energy Manager to procure electric energy in the wholesale market on MEMBER's behalf and that TCAP is authorized to commit MEMBER's load to periodic competitive auctions.

### **SECTION 6 MEMBER RIGHT OF TERMINATION: A. Fixed-Term, Fixed-Price Contract**

MEMBER may terminate a CESA prior to the end-of-term specified in a contract subject to payment of "Liquidated Damages" prescribed in MEMBER's CESA. If MEMBER commits to a fixed multi-year term, fixed-price contract and wants to terminate the agreement prior to the end of the fixed multi-year term, liquidated damages will be based on the differential in the price of electric energy futures contracts used to support the fixed-price agreement and the price of comparable electric energy contracts at time of termination and shall also include damages prescribed herein and in the CESA, as applicable. If electric energy prices are lower at the point of termination than they were at time of contracting, MEMBER should expect to pay energy price damages upon early termination. In any event, any termination payment will be calculated and assessed in accordance with MEMBER's CESA.

#### **B. Strategic Hedging Program**

Since the SHP is based on a series of one-year term contracts, MEMBER is entitled to exit the program so long as notice of termination can be given prior to inclusion of MEMBER's load in the competitive auction process for a future year's price. TCAP will periodically notify MEMBER of expected procurement schedules and provide no less than 90 days

prior notice of any upcoming solicitiation, and MEMBER may notify TCAP that it wants to exclude its load from the competitive auction process by giving notice at least 60 days prior to the next procurement date. Termination of involvement in SHP without appropriate notice will require calculation of damages as prescribed by CESA under Edison Electric Institute ("EEI") principles with the intent of making the REP and Energy Manager whole for the termination. Liquidated damages will be based on the differential in the price of electric energy futures contracts used to support the SHP price and the price of comparable electric energy contracts at time of termination and shall also include damages prescribed herein and in the CESA, as applicable. If electric energy prices are lower at the point of termination than they were at time of contracting, MEMBER should expect to pay energy price damages upon early termination. In any event, any termination payment will be calculated and assessed in accordance with MEMBER's CESA.

#### C. Participation in Power Projects

If MEMBER has chosen to purchase power from a Power Project through TCAP, in accordance with a signed Project Addendum attached to MEMBER'S CESA, MEMBER's termination rights with respect to its commitment to purchase power from the Power Project shall be contained in the Project Addendum.

#### **SECTION 7 CONFIDENTIALITY:**

MEMBER is a governmental body subject to public information laws, including Chapter 552 of the Texas Government Code. If MEMBER receives a valid request under applicable public information laws for information related to this AGREEMENT or its CESA, it shall provide TCAP notice of the request including a description the information sought prior to MEMBER's release of information so that TCAP has the opportunity to determine whether such information is subject to an exception as trade secret, competitive, comercial, or financial information. With the exception of the preceding disclosures pursuant to public information laws, a Party (that party, the "Receiving Party") shall keep confidential and not disclose to third parties any information related this AGREEMENT, except for disclosures to Authorized Parties or as otherwise required by law; and provided that MEMBER authorizes TCAP to provide Energy Manager and REP with any relevant information concerning MEMBER's account, usage and billings. The provisions of this Section 7 apply regardless of fault and survive termination, cancellation, suspension, completion or expiration of this AGREEMENT for a period of two (2) years. "Authorized Parties" means those respective officers, directors, employees, agents, representatives and professional consultants of MEMBER and TCAP and each of their respective affiliates that have a need to know the confidential information for the purpose of evaluating, performing or administering this AGREEMENT.

#### **SECTION 8 PARAGRAPH HEADINGS:**

The paragraph headings contained in this AGREEMENT are for convenience only and shall is no way enlarge or limit the scope or meaning of the various and several paragraphs.

#### **SECTION 9 COUNTERPARTS:**

This AGREEMENT may be executed in multiple counterparts, each of which shall be deemed an original, and all of which shall constitute but one and the same instrument.

#### **SECTION 10 DEFINITIONS:**

- "Annual Adjustment" shall mean either a credit to MEMBER for the over-collection of funds, or a charge to MEMBER for under-collection of funds, related to Power Project settlements, if applicable. For those MEMBERS that participate in SHP, the Annual Adjustment shall also include (i) adjustments related to the loss factor for each specific ERCOT zone and (ii) adjustments related to load reconciliation as determined by TCAP, the Energy Manager and the REP.
- **"Energy Manager"** means the wholesale market participant selected by TCAP to conduct SHP procurements at TCAP's direction, in accordance with Section 5A and Section 7 of this Agreement. The Energy Manager may sell all or a portion of the required wholesale energy to TCAP or TCAP's REP.
- "Power Project" means a power generation project identified by TCAP to supply electric energy to one or more TCAP Members.
- "Project Addendum" means the Addendum for a Power Project, if any, signed and attached as an Exhibit to MEMBER'S CESA.
- "QSE Services Fee" means the QSE Services Fee in affect during the Delivery Term, as agreed between TCAP and Energy Manager.
- "Quarterly Adjustment" shall mean either a credit to MEMBER for the over-collection of funds, or a charge to MEMBER for under-collection of funds, related to (i) ERCOT zonal congestion charges and (ii) ancillary services charges and other charges imposed by governmental agencies or ERCOT upon wholesale suppliers or REPs under statutes, regulations or courts for services within ERCOT zones. Said charges or refunds will be proportional to MEMBER's relative contribution to TCAP load within specific ERCOT zones.
- "Retail Electric Provider" or "REP" means the Retail Electric Provider that is party to (i) the REP Services Agreement with TCAP and (ii) the CESA between itself and MEMBER for the provision of retail electric service.
- "Strategic Hedging Program" or "SHP" means an energy procurement strategy approved by TCAP's Board of Directors, overseen by TCAP's designated consultants, and administered by TCAP's appointed Energy Manager, whereby wholesale energy is solicited and procured at agreed upon intervals, as directed by TCAP.

#### SECTION 1: RETAIL ELECTRIC SALES AND SERVICES

- **1.1 Appointment and Scope.** Customer appoints Gexa as its Retail Electric Provider ("**REP**") for the ESI ID(s) served under this Agreement. Customer authorizes Gexa to: (i) act as Customer's REP for all purposes; and (ii) provide the services required of a REP including, without limitation, the procurement, scheduling and delivery of electricity throughout the Term to each of the ESI ID(s) in accordance with the terms set forth in this Agreement, including the Terms and Conditions of Service set forth in <u>Attachment A</u>. Customer's appointment imposes no other duties on Gexa other than those specified in this Agreement and the REP Services Agreement.
- 1.2 Agreement to Purchase. Customer shall purchase its electricity requirements from Gexa throughout the Term for each of the ESI ID(s) except as otherwise provided. The electricity and services Customer receives from Gexa is for Customer's exclusive proprietary use. Customer alone shall pay for electricity and services provided and for electricity and services Customer fails to take pursuant to its contractual obligations. If Gexa fails to deliver sufficient quantities of electricity to the TDSP for delivery to Customer or fails to schedule the delivery of sufficient quantities of electricity (collectively, a "Scheduling Failure") the TDSP is obligated by law and by its tariff to deliver sufficient electricity to satisfy Customer's needs. If a Scheduling Failure occurs, Gexa shall financially settle, at no additional cost or expense to Customer, with its Qualified Scheduling Entity (as defined by ERCOT) for the purchase of electricity necessary to cover the Scheduling Failure.
- 1.3 Membership in TCAP. Customer is a current member of the Texas Coalition for Affordable Power, Inc. ("TCAP"), and has entered into the Professional Services Agreement (the "PSA") authorizing the purchase of wholesale energy on behalf of the Customer by TCAP and/or TCAP's Energy Manager. Such wholesale energy purchases will affect the calculation of the Energy Price throughout the Term of this Agreement as described in Section 2. If, at any time during the Term, Customer elects to participate in a Power Purchase Agreement with a project to be developed for TCAP's members, and executes the Project Addendum for such project, then the Project Addendum will be attached hereto as <a href="Schedule I">Schedule I</a>. Notwithstanding Customer's TCAP membership status, Customer agrees to fulfill all of its obligations under this Agreement, the PSA and, if applicable, the Project Addendum throughout the Term of this Agreement.

#### 1.4 Term.

- (a) Effective Date and Termination Date. Gexa shall provide retail electric service under this Agreement to each ESI ID beginning on the Effective Date and Terminating on the Termination Date, as further defined in this Section 1.4(a) (such period, the "Term"). The Effective Date will occur either (i) on the date occurring on or after the Expected Start Date stated in Attachment B on which each such ESI ID is enrolled with Gexa's service for any new customer, or (ii) if Customer is an existing customer then the Expected Start Date is the meter read date following the expiration of the Customer's prior Agreement with Gexa. Gexa shall continue to provide retail electric service to each ESI ID unless or until the Customer gives notice to TCAP and Gexa of its intent to terminate its membership with TCAP ("Termination Notice"). The Termination Date will occur on each respective ESI ID meter read date during the last month of the calendar year for which electricity has been purchased on Customer's behalf by either TCAP or the Energy Manager in accordance with the PSA prior to the Termination Notice, except that in no event will the Term exceed beyond December 31, 2037. For avoidance of doubt, the Termination Date for each respective ESI ID shall be the sooner to occur of (i) the meter read date occurring in the last month of the calendar year for which electricity has been purchased by either TCAP or the Energy Manager on behalf of the Customer prior to the Termination Notice or (ii) the meter read date occurring in December 2037. As a result of variations in the timing of the Effective Date described in this Section 1.4 the Term may include a partial calendar month in addition to the number of months set forth in Attachment B, if any.
- (b) Delayed Effective Date. Gexa shall use commercially reasonable efforts to cause the Effective Date for each ESI ID to occur on the Expected Start Date. If the Effective Date for an ESI ID occurs more than 20 days after the Expected Start Date, Customer may provide Gexa with evidence of the amount of electricity purchased by Customer from its current REP in connection with that ESI ID during the period on and after the 21st day after the Expected Start Date until the Effective Date (the "Delayed Effective Date Period"), and the total amount paid by Customer to its current REP for the electricity it purchased during the Delayed Effective Date Period (the "Delayed Effective Date Electricity Amount"). Upon receipt of evidence from Customer Gexa shall calculate and provide Customer a credit against future purchases under this Agreement equal to the positive amount resulting from the following calculation: (a) the Delayed Effective Date Electricity Amount minus (b) the amount that Customer would have paid to Gexa pursuant to this Agreement during the Delayed Effective Date Period for the same amount of electricity purchased by Customer from its current REP during that period in connection with the affected ESI ID(s); provided, that Gexa shall not be required to

provide a credit with respect to any period during a Delayed Effective Date Period where the delay was caused by an event outside of Gexa's control.

- (c) Service After Term. If, for any reason, service continues beyond the Term, it will be on a month-to-month basis, and the Agreement will continue in effect for the ESI ID(s) except that the Energy Price will be the greater of: (i) the Energy Price as set forth in Section 2.1 below, or (ii) the aggregate weighted average of the Market Rate (as defined herein) as determined for all of the ESI ID(s), for as long as service continues. If Customer has not switched from Gexa to another supplier at the expiration of the Term, Gexa shall serve Customer at the rate set forth in this Section for a minimum of 60 days. After those 60 days, Gexa may continue to serve Customer or terminate the Agreement and disconnect Customer.
- 1.5 Modifications to ESI IDs. Gexa shall work with Customer in good faith during the Term to reasonably accommodate and assist Customer with the management of its electricity needs. If at any time during the Term, Customer wants to i) add or delete one or more ESI IDs, ii) otherwise modify the ESI ID information as a result of a decision by Customer to open, close or sell a facility owned or leased by Customer, iii) expand an existing facility, or iv) increase an existing facility's metered load, then Customer shall provide written notice to Gexa of such change ("ESI ID Change Notice"). If such change to the ESI ID is expected to occur prior to the first month of any calendar year for which the Energy Price has been established as of the date of the ESI ID Change Notice, in accordance with Section 2.1 (a) of this Agreement, such notice shall include Customer's election of the "Special Load Threshold," as defined below, which will apply to such change in load. If, in Gexa's reasonable judgment, i) the addition is a separately metered load which does not exceed the applicable Special Load Threshold; or ii) does not result in a net increase in excess of the applicable Special Load Threshold for an existing facility, Gexa shall use commercially reasonable efforts to promptly implement such changes, including providing required notices to ERCOT. If the addition is a separately metered load which exceeds the applicable Special Load Threshold, or results in a net increase in excess of the applicable Special Load Threshold after consideration of any contemporaneous offsetting load decreases, Gexa shall provide service to that ESI ID and shall determine any incremental charge or credit to provide service to any changed ESI IDs. Gexa shall apply such charge or credit to the affected ESI IDs, after such charges have been reviewed by TCAP. "Special Load Threshold" shall mean additional peak demand that is reasonably expected during the first twelve months following commercial operations to exceed, at Customer's election, either (i) 0.25 MW at any time or an annual average load of 0.125 MW or (ii) 1.0 MW at any time or an annual average load of 0.5 MW. Gexa shall make periodic reports regarding changes to the billing status of any ESI ID(s) available to Customer and TCAP. Amendments that add or remove ESI ID(s) as a result of changes made pursuant to this section are incorporated into this Agreement, and are effective on the Effective Date for each ESI ID(s) added to this Agreement or the date that retail electric service for any removed ESI ID(s) ceases or is transferred to another REP.

#### SECTION 2: RETAIL ELECTRIC ENERGY SERVICE CHARGES

#### 2.1 Energy Price.

- (a) If Customer has elected to fix all or a portion of the Energy Price for a fixed term by providing an Authorized Election Form to TCAP in accordance with the PSA, the Energy Price shall equal the fixed price as determined by TCAP in accordance with the PSA, and the Authorized Election Form. Any portion of the Energy Price that is not fixed shall be noted in the Authorized Election Form, and shall be settled with Customer in accordance with Section 2.2 of this Agreement. If Customer has not made such an election, the Energy Price shall be determined in accordance with the PSA, as follows:
  - (i) TCAP shall periodically solicit, or direct its designated Energy Manager to solicit, wholesale energy market quotes, and may direct the Energy Manager to transact at the lowest of the market quotes obtained for the purpose of serving customer's load, in accordance with the PSA (each such transacted quote, a "Wholesale Transaction").
  - (ii) Once TCAP has directed its Energy Manager to enter into Wholesale Transactions sufficient to serve Customer's load for a given calendar year, Energy Manager and TCAP shall establish the Energy Price for that Calendar Year in accordance with those procedures outlined in the PSA, which Customer hereby acknowledges it has reviewed and accepted. TCAP shall set the Energy Price for a given Calendar Year no later than nine (9) months prior to the start of such Calendar Year. If Customer elects to participate in a project and executes the Project Addendum, the Energy Price shall include an estimate of the Project Settlement for each month of the Calendar Year in accordance with the Project Addendum.
- (b) For the purposes of Section 3 the Energy Price shall be converted to dollars per kWh.

#### 2.2 Energy Price Adjustments.

(a) Energy Manager shall have the right to reconcile the revenues received from the Customer with Energy Manager's Supplier Cost on (i) a quarterly basis, by determining the Quarterly Adjustment in the manner

- specified in the PSA and (ii) on an annual basis, by determining the Annual Adjustment in the manner specified in the PSA. The Quarterly Adjustment and Annual Adjustment may be either a charge or a credit, and shall be collected from or remitted to Customer, as appropriate, in the manner specified in the PSA.
- (b) TCAP and Energy Manager may mutually agree to fix certain component charges comprising Customer's Energy Price for a given Calendar Year, if TCAP determines that fixing these charges is likely to benefit Customer. Charges that are fixed by TCAP and Energy Manager for a given Calendar Year shall not be included in the calculation of either the Quarterly Adjustment or the Annual Adjustment for such Calendar Year, in accordance with the PSA.
- **2.3 Additional Pass-Through Charges.** Gexa shall pass through and identify separately on Customer's bill with no mark-up Delivery Charges, Non-Recurring Charges, or Taxes that are not included in the Energy Price(s). All charges are exclusive of Taxes. Pass-Through charges may include charges related to amounts owed to Gexa and/or Wholesale Supplier in accordance with Section1.3.
- **2.4 Tax Exempt Status.** Customer shall provide Gexa with all required exemption certificates if Customer is exempt from paying any Taxes. Gexa shall not recognize an exemption without the exemption certificates and shall not be required to refund or credit previously paid Taxes unless the taxing entity sends the refund to Gexa. Gexa shall, however, assign to Customer any applicable claims for refund.

#### **SECTION 3: BILLING AND PAYMENT**

- **3.1 Billing and Payment.** Gexa shall invoice Customer's accounts on a monthly basis and shall bill Customer on a consolidated basis for all ESI IDs upon Customer's request. Gexa shall provide a summary bill for all accounts and detailed information for each account. Customer shall remit payment within 30 days of receiving the invoice. Gexa shall base the invoice amount on actual data provided by ERCOT and the TDSP. If ERCOT or the TDSP does not provide actual data in a timely manner, Gexa shall use estimated data to calculate the invoice and, upon receipt of actual data, reconcile the charges and adjust them as needed in subsequent invoices.
- **3.2 Project Settlement Agent Services.** Gexa shall remit the total Project Settlement to the Project on a monthly basis, in accordance with the REP Services Agreement.
- 3.3 Late Penalties, Interest on Overdue Payments, Invoice Disputes. If Customer fails to remit all undisputed amounts on or before the due date, interest will accrue on any due and unpaid amounts from the due date at a rate of one percent per month, or the highest rate permitted by law, whichever is less. If Customer disputes a portion of an invoice it shall provide Gexa a written explanation specifying the amount in dispute and the reason for the dispute within 20 days of the invoice date. If Customer does not provide timely notice, Customer shall owe all amounts by the due date. Notwithstanding the above, if Customer notifies Gexa of a disputed invoice, regardless of whether Customer has already paid the invoice, Gexa shall make records in its possession that are reasonably necessary for Customer to determine the accuracy of the invoice available to Customer during normal business hours; provided, however that neither party may request an adjustment or correction of an invoice unless written notice of such dispute is given within twelve months after the due date of such invoice; provided further, that such twelve month limit does not apply in the case of TDSP meter tampering charges first billed to Gexa that prevent Gexa from reasonably adjusting invoices prior to the twelve month period. In all cases, Gexa and Customer shall use good faith efforts to resolve disputes. In the event the Parties are unable to resolve a dispute within ten days of the notice date, either Party may begin legal proceedings to seek resolution. Any amounts determined owed shall be paid within three days after a decision.
- **3.4 Aggregator Fees.** Pursuant to the REP Services Agreement between Gexa and TCAP, Gexa is obligated to pay TCAP an amount determined by multiplying a TCAP Aggregation Fee by the volume consumed in association with the ESI IDs (the "**Aggregator Fee**"). Customer shall pay the Aggregator Fee. The initial TCAP Aggregation Fee is \$0.001 per kWh, however, it may be changed by the TCAP Board of Directors at any time. Gexa shall state the Aggregator Fee as a separate line item on the Customer's bill.
- 3.5 Billing Guarantee. Gexa shall issue an invoice based on actual or estimated usage to Customer for every ESI ID at least one time per month. If, for reasons other than Force Majeure, Gexa fails to invoice an ESI ID within 120 days of any scheduled meter read, Gexa irrevocably waives its right to invoice Customer for any energy consumed at that ESI ID for the meter read cycle that should have been invoiced, unless not less than 10 days prior to the expiration of such 120 day period, Gexa provides Customer with a written explanation of the circumstances that prevent Gexa from issuing that invoice and the expected time by which an invoice can be issued. In such event, Customer and Gexa shall determine a reasonable extension period, not to exceed 30 days, within which an invoice will be issued. Gexa shall adjust or trueup each invoice no more than twice and Gexa shall issue such adjustments within 210 days of the initial issue date. Notwithstanding the foregoing, Gexa may issue an invoice or partial invoice arising from meter tampering charges without limitation and within a reasonable time after first billed to Gexa by the TDSP.

#### SECTION 4: CUSTOMER INFORMATION, CREDIT AND DEPOSITS

**4.1 Customer Information.** By entering into this Agreement and appointing Gexa as Customer's agent for electricity service, Customer authorizes Gexa to obtain certain information that Gexa may need to provide Customer's electric service, including Customer's address, telephone number, account numbers, historical usage information, and

historical payment information from Customer's TDSP, and Customer further authorizes its TDSP to release that information to Gexa.

**4.2 Deposits and Other Security.** A Party (the "Requesting Party") may require the other Party (the "Providing Party") to provide a deposit (or additional deposit if an initial deposit was also required), letter of credit, or other form of credit assurance reasonably acceptable to the Requesting Party (collectively, "Performance Assurance") during the Term of this Agreement if: (i) the Requesting Party determines in its reasonable discretion that there has been a material adverse change in the Providing Party's or its guarantor's (if applicable) credit status or financial condition (which, if applicable, will mean that its credit or bond rating has dropped lower than BBB- by Standard & Poor's Rating Group or Baa3 by Moody's Investor Services or ceases to be rated by either of these agencies); or (ii) Customer has been delinquent in paying the electric bill by more than seven days more than twice during the past twelve months. Any Performance Assurance, less any outstanding balance owed by Providing Party to the Requesting Party, will be returned to the Providing Party once the Providing Party's or its guarantor's (if applicable) credit or financial condition becomes satisfactory or, if applicable, to a credit or bond rating of BBB- or Baa3 or higher, whichever occurs earlier; or, if the Performance Assurance relates to delinquent payments, the Providing Party has paid all outstanding balances and has made all payments within the dates set forth in this Agreement for a period of six consecutive months.

#### **SECTION 5: EARLY TERMINATION; DAMAGES**

- **5.1 Cancellation by Customer for Insufficient Appropriations.** If, during Customer's annual appropriations determination, the applicable governmental authorities do not allocate sufficient funds to allow Customer to continue to perform its obligations under this Agreement (an "Appropriations Failure"), then Customer or Gexa shall have the right to terminate this Agreement in full or as to any affected ESI ID upon 30 days advance written notice effective at the end of the period for which appropriations are made; provided, that if appropriations are subsequently allocated for electricity for the ESI IDs covered by this Agreement, then the termination may be revoked at Gexa's option and those appropriations shall continue to apply to this Agreement and shall not be used for an electricity supply agreement with another REP. Upon a termination of this Agreement for Appropriations Failure, in full or as to any ESI ID(s), Customer shall pay all amounts due Gexa under this Agreement, including the Customer Early Termination Damages.
- 5.2 Customer Early Termination Damages. Except in connection with the closure of a facility associated with an ESI ID pursuant to Section 1.4, in connection with a Force Majeure Event, or as otherwise provided or excused in this Agreement, if Customer cancels this Agreement before the end of the Term and refuses to accept electric supply delivery from Gexa for any ESI ID(s), Gexa may charge Customer early termination damages equal to the sum of (a) the Retail Termination Payment, (b) the QSE Services Termination Payment, (c) the Quarterly and Annual Adjustment Payment, and (d) the Wholesale Transaction Termination Payment, as each of these terms are defined below (the sum total of these, the "Customer Early Termination Damages"). The "Retail Termination Payment" shall equal the product of (a) the Expected Usage for each ESI ID subject to Customer's cancelation or refusal of electric supply delivery ("Customer Terminated Usage") multiplied by (b) the sum of (i) the Aggregator Fee and (ii) the REP Services Fee specified in the REP Services Agreement. The "QSE Services Termination Payment" shall equal the product of (a) the Customer Terminated Usage grossed up for losses multiplied by (b) the QSE Services Fee, as defined in the PSA. The "Quarterly and Annual Adjustment Payment" shall be calculated by the Energy Manager in accordance with the PSA, and shall include any Quarterly and Annual Adjustment amounts for electricity provided to the Customer under this Agreement prior to the termination of this Agreement, which have not yet been charged or credited to Customer, as appropriate. For avoidance of doubt, the Quarterly and Annual Adjustment Payment may be either a charge or a credit to Customer, as calculated in accordance with the PSA. If the Customer Early Termination Damages are charged due to an Event of Default by Customer, then the Customer Early Termination Damages will also include Gexa's reasonable costs relating to the determination and collection of Customer Early Termination Damages, including attorney and consultant fees incurred. The provisions in Section 3 related to Billing and Payment apply to the billing, due date, and collection of Customer Early Termination Damages. Customer agrees that Customer Early Termination Damages are a reasonable estimate of the damages due Gexa for failure to accept electric supply, and are not punitive in nature.
- **5.3 Termination for Wholesale Supply Failure.** If, during the Term, the Wholesale Transactions are terminated as a result of a default by the Energy Manager ("Wholesale Supply Failure"), then this Agreement will also terminate effective on the date the Wholesale Agreement terminates. In the event of a termination for Wholesale Supply Failure, Gexa shall pay Customer a Wholesale Termination Payment if required by Section 5.5.
- **5.4 Gexa Early Termination Damages**. Except for a Wholesale Supply Failure, a Force Majeure Event, or as otherwise provided or excused in this Agreement, if Gexa cancels this Agreement and refuses to provide electric supply delivery to Customer for any or all ESI ID(s), Customer shall have the right to charge Gexa an early termination penalty equal to the amount determined as follows: the product of (i) the Expected Usage for each ESI ID subject to Gexa's cancellation or refusal of electric supply delivery ("**Gexa Terminated Usage**") multiplied by (ii) the REP Services Fee specified in the REP Services Agreement (that result the "**Gexa Early Termination Damages**"). If the Gexa Early Termination Damages are charged due to an Event of Default by Gexa, then the Gexa Early Termination Damages will also include Customer's reasonable costs relating to the determination and collection of Gexa Early Termination Damages, including attorney and consultant fees incurred. Gexa agrees the Gexa Early Termination Damages are a reasonable estimate of the damages due Customer for failure to deliver electric supply, and are not punitive in nature.

5.5 Wholesale Transaction Termination Payment. If the Wholesale Transactions are terminated then Gexa shall calculate the portion of the termination payment paid under each Wholesale Transaction attributable to Customer's load. The termination payment under each Wholesale Transaction shall be calculated by subtracting the Wholesale Supplier's actual cost for the portion of the Wholesale Transaction still outstanding for the remainder of the Term from the current market value of comparable electric energy futures contracts. Energy Manager, in its sole discretion, shall determine the current market value of a comparable electricity futures contract within three (3) business days of the termination of a Wholesale Transaction, and shall be either (i) the value of the Wholesale Transaction actually sold to a third-party market participant or (ii) a third-party market quote for a comparable electricity energy future contracts. Energy Manager shall sum Customer's prorata share of each termination payment for each Wholesale Transaction attributable to Customer's Load to determine a total Wholesale Transaction Termination Payment under this Agreement (the "Wholesale Transaction Termination Payment"). Customer or Gexa shall pay the Wholesale Transaction Termination Payment to the other, as appropriate, in the manner described below and without regard to who is a defaulting party. If the Wholesale Transaction Termination Payment is negative, Customer shall pay Gexa the Wholesale Transaction Termination Payment. If the Wholesale Transaction Termination Payment is positive, Gexa shall pay Customer the Wholesale Transaction Termination Payment. To the extent a termination payment due from Gexa to the Energy Manager is adjusted in Gexa's account to reflect the full benefit of TCAP transacting with a replacement REP, Gexa shall make corresponding adjustments to the Wholesale Transaction Termination Payment on a pro-rata basis. Gexa shall remit a Wholesale Transaction Termination Payment due Customer, within 30 days of Gexa receiving the payment from the Energy Manager. Customer shall remit a Wholesale Transaction Termination Payment due Gexa within 30 days of Gexa's invoice. Gexa shall use commercially reasonable efforts to collect Termination Payments from the Energy Manager that include amounts due Customer.

#### **SECTION 6: NOTICES AND PAYMENT**

**6.1 General Notice.** Except as otherwise required by Applicable Law, all notices are deemed duly delivered if hand delivered or sent by United States, prepaid first class mail, facsimile, or by overnight delivery service. Notice by facsimile or hand delivery is effective on the day actually received, notice by overnight United States mail or courier is effective on the next business day after it is sent, and notice by U.S. Mail is effective on the second day after it is sent. #### State-Required Acknowledgement of Risk

#### (Market Energy Index and Holdover Pricing)

Customer hereby agrees and acknowledges that the Energy Price (per unit) charged with respect to the ESI IDs will be based on ERCOT wholesale energy prices in these cases: during the Term, Customer pays Gexa Energy the Energy Price (per unit) under an energy index or market price structure; and/or after the end of the Term, Customer pays Gexa Energy the greater of the Energy Price (per unit) or the aggregate weighted average of the Market Rate (per unit), as such terms are defined in the CESA.

Accordingly, the undersigned, on behalf of Customer, hereby acknowledges and agrees as follows: understand that the volatility and fluctuation of wholesale energy pricing may cause my energy bill to be multiple times higher in a month in which wholesale energy prices are high. I understand that I will be responsible for charges caused by fluctuations in wholesale energy prices.

#### (Ancillary Service Charges)

If costs and charges for Ancillary Services Charges are Pass-Through Charges or subject to reconciliation or adjustment pursuant to Section 2 of the CESA for which Customer is required to pay, Customer hereby agrees and acknowledges that such costs and charges are variable and potentially volatile.

I understand that my energy bill may include a separate assessment of ancillary service charges, which may cause my energy bill to be multiple times higher in a month in which ancillary services charges are high. I understand that I will be responsible for charges caused by fluctuations in ancillary service charges.

### Terms and Conditions of Service Attachment A

These Terms and Conditions of Service form an integral part of the Commercial Electricity Service Agreement between Customer and Gexa. In addition to the terms defined elsewhere in this Agreement, when used with initial capitalization, whether singular or plural, capitalized terms have the meanings set forth in Section 7.1 of this Agreement. Customer should thoroughly review the entire Agreement, including these Terms and Conditions of Service, before executing this Agreement.

#### A. REPRESENTATIONS AND WARRANTIES

A.1 Customer's Representations and Warranties. As a material inducement to entering into this Agreement, Customer represents and warrants to Gexa as follows: (a) it is a duly organized entity and is in good standing under the laws of Texas; (b) the execution and delivery of the Agreement are within its powers, have been duly authorized by all necessary action, and do not violate the terms or conditions of contracts it is party to or laws applicable to it; (c) performance of this Agreement will be duly authorized by all necessary action and will not violate the terms or conditions of contracts it is party to; (d) as of the date sales of electricity by Gexa to Customer under the Agreement start, Customer will have all regulatory authorizations necessary for it to legally perform its operations and such performance will not violate the terms or conditions of contracts it is party to or laws applicable to it; (e) this Agreement is a legal, valid, and binding obligation of Customer enforceable against it in accordance with its terms, subject to bankruptcy, insolvency, reorganization, and other laws affecting creditor's rights generally, and with regard to equitable remedies, subject to the discretion of the court before which proceedings to obtain the same may be pending; (f) there are no bankruptcy, insolvency, reorganization, receivership, or other similar proceedings pending or being contemplated by it, or to its knowledge threatened against it; (g) there are no suits, proceedings, judgments, rulings, or orders by or before any court or any government authority that could materially adversely affect its ability to perform the Agreement; and (h) as of the Effective Date and throughout the Term, there is no other contract for the purchase of electricity by Customer for the ESI ID(s), or, if such a contract presently exists, that it will terminate prior to delivery under this Agreement.

A.2 Gexa's Representations and Warranties. #### B. DISCLAIMERS OF WARRANTIES; LIMITATION OF LIABILITIES

**B.1 LIMITATIONS OF LIABILITY.** LIABILITIES NOT EXCUSED BY REASON OF FORCE MAJEURE OR AS OTHERWISE PROVIDED, ARE LIMITED TO DIRECT ACTUAL DAMAGES. GEXA IS NOT LIABLE TO CUSTOMER FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES OR LOSS OF REVENUES OR PROFIT. THESE LIMITATIONS APPLY WITHOUT REGARD TO THE CAUSE OF ANY LIABILITY OR DAMAGE. EXCEPT FOR (a) THE GEXA EARLY TERMINATION DAMAGES DUE IF GEXA DEFAULTS, (b) THE CUSTOMER EARLY TERMINATION DAMAGES DUE IF CUSTOMER DEFAULTS, AND (c) THE WHOLESALE TRANSACTION TERMINATION PAYMENT, THE LIABILITY OF EITHER PARTY TO THE OTHER FOR ANY OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE AGGREGATE AMOUNT OF ALL DOLLARS PAID BY CUSTOMER TO GEXA (IF CUSTOMER) OR RECEIVED BY GEXA (IF GEXA) PURSUANT TO THIS AGREEMENT. THERE ARE NO THIRD PARTY BENEFICIARIES TO THIS AGREEMENT.

**B.2 Duty to Mitigate.** Each Party shall mitigate damages and use commercially reasonable efforts to minimize any damages it may incur as a result of the other Party's performance or non-performance.

B.3 WAIVER OF CUSTOMER PROTECTION RULES AND CONSUMER RIGHTS. THE PARTIES FURTHER ACKNOWLEDGE THAT THE CUSTOMER PROTECTION RULES ADOPTED BY THE PUBLIC UTILITY COMMISSION (AS CONTAINED IN ITS SUBSTANTIVE RULES 25.471 ET SEQ.) ("CUSTOMER PROTECTION RULES") THAT PERTAIN TO RETAIL ELECTRIC SERVICE RELATED TO RESCISSION RIGHTS, CUSTOMER DISCLOSURES, DELIVERY OF CUSTOMER CONTRACTS TO CUSTOMERS, RECORDKEEPING, INTEREST PAID ON DEPOSITS AND CUSTOMER NOTICES DO NOT APPLY TO THIS AGREEMENT. EXCEPT AS SET FORTH IN THIS SECTION, CUSTOMER EXPRESSLY WAIVES THE CUSTOMER PROTECTION RULES THAT PERTAIN TO RETAIL ELECTRIC SERVICE RELATED TO RESCISSION RIGHTS, CUSTOMER DISCLOSURES, DELIVERY OF CUSTOMER CONTRACTS TO CUSTOMERS, RECORDKEEPING, INTEREST PAID ON DEPOSITS AND CUSTOMER NOTICES TO THE FULLEST EXTENT ALLOWED BY APPLICABLE LAW. CUSTOMER FURTHER WAIVES ITS RIGHTS UNDER THE DECEPTIVE TRADE PRACTICES--CONSUMER PROTECTION ACT, SECTION 17.41, ET. SEQ., BUSINESS & COMMERCE CODE, A LAW THAT GIVES CONSUMERS

SPECIAL RIGHTS AND PROTECTIONS. CUSTOMER REPRESENTS AND WARRANTS TO GEXA THAT: (a) CUSTOMER IS NOT IN A SIGNIFICANTLY DISPARATE BARGAINING POSITION IN RELATION TO GEXA; (b) CUSTOMER IS REPRESENTED BY LEGAL COUNSEL THAT WAS NEITHER DIRECTLY NOR INDIRECTLY IDENTIFIED, SUGGESTED OR SELECTED BY GEXA; AND (c) CUSTOMER VOLUNTARILY CONSENTS TO THIS WAIVER AFTER CONSULTATION WITH ITS LEGAL COUNSEL.

**B.4 UCC/Disclaimer of Warranties.** The electricity delivered is a "good" as that term is understood in the Texas B&CC (UCC §2.105). The Parties waive the UCC to the fullest extent allowed by law and the UCC requirements do not apply to this Agreement, unless otherwise provided. If there is a conflict between the UCC and this Agreement, this Agreement controls. Neither Party controls nor physically takes possession of the electric energy prior to delivery to Customer's ESI ID(s). Therefore, neither Party is responsible to the other for any damages associated with failure to deliver the electric energy, nor for damages it may cause prior to delivery to Customer's ESI ID(s). Once the electric energy is delivered to Customer's ESI ID(s) it is deemed in possession and control of Customer. ELECTRICITY SOLD UNDER THIS AGREEMENT WILL MEET THE QUALITY STANDARDS OF THE APPLICABLE LOCAL DISTRIBUTION UTILITY AND WILL BE SUPPLIED FROM A VARIETY OF SOURCES. GEXA MAKES NO REPRESENTATIONS OR WARRANTIES OTHER THAN THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT, AND GEXA EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. GEXA EXPRESSLY NEGATES ALL OTHER REPRESENTATIONS OR WARRANTIES, WRITTEN OR ORAL, EXPRESS OR IMPLIED, INCLUDING ANY REPRESENTATION OF WARRANTY WITH RESPECT TO CONFORMITY, TO MODELS OR SAMPLES, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE.

**B.5 Force Majeure.** Gexa shall make commercially reasonable efforts to provide electric service, but does not guarantee a continuous supply of electricity. Gexa does not generate electricity nor does it transmit or distribute electricity. Causes and events out of the control of Gexa and Customer ("**Force Majeure Event(s)**") may result in interruptions in service or the ability to accept electricity. If either Party is unable to perform its obligations, in whole or in part, due to a Force Majeure Event, then the obligations of the affected Party (other than the obligation to pay any amounts owed to Gexa that relate to periods prior to the Force Majeure Event) are suspended to the extent made necessary by such Force Majeure Event. Therefore, neither Party is liable to the other Party for damages caused by Force Majeure Events, including acts of God, acts of, or the failure to act by, any governmental authority (including the PUCT or ERCOT and specifically including failure by ERCOT to make Customer meter read data available), accidents, strikes, labor troubles, required maintenance work, events of "force majeure" or "uncontrollable force" or a similar term as defined under the applicable transmission provider's tariff, inability to access the local distribution utility system, non-performance by the supplier or the local distribution utility, changes in laws, rules, or regulations of any governmental authority (including the PUCT or ERCOT) that would prevent the physical delivery of energy to Customer's facilities, or any cause beyond such Party's control. The Parties agree that Appropriations Failures and Scheduling Failures are not Force Majeure Events.

#### C. CONFIDENTIALITY AGREEMENT

C.1 Confidentiality. Customer is a governmental body subject to public information laws, including Chapter 552 of the Texas Government Code. If Customer recieves a valid request under applicable public information laws for information related to this Agreement, it shall provide Gexa notice of the request including a description the information sought prior to Customer's release of information so that Gexa has the opportunity to determine whether such information is subject to an exception as trade secret, competitive, comercial, or financial information. With the exception of the preceding disclosures pursuant to public infromation laws, a Party (that party, the "Receiving Party") shall keep confidential and not disclose any to third parties Confidential Information which is disclosed to the Receiving Party by the other Party (that party, the "Disclosing Party") except for disclosures to Authorized Parties or as required by law. "Confidential Information" means information in written or other tangible form which is marked as "Confidential" when it is disclosed to the Receiving Party, except that Confidential Information shall not include information which (i) is available to the public, (ii) becomes available to the public other than as a result of a breach by the Receiving Party of its obligations hereunder, (iii) was known to the Receiving Party prior to its disclosure by the Disclosing Party, or (iv) becomes known to the Receiving Party thereafter other than by disclosure by the Disclosing Party. The provisions of this Section apply regardless of fault and survive termination, cancellation, suspension, completion or expiration of this Agreement for a period of two (2) years. Customer authorizes Gexa to provide TCAP with all information requested by TCAP about Customer's account and billings. "Authorized Parties" means those officers, directors, employees, agents, representatives and professional consultants of the Parties, and of the Parties' affiliates, that have a need to know the Confidential Information for the purpose of evaluating and performing this Agreement.

#### D. DEFAULT AND REMEDIES

**D.1 Events of Default.** An event of default ("**Event of Default**") means: (a) the failure of Customer to make, when due, any payment required under this Agreement for any undisputed amount if that payment is not made within fifteen (15) business days after receipt of written notice (facsimile or electronic mail are valid forms of notice for this paragraph) from Gexa; or (b) any representation or warranty made by a Party proves to be false or misleading in any material respect; (c) except as provided in clause (a) above or otherwise in this section D.1, the failure of any Party to perform its obligations under this Agreement and that failure is not excused by Force Majeure and remains uncurred following 20 business days written notice of the failure; (d) the defaulting Party (i) makes an assignment or any general arrangement for the benefit of creditors; or (ii) files a petition or otherwise commences, authorizes or acquiesces to a bankruptcy proceeding or similar proceeding for the protection of creditors, or has such a petition filed against it and that petition is not withdrawn or dismissed within 20 business days after filing; or (iii) otherwise becomes insolvent; or (iv) is unable to pay its debts when due; or (v) fails to establish, maintain or extend Credit in form and in an amount acceptable to Gexa when required; or (e) the Wholesale Transaction is terminated due to a default by Gexa under CESAs with other TCAP members or due to a default by the Energy Manager under the

Wholesale Transaction. If an Event of Default listed in subsection (d) of this Section occurs, it is deemed to have automatically occurred prior to such event.

**D.2 Remedies upon an Event of Default.** If an Event of Default occurs and is continuing, upon written notice to the defaulting Party, the non-defaulting Party may (a) commence an action to require the defaulting Party to remedy such default and specifically perform its duties and obligations in accordance with the Agreement; (b) exercise any other rights and remedies it has at equity or at law, subject to the Agreement's Limitations of Liabilities; and/or (c) suspend performance; provided, however, that suspension shall not continue for longer than ten (10) Business Days unless the non-defaulting Party has declared an early termination with proper notice. If Customer is responsible for an Event of Default and fails to cure within ten (10) days of written notice (such additional cure period does not apply to default for non-payment), in addition to its other remedies, Gexa may (i) terminate this Agreement; and (ii) charge Customer the Customer Early Termination Penalty pursuant to Section 5 of this Agreement. Notwithstanding the above, Gexa shall not disconnect or order disconnection of service to Customer unless the following events have all occurred: (1) Customer has an Event of Default for nonpayment under Section D.1(a) above, (2) Gexa gives Customer a ten (10) day written disconnection notice; and (3) Customer does not pay all undisputed outstanding payments owed by the end of the ten (10) day notice period.

Grantor further grants and conveys a temporary construction easement of Thirty feet (30') in width ("Temporary Construction Easements"), on, in, over, under, through and across Grantor's Land along the New Easement for the use by Grantee, its agents, employees, contractors and subcontractors, which is to be used only in connection with and during the Relocation Project. The Temporary Construction Easement shall automatically terminate and revert to the Grantor, free and clear of any right, title or interest in Grantee, upon Grantee's completion of the installation and commissioning of the New Pipeline Segment and the completion of the reclamation work for the surface disturbed by Grantee ("Relocation Completion").
- 3. <u>Need for Additional Workspace</u>. Grantor expressly agrees that in the event the Relocation Project requires extra work space, or if the rights granted to Grantee require extra workspace, then Grantee shall have the right and temporary access to additional working space which may be reasonably necessary until the Relocation Completion at which time it will terminate and revert to the Grantor, provided that Grantee has received the prior written approval of Grantor for the extra work space, such approval not to be unreasonably withheld, conditioned, or delayed.

- 5. <u>Use and Termination of the Original Easement Segment</u>. Upon the Relocation Completion, the Original Easement Segment shall automatically terminate and be released by Grantee without any further act of Grantor or Grantee and, if requested by Grantor, Grantee agrees to record a notice or affidavit confirming the release has occurred within ten (10) days of such request. The Relocation Project work undertaken by Grantee will be provided with NO WARRANTY, EXPRESS OR IMPLIED, AS IS, WHERE IS, WITH ALL FAULTS, AND GATHERER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH REGARD TO THE RELOCATION PROJECT OR ANY PRODUCTS RESULTING THEREFROM. In no event will Grantee be liable to Grantor with respect to the work associated with the Relocation Project or for any losses, costs, liabilities, obligations, or damages arising out of or in connection with such work or the Relocation Project, whether arising in contract, tort (including, but not limited to, negligence or strict liability), or otherwise, except to the extent that any of the aforesaid is caused by the gross negligence or willful misconduct of Grantee.

- INDEMNITY. GRANTOR SHALL COME IN, INDEMNIFY, DEFEND AND SAVE HARMLESS GRANTEE AND GRANTEE'S DIRECTORS, OFFICERS, MEMBERS, MANAGERS, AGENTS AND EM-PLOYEES (ALL OF THE FOREGOING ARE HEREINAFTER, SEPARATELY AND COLLECTIVELY, IN THIS SECTION REFERRED TO AS "INDEMNITEE"), AND GRANTEE'S PROPERTY FROM AND AGAINST ANY AND ALL LOSS, DAMAGE, EXPENSE, LIABILITIES, ATTORNEY'S FEES, DEMANDS AND CAUSES OF ACTION, AND ANY EXPENSE INCIDENTAL TO THE DEFENSE THEREOF, BY IN-DEMNITEE, RESULTING FROM OR RELATED TO INJURY OR DEATH OF PERSON, OR DAMAGE TO PROPERTY, RELATED TO OR ARISING OUT OF THE RELOCATION PROJECT, INCLUDING THOSE OCCURRING ON OR ABOUT GRANTEE'S PROPERTIES AND THIRD PARTY PROPERTY, INCLUDING THE EASEMENTS AND RIGHT-OF-WAYS AND OTHER INTERESTS GRANTED UNDER THE AGREE-MENTS AND THIS AMENDMENT, OR IN ANY MANNER DIRECTLY OR INDIRECTLY GROWING OUT OF OR IN CONNECTION WITH ANY BREACH OR DEFAULT BY GRANTOR UNDER THE AGREE-MENTS OR THIS AMENDMENT. UNDER THE PROVISIONS OF THIS INDEMNITY, GRANTOR IS AGREEING TO INDEMNIFY INDEMNITEE FROM INDEMNITEE'S OWN NEGLIGENCE OR FAULT, BUT THIS INDEMNITY SHALL NOT APPLY TO ANY SUCH DAMAGE, INJURY, SICKNESS OR DEATH WHICH WAS CAUSED BY THE SOLE NEGLIGENCE OR SOLE FAULT OF INDEMNITEE AND WHICH WAS NOT CAUSED IN PART BY THE NEGLIGENCE OR FAULT OF GRANTOR, ITS AGENTS, REPRESENTATIVES, EMPLOYEES, GENERAL CONTRACTORS OR OF ANY OTHER PER-SON OR ENTITY. IF REQUESTED TO DO SO BY INDEMNITEE, GRANTOR WILL ASSUME WITHOUT EXPENSE TO INDEMNITEE THE DEFENSE OF ANY CLAIMS, CAUSES OF ACTION, ACTIONS OR SUITS FOR DAMAGES AND WILL REIMBURSE INDEMNITEE FOR ALL EXPENSES (INCLUDING. - 1. <u>Easement</u>. A permanent and (subject to the last sentence of this paragraph, if applicable) exclusive easement and right-of-way 30' in width (hereinafter called the "Easement"), on, in, over, under, through and across Grantor's land for the purpose of locating, establishing, constructing, laying, installing, operating, using, maintaining, inspecting, testing, protecting, cathodically protecting, repairing, essigning, restoring, renewing, reconstructing, replacing, substituting, changing, altering, converting, relocating within the Easement, changing the size of, and removing therefrom pipelines, together with such appurtenant facilities as from time to time deemed by Grantee to be necessary or desirable in connection with the use and operation of the pipelines, for the transportation of oil, gas, petroleum products, fresh water, saltwater, or any other liquids, gases (including inert gases) or substances which can be transported through pipelines. The description of the Easement and the land out of which the Easement is being acquired ("Grantor's Land") are described in <u>Exhibit A</u> attached hereto and made a part hereof for all purposes. This Easement is granted subject to all matters of record in the Real Property Records of Johnson County, Texas, that are in effect and do, in fact, affect Grantor's Land, as well as all matters that could be determined from a survey of Grantor's Land.
- 2. <u>Temporary Construction Easements</u>. Temporary construction easements (hereinafter called "Temporary Construction Easements") on, in, over, under, through and across Grantor's Land for the use and occupancy by Grantee, its agents, employees, contractors and subcontractors, only in connection with and during the original construction of any of the pipelines on the Easement. The Temporary Construction Easement shall automatically terminate and revert to the Grantor, free and clear of any right, title or interest in Grantee, upon whichever first occurs: (i) the completion of construction of the pipelines on the Easement; or (ii) upon one (1) year following the start of construction of the pipelines.
- 3. <u>Grantee Need for Additional Workspace</u>. Grantor hereby expressly agrees that in the event the route of the pipelines to be constructed hereunder should cross any roads, railroads, creeks, or other waterways located on the above described land or other places requiring extra work space, or if the rights granted to Grantee hereunder require extra work space, then Grantee shall have the right and temporary

- 4. <u>Grantee Access.</u> Grantee shall have the right of ingress and egress to and from Grantor's Land, which right of ingress and egress, except as otherwise provided in this paragraph, shall be limited and confined to the boundaries of the Easement and to the boundaries of the Temporary Construction Easements while such Temporary Construction Easements remain in effect. Grantee shall also have the right, for ingress and egress purposes only, to use any road or roads located now, or in the future, on Grantor's Land, and any gates located on such roads; provided, however, Grantee shall restore such roads and gates to substantially the same or better condition as the roads and gates were in prior to the use thereof by Grantee.
- 5. Grantee Right to Keep Clear Right of Way. Grantee shall have the right from time to time to cut all trees, undergrowth, and the other obstructions that, in its judgment, may injure, endanger or interfere with the exercise by Grantee of the rights, privileges and Easement herein granted and Grantee, except as otherwise provided in Paragraph 13(1), shall not be liable for damages caused on the Easement by keeping the right-of-way clear of trees, undergrowth and brush in the exercise of the rights herein granted.
- 6. <u>Grantee's Cathodic Protection</u>. Grantee shall have the right to cathodically protect the pipelines within the boundaries of the Easement, and to install and maintain above-ground pipeline markers, vent pipes, and cathodic protection devices, power poles and test leads within the boundaries of the Easement only at fence lines, property lines, creek crossings, road crossings, railroads and at any other location as required by law. Except as provided in this Paragraph, Grantee shall have no other above-ground structures within the boundaries of the Easement.
- 7. <u>Pipeline Depth.</u> The pipelines will be buried to a minimum depth of thirty-six inches (36") below the surface of the ground at the time of construction and any then existing drainage ditches, creeks and roads, measured from the top of the pipe to the surface of the ground. At those locations where rock is encountered, the pipelines may be buried at a lesser depth.
- 8. <u>Grantee Future Line Rights.</u> Grantor and Grantee agree that should more pipelines be constructed and laid within the Easement after the initial construction period of said pipelines, Grantee shall then pay Grantor three dollars and no/100 cents (\$3.00) per lineal foot for each additional line so constructed and laid, in addition to the damages provided for elsewhere in this agreement.
- 9. <u>Initial and Future Damages Caused by Grantee</u>. Except as set forth in Paragraph 5 above, Grantee agrees to pay Grantor for all damages to improvements or other property of Grantor permitted to be located on the Easement by the terms hereof, and caused by Grantee or its agents, servants, employees, contractors or subcontractors in performing such construction or other pipeline related activities on the Easement.

- (2) The right to place paving and landscaping in the Easement and to pass back and forth across the Easement on foot or in passenger cars and trucks; the right to plant, grow and harvest crops and gardens thereon and graze livestock on the Easement.

### **SUMMARY:**

Masterplans provide a framework for capital improvement planning. As a result, periodic updates are necessary to keep them relevant and in tune with growth and development. Masterplans are an integral part of future planning to meet the community's infrastructure needs.

The Mobility Plan, previously referred to as the *Master Mobility Plan* or *Thoroughfare Plan*, complements the Comprehensive Land Use Plan and focuses on roadways of various classification, pedestrian facilities, and bicycle/trail facilities. The effort to update the plan included analysis of the existing mobility systems, identification of current and future mobility needs, and public outreach for input. System improvements were ranked based on a variety of elements, including expected development and growth of the city and surrounding area. Cost estimates for the recommended improvements support effective collaboration with the City Council to effectively and fiscally responsibly address needs over the planning horizon. Staff presented a summary of the draft analysis and recommendations on August 1, 2022 and October 2, 2023. The full Mobility Plan can be viewed at this link - Mobility Plan.

The Water and Wastewater Masterplan complements the Comprehensive Land Use Plan. The effort to update the plan included analysis of the existing water and wastewater systems, growth analysis, impact fee analysis, and risk analysis. System improvements are identified and ranked based on a variety of elements related to expected development and growth of the city and surrounding area. Cost estimates for the recommended improvements support effective collaboration with City Council to effectively and fiscally responsibly address needs over the planning horizon. Staff presented a summary of the draft analysis and recommendations on May 16, 2022 and October 2, 2023. The draft Water and Wastewater masterplan can be viewed at this link - Draft Water and Wastewater Master Plan.

#### **City Council Regular Meeting**

**DEPARTMENT:** Public Works & Engineering

FROM: Errick Thompson, P.E., Director

MEETING: November 13, 2023

#### **SUBJECT:**

Hold a Public Hearing and consider approval of an ordinance amending the Roadway Impact Fee Ordinance (CSO#1479-08-2020); finding that the meeting at which this ordinance is passed was open to the public and that the recitals are true; containing a severability clause, cumulative clause, and effective date. (First Reading) (Staff Contact: Errick Thompson, Director of Public Works & Engineering)

#### **SUMMARY:**

According to Chapter 395 of the Texas Local Government Code, "Impact fee" means a charge or assessment imposed by a political subdivision against new development in order to generate revenue for funding or recouping the costs of capital improvements or facility expansions necessitated by and attributable to the new development. Impact fees are a one-time charge assessed to new development to generate revenue to fund roadway capital facilities necessitated by new development. The collection of impact fees allows the cost of capital improvements to be offset by providing an alternative funding mechanism.

The projected 10-year growth based on land use assumptions included in the City's comprehensive planning document is utilized to establish future infrastructure demands and population projections. This data is further analyzed to determine the number of service units in order to calculate the impact fee required by the new development.

The City of Burleson first adopted impact fees for roadway infrastructure in 2017. City Council appointed eight members to the Capital Improvements Program Advisory Committee in March 2023 and, most recently, a ninth member in September 2023. The committee met a total of five times over a three-month period to review the land use assumptions, capital improvement plan, and roadway impact fee study completed by the City's consultant. After reviewing all of the information presented, the committee recommended increasing the impact fee collection to the maximum allowable by state law. These recommendations were presented to the City Council on October 2, 2023.

#### **OPTIONS:**

- 1) Approve an ordinance amending the Roadway Impact Fee Ordinance (CSO#1479-08-2020); finding that the meeting at which this ordinance is passed was open to the public and that the recitals are true; containing a severability clause, cumulative clause, and effective date. (*First Reading*)

# Impact Fee Update Ordinances

City Council

November 13, 2023

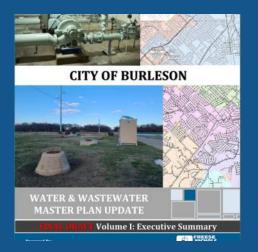

## Impact Fees in Burleson

Established for water and wastewater infrastructure November 2005

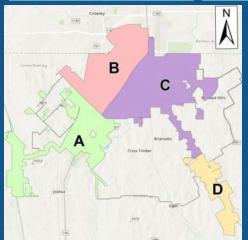

- Assessed fees revised six times between 2010 and 2019
- 2017 and 2018 only the water assessed fee changed
- 2019 only the wastewater assessed fee changed

Established for roadway infrastructure March 2017 and 2023 is the first time the analysis has been updated for potential changes

For water and wastewater impact fees, only capital projects within the City's Certificate of Convenience and Necessity (CCN) and included in the Water/Wastewater Impact Fee Capital Improvement Program are eligible for funding from impact fees collected in that service area

Service Areas for Roadway Impact Fees

For roadway impact fees, only capital projects within a given service area and included in the Roadway Impact Fee Capital Improvement Program are eligible for funding from impact fees collected in that service area

#### **Key Policy Decisions for City Council:**

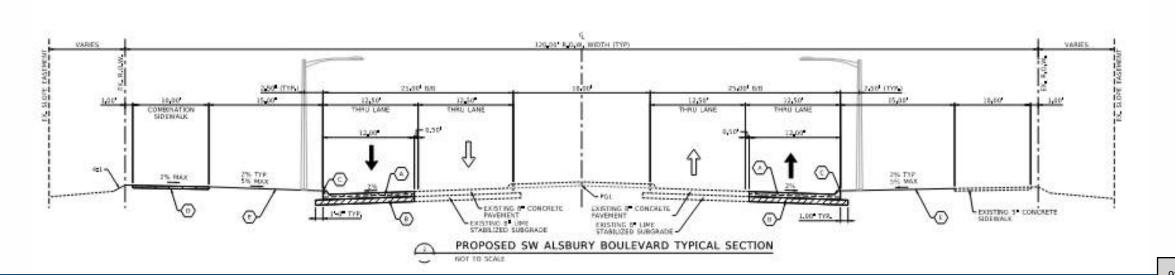

At what levels will fees be set?

When will the new fees be effective?

1. Right-of-Way / Easement Acquisition

IMPACT FEES CAN BE USED TO OFFSET COSTS

- 2. Design / Survey
- 3. Construction of infrastructure included on capital improvements plan encompasses the following:
  - Drainage associated with new roadways
  - Intersection improvements
  - Improvements that increase roadway capacity
  - Offsite utility improvements that increase capacity (FW water line)
- 4. Payment on debt issued for total cost of infrastructure included on capital improvement plan within the impact fee study (improvements that increase capacity of the system)

# WHAT IMPACT FEES CANNOT BE USED ON

- 1. Infrastructure maintenance costs
- 2. Improvements within the extraterritorial jurisdiction (ETJ)
- 3. Traffic calming
- 4. Infrastructure improvements that do NOT increase capacity
- 5. Administrative / operational costs incurred by staff

Council appointed a new and expanded Capital Improvements Program Advisory Committee (CIPAC) of nine members

## Scope of the CIPAC

Eight (8) members appointed 3/2023

Ninth member appointed 9/2023

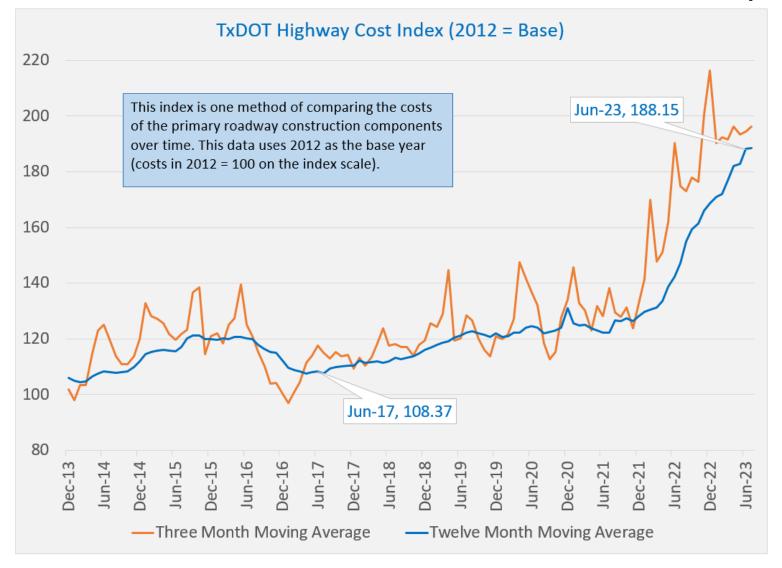

File semi-annual reports on impact fee programs

Review analyses of consultants responsible for impact fee studies at least every five years

- Land Use Assumptions
- Impact Fee Capital Improvement Programs
- Calculated Maximum Assessable Fees

Provide recommendations to City Council for updates to impact fees (presented October 2, 2023)

#### Public Infrastructure Construction Continues to Get More Expensive

### Recommended Impact Fee Ordinances

#### Revise assessed fees

- Roadway and water/wastewater impact fee program
- Based on Council-appointed advisory committee's recommendations
- Presentation to City Council October 2, 2023

## Effective date for new assessed fees: January 1, 2024

- Projects platted after this date would be assessed at the new rates.
- Projects currently platted were assessed based on the impact fees in place at that time and even if they have not begun construction, their impact fees are already established provided the development proceeds as currently platted.
- Projects requiring re-plats after the effective date would be assessed at the new rates.

## Roadway Impact Fee Ordinance - Minor text amendments

- Added provision to assess a shell or speculative building in GR or C zoning district as a "Strip Retail Plaza". At the time of the "finish out" permit, the difference of the ultimate use and strip retail plaza shall be collected at time of building permit.
- Newly annexed areas shall be immediately added into the nearest, adjacent Roadway Service Area as long as it complies with the distance requirements in Chapter 395 of the Texas Local Govt Code. For roadway facilities, the service area is limited and shall not exceed 6 miles.

- K. Maximum Assessable Roadway Impact Fee means the Impact Fee that is established for each Service Area computed by calculating the total projected costs of Capital Improvements necessitated by and attributable to New Development associated with the roadway CIP, and then dividing that amount by the total number of Service Units anticipated within the Service Area based upon the land use assumptions. The Maximum Assessable Roadway Impact Fee shall be established and reflected in Exhibit B, Schedule 1, attached hereto and incorporated herein. The City may adopt a Roadway Impact Fee Collection Rate that is less than this amount, but in no instance shall the collected Roadway Impact Fee exceed the Maximum Assessed Roadway Impact Fee.
- L. <u>New Development</u> means A project involving the construction, reconstruction, redevelopment, conversion, structural alteration, relocation or enlargement of any structure, or any use or extension of land, which has the effect of increasing the requirements for capital improvements or facility expansions, measured by the number of service units to be generated by such activity, and which requires either the approval and filing with the county in which the property is located of a plat pursuant to the city's subdivision regulations or the issuance of a building permit, and which has not been exempted from these regulations by provisions herein.
- M. <u>Recoupment</u> means the imposition of an Impact Fee to reimburse the City for Capital Improvements which the City has previously oversized to serve New Development.
- N. <u>Roadway Impact Fee Collection Rate</u> means the current amount of Roadway Impact Fee adopted by Burleson City Council to be paid by the property owner, as may from time to time be amended. The adopted Roadway Impact Fee Collection Rate shall be established and reflected in <u>Exhibit B, Schedule 2</u>, attached hereto and incorporated herein.
- O. <u>Roadway</u> means any primary and secondary arterial or major collector designated in the City's adopted Mobility Plan, as may be amended from time to time. Roadway also includes any thoroughfare designated as a numbered highway on the official federal or Texas highway system; to the extent that the City incurs Capital Improvement costs for such facility.
- P. Roadway Facility means an improvement or appurtenance to a Roadway which includes, but is not limited to, rights-of-way, whether conveyed by plat, deed or easement; intersection improvements; traffic signals; turn lanes; drainage facilities associated with the Roadway Facility; street lighting or curbs, and water and wastewater improvements affected by the Roadway Facility. Roadway Facility also includes any improvement or appurtenance to an intersection with a Roadway officially enumerated in the federal or Texas highway system, and to any improvements or appurtenances to such federal or Texas highway, to the extent that the City has incurred capital costs for such facilities, including without limitation local matching funds and costs related to utility line relocation and the establishment of curbs, gutters, sidewalks, drainage appurtenances and rights-of-way. Roadway Facility excludes those improvements or appurtenances to any Roadway which is a Site-related Facility.

- Q. <u>Roadway Facility expansion</u> means the expansion of the capacity of an existing roadway in the City, but does not include the repair, maintenance, modernization, or expansion of an existing roadway to better serve existing development.
- R. Roadway Impact Fee Capital Improvements Plan, or "Capital Improvements Plan" (CIP) means the adopted plan included in Exhibit A, as may be amended from time to time, which identifies the roadway facilities or Roadway Facility expansions and their costs for each roadway Service Area, which are necessitated by and which are attributable to New Development, for a period not to exceed 10 years, which are to be financed in whole or in part through the imposition of Roadway Impact Fees pursuant to this Ordinance.
- S. <u>Service Area</u> means a Roadway Service Area within the City's corporate boundary, within which Impact Fees for Roadway Capital Improvements or Roadway Facility expansions may be collected for New Development occurring within such area and within which fees so collected will be expended for those types of improvements or expansions identified in the Roadway Impact Fee Capital Improvements Plan applicable to the Service Area.
- T. <u>Service Unit</u> means a vehicle mile. A vehicle-mile shall be defined as one (1) vehicle traveling a distance of one (1) mile during the afternoon peak hour as calculated herein.
- U. <u>Site-related Facility</u> means an improvement or facility which is for the primary use or benefit of one or more New Developments and/or which is for the primary purpose of safe and adequate provision of Roadway Facilities to serve the New Development, including access to the development, which is not included in the Roadway Capital Improvements Plan, and for which the developer (s) or property owner(s) is solely responsible under subdivision or other applicable development regulations. Site-related Facility may include a Roadway improvement which is located offsite, within or on the perimeter of the development site.
- V. <u>System Facility</u> means a roadway improvement or facility expansion which is designated in the Roadway Impact Fee Capital Improvements Plan and which is not a Site-related Facility. System Facility may include a roadway improvement which is located offsite, within or on the perimeter of the development site.
- Sec. 44-158. Roadway Service Areas. The City hereby establishes four Roadway Service Areas, constituting land within the City's corporate boundaries, as depicted in **Exhibit A**, referenced hereto and incorporated by reference herein. The boundaries of the Roadway Service Areas may be amended from time to time, or new Roadway Service Areas may be delineated, pursuant to the procedures of this Ordinance.
- Sec. 44-159. Roadway Impact Fees Adopted. The City hereby adopts the Maximum Assessable Roadway Impact Fee attached and incorporated as <a href="Exhibit B">Exhibit B</a>, Schedule 1</a>, and the Roadway Impact Fee Collection Rate attached and incorporated as <a href="Exhibit B">Exhibit B</a>, <a href="Schedule 2">Schedule 2</a>. Each non-exempt New Development shall be assessed the Maximum Assessable Roadway Impact Fee and shall pay the Roadway Impact Fee Collection Rate, minus any applicable Credits, as described herein. Except as herein otherwise provided, the Assessment and collection of a Roadway Impact Fee shall be

additional and supplemental to, and not in substitution of, any other tax, fee, charge or assessment which is lawfully imposed on and due against the property.

- Sec. 44-160. Roadway Impact Fee Required. No Final Plat for New Development shall be released for filing with Tarrant or Johnson County without Assessment of an Impact Fee pursuant to this Ordinance; or, if no plat is required, then no building permit shall be issued until such Assessment is made and the Roadway Impact Fee Collection Rate is paid in accordance with the Assessment and collection procedures indicated herein.
- **Sec. 44-161**. <u>Assessment of Impact Fees</u>. Assessment of the Impact Fee for any New Development shall be made as follows:
  - A. For a New Development which has received final plat approval before the effective date of this Ordinance, Assessment of Impact Fees shall occur on the effective date of this Ordinance, and shall be the amount of the Maximum Assessable Roadway Impact Fee per Service Unit as set forth in **Exhibit B, Schedule 1**. However, the Roadway Impact Fee Collection Rate shall not be collected on any Service Unit which has received final plat approval before the effective date of this Ordinance and for which a valid building permit is issued within one year after the date of adoption of this Ordinance.
  - B. For land which is not required to be platted at the time of application for a building permit pursuant to the City's subdivision regulations prior to development, Assessment of Roadway Impact Fees shall occur at the time application is made for the building permit, and shall be the amount of the Maximum Assessable Roadway Impact Fee per Service Unit as set forth in **Exhibit B, Schedule 1** then in effect.
  - C. For New Development which is submitted for approval pursuant to the City's subdivision regulations or which is proposed for replatting on or after the effective date of this Ordinance, Assessment of Impact Fees shall be at the time of final plat or replat approval, and shall be the amount of the Maximum Assessable Roadway Impact Fee per Service Unit as set forth in **Exhibit B, Schedule 1** then in effect.
  - D. Following Assessment of the Impact Fee pursuant to this Section, the amount of the Impact Fee Assessment per Service Unit for that development cannot be increased, unless the owner proposes to change the approved development by the submission of a new application for final plat approval or other development application that results in approval of additional Service Units, in which case a new Assessment shall occur at the **Exhibit B, Schedule 1** rate then in effect for such additional Service Unit.
  - E. The City Manager or his or her designee shall compute the Roadway Impact Fees for New Development by first determining whether the New Development is eligible for Credits calculated in accordance with this Ordinance, which would further reduce Impact Fees otherwise due in whole or in part. The total amount of

- Impact Fees for the New Development shall be attached to the development application as a condition of approval.
- F. Approval of an amending plat pursuant to Tex. Loc. Gov't Code, Section 212.016 and the City's subdivision regulations is not subject to reassessment for an Impact Fee.

### **Sec. 44-162**. Exemptions to Impact Fees. The following are exempt from the applicability of this Ordinance:

- A. Pursuant to Tex. Loc. Gov't Code Section 395.022, as amended, a public school district is not required to pay Roadway Impact Fees imposed under this Ordinance unless the board of trustees of the district consents to the payment of the fees by entering a contract with the City imposing the fees.
- B. A change in use, as defined in Section 44-157, is exempt from the payment of impact fees.

**Sec. 44-163.** Collection of Impact Fees. Roadway Impact Fees shall be collected in the following manner; however, the City has the ability to require construction greater than the Roadway Impact Fee Collection Rate for amounts up to the Maximum Assessable Roadway Impact Fee:

- A. The Roadway Impact Fee Collection Rate shall be paid at the time the City issues a building permit for a New Development. For New Development which does not require a building permit, the Roadway Impact Fee Collection Rate shall be paid prior to the issuance of a Certificate of Occupancy.
- B. For properties requiring a plat, the Roadway Impact Fee Collection Rate to be paid and collected per Service Unit for New Development shall be the amount listed in **Exhibit B, Schedule 2** in effect at the time of final plat approval.
- C. For properties that do not require the filing of a plat, the Roadway Impact Fee Collection Rate shall be paid and collected per Service Unit for New Development in the amount listed in **Exhibit B, Schedule 2** in effect at the time that the building permit application is filed.
- D. If the building permit for which an Impact Fee has been paid has expired, and a new application is thereafter filed, the Roadway Impact Fee Collection Rate shall be computed using **Exhibit B, Schedule 2** in effect at the time of the new application, with Credits for previous payment of Impact Fees being applied against the new Impact Fees due.
- E. Whenever the property owner proposes to increase the number of Service Units for a development, the additional Impact Fees collected for such new Service Units shall be determined by using **Exhibit B, Schedule 2** in effect at the time of the request, and such additional fee shall be collected at the times prescribed by this section.

- F. Where an application for a building permit is for a "shell" or speculative building on a parcel zoned "GR", General Retail or "C", Commercial, the amount of the roadway impact fee will be calculated assuming the entire building will be used as a "Strip Retail Plaza" as shown on **Exhibit C, Land Use Equivalency Table**. Where a subsequent application for a building permit is made for the finish-out of the shell building, or portion thereof, for the ultimate use, an additional roadway impact fee shall be charged and paid if the ultimate use is different from a "Strip Retail Plaza."
  - G. The City may vary the rates of collection or amount of Roadway Impact Fees per Service Unit among or within Service Areas in order to reasonably further goals and policies affecting the adequacy of roadway facilities serving New Development, or other regulatory purposes affecting the type, quality, intensity, economic development potential or development timing of land uses within such Service Areas.
  - H. The Maximum Assessable Roadway Impact Fee per Service Unit for Roadway Facilities, as may be amended from time to time, hereby is declared to be an approximate and appropriate measure of the impacts generated by a new unit of development on the City's Roadway System. To the extent that the Roadway Impact Fee Collection Rate charged against a New Development, as may be amended from time to time, is less than the Maximum Assessable Roadway Impact Fee per Service Unit assessed, such difference hereby is declared to be founded on policies unrelated to measurement of the impacts of the New Development on the City's roadway system. The Maximum Assessable Roadway Impact Fee may be used in evaluating any claim by a property owner that the dedication or construction of a Capital Improvement within a Service Area imposed as a condition of development approval pursuant to the City's subdivision or development regulations is disproportionate to the impacts created by the development on the City's Roadway System.
- **Sec. 44-164.** <u>Credits against Impact Fees.</u> The City may credit the contribution of land, improvements or funding for construction of any System Facility that is required or agreed to by the City, pursuant to rules established in this section or pursuant to administrative guidelines promulgated by the City with the following limitations:
  - A. The Credit shall be associated with the plat or other detailed plan of development for the property that is to be served by the Roadway Facility.
  - B. Master Planned Community projects, including subdivisions containing multiple phases, and whether approved before or after the effective date of these Impact Fee regulations, may apply for Credits against Roadway Impact Fees for the entire project based upon contributions of land, improvements or funds toward construction of system facilities. Credits shall be determined by comparing costs of Roadway Capital Improvements supplied by the project with the costs of Roadway Capital Improvements to be utilized by development within the project,

- utilizing a methodology approved by the City. The Credit determination shall be incorporated within an agreement for Credits, in accordance with this Ordinance. The Roadway requirements of an agreement for Credits shall not be less than what is required by the Burleson Development Code.
- C. The City's current policies and regulations shall apply to determine a New Development's obligations to construct adjacent System Facilities. The obligation to construct, however, shall not exceed the Maximum Assessable Roadway Impact Fee assessed against the New Development under <a href="Exhibit B">Exhibit B</a>, Schedule 1. Construction required under such policies and regulations shall be a Credit against the amount of Impact Fees otherwise due. If the costs of constructing a System Facility in accordance with the current City policies and regulations are greater than the amount of the Roadway Impact Fee Collection Rate due, the amount of the Credit due shall be deemed to be 100% of the assessed Impact Fees and no Impact Fee shall be collected thereafter for the development, unless the number of Service Units is subsequently increased.
- D. All Credits against Roadway Impact Fees shall be based upon standards promulgated by the City, which may be adopted as administrative guidelines, including the following standards:
  - (1) No Credit shall be given for the dedication or construction of Site-related Facilities.
  - (2) No Credit shall be given for a Roadway Facility which is not identified within the Roadway Impact Fee Capital Improvements Plan, unless the facility is on or qualifies for inclusion on the Mobility Plan and the City agrees that such improvement supplies capacity to New Developments other than the development paying the Roadway Impact Fee and provisions for Credits are incorporated in an agreement for Credits pursuant to this Ordinance.
  - (3) In no event will the City grant a Credit when no Roadway Impact Fees can be collected pursuant to this Ordinance or for any amount exceeding the Roadway Impact Fee Collection Rate due for the development, unless expressly agreed to by the City in writing.
  - (4) The City may participate in the costs of a System Facility to be dedicated to the City, including costs th` at exceed the amount of the Maximum Assessable Impact Fees for the development, in accordance with policies and rules established by the City. The amount of any Credit for construction of a System Facility shall be reduced by the amount of any participation funds received from the City.
  - (5) Where funds for Roadway Facilities have been escrowed under an agreement that was executed with the City prior to the effective date of this Ordinance, the following rules apply:

- (a) Funds expended under the agreement for Roadway Facilities shall first be credited against the amount of Roadway Impact Fees that would have been due under **Exhibit B, Schedule 2** for those units of development for which building permits already have been issued;
- (b) Any remaining funds shall be credited against Impact Fees due for the development under **Exhibit B, Schedule 2** at the time building permits are issued.
- E. Credits for construction of Capital Improvements shall be deemed created when the Capital Improvements are completed and the City has accepted the facility, or in the case of Capital Improvements constructed and accepted prior to the Effective Date of this Ordinance, on such effective date. Credits created after the Effective Date of this Ordinance shall expire ten (10) years from the date the Credit was created. Credits arising prior to such Effective Date shall expire ten (10) years from such effective date. Upon application by the property owner, the City may agree to extend the expiration date for the Credit on mutually agreeable terms.
- F. Unless an agreement for Credits, as described herein, is executed providing for a different manner of applying Credits against Roadway Impact Fees due, a Credit associated with a plat shall be applied at the time of application for the first building permit and, at each building permit application thereafter, to reduce Impact Fees due until the Credit is exhausted.
- G. An owner of a New Development who has constructed or financed a Roadway Capital Improvement or Roadway Facility expansion designated in the Roadway Impact Fee Capital Improvements Plans, or other Roadway Capital Improvement that supplies excess capacity, as required or authorized by the City, shall enter into an agreement with the City to provide for Credits against Roadway Impact Fees due for the development in accordance with this paragraph. The agreement shall identify the basis for and the method for computing and the amount of the Credit due and any reduction in Credits attributable to consumption of road capacity by developed lots or tracts served by the Roadway Capital Improvements. For multiphased projects, the City may require that total Credits be proportionally allocated among the phases. If authorized by the City, the agreement also may provide for allocation of Credits among New Developments within the project, and provisions for the timing and collection of Impact Fees.
- Sec. 44-165. <u>Use of Proceeds of Impact Fee Accounts.</u> The Roadway Impact Fees collected for each Service Area pursuant to these regulations may be used to finance or to recoup the costs of any roadway improvements or facility expansions identified in the Roadway Impact Fee Capital Improvements Plan for the Service Area, including but not limited to the construction contract price, surveying and engineering fees, and land acquisition costs (including land purchases, court awards and costs, attorney's fees, and expert witness fees). Roadway Impact Fees may also be used

to pay the principal sum and interest and other finance costs on bonds, notes or other obligations issued by or on behalf of the City to finance such roadway improvements or facility expansions. Roadway Impact Fees may also be used to pay fees actually contracted to be paid to an independent qualified engineer or financial consultant for preparation of or updating the Roadway Impact Fee Capital Improvements Plan. The Capital Improvements Advisory Committee shall recommend a Roadway Impact Fee Funding Plan identifying the projects to be funded with Roadway Impact Fees. City Council shall have final approval of the funding plan. Impact Fees collected may not be used to pay for the expenses prohibited by Statute.

- Sec. 44-166. Establishment of Accounts. The City's Finance Department shall establish an account to which interest is allocated for each Service Area for which a Roadway Impact Fee is imposed pursuant to this Ordinance. Each Impact Fee collected within the Service Area shall be deposited in such account with the following regulations:
  - A. Interest earned on the account into which the Impact Fees are deposited shall be considered funds of the account and shall be used solely for the purposes authorized in this Ordinance and the Statute.
  - B. The City's Finance Department shall establish adequate financial and accounting controls to ensure that Roadway Impact Fees disbursed from the account are utilized solely for the purposes authorized in this Ordinance and the Statute. Disbursement of funds shall be authorized by the City at such times as are reasonably necessary to carry out the purposes and intent of this Ordinance; provided, however, that any Roadway Impact Fee paid shall be expended within a reasonable period of time, but not to exceed ten (10) years from the date the fee is deposited into the account.
  - C. The City's Finance Department shall maintain and keep financial records for Roadway Impact Fees, which shall show the source and disbursement of all fees collected in or expended from each Service Area. The records of the account into which Impact Fees are deposited shall be open for public inspection and copying during ordinary business hours. The City may establish a fee for copying services.
- Sec. 44-167. Impact Fee as Additional and Supplemental Regulation. Roadway Impact Fees established by these regulations are additional and supplemental to, and not in substitution of, any other requirements imposed by the City on the development of land or the issuance of building permits or certificates of occupancy. Such Impact Fees are intended to be consistent with and to further the policies of the Imagine Burleson Comprehensive Plan, the Capital Improvements Plan, the zoning ordinances, subdivision regulations and other City policies, ordinances and resolutions by which the City seeks to ensure the provision of adequate public facilities in conjunction with the development of land. This Ordinance shall not affect, in any manner, the permissible use of property, density of development,

design, and improvement standards and requirements, or any other aspect of the development of land or provision of public improvements subject to the zoning and subdivision regulations or other regulations and policies of the City, which shall be operative and remain in full force and effect without limitation with respect to all such development.

- **Sec. 44-168.** <u>Updates to Plans and Revision of Fees.</u> The City shall update its Land Use Assumptions and Capital Improvements Plan and make any revision of fees as indicated below:
  - A. The City shall update its Land Use Assumptions and Roadway Impact Fee Capital Improvements Plans and shall recalculate the Roadway Impact Fees based thereon in accordance with the procedures set forth in Texas Local Gov't Code, Ch. 395, or in any successor statute. Newly Annexed Territories: Upon annexation, a newly annexed area shall be immediately added into the nearest, adjacent Roadway Service Area so long as in doing so the Roadway Service Area still complies with the distance requirements in Chapter 395 of the Texas Local Government Code. The collection rate shall be assessed at the rate of the existing Roadway Service Area and may be adjusted upon a future study update. In the event that said addition to the nearest, adjacent Roadway Service Area brings that Roadway Service Area out of compliance with the distance requirements in Chapter 395 of the Texas Local Government Code, a new impact fee study shall be commenced as soon as possible, and upon adoption of an updated study, the Roadway Service Areas shall be adjusted to incorporate the newly annexed area. However, this does not preclude the City from reviewing its Land Use Assumptions, Roadway Impact Fee Capital Improvements Plans, Roadway Impact Fees, and other factors such as market conditions more frequently than provided for herein to determine whether the Land Use Assumptions and Roadway Capital Improvements Plans should be updated and the Roadway Impact Fees recalculated accordingly, utilizing statutory update procedures.
  - B. Exhibit B, Schedule 2 may be amended without revising the Land Use Assumptions and Roadway Capital Improvements Plans at any time prior to the update provided for in this Section, provided that the Roadway Impact Fee Collection Rate to be collected under **Exhibit B, Schedule 2** do not exceed the Maximum Assessable Roadway Impact Fees assessed under **Exhibit B, Schedule 1**.
  - C. If, at the time an update is required as indicated herein and the City Council determines that no change to the Land Use Assumptions, Roadway Impact Fee Capital Improvements Plan or Roadway Impact Fees are needed, it may dispense with such update by following the procedures in Texas Local Gov't Code, Section 395.0575 or its successor statute.
  - D. The City may amend any other provisions of this Ordinance in accordance with procedures for ordinance amendments contained in the City's Charter or State law.

#### **Sec. 44-169**. Refunds

- A. Upon application, any Roadway Impact Fee or portion thereof collected pursuant to this Ordinance, which has not been expended within the Service Area within ten (10) years from the date of payment, shall be refunded to the record owner of the property for which the Impact Fee was paid or, if the Impact Fee was paid by another governmental entity, to such governmental entity, together with interest calculated from the date of collection to the date of refund at the statutory rate as set forth in Sec. 302.002, Tex. Fin. Code, or its successor statute. The application for refund pursuant to this section shall be submitted within sixty (60) days after the expiration of the ten-year period for expenditure of the Impact Fee. An Impact Fee shall be considered expended on a first-in, first out basis.
- B. An Impact Fee collected pursuant to this Ordinance shall also be considered expended if the total expenditures for Capital Improvements or Roadway Facility expansions authorized within the Service Area within ten (10) years following the date of payment exceeds the total fees collected within the Service Area for such improvements or expansions during such period.
- C. If a refund is due pursuant to Subsections A or B, the City shall divide the difference between the amount of expenditures and the amount of the Impact Fees collected by the total number of Service Units assumed within the Service Area for the period to determine the refund due per Service Unit. The refund to the record owner shall be calculated by multiplying the refund due per Service Unit by the number of Service Units for the development for which the fee was paid, and interest due shall be calculated upon that amount.
- Sec 44-170. Rebates. If the building permit for a New Development for which a Roadway Impact Fee has been paid has expired, and a modified or new application has not been filed within six (6) months of such expiration, the City shall, upon written application, rebate the amount of the Impact Fee to the record owner of the property for which the Impact Fee was paid. If no application for rebate pursuant to this subsection has been filed within this period, no rebate shall become due.
- Sec. 44-171. Appeals. The property owner or applicant for New Development may appeal the applicability or amount of the Roadway Impact Fee or the availability or amount of Credits or Refunds to the City Council using the following procedure:
  - A. The burden of proof shall be on the applicant to demonstrate that relief should be granted by the City.
  - B. The applicant must file a written notice of appeal with the City Manager or his/her designee within thirty (30) days following the decision being appealed. Along with the notice of appeal, an applicant may request an alternative Service Unit computation for land uses not contained with the latest edition of the ITE Trip Generation Manual by submitting a trip generation study demonstrating the

- appropriateness of the trip generation rates for the proposed development. An applicant may also include an alternative Service Unit calculation.
- C. The City Manager or his/her designee ("Manager") may (1) resolve the appeal, if the applicant agrees with the Manager's decision, or (2) if the applicant does not agree, refer the matter to the Capital Improvements Advisory Committee to make a decision, along with the Manager's recommendation and any trip generation study provided, if any.
- D. If City Council review is requested by the applicant after receiving the Manager's and/or Capital Improvements Advisory Committee decision, the City Secretary shall schedule a public hearing at which the applicant may present testimony and evidence before the City Council. The City Council shall act on the appeal within 60 days of receipt of the notice of appeal by the City, unless otherwise agreed by the Applicant.
- E. If the notice of appeal is accompanied by a payment or other security satisfactory to the City Attorney in an amount equal to the original determination of the Roadway Impact Fee due, the City shall process and may issue a building permit if other requirements are met while the appeal is pending.
- F. If the City Council allows for a different amount of the Roadway Impact Fee due for a New Development under this section to be paid, it may cause to be appropriated from other City funds the amount of the reduction in the Impact Fee to the account for the Service Area in which the property is located.

#### **SECTION 2**

This ordinance shall be and is hereby declared to be cumulative of all other ordinances of the City, and this ordinance shall not operate to repeal or affect any of such other ordinances except insofar as the provisions thereof might be inconsistent or in conflict with the provisions of this ordinance, in which event such conflicting provisions, if any, in such other ordinance or ordinances are hereby repealed.

#### **SECTION 3**

If any sentence, section, subsection, clause, phrase, part or provision of this Ordinance be declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the ordinance as a whole, or any part thereof, other than the part declared to be invalid.

#### **SECTION 4**

The provisions of this Ordinance shall be liberally construed to effectively carry out its purposes, which are hereby found and declared to be in furtherance of the public health, safety, and welfare. for any damage that might accrue to persons or property as a result of any act required or permitted in the discharge of said duties.

#### **SECTION 5**

Any violation of this ordinance can be enjoined by a suit filed in the name of the City in a court of competent jurisdiction.

#### **SECTION 6**

If any clause or provision of this Ordinance shall be deemed to be unenforceable for any reason, such unenforceable clause or provision shall be severed from the remaining portions of the Ordinance which shall continue to have full force and effect.

#### **SECTION 7**

This Ordinance shall take effect immediately upon passage and approval, as provided by law.

Roadway Facility excludes those improvements or appurtenances to any Roadway which is a Site-related Facility.

- R. Roadway Impact Fee Capital Improvements Plan, or "Capital Improvements Plan" (CIP) means the adopted plan included in Exhibit A, as may be amended from time to time, which identifies the roadway facilities or Roadway Facility expansions and their costs for each roadway Service Area, which are necessitated by and which are attributable to New Development, for a period not to exceed 10 years, which are to be financed in whole or in part through the imposition of Roadway Impact Fees pursuant to this Ordinance.

- S. <u>Service Area</u> means a Roadway Service Area within the City's corporate boundary, within which Impact Fees for Roadway Capital Improvements or Roadway Facility expansions may be collected for New Development occurring within such area and within which fees so collected will be expended for those types of improvements or expansions identified in the Roadway Impact Fee Capital Improvements Plan applicable to the Service Area.

Site-related Facility may include a Roadway improvement which is located offsite, within or on the perimeter of the development site.
- V. <u>System Facility</u> means a roadway improvement or facility expansion which is designated in the Roadway Impact Fee Capital Improvements Plan and which is not a Site-related Facility. System Facility may include a roadway improvement which is located offsite, within or on the perimeter of the development site.
- Sec. 44-158. Roadway Service Areas. The City hereby establishes four Roadway Service Areas, constituting land within the City's corporate boundaries, as depicted in **Exhibit A**, referenced hereto and incorporated by reference herein. The boundaries of the Roadway Service Areas may be amended from time to time, or new Roadway Service Areas may be delineated, pursuant to the procedures of this Ordinance.
- Sec. 44-159. Roadway Impact Fees Adopted. The City hereby adopts the Maximum Assessable Roadway Impact Fee attached and incorporated as <a href="Exhibit B">Exhibit B</a>, Schedule 1</a>, and the Roadway Impact Fee Collection Rate attached and incorporated as <a href="Exhibit B">Exhibit B</a>, Schedule 2</a>. Each non-exempt New Development shall be assessed the Maximum Assessable Roadway Impact Fee and shall pay the Roadway Impact Fee Collection Rate, minus any applicable Credits, as described herein. Except as herein otherwise provided, the Assessment and collection of a Roadway Impact Fee shall be additional and supplemental to, and not in substitution of, any other tax, fee, charge or assessment which is lawfully imposed on and due against the property.
- Sec. 44-160. Roadway Impact Fee Required. No Final Plat for New Development shall be released for filing with Tarrant or Johnson County without Assessment of an Impact Fee pursuant to this Ordinance; or, if no plat is required, then no building permit shall be issued until such Assessment is made and the Roadway Impact Fee Collection Rate is paid in accordance with the Assessment and collection procedures indicated herein.

- **Sec. 44-161**. <u>Assessment of Impact Fees</u>. Assessment of the Impact Fee for any New Development shall be made as follows:
  - A. For a New Development which has received final plat approval before the effective date of this Ordinance, Assessment of Impact Fees shall occur on the effective date of this Ordinance, and shall be the amount of the Maximum Assessable Roadway Impact Fee per Service Unit as set forth in **Exhibit B, Schedule 1**. However, the Roadway Impact Fee Collection Rate shall not be collected on any Service Unit which has received final plat approval before the effective date of this Ordinance and for which a valid building permit is issued within one year after the date of adoption of this Ordinance.
  - B. For land which is not required to be platted at the time of application for a building permit pursuant to the City's subdivision regulations prior to development, Assessment of Roadway Impact Fees shall occur at the time application is made for the building permit, and shall be the amount of the Maximum Assessable Roadway Impact Fee per Service Unit as set forth in **Exhibit B, Schedule 1** then in effect.
  - C. For New Development which is submitted for approval pursuant to the City's subdivision regulations or which is proposed for replatting on or after the effective date of this Ordinance, Assessment of Impact Fees shall be at the time of final plat or replat approval, and shall be the amount of the Maximum Assessable Roadway Impact Fee per Service Unit as set forth in **Exhibit B, Schedule 1** then in effect.
  - D. Following Assessment of the Impact Fee pursuant to this Section, the amount of the Impact Fee Assessment per Service Unit for that development cannot be increased, unless the owner proposes to change the approved development by the submission of a new application for final plat approval or other development application that results in approval of additional Service Units, in which case a new Assessment shall occur at the **Exhibit B, Schedule 1** rate then in effect for such additional Service Unit.
  - E. The City Manager or his or her designee shall compute the Roadway Impact Fees for New Development by first determining whether the New Development is eligible for Credits calculated in accordance with this Ordinance, which would further reduce Impact Fees otherwise due in whole or in part. The total amount of Impact Fees for the New Development shall be attached to the development application as a condition of approval.
  - F. Approval of an amending plat pursuant to Tex. Loc. Gov't Code, Section 212.016 and the City's subdivision regulations is not subject to reassessment for an Impact Fee.

**Sec. 44-162**. Exemptions to Impact Fees. The following are exempt from the applicability of this Ordinance:

- A. Pursuant to Tex. Loc. Gov't Code Section 395.022, as amended, a public school district is not required to pay Roadway Impact Fees imposed under this Ordinance unless the board of trustees of the district consents to the payment of the fees by entering a contract with the City imposing the fees.
- B. A change in use, as defined in Section 7, is exempt from the payment of impact fees.

**Sec. 44-163.** Collection of Impact Fees. Roadway Impact Fees shall be collected in the following manner; however, the City has the ability to require construction greater than the Roadway Impact Fee Collection Rate for amounts up to the Maximum Assessable Roadway Impact Fee:

- A. The Roadway Impact Fee Collection Rate shall be paid at the time the City issues a building permit for a New Development. For New Development which does not require a building permit, the Roadway Impact Fee Collection Rate shall be paid prior to the issuance of a Certificate of Occupancy.
- B. For properties requiring a plat, the Roadway Impact Fee Collection Rate to be paid and collected per Service Unit for New Development shall be the amount listed in **Exhibit B, Schedule 2** in effect at the time of final plat approval.
- C. For properties that do not require the filing of a plat, the Roadway Impact Fee Collection Rate shall be paid and collected per Service Unit for New Development in the amount listed in **Exhibit B, Schedule 2** in effect at the time that the building permit application is filed.
- D. If the building permit for which an Impact Fee has been paid has expired, and a new application is thereafter filed, the Roadway Impact Fee Collection Rate shall be computed using **Exhibit B, Schedule 2** in effect at the time of the new application, with Credits for previous payment of Impact Fees being applied against the new Impact Fees due.
- E. Whenever the property owner proposes to increase the number of Service Units for a development, the additional Impact Fees collected for such new Service Units shall be determined by using **Exhibit B, Schedule 2** in effect at the time of the request, and such additional fee shall be collected at the times prescribed by this section.
- F. Where an application for a building permit is for a "shell" or speculative building on a parcel zoned "GR", General Retail or "C", Commercial, the amount of the roadway impact fee will be calculated assuming the entire building will be used as a "Strip Retail Plaza" as shown on **Exhibit C, Land Use Equivalency Table**. Where a subsequent application for a building permit is made for the finish-out of the shell building, or portion thereof, for the ultimate use, an additional roadway

- impact fee shall be charged and paid if the ultimate use is different from a "Strip Retail Plaza."
- G. The City may vary the rates of collection or amount of Roadway Impact Fees per Service Unit among or within Service Areas in order to reasonably further goals and policies affecting the adequacy of roadway facilities serving New Development, or other regulatory purposes affecting the type, quality, intensity, economic development potential or development timing of land uses within such Service Areas.
- H. The Maximum Assessable Roadway Impact Fee per Service Unit for Roadway Facilities, as may be amended from time to time, hereby is declared to be an approximate and appropriate measure of the impacts generated by a new unit of development on the City's Roadway System. To the extent that the Roadway Impact Fee Collection Rate charged against a New Development, as may be amended from time to time, is less than the Maximum Assessable Roadway Impact Fee per Service Unit assessed, such difference hereby is declared to be founded on policies unrelated to measurement of the impacts of the New Development on the City's roadway system. The Maximum Assessable Roadway Impact Fee may be used in evaluating any claim by a property owner that the dedication or construction of a Capital Improvement within a Service Area imposed as a condition of development approval pursuant to the City's subdivision or development regulations is disproportionate to the impacts created by the development on the City's Roadway System.
- **Sec. 44-164.** Credits against Impact Fees. The City may credit the contribution of land, improvements or funding for construction of any System Facility that is required or agreed to by the City, pursuant to rules established in this section or pursuant to administrative guidelines promulgated by the City with the following limitations:
  - A. The Credit shall be associated with the plat or other detailed plan of development for the property that is to be served by the Roadway Facility.
  - B. Master Planned Community projects, including subdivisions containing multiple phases, and whether approved before or after the effective date of these Impact Fee regulations, may apply for Credits against Roadway Impact Fees for the entire project based upon contributions of land, improvements or funds toward construction of system facilities. Credits shall be determined by comparing costs of Roadway Capital Improvements supplied by the project with the costs of Roadway Capital Improvements to be utilized by development within the project, utilizing a methodology approved by the City. The Credit determination shall be incorporated within an agreement for Credits, in accordance with this Ordinance. The Roadway requirements of an agreement for Credits shall not be less than what is required by the Burleson Development Code.
  - C. The City's current policies and regulations shall apply to determine a New Development's obligations to construct adjacent System Facilities. The obligation

to construct, however, shall not exceed the Maximum Assessable Roadway Impact Fee assessed against the New Development under **Exhibit B, Schedule 1**. Construction required under such policies and regulations shall be a Credit against the amount of Impact Fees otherwise due. If the costs of constructing a System Facility in accordance with the current City policies and regulations are greater than the amount of the Roadway Impact Fee Collection Rate due, the amount of the Credit due shall be deemed to be 100% of the assessed Impact Fees and no Impact Fee shall be collected thereafter for the development, unless the number of Service Units is subsequently increased.

- D. All Credits against Roadway Impact Fees shall be based upon standards promulgated by the City, which may be adopted as administrative guidelines, including the following standards:
  - (1) No Credit shall be given for the dedication or construction of Site-related Facilities.
  - (2) No Credit shall be given for a Roadway Facility which is not identified within the Roadway Impact Fee Capital Improvements Plan, unless the facility is on or qualifies for inclusion on the Mobility Plan and the City agrees that such improvement supplies capacity to New Developments other than the development paying the Roadway Impact Fee and provisions for Credits are incorporated in an agreement for Credits pursuant to this Ordinance.
  - (3) In no event will the City grant a Credit when no Roadway Impact Fees can be collected pursuant to this Ordinance or for any amount exceeding the Roadway Impact Fee Collection Rate due for the development, unless expressly agreed to by the City in writing.
  - (4) The City may participate in the costs of a System Facility to be dedicated to the City, including costs th` at exceed the amount of the Maximum Assessable Impact Fees for the development, in accordance with policies and rules established by the City. The amount of any Credit for construction of a System Facility shall be reduced by the amount of any participation funds received from the City.
  - (5) Where funds for Roadway Facilities have been escrowed under an agreement that was executed with the City prior to the effective date of this Ordinance, the following rules apply:
    - (a) Funds expended under the agreement for Roadway Facilities shall first be credited against the amount of Roadway Impact Fees that would have been due under **Exhibit B, Schedule 2** for those units of development for which building permits already have been issued;

- (b) Any remaining funds shall be credited against Impact Fees due for the development under **Exhibit B, Schedule 2** at the time building permits are issued.
- E. Credits for construction of Capital Improvements shall be deemed created when the Capital Improvements are completed and the City has accepted the facility, or in the case of Capital Improvements constructed and accepted prior to the Effective Date of this Ordinance, on such effective date. Credits created after the Effective Date of this Ordinance shall expire ten (10) years from the date the Credit was created. Credits arising prior to such Effective Date shall expire ten (10) years from such effective date. Upon application by the property owner, the City may agree to extend the expiration date for the Credit on mutually agreeable terms.
- F. Unless an agreement for Credits, as described herein, is executed providing for a different manner of applying Credits against Roadway Impact Fees due, a Credit associated with a plat shall be applied at the time of application for the first building permit and, at each building permit application thereafter, to reduce Impact Fees due until the Credit is exhausted.
- G. An owner of a New Development who has constructed or financed a Roadway Capital Improvement or Roadway Facility expansion designated in the Roadway Impact Fee Capital Improvements Plans, or other Roadway Capital Improvement that supplies excess capacity, as required or authorized by the City, shall enter into an agreement with the City to provide for Credits against Roadway Impact Fees due for the development in accordance with this paragraph. The agreement shall identify the basis for and the method for computing and the amount of the Credit due and any reduction in Credits attributable to consumption of road capacity by developed lots or tracts served by the Roadway Capital Improvements. For multiphased projects, the City may require that total Credits be proportionally allocated among the phases. If authorized by the City, the agreement also may provide for allocation of Credits among New Developments within the project, and provisions for the timing and collection of Impact Fees.
- Sec. 44-165. Use of Proceeds of Impact Fee Accounts. The Roadway Impact Fees collected for each Service Area pursuant to these regulations may be used to finance or to recoup the costs of any roadway improvements or facility expansions identified in the Roadway Impact Fee Capital Improvements Plan for the Service Area, including but not limited to the construction contract price, surveying and engineering fees, and land acquisition costs (including land purchases, court awards and costs, attorney's fees, and expert witness fees). Roadway Impact Fees may also be used to pay the principal sum and interest and other finance costs on bonds, notes or other obligations issued by or on behalf of the City to finance such roadway improvements or facility expansions. Roadway Impact Fees may also be used to pay fees actually contracted to be paid to an independent qualified engineer or financial consultant for preparation of or updating the Roadway Impact Fee Capital Improvements Plan. The Capital Improvements Advisory Committee shall

recommend a Roadway Impact Fee Funding Plan identifying the projects to be funded with Roadway Impact Fees. City Council shall have final approval of the funding plan. Impact Fees collected may not be used to pay for the expenses prohibited by Statute.

- Sec. 44-166. Establishment of Accounts. The City's Finance Department shall establish an account to which interest is allocated for each Service Area for which a Roadway Impact Fee is imposed pursuant to this Ordinance. Each Impact Fee collected within the Service Area shall be deposited in such account with the following regulations:
  - A. Interest earned on the account into which the Impact Fees are deposited shall be considered funds of the account and shall be used solely for the purposes authorized in this Ordinance and the Statute.
  - B. The City's Finance Department shall establish adequate financial and accounting controls to ensure that Roadway Impact Fees disbursed from the account are utilized solely for the purposes authorized in this Ordinance and the Statute. Disbursement of funds shall be authorized by the City at such times as are reasonably necessary to carry out the purposes and intent of this Ordinance; provided, however, that any Roadway Impact Fee paid shall be expended within a reasonable period of time, but not to exceed ten (10) years from the date the fee is deposited into the account.
  - C. The City's Finance Department shall maintain and keep financial records for Roadway Impact Fees, which shall show the source and disbursement of all fees collected in or expended from each Service Area. The records of the account into which Impact Fees are deposited shall be open for public inspection and copying during ordinary business hours. The City may establish a fee for copying services.
- Sec. 44-167. Impact Fee as Additional and Supplemental Regulation. Roadway Impact Fees established by these regulations are additional and supplemental to, and not in substitution of, any other requirements imposed by the City on the development of land or the issuance of building permits or certificates of occupancy. Such Impact Fees are intended to be consistent with and to further the policies of the Imagine Burleson Comprehensive Plan, the Capital Improvements Plan, the zoning ordinances, subdivision regulations and other City policies, ordinances and resolutions by which the City seeks to ensure the provision of adequate public facilities in conjunction with the development of land. This Ordinance shall not affect, in any manner, the permissible use of property, density of development, design, and improvement standards and requirements, or any other aspect of the development of land or provision of public improvements subject to the zoning and subdivision regulations or other regulations and policies of the City, which shall be operative and remain in full force and effect without limitation with respect to all such development.

- **Sec. 44-168**. <u>Updates to Plans and Revision of Fees.</u> The City shall update its Land Use Assumptions and Capital Improvements Plan and make any revision of fees as indicated below:
  - A. The City shall update its Land Use Assumptions and Roadway Impact Fee Capital Improvements Plans and shall recalculate the Roadway Impact Fees based thereon in accordance with the procedures set forth in Texas Local Gov't Code, Ch. 395, or in any successor statute. Newly Annexed Territories: Upon annexation, a newly annexed area shall be immediately added into the nearest, adjacent Roadway Service Area so long as in doing so the Roadway Service Area still complies with the distance requirements in Chapter 395 of the Texas Local Government Code. The collection rate shall be assessed at the rate ofthe existing Roadway Service Area and may be adjusted upon a future study update. In the event that said addition to the nearest, adjacent Roadway Service Area brings that Roadway Service Area out of compliance with the distance requirements in Chapter 395 of the Texas Local Government Code, a new impact fee study shall be commenced as soon as possible, and upon adoption of an updated study, the Roadway Service Areas shall be adjusted to incorporate the newly annexed area. However, this does not preclude the City from reviewing its Land Use Assumptions, Roadway Impact Fee Capital Improvements Plans, Roadway Impact Fees, and other factors such as market conditions more frequently than provided for herein to determine whether the Land Use Assumptions and Roadway Capital Improvements Plans should be updated and the Roadway Impact Fees recalculated accordingly, utilizing statutory update procedures.
  - B. Exhibit B, Schedule 2 may be amended without revising the Land Use Assumptions and Roadway Capital Improvements Plans at any time prior to the update provided for in this Section, provided that the Roadway Impact Fee Collection Rate to be collected under **Exhibit B**, **Schedule 2** do not exceed the Maximum Assessable Roadway Impact Fees assessed under **Exhibit B**, **Schedule 1**.
  - C. If, at the time an update is required as indicated herein and the City Council determines that no change to the Land Use Assumptions, Roadway Impact Fee Capital Improvements Plan or Roadway Impact Fees are needed, it may dispense with such update by following the procedures in Texas Local Gov't Code, Section 395.0575 or its successor statute.
  - D. The City may amend any other provisions of this Ordinance in accordance with procedures for ordinance amendments contained in the City's Charter or State law.

#### **Sec. 44-169**. Refunds

A. Upon application, any Roadway Impact Fee or portion thereof collected pursuant to this Ordinance, which has not been expended within the Service Area within ten (10) years from the date of payment, shall be refunded to the record owner of the property for which the Impact Fee was paid or, if the Impact Fee was paid by

another governmental entity, to such governmental entity, together with interest calculated from the date of collection to the date of refund at the statutory rate as set forth in Sec. 302.002, Tex. Fin. Code, or its successor statute. The application for refund pursuant to this section shall be submitted within sixty (60) days after the expiration of the ten-year period for expenditure of the Impact Fee. An Impact Fee shall be considered expended on a first-in, first out basis.

- B. An Impact Fee collected pursuant to this Ordinance shall also be considered expended if the total expenditures for Capital Improvements or Roadway Facility expansions authorized within the Service Area within ten (10) years following the date of payment exceeds the total fees collected within the Service Area for such improvements or expansions during such period.
- C. If a refund is due pursuant to Subsections A or B, the City shall divide the difference between the amount of expenditures and the amount of the Impact Fees collected by the total number of Service Units assumed within the Service Area for the period to determine the refund due per Service Unit. The refund to the record owner shall be calculated by multiplying the refund due per Service Unit by the number of Service Units for the development for which the fee was paid, and interest due shall be calculated upon that amount.
- Sec 44-170. Rebates. If the building permit for a New Development for which a Roadway Impact Fee has been paid has expired, and a modified or new application has not been filed within six (6) months of such expiration, the City shall, upon written application, rebate the amount of the Impact Fee to the record owner of the property for which the Impact Fee was paid. If no application for rebate pursuant to this subsection has been filed within this period, no rebate shall become due.
- Sec. 44-171. Appeals. The property owner or applicant for New Development may appeal the applicability or amount of the Roadway Impact Fee or the availability or amount of Credits or Refunds to the City Council using the following procedure:
  - A. The burden of proof shall be on the applicant to demonstrate that relief should be granted by the City.
  - B. The applicant must file a written notice of appeal with the City Manager or his/her designee within thirty (30) days following the decision being appealed. Along with the notice of appeal, an applicant may request an alternative Service Unit computation for land uses not contained with the latest edition of the ITE Trip Generation Manual by submitting a trip generation study demonstrating the appropriateness of the trip generation rates for the proposed development. An applicant may also include an alternative Service Unit calculation.
  - C. The City Manager or his/her designee ("Manager") may (1) resolve the appeal, if the applicant agrees with the Manager's decision, or (2) if the applicant does not agree, refer the matter to the Capital Improvements Advisory Committee to make

- a decision, along with the Manager's recommendation and any trip generation study provided, if any.
- D. If City Council review is requested by the applicant after receiving the Manager's and/or Capital Improvements Advisory Committee decision, the City Secretary shall schedule a public hearing at which the applicant may present testimony and evidence before the City Council. The City Council shall act on the appeal within 60 days of receipt of the notice of appeal by the City, unless otherwise agreed by the Applicant.
- E. If the notice of appeal is accompanied by a payment or other security satisfactory to the City Attorney in an amount equal to the original determination of the Roadway Impact Fee due, the City shall process and may issue a building permit if other requirements are met while the appeal is pending.
- F. If the City Council allows for a different amount of the Roadway Impact Fee due for a New Development under this section to be paid, it may cause to be appropriated from other City funds the amount of the reduction in the Impact Fee to the account for the Service Area in which the property is located.

#### **SECTION 2.**

If any provision of this Ordinance or the application of any provision to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are declared to be severable.

#### **SECTION 3.**

This Ordinance shall be cumulative of all provisions of ordinances and of the Code of Ordinances for the City of Burleson, Texas, as amended, except where provisions of this Ordinance are in direct conflict with the provisions of such ordinances or such Code, in which event the conflicting provisions of such ordinances and Code are hereby repealed.

#### **SECTION 4.**

This Ordinance shall take effect immediately from and after its passage and publication in accordance with the provisions of the Texas Local Government Code, whichever is later, and it is accordingly so ordained.

#### **City Council Regular Meeting**

**DEPARTMENT:** Public Works & Engineering

FROM: Errick Thompson, P.E., CFM<sup>®</sup>, Director

MEETING: November 13, 2023

#### **SUBJECT:**

Hold a Public Hearing and consider approval of an ordinance amending the Water and Wastewater Impact Fee Ordinance (CSO#977-02-2019); finding that the meeting at which this ordinance is passed was open to the public and that the recitals are true; containing a severability clause, cumulative clause, and effective date. (*First Reading*) (*Staff Contact: Errick Thompson, Director of Public Works & Engineering*)

#### **SUMMARY:**

According to Chapter 395 of the Texas Local Government Code, "Impact fee" means a charge or assessment imposed by a political subdivision against new development in order to generate revenue for funding or recouping the costs of capital improvements or facility expansions necessitated by and attributable to the new development. Impact fees are a one-time charge assessed to new development to generate revenue to fund roadway capital facilities necessitated by new development. The collection of impact fees allows the cost of capital improvements to be offset by providing an alternative funding mechanism.

The projected 10-year growth based on land use assumptions included in the City's comprehensive planning document is utilized to establish future infrastructure demands and population projections. This data is further analyzed to determine the number of service units in order to calculate the impact fee required by the new development.

The City of Burleson first adopted impact fees for water and wastewater infrastructure in 2005. City Council appointed eight members to the Capital Improvements Program Advisory Committee in March 2023 and, most recently, a ninth member in September 2023. The committee met a total of five times over a three-month period to review the land use assumptions, capital improvement plan, and roadway impact fee study completed by the City's consultant. After reviewing all of the information presented, the committee recommended increasing the impact fee collection to the maximum allowable by state law. These recommendations were presented to the City Council on October 2, 2023.

## Impact Fees in Burleson

Established for water and wastewater infrastructure November 2005

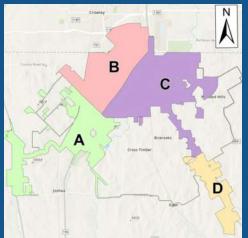

- Assessed fees revised six times between 2010 and 2019

- 2019 only the wastewater assessed fee changed

Established for roadway infrastructure March 2017 and 2023 is the first time the analysis has been updated for potential changes

For water and wastewater impact fees, only capital projects within the City's Certificate of Convenience and Necessity (CCN) and included in the Water/Wastewater Impact Fee Capital Improvement Program are eligible for funding from impact fees collected in that service area

Service Areas for Roadway Impact Fees

For roadway impact fees, only capital projects within a given service area and included in the Roadway Impact Fee Capital Improvement Program are eligible for funding from impact fees collected in that service area

**WHEREAS**, the City of Burleson is responsible for and committed to the provision of public facilities and services (including water and wastewater service) at levels necessary to cure any existing public service deficiencies in already developed areas; and

**WHEREAS**, such facilities and service levels shall be provided by the City of Burleson utilizing funds allocated in the capital budget and capital improvements programming processes and relying upon the funding sources indicated therein; and

**WHEREAS**, new residential and nonresidential development causes and imposes increased demands upon Burleson public facilities and services, including water and wastewater facilities, that would not otherwise occur; and

WHEREAS, planning projections indicate that such development will continue and will place ever-increasing demands on the City to provide necessary public facilities; and

**WHEREAS**, the development potential and property values of properties is strongly influenced and encouraged by City policy as expressed in the Comprehensive Plan and as implemented via the City zoning ordinance and map; and

**WHEREAS**, to the extent that such new development places demands upon the public facility infrastructure, those demands should be satisfied by more equitably assigning responsibility for financing the provision of such facilities from the public at large to the developments actually creating the demands for them; and

**WHEREAS**, the amount of the impact fee to be imposed shall be determined by the cost of the additional public facilities needed to support such development, which public facilities shall be identified in a capital improvements program; and

**WHEREAS**, the City Council, after careful consideration of the matter, hereby finds and declares that impact fees imposed upon residential and nonresidential development to finance specified major public facilities, the demand for which is created by such development, is in the best interests of the general welfare of the City and its residents, is equitable, and does not impose an unfair burden on such development; and

**WHEREAS**, in 1987 the Texas Legislature adopted Senate Bill 336, now Chapter 395 of the Texas Local Government Code; and

### NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BURLESON:

#### **SECTION 1**

That Article II, "Water and Wastewater Impact Fees," of Chapter 44, "Impact Fees," of the City of Burleson Code of Ordinances is hereby amended to read as follows:

#### "ARTICLE II. – WATER AND WASTEWATER IMPACT FEES

#### **DIVISION 1 - GENERAL PROVISIONS**

#### Section 44-51 Short Title

This Ordinance shall be known and cited as the Water and Wastewater Impact Fees Ordinance.

#### Section 44-52 Intent

This Ordinance is intended to impose water and wastewater impact fees, as established in this Ordinance, in order to finance public facilities, the demand for which is generated by new development in the designated conceptual service area.

#### Section 44-53 Authority

The City is authorized to enact this Ordinance by the Burleson City Charter and by Chapter 395 of the Texas Local Government Code, which authorizes home-rule cities, among others, to enact or impose impact fees on land within their corporate boundaries and in their extraterritorial jurisdictions, and on persons with whom they have a water or sewer service contract, as charges

or assessments imposed against new development in order to generate revenue for funding or recouping the costs of capital improvements or facility expansions necessitated by and attributable to such new development. The provisions of this Ordinance shall not be construed to limit the power of the City to adopt such Ordinance pursuant to any other source of local authority, nor to utilize any other methods or powers otherwise available for accomplishing the purposes set forth herein, either in substitution of or in conjunction with this Ordinance. Guidelines may be developed by resolution or otherwise to implement and administer this Ordinance.

#### Section 44-55 Applicability of Impact Fees

- A. This Ordinance shall be uniformly applicable to new development which occurs within the water and wastewater conceptual service areas.
- B. No new development shall be exempt from the assessment of impact fees as defined in this Ordinance, except as provided in Section 1.25.A.

#### Section 44-56 Impact Fees as Conditions of Development.

No application for new development shall be approved within the City without assessment of impact fees pursuant to this Ordinance, and no water and wastewater tap for new development that receives water or wastewater service from the City shall be issued and no building permit shall be issued unless the applicant has paid the impact fees imposed by the Ordinance and calculated hereunder.

#### Section 44-57 Establishment of Water and Wastewater Conceptual Service Areas

- A. The water and wastewater conceptual service areas are established as shown on the Conceptual Service Area Maps that are marked Exhibit A, attached hereto and made a part hereof by reference.
- B. The conceptual service areas shall be established consistent with any facility conceptual service area established in the CIP for each utility. Additions to the conceptual service area may be designated by the City Council consistent with the procedure set forth in Chapter 395 of the Texas Local Government Code and its successors.

#### Section 44-58 Land Use Assumptions

Land use assumptions used in the development of the impact fees are contained in Exhibit B attached hereto and made a part hereof by reference. These assumptions may be revised by the City Council according to the procedure set forth in Chapter 395 of the Texas Local Government Code and its successors.

#### Section 44-59 Service Units

- A. Service units are established in accordance with generally accepted engineering and planning standards.
- B. Service units shall be calculated based on living units equivalent as determined by the size of the water meter(s) for the development; or alternatively, as approved by the City Manager as a result of an engineering report prepared by a qualified professional engineer licensed to perform such professional engineering services in the State of Texas, which demonstrates that the number of LUE's of service for the new development will be different than those indicated by the size of the water meter.
- C. If a fire demand meter (tap) is purchased for a property, the meter size utilized to calculate the number of LUE's shall be the dimension of the portion of the fire demand meter which reflects the meter size which would provide only domestic service to the property. Said reduced meter size shall then be utilized to calculate the number of LUE's.
  - 1. The meter types used to calculate the number of LUE's shall be either simple or compound meters.
  - 2. If the fire protection capacity of the fire demand meter is routinely utilized for domestic purposes as evidenced by the registration of consumption

- recorded on the City's meter-reading and billing systems, the then-owner of the property shall be assessed the then-current fee for the fire protection capacity which has been converted to domestic capacity by its routine usage as domestic capacity.
- 3. To avoid the use of fire flow volumes for domestic usage, the owner of any property for which a fire demand meter is purchased shall be required to execute a restrictive covenant on a form approved by the City, which covenant shall acknowledge the right of the City to assess such fees to subsequent owners of the property. Said covenant shall be executed prior to the purchase of the fire demand meter and shall be filed in the deed records of the County.
- 4. No fees shall be collected for the purchase of taps which shall be utilized to provide only fire protection capacity.
- D. Upon wastewater tap purchase for lots for which no water meter has been purchased, service units shall be established by a professional engineer licensed in the State of Texas and shall be reviewed by the City Manager, who shall designate the appropriate number of service units.
- E. The City Council may revise the service units designation according to the procedure set forth in Chapter 395 of the Texas Local Government Code and its successors.

#### Section 44-60 Impact Fees Per Service Unit

- A. The maximum impact fee per service unit for each conceptual service area shall be computed by subtracting fifty percent (50%) of the total projected cost of implementing the capital improvements plan for that category of capital improvements, and dividing the growth-related capital construction cost of service in the conceptual service area identified in the capital improvements plan for that category of capital improvements, by the total number of projected service units anticipated within the conceptual service area which are necessitated by and attributable to new development, based on the land use assumptions for that conceptual service area. Maximum impact fees per service unit for each conceptual service area are established by category of capital improvements and are set forth in Exhibit C attached hereto and made a part hereof by reference.
- B. Exhibit C may be amended by the City Council according to the procedure set forth in Chapter 395 of the Texas Local Government Code and its successors.
- C. The Effective Impact Fees per service unit, shown in Exhibit C to this Ordinance, may be amended from time to time by the City Council, through ordinance amendment, to any amount equal to or less than the maximum fees set forth in Exhibit C to this ordinance.
- D. In accordance with Section 395.014 (a) (7) of the Local Government Code, the capital improvements plans (Exhibits D and E) have included a credit equal to fifty percent (50%) of the total projected cost of implementing the capital improvements

plans, and the credit was applied to such projected costs prior to calculation of the Maximum and Effective Impact Fees shown in Exhibit C of this Ordinance.

#### Section 44-61 Assessment of Impact Fees

- A. The approval of any subdivision of land or of any new development shall include as a condition the assessment of the impact fee applicable to such development.
- B. Assessment of the impact fee for any new development shall be made as follows:
  - 1. For new development which is submitted for approval pursuant to the City's subdivision regulations following the effective date of this Ordinance, assessment shall be at the time of recording the final subdivision plat with the County Clerk and shall be the value of the effective impact fee per service unit then in effect, as provided in Exhibit C as set forth in Section 1.10.C. The City may provide the subdivider with a copy of Exhibit C prior to final subdivision plat approval, but providing such copy shall not constitute assessment within the meaning of this Ordinance.
  - 2. For new development for which a final subdivision plat was recorded with the County Clerk prior to November 15, 2005 and for which no replatting is necessary prior to the issuance of a building permit, assessment shall be upon the issuance of a building permit (or upon issuance of a water or sewer tap for properties outside the Burleson city limits), and shall be the value of the maximum impact fee per service unit in effect November 15, 2005.
  - For new development occurs or is proposed to occur without platting, assessment shall be upon the issuance of a building permit (or upon issuance of a water or sewer tap for properties outside the Burleson city limits), and shall be the value of the maximum impact fee per service unit set forth in Exhibit C.
  - 4. For properties with existing taps that were purchased prior to November 15, 2005, owners may exchange those purchased taps for taps which will reflect an equivalent number of LUE's, as determined under Section 1.09. If the exchange of said taps will result in an increase in the number of LUE's, the purchaser shall be assessed the effective impact fee in effect at the time of tap exchange, based on the additional LUE's required.
  - 5. Water demand related solely to landscape irrigation demand shall be assessed a water impact fee, but shall not be assessed a sewer impact fee.
  - 6. Because fire protection is of critical concern to the community as a whole, water demand related solely to fire protection is not subject to assessment of an impact fee. However, if the fire protection capacity of the fire demand meter is routinely utilized for domestic purposes as evidenced by the registration of consumption recorded on the City's meter-reading and billing systems, the current owner of the property shall be assessed the impact fees currently in effect at the time such conversion is established by the

City for the fire protection capacity which has been converted to domestic capacity by its routine usage as domestic capacity.

- C. Following assessment of the impact fees pursuant to Subsection B of this Section, no additional impact fees or increases thereof shall be assessed against that development unless the number of service units increases, as set forth under Section 1.09.
- D. Following the lapse or expiration of approval for a plat, a new assessment must be performed at the time a new application for such development is filed.

#### Section 44-62 Calculation of Impact Fees

- A. Following the request for new development as provided in Section 1.11 of this Ordinance, the City shall compute impact fees due for the new development in the following manner:
  - The total service units for the new development shall be multiplied by the appropriate per-unit effective fee value determined as set forth in Section 1.10; and
  - 2. The maximum amount payable shall be capped at the assessment amount calculated as set forth in Section 1.11 of this Ordinance; and
  - 3. Fee credits and offsets shall be subtracted as determined by the process proscribed in Section 1.15 of this Ordinance.
- B. The value of each impact fee due for a new development shall not exceed a value computed by multiplying the effective fee assessed per service unit pursuant to Section 1.10 by the number of service units generated by the development.

#### Section 44-63 Collection of Impact Fees

- A. No water or wastewater tap or building permit shall be issued until all impact fees due have been paid to the City, or until a "notice of impact fee due" is recorded as provided in this Section, except as provided otherwise by contract.
- B. Effective impact fees, as shown in Exhibit C of this Ordinance, shall be paid at the time of the issuance of a building permit, except as provided in Section C through Section F of this Section.
- C. For land platted outside the corporate boundaries of the City, fees shall be collected at the time an application for connection to the City's water or wastewater system is filed.
- D. If the City lacks authority to issue building permits in the area where the impact fee applies, impact fees shall be collected at the time an application is filed for connection to the City's water or wastewater system.
- E. The City may, at its sole discretion, enter into contracts to establish a different date of fee collection than those provided in this Section.

- F. It shall be the policy of the City to attempt to revise any contracts which might exist with wholesale customers, or which in the future may be entered into for wholesale service, in such a manner that impact fees are collected from the wholesale customer according to the number of LUE's attributable to each retail meter for new development within the wholesale customer's service area.
- G. The City of Burleson shall collect City of Fort Worth impact fees at the same time as but in addition to City of Burleson impact fees.

#### Section 44-64 Suspension of Fee Collection

A. This section is no longer applicable. There is no suspension of fee collection.

#### Section 44-65 Offsets and Credits Against Impact Fees

- A. Pursuant to rules established in this Section, the City may offset fifty percent (50%) of the value of any system-related facilities which have been dedicated to and received by the City without City participation in the cost thereof, including the value of rights-of-way or capital improvements constructed pursuant to an agreement with the City, against the value of the impact fees due for that category of capital improvement.
- B. All offsets and credits against impact fees shall be subject to the following limitations and shall be granted based on this Ordinance and additional standards promulgated by the City, which may be adopted as administrative guidelines.
  - No offset or credit shall be given for the dedication or construction of siterelated facilities.
  - The unit costs used to calculate the offsets shall not exceed those assumed for the capital improvements included in the capital improvements plan for the category of facility within the conceptual service area for which the impact fee is imposed.
  - 3. If an offset or credit applicable to a plat or development has not been exhausted within ten (10) years from the date of the issuance of the first building permit after the effective date of this ordinance or within such period as may be otherwise designated by contract, such offset or credit shall lapse.
  - 4. In no event will the City reimburse the property owner or developer for an offset or credit when no impact fees for the new development can be collected pursuant to this Ordinance or for any value exceeding the total impact fees due for the development for that category of capital improvement, unless otherwise agreed to by the City.
- C. An applicant for new development must apply for an offset or credit against impact fees due for the development either at or before the time of plat recordation, or if development is to occur without platting, at or before issuance of a building permit (or at or before issuance of a water or sewer tap for properties outside the Burleson

- city limits). The applicant shall file a petition for offsets or credits with the City on a form provided for such purpose. The contents of the petition shall be established by administrative guidelines. The City must provide the applicant, in writing, with a decision on the offset or credit request, including the reasons for the decision. The decision shall specify the maximum value of the offset or credit which may be applied against an impact fee, which value and the date of the determination shall be associated with the plat for the new development.
- D. The available offset or credit associated with the plat or development shall be applied against an impact fee in the following manner:
  - Such offset or credit shall be prorated equally among all service units, as calculated in Section 1.09, and remain applicable to such service units, to be applied at time of filing and acceptance of an application for a building permit, against impact fees due.
  - 2. If the total number of service units used by the City in the original offset or credit calculation, as described in 1 above, is eventually exceeded by the number of total service units realized by the actual development, the City may, at its sole discretion, collect the full impact fee exclusive of any associated offset or credits for the excess service units.
  - 3. At its sole discretion, the City may authorize alternative credit or offset agreements upon petition by the owner in accordance with guidelines promulgated by the City.

#### Section 44-66 Establishment of Accounts and Records

- A. The City's Finance Department shall establish an account for each service area for each category of capital facility for which an impact fee is imposed. Each impact fee collected within the service area shall be deposited in such account.
- B. Interest earned on the account into which the impact fees are deposited shall be considered funds of the account and shall be used solely for the purposes authorized in Section 1.17. Disbursement of funds shall be authorized by the City at such times as are reasonably necessary to carry out the purposes and intent of this Ordinance.
- C. The City's Finance Department shall establish adequate financial and accounting controls to ensure that impact fees disbursed from the account are utilized solely for the purposes authorized in Section 1.17. Disbursement of funds shall be authorized by the City at such times as are reasonably necessary to carry out the purpose and intent of this Ordinance. Any impact fee paid shall be expended within a reasonable period of time, not to exceed ten (10) years from the date the fee is deposited into the account. Execution of a design or construction contract by the City shall be considered to be expenditure of funds of the account.
- D. The City's Finance Department shall maintain and keep financial records for impact fees, which shall show the source and disbursement of all fees collected in or expended from each service area. The records of the account into which impact fees are deposited shall be open for public inspection and copying during ordinary business hours.

#### Section 44-67 Use of Proceeds of Impact Fee Accounts

- A. The impact fees collected pursuant to this Ordinance may be used to finance or to recoup capital construction costs of service. Impact fees may also be used to retire bonds or to pay the principal sum and interest and other finance costs on bonds, notes or other obligations issued by or on behalf of the City to finance such capital construction costs of service.
- B. Impact fees collected pursuant to this Ordinance shall not be used to pay for any of the following expenses:
  - 1. Construction, acquisition or expansion of capital improvements or assets other than those identified in the associated capital improvements plans;
  - 2. Repair, operation, or maintenance of existing or new capital improvements or facilities expansions;
  - Upgrading, expanding or replacing existing capital improvements to serve existing development in order to meet stricter safety, efficiency, environmental or regulatory standards;
  - 4. Upgrading, expanding or replacing existing capital improvements to provide better service to existing development; provided however, that impact fees may be used to pay the costs of upgrading, expanding or replacing existing capital improvements in order to meet the need for new capital improvements generated by new development; or
  - 5. Administrative and operating costs of the City.

#### Section 44-68 Appeals

- A. The property owner or applicant for new development may appeal the following decisions to the City Council:
  - 1. The applicability of an impact fee to the development;
  - 2. The basis for fee calculation;
  - 3. The availability or the value of an offset or credit;
  - 4. The application of an offset or credit against an impact fee due; and
  - 5. The amount of any refund due under Section 1.19 of this Ordinance.
- B. The burden of proof shall be on the appellant to demonstrate that the value of the fee or the value of the offset or credit was not calculated according to the applicable impact fee schedule or the guidelines established for determining offsets and credits.
- C. The appellant must file a notice of appeal with the City Manager of Burleson within thirty (30) days following the decision. The development application or tap

purchase or building permit application may be processed while the appeal is pending if the notice of appeal is accompanied by a bond or other sufficient surety satisfactory to the City Secretary in an amount equal to the original determination of the impact fee due.

#### Section 44-69 Refunds

- A. Any impact fee or portion thereof collected pursuant to this Ordinance which has not been expended as authorized by this Ordinance within ten (10) years from the date of payment, shall be refunded, upon application, to the record owner of the property at the time the refund is paid, or, if the impact fee was paid by another political subdivision or governmental entity, to such political subdivision or governmental entity, together with interest calculated from the date of collection to the date of refund at the statutory rate as set forth in Section 302.002, Finance Code, or its successor statute.
- B. An impact fee collected pursuant to this Ordinance shall be considered expended if the total expenditures for capital improvements or facilities expansions authorized in Section 1.17 within ten (10) years following the date of payment exceeds the total fees collected for such improvements or expansions during such period.
- C. If a refund is due pursuant to Subsections A and B, the City shall pro-rate the same by dividing the difference between the amount of expenditures and the amount of the fees collected by the total number of service units assumed within the conceptual service area for the period to determine the refund due per service unit. The refund to the record owner or governmental entity shall be calculated by multiplying the refund due per service unit by the number of service units for the development for which the fee was paid, and interest due shall be calculated upon that amount.
- D. Upon completion of all the capital improvements or facilities expansions identified in the capital improvements plan upon which the fee was based, the City shall recalculate the maximum impact fee per service unit using the actual costs for the improvements or expansions. If the maximum impact fee per service unit based on actual cost is less than the impact fee per service unit paid, the City shall refund the difference, if such difference exceeds the impact fee paid by more than ten percent (10%). The refund to the record owner or governmental entity shall be calculated by multiplying such difference by the number of service units for the development for which the fee was paid, and interest due shall be calculated upon that amount.
- E. Upon the request of an owner of the property on which an impact fee has been paid, the City shall refund such fees if:
  - 1. Existing service is available and service is denied; or
  - Service was not available when the fee was collected and the City has failed to commence construction of facilities to provide service within two years of fee payment; or

- Service was not available when the fee was collected and has not subsequently been made available within a reasonable period of time considering the type of capital improvement or facility expansion to be constructed, but in no event later than five years from the date of fee payment.
- F. The City shall refund an appropriate proportion of impact fee payments in the event that a previously purchased unused water meter is replaced with a smaller meter, based on the LUE differential of the two meter sizes and the per-LUE fee at the time of the original fee payment, less an administrative charge of \$50.
- G. Petitions for refunds shall be submitted to the City Council on a form provided by the City for such purpose. Within one month of the date of receipt of a petition for refund, the Council must provide the petitioner, in writing, with a decision on the refund request, including the reasons for the decision. If a refund is due to the petitioner, the Council shall notify the Finance Director and request that a refund payment be made to the petitioner.

#### Section 44-70 Updates to Plan and Revision of Fees

The City shall review the land use assumptions and capital improvements plan for water and wastewater facilities at least every five years, the first five year period which shall commence from the date of adoption of the capital improvements plan referenced herein. The City Council shall accordingly then make a determination of whether changes to the land use assumptions, capital improvements plan or impact fees are needed and shall, in accordance with the procedures set forth in Chapter 395 of the Texas Local Government Code, or any successor statute, either update the fees or make a determination that no update is necessary.

#### Section 44-71 Functions of Advisory Committee

- A. The functions of the Advisory Committee are those set forth in Chapter 395 of the Texas Local Government Code, or any successor statute, and shall include the following:
  - 1. Advise and assist the City in adopting land use assumptions;
  - 2. Review the capital improvements plan regarding water and wastewater capital improvements and file written comments thereon;
  - Monitor and evaluate implementation of the capital improvements program;
  - 4. Advise the City of the need to update or revise the land use assumptions, capital improvements program and impact fees; and
  - 5. File semiannual reports evaluating the progress of the City in achieving the capital improvements plans and identifying any problems in implementing the plans or administering the impact fees, and any perceived inequities in administration of the fee.

- B. The City shall make available to the Advisory Committee any professional reports prepared in the development or implementation of the capital improvements plan.
- C. The Council shall adopt procedural rules for the committee to follow in carrying out its duties.

#### Section 44-72 Use of Other Financing Mechanisms

- A. The City may finance water and wastewater capital improvements or facilities expansions designated in the capital improvements plan through the use of operating cash transfers, through the issuance of bonds, through the formation of public improvement districts or other assessment districts, or through any other authorized mechanism, in such manner and subject to such limitations as may be provided by law, in addition to the use of impact fees.
- B. Except as herein otherwise provided, the assessment and collection of an impact fee shall be additional and supplemental to, and not in substitution of, any other tax, fee, charge or assessment which is lawfully imposed on and due against the property.

#### Section 44-73 Impact Fees as Additional and Supplemental Regulation

- A. Impact fees established by this Ordinance are additional and supplemental to, and not in substitution of, any other requirements imposed by the City on the development of land or the issuance of building permits or the sale of water or wastewater taps or the issuance of certificates of occupancy. Such impact fees are intended to be consistent with and to further the policies of the City's Comprehensive Plan, capital improvements plan, zoning ordinance, subdivision regulations and other City policies, ordinances and resolutions by which the City seeks to ensure the provision of adequate public facilities in conjunction with the development of land.
- B. This Ordinance shall not affect, in any manner, the permissible use of property, density of development, design, and improvement standards and requirements, or any other aspect of the development of land or provision of public improvements subject to the zoning and subdivision regulations or other regulations of the City, which shall be operative and remain in full force and effect without limitation with respect to all such development.

#### Section 44-74 Relief Procedures

A. Any person who has paid an impact fee or an owner of land upon which an impact fee has been paid may petition the City Manager to determine whether any duty required by this Ordinance has not been performed within the time so prescribed. The petition shall be in writing and shall state the nature of the unperformed duty and request that the act be performed within sixty (60) days of the request. If the Manager determines that the duty is required pursuant to the Ordinance and is late in being performed, it shall cause the duty to commence within sixty (60) days of the date of the request and to continue until completion.

#### Section 44-75 Exemption from Ordinance

- A. In an area where water service is provided under a contract between the City and a water district, utility district, or other political subdivision, the City may agree that the water impact fees or other capital recovery fees of the district or political subdivision shall be collected in the area instead of Burleson's water impact fees. Before the City enters into such a contract the City Council shall find that the agreement will be in the City's best interest.
- B. Except as provided in Subsection A of this Section, no exemptions will be granted from payment of applicable water and wastewater impact fees.

#### Section 44-76 Certification of Compliance Required

- A. The City Manager shall submit a written certification verifying compliance with this chapter to the Texas Attorney General each year not later than the last day of the City's fiscal year.
- B. The certification must be signed by the presiding officer of the City Council and must include a statement that reads substantially similar to the following: "This statement certifies compliance with Chapter 395, Local Government Code."

City of Fort Worth Councilmember Alan Blaylock is a dedicated community leader who has significantly contributed to his hometown, Fort Worth, Texas. In his short time as council member, he has achieved significant victories that have positively impacted the lives of families and businesses in the area. With an unwavering commitment to serving the public, Alan has personally addressed constituent concerns and continues to be a staunch advocate for the needs and well-being of those he serves.

A strong advocate for public safety, Alan has taken decisive actions to strengthen the Police and Fire departments. Alan voted to fund new positions and provide essential training to ensure the community's safety. Under his leadership, the number of unfilled public safety positions significantly decreased, contributing to a safer environment for residents. The Fort Worth Police Officers Association and the Fort Worth Professional Firefighters Association recognize Alan and endorse his initiatives.

Recognizing the burden of property taxes on Fort Worth taxpayers, Alan emerged as the leading proponent of responsible fiscal policies. As a council member, he has supported the "no new revenue rate," a crucial measure to prevent taxes from rising with appraisal values. His commitment to preserving and improving neighborhoods and infrastructure was evident in his efforts to revise Transportation Impact Fees, secure the establishment of the first H-E-B Grocery in Fort Worth, and pass the Short-Term Rental Ordinance to safeguard the community's residential areas. Alan continues to play an active role in Zoning. He diligently strives to maintain harmony between development projects and neighborhood interests.

Homelessness and city management are equally critical areas of focus for Alan. He secured substantial funding to enhance the city's capabilities and staff in addressing homelessness and its associated challenges, including panhandling. His efforts to implement measures, such as "no panhandling" signs, the Shopping Cart Ordinance, and the purchase of street sweepers, reflect his commitment to maintaining a clean and safe city.

Before being elected into office, Alan served as Senior Product Manager at Nokia for several years, previously holding Lead Software Developer and Project Manager positions at Owen Oil Tools.

As a family man deeply connected to Fort Worth, Alan's love for the city is evident in his actions and decisions as a city council member. He prioritizes delivering tangible results rather than engaging in political grandstanding. His business insight enables him to cut wasteful spending and identify efficiencies, ensuring taxpayer money is utilized effectively without compromising essential city services. Alan is committed to improving the quality of life for his constituents, focusing on infrastructure and roads, public safety, and lowering taxes.

Alan and his wife, Mindy, are proud parents of two daughters and active supporters of The Children's Miracle Network and The Leukemia & Lymphoma Society.

Alan has a record of community service, participating in the following:

- Heritage Homeowners Association Board
- Crime Control and Prevention District Advisory Committee
- Public Improvement District Advisory Committee
- Arts Council of Fort Worth Advisory Committee
- Eagle Ridge Elementary Parent Teacher Board (PTA)
- Foundation of a Regional Youth Swim Team

Currently, he holds positions on several vital committees and boards within the City of Fort Worth:

- CFW Audit: Chair
- CFW Mobility: Infrastructure & Transportation: Member
- RTC Regional Transportation Council: Member
- CFW Research & Innovation Local Government Corp.: Board of Directors
- CFW Fort Worth Local Development Corporation: Board of Directors, Vice President
- CFW Central City Local Government Corporation: Board of Trustees
- CFW Lone Star Local Government Corporation: Board of Directors, Vice President
- CFW Fort Worth Housing Finance Corporation: Board of Directors, Director
- CFW Crime Control & Prevention Board: Board of Directors

- TIF 2 (The Speedway): Chair
- TIF 10 (Lonestar): Vice Chair
- PID 7 (Heritage): Currently, ex officio member (Advisory Board President) serving in the role in overseeing and supporting the functions of the PID for the benefit of the community.

As a fiscally responsible and community-oriented leader, Councilmember Blaylock leads oversight responsibilities for financial matters, while remaining dedicated to ensuring Fort Worth's improvement and its residents' overall well-being.

JERALD MILLER **Managing Director** Nu Jazz Agency

"Classical, jazz, and world music are perennially behind the times in everything," argues Jerald Miller, founder and managing director of Nu Jazz, a digital and traditional music marketing and distribution company for independent artists and labels. From progressive new artists like Jimmy Greene to legendary icons like Duke Ellington, Nu Jazz discovers new music and refashions classics, connecting the best of both to today's consumers using contemporary recording and distribution tools. Since its inaugural release in 2004. Nu Jazz has become the recording industry's leading digital jazz label with an impressive list of firsts, such as launching the first jazz i Tunes "LP" and making all recordings available on pre-paid digital download cards.

Miller says he's helped many organizations transfer catalog material to the digital medium. But it's not been easy to move dients out of their comfort zones and into more contemporary business strategies. One example, Miller said, is that most people who want to bring their music before the public don't have Tumblr or Snapchat accounts. Nor do they make their social media posts in any language other than English.

Miller is also trying to help his clients make better use of music streaming services. He is especially excited about the global possibilities of marketing music and encourages his customers to see that "we really are a global market place." There's no reason, he argues, why a small chamber orchestra in Nevada shouldn't connect with fans in Russia, or a homegrown Jazz group in Oregon can't sell albums in Turkey. — Rick Schultz

#### Independent music labels project promising industry future

#### By Tre'vell Anderson

Beyonce's surprise digital album got plenty of attention a year ago, as did Taylor Swift's recent decision to pull her entire discography from streaming service Spotify. Both show how the music industry is changing quickly.

And panelists at the Digital Entertainment World Expo on Wednesday believe the future of digital music is bright as more and more artists adapt to it.

"The music business is going to grow and it's going to grow rapidly," said Terry McBride, CEO of Nettwerk Music Group.

John Boyle of Insomniac Events, Jared Gutstadt of Jingle Punks and Jerald Miller of Nu Jazz Management and Consulting joined McBride on the panel, moderated by Jeff Pollack of Pollack Music and Media Group, as they focused on the rise of independent artists and labels.

In stark contrast to the behemoth companies of years past, major record labels no longer spend time developing a large roster of artists, Pollack said. But as social media and outlets like iTunes have developed, countless others have the resources to strike it big – and independent labels are going to be the key to independent artist success, McBride said.

Boyle agreed.

"The Internet and all these new technologies were supposed to empower the whole 'do it yourself' movement," he said. "But what it's done is disseminated that. There's now too much product out there and not really enough marketing."

Despite the ubiquity of artists trying to make it, if the artist has talent, success will come, said Miller, who used to manage Lauryn Hill during her career with rap group The Fugees.

"If you have great music, the cream always rises to the top," he said, especially with the advent of the "non genre-specific music lover."

"Now you see people crossing [genre] boundaries and buying things because it's a good song or just good music," Miller said.

Because "there's no such thing as niche," anymore, McBride said, "independent labels today have to run marathons" finding the market, even if only internationally, where their artists' music will thrive.

"Every country is different in its regulatory structure and its culture so every country is a new opportunity for artists," he said.

Conversation may be swirling about the massive shakeups in the music industry, but Miller isn't worried.

"The future just looks good for everybody who loves great music," he said. "There will people to buy everything, people to love everything."

Mr. Puente received his formal education via the Fort Worth ISD and the University of Texas at Arlington. Early in his career, Mr. Puente immersed himself in education related to his skill set and industry field. It soon became apparent that this pursuit of education would be one of his ongoing, lifetime passions. As he took on additional responsibilities within **SOS**, he pursued personal education in each area. One prime example is that of marketing and advertising. With no formal education in these areas, it is safe to say Mr. Puente has built the **SOS** "brand", resulting in **SOS** being one of the most recognizable companies in North Texas. In addition, **SOS** has received national recognition within its industry and the business community.

Mr. Puente is one who believes in active participation within his community. Currently he serves on five (5) boards and advisory councils. Those include the **Finance Commission of Texas** (Governor Abbott appointee), **YMCA of Metropolitan Dallas, Texas Values, Tarrant Appraisal District** (TAD) and **Congresswoman Kay Granger's** Hispanic Advisory Council. Mr. Puente has been previously named as Businessman of the Year for the Texas Association of Mexican American Chambers of Commerce, an Aflac Civic Leader, an Honoree for The Father of the Year Awards and State of Texas Small Business Champion.

When asked what accomplishments he feels represent his vision for excellence, one he will cite is **SOS Plaza**. This is the home of his companies, Southwest Office Systems, Inc. and Puente Brothers Investments. It is a 39,000 sq. ft., Class A facility on 2.5 acres across from the American Airlines World HQ. The document technology industry considers **SOS Plaza** to be one of the best in the nation. But what is truly amazing is that his companies and **SOS Plaza** are entirely debt-free.

However, Vince is not all business. He will tell you it is his wife, Mona, and his kids, Vincent, Jr. and Lindsay, of which he is most proud. His family is far more important to him than any business accomplishment he could ever desire. Vince and Mona are active members of Christ Chapel Bible Church and engaged in multiple organizations that touch our community throughout Tarrant County and the Great State of Texas!

#### Jake Wurman

Jacob Wurman has lived in Fort Worth since 2007, but is a native Texan. After moving to Fort Worth, Jacob and his wife, Lauren, started up their family. Jacob currently lives in the area commonly referred to as "Far North Fort Worth". Fort Worth was definitely the right choice for the family to flourish. Once the prospect of a young family became reality, Jacob took to volunteering his time and effort to improve safety for school children walking to their neighborhood schools.

Jacob served on the Saratoga HOA for seven years and was president for five years. During that time, Jacob worked with Fort Worth city staff and Tarrant County officials to improve safety for pedestrians. During his time as HOA president, the community experienced severe hardships due to unpaid assessments and poor vendor performance.

Jacob worked with the other members of the HOA Board of Directors to improve communication and establish methods to help homeowners overcome their unpaid/overdue assessments. Jacob also directly oversaw all vendors and their contracts. After two years of significant changes, the neighborhood was able to operate on a leaner budget with higher performing vendors. Jacob engaged any and all questions about the neighborhood and the HOA board on public forums to ensure transparency.

At the urging of city staff, Jacob joined the North Fort Worth Alliance, which is the largest neighborhood alliance in all of Tarrant County. After serving as NFWA Chairman of Parks and Recreation, Jacob was asked to serve as NFWA Chairman of Transportation. It was during these years that Jacob discovered his love of public service and just how much was really possible when the community comes together to achieve their goals.

Jacob was as appointed to the City of Fort Worth Zoning Commission and Alliance Airport Zoning Commission by District 7 Councilman Leonard Firestone in 2021. Following the results of the 2020 US Census, Jacob was asked by Councilman Alan Blaylock to serve as the zoning commissioner for the newly created District 10. Jacob has made it his mission to promote communication and transparency at all levels of government — from the HOAs to the school boards to city councils, our citizens deserve to know what happening with their tax dollars.

Jacob is a licensed Texas real estate agent with Compass RE, Texas LLC and has been licensed since 2011. Jacob has helped thousands of homeowners reduce their property tax values over the last 10 years.

MEETING: November 13, 2023

#### **SUBJECT:**

Receive a report, hold a discussion and provide staff direction regarding landscaping along Lakewood Drive. (Staff Presenter: Errick Thompson, Director of Public Works & Engineering)

#### **SUMMARY:**

Lakewood Drive from FM 1902 and CR 1020 (future Alsbury Blvd) is currently under construction. As part of the construction, landscaping is planned for the median and parkways. In addition, the roundabout at CR 1016 and Lakewood Drive offers an opportunity to enhance the aesthetics of the roadway and surrounding development by incorporating public art into the hardscape design.

Staff is seeking direction on three options involving a variety of landscape and hardscape options.

#### **City Council Regular Meeting**

**DEPARTMENT:** Development Services

FROM: Tony D. McIlwain, Development Services Director

MEETING: November 13, 2023

#### **SUBJECT:**

Receive a report, hold a discussion and provide staff direction regarding an update to the city's zoning ordinance. (*Staff Presenter: Tony McIlwain, Development Services Director*)

#### **SUMMARY:**

The purpose of this presentation is to provide the City Council a briefing on proposed updates to the City's Zoning Ordinance. The City of Burleson's zoning regulations (i.e. Zoning Ordinance) are located in Appendix B of the Code of Ordinances. The zoning code contain land use and development requirements, which are separated into distinct classifications (i.e. zones), on all properties within the municipal boundaries. These zones provide specific standards that govern the purpose of land such as permitted uses, minimum yard sizes, height and bulk regulations, etc.

This briefing (i.e. report and attached documents) will detail proposed changes to the city's that provide for revised definitions, a consolidation of land use categories, a new single-family residential zoning district (SF 8.5), revisions to the IH-35 design standards, new standards for accessory uses, and zoning options relating to liquor/package stores. The Council should be made aware that as a result of recent state legislation, Senate Bill 929, any Council action that would render a conforming use to become non-conforming would require mailed notice of a public hearing to each affected business/property owner. Additionally, if the City were to require a non-conforming use to cease, it must provide compensation to the affected business/property owner. Senate Bill 929 amends Local Government Code section 211.006 and the City must notice in accordance with the law if there are wholesale changes to the City's official zoning map.

City staff would like to receive feedback and seek Council's direction on our efforts any other zoning ordinance related matters.

#### **OPTIONS:**

Not applicable; no official voting action is required of the Council.

# **Zoning Code Update**

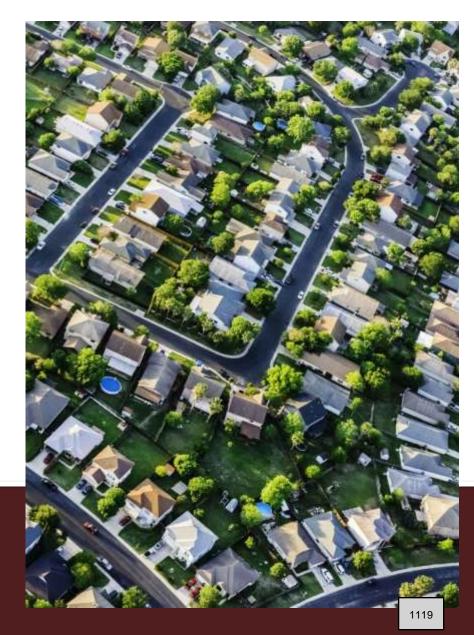

Council Meeting: 11.13.23

## **Purpose of Zoning**

Must be in accordance with and further the goals of a comprehensive plan and is intended to:

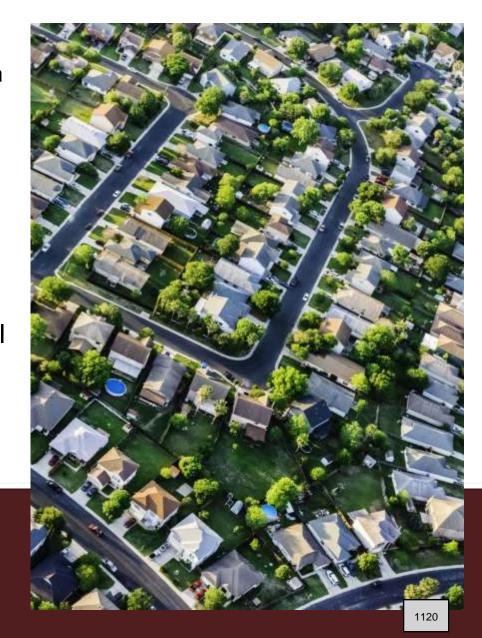

- Promote the public health, safety, morals, or general welfare of the City
- Protect and preserve places and areas of historical, cultural, or architectural importance and significance

Texas Local Gov't Code Section 211.001

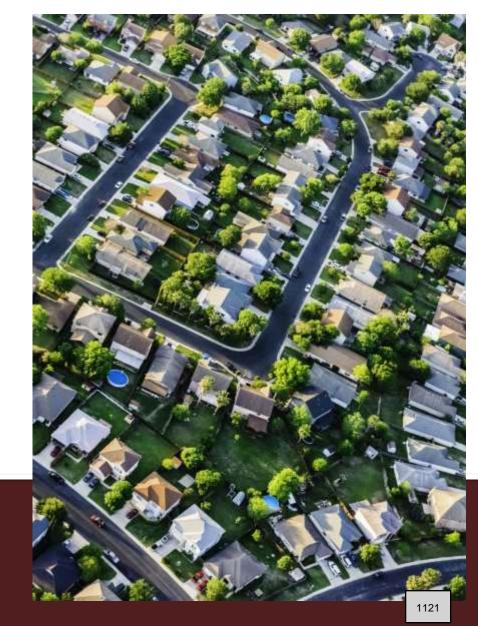

## What Constitutes a Zoning Change

- If the zoning on a parcel of land is inconsistent with the use the landowner desires, the owner may apply to the local jurisdiction for a change of zoning; or
- City Council may amend or change by ordinance, the boundaries or districts established by the zoning ordinance after:
  - Proper publication, posting, and notice to adjacent property owners of said zoning change; and
  - Upon receipt of findings/ recommendation from the Planning and Zoning Commission (can be a joint meeting P&Z and Council if done so by prior Resolution); and
  - After a public hearing at City Council and upon a qualifying vote by Council to amend the zoning district or boundary
  - Amendments to the zoning ordinance constitute a change

## Non-conforming Uses

- A nonconforming use is a permitted use of property which would otherwise be in violation of the current zoning ordinance. The use is permitted because the landowner was using the land or building for that use before the zoning ordinance became effective.
- Nonconforming uses are often referred to as being "grandfathered in" to a zoning code. To qualify for nonconforming use, the property needs to have been continuously put to the nonconforming use. Thus, if the businesses closes and the use lapses for 180 days, the permission for the nonconforming ceases.
- Non-conforming uses may not be enlarged, changed, or altered.

### **BACKGROUND**

- Staff has worked on the zoning code update over the last several months utilizing feedback from the City attorney and Council, as well as lessons learned from recent zoning cases. Additionally, staff engaged Kimley-Horn and Associates Inc. to review the proposed changes from a best practices standpoint
- Kimley-Horn's comments
  - Minor in nature and primarily focused on providing graphics and tables to the "Development Area Regulations" of each of the zoning categories
  - Recommended changes to other sections of the Code of Ordinances to reflect the changes in the Zoning Code (i.e. Landscaping and parking)

## **Zoning Code Highlights**

- Based on recent trends in planning to move from specific land use lists to streamlined use categories, staff consolidated 200+ uses into roughly 30 broad land use categories
- Updated definitions language and removed definitions that are no longer relevant
- Converted IH-35 and Business Park overlays into new base zoning districts named as Interstate Commercial & Business Park Districts respectively
- Increased minimum Single Family lot size to 8,500 sq ft via the new SF8.5 zoning district
- SF7, MF1 and MF2 become legacy districts in effort to reduce densities (will not impact existing zoned parcels)
- Altered PD, Planned Development language and criteria

#### Section 78. C, commercial district.

**78-100.** Purpose. The C, commercial district is established to accommodate the "heavier than retail sales and service uses" such as automobile sales and building material sales yards. Generally, the C, commercial district, is near highways, major thoroughfares, or railroad locations. Care is required in locating the C, commercial district, in close proximity to residential areas because of the heavier nature of the uses and the vehicular traffic which they tend to generate.

**78-105. Primary uses allowed.** In the C, commercial district no building or land shall be used and no building constructed, reconstructed, altered or enlarged, unless otherwise provided in this ordinance, except for one or more of the following uses:

#### (a) Primary uses allowed:

## **Zoning Code Definitions**

- Provided clarifying language and standards for accessory dwelling units (ADU).
- Current code allows ADUs, but has no standards related to required minimum lot size and maximum ADU dwelling sizes

- a. Accessory Dwelling Units: ADUs are only authorized in the following zoning districts A, Agricultural (when the primary use is single-family residential), SF10, Single family dwelling district 10, SF16, Single family dwelling district 16, and SFE, Single family estate dwelling district.
- Accessory dwelling units are accessory structures with a kitchenette. Accessory
  dwelling units are permitted as an incidental residential use of a building on the same
  lot as the main dwelling unit.
- c. Accessory Dwelling Unit Standards:
  - The primary residence shall be occupied by the property owner.
  - The accessory dwelling unit shall be subordinate to the primary structure in height, and size and in accordance with applicable zoning district.
  - iii. The minimum lot size for an accessory dwelling unit is 10,000 square feet.
  - There is a limit of one (1) accessory dwelling unit per lot.
  - Occupancy is limited to regulations as per the adopted Building Code, ADUs shall not be subleased or rented.
  - vi. Lot must contain enough parking for primary dwelling unit to meet off street parking requirement and one space for accessory dwelling unit.
  - vii. Separate utility meters are prohibited.

## Anticipating (future-proofing) land uses

### Example: Liquor stores - If approved by Local Option election

Allow by right in certain districts as "Retail Sales and Services" when ALL supplemental regulations are met or by SUP

- C-Commercial
- GR-General Retail
- I Industrial

SUP would be required if location proposed in Old Town/IH-35 or if alternative supplemental regulations were proposed

#### Supplemental regulations:

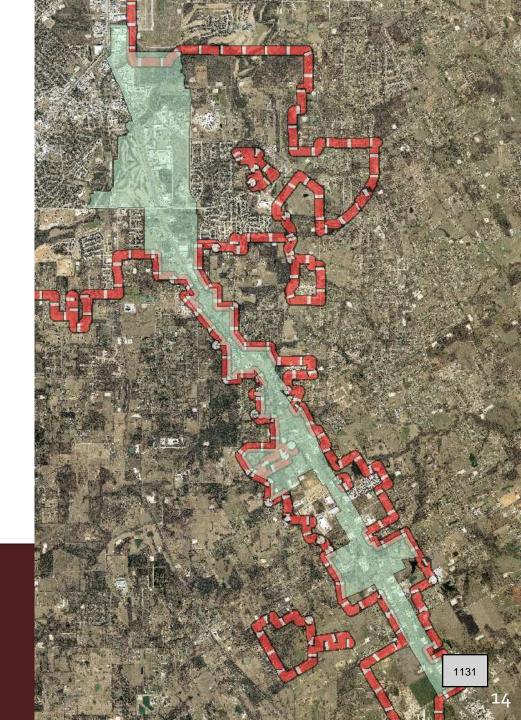

- Shall not be located within the Old Town Overlay District or within 300 feet of IH-35 frontage.
- Minimum building size shall be 7,500 sq ft (requires fire sprinkling).
- No liquor stores shall be allowed within 300 feet of another liquor store as measured in a straight line from their respective property lines.
- A liquor (package) store shall not have walk-up window access and shall not have drive-through or drive-up access.
- The liquor store has an independent entrance for deliveries and customers. "Partitioned" means walls or other physical divisions separating the liquor store from all other retail or commercial establishments.
- All windows shall be either polycarbonate or have a protective shatterproof film installed on both sides and glass window.
- Increased landscaping between front façade and the parkway. Shall maintain a 15-foot landscaping buffer with canopy trees planted no less than 20 feet on center along entire frontage.

## IH-35 Design Standards

Staff believes the existing IH-35 design standards are cumbersome and present challenges to new development and existing businesses that would not normally occur outside of the IH-35 overlay.

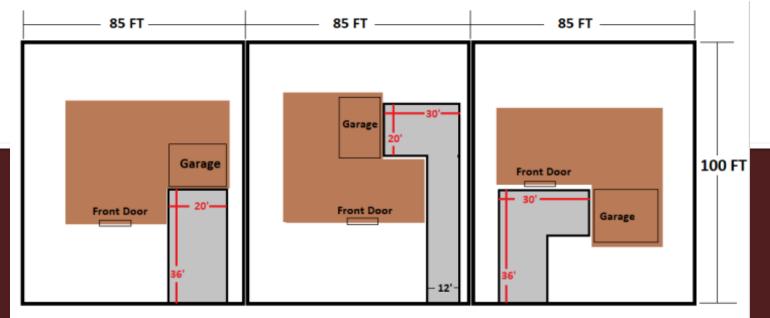

The design standards are overcomplicated and have conflicting standards with other ordinances. This has resulted in several recent variances to Council for site plans for industrial and commercial uses located and proposed within the IH-35 overlay.

Staff believes that the pattern of development along the IH-35 corridor and existing standards contained elsewhere are sufficient to maintain quality development along IH-35.

## **Proposed Changes to Residential Zoning Districts**

- Increased the minimum Single Family lot size from SF7 to SF8.5
  - 8500 square foot lots to combat density and drainage related issues.
  - Created garage/driveway minimum standards to combat parking along streets.
  - SF7 zoning districts will become "legacy" districts; maintains vested rights but no new parcels will be zoned to this district unless requested through a PD, Planned Development
- Consolidated the Multi-Family1 & Multi-Family2 district standards into new Multi-Family Zoning district
  - Decreased the maximum density from 24 dwelling units per acre down to 18 dwelling units per acre
  - MF1 and MF2 zoning districts will become "legacy" districts; maintain vested rights but no new parcels will be zoned to this district unless requested through a PD, Planned Development

## Changes and Impacts to existing zoning

**Residential** – smallest by-right lot size becomes 8500 square feet. SF7 becomes a legacy district as to not create non-conforming issues, however any new requests for a density greater than SF8.5 will have to be considered as part of a PD, Planned Development.

**Multifamily** – new max density of 18 du/per acre. MF1 and MF2 become legacy district, however any requests for greater density than new 18 du/acre will have to be considered as part of a PD, Planned Development.

**Commercial** – supplemental regulations related to car wash orientation in relation to the street and vacuum placement (<u>Quick Vehicle</u> <u>Servicing is SUP in GR</u> and by-right with supplemental regulations in C, IC, and I). Moves heavy commercial type uses to Interstate Commercial district and freight and light industrial uses to Business Park District.

**Industrial** – SOB's no longer allowed by-right and must now be requested through an SUP. Council has new districts that will be better suited than base Industrial such as Interstate Commercial which is geared towards heavier-interstate and tollway appropriate uses and Business Park District. Industrial zoning district can be used as a true "industrial" zoning. Existing Industrial uses will not lose any other by-right uses but may be candidates for downzoning to Interstate Commercial or Business Park.

Overlays – Business Park and IH-35 overlays would cease to exist. Standards are now streamlined into base zoning districts. Uses within the current BP overlay would be rezoned to Business Park zoning district (no change) and existing uses along IH-35 could be rezoned to Industrial or Interstate Commercial as appropriate. If a text only change is pursued, then some uses may become legal non-conforming until a rezone to the appropriate zoning district takes place.

## **Planned Development District**

- Altered PD, Planned Development language and criteria
  - Establish expectations and minimum criteria for the use of Planned Developments
  - Must provide a benefit to the public, as well as a unique development or combination of complimentary uses not contained within a singular specific zoning district
  - Modified the requirements for concept plans and other supporting documents for the approval of a Planned Development
  - Can allow greater density if the proposal furthers the goals of the Comprehensive Plan and provides enhanced community amenities

## Comprehensive Map Update versus Text-only zoning code update

A text-only update would not physically establish any of the newly created zoning districts (Interstate Commercial, SF 8.5, Business Park) but will allow landowners and Council better zoning district options for future requests to ensure appropriate land uses.

Text-only amendments to zoning districts still constitute a zoning change and require noticing. Overlays and design standards can be amended or removed without a comprehensive map update.

A comprehensive map update would allow Council to rezone certain existing businesses/areas to a new zoning districts at time of adoption. For example, commercial or industrial zoned parcels along IH35 could be rezoned to Interstate Commercial or Business Park District.

Any currently existing uses that did not already conform to the new text, or new zoning map, would be considered legally non-conforming and would be allowed to continue to operate.

# Zoning Map: Highlighted Yellow areas are areas that <u>could</u> be rezoned

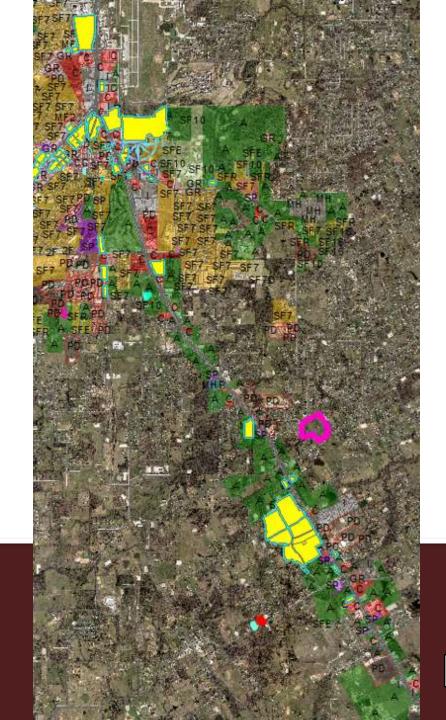

#### Summary 34 parcels could be rezoned with map update

- 1 AG (previously Commercial / School property with split zoning)
- 8 Business Park (previously Industrial in the BP overlay)
- **10 Commercial** (previously Industrial)
- 2 Central Commercial (previously "C" in vicinity of Old Town)
- 13 Interstate Commercial (previously Industrial or Commercial along IH-35 or CTP) did not rezone all Commercial on these corridors if developed already and/or would allow a more intense use than currently existing

#### Currently have 42 Industrial parcels

#### Proposed:

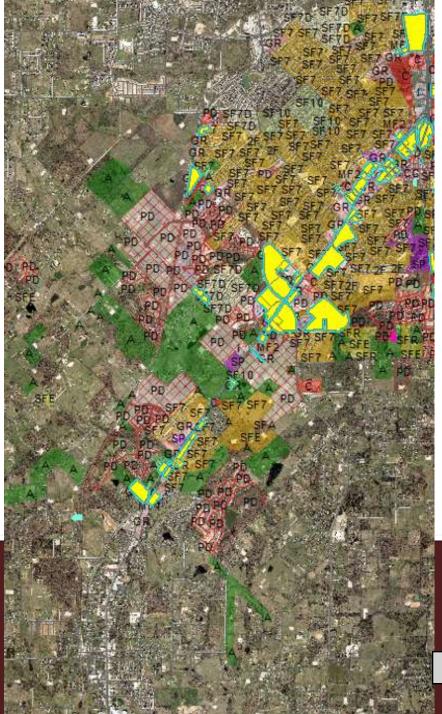

- 13 Industrial parcels to remain as zoned (I)
- 11 rezoned to Interstate Commercial
- 10 rezoned to Commercial
- 8 rezoned to Business Park

# Zoning Map consideration of uses / zoning parcels along SH-174

#### Zone 72 new General Retail parcels

- Rezoning of parcels currently zoned Commercial / NS primarily along Wilshire and some on Alsbury, John Jones, etc.
- Primarily impacts existing auto repair uses and would create legal nonconforming parcels
  that are currently used for auto repair. The applicant would be allowed to continue to
  operate, but would need an SUP to enlarge or expand the nonconformity
- Zoning NS parcels to General Retail will allow more uses than current NS zoned parcels allow. Primarily will grant more General Retail and Office uses by-right.
   Would allow the following uses by-right that are currently SUP in NS
  - Office, traditional; and
  - Retail Sales and Services:
    - Health studio
    - Restaurant
    - Travel Agency
    - Retail stores
    - Artist/photographer studio

## **Noticing Requirements**

It is important to reiterate that state law and local ordinance require noticing and public hearings for changes to zoning district land uses as well as for any zoning map updates. SB 929 requires additional notice to property owners and tenants whose property will be a nonconforming use after the map or text amendment.

#### S.B. 929 – NONCONFORMING USES

The legislature passed S.B. 929, effective immediately, to require: (1) certain notice to property owners whose property's use will be a nonconforming use after a zoning change; and (2) payment if the city terminates the nonconforming use according to a specific formula.

First, the bill requires a planning and zoning commission or city council to provide notice of each public hearing regarding any proposed adoption of or change to a zoning regulation or boundary when the current conforming use of the property will be a nonconforming use once the regulation or boundary is adopted or changed. The notice must go to an <u>owner of real or business</u> <u>property</u> where a proposed nonconforming use is located as indicated by the most recently approved tax roll and <u>each occupant of the property (i.e. the tenant(s)</u>. The notice must: (1) be mailed by U.S. mail by the 10th day before the hearing date; (2) contain the time and place of the hearing; and (3) include certain text required by statute in bold font that is 14-point type or larger.

SB 929 will require staff to send a notice to each property owner according to the address of the owner as listed by the appraisal district, in addition to a second notice to the tenant(s) of the property at the physical address of the property.

Staff will work with the City Attorney to determine the best method to satisfy public notice requirements.

## **Zoning Code Next Steps**

- Current Phase Incorporate any recommendations from Council into the proposed updates
- Phase 1 Community engagement, solicit feedback from the public and stakeholders via the city's website, direct mail and/or email, public notice for solicitation efforts, and staff will conduct stake holder meeting(s). This will occur before P&Z Commission consideration
- Phase 2 Present updates and hold public hearings to both Planning and Zoning Commission and City Council
- Phase 3 Present updates to other planning portions of the Code to be updated
  - Landscaping
  - Fencing and Screening
  - Sign Code
- Phase 4 Continue to monitor and assess the new Code and bring forward any minor textual or grammatical changes as identified during the first year of implementation
