1. Letter of Support for RAISE grant.

2. Limitations: Discussion on personal grow will be continued. All that remains on this topic is clarity that The City can require a personal grow permit. Any further discussions regarding commercial cultivation can be addressed. Considering feedback received at the previous workshop, the draft language may be sufficient to present to Planning Commission after all amendments are made.
3. Fees and Fines: Staff recommends this Workshop focus on this item. We will discuss current fees, what The City can do annually, and what a cannabis business tax on a ballot would look like. Discussion will also address fine schedules for nuisance, most specifically concerning smell/odor.
