H. MAYOR'S REPORT

1. David Richardson, Manager Camden Water Utilities

In response to City Ordinance NO. 22-04, the following is Camden Water Utilities Biannual Report for September 12, 2023. This report consists of planned and completed projects and other pertinent information. This report does not reflect the day- to - day operations of Camden Water Utilities. The following report has been reviewed by the Water and Sewer Commission and approved to be presented to the City Council by the Manager on their behalf.

On July 1 8, 2023 Camden Water Utilities signed acceptance letters with the Arkansas Department of Agriculture for two loans at an interest rate of 1.75 %. The 1st loan is from the Clean Water State Revolving Loan Fund in the amount of \$3520,061.00 and is to be used for Phase Two of the Wastewater Infrastructure Improvement and Wastewater Treatment Plant Improvements. The 2nd loan is from the Drinking Water State Revolving Loan Fund in the amount of \$2,869,137.00 and is to be used for the Phase Two of the Water Infrastructure Improvements. Both of these loans are in compliance with the 20 Year Master Plan to rehabilitate our aging water and sewer infrastructure.

WATER PLANT

Brown Engineers, LLC has completed replacing all six filter controls at the Water Plant and the system is working great. In my last report I mentioned we were working on getting DE-Registered from the Risk Management Plan which is required when the inventory of CL2 is over 2500 lbs. With the addition of Bleach to our treatment process we are now able to stay below the threshold limits which will allow us to DE-Register saving money and provides a safer environment for our employees and the community. Since my last report the Health Department has granted our request to become DE-Registered.

Currently we are working on improving our communication with the 5 water tanks in our system by replacing the old radio communication system with PLC systems. This system gives us better communication with redundancy, more dependable and parts are more readily available.

We continue to work on painting the concrete structures at the water plant and pressure washing the old Water Plant.

Lead and Copper sampling was done this year on 30 homes and the results were that all homes were below the allowable limits. Our next scheduled sampling period for Lead and Copper is in 2026. The Plant continues to meet A.D.H. compliance with no violations occurring.

WATER DISTRIBUTION

We are currently seeking bids to paint the final tank on Cleveland Avenue inside and out and schedule the contract to start the Spring of 2024. Once completed the 5 water tanks should not need painting again for another 15 to 20 years.

With in house labor, we installed 1800 feet of 6" water main and two hydrants inside the city limits on Forest View to an area that did not have fire protection.

In June we had to hire RBIS Contractors to come in and repair the 12" water main that hangs off the Hwy 7 Bridge at Greater Saint Paul Church. At some point in recent history an oversize load hit the top of the Bridge that broke three hangers which caused the main to become unstable. Fearing that the main may fall into on-coming traffic an Emergency was declared and repairs were made as quick as possible.

We continue to work on our Meter Replacement Program. This year we are installing another 400 radio read meters.

WASTEWATER PLANT

In my last report I mentioned that we had received ADEQ approval to add Peracetic Acid (PAA) as a disinfectant at the Wastewater Plant to replace chlorine gas and sulfur dioxide. This system has now been on line for four months and is working better than expected. Our 5 year permit with ADEQ to discharge waters from our wastewater plant into the Ouachita River expired in August of 2023. We filed in January for a new permit and recently received a draft permit with Mike and myself reviewing the permit for 5 days. It is now in the hands of EPA for review and after that it will be published in the News Paper as a Public Notice for public comments. There is not a lot of difference between the Draft Permit and the Old permit other than the addition of sampling for Mercury. This spring the Operators painted all concrete structures in the plant and the inside of the control building making the 40 year plant look new again.

PLC were added to monitor all critical components, replacing the old outdated system that no longer worked.

Future plans are in the works to replace the 12 old aerators with units that use half the power and yet produce more velocity and oxygen.

The wastewater Plant continues to meet compliance.

WASTEWATER DISTRIBUTION

We are currently under contract with Kampco out of Texarkana, AR who is replacing approximately 3640 feet of 30" sewer main running behind Wal-Mart through flood prone areas to behind Buddy's wrecking yard and 3542 feet of 24" sewer main from behind Carnes Park running straight to the plant. 300 feet of 8" sewer main on the dead end of West Maple St. has already been completed. The total cost of this project is \$2,617,852.00 and is expected to be completed by the summer of 2023. A change order to this contract included a section of 8" sewer main on Apple Street and on the dead end of Prospect Street. Due to the rainy season we've had this summer the contract is a little behind schedule but should be completed by this fall.

The rehabilitation of the Apple Street lift station has been completed and our focus now is to rehabilitate Kent Street Lift station

Mayor Young announced Veteran's Appreciation on Thursday and the Camden Cleanup in October. She also introduced the employee of the month, Michael Jackson.

ORDINANCE NO. 12-23

AN ORDINANCE REPEALING ORDINANCE NO. 30-16 ASSESSING A LIEN ON CERTAIN PROPERTY LOCATED AT 2289 South Adams ST.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMDEN, ARKANSAS, THAT ORDINANCE NO. 30-16 PASSED AND APPROVED ON Sept 13, 2016, IS HEREBY REPEALED IN ITS ENTIRETY AND THE FOLLOWING SUBSTITUTED THEREFOR:

WHEREAS, the City declared the structure located at 2289 South Adams St. Camden, Arkansas, Parcel No. 855-00004-000R, to be a nuisance to the provisions of Section 6-61, et, seq., Resolution No. 41-06; and

WHEREAS, the owner of the property failed to remove the structure as required by law and the City performed the removal of the structure.

WHEREAS, notice has been given to the property owner that a hearing will be held on Tuesday, November 14, 2023 at 7:00 p.m. to determine the status of the lien assessed to the property as required by law.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMDEN, ARKANSAS, THAT:

SECTION 1: The net costs performed on the removal of the structure located at 2289 South Adams St, Camden, Arkansas, being located on said property, has been determined at a hearing before the City Council of the City of Camden to be the sum of \$476.90.

SECTION 2: The property concerned herewith, located at 2289 South Adams, is in the name of Travis Bradford. Mr. Bradford is offering \$95.38 to satisfy the lien. The City hereby sets a lien in the amount of \$95.38 to the property concerned herewith.

SECTION 3: That a certified copy of this Ordinance shall be transmitted to the Tax Collector of Ouachita County Arkansas, with the direction to place the above cost of removal and penalty on the tax books for the property described herein as delinquent taxes and collect the same according to law, with the amount so collected, less 3% thereof to be retained by the Collector for their costs, to be paid directly to the municipality as provided by law.

SECTION 4: BE IT FURTHER ORDAINED THAT this Ordinance shall take effect upon its passage and approval.

<u>Camden Fire Department</u> <u>Certificate Pay</u>

I Chief Jeremy Covington am asking this honorable council to change the Camden fire departments Current Certificate pay schedule (Ordinance 67-14) to the one I have provided. In my opinion the current certificate pay schedule is worded loosely and open to interpretation by the Fire Chief or Assistant Chiefs. This new certificate pay schedule is specific and attainable for fire fighters who are willing to work hard and seek training. The new schedule gives my personnel the confidence that raises are being handled fairly and without bias. It will also give my office the ability to track training more effectively and prepare personnel for future promotions.

Thank you for your consideration.
