2. Ambulance Branding – ACTION ITEM

It is recommended that the EMS Subcommittee review and discuss the proposed branding and livery option as presented and make recommendations for consideration by the CONFIRE Administrative Committee.

This proposal has no direct cost to CONFIRE EMS and Mobile Health or CONFIRE. All expenses related to painting, wrapping, and labeling the fleet are part and parcel of agreements with those entities providing public-based ambulances.

Motion to present the Public-Based Ambulance Livery to the CONFIRE Administrative Committee for consideration.

Motion by: Chief Jeremy Ault

3. Consultant Agreement – Viewpoint Advocacy – ADVISEMENT

The contract with Viewpoint Advocacy will enable CONFIRE to navigate complex public relation scenarios, disseminate timely and accurate information, and ensure alignment with regulatory requirements and community expectations. Viewpoint Advocacy will support CONFIRE's operational objectives and uphold its commitment to transparency and accountability.

The fiscal impact will not exceed \$72,000 for the next 12 months and is offset by reduced legal expenses. The funding will be allocated from the EMS Fund (5020)

The EMS Subcommittee receives this report as advisement of action taken by the CONFIRE Board of Directors.

4. Dispatcher Positions – **ACTION ITEM**

CONFIRE EMS is scheduled to start ground ambulance transportation services on October 1, 2024.

Recognizing the crucial need for efficient coordination within our ambulance system, staff proposes adding five Full-Time Employee (FTE) Dispatcher positions to fulfill the Ambulance System Status Coordinators role. These coordinators will play a pivotal role in ensuring seamless communication and coordination among emergency response units, hospitals, and other healthcare facilities. The current dispatching staff cannot handle the increased workload.

The fiscal impact is estimated to be \$543,300 for five (5) FTE dispatcher positions. The funding will be allocated from the EMS Fund (5020)

Motion to recommend the addition of five (5) FTE Dispatcher positions to the CONFIRE Administrative Committee.

**CONFIRE****STAFF REPORT****DATE: May 14, 2024****FROM: Nathan Cooke, Interim Director****BY: Damian Parsons, Finance/Administrative Director
Rana Gilani, Staff Analyst II****TO: CONFIRE EMS Division Subsidiary Committee**

**SUBJECT: \$2,000,000 loan to Fund 5020 (EMS) from Fund 5010
(Reserve)**

Recommendation

It is recommended that the CONFIRE EMS Division Subsidiary Committee authorize a loan from Fund 5010 (Reserve) to Fund 5020 (EMS) in the amount of \$2,000,000.

The loan will be used by the EMS Division to fund the startup cost related to hiring support staff and the respective personnel salaries, as well as the cost associated with the first 90-days of operations for the County of San Bernardino Ground Ambulance contract.

Background Information

The County of San Bernadino has awarded CONFIRE the Advanced Life Support and Basic Life Support Ground Ambulance Services, Interfacility and Critical Care Transport Services for Exclusive Operating Areas contract. To begin providing ambulance services effective October 1, 2024, as required per the agreement with the County, CONFIRE's EMS division will need funding to incur start-up costs for salaries and benefits for support staff. Fund 5010 (Reserve) will provide Fund 5020 (EMS) a loan not to exceed \$2,000,000.

It is recommended that CONFIRE utilizes the reserve in Fund 5010 by loaning it to Fund 5020 (EMS) to fund the above startup costs with no interest. This action will delay or potentially eliminate the need to utilize the loan provided by the City of Ontario at 4% interest.

The terms of the loan are as follows:

Maximum Loan Amount:	\$2,000,000.00
Minimum Amount Per Draw:	\$2,000,000.00
Draw Effective Date:	May 29, 2024
Loan Agreement:	Agreement expires 2 years from the effective date of the loan agreement. Draws request must be completed within the two years.
Interest Rate:	0%
Repayment:	Borrower will pay scheduled principal within 2 years

Fiscal Impact

The funds will be transferred from Fund 5010 to Fund 5020 once it is approved by the Administrative Committee. There will be zero interest charged to Fund 5020 for this loan and the loan must be repaid within two years from the date of the transfer of funds.

CONFIRE

STAFF REPORT

DATE: May 14, 2024

**FROM: Joe Barna
EMS Subcommittee Chair**

TO: EMS Subcommittee

SUBJECT: Implementation Fund

Background Information

On December 5, 2023, the Board of Supervisors awarded CONFIRE EMS and Mobile Health the contract for ground ambulance services for eleven exclusive operating areas in the county, known as the comprehensive service area. CONFIRE EMS is scheduled to start ground ambulance transportation services on October 1, 2024.

Implementing our ambulance service entails initial investments in equipment procurement, staff recruitment, and training, among other essential aspects. CONFIRE staff recognizes the need to establish an implementation fund to facilitate the smooth launch of our ambulance services in collaboration with our partner, Priority Ambulance. Given Priority Ambulance's pivotal role as our partner, their strategic investment in the fund will allow us to pool our resources, leveraging contributions to ensure the timely and efficient collaborative support of system development.

Staff recommends CONFIRE utilize our legal counsel, Kingsley Bogard, to develop an agreement with Priority Ambulance to establish an implementation fund, which will provide supplemental funding for costs associated with implementing the ambulance services.

Fiscal Impact

The fiscal impact of this recommendation is estimated to be \$200,000 in revenue for the EMS Fund (5020).

Recommendation

The EMS Subcommittee recommends that the Administrative Committee approve CONFIRE's legal counsel to develop an agreement with Priority Ambulance for an implementation fund.

CONFIRE Ambulance Production Update

Advisement of CONFIRE's ambulance production progress

Assembly Plant Visit

Priority Ambulance's OnDemand Specialty Vehicles assembly plant, in Jumpertown, Mississippi, is a sprawling facility assembling custom designed ambulances to meet our specific needs and requirements.

During the visit on 4/30/2024, staff members had the opportunity to witness firsthand the intricate processes involved in assembling these state-of-the-art vehicles.

OnDemand Specialty Vehicle's Quality Assurance

Comprehensive Inspection

Each ambulance undergoes a rigorous multi-point inspection to ensure all components, systems, and equipment meet stringent quality standards.

Adherence to Regulations

Strict adherence to all applicable industry regulations, safety codes, and legal requirements, ensuring compliance at every stage of production.

Skilled Technicians

Highly trained and experienced technicians meticulously assemble and inspect each ambulance, leveraging their expertise to maintain exceptional quality.

Quality Assurance Audit Trail

Maintaining detailed documentation and an audit trail for every ambulance, ensuring traceability and accountability throughout the production process.

Production Status

OnDemand Specialty Vehicles currently has over 200 ambulance chassis on site, which are in various stages of production and pre-production.

The facility's production stages are:

- Material Prep
- Production Prep
- Production Development
- Production Completion
- Outfit
- Inspection

The estimated timeline for delivering our completed ambulances, taking into account the various production stages and any potential bottlenecks or delays, is 10-12 vehicles per week.

OnDemand Specialty Vehicles is committed to setting new industry benchmarks for safety, reliability, and innovation. The company's vehicles are built with the latest technologies and customized to our unique requirements.

With a weekly output of 10 to 20 vehicles, OnDemand Specialty Vehicles showcases its impressive production capabilities. If needed, staff can be increased to boost production numbers significantly.

Upcoming Deliveries

- **Ambulance Delivery**

We anticipate the delivery of the next round of ambulances and several staff vehicles in late May, early June.

- **Increased Fleet Capacity**

The addition of this next round of ambulances will boost our overall fleet capacity to about 20% of the planned EMS system.

- **State-of-the-Art Vehicles**

These new ambulances are equipped with the latest medical equipment and advanced safety features, ensuring the highest level of patient care and crew safety during transportation.

Estimated Delivery Schedule

● 2024/05/27

The anticipated start of weekly ambulance deliveries to our operations zones.

● 2024/06/17

Ambulance deliveries reach approximately 60% of planned system delivery.

● 2024/07/01

Ambulance deliveries reach near 100% of frontline and 75% of planned system.

● 2024/08/01

Complete delivery of our EMS system front-line and reserve ambulances.

● 2024/06/10

Ambulance deliveries reach approximately 40% of planned system delivery.

● 2024/06/24

Ambulance deliveries reach approximately 70% of planned system delivery.

● 2024/07/15

Ambulance deliveries reach approximately 90% of planned system delivery.

Ambulance Production Process

The lifecycle of ambulance production project is a continuous process that continues immediately after accepting delivery in our operations zones.
