**Item Summary/Background/Prior Action**

The City of Corinth developed a strategic plan creating a vision and establishing goals to achieve the vision based on community input and future trends. It also addressed the future trends and existing constraints that the City will need to manage, as well as the assets and opportunities that can help achieve the vision. The City focused on three key strategies: Land Development, Infrastructure Development and Economic Development. The plan is evaluated every year to ensure it is still relevant and in line with council priorities.
