NEW BUSINESS

11. Image Trend - ACTION ITEM

The California Health and Safety Code requires EMS providers to submit an Electronic Patient Care Report (ePCR) for every EMS response (HSC Sec 197.227, ICEMA Protocol 5030). This includes 911 calls, interfacility transfers, “dry runs,” and for patients who refuse care and/or transportation. Furthermore, LEMSAs, such as ICEMA, are responsible for implementing and coordinating ePCR data collection and reporting systems to the level necessary to maintain medical control and continuity of patient care.

CONFIRE complies with this reporting using ImageTrend ePCR software. This Software as a Service (SaaS) platform is currently managed by ICEMA on CONFIRE’s behalf through an agreement with CONFIRE. Although this arrangement allows both agencies to meet the practical and statutory requirements for EMS reporting, CONFIRE agencies have encountered certain limitations in the arrangement that may be reducing the system’s potential. These limitations include limited customization and limited data access.

As CONFIRE embarks on a new chapter of MIS focused service to its agency’s community members, capture and control of relevant data will become more crucial to ensure that data driven decisions are timely and appropriate. To achieve the maximum potential from our data systems, staff proposes that CONFIRE transition from the ICEMA managed platform of ImageTrend to one that is managed by CONFIRE directly. By doing so, CONFIRE will gain greater control over data management processes, ensuring alignment with our operational objectives and regulatory requirements.

CONFIRE’s current annual cost of using the ICEMA managed ImageTrend platform is \$123,663. This includes ImageTrend annual fees for connecting to ICEMA’s platform and integration costs to other connected software (CAD, Telestaff, FirstWatch).

The proposed transition to a CONFIRE managed ImageTrend platform and associated software integration costs result in an increase of \$390,000 for the first year for a total of \$513,663. This includes a one- time \$150,000 startup cost to be paid out of FY23/24 budget using fund balance. Fees for subsequent years represent an annual increase of \$240,000 which will be paid out of FY24/25 EMS fund. Subsequent years are also subject to a price increase from ImageTrend of not more than 7% annually.

Motion to direct Interim Manager Nathan Cooke to approach ICEMA to discuss a possible MOU, if this is not possible or fruitful, motion is to move forward funding all Image Trend fees and related integration costs using monies generated from CONFIRE’s EMS division.

12. EMS Division Uniforms - ACTION ITEM

Priority Ambulance will provide employee uniforms to the single-function paramedics and EMTs. The uniforms will display the expression “Services Provided by Priority Ambulance” to meet compliance with the California Civil Code.

The item up for consideration meets all contractual requirements and conforms to legal requirements.

This proposal has no direct cost to CONFIRE EMS and Mobile Health or CONFIRE. All expenses related to employee uniforms for single-function paramedics and EMTs are part and parcel of contracts or agreements with Priority Ambulance.

Motion to approve the proposed employee uniforms as presented.

13. EMS Division Ambulance Graphics - ACTION ITEM

On December 5, 2024, the Board of Supervisors awarded CONFIRE EMS and Mobile Health the contract for ground ambulance services for eleven exclusive operating areas in the county, known as the comprehensive service areas. Within CONFIRE’s

proposal during the RFP process, the submittal of the fleet livery was required and, therefore, submitted as part of our comprehensive proposal. The contract with the County and California Civil Code 3273 further outlines some mandatory requirements regarding ambulances.

SB 556 was approved by the legislature in 2014, adding Section 3273 to the California Civil Code. The law establishes specific signage and emblem requirements for non-publicly owned ambulances and uniforms. The law applies to all contracts that become effective on or after January 1, 2015.

The item being presented meets all contractual requirements and conforms to legal requirements. ICEMA has tentatively approved the fleet branding to conform with contractual requirements.

There is no direct cost to CONFIRE EMS and Mobile Health or CONFIRE. All expenses relating to painting, wrapping, and labeling the fleet are part and parcel of contracts or agreements with Priority Ambulance.

Motion to approve the proposed branding and livery as presented, with authorization given to modify size and location of graphics as deemed appropriate.
