Item/Caption

Receive a report, hold a discussion and give staff direction on the strategic plan and priorities for the annual budget.

Item Summary/Background/Prior Action

In 2018, residents, business owners, city officials and staff crafted goals and objectives to achieve the vision for the community through the Embracing the Future – 2030 Strategic Plan. Embracing the Future-2030 was developed from an extensive community engagement process that laid out a 30-year vision for the community. The plan addressed future trends and existing constraints that the City would need to manage, as well as the assets and opportunities that can help achieve the vision for the community.

The Strategic Plan outlined goals and strategies to achieve the vision of the city council and the residents. The city focused on four key goals: Attracting Quality Development, Citizen Engagement, Proactive Government and Regional Cooperation. Through subsequent planning sessions the City Council expanded the strategies to include Health & Safety and Organizational Development.

All identified strategies and activities are essential for the City to achieve its vision of becoming a community that is conveniently located, delivers outstanding services, engages its residents, and provides the right mix of high-quality retail, restaurant, and entertainment by the year 2030. The Strategic Plan also incorporates departmental strategic plans for Fire, Police, Communication, and Technology Services.

The strategic plan is evaluated every year to ensure it is still relevant and in line with council priorities.
