NEW BUSINESS

23. Motorola Vesta Purchase – Nathan Cooke – ACTION ITEM

On April 16, 2025, a contractor conducted underground boring beneath Miro Way, struck a live SCE line and a communications cable that included all San Bernardino County Sheriff and CONFIRE 9-1-1 telephone trunks. This resulted in a high voltage of 12-kilovolts to be introduced onto the 9-1-1 lines, causing severe damage, including melted wiring within the terminal box and multiple AT&T distribution boxes. Power to the entire Miro Way complex was disrupted as a result.

The gateways that provide the interface from analog phone lines to the digital Vesta system were damaged as a result. This has had a direct impact on CONFIRE operations. Full replacement of the affected gateways is essential to restore system integrity and ensure sustained operational reliability.

Motion to approve the purchase and installation of replacement gateways for the Motorola VESTA system in the amount of \$67,665.00.
