Colusa Police Department

Monthly Report for March 2022

Monthly Activities

- City Council Meetings
- Concealed Weapons Permits interviews and application processing
- Met with Colusa County Sheriff's Office Task Force Steering Committee
- Met with Colusa County Office of Education regarding Truancy
- Met with staff at Burchfield Primary School regarding traffic problems

Monthly Statistics

- With the implementation of the Racial and Identity Profiling Act (RIPA/AB 953), there are additional statistics that the Colusa Police Department is now required to capture. Any time an individual is detained and/or searched, an officer must make an entry into data collection application being utilized. The data being collected includes the age, gender, and race. Additional information such as if the individual is homeless and gender identity related information is also documented. The most common contact that law enforcement officers have during which this information is gathered are traffic enforcement stops. Traffic enforcement stop are generally considered self-initiated activity for law enforcement officers. These stops are not included in the 'Calls for Service' statistics. Some agencies choose to include this type of activity with their service call statistics however the Colusa Police Department doesn't to maintain accurate tracking of call volume.

- There were 366 calls for service for patrol officers with 35 agency assists. This is an increase from February which was 315. The call volume continues to be lower than 2021. In March 2021, there were 404 calls for service. This is approximately a 10% decline from the prior year.
- During March 2022, there were 15 in-custody arrests. There were 11 citations issued in lieu of subjects being booked in jail. A vast majority of those citations issued were drug related offenses and suspended driver's licenses. There were 2 domestic violence related arrests made in February. There were 2 DUI related arrests made. There were 63 reports initiated with 57 being investigations.
- During the month of March, officers initiated 227 traffic enforcement stops. There were 61 citations issued for various vehicle violations. There were only 2 reportable traffic collisions, one with injury.
- The Police Services Manager handled 72 calls for service during the month of March. These calls for service don't include telephone calls fielded by the Police Services Manager. Additionally, she continues to handle a significant number of CCW applications. DOJ clearances for CCW applicants continues to experience delays. *Note: The Police Services Technician's calls for service are separate from patrol officers' calls for service.*

Items of Interest

- The Colusa Police Department and Colusa County District Attorney's Office continue to investigate the murder of Giovanni Alcaraz. The integrity of Alcaraz's murder investigation is paramount. It is for this reason that specific details surrounding the events that led up to and the murder itself aren't made public. The Colusa Police Department will not engage nor comment on speculation put forth on social media. The United States Marshal Service is attempting to locate the suspect, Christian Suarez. Suarez is 5-09 in height, 120 pounds, with black hair and brown eyes. An arrest warrant has been issued for Suarez who is pictured below. If anyone has any information related to the location of Suarez and/or the murder of Giovanni Alcaraz, please contact the Colusa Police Department.

- Traffic congestion continues to be an issue at both Burchfield Primary School and Egling Middle School. Please remember that left turns are not permitted from the parking lots of both schools on to either Fremont Street or Webster Street. Trying to make left turns creates congestion both in the parking lots as well as the streets. Signage is posted at both schools.

Additionally, please do not stop in the roadway and allow children to exit the vehicle. Not only is this not safe but it is also a violation of the California Vehicle Code.

- During the month of March, 6 vehicles were towed as part of vehicle abatement. These vehicles had been abandoned along public roadways for extended periods of time. With the availability of additional tow trucks, we are hoping to continue to tow vehicles on a regular basis.
- Beginning in January 2022, law enforcement throughout Colusa County is required by the California Department of Justice to compile 'stop data'. The data collected is pursuant to Assembly Bill 953, commonly referred to as Racial and Identity Profiling Act (RIPA). The data includes the age, ethnicity, gender identification, location, and reason for contact. The names of the individuals contacted nor their addresses noted in this data. The most frequent law enforcement contact that this data would be collected is during traffic enforcement stop. The Colusa Police Department has partnered with the company RIPAlog to assist with compiling, processing, and submitting the data to California DOJ. During November and December, officers have been utilizing an application on their department issued cell phone to enter this data. In excess of 300 entries have been compiled. While it takes an officer approximately 1 to 2 minutes to enter data into the cell phone application, the processing and review of this data is somewhat time consuming for the supervisors and adds an additional 1 to 2 hours of work. During the month of February, officers made over 300 entries.

City of Colusa California

STAFF REPORT

DATE: May 3, 2022
TO: Mayor and Members of the City Council
FROM: Ishrat Aziz-Khan, through Jesse Cain, City Manager

AGENDA ITEM:

Consideration of Resolution approving the maximum vacation accrual limit and the requirements to vacation sell back for all groups except Fire Fighter association. Also approving the Bilingual pay for all groups.

Recommendation:

Council to approve the attached side letter to clean up the MOU content for all groups as listed above.

BACKGROUND ANALYSIS:

The city has five different labor MOUs including the Fire Fighter Association and they all have a different maximum accrual limit for vacation from one and one half (1 ½) of annual accrual to two and one half (2 ½)of annual accrual. The staff recommendation is to allow all groups to accrue double the amount of their annual accrual, except the Fire Fighter Association, which has a limit for maximum accrual of up to two and one half (2 ½) of their annual leave. Currently, the employee can sell back their accrued vacation after five or more years of service with the city, and must use 80 hours of vacation before selling back the vacation to the city. It is hard for an employee to take eighty hours of vacation on some critical positions due to the nature of their job. The staff's recommendation is to start the accrual period after completing probation period and provided the employee has taken forty hours of vacation in the last twelve months and maintains eighty accrued hours before utilizing the sell back option.

BUDGET IMPACT:

The City has twenty-eight full time employees excluding the fire department. STAFF REPORT

DATE: May 3, 2022
TO: City Council
FROM: David Swartz, PE, PLS, City Engineer

AGENDA ITEM:

Subject: Water Park Splash Pad – Bids Rejection

Recommendation: Council to adopt Resolution No. _____ rejecting all bids, and authorize staff to notify the bidders.

BACKGROUND ANALYSIS: The City has received grant funding in an amount of approximately \$177K for the installation of a waterpark splash pad feature that was placed out to bid during the month of March. Bids were opened, on March 29th. A total of two bids were received. Both bids were substantially over the planned construction budget and would have required the City council to dedicate other funds to this project in order to supplement the gap. The gap, between the budget and the low bid was approximately \$50,000 +/- . Staff have come up with an alternate strategy to construct the water park splash pad which we believe can build the project within budget.

BUDGET IMPACT: Grant funds up to \$177K

STAFF RECOMMENDATION: Approve the attached Resolution rejecting all bids.

STAFF REPORT

DATE: May 3, 2022

TO: Mayor Reische and Members of the City Council

FROM: Bryan Stice, Community Development Manager through Jesse Cain, City Manager

AGENDA ITEM:

Subject: Public Hearing for an Ordinance to amend the City of Colusa City Code, including Appendix A (Zoning), to update cannabis regulations within the City

Recommendation: Introduce, read by title only, and waive the full first reading of the proposed Ordinance: An Ordinance of the City Council of the City of Colusa, California Amending Article 4, Article 21.5, and Article 33 of the City Zoning Code and repealing Section 32.11 of Article 32 of the City Zoning Code regarding Cannabis Business Uses and Regulatory Permits.

BACKGROUND ANALYSIS:

In 2017, the City Council adopted Ordinance 519, which establish regulations applicable to the City's review and potential approval of cannabis business applications in Colusa. Since that time, State cannabis laws, market conditions, and City Council requests necessitate an update and potential adoption of new cannabis regulations.

Draft cannabis regulations were prepared by the City Attorney's office with three primary objectives:

1. To achieve consistency with State cannabis laws.
2. To update application procedures and requirements based to reflect local conditions.
3. To consider allowing cannabis storefront dispensaries.

The City Planning Commission began reviewing the draft cannabis ordinance during a public hearing on September 8, 2021. Several additional public hearings were held by the Planning Commission, where testimony was shared by both opponents and proponents of various cannabis regulations, and where individual code provisions were reviewed. At their public hearing on January 26, 2022, City Planning Commission concluded their review of the draft ordinance and voted 3-0-2 (passing Resolution 2022-01) to recommend City Council approval of the attached, draft ordinance.

As originally drafted, the ordinance included “storefront” cannabis dispensaries as conditionally allowed uses within commercial (C-G and C-H) zoning districts. As recommended for approval by the Planning Commission, the ordinance reflects limiting “storefront” cannabis dispensaries to only the industrial (M-1, M-2, & M-L) zoning districts excluding those limited industrial districts that are within the City’s “Riverfront District” located downtown.

BUDGET IMPACT:

Revenues from cannabis related business are steadily increasing with each year since 2017. Revenues associated with potential “storefront” cannabis dispensaries would represent an additional source of cannabis revenues to the City not collected currently, if such uses were approved.

STAFF RECOMMENDATION:

Staff recommends that the City Council consider the draft ordinance as recommended by the Planning Commission, testimony from the public, and which (if any) ordinance sections should be modified and/or approved.

Guarantees to ensure compliance with terms and conditions may be required by the city council. For the purposes of this section, all references to cannabis business permits in the subsections of this Section 33.03 shall apply equally to cannabis dispensary special use permit applications, fees, issuance, and permits.

City of Colusa Planning Commission
City Council of Colusa
425 Webster Street
Colusa, CA 95932

We, the undersigned merchants and businesses in the City of Colusa want the City Planning Commission and the City Council to be aware that collectively we are very opposed to the idea of marijuana dispensaries be allowed anywhere in our city.

This is not the type of commerce that presents our city as a safe and family oriented community. If allowed, it is likely that crime would rise as it has in other cities that have allowed dispensaries. Federal law prohibits the sale of marijuana. It is classified as a Schedule 1 drug by the DEA. We absolutely do not want our community's children exposed to drugs being sold openly.

That the city would even be considering allowing drug sales for the sake of possible tax dollars is simply unacceptable.

Respectfully submitted by local businesses and citizens in the City of Colusa.

STAFF REPORT

DATE: May 3, 2022

TO: City of Colusa Mayor and Council Members

FROM: Fernanda Vanetta, Grant Writer and Dave Swartz, City Engineer

AGENDA ITEM:

Subject: US Department of Transportation (DOT) Rural Surface Transportation Grant

Recommendation: Council to approve Resolution 22-___ for the city to submit grant bid to the DOT for the resurfacing of Fremont Street.

BACKGROUND ANALYSIS: The Rural Surface Transportation Grant Program will support projects to improve and expand the surface transportation infrastructure in rural areas to increase connectivity, improve the safety and reliability of the movement of people and freight, and generate regional economic growth and improve quality of life.

The parameters of the DOT's RURAL grant would allow the city to submit a complete street project for Fremont Street (between Bridge St. and 10th St.) The project would include grinding the existing surface in place and overlay with new asphalt, along with placing new water lines, the installation of storm and drainage infrastructure (36' dia), and installation of sewer where it either is in or crosses the street. New signage and striping, new curb, gutter and sidewalk along with new cross walks and rapid flashing beacon and inground lit cross walks would also be part of the project.

City Engineer Swartz has estimated the project to have a total cost of \$2,890,000 broken down as follows:

Fremont St. Preliminary Project Cost Breakdown	
CEQA / NEPA	\$15,000
Preliminary Engineering	\$25,000
Design Engineering (including surveying)	\$120,000
Construction Cost	\$2,400,000
Construction Administration & Inspection	\$80,000
Contingency	\$250,000
TOTAL	\$2,890,000

This is a competitive grant which does require a 20% cost match to program funds. Applications are due by May 23, 2022. Awards are predicted to be announced between August and October of 2022. If the city is awarded the grant, the project would have to be obligated to the DOT by September 30, 2025, with construction finalized within 18 months of obligation date.

BUDGET IMPACT: The 20% match required for this grant would result in a cost to the city of \$578,000.00 for the project as proposed. The project could be scaled back which would result in a reduction in matching funds.

STAFF RECOMMENDATION: Council to approve the Resolution 22-_____ approving the submittal of the grant to the department and committing funds if grant is awarded.

ATTACHMENT: Resolution

RESOLUTION NO. 22-__

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COLUSA APPROVING THE CITY TO SUBMIT A GRANT APPLICATION TO THE U.S. DEPARTMENT OF TRANSPORTATION'S RURAL SURFACE TRANSPORTATION GRANT PROGRAM

If awarded the city would commit a 20% cash match, which based on the preliminary budget would be \$578,000 in funds towards the project

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF COLUSA DOES HEREBY RESOLVE:

1. Recitals. The foregoing recitals are true and correct and made part of this Resolution.
2. Effective Date. This Resolution shall be effective immediately.

STAFF REPORT

TO: City of Colusa Mayor and Council Members

FROM: Logan Conley, Fire Chief and Fernanda Vanetta, Grant Writer

AGENDA ITEM:

Subject: Rural Fire Capacity (RFC) Grant for 2022-23 Fiscal Year

Recommendation: Council to approve submission of grant on behalf of the City of Colusa Fire Department for approximately \$20,000 in funds to be used for the purchase of communication equipment and Personal Protective Clothing and Equipment.

BACKGROUND ANALYSIS: CAL FIRE is accepting application from fire departments in rural areas and communities with a population of 10,000 or less for awards under the Rural Fire Capacity Program of the Cooperative Forestry Assistance Act of 1978.

The RFC Grant Program provides funding to organize, train, and equip fire departments in rural areas and rural communities to prevent and suppress fires. The award is also meant to help bring departments into compliance with the National Fire Protection Association (NFPA) 1977 *Standard on Protective Clothing and Equipment for Wildland Fire Fighting*.

Cost-share funds will be awarded to local governments to provide assistance to rural areas in upgrading their capability to organize, train, and equip local forces for fire protection. Awards will be limited to a minimum of \$500 and a projected maximum of \$20,000. Communications, for alarm systems and dispatch capabilities, should be considered an integral part of the rural fire department. Funds are available for the development and purchase of radio equipment for dispatching centers, vehicles and alert monitors, and pagers.

BUDGET IMPACT: Matching funds will be used from strike funds and so will have no impact on the General Fund budget.

STAFF RECOMMENDATION: Council to approve submission of grant application.
