BOARD OF SUPERVISORS MEETING

Wednesday, November 04, 2026 at 6:30 PM

Town Hall Meeting Room, 8348 Hickory Ave, Larsen, WI 54947

AGENDA

CALL TO ORDER

A. Pledge of Allegiance
B. Verification of Notice
C. Meeting Roll

APPROVAL OF MINUTES

A. Approval of the Minutes of the Wednesday, October 21, 2026 Town Board Meeting

OPEN FORUM – TOWN RELATED MATTERS NOT ON THE AGENDA

Individuals properly signed in may speak directly to the Town Board on non-repetitive Town Matters whether on or not on the agenda. Commentators must wait to be called, must speak from the podium, directing their comments to the Board. Comments must be orderly, and will be limited to a maximum of **2 minutes** per person. ***Public comment is not permitted outside of this public comment period. Note:*** The Board's ability to act on or respond to the public comments is limited by Chapter 19, Wis. Stats. Please complete the "Request to Speak at Meeting" form located on the agenda/sign-in table and submit the form to the Town Clerk for in-person attendance.

CORRESPONDENCE

A. Distribution of the October 2026 Building Inspection Report

DISCUSSION ITEMS (NO ACTION WILL BE TAKEN)

A. County Board Supervisor Report
B. Winnebago County Sheriff's Department – Public Concerns and Issues
C. Department of Public Safety Report
D. Larsen/Winchester Sanitary District Report
E. Administrator's Report
F. Chair & Supervisor Reports

OPERATOR LICENSES ISSUED BY THE TOWN CLERK

A. New - Jessica Krings, Larsen Tavern

BUSINESS

A. Review/Discussion: Town Board review & discussion on a temporary moratorium in the Town of Clayton relating to the construction of data centers.
B. Review/Discussion: Town Board review & discussion on the Scholar Ridge Phase 1 infrastructure acceptance.

REVIEW OF DISBURSEMENTS

A. Check Summary Register

UPCOMING MEETING ATTENDANCE

A. Special Town Electors Meeting - Nov 18 beginning at 6 pm
B. Town Board (6:30 pm start unless otherwise noted) - Nov 18 (**immediately following the Special Town Electors Meeting**); Dec 2 & 16; Jan 6 & 20
C. Plan Commission (6:30 pm start unless otherwise noted) - Nov 11; Dec 9; Jan 13

BOARD MEMBER REQUESTS FOR FUTURE AGENDA ITEMS

ADJOURNMENT

Respectfully submitted,

Russell D. Geise
Town Chairperson

Pursuant to Wisconsin Statute 19.84 (2) and (3) notice is hereby given to the public and the media that two or more members of any or all Boards, Commissions, and Committees of the Town of Clayton, may attend the meeting of the Town Board in order to gather information. For purposes of the Open Meetings Law only; attendance at a meeting by a quorum of members of the Town Boards, Commissions, and Committees constitutes a meeting of the Board, Commission, or Committee, pursuant to Badke Vs. Village Board of Village of Greendale, 173 Wis2d 553, 494 NW2d 408 (1993), and must be noticed as such, although it is not contemplated that any formal action by those bodies will be taken. The only business to be conducted is for Town Board action.

Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. For additional information or to request this service, please call the Town Office at 920.836.2007.

This agenda has been posted at the following locations in the Town of Clayton:

1. The Town Hall Posting Board – 8348 Hickory Ave, Larsen, WI 54947
2. The Town's Web Page: --

BOARD OF SUPERVISORS MEETING

Wednesday, October 21, 2026
Immediately following a Prior Scheduled Meeting

Town Hall Meeting Room, 8348 Hickory Ave, Larsen, WI 54947

MINUTES

THIS MEETING IS IMMEDIATELY FOLLOWING THE CLAYTON SANITARY DISTRICT #1 COMMISSION MEETING.

CALL TO ORDER – Chair Geise called the meeting to order at 6:15 pm

A. Pledge of Allegiance
B. Verification of Notice
C. Meeting Roll

PRESENT
Town Chair Geise
Supervisor Lettau
Supervisor Grundman
Supervisor Christianson
Supervisor Reif

STAFF
Administrator Wisnefske
Clerk Faust-Kubale
Treasurer Fietzer
Attorney LaFrombois

APPROVAL OF MINUTES

A. Approval of the Minutes of the Wednesday, October 7, 2026, Town Board of Supervisors Special Meeting

MOTION
Motion made by unanimous consent to approve the Minutes of the Wednesday, October 7, 2026, Town Board of Supervisors Special Meeting as presented.
Motion carried by unanimous voice vote.

B. Approval of the Minutes of the Wednesday, October 7, 2026 Town Board Meeting

MOTION
Motion made by unanimous consent to approve the Minutes of the Wednesday, October 7, 2026, Town Board Town Board Meeting as presented.
Motion carried by unanimous voice vote.

C. Approval of the Minutes of the Tuesday, October 13, 2026, Town Board Budget Review Meeting
MOTION

DRAFT

Motion made by unanimous consent to approve the Minutes of the Tuesday, October 13, 2026, Town Board Budget Review Meeting as presented.
Motion carried by unanimous voice vote.

OPEN FORUM – TOWN RELATED MATTERS NOT ON THE AGENDA

Michael McGuire, 3024 Saffron Ln, had questions regarding the posting of a preliminary budget, as well as the Town's position on data centers.

Arden Schroeder, 9458 State Rd. 76, requested that the Board set up time for residents to review the new Town-owned property addressed 8386 State Rd 76.

CORRESPONDENCE

A. Introduction of the new representative for Teamsters Local #662
B. Presentation from County Executive Hintz on the Winnebago County budget
C. Distribution of the September 2026 Winnebago County Tonnage Report

DISCUSSION ITEMS (NO ACTION WILL BE TAKEN)

A. Winnebago County Sheriff's Department – Public Concerns and Issues
B. Larsen/Winchester Sanitary District Report
C. Administrator's Report
D. Chair & Supervisor Reports

BUSINESS

A. Discussion/Action: Town Board review & consideration of an Intergovernmental Agreement for Building Inspection Services between the Town of Clayton & the Town of Winneconne.

MOTION
Motion made by unanimous consent to continue the Building Inspection Services agreement with the Town of Winneconne.
Motion carried by unanimous voice vote.

B. Discussion/Action: Town Board review & consideration of authorizing the Treasurer to initiate the Chargeback Process for Tax ID #006-0895-06-11.

MOTION
Motion made by unanimous consent to authorize the Treasurer to initiate the Chargeback Process.
Motion carried by unanimous voice vote.

UPCOMING MEETING ATTENDANCE

A. Town Board (6:30 pm start unless otherwise noted) - Nov 4 & 18; Dec 2 & 16; Jan 6 & 20
B. Plan Commission (6:30 pm start unless otherwise noted) - Nov 11; Dec 9; Jan 13

BOARD MEMBER REQUESTS FOR FUTURE AGENDA ITEMS

DRAFT

ADJOURNMENT

MOTION
Motion made by Supervisor Grundman, **Seconded** by Supervisor Christianson to adjourn at 6:40 pm
Voting Yea: Town Chair Geise, Supervisor Grundman, Supervisor Christianson, Supervisor Reif
Motion carried 5-0.

Respectfully submitted,

Kelsey Faust-Kubale
Town Clerk

TO DO

Follow up. Start by Wednesday, October 28, 2026. Due by Wednesday, October 28, 2026.

Hi All

Yesterday, the county passed the 2027 budget. The question on everyone's mind is: Are my taxes going up?

Last year's rate was $3.5947/1000. This year's rate is $3.4203/1000. However, this does not tell the entire story. This rate is applied to the "Total Estimated Fair Market Value" on your tax bill. This is used to equalize the evaluation across the county. Due to inflation property value increased by 6.328% this past year. Assume your home was worth $400,000 last year. The same home would be valued at $425,312 this year. Let me summarize:

	Home Value	Rate/1000	Tax
2025	$400,000	$3.5947	$1437.90
2026	$425,312	$3.4203	$1454.69

This is a 1.67% increase. This is based on budget only and does not include debt service.

Debt Service is expected to be around $.44/1000, about the same rate as last year. The number will be finalized in November after the bond sale is completed.

In November I plan to attend the following town board meetings:

Clayton – Nov. 4
Winchester – Nov. 16
Wolf River - Nov. 23

Have a great day
Howie

Howard Miller
Winnebago County Supervisor, Dist. 36

Town of Clayton

Department of Public Safety

October 30th. 2026

DPS Report to Town Board

As of October 30th. the Dept. has been paged out for 217 calls. 128 were EMR calls and 67 were fire calls, and 22 were both. This compares to 202 to date in 2025. This puts us ahead of pace for 2025.

We took part in fire prevention training at Clayton school by giving the second and third graders a tour of one of the fire trucks. We came back on a separate day and met with both kindergarten classes. We have been asked to do a fire/medical demo for the kindergarten class at Valley Christian School on Nov. 5th. The son of one of our EMR's is a student there.

We have started rotating our trucks to Red Power Diesel service for scheduled annual service. Red Power performs a pump test, DOT certification, changes fluids and filters. They also raise the trucks up on the lift and spray them with an undercoating to prevent rust and corrosion.

CFR has a very active Facebook page. We post about road closures, upcoming events. We recently posted a safety reminder about installing car seat covers over vehicle seats with seat mounted air bags. That post along was viewed over 9,000 times.

Please contact me with questions or concerns,

Director Rieckmann

MEMORANDUM

Business Item A

From: Administrator/Staff
To: Town Board
Re: Town Board review & discussion on a temporary moratorium in the Town of Clayton relating to the construction of data centers.

Purpose

This memo gives the Board background on the surge of large data center proposals in Wisconsin, the state and regulatory framework, how nearby governments have responded, and options the Board may wish to consider. It is informational. No action is required at this meeting unless the Board chooses to place an item on a future agenda.

Summary

- Wisconsin is a national focus for "hyperscale" data centers (very large campuses drawing hundreds of megawatts of power and occupying hundreds of acres). Projects tied to Microsoft, Meta, OpenAI/Oracle (Vantage), QTS and others are built, under construction, or proposed around the state.
- The state does not permit or site data centers. Land-use and zoning authority rests largely with local governments, so towns, villages, cities and counties are making these decisions themselves.
- The most common local response has been a temporary moratorium (typically 6 to 18 months) to study impacts and write rules, often before any proposal exists.
- Winnebago County has adopted a 12-month moratorium, but it applies only to the four towns where the County handles zoning (Algoma, Omro, Neenah and Nekimi). **Clayton does not appear to be one of them**, so the County moratorium would not cover Clayton.
- There is no known data center proposal in Winnebago County at this time, according to County officials' public statements.

Background: why this is happening now

State tax incentive. The surge in proposals is widely traced to 2023 Wisconsin Act 19, which created a sales and use tax exemption for equipment and software at qualified data centers. A separate 2025 law (Act 16) lifted the usual TID value cap for specific districts in Port Washington and Beaver Dam supporting data center projects.

Scale of projects. Examples reported in the press include Vantage's roughly $15 billion, 672-acre campus in Port Washington, Microsoft's Mount Pleasant campus (first facility online in April 2026, with more planned), and a Meta campus in Beaver Dam. At least one large proposal (a reported $12 billion plan in DeForest) was cancelled after local opposition.

Public opinion. Polling shows skepticism. A Marquette Law School poll in July 2026 found 76% of surveyed Wisconsin voters believe costs outweigh benefits, and a February Wisconsin Conservation Voters poll found about 70%.

State and regulatory framework

Zoning is local. The Public Service Commission (PSC) regulates utility rates and certain energy infrastructure, but it does not permit or site data centers themselves.

That leaves rezoning, conditional uses, subdivision approval and site plan review with local governments.

Electric rates. The PSC has acted to limit cost shifts to other customers:

- In May 2026 the PSC approved a modified "very large customer" tariff for We Energies, lowering the threshold from 500 MW to 100 MW, making it mandatory above that size, and extending the term to 15 years, among other changes.
- The PSC approved a one-off contract between Alliant Energy and Meta (Beaver Dam) but directed Alliant to file a standardized tariff for data centers above 100 MW.
- Madison Gas & Electric has proposed a similar tariff.
- The PSC has also paused review of a transmission application serving Port Washington to allow a revised filing, showing that transmission costs remain unsettled.

Legislation. The Assembly passed a Republican-authored data center regulation bill 53-44 in January 2026. The PSC said the bill would create confusion and invite litigation, the Governor's office was skeptical, and reports indicate it did not pass the Senate. Other bills (for example, one to bar nondisclosure agreements between developers and local governments) have been introduced. Neighboring Minnesota has enacted a statewide coordination framework; Wisconsin has not. Legislative status should be re-checked before any Board action.

Environmental permitting. Air permits for large backup diesel generators are issued by the DNR. The Sierra Club sued the DNR in July 2026 over permits for the Port Washington campus (45 diesel generators)

Common concerns raised in Wisconsin communities

- **Water:** groundwater withdrawals and cooling demand.
- **Electricity and transmission:** grid demand, new generation, and who pays for upgrades.
- **Land:** loss of farmland, compatibility with neighbors, and rural character.
- **Noise:** residents in several communities have raised low-frequency noise and backup generator testing.
- **Transparency:** nondisclosure agreements and private negotiations before public notice have generated controversy in several communities. Microsoft has said it will stop using NDAs with local governments.
- **Fiscal impact:** the balance of tax base and jobs against infrastructure and service costs. Construction employment is large; permanent operations jobs are comparatively few.

Perspectives in the debate

Supporters point to large capital investment, construction jobs, added property and utility-related revenue, and the chance to attract other development. Critics point to the concerns above, the state tax exemption, and limited permanent employment. Many local governments take a middle path: allow the possibility of development but only under clear rules, public process and cost protections.

How other governments have responded

- **Moratoria:** Counties including Dane, Manitowoc, Monroe, Door, Green, Jefferson, Oneida, Shawano and Winnebago, and municipalities including Madison, Superior, Oshkosh, Hobart and Sheboygan have adopted or advanced

pauses of 6 to 18 months. The Town of Bellevue voted 5-0 for a one-year freeze. Many acted with no pending proposal.

- **Permanent rules:** Menomonie adopted a new zoning framework; Park Falls created a special data center district; Jefferson adopted utility-planning and setback rules; Burnett County created a new classification with added county review.
- **Regional coordination:** Oshkosh has directed staff to work with Winnebago County and the East Central Wisconsin Regional Planning Commission toward a uniform Fox Valley approach. Dane County created a 13-member advisory committee.
- **Accommodation:** Washington County adopted an advisory resolution supporting use of existing infrastructure, and Port Washington has continued advancing its project.

Considerations for Clayton

- Confirm with the Town Attorney whether Clayton administers its own zoning, what its current ordinance says about large industrial or utility-scale uses, and whether a data center would fall under an existing category.
- Consider whether the Town's comprehensive plan and future land use map address large-scale, high-demand uses.
- Water, power and road impacts would involve other bodies (utility, DNR, County, neighboring towns, school district), making coordination important.

1. **Consider a temporary development moratorium.** Wisconsin law provides a process for development moratoria (Wis. Stat. ch. 66); the Town Attorney should advise on required studies, notice, hearing, duration and scope

DISCUSSION ITEM ONLY – NO ACTION TO BE TAKEN

If you have any questions about this information, please feel free to call or e-mail me.

Respectfully submitted,
Kelsey

MEMORANDUM

Business Item B

From: Administrator/Staff
To: Town Board
Re: Town Board review & discussion on the Scholar Ridge Phase 1 infrastructure acceptance.

The developer of Scholar Ridge Estates has requested the Town accept the Phase 1 infrastructure. Throughout this project, Cedar Corp has acted as the Town's Project Manager. They have been on-site monitoring construction to ensure the Town standards were met. Staff has worked with the Developer to ensure any outstanding punch list items are also to the Town standards. There have been challenges throughout. Primarily, as lots were sold, the ditches were changed and no longer match the original plans.

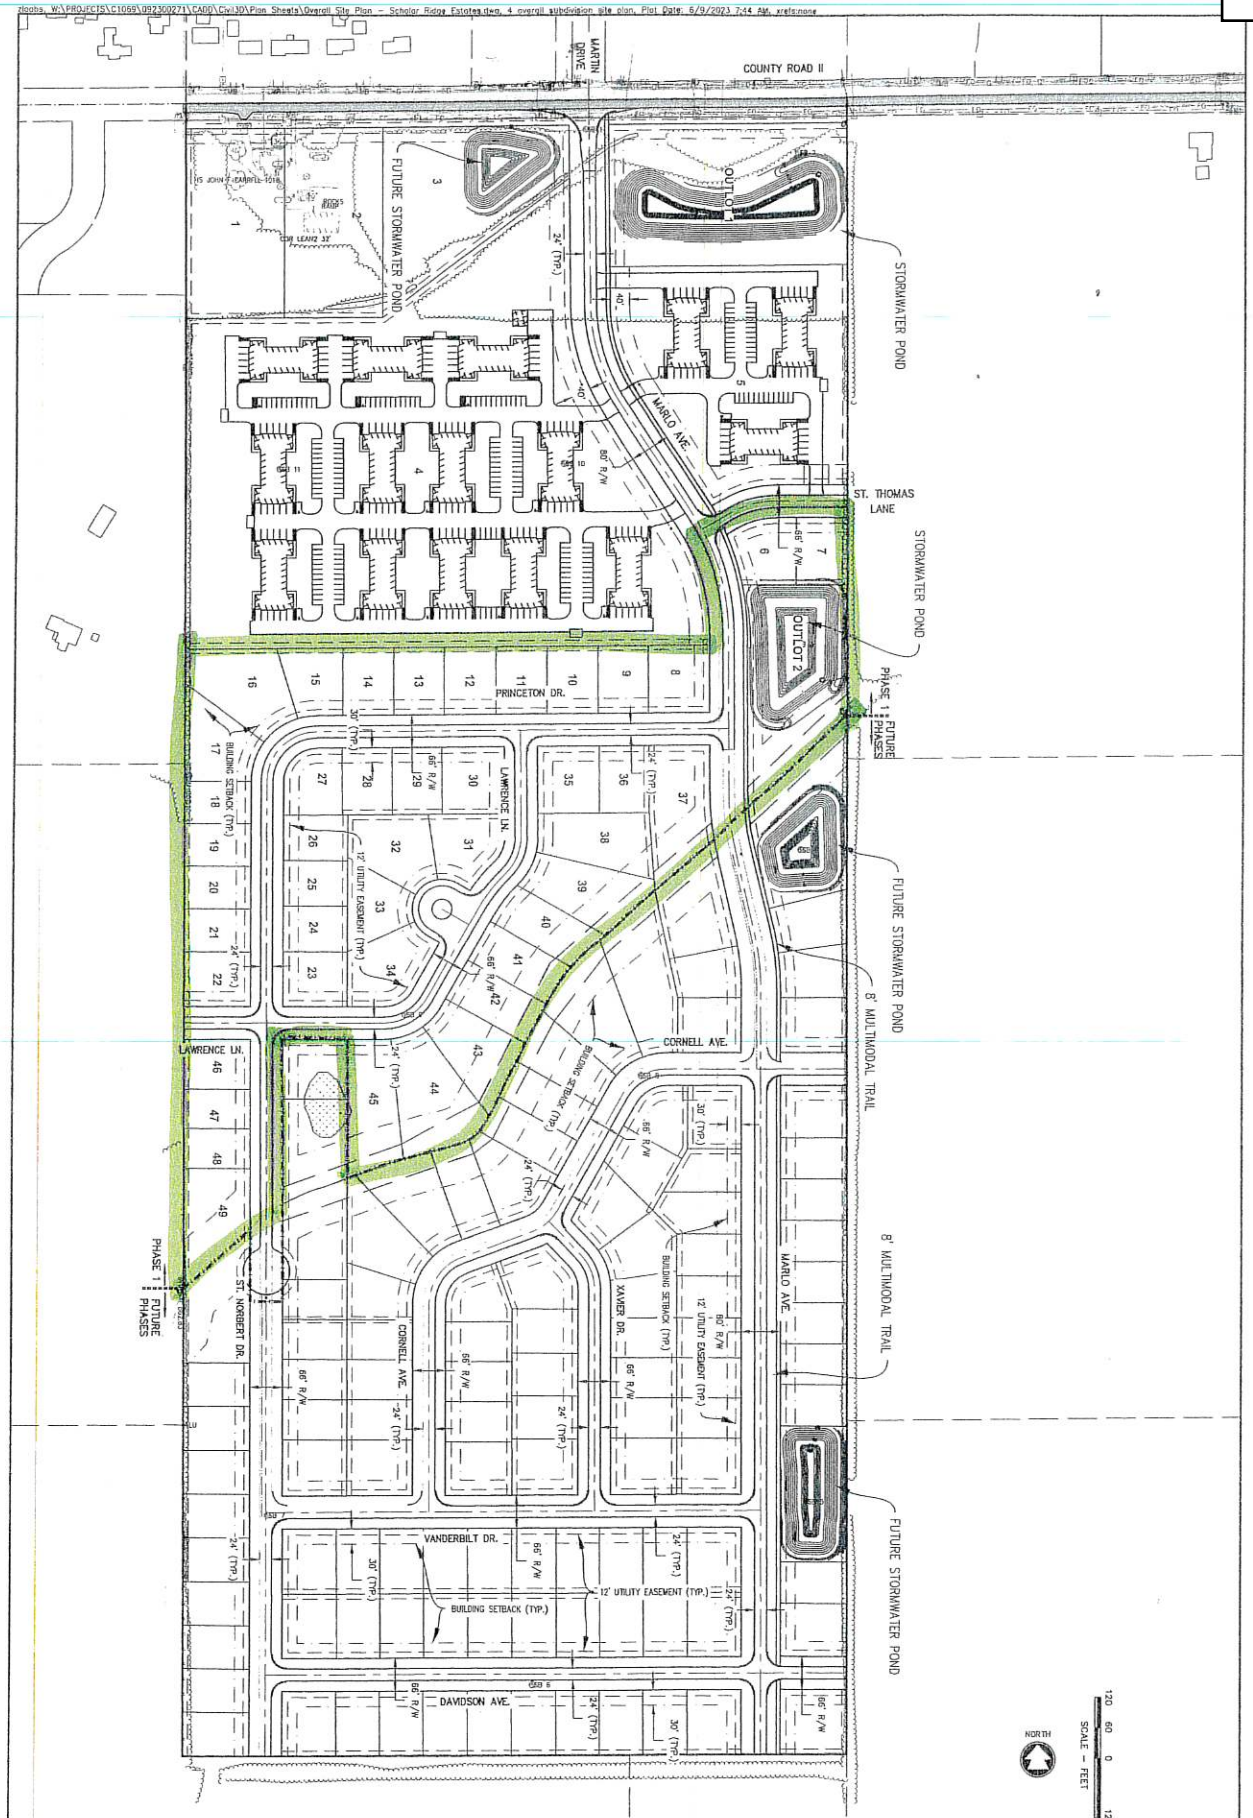

Fee in lieu was accepted instead of the developer being required to build a park within the development. Staff recommends collecting the fee in lieu for Phase 1 prior to acceptance so it is available for the Town to start planning for the park installation.

If the Board has no further questions, Staff can work with the Town Attorney on the acceptance documentation, which will be brought back at a future meeting for Board approval.

DISCUSSION ITEM ONLY – NO ACTION TO BE TAKEN

If you have any questions about this information, please feel free to call or e-mail me.

Respectfully submitted,
Kelsey

Re: Clayton Development Group LLC
Scholar Ridge Estates
McM. No. C1069-09-23-00271

Dear Kelly:

On behalf of Clayton Development Group, LLC, McMahon Associates, Inc. (McMahon) is requesting the Town of Clayton's final acceptance of Scholar Ridge Estates (recorded plat attached), including the associated ponds located within Outlots 1 and 2. Roadways within Scholar Ridge Estates have been constructed in accordance with the Town of Clayton's Subdivision Ordinance and Town approved plans.

Sanitary sewer and water main within Scholar Ridge Estates has been constructed and inspected in accordance with The Town of Clayton's and Fox Crossing Utilities' Specifications. Attached you will find a letter from Joe Hoechst, Fox Crossing Director of Public Works, affirming Fox Crossing Utilities' acceptance of the water main within Scholar Ridge Estates.

If you have any questions, please contact me at your convenience.

Respectfully,

McMahon Associates, Inc.

Dear Mr. Laabs:

Fox Crossing Utilities has completed inspection of the Water and Sewer extension for Phase 1 of the Scholar Ridge Subdivision in the Town of Clayton. Per the Wisconsin Public Service Commission and by agreement with the Town of Clayton, the Village of Fox Crossing oversees all Water and Sewer Projects for the Town of Clayton. This project meets the Village's Specifications and Standards.

Please feel free to contact us with questions.

Sincerely,

Joe Hoechst
Director of Public Works
Village of Fox Crossing

DEVELOPMENT AGREEMENT
(Tax Incremental District No. 1)

THIS DEVELOPMENT AGREEMENT, which may be amended or supplemented from time to time, (this "**Agreement**") is entered into as of the ___ day of March, 2023 (the "**Effective Date**") between the TOWN OF CLAYTON, Winnebago County, Wisconsin, a Wisconsin municipal corporation (the "**Town**"), Clayton Development Group, LLC, a Wisconsin limited liability company ("**Developer Entity**"), and Derek Liebhauser, a natural person with no legal disabilities and Mark Skogen, a natural person with no legal disabilities (collectively, "**Developer Principal**") (Developer Entity and Developer Principal are collectively referred to herein as the "**Developer**").

WHEREAS, Developer has proposed to acquire and develop certain real property located at 2689 County Road, Town of Clayton, Winnebago County, Wisconsin, identified as Parcel Nos. 0060617, 0060618, 0060632, containing approximately 100 acres, as further described on Exhibit A attached hereto and made a part hereof, with a 2022 assessed value of Two Hundred Sixty-three Thousand Nine Hundred and 00/100 Dollars ($263,900.00) (the "**Property**"); and

WHEREAS, Developer intends to construct commercial and retail space to be subdivided and sold, 12-15 acres of medium-density housing comprising 180 apartments to rent, and 65-70 acres of residential subdivision to be sold (the "**Project**"). The Project improvements are shown on the Preliminary Concept Plan attached hereto and made a part hereof as Exhibit B; and

WHEREAS, as of January 1, 2023, the Property has an aggregate assessed value of Two Hundred Sixty-three Thousand Nine Hundred and 00/100 Dollars ($263,900.00), which based on the assessed tax rates in effect as of January 1, 2023, the Property yields approximately Zero Dollars ($0.00) in total real estate taxes annually; and

WHEREAS, upon completion of Project, the Developer estimates the aggregate assessed property value of the Property will be Ninety-three Million Six Hundred Twenty-one Thousand and 00/100 Dollars ($93,621,000.00) which is anticipated to increase the assessed value from approximately Two Hundred Fifty Thousand and 00/100 Dollars ($250,000.00) in 2023 to Thirty-one Million and 00/100 Dollars ($31,000,000.00) starting in 2030; and

WHEREAS, pursuant to the provisions of Wis. Stat. §66.1105 (the "**Tax Increment Law**"), the Town has included the Property within Tax Increment District No. 1 (the "**District**"), and has adopted a project plan for the District (as may be amended, the "**Project Plan**") to finance certain Project Costs and development incentives within the District, which will provide part of the financing for certain costs of the Project; and

WHEREAS, Developer has requested TIF assistance from the Town with regard to certain expenses, including, but not limited to, construction of apartments, subdivision development (including but not limited to Private Improvements as defined in Provision II(H) of this Agreement and Public Improvements as defined in Provision II(I) of this Agreement) and payback of the Public Improvements, which shall include, but not be limited to, the utility extension from Clayton Avenue to the Property boundary, estimated to be Nine Hundred Eighty-four Thousand Five Hundred Forty and no/100 Dollars ($984,540.00), as detailed on the PAYGo Payment Estimates which is attached hereto and incorporated herein by reference as Exhibit C, which will constitute qualified expenditures for which TIF assistance may be afforded to Developer; and

WHEREAS, the Town desires to have Developer perform the Project in order to generate economic activity and tax base for the community consistent with the Town's Comprehensive Plan; and

WHEREAS, in order to induce Developer to undertake the Project, such that the Project will remediate environmental contamination and/or enhance the physical (soil, water, air) landscape, build new structures with designs, systems, and finishes, create a significantly higher per-acre property value than adjacent properties and the Town average, generate property taxes greater than the cost of providing infrastructure and services, expand our range of residential and commercial real estate products, and the public will generally benefit, the Town has agreed to provide assistance to Developer as provided by this Agreement, all in accordance with the terms and conditions of this Agreement; and

WHEREAS, the Developer would not undertake the Project without the incentives and agreements of the Town as set forth herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

I. PURPOSE

A. Incorporation of Proceedings, Exhibits, and Recitals. All motions adopted, approvals granted, minutes documenting such motions and approvals, and plans and specifications submitted by the Developer in conjunction with any and all approvals as granted by the Town, including but not limited to adopted or approved plans or specifications on file with the Town, along with all of the Recitals set forth above, shall be incorporated into this Agreement by reference, upon attachment, or upon consent by amendment if necessary if not referenced or attached at the time of execution of this Agreement.

B. Implementation Schedule. TIME IS OF THE ESSENCE with regard to all dates and time periods set forth and/or incorporated herein. Any material modification or deviation from an approved schedule described in this Agreement shall occur only upon approval of the Town, with any such approvals required to be in writing as an amendment to this Agreement, and which approvals shall not be unreasonably withheld, conditioned or delayed. The Town shall cooperate and act promptly with respect to any and all permits or approvals necessary for completion of the Project upon receipt of complete and accurate application materials. Notwithstanding the above, this Agreement shall not limit the discretion of the Town, or any of its duly appointed and authorized governing bodies, boards or entities, in approving or rejecting any aspect of the Project or improvements contemplated on or about the Property as part of the Town's customary processes.

C. Purpose of the Agreement. In order to cause the Project to occur and to induce Developer to undertake the Project, to promote community development, industry and job creation and to expand and enhance the tax base within the Town, the Town intends to provide the TIF Incentives as set forth in this Agreement. The Town intends to recover its costs through the Available Tax Increment generated by the Property, which retainer of Town costs shall be capped at ten percent (10%) of the tax increment received from the project. Until such time as the project generates positive tax increment, the Town will charge an administrative fee to the Developer to partially offset the cost of record keeping, report preparation, accounting, and any other related administrative duties. The parties intend to enter into this Agreement to record the understandings and undertakings of the parties and to provide a framework within which the Project may proceed.

II. DEFINITIONS

A. "Available Tax Increment" means the amount of Tax Increment (as defined below) actually received by the Town generated by any increase of value of the Property above the Base Value and attributable to development within a tax incremental finance district, during the twelve (12) month period preceding a payment date, that has not been previously used to make payment on bonds or other obligations as determined by the Town. The amount of Available Tax Increment may fluctuate based on variations in the property valuations, tax rate, depreciation and other independent factors.

B. "Base Value" means the aggregate assessed value of the Property when the District was created, which shall be zero dollars ($0.00).

C. "Completion Date" means the substantial completion of the Project as evidenced by issuance of a certificate of occupancy for the buildings.

D. "Concept Plan" means the plan for the Project.

E. "District" means Tax Increment District No. 1 of the Town of Clayton, which has been established, and is in good standing, by the Town of Clayton, Winnebago County, Wisconsin. The Town created District No. 1 in 2021; District No. 1 terminates in 2039.

F. "Plans" means the plans and specifications developed for, applicable to, or approved for the Project.

G. "Preliminary Concept Plan" means the initial Concept Plan, a copy of which is attached as Exhibit B and which is subject to such changes as Developer or the Town may propose and the Town may accept in its discretion, consistent with applicable law governing plan review.

H. "Private Improvements" means the improvements to be constructed on the Property that are not Public Improvements.

I. "Public Improvements" means the infrastructure improvements in connection with the Project that will ultimately be dedicated for public service, potentially including, without limitation:

i. road, pedestrian, and bicycle improvements; and

ii. sanitary sewer, storm sewer, and potable water and wastewater mains and laterals, and storm water management facilities, starting first with the extension of the foregoing from Clayton Avenue to the Property boundary as well as sanitary sewer and potable water installed by Developer within the Property which is dedicated to and accepted by the Town of Clayton; and

iii. telephone, high-speed cable, and related technology infrastructure; and

iv. natural gas, electrical power, and other public utilities; and

v. any related engineering, grading, erosion control, and landscaping; and

vi. any related land acquisitions and anticipated and intentional corrections to adjacent property affected by the public improvements, including grading.

J. "Qualified Expenditures" means any expenditures of Developer for the Project that are eligible for TIF Incentives including the Public Improvements approved by the applicable

governing authority, or as required by State or Federal law, Private Improvements specifically approved by the Town, or any other activity specifically approved by the Town.

K. "Special Assessment" means any special assessment levied against the Property by the Town under Wis. Stat. §60.77(5)(f) or §60.79, the Town Code of Ordinances and this Agreement.

L. "Special Charge" means any special charge levied against the Property by the Town under Wis. Stat. §60.23 or §60.55, the Town Code of Ordinances and this Agreement.

M. "Tax Increment" means that amount obtained by multiplying the total county, town, school and other local general property taxes levied on all taxable property within a District in a year by a fraction having as a numerator the value increment for that year in the District and as a denominator that year's equalized value of all taxable property in the District.

N. "TIF" means Tax Increment Financing, as described in Section III below and in particular, Tax Increment Financing relating to the District.

O. "TIF Incentive" means the incentive as set forth in Section III of this Agreement including specifically the Tax Incentive Cap, as well as the Public Improvements that will service the Property.

III. TAX INCREMENT FINANCING

A. Qualification for TIF. Developer has demonstrated, to the satisfaction of the Town, a need for TIF, and such determination was made according to the "but for" test, that is, that but for the Town providing TIF, the Project would not happen.

B. PAYGo Reimbursement. The Town shall provide a TIF Incentive as a pay-as-you-go (PAYGo) obligation of the Town which is further defined as follows:

i. The Developer guarantees that the Property shall have a minimum aggregate assessed value equal or greater than the "Assessed Value" column for each Construction Year column as appears in Exhibit C, a copy of which is attached hereto and made a part hereof, by December 31 of the Construction Year (the "**Guaranteed Amount**").

ii. Developer shall be responsible to incur and pay all of the upfront costs of the Project and, to the extent District revenues are sufficient to the limits of the District and this Agreement, Qualified Expenditures shall be reimbursed to Developer.

iii. Commencing the first year after the first occupancy permit for the Project has been issued, which occupancy permits shall be issued upon the completion of each building comprising the Project subject to the building or project satisfying the approved permit requirements, local ordinances and state statute, the assessed value of the Property shall be determined on January 1 of each tax year and shall be compared to the assessed value of the Property as of January 1 of the year in which construction commenced. The difference in assessed values shall be known as the "**Incremental Property Value**".

iv. Incremental Property Value multiplied by the assessed mill rate, less payments of real estate taxes to the State of Wisconsin, shall be known as the "**Available TIF Increment**".

v. Provided the aggregate assessed Property value meets or exceeds the Guaranteed Amount before the January 1 following the Construction Year, the Town shall make available fifty percent (50%) of the remaining TIF Increment to the Developer until all Qualified Expenditures have been repaid. If the aggregate assessed Property value fails to meet or exceed the Guaranteed Amount, the PAYGo Reimbursement shall be proportionally reduced.

vi. PAYGo Reimbursement payments will be payable to Developer in the year following the year of the TIF Increment determination, after Developer has provided proof to the Town of the full payment of the real estate taxes, Special Assessments and Special Charges against the Property for the previous year. For example, if the first occupancy permit is issued on September 1, 2023, the TIF Increment would be determined as of January 1, 2024 and the PAYGo reimbursement would first be payable in 2025.

vii. The Town shall take all actions necessary to continue the existence of the District in good standing through its current 2039 termination date.

viii. Upon the request of the Developer or an assignee of the Developer's payment rights hereunder, the Town shall provide a written certification of facts regarding the current amount due to the Developer or assignee pursuant to Section III.B.4, the current Available TIF Increment, and a confirmation of the person or location to which the Town will make payments.

ix. Subject to Section V.G.iii, the PAYGo Reimbursement shall be available to Developer for a maximum of ten (10) years unless and until Developer challenges any of its real or personal property taxes for the Project; in event the real or personal property taxes are reduced, the PAYGo Reimbursement shall be proportionately reduced.

C. Qualified Expenditures. The TIF Incentive available to Developer under this Agreement shall be disbursed in the following priority, and only fund:

i. Public Improvements, which shall include infrastructure improvements in connection with the Project that will ultimately be dedicated for public service, environmental remediation, and asbestos abatement as required by State and Federal law; then

ii. Private Improvements, which shall include the improvements to be constructed on the Property that are not Public Improvements; then

iii. Any other activity specifically approved by the Town.

D. Limitations. The TIF Incentive available to Developer for the Project is limited as follows:

i. Monetary Limitation. The TIF Incentive in any year shall not exceed fifty percent (50%) of the Available Tax Increment for the Property and in-fact paid by the Developer to the Town.

ii. Tax Incentive Cap. Subject to Section III.A., the total amount of TIF assistance should not exceed ten percent (10%) of total Project Costs.

iii. Tax Receipts Limitation. Only the Available Tax Increment actually received by the Town, and no other property, revenue, or asset of the Town, shall be used to pay such amounts.

iv. Temporal Limitation. Provided Developer qualifies for TIF Incentive and provides adequate proof to the Town that Developer has incurred and paid Qualified Expenditures, and provided Developer and all transferees have paid the real estate taxes and any Special Assessments and Special Charges in full for the previous tax year by July 31, TIF Incentive payments shall be made on or before September 1 of each year; provided, however, in no event shall TIF Incentive payments continue after the earlier of: (a) subject to Section V.G.iii, ten (10) years, or (b) the termination of this Agreement if before the termination of the District.

E. No General Obligation of Town. The Town's obligation to make TIF Incentive payments shall be a special and limited obligation only and shall not be considered a general obligation of the Town, and neither the full faith and credit nor the taxing powers of the Town are pledged to the payment of such amounts. The Town shall take no action to dissolve the District before payment of all TIF Incentive payments due to the Developer, subject to the provisions of this Agreement. In no circumstances shall amounts to be paid Developer hereunder be considered an indebtedness of the Town, and the obligation of the Town hereunder is limited to the Available Tax Increment appropriated and received by the Town. Amounts due hereunder shall not count against the Town's constitutional debt limitation, and no taxes will be levied for its payment or pledged to its payment other than from the Available Tax Increment.

F. Other Grants and Credits. The Town, as appropriate and in its sole discretion, may also apply for such other grants and credits in regard to the Project as they shall deem appropriate for the benefit of the Project and as may be required to achieve necessary financing for the Project, provided, however, the Town makes no representations or warranties about the availability of such grants and credits or whether any such grants or credits that may be available will be awarded.

IV. DEVELOPER OBLIGATIONS.

A. Acquisition of Property. The Developer shall acquire fee simple title to the Property no later than May 31, 2023 (the "**Closing Date**"). This date may be extended by mutual agreement of the parties. The Property and rights of way shall be owned in the name of the Developer or its assigns at least until the Completion Date and to initiate payment of taxes based on the increased Property value.

B. Recordation of Development Agreement. Simultaneously with the purchase of the Property, the Developer shall record a short form memorandum of this Agreement in the form attached hereto as Exhibit D (the "**Memorandum**"), executed by both the Developer and the Town, to be recorded with the Register of Deeds for Winnebago County, Wisconsin. The Memorandum shall be recorded prior to the recordation of any mortgages or other liens. In the event that a mortgage is recorded prior to the Memorandum, then, no later than thirty (30) days after the purchase of the

Property, Developer shall record one or more subordination agreements in form and substance reasonably acceptable to the Town which have been executed by the holder(s) of any mortgages or liens affecting the Property as of the date or recording of the Memorandum which subordinates such mortgage(s) and lien(s) to this Agreement.

C. Preliminary Concept Plan. Developer shall submit a Preliminary Concept Plan, clearly identifying the Project, to the Town for approval, allowing sufficient lead time for such request to be included on the agenda for all applicable Town authorities to review at their regularly scheduled meetings. Town approval of such Preliminary Concept Plan is due prior to Closing.

D. Preparation of the Plans. To the extent not already completed, the Developer shall prepare the Concept Plan in form and substance acceptable to the Town prior to commencement of construction. The Plans shall include, among other details, site plans, building plans, and other drawings that fix and describe the size and character of the entire Project, along with the schematics and location of the water mains, sanitary sewer mains, and storm sewer system. The Town reserves the right to request additional documentation of the Project as may be reasonably determined by the Town to be appropriate.

E. Development Budget. Developer shall submit a budget, prepared in accordance with general principles for construction and development budgeting and consistent with the sample included in the TIF application packet, to the Town for approval, allowing sufficient lead time for such request to be included on the agenda for all applicable Town authorities to review at their regularly scheduled meetings. The budget should be arranged to identify acquisition and site related costs, hard costs, and soft costs. Also, identify all line items that are performed by the developer, owner, or related entities as well as the up-front sources intended to finance the development costs for each line item.

F. Guaranty. Developer shall execute a Guaranty in form and substance consistent with Exhibit E attached hereto and made a part hereof.

G. Assessments. Subject to the limitations set forth hereinafter, Developer shall be responsible for: (i) water assessment, (ii) sanitary sewer assessments; (iii), storm water assessments; (iv) right of way assessments; and (v) other assessment lawfully enacted by the Town.

H. Compliance with Planning; Zoning; Permits and Use. Developer will obtain from the Town and all other appropriate governmental bodies (and all other councils, boards, and parties having a right to control, permit, approve, or consent to the development and use of the Property) all approvals and consents necessary to develop and use the Property as set forth above.

I. Proof of Equity. Developer must provide a minimum fifteen (15%) equity of total Project Costs. Equity is defined as cash or un-leveraged value in land or prepaid costs attributable to the project. TIF shall not be used to supplant cash equity.

J. Proof of Financing. Developer shall have delivered proof of financing, reasonably satisfactory to the Town, which after injection of the Developer equity into the Project, will be sufficient in the determination of the Town, to complete the Project according to the Plans and Specifications.

K. Construction of the Project. The Developer shall, subject to receipt of all necessary governmental approvals, construct and pay all costs of the Project on the Property, including, without limitation, all other proposed and future storm water, sewer, water, driveways, parking areas, appurtenances and private utilities but specifically excluding the Improvements (the "**Project Costs**"). The Project to be constructed upon the Property and its uses shall be in conformity

with the Town-approved Plans, and in compliance with all applicable municipal ordinances of the Town and with any pertinent provisions of the Project Plan. The Project to be constructed upon the Property and its uses shall be in conformity with the Town-approved Plans, Town and Fox Crossing Utilities ("**FCU**") applicable municipal ordinances, utility specifications, and standards, and pertinent provisions of the Project Plan. Neither the establishment of the District nor this Agreement shall obligate the Town to grant variances, exceptions, or conditional use permits.

L. Construction of Sanitary Sewer, Water Mains/Laterals, and Storm Sewer System; Grant of Easements. Developer will build the water mains, laterals, and all other equipment needed for the system located on the Project, at Developer's sole cost and expense. The sanitary sewer and water lines will be connected at the Developer's sole cost and expense; such lines shall be constructed as required for the Project pursuant to sound engineering practice, consistent with applicable codes and regulations, and as reasonably agreed by the Developer, Town engineer, and the Village of Fox Crossing Utilities, such consent of Town shall not be unreasonably withheld, delayed or conditioned. The sanitary sewer connections will be provided by the Town at a location approved by the Town and Fox Crossing Utilities. The water main connections will be provided by the Town at a location approved by the Town and Fox Crossing Utilities Developer's obligation under this section is limited to the construction of sanitary sewer and water lines to be constructed by Developer's private contractors. The sanitary sewer, water lines, and storm sewer system must be constructed and approved according to Town specifications and approved by the Town prior to construction. Each dwelling unit located on the Project shall be services with a separate meter for billing purposes.

M. Standard of Care. Developer shall construct the sanitary sewer, water mains/laterals, and storm sewer system in accordance with the degree of professional care, skill, judgment, and diligence usually exercised by project developers regularly developing and operating development projects similar in scope and complexity to the Project. Developer shall fully and faithfully discharge its obligations and responsibilities hereunder and shall devote sufficient time and attention to ensure the full, prompt, and professional discharge of its duties under this Agreement. The Town must review and approve utility plans prior to construction. The plans must be in compliance with Town specifications and standards. Changes from the approved utility plans require review and approval by the Town. Prior to an occupancy permit being issued, the utilities must be inspected and approved to be in compliance with the plans. The Developer, engineer and Town shall hold a pre-construction meeting. The Developer is responsible the following costs:

1. Utility inspections by Town engineer and attendance at pre and post construction meetings.
2. Preparing an As-Built set of plans for the Town at project completion.

N. Employees. Developer shall assign to the construction of the sanitary sewer, water mains/laterals, and storm sewer system such staff or third-party contractors as may be reasonably required to complete the Project with due diligence and to cause the Project to be completed in accordance with the Project schedule and Plans. All persons employed by Developer in connection with the Services will be Developer's employees or independent contractors, and the Town shall have no liability, responsibility, or authority regarding them. Developer is solely responsible for the salaries of its employees and any employee benefits to which they may claim to be entitled. Developer will fully comply with all applicable laws and regulations relating to worker's compensation, social security, unemployment insurance, hours of labor, wages, working conditions, and other employer-employee related laws.

O. Reports and Information. During the period before the commencement of construction, Developer shall, upon request, provide to the Town information having a bearing upon the interests of the Town in the Property or under this Agreement.

P. No Transfer to Tax-Exempt Entity; PILOT. Developer agrees that as long as the District is in existence, no portion of the Property shall be sold, transferred or conveyed to, or leased or owned by any entity or used in any manner which would render any part of the Property exempt from property taxation, except that portion of the Property dedicated to the Town under the terms of this Agreement. In the event the Property, or any part of it, becomes exempt or partially exempt from general property taxes during the term of this Agreement, the Developer and its successors and assigns shall make annual payments in lieu of taxes to the Town in an amount equal to the property taxes that would otherwise have been paid as property taxes on the Property, or the applicable portion thereof.

Q. Ownership Retained. Developer shall retain ownership of the 12-15 acres of medium-density housing which will consist of 180 apartment units, and individual apartment housing units may be sold as they are completed. As to the remainder of the Project, the Developer shall retain ownership of the overall remainder of Project until final completion.

V. TOWN OBLIGATIONS.

A. Town Approvals. The Town shall make all reasonable efforts to indicate its approval or further requirements in writing within thirty (30) days from the date of receipt of the Concept Plan, Development Budget or any revisions.

B. Zoning. The Town shall approve Developer's application to rezone the Property to single-family residential and multi-family residential or other appropriate zoning for the Project.

C. Public Improvements. The Town shall have no obligation to make improvements other than to bring sanitary sewer lines and potable water from Clayton Avenue to the boundary of the Property at a specific location to be decided by the Town (the "**Improvements**").

D. Payment of Certain Tax Increment Revenues Toward Cost of Project.

i. Incentive Amount. Subject to the conditions set forth herein (including, without limitation: (i) completion of the Project on or before each Construction Year ("**Project Completion Date**") with a minimum value of Guarantee Amount (the "**Minimum Value**") for the buildings within the Project; and (ii) completion of the sewer and water mains/laterals, the Town shall pay to the Developer, as an incentive for development of the Property, an amount not less than Three Million Seven-five Thousand and 00/100 Dollars ($3,075,000) nor greater than Four Million Fifty-nine Thousand Five Hundred Forty and 00/100 Dollars ($4,059,540.00) (the "**Incentive Amount**"). If the Project is not completed by the Project Completion Date, the Incentive Amount shall be reduced in proportion to the total value of the buildings within the Project delivered by the Project Completion Date measured against the Minimum Value. The failure to complete the Project by the Project Completion Date shall not negate the Town's obligation to pay the Developer the Incentive Amount but shall only reduce the Incentive Amount as herein provided. However, the Project Completion Date shall be reasonably extended to account for construction delays, if any, by Town work on the Improvements.

E. Source of Payment. The Incentive Amount shall be payable solely from Available Tax Increments (as defined below) which have been received and retained by the Town in accordance with the provisions of Wis. Stat. §66.1105, and appropriated by the Town Board to payment of the Incentive Amount. The Incentive Amount shall be payable in installments on or before September 1st of each year, commencing with 2025 and on or before each September 1st thereafter based on Available Tax Increments generated in the immediately prior tax year. If Available Tax Increments have been insufficient to pay the full Incentive Amount after the scheduled installment payable on or before September 1, 2031 (based on the Available Tax Increments generated in 2030) then the Incentive Amount shall be deemed paid in full, the obligation of the Town to make any further payment shall terminate, and the Developer shall have no right to receive any additional payments. The Town makes no representation or covenant, express or implied, that Available Tax Increments will be generated or that they will be sufficient to pay, in whole or in part, the Incentive Amount. All Tax Increment received by the Town which are not appropriated to pay the Incentive Amount may be used by the Town for any legally permitted purpose, in its sole discretion.

F. Payment Subject to Annual Appropriation. As stated above, the application of Available Tax Increments to payment of the Incentive Amount each year is subject to future annual appropriation by the Town Board. The Town makes no representation or covenant, express or implied, that any non-zero Available Tax Increments will be generated and/or appropriated in any given year, nor does the Town make any representation or covenant as to any aggregate amount of Available Tax Increments to be paid to the Developer. Any Tax Increment (defined below) which is not appropriated and allocated toward the Available Tax Increments may be used by the Town for any legally permitted purpose, in its sole discretion.

G. Available Tax Increments. In this Agreement, "**Available Tax Increments**" for any given year means an amount equal to fifty percent (50%) of the result of the following computation:

i. the annual gross tax increment revenues (using a 2022 base year) paid with respect to the Project and actually received and retained by the Town which is generated by property tax payments on the Property (the "**Tax Increment**"); minus,

ii. the Project's share (as reasonably determined by the Town) of the actual legal, financial and administrative expenses incurred by the Town in connection with the creation or administration of the District and the negotiation, preparation and administration of this Agreement and related documentation which has not yet been reimbursed by Tax Increment.

iii. Provided that the buildings planned to be constructed on the Property are completed on or before the Project Completion Date, if the parties reasonably determine that Four Million Fifty-nine Thousand Five Hundred Forty and 00/100 Dollars ($4,059,540.00) will not be paid by September 1, 2031, the percentage of the tax increment due Developer for a given year, the parties may extend this Agreement, as determined solely by the Town, so that prior to the expiration of this Agreement, not less than Four Million Fifty-nine Thousand Five Hundred Forty and 00/100 Dollars ($4,059,540.00) will be paid to Developer.

H. Tax Increment Revenue Bond. Notwithstanding anything to the contrary in this Section V or in this Agreement, in the event the Town determines, in its discretion, that the Incentive Amount may not be paid in full prior to the end of the District's statutorily-permitted expenditure period, the Town shall (unless the Town, in its sole discretion, prepays the Incentive Amount prior to the expiration of the District's statutorily-permitted expenditure period) issue the Developer a taxable tax increment revenue bond evidencing the Town's obligation to pay the then-remaining balance of the Incentive Amount. Such revenue bond shall be payable solely from Available Tax Increments and shall be subject to the terms and conditions of this Agreement, including, without limitation, that all payments under the bond shall be subject to and conditioned upon future annual appropriation of Available Tax Increments by the Town Board to payment of the bond.

VI. NOTICES

All notices hereunder must be in writing and must be sent by United States registered or certified mail (postage prepaid) or by an independent overnight courier service, addressed to the addresses specified below:

If to the Developer:	If to the Town:
Clayton Development Group 2065 American Drive, Suite A Neenah, WI 54956 Attn: Derek Liebhauser, President	Town of Clayton 8348 County Road T Larsen, WI 54947 Attn: Town Administrator

VII. TERM

A. Term. Unless sooner terminated, the term of this Agreement shall commence on the date hereof and continue until the earliest of:

i. All Qualified Expenditures have been repaid in full by Tax Increment;

ii. Subject to Section V.G.iii, the tenth (10^{th}) year of the Project paying real estate taxes by Developer or its assigns;

iii. The Town closes and terminates the District;

iv. The Wisconsin Department of Revenue fails to certify or revokes certification of all or any portion of the District or the Property;

v. This Agreement is terminated because of an Event of Default; or

vi. The parties agree in writing to terminate this Agreement.

B. Default. In the event that either the Town or the Developer defaults under any material terms or conditions of this Agreement (an "**Event of Default**"), the defaulting party shall be responsible for all costs and expenses incurred by reason of such default including, but not limited to, any legal expenses incurred by the nondefaulting party. The rights and remedies of the nondefaulting party shall not be limited to those, if any, specified in this Agreement, but the nondefaulting party shall have all rights and remedies to which it may be entitled, either at law or in equity. Developer Entity and Developer Principal shall be jointly and severally liable for the payment and performance of all obligations of the Developer under this Agreement and the Town may bring suit against each such entity, jointly or severally, or against any one or more of them.

C. Limitation of Damages. The foregoing notwithstanding, none of the parties shall be liable to any other party for any incidental, consequential, indirect, punitive or exemplary damages. All claims and damages asserted against the Town shall be subject to statutory protections of municipalities and their officials and employees, including the immunity and limitations set forth in Wis. Stat. §893.80.

D. Waiver. Any delay by the nondefaulting party in instituting or prosecuting any action or proceeding or other asserting its rights under this article shall not operate as a waiver of such rights or to deprive it of or to limit such rights in any way (it being the intent of these provisions that such nondefaulting party should not be constrained, so as to avoid the risk of being deprived of or limited in the exercise of the remedy provided for in this Section because of concepts of waiver, laches or otherwise, to exercise such remedy at a time when it may still hope otherwise to resolve the Project created by the default involved). No waiver in fact made by the nondefaulting party with respect to any specific default by the defaulting part under this Section is to be considered or treated as the waiver of the rights of the nondefaulting party with respect to any other defaults by the defaulting party under this Section, or with respect to the particular default except to the extent specifically waived in writing.

E. Termination of Agreement. If the Developer shall not acquire the Property by the Closing Date, this Agreement shall terminate and be of no further force or effect.

VIII. DEVELOPER REPRESENTATIONS

Developer hereby represents, warrants, and covenants to the Town as follows:

A. Good Standing. Developer Entity is a limited liability company, duly formed, validly existing, and in good standing under the laws of the State of Wisconsin. Developer holds and shall maintain at all times during the term of this Agreement, all licenses, permits, or other certifications necessary to perform its duties under this Agreement, and is in compliance with and shall continue to comply with all applicable laws.

B. Due Authorization. Developer has all requisite power and authority, has taken all actions required by its organizational documents and applicable law, and has obtained all necessary consents, to: (i) execute and deliver this Agreement; and (ii) consummate the transactions contemplated by this Agreement. This Agreement has been duly authorized and properly executed and delivered and constitutes the valid and binding obligations of Developer, enforceable in accordance with its terms, subject to principles of equity, bankruptcy, insolvency, and other laws generally affecting creditors' rights and the enforcement of debtors' obligations.

C. Qualification. Developer is qualified and has the skill and professional competence, expertise, and experience to undertake the obligations imposed, and to perform the work contemplated by this Agreement and the requirements of a project of the magnitude and scope of the Project.

D. Sufficient Resources. Developer has and shall maintain at all times during the term of this Agreement, sufficient facilities, expertise, staff, assets, and other resources to perform its duties under this Agreement. The services to be rendered and performed for the Town under this Agreement shall be performed and rendered by professionals experienced, licensed (if a license is required), and qualified to perform such services in the State of Wisconsin.

E. No Material Change in Documents. All contract documents and agreements have been furnished to the Town by the Developer and are true and correct and there has been no material change in any of the same.

F. No Material Change in Developer Operations. There has been no material change in the business operations of Developer since the date the parties began negotiation to enter into this Agreement that would adversely affect the ability of the Developer to perform its obligations hereunder.

G. Compliance with Zoning. The Project will conform at all times and in all respects with applicable zoning and land division laws, rules, regulations and ordinances.

H. Payment. Developer shall pay for all work performed or materials furnished for the Project when and as the same become due and payable.

I. Certification of Facts. No statement of fact by Developer contained in this Agreement and no statement of fact furnished or to be furnished by Developer to the Town pursuant to this Agreement contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary in order to make the statements herein or therein contained not misleading.

J. No Conflict. The execution, delivery, and performance of the obligations of Developer, the development company, and all principals of the development company pursuant to this Agreement will not violate or conflict with the Articles of Organization or Operating Agreement of Developer or any indenture, instrument or material agreement by which Developer is bound, nor, to the knowledge of the officer of the Developer signing this Agreement, upon a due diligence evaluation, will the execution, delivery, or performance of obligations of Developer pursuant to this Agreement violate or conflict with any law applicable to Developer.

K. No Litigation. To the knowledge of the managing member of the Developer signing this Agreement upon a due diligence evaluation, there is no litigation or proceeding pending or threatened against or affecting Developer or the Property that would adversely affect the Project, Developer or the priority or enforceability of this Agreement, the ability of Developer to complete the Project or the ability of Developer to perform its obligations under this Agreement.

L. No Default. No default, or event that with the giving of notice or lapse of time or both would be a default, exists under this Agreement, and Developer is not in default (beyond any applicable period of grace) of any of its obligations under any other material agreement or instrument to which Developer is a party or an obligor.

M. Compliance with Laws and Codes. The Project, when completed, will conform and comply in all respects with all applicable laws, rules, regulations and ordinances, including without limitation, all building codes and ordinances of the Town. Developer will comply with, and will cause the Project to be in compliance with all applicable federal, state, local and other laws, rules, regulations and ordinances, including without limitation, all environmental laws, rules, regulations and ordinances at all times during its period of ownership of the Project.

N. Fees or Commissions. The Town shall not be liable for any broker fees or commissions incurred by Developer in connection with the Property or any transactions contemplated by this Agreement.

O. No Objection to Property Assessment. Prior to termination of this Agreement, Developer shall not file an objection to real or personal property assessment as provided under Wis.

Stat. §70.47(7)(a) that, if successful, would reduce the aggregate assessed value of the Property to less than the Assessed Value as appears on Exhibit B for the Construction Year.

IX. MISCELLANEOUS PROVISIONS.

A. Assignment; Covenants Run with the Land. This Agreement shall not be assignable by the Developer without the prior written consent of the Town, except that the Developer may make a collateral assignment of the right to receive payment of the Incentive Amount under this Agreement to its lender as part of a first mortgage on the Property, subject to all terms and conditions of this Agreement. No assignment of this Agreement shall serve to release the Developer from any liability or obligations under this Agreement. The provisions of this Agreement shall run with the land and inure to the benefit of and be binding upon the successors and assigns of the parties and all assignees, mortgagees, purchasers and transferees of all or any part of or interest in the Property.

B. Indemnification; No Personal Liability. The Developer shall indemnify, save harmless and defend the Town and its respective officers, agents and employees from and against any and all liability, suits, actions, claims, demands, losses, costs, damages and expenses of every kind and description, including reasonable attorney costs and fees, for claims of any kind including liability and expenses in connection with the loss of life, personal injury or damage to property, or any of them brought because of any injuries or damages received or sustained by any persons or property relating to or in connection with the Property, including, without limitation, on account of or arising out of the construction and/or operations of the Project. Under no circumstances shall any trustee, officer, official, director, administrator, attorney, employee or agent of the Town have any personal liability arising out of this Agreement, and no party shall seek or claim any such personal liability. The provisions of this Section shall survive the term of this Agreement.

C. No Third-Party Beneficiaries; Relationship of the Parties. This Agreement is intended solely for the benefit of the Developer and the Town, and no third party (other than successors and permitted assigns) shall have any rights or interest in any provision of this Agreement, or as a result of any action or inaction of the Town in connection therewith. The Developer and its contractors and subcontractors shall be solely responsible for the completion of the Project. This Agreement does not create the relationship of principal and agent, or of partnership, joint venture, or of any association or relationship between the Town and the Developer or any contractor or subcontractor employed by the Developer in the construction of the Project.

D. Conflicts of Interest. No member of the governing body or other officer of the Town shall have any financial interest, direct or indirect, in this Agreement, the Property, or the Project, or any contract, agreement or other transaction contemplated to occur or be undertaken thereunder or with respect thereto, nor shall any such member of the governing body or other official participate in any decision relating to this Agreement which affects his or her personal interests or the interests of any corporation, partnership or association in which he or she is directly or indirectly interested.

E. Force Majeure. No party shall be responsible to any other party for any resulting losses and it shall not be a default hereunder if the fulfillment of any of the terms of this Agreement is delayed or prevented by revolutions or other civil disorders, wars, acts of enemies, strikes, fires, floods, acts of God, pandemics, adverse weather conditions, legally required environmental remedial actions, industry-wide shortage of materials or labor, or by any other cause not within the control of the party whose performance was interfered with, and which exercise of reasonable diligence, such party is unable to prevent, whether of the class of causes herein above enumerated or not, and the time

for performance shall be extended by the period of delay occasioned by any such cause. The foregoing notwithstanding, a Force Majeure event may not be used to avoid an Event of Default if the delay caused by the Force Majeure event exceeds one hundred and eighty (180) days from the date the event occurred.

F. Entire Agreement; Waiver; Amendment; Severability. This Agreement and the documents executed pursuant to this Agreement contain the entire understanding of the parties with respect to the subject matter hereof and all prior letters of intent or offers, if any, are hereby terminated. There are no restrictions, promises, warranties, covenants or undertakings other than those expressly set forth in this Agreement and the documents executed in connection with this Agreement. This Agreement shall be deemed to include and incorporate such minutes, approvals, plans, and specifications, as referenced in this Agreement, and in the event of a conflict between this Agreement and any action of the Town, granting approvals or conditions attendant with such approval, the terms of this Agreement shall be deemed controlling and the Town will take the necessary action to amend any conflicting approvals or conditions. This Agreement and the documents executed in connection herewith supersede all prior negotiations, agreements and undertakings between the parties with respect to the subject matter hereof. No waiver, amendment, or variation in the terms of this Agreement shall be valid unless in writing and signed by the Town and the Developer, and then only to the extent specifically set forth in writing. Nothing contained in this Agreement is intended to or has the effect of releasing the Developer from compliance with all applicable laws, rules, regulations and ordinances in addition to compliance with all terms, conditions and covenants contained in this Agreement. If any covenant, condition, provision, term or agreement of this Agreement is, to any extent, held invalid or unenforceable, the remaining portion thereof and all other covenants, conditions, provisions, terms, and agreements of this Agreement will not be affected by such holding, and will remain valid and in force to the fullest extent by law.

G. Parties and Survival of Agreement. Except as otherwise expressly provided herein, this Agreement is made solely for the benefit of the parties hereto and no other person, partnership, association or corporation shall acquire or have any rights hereunder or by virtue hereof. All representations and agreements in this Agreement shall remain operative and in full force and effect until fulfilled and shall survive the closing.

H. Recording of the Agreement. Recording of this Agreement is prohibited except as expressly allowed herein.

I. No Construction Against Drafter. This Agreement is a product of the negotiation and drafting of attorneys for the parties, and, as such, the rule of construing ambiguous contracts against the drafter shall not apply to this Agreement.

J. Venue. The venue for any proceeding involving the negotiation, drafting, interpretation or enforcement of this Agreement shall be the circuit court for Winnebago County, Wisconsin, all other venues being inappropriate for any such proceeding.

K. Headings. Descriptive headings as used in this Agreement are for convenience only and shall not control or affect the meaning or construction of any provision of this Agreement.

L. Governing Law. This Agreement is governed by the laws of the State of Wisconsin.

M. Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original but all of which counterparts collectively shall constitute one

instrument representing the agreement among the parties. Electronic, facsimile and photocopy signatures shall have the same effect as original signatures.
