### MINUTES OF THE REGULAR MEETING CITY COUNCIL OF CREST HILL WILL COUNTY, ILLINOIS September 15, 2025

The regular meeting of the City of Crest Hill was called to order by Mayor Raymond R. Soliman at 7:00 p.m. in the Council Chambers, 20600 City Center Boulevard, Crest Hill, Will County, Illinois.

The Pledge of Allegiance was recited in unison. Mayor Soliman asked for everyone to remain standing after the Pledge of Allegiance.

Mayor Soliman honored two City of Crest Hill Police Officers who lost their lives in the line of duty: Officer James W. Nink, who was killed on September 16, 1967, and Sergeant Timothy Simenson, who died on September 28, 1994. Officer Nink was killed in a traffic accident while pursuing a robbery suspect on a gravel road, veering off and striking a telephone pole. Sergeant Simonson was shot while investigating an armed robbery when he opened a trunk and discovered the offender hiding inside with a shotgun.

Mayor Soliman asked for continued prayers for both families, noting that the officer's children are now adults with children of their own. He also requested remembrance for the 3,000 victims of the September 11th tragedy and their families, the recent passing of former Illinois Governor Jim Edgar, whom he described as "a very good man" and "a good governor," and the family of Charlie Kirk, who was recently murdered. Mayor Soliman expressed sadness that Charlie Kirk's wife would never have her husband again and their two beautiful children would have to read about their father rather than know him personally. A moment of silence was observed for all mentioned.

Roll call indicated the following present: Mayor Raymond Soliman, City Clerk Christine Vershay-Hall, City Treasurer Jamie Malloy, Alderman Scott Dyke, Alderman Angelo Deserio, Alderman Darrell Jefferson, Alderwoman Claudia Gazal, Alderperson Tina Oberlin, Alderman Mark Cipiti, Alderman Nate Albert, Alderman Joe Kubal.

Also present were: City Administrator Blaine Wing, Police Chief Ed Clark, Finance Director Glenn Gehrke, City Engineer Ron Wiedeman, Community & Economic Development Daniel Ritter, City Attorney Mike Stiff.

Absent were: Interim Public Works Director Julius Hansen, Community Development Consultant Ron Mentzer, Interim Human Resource Manager Dave Strahl, Building Commissioner Don Seeman.

<u>MAYOR'S REPORT</u>: Mayor Soliman, with the Council's concurrence, moved to agenda item eleven first to accommodate representatives from the Daughter's of the American Revolution who were in attendance.

Members of the City Council read the proclamation declaring September 17-23, 2025, as Constitution Week in Crest Hill.

(#1) Motion by Alderperson Oberlin seconded by Alderwoman Gazal, to Approve the Proclamation for Constitution Week, per the memo dated September 15, 2025.

On roll call, the vote was:

AYES: Ald. Dyke, Deserio, Jefferson, Gazal, Oberlin, Cipiti, Albert, Kubal.

NAYES: None. ABSENT: None.

There being eight (8) affirmative votes, the MOTION CARRIED.

Mayor Soliman invited Pat Decker and Donna Demick from the Daughters of the American Revolution to the podium and presented them with a copy of the proclamation. He thanked them for their commitment to promoting the Constitution to younger generations.

Ms. Decker, a resident of Crest Hill and member of the Louis Joliet Chapter DAR, thanked the Mayor and Council for allowing them to receive the proclamation. She explained that the purpose of the DAR is to perpetuate the memory and spirit of those who achieved American independence in 1776 and to promote education about the Constitution. She quoted Abraham Lincoln's words about preserving the Constitution.

Alderperson Oberlin thanked the DAR representatives for their volunteer work and annual presentations.

### FINANCIAL REPORT - MAY, JUNE, & JULY 2025

Mayor Soliman presented the financial report for May, June, and July 2025, and noted it is for informational purposes only. It was included in the Council members' packets ahead of the meeting. Mayor Soliman acknowledged that unless there were any questions or clarifications sought from Council Members, particularly directed at Finance Director Glenn Gehrke or Treasurer Jamie Malloy, they would proceed to the next item on the agenda. However, no inquiries or issues were raised by any Council members.

<u>APPROVAL OF MINUTES</u>: Mayor Soliman presented the minutes from the Regular Meeting Held on September 2, 2025, per the memo dated September 15, 2025.

(#2) Motion by Alderwoman Gazal seconded by Alderman Deserio, to Approve the Minutes from the Regular Meeting Held on September 2, 2025, per the memo dated September 15, 2025.

On roll call, the vote was:

AYES: Ald. Jefferson, Gazal, Oberlin, Cipiti, Albert, Kubal, Dyke, Deserio.

NAYES: None. ABSENT: None.

There being eight (8) affirmative votes, the MOTION CARRIED.

Mayor Soliman presented the Minutes from the Work Session Meeting Held on September 8, 2025, pe the memo dated September 15, 2025.

Alderwoman Gazal asked if the public comment section could be changed to reflect what Stuart Soifer stated regarding who would collect the Cannabis Tax and what he meant. Clerk Vershay-Hall commented we would listen to the recording and change the minutes if necessary.

(#3) Motion by Alderman Deserio seconded by Alderman Dyke, to Approve the Minutes from the Work Session Meeting Held on September 8, 2025, per the memo dated September 15, 2025.

There being eight (8) affirmative votes, the MOTION CARRIED.

<u>CITY ATTORNEY</u>: City Attorney Mike Stiff reported that he had no agenda items for the meeting but was available to answer any questions. Alderman Gazal inquired about the procedure for obtaining information about costs the City had incurred. Attorney Stiff advised her to send an email to him directly.

<u>CITY ADMINISTRATOR</u>: City Administrator Blaine Wing reported on several items:

- 1. He will be forwarding parking information from the IML for the upcoming conference to all elected officials who will be attending.
- 2. The professional photos for elected officials had to be rescheduled from October 6th to October 20th due to a scheduling conflict. The photos would be taken from 5:00 PM to 7:00 PM prior to the meeting, with appointments scheduled every 10 minutes.
- He had sent Council members a status update regarding a matter of interest prior to the evening's meeting and hoped to have the topic concluded by the end of the month.

Alderperson Oberlin mentioned her internet was down, so she had not received the email updates. Administrator Wing offered to provide printed copies before she left.

Alderwoman Gazal asked for clarification about who initiated a particular matter, stating she was being blamed for it. Administrator Wing confirmed that he had started the matter and not Alderwoman Gazal.

Chief Clark also thanked everyone who volunteered for the Neighbors Night Out event on September 4th, particularly Officer Outlaw who coordinated the event. He noted that they would be having a meeting to discuss ways to improve next year's event.

Alderperson Oberlin commented on the wonderful job Officer Outlaw did organizing the event, the beautiful weather, and how much attendees enjoyed it.

Mayor Soliman also recognized the great turnout, the work of the Police Department, and the generosity of the vendors who provided food at no cost. He emphasized that the event was intended to build relationships between children and Police Officers.

### MAYOR'S REPORT:

Mayor Soliman announced there was a grand opening at O'Reilly's Auto Part store on Saturday, September 13, 2025. He stated several elected officials attended. They were able to tour the warehouse that housed 70,000 pieces of equipment in the warehouse that takes care of Illinois, Wisconsin, Iowa, and Indiana. He wished them nothing but the best.

The elected officials that attended stated that everyone was very nice and it was amazing to see what they have done with the transformation and everything they house.

<u>CITY CLERK</u>: City Clerk Christine Vershay-Hall requested Approval of Six (6) Additional Temporary Sign Permit for Mr. Auto Care Located at 2424 Plainfield Road Unit #500 per the memo dated September 15, 2025. These additional temporary sign permits would be for sixty (60) consecutive days until their permanent sign is installed.

Alderman Gazal asked what kind of signs they were using. City Clerk Vershay-Hall was not certain of the exact type, but Director Ritter indicated they were likely feather flag banners. He also mentioned that the permanent sign would need to meet the requirements of the sign ordinance or go through the Plan Commission and City Council for approval.

(#11) Motion by Alderwoman Gazal seconded by Alderman Albert, to Approve Six (6) Additional Temporary Sign Permit for Mr. Auto Care Located at 2424 Plainfield Road Unit #500 per the memo dated September 15, 2025.

### MINUTES OF THE WORK SESSION CITY COUNCIL OF CREST HILL WILL COUNTY, ILLINOIS September 22, 2025

The September 22, 2025, the City Council work session was called to order by Mayor Raymond R. Soliman at 7:00 p.m. in the Council Chambers, 20600 City Center Blvd. Crest Hill, Will County, Illinois.

The following Council members were present: Mayor Raymond Soliman, City Clerk Christine Vershay-Hall, City Treasurer Jamie Malloy, Alderman Angelo Deserio, Alderman Darrell Jefferson, Alderwoman Claudia Gazal, Alderperson Tina Oberlin, Alderman Mark Cipiti, Alderman Nate Albert, Alderman Joe Kubal.

Also Present were: Police Chief Ed Clark, City Engineer Ron Wiedeman, Community & Economic Development Director Daniel Ritter, Building Commissioner Don Seeman, City Attorney Mike Stiff.

Absent were: Alderman Scott Dyke, City Administrator Blaine Wing, Finance Director Glenn Gehrke, Interim Public Works Director Julius Hansen, Community Development Consultant Ron Mentzer, Interim Human Resource Manager Dave Strahl.

Mayor Soliman excused Alderman Dyke's attendance for the meeting.

## TOPIC: A Resolution approving an Engineering Design Agreement for Caton Farm Road over CN Railroad (formerly EJ&E) by and Between the City of Crest Hill, Will County, Illinois, and Christopher B. Burke Engineering Ltd. For an amount of \$79,650.00

City Administrator Ron Wiedeman began by explaining that the City is required by law to conduct surveys on its structures every couple of years. He noted that Crest Hill has two structures meeting this requirement: the Caton Farm Bridge over the CN Railroad and the culvert just north of Theodore on Gaylord by the west plant. This year's report showed no significant changes, but the total structure rating has been hovering around "fair."

Engineer Wiedeman provided critical context about the bridge's history saying that the project structure was built in 1986 and he could not find any records of any type of work being done on that bridge since its construction in 1986. He also emphasized that after 40 years it is well past its time of where we need to start doing some work on it.

The proposed work scope from Burke Engineering includes replacing the bridge deck, replacing bridge joints, performing patching work, and replacing the abutments. Additionally, he said that cosmetic work is needed on the rails where the guardrail attaches to the bridge to update them to current standards.

Engineer Wiedeman explained his approach into two phases where the first phase would be the substructure work, which would be everything down below. He stated this would be where we have railroad flaggers and will not require a full-time closure of the bridge. Then the second phase, involving the bridge deck replacement, would require a full closure since the bridge is only two lanes wide. Engineer Wiedeman estimated the total project cost at three-quarters of a million dollars for construction, with engineering and railroad flagging bringing the total to one million dollars. He emphasized the need to coordinate with the nearby school, planning to complete the deck work during summer when school is out of session.

Mayor Soliman conducted an informal vote to approve an agreement with Burke Engineering for \$79,650.00 for design bid plans for the Caton Farm Road Bridge.

AYES: Ald. Kubal, Albert, Cipiti, Oberlin, Gazal, Jefferson, Deserio.

NAYES: None.

ABSENT: Ald. Dyke.

This will be on the October 6<sup>th</sup> Council meeting.

### **TOPIC: Discussion and Direction on Liquor License Hour Adjustments**

Community & Economic Development Director Daniel Ritter began by acknowledging the historical context of the current restrictive liquor license hours, highlighting that both the Mayor and the Police Chief provided background on past challenges warranting these restrictions. He noted that there is valid rationale behind these early measures due to previous issues. However, Director Ritter pointed out that the City now enjoys effective enforcement and accountability. He outlined two focal concerns raised by local stakeholders:

The first area of concern is Restaurant Liquor License Closing Times. Presently, restaurants with Class H liquor licenses must cease alcohol service by 10:00 PM. Director Ritter has elaborated on the operational difficulties this poses, stating that typically, restaurants close around 11:00 PM or later, especially in sports-oriented venues such as Buffalo Wild Wings and Miller's Ale House, which often operate until midnight in alignment with sports schedules. The current constraints lead to awkward situations, such as curtailing Monday Night Football viewings.

The staff recommends extending service hours until midnight for restaurants, maintaining compliance with current regulations: 75% of the establishment's space must remain for dining purposes, food should be available throughout liquor service, and outdoor patio service should stop at 10:00 PM. This extension would also lengthen associated gaming hours.

Regarding Sunday Service Hours, brunch culture widely includes beverage service, and various entertainment venues increasingly face similar needs. Staff suggests uniformity with weekly hours, adopting a 6:00 AM to midnight framework to ease enforcement.

Mayor Soliman voiced unequivocal support for Director Ritter's proposals, marking a significant policy shift from 2009, acknowledging improved conditions, and underscoring the municipality's need to remain competitive in hopes to attract venues like Buffalo Wild Wings or Miller's Ale House which requires parity with neighboring regulations, to avoid losing potential business to other communities.

Police Chief Ed provided insights on striking the right balance between public safety and revenue stating that public safety is paramount, but revenue considerations are equally

crucial. Surveillance and regulatory compliance are ongoing to preempt issues, with immediate actions if warranted.

All Council members commended Director Ritter's efforts for initiating the proposed changes. The sentiment echoed among members who asserted the necessity for progress, and as times evolve, so must the City.

Alderwoman Gazal commended Building Commissioner Don Seeman for everything he does for the Council and the City and stated that he goes above and beyond and thanked him for everything he does. She also thanked City Engineer Ron Wiedeman for all he has done, as well.

Alderperson Oberlin seconded the praise for Commissioner Seeman and added that he never gets angry and is always happy to help.

Mayor Soliman asked if anyone was against the proposal to change the hours of operation for restaurants and change the hours of liquor and video gaming starting at 6:00 a.m. every day of the week. There were no objections.

### **TOPIC: Projector Project - Council Chamber**

The Mayor informed the Council that City Administrator Blaine Wing had been unexpectedly called out of town due to a family emergency. Acknowledging that he had conducted extensive work on upgrading televisions and projections systems in the Council Chambers with Stuart's involvement, the Mayor recommended tabling the discussion. He emphasized that proceeding without Administrator Wing, who had dedicated significant effort to this project, would be inappropriate.

The Council supported tabling the matter, and the Mayor confirmed it would be revisited during the work session on October 13th.

### **TOPIC: Consent Agenda Discussion**

Mayor Soliman noted that this item also involved significant work by Administrator Wing and Attorney Stiff. Following the same reasoning as the previous item, he stated that it was only fair to table this item as well.

Council members again agreed with the decision to table the item.

The item was officially tabled until the October 13th work session.

### **PUBLIC COMMENTS:**

Mayor Soliman opened the floor for public comment, and no one approached the podium.

### **MAYOR UPDATES:**

Mayor Soliman announced that he attended the grand opening for CRX Boxing Gymnasium in the fitness center at Hillcrest Shopping Center, along with approximately ten representatives from the Joliet Chamber of Commerce.

Mayor Soliman also announced that on Saturday, September 20<sup>th</sup>, he attended Window World's fifteen-year anniversary celebration on Caton Farm Road with Brian Hopkins. City Clerk Christine Vershay-Hall and City Treasurer Jamie Malloy also attended the

celebration. Mayor Soliman commented that it was a very nice anniversary celebration with amenities including a petting zoo, hot dogs, and games for children, with many giveaways.

Following the Window World event, Mayor Soliman stated that they visited Mr. Auto Care, located off Plainfield Road behind the French Quarters. The Mayor praised the owner, Chris, and stated that he was particularly impressed with the facility having never seen a cleaner automotive repair shop anywhere he had been. Mayor Soliman expressed hope that the business would do well.

### **COMMITTEE/LIAISON UPDATES:**

There were no committee/liaison updates.

### **CITY ADMINISTRATOR UPDATES:**

The meeting adjourned at 7:30 PM.

There were no updates due to the City Administrator's absence.

There being no further business before the Council, and no action needed from the executive sessions, the meeting is adjourned.

Approved thisday of	, 2025.

### Agenda Memo

Crest Hill, IL

Meeting Date: October 6, 2025

**Submitter:** Blaine Wing, City Administrator

**Department:** Administration

**Agenda Item:** | Consideration of a Flexible Benefit Account Program

**Summary:** It is my understanding that staff have brought Section 125 plans (Flexible Spending Benefits) to City Council in the past. (See background memos that are attached.) In addition, let me share some of the reasonings why I support these plans and using vendors like WEX:

### Benefits for Employers:

- **Payroll Tax Savings**: Employers save on FICA and FUTA taxes because employee taxable wages are reduced.
- Enhanced Recruitment & Retention: Offering a Section 125 plan makes the benefits package more attractive, helping to recruit and retain top talent.
- Improved Employee Satisfaction: Employees appreciate having choices and saving money, which can lead to higher morale and productivity.
- **Cost-Effective Benefit Offering**: Employers can offer valuable benefits without significantly increasing costs.

#### Benefits for Employees:

- **Tax Savings**: Employees can pay for eligible expenses (like health insurance premiums, dependent care, and medical costs) with pre-tax dollars, reducing their taxable income.
- **Increased Take-Home Pay**: Because less income is taxed, employees effectively have more disposable income.
- **Flexible Benefits**: Employees can choose from a menu of benefits that best suit their personal and family needs.
- Coverage for Key Expenses: Plans often include Flexible Spending Accounts (FSAs) for medical and dependent care, helping employees manage out-of-pocket costs.

**Recommended Council Action:** Approval of adding Flexible Benefit Account Program (IRS Section 125) as part of our optional benefits.

### **Financial Impact:**

Funding Source: General Fund

**Budgeted Amount:** Approximately \$3,000 annually for administrative costs.

**Cost:** Employees deduct money from their paychecks to support.

### City Council Agenda Memo

Crest Hill, IL

Meeting Date: October 6, 2025

**Submitter:** Dave Strahl, Interim Human Resources Manager

**Department:** Human Resources

**Agenda Item:** Consideration of a Flexible Benefit Account Program

**Summary:** Discussion on Potential Additional Employee Benefit – Flexible Benefit Account Program

Human Resources staff brought the option of a Flexible Spending Account (IRS Section 125) to a city council workshop meeting on February 26, 2024. The city council was supportive of moving forward with establishing the plan. However, due to the insurance year being effective July 1 each year and a flex plan being best understood through a typical calendar year, the insurance broker recommended the program be delayed. The insurance year will be changing in 2027 to a January 1 date, and the current insurance rates are effective from July 1, 2025 to December 31, 2026. Due to the change of insurance year and rates being set for the upcoming year the timing to establish the flex plan effective 2026 makes the most sense at this time.

Attached are a copy of the previous memorandum and a copy of the minutes from the meeting of February 26, 2024 as background on the details of the program.

Recommended Council Action: Approval of establishing a Flexible Spending Account effective January 1, 2026 for employees to fund deductibles, out-of-pocket expenses, and dependent care expenses with pre-tax payroll dollars. Employees participating in the program would receive a pre-loaded debit card for their use. The City Council was supportive of establishing the flex plan in February 2024, but at this time staff is requesting formal approval to initiate the process to offer the benefit.

### **Financial Impact:**

**Funding Source:** General Fund and the creation of a segregated account for employee contributions for payroll deductions and ACH transfer as expenses are realized. Based on the employee participation levels the city would have to fund the employees' financial pledge of each employee prior to collecting the funds through payroll deductions during the upcoming year.

Budgeted Amount: Annual Administrative cost: \$2880

**Cost:** Annual benefit funding is based on employee participation. Potential of some expense to the city if an employee leaves employment prior to making the full contribution recovery after the benefit was spent by the employee.

### City Council Agenda Memo

Crest Hill, IL

Meeting Date: | February 26, 2024

Submitter: Dave Strahl, Interim Human Resources Representative

Department: Human Resources

Agenda Item: Consideration of a Flex Account Program

Summary: Discussion on Potential Additional Employee Benefit - Flex Account

IRS regulations (Section 125) allow for employers to set up voluntary contribution plans that allow employees to fund deductibles, out of pocket expenses and dependent childcare expenses through pre-tax dollars using a program commonly referred to as a flexible spending plan. Employees can voluntarily divert wages into an account for medical related expenses and a separate account for dependent care depending on the employee's financial situation and needs. The funds may be used for deductibles, co-pays and prescription co-pays. The funds would be diverted pre-tax which would save employees generally about 25% to 30% of their purchasing power instead of using net dollars for the same expenses.

These voluntary deductions can be made on an annual basis and may be altered due to major life event, birth, death, employment status change, etc. The deductions, if not used by the end of the deduction year will be forfeited and cannot be carried over into a new year. The deductible year period would coincide with the insurance year (May 1 to April 30) since this is the effective date of health insurance changes for the city on an annual basis and when many annual monthly deductions are effective.

Some additional details to be mindful regarding a flex plan.

- The funds are available and used through a third party that administers the program that allows the employee to use a debit style card to access the funds.
- All determinations of eligibility will be handled by the third-party administrator.
- All funds for employee use related to medical expenses are available on the first day of the
  insurance year. Therefore, the city would fund the accounts on behalf of the participating
  employees and the funds contributed by the employees through each payroll contribution
  will replenish the account that the city used to fund the benefit.
- When the employee leaves the city's employment the employee would have a limited window to use the existing funds. The timeframe is set by the employer and any claims

that would be processed would be limited to services provided prior to the employee's change in employment status. Any remaining funds in the employee's account after the pre-determined period for submittal of claims would not be eligible for use by the employee.

- At the conclusion of an insurance year (April 30) the employee would have a predetermined period to submit claims for processing using funds from the previous year. This period is pre-determined by the employer. The claims submitted must be for services provided during the prior insurance year (between April 30 and May 1 of the previous year).
- Dependent care coverage is a pay-as-you-go system that is reimbursed based on proper documentation of dependent care expenses to the third-party provider.
- The city would incur a maximum annual administrative expense of \$2880 or \$240 per month based on the number of participants. This estimate assumes every employee utilizes the program.
- Would recommend a maximum employee contribution amount of \$4000 annually (\$158.85 per payroll). The maximum out of pocket level for BlueCross/Blue Shield is \$3000 per family and the IUOE, Local 150 plan is \$6000. The funds can be used for any out-of-pocket expenses not covered by insurance, co-pays, prescription co-pays, deductibles, etc.

These plans are very common among employers and can be seen as a benefit that puts the city on a more comparable basis with other area employers as the city competes for quality employees. This plan could be in place effective May 1, 2024, for the upcoming health insurance year.

Recommended Council Action: Discussion and direction as to whether the city council is supportive of adding this benefit for the employees.

### Financial Impact:

Funding Source: General Fund and Creation of an Account for Employee Contribution Recovery from Payroll Deductions

Budgeted Amount: Annual Administrative Costs - \$2880

Cost: Annual benefit funding based on employee participation. Potential of some loss to the city when employee leaves employment prior to making the full contribution recovery after benefit was spent by the employee.

### Medical FSA and Dependent Care FSA

### **Contribution limits & IRS regulations**

The IRS sets the maximum dollar amount you can elect and contribute to a medical flexible spending account (medical FSA) and dependent care FSA. The FSA annual contribution limit is:

Medical FSA - \$3,050

Dependent Care FSA - \$5,000 per family or \$2,500 if filing separately

#### Medical FSA

Once you elect, all of your medical FSA dollars are available for you to use the very first day of the plan year. For example, if you elect to contribute \$1,200 to your medical FSA, your contributions will be deducted evenly across all of your paychecks for the year, but you have access to all \$1,200 on Day 1! You can use your funds for expenses incurred by you, your spouse or eligible dependents.

### Dependent care FSA

The dependent care FSA allows you to use the funds in your account as you contribute to the dependent care FSA from your paycheck. After each payroll contribution has been made, those funds are applied to your account and available for reimbursement. This is different from a medical FSA because you cannot use all of the funds Day 1.

#### Use-or-lose

Don't forget to spend your FSA dollars. If you have not used all of your FSA dollars before the end of the plan year, you will forfeit any money left in your account. (Check with your employer to confirm how many days you have to submit claims for reimbursement after the plan year ends.)

### Changing your FSA election

During open enrollment, you can elect an FSA and determine how much you want to contribute. In order to make changes after open enrollment, you need to experience a qualifying life event.

### Qualifying life events for any FSA:

- Change in marital status
- Change in the number of dependents
- Increase due to birth, adoption or marriage
- Decrease due to death, divorce or loss of eligibility
- Gain or loss of eligibility due to a change in participant, spouse or dependent employment status

### Additional dependent care FSA qualifying life events include:

Change in daycare providers

- Child turning age 13
- Increase or decrease in the cost of qualifying day care expenses
- Judgement, decree or order requiring a change in coverage

If you experience a qualifying life event, contact your employer to make changes to your election.

### **Dependent Care FSA**

Why should I choose a dependent care FSA?

A dependent care FSA allows you to put aside a portion of your paycheck before taxes for eligible dependent care expenses each year.

### Save money

The dependent care FSA lets you pay for eligible dependent care expenses while you reap the benefits of additional tax savings. You're spending the money either way. This way, eligible childcare and other dependent care costs are a little less.

### Save strategically

Submit all of your dependent care expenses at the end of the plan year for one lump sum reimbursement to give yourself a hard-earned "bonus".

The list includes, but is not limited to, eligible:

- Childcare center, babysitter, nanny (birth through age 12)
- Summer day camp
- · Before- or after-school care
- Disabled dependent and/or spouse care
- · Elder care

### **Fast Fact**

For recurring costs, submit our Recurring Dependent Care Form. It makes claim filing simple because you only need to submit one form once in order to get reimbursed each pay period. You can find the form on the back of this handout.

View our interactive eligible expense list at www.wexinc.com/insights/benefits-toolkit/eligible-expenses/

### Can | enroll?

You are eligible if you and/or your spouse (if applicable) are gainfully employed, looking for work, or are attending school on a full-time basis.

21

### **Dependent Care FSA**

### **Contribution Limits & IRS Regulations**

The IRS sets the maximum dollar amount you can elect and contribute to a dependent care flexible spending account (dependent care FSA). The annual contribution limit is:

Per household: \$5,000 Per person (if married and filing separately): \$2,500

Although most people incur more than the limit per year, we recommend reviewing how much you spend on eligible dependent care expenses every year to determine your election.

### Funds available as you contribute

Funds will be available to you as they're deducted from your paycheck and contributed to the plan. This means when payroll is processed and your paycheck is available to you, your dependent care FSA contributions will be applied to your account and available for reimbursement.

### **Fast Fact**

A great way to set it and forget it is to use our Recurring Dependent Care Form that allows you to submit one claim for the entire year and you will be reimbursed after each payroll.

Don't forget to spend your FSA dollars. If you have not used all of your FSA dollars before the end of the plan year, you will forfeit any money left in your account. (Check with your employer to confirm how many days you have to submit claims for reimbursement after the plan year ends.)

### Changing your dependent care FSA election

In order to make changes to your election after open enrollment, you need to experience a qualifying life event. These events include:

- Change in marital status
- Change in the number of dependents
- Increase due to birth, adoption or marriage
- Decrease due to death, divorce or loss of eligibility
- Gain or loss of eligibility due to a change in participant, spouse or dependent employment status
- Change in daycare providers
- Child turning age 13
- Increase or decrease in the cost of qualifying daycare expenses
- Judgement, decree or order requiring a change in coverage

If you experience a qualifying life event, contact your employer to make changes to your election.

### MINUTES OF THE WORK SESSION CITY COUNCIL OF CREST HILL WILL COUNTY, ILLINOIS February 26, 2024

The February 26, 2024 City Council work session was called to order by Mayor Raymond R. Soliman at 7:02 p.m. in the Council Chambers, 20600 City Center Blvd. Crest Hill, Will County, Illinois.

The following Council members were present: Mayor Raymond Soliman, City Clerk Christine Vershay-Hall, City Treasurer Glen Conklin, Alderman Scott Dyke, Alderman John Vershay, Alderman Darrell Jefferson, Alderwoman Claudia Gazal, Alderperson Tina Oberlin, Alderman Mark Cipiti, Alderman Nate Albert.

Also Present were: Interim Administrator Tony Graff, Police Chief Ed Clark, City Engineer Ron Wiedeman, Finance Director Lisa Banovetz, Interim Public Works Director Mike Eulitz, Interim Director of Community Development Ron Mentzer, Building Commissioner Don Seeman, Interim Employee Relations Dave Strahl, City Attorney Mike Stiff.

Absent were: Alderman Joe Kubal, Interim Planner Maura Rigoni.

### TOPIC: Consideration of a Flex Account Program Discussion

Interim Human Resource Manager Dave Strahl proposed an additional flex plan employee benefit. He commented that a flex plan is under the IRS Section 125, where it allows the employee to contribute money tax free to help pay for co-pays and deductibles from a debit card that would be loaded with the money they contribute, and it would draw down as the employee uses it. The employee can select an amount that they would be comfortable with per employee, and they will contribute up to that amount. The money would be available for the employees to use and would be set up like a trust account where there would be money set aside and the employees would pay back overtime. He stated that he wanted the Council to be aware that if an employee spends all their money and leaves the city, we could not recover the funds since the funds were spent while they were employed. He also commented that if the employee needed dependent care, which would be a pay as you go, and a straight reimbursement based on the amount needed and you could cap this as well. There is an administration fee of \$2,800.00, which would be the actual expense.

Alderperson Oberlin asked if they do not spend it does it roll over. Interim Manager Strahl commented that it does not roll over. Alderperson Oberlin then asked if the money is not spent then will it stay in the pool. Interim Manager Strahl commented that it would get distributed back to the employer if it is not spent at the end of the year. He was asked if there has been a demand for this and he stated that there has not been. She then asked when the Council would have to decide about this. Interim Manager Strahl commented that he would need to know in the fall of this year, and this would not start until July 1, 2025.

Alderwoman Gazal asked why we do not consider this right away, so we do not forget about this.

Mayor Soliman asked if any of the Council is against this. No comments were made,

Mayor Soliman then asked for an informal vote to proceed with the Flex Plan for 2025.

AYES: Ald. Dyke, Vershay, Jefferson, Gazal, Oberlin, Cipiti, Albert.

NAYES: None

ABSENT: Ald. Kubal.

Alderman Cipiti commented that he feels this is a great benefit for the employees and this will help their money go a little farther when it is taken tax free.

Mayor Soliman excused Alderman Kubal from tonight's meeting.

TOPIC: Consideration to Suspend Business License Penalty Fees to June 1, 2024
Interim City Administrator Tony Graff commented that we are requesting approval to suspend the late fee until June 1, 2024 which will give us time to look at amending the actual ordinance itself. He commented that we can look at keeping the penalty fee three times the amount of the business license or look at other options regarding motivating business owners to comply and not penalize them.

Interim Administrator Graff commented that collaborating with the Clerk's Office he feels this is the best option and knowing we have until June 1, 2024, we will have to come back to the Council quickly and amend the ordinance. He also commented that we can have a late fee grace period, or send another written notice, or change the fee to a one time the amount instead of three times the amount of the license.

Interim Administrator Graff commented that there is no rush, but we need direction. He also commented that there are forty-nine businesses that are outstanding and a few of them have paid their business license fee but did not pay the penalty fee.

Interim Administrator Graff commented that we need to do a resolution or some type of legislative action stating we are suspending the penalty fees until June 1<sup>st</sup>, 2024. City Attorney Mike Stiff commented that we in the past have suspended the Special Events Ordinance. Attorney Stiff suggested stopping the penalty fees until June 1, 2024 but the fee for the license is still due and owed. Alderwoman Gazal asked are we were holding their business license or are we were giving them their business license if they paid the license fee, she then commented what is the solution for the people that are outstanding.

Alderperson Oberlin asked what if they do not pay the fees after we issue the license to them. Interim Administrator Graff commented that this is why you have administrative adjudication, tickets are your best route.

Alderwoman Gazal commented that she feels we are all over the place right now. Interim Administrator Graff commented that he understands but if we are in favor or suspending the penalty fee until June 1<sup>st</sup> then we will work on the language of the ordinance stating that if the fee is paid minus the penalty fee, we can release the license since we are holding them currently because the ordinance clearly states all fees must be paid before releasing the license.

Alderwoman Gazal commented that we have too many scenarios going on and she used Tacos Before Vatos as an example stating that they have until the end of the month to pay their eating tax and the \$750 fine. Interim Administrator Graff commented that

### Agenda Memo

Crest Hill, IL

Meeting Date: October 6, 2025

**Submitter:** Ronald J Wiedeman

**Department:** Engineering

**Agenda Item:** A Resolution approving an Engineering Design Agreement for Caton Farm Rd

over CN Railroad (formally EJ&E) by and Between the City of Crest Hill, Will County, Illinois and Christopher B. Burke Engineering, Ltd. for an amount of

\$79,650.00.

**Summary:** Every two year the city is responsible for performing structure inspections on all bridge or large culverts under the responsibility of the city. The following are the required structures within the city that require structure inspections.

- Caton Farm Rd Over the CN Railroad (Formally EJ&E)
- Gaylord Road Over Rock Run Creek

This year's report prepared by Christopher Burke Engineering (CBBEL) outlined a suggested scope of work for the Caton Farm Rd Over the CN Railroad structure (see attached 2025 bridge inspection report).

There have been no significant changes to the condition of the bridge since the last inspection, but maintenance is required. Parts of the bridge like the deck and bearing are in fair condition while the joints are in poor condition. While, the bridge superstructure and substructure are in good conditions some repairs are noted in the inspection report.

In order to keep this bridge in satisfactory condition the next few years are the best time to perform work while the repair costs are the most economical. Below is a list of suggested repairs:

- Remove and replace bridge approach slabs.
- Remove and replace bridge joints.
- Install a latex concrete overlay on the bridge deck.
- Perform bridge deck patching.
- Clean the existing abutment bearing and encase them in concrete since they are all fixed bearing.

- Perform epoxy crack injections repairs and formed concrete repairs in the existing abutments.
- Perform polymer modified cement mortar repairs on beams as needed.
- Replace bridge approaches.
- Minor roadway, curb and gutter and sidewalk removal and replacement.
- Upgrade damaged or old guard rail.

The Engineering Department reached out to CBBEL, the consultant who performed the structure inspections and requested a proposal to complete the design plans for the work listed above. The proposal anticipates that two separate contracts will be completed. Contract 1 will be superstructure and substructure work which will not require any full-time lane closers and contract 2 will be bridge deck and roadway work. Contract 2 will require either a detour or temporary one-way traffic signal.

The current schedule will have contact 1 ready by April 2026 and contract 2 by early 2027. Railroad coordination will take time so starting the work as soon as possible will put us in a position to repair, if the City has funding available next year and in 2027.

Attached is an agreement from Christopher B. Burke Engineering, Ltd. to provide professional design services for the work discussed above.

These services will include the following:

- Field Reconnaissance and Documentation.
- Pre-final Plans and Specifications and Estimate (90%).
- Final Plans and Specifications and Estimate (100%).
- Railroad Coordination.
- Project Administration and Management.
- Attend Project Meeting
- Provide support during the bidding process.

Construction Engineering has not been negotiated at this time, but will be once the project is ready for bid. Once the construction engineering scope and fee are determined, an agreement will be presented to the City Council for review and approval.

### **Recommended Council Action:**

A Resolution approving an Engineering Design Agreement for Caton Farm Rd over CN Railroad (formally EJ&E) by and Between the City of Crest Hill, Will County, Illinois and Christopher B. Burke Engineering, Ltd. for an amount of \$79,650.00.

#### **Financial Impact:**

**Funding Source:** MFT Fund

**Budgeted Amount:** \$93,750.00

**Cost:** \$79,650.00

THIS AGREEMENT IS MADE between the above Local Public Agency (LPA) and Consultant (ENGINEER) and covers certain professional engineering services in connection with the improvement of the above SECTION. Project funding allotted to the LPA by the State of Illinois under the general supervision of the State Department of Transportation, hereinafter called the "DEPARTMENT," will be used entirely or in part to finance ENGINEERING services as described under AGREEMENT PROVISIONS.

Since the services contemplated under the AGREEMENT are professional in nature, it is understood that the ENGINEER, acting as an individual, partnership, firm or legal entity, qualifies for professional status and will be governed by professional ethics in its relationship to the LPA and the DEPARTMENT. The LPA acknowledges the professional and ethical status of the ENGINEER by entering into an AGREEMENT on the basis of its qualifications and experience and determining its compensation by mutually satisfactory negotiations.

WHEREVER IN THIS AGREEMENT or attached exhibits the following terms are used, they shall be interpreted to mean:

Regional Engineer Deputy Director, Office of Highways Project Implementation, Regional Engineer, Department of

Transportation

Resident Construction Supervisor 
Authorized representative of the LPA in immediate charge of the engineering details of the

construction PROJECT

In Responsible Charge A full time LPA employee authorized to administer inherently governmental PROJECT activities

Contractor Company or Companies to which the construction contract was awarded

Item 5.

#### THE ENGINEER AGREES,

- 1. To perform or be responsible for the performance of the Scope of Services presented in EXHIBIT A for the LPA in connection with the proposed improvements herein before described.
- 2. The Classifications of the employees used in the work shall be consistent with the employee classifications and estimated staff hours. If higher-salaried personnel of the firm, including the Principal Engineer, perform services that are to be performed by lesser-salaried personnel, the wage rate billed for such services shall be commensurate with the payroll rate for the work performed.
- 3. That the ENGINEER shall be responsible for the accuracy of the work and shall promptly make necessary revisions or corrections required as a result of the ENGINEER'S error, omissions or negligent acts without additional compensation. Acceptance of work by the LPA or DEPARTMENT will not relieve the ENGINEER of the responsibility to make subsequent correction of any such errors or omissions or the responsibility for clarifying ambiguities.
- 4. That the ENGINEER will comply with applicable Federal laws and regulations, State of Illinois Statutes, and the local laws or ordinances of the LPA.
- 5. To pay its subconsultants for satisfactory performance no later than 30 days from receipt of each payment from the LPA.
- 6. To invoice the LPA, The ENGINEER shall submit all invoices to the LPA within three months of the completion of the work called for in the AGREEMENT or any subsequent Amendment or Supplement.
- 7. The ENGINEER or subconsultant shall not discriminate on the basis of race, color, national origin or sex in the performance of this AGREEMENT. The ENGINEER shall carry out applicable requirements of 49 CFR part 26 in the administration of US Department of Transportation (US DOT) assisted contract. Failure by the Engineer to carry out these requirements is a material breach of this AGREEMENT, which may result in the termination of this AGREEMENT or such other remedy as the LPA deems appropriate.
- 8. That none of the services to be furnished by the ENGINEER shall be sublet, assigned or transferred to any other party or parties without written consent of the LPA. The consent to sublet, assign or otherwise transfer any portion of the services to be furnished by the ENGINEER shall be construed to relieve the ENGINEER of any responsibility for the fulfillment of this AGREEMENT.
- 9. For Preliminary Engineering Contracts:
  - (a) To attend meetings and visit the site of the proposed improvement when requested to do so by representatives of the LPA or the DEPARTMENT, as defined in Exhibit A (Scope of Services).
  - (b) That all plans and other documents furnished by the ENGINEER pursuant to the AGREEMENT will be endorsed by the ENGINEER and affixed the ENGINEER's professional seal when such seal is required by law. Such endorsements must be made by a person, duly licensed or registered in the appropriate category by the Department of Professional Regulation of the State of Illinois. It will be the ENGINEER's responsibility to affix the proper seal as required by the Bureau of Local Roads and Streets manual published by the DEPARTMENT.
  - (c) That the ENGINEER is qualified technically and is thoroughly conversant with the design standards and policies applicable for the PROJECT; and that the ENGINEER has sufficient properly trained, organized and experienced personnel to perform the services enumerated in Exhibit A (Scope of Services).
- 10. That the engineering services shall include all equipment, instruments, supplies, transportation and personnel required to perform the duties of the ENGINEER in connection with this AGREEMENT (See DIRECT COST tab in BLR 05513 or BLR 05514).

#### II. THE LPA AGREES.

- 1. To certify by execution of this AGREEMENT that the selection of the ENGINEER was performed in accordance with the Professional Services Selection Act (50 ILCS 510) (Exhibit C).
- 2. To furnish the ENGINEER all presently available survey data, plans, specifications, and project information.
- 3. To pay the ENGINEER:
  - (a) For progressive payments Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER, such payments to be equal to the value of the partially completed work minus all previous partial payments made to the ENGINEER.
  - (b) Final payment Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and DEPARTMENT a sum of money equal to the basic fee as determined in this AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEF

The Fixed Fee cannot exceed 15% of the DL + OH.

- (c) For Non-Federal County Projects (605 ILCS 5/5-409)
  - (1) For progressive payments Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER. Such payments to be equal to the value of the partially completed work in all previous partial payments made to the ENGINEER.
  - (2) Final payment Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and STATE, a sum of money equal to the basic fee as determined in the AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.
- 4. To pay the ENGINEER as compensation for all services rendered in accordance with the AGREEMENT on the basis of the following compensation method as discussed in 5-5.10 of the BLR Manual.

5. The recipient shall not discriminate on the basis of race, color, national original or sex in the award and performance of any US DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The recipient shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of US DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR part 26 and as approved by US DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as violation of this AGREEMENT. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C 3801 et seq.).

#### III. IT IS MUTUALLY AGREED,

Method of Compensation:

- To maintain, for a minimum of 3 years after the completion of the contract, adequate books, records and supporting documents to verify the amount, recipients and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records and supporting documents related to the contract shall be available for review and audit by the Auditor General, and the DEPARTMENT; the Federal Highways Administration (FHWA) or any authorized representative of the federal government, and to provide full access to all relevant materials. Failure to maintain the books, records and supporting documents required by this section shall establish a presumption in favor of the DEPARTMENT for the recovery of any funds paid by the DEPARTMENT under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.
- 2. That the ENGINEER shall be responsible for any all damages to property or persons out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and save harmless the LPA, the DEPARTMENT, and their officers, agents and employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
  - The LPA will notify the ENGINEER of any error or omission believed by the LPA to be caused by the negligence of the ENGINEER as soon as practicable after the discovery. The LPA reserves the right to take immediate action to remedy any error or omission if notification is not successful; if the ENGINEER fails to reply to a notification; or if the conditions created by the error or omission are in need of urgent correction to avoid accumulation of additional construction costs or damages to property and reasonable notice is not practicable.
- 3. This AGREEMENT may be terminated by the LPA upon giving notice in writing to the ENGINEER at the ENGINEER's last known post office address. Upon such termination, the ENGINEER shall cause to be delivered to the LPA all drawings, plats, surveys, reports, permits, agreements, soils and foundation analysis, provisions, specifications, partial and completed estimates and data, if any from soil survey and subsurface investigation with the understanding that all such materials becomes the property of the LPA. The LPA will be responsible for reimbursement of all eligible expenses incurred under the terms of this AGREEMENT up to the date of the written notice of termination.

- 4. In the event that the DEPARTMENT stops payment to the LPA, the LPA may suspend work on the project. If this agreem Item 5. suspended by the LPA for more than thirty (30) calendar days, consecutive or in aggregate, over the term of this AGREE the ENGINEER shall be compensated for all services performed and reimbursable expenses incurred prior to receipt of notice of
  - suspension. In addition, upon the resumption of services the LPA shall compensate the ENGINEER, for expenses incurred as a result of the suspension and resumption of its services, and the ENGINEER's schedule and fees for the remainder of the project shall be equitably adjusted.
- This AGREEMENT shall continue as an open contract and the obligations created herein shall remain in full force and effect until 5. the completion of construction of any phase of professional services performed by others based upon the service provided herein. All obligations of the ENGINEER accepted under this AGREEMENT shall cease if construction or subsequent professional services are not commenced within 5 years after final payment by the LPA.
- That the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or 6. negligent act in the prosecution of the ENGINEER's work and shall indemnify and have harmless the LPA, the DEPARTMENT, and their officers, employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
- 7. The ENGINEER and LPA certify that their respective firm or agency:
  - (a) has not employed or retained for commission, percentage, brokerage, contingent fee or other considerations, any firm or person (other than a bona fide employee working solely for the LPA or the ENGINEER) to solicit or secure this AGREEMENT,
  - (b) has not agreed, as an express or implied condition for obtaining this AGREEMENT, to employ or retain the services of any firm or person in connection with carrying out the AGREEMENT or
  - (c) has not paid, or agreed to pay any firm, organization or person (other than a bona fide employee working solely for the LPA or the ENGINEER) any fee, contribution, donation or consideration of any kind for, or in connection with, procuring or carrying out the AGREEMENT.
  - (d) that neither the ENGINEER nor the LPA is/are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency,
  - (e) has not within a three-year period preceding the AGREEMENT been convicted of or had a civil judgment rendered against them for commission of fraud or criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property.
  - (f) are not presently indicated for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph and
  - (g) has not within a three-year period preceding this AGREEMENT had one or more public transaction (Federal, State, local) terminated for cause or default.

Where the ENGINEER or LPA is unable to certify to any of the above statements in this clarification, an explanation shall be attached to this AGREEMENT.

- In the event of delays due to unforeseeable causes beyond the control of and without fault or negligence of the ENGINEER no 8. claim for damages shall be made by either party. Termination of the AGREEMENT or adjustment of the fee for the remaining services may be requested by either party if the overall delay from the unforeseen causes prevents completion of the work within six months after the specified completion date. Examples of unforeseen causes included but are not limited to: acts of God or a public enemy; acts of the LPA, DEPARTMENT, or other approving party not resulting from the ENGINEER's unacceptable services; fire; strikes; and floods.
  - If delays occur due to any cause preventing compliance with the PROJECT SCHEDULE, the ENGINEER shall apply in writing to the LPA for an extension of time. If approved, the PROJECT SCHEDULE shall be revised accordingly.
- This certification is required by the Drug Free Workplace Act (30 ILCS 580). The Drug Free Workplace Act requires that no 9. grantee or contractor shall receive a grant or be considered for the purpose of being awarded a contract for the procurement of any property or service from the DEPARTMENT unless that grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to suspension of contract on grant payments, termination of a contract or grant and debarment of the contracting or grant opportunities with the DEPARTMENT for at least one (1) year but not more than (5) years.

For the purpose of this certification, "grantee" or "Contractor" means a corporation, partnership or an entity with twenty-five (25) or more employees at the time of issuing the grant or a department, division or other unit thereof, directly responsible for the specific performance under contract or grant of \$5,000 or more from the DEPARTMENT, as defined the Act.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
  - (1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
  - (2) Specifying actions that will be taken against employees for violations of such prohibition.
  - (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:
    - (a) abide by the terms of the statement; and
    - (b) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than (5) days after such conviction.
- (b) Establishing a drug free awareness program to inform employees about:
  - (1) The dangers of drug abuse in the workplace;

(2) The grantee's or contractor's policy to maintain a drug free workplace;

Item 5. (3) Any available drug counseling, rehabilitation and employee assistance program; and

(4) The penalties that may be imposed upon an employee for drug violations.

- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.
- (d) Notifying the contracting, or granting agency within ten (10) days after receiving notice under part (b) of paragraph (3) of subsection (a) above from an employee or otherwise, receiving actual notice of such conviction.
- (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program.
- (f) Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act, the ENGINEER, LPA and the Department agree to meet the PROJECT SCHEDULE outlined in EXHIBIT B. Time is of the essence on this project and the ENGINEER's ability to meet the PROJECT SCHEDULE will be a factor in the LPA selecting the ENGINEER for future projects. The ENGINEER will submit progress reports with each invoice showing work that was completed during the last reporting period and work they expect to accomplish during the following period.

- Due to the physical location of the project, certain work classifications may be subject to the Prevailing Wage Act (820 ILCS 10. 130/0.01 et seq.).
- 11. For Preliminary Engineering Contracts:
  - (a) That tracing, plans, specifications, estimates, maps and other documents prepared by the ENGINEER in accordance with this AGREEMENT shall be delivered to and become the property of the LPA and that basic survey notes, sketches, charts, CADD files, related electronic files, and other data prepared or obtained in accordance with this AGREEMENT shall be made available, upon request to the LPA or to the DEPARTMENT, without restriction or limitation as to their use. Any re-use of these documents without the ENGINEER involvement shall be at the LPA's sole risk and will not impose liability upon the ENGINEER.
  - (b) That all reports, plans, estimates and special provisions furnished by the ENGINEER shall conform to the current Standard Specifications for Road and Bridge Construction, Bureau of Local Roads and Streets Manual or any other applicable requirements of the DEPARTMENT, it being understood that all such furnished documents shall be approved by the LPA and the DEPARTMENT before final acceptance. During the performance of the engineering services herein provided for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.

Subject: Proposal for Professional Engineering Services

Bridge Repairs - Caton Farm Road Bridge over EJ&E RR

IDOT Section No. 25-00061-00-BR

Dear Mr. Wiedeman:

Christopher B. Burke Engineering, Ltd. (CBBEL) is pleased to provide this proposal to prepare bridge repair plans for the Caton Farm Road bridge over the EJ&E Railroad (SN 099-6203). This proposal includes our Understanding of the Assignment, Scope of Services and Fee.

#### UNDERSTANDING OF THE ASSIGNMENT

CBBEL understands the City of Crest Hill (City) desires for CBBEL to prepare plans, specifications and cost estimate, provide railroad coordination, and provide bidding assistance to facilitate construction of bridge repair recommendations originating from the routine inspection of the Caton Farm Road bridge over the EJ&E Railroad on May 22, 2025. Following the inspection, several repairs were recommended:

- Remove and replace bridge approach slabs.
- Remove and replace bridge joints.
- Install a latex concrete overlay on the bridge deck, including partial depth deck slab repairs as needed. This would likely entail scarifying the deck ¾" and then installing a 2 ¼" overlay.
- Clean the existing abutment bearings and encase them in concrete. Note that the abutment bearings are all fixed bearings.
- Perform epoxy crack injection repairs and formed concrete repairs on the abutments as needed.
- Perform polymer modified cement mortar repairs on beams as needed.

 Perform additional approach work as required, including minor roadway removal and replacement, sidewalk removal and replacement, curb and gutter removal and replacement, and guardrail removal and replacement.

CBBEL also understands that the City plans for the work to be designed, bid, and constructed as two separate contracts. One contract will include work on the bridge substructure, and the other contract will include at-grade work such as bridge deck repairs, joint repairs, and approach slab repairs. The City anticipates utilizing MFT funding for both engineering and construction costs.

#### **SCHEDULE**

The substructure repairs are anticipated to be completed during the 2026 construction season, with the remaining improvements taking place in 2027. CBBEL anticipates completing the work outlined in this proposal by April 2026 with the first bid package being advertised for bid in May 2026 for construction in Summer 2026.

#### **SCOPE OF SERVICES**

The following tasks will be required to perform this work.

<u>Task 1 – Field Reconnaissance and Documentation</u>: This task will involve a field visit to the bridge to document existing conditions and gain a thorough understanding of the project site. CBBEL will perform chain dragging on the existing bridge deck to determine if any additional areas on the deck will require partial depth patching during the installation of the overlay.

<u>Task 2 – Pre-Final Plans, Specifications and Estimate (90%)</u>: CBBEL will prepare prefinal plans, specifications, and cost estimate for up to two (2) separate bid packages as described in the Understanding of the Assignment. This task will include preparation of the following sheets in accordance with City and IDOT design criteria:

- Cover Sheet
- General Notes / Summary of Quantities
- Removal Plan (Civil)
- Proposed Plan (Civil)
- Erosion Control Plan and Details 2 Sheets
- Detour Plan/Maintenance of Traffic 2 Sheets
- Pavement Striping
- Construction Details
- Structural General Plan and Elevation
- Structural Notes and Bill of Materials
- Structural Joint Replacement Plans 3 Sheets
- Structural Approach Slab Replacement Plans 2 Sheets
- Structural Deck Overlay Sections
- Structural Deck Patching Plan
- Structural Abutment Repair Sheet
- Structural Bearing Details

52

CBBEL will use IDOT standard pay items or City standard special provisions where applicable. Otherwise, project-specific special provisions will be written as needed. Plans, special provisions, and the estimate of cost will be submitted to the City and any review agencies for review.

It is anticipated that the road will need to be partially closed (one lane open) during construction of the substructure repairs and will need to be fully closed during the atgrade work. CBBEL will coordinate the proposed detour with the City, with the intent that the work will take place during the summer when school is not in session. This task assumes that IDOT Highway Standards will be implemented for maintenance of traffic and that a project-specific maintenance of traffic plan will not be required.

The plans, specifications and cost estimate for both bid packages will be submitted to the City for review and comment. Given the nature of the repair work, conflicts with public and private utilities are not anticipated and a detailed utility coordination effort is not included.

<u>Task 3 – Final Plans, Specifications and Estimate (100%)</u>: CBBEL will address and incorporate all City review comments into the final plans, specifications and cost estimate. Final estimates of cost and estimates of required working days will also be submitted. In addition to printed copies, we will provide the plans, specifications and estimate to the City in electronic format (CAD and PDF).

CBBEL will provide final reproducible drawings and specifications to be issued electronically to prospective bidders for both bid packages.

<u>Task 4 – Coordination with Railroad</u>: CBBEL will coordinate the proposed work with the EJ&E Railroad. Note that no work is anticipated to be necessary on the underside of the center span over the railroad. CBBEL will submit pre-final documents to the railroad for review. CBBEL will address all EJ&E comments and incorporate them into the final contract documents. Final contract documents will be submitted to the Railroad for approval.

<u>Task 5 – Bidding Assistance</u>: CBBEL will attend the bid opening, tabulate the bids and make recommendations to the City, prepare contracts for the successful bidder, and attend the preconstruction meeting for both bid packages.

<u>Task 6 – Project Coordination, Meetings and Management:</u> CBBEL will coordinate with the City throughout the design of the project. In addition to phone conversations and written and electronic coordination, it is anticipated that up to two (2) virtual project coordination meetings will be held with City staff to review project designs and maintain project momentum.

CBBEL will prepare agendas, presentations and meeting exhibits as requested by the City. Following attendance at each meeting, CBBEL will prepare meeting summaries.

53

#### **ESTIMATE OF FEE**

We have determined the following fees for each of the tasks described in this proposal.

_Task	Fee
Task 1 – Field Reconnaissance and Documentation	\$ 3,200
Task 2 – Pre-Final Plans, Specifications and Estimate (90%)	\$ 48,800
Task 3 – Final Plans, Specifications and Estimate (100%)	\$ 16,100
Task 4 – Coordination with Railroad	\$ 3,900
Task 5 – Bidding Assistance	\$ 3,500
Task 6 – Project Coordination, Meetings and Management	\$ 3,900
Direct Costs	\$ 250

TOTAL NOT-TO-EXCEED FEE: \$ 79,650

We will bill you at the hourly rates specified on the attached Schedule of Charges. We will establish our contract in accordance with the attached previously agreed to General Terms and Conditions. Direct costs for blueprints, photocopying, mailing, overnight delivery, messenger services and report compilation are not included in the Fee Estimate. These General Terms and Conditions are expressly incorporated into and are an integral part of this contract for professional services. It should be emphasized that any requested additional services that are not included in the preceding Fee Estimate will be billed at the attached hourly rates.

Please sign and return one copy of this agreement as an indication of acceptance and notice to proceed. Please feel free to contact us anytime.

Sincerely,

Michael E. Kerr, PE

## CHRISTOPHER B. BURKE ENGINEERING, LTD. GENERAL TERMS AND CONDITIONS WITH THE CITY OF CREST HILL

1. Relationship Between Engineer and Client: Christopher B. Burke Engineering, Ltd. (Engineer) shall serve as Client's professional engineer consultant in those phases of the Project to which this Agreement applies. This relationship is that of a buyer and seller of professional services and as such the Engineer is an independent contractor in the performance of this Agreement and it is understood that the parties have not entered into any joint venture or partnership with the other. The Engineer shall not be considered to be the agent of the Client. Nothing contained in this Agreement shall create a contractual relationship with a cause of action in favor of a third party against either the Client or Engineer.

Furthermore, causes of action between the parties to this Agreement pertaining to acts of failures to act shall be deemed to have accrued and the applicable statute of limitations shall commence to run not later than the date of substantial completion.

- 2. Responsibility of the Engineer: Engineer will strive to perform services under this Agreement in accordance with generally accepted and currently recognized engineering practices and principles, and in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. No other representation, express or implied, and no warranty or guarantee is included or intended in this Agreement, or in any report, opinion, document, or otherwise.
  - Notwithstanding anything to the contrary which may be contained in this Agreement or any other material incorporated herein by reference, or in any Agreement between the Client and any other party concerning the Project, the Engineer shall not have control or be in charge of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction, or the safety, safety precautions or programs of the Client, the construction contractor, other contractors or subcontractors performing any of the work or providing any of the services on the Project. Nor shall the Engineer be responsible for the acts or omissions of the Client, or for the failure of the Client, any architect, engineer, consultant, contractor or subcontractor to carry out their respective responsibilities in accordance with the Project documents, this Agreement or any other agreement concerning the Project. Any provision which purports to amend this provision shall be without effect unless it contains a reference that the content of this condition is expressly amended for the purposes described in such amendment and is signed by the Engineer.
- 3. <u>Changes</u>: Client reserves the right by written change order or amendment to make changes in requirements, amount of work, or engineering time schedule adjustments, and Engineer and Client shall negotiate appropriate adjustments acceptable to both parties to accommodate any changes, if commercially possible.
- Suspension of Services: Client may, at any time, by written order to Engineer (Suspension of Services Order) require Engineer to stop all, or any part, of the services required by this Agreement. Upon receipt of such an order, Engineer shall

immediately comply with its terms and take all reasonable steps to minimize the costs associated with the services affected by such order.

Engineer will not be obligated to provide the same personnel employed prior to suspension, when the services are resumed, in the event that the period of suspension is greater than thirty (30) days.

- 5. <u>Termination</u>: This Agreement may be terminated by either party upon thirty (30) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. This Agreement may be terminated by Client, under the same terms, whenever Client shall determine that termination is in its best interests. Cost of termination, including salaries, overhead and fee, incurred by Engineer either before or after the termination date shall be reimbursed by Client.
- Occuments Delivered to Client: Drawings, specifications, reports, and any other Project Documents prepared by Engineer in connection with any or all of the services furnished hereunder shall be delivered to the Client for the use of the Client. Engineer shall have the right to retain originals of all Project Documents and drawings for its files. Furthermore, it is understood and agreed that the Project Documents such as, but not limited to reports, calculations, drawings, and specifications prepared for the Project, whether in hard copy or machine-readable form, are instruments of professional service intended for one-time use in the construction of this Project. These Project Documents are and shall remain the property of the Engineer. The Client may retain copies, including copies stored on magnetic tape or disk, for information and reference in connection with the occupancy and use of the Project.

When and if record drawings are to be provided by the Engineer, Client understands that information used in the preparation of record drawings is provided by others and Engineer is not responsible for accuracy, completeness, nor sufficiency of such information. Client also understands that the level of detail illustrated by record drawings will generally be the same as the level of detail illustrated by the design drawing used for project construction. If additional detail is requested by the Client to be included on the record drawings, then the Client understands and agrees that the Engineer will be due additional compensation for additional services.

The Engineer also reserves the right to retain hard copy originals of all Project Documentation delivered to the Client in machine readable form, which originals shall be referred to and shall govern in the event of any inconsistency between the two.

The Client understands that the automated conversion of information and data from the system and format used by the Engineer to an alternate system or format cannot be accomplished without the introduction of inexactitudes, anomalies, and errors. In the event Project Documentation provided to the Client in machine readable form is so converted, the Client agrees to assume all risks associated therewith and, to the fullest extent permitted by law, to hold harmless and indemnify the Engineer from and

against all claims, liabilities, losses, damages, and costs, including but not limited to attorney's fees, arising therefrom or in connection therewith.

The Client recognizes that changes or modifications to the Engineer's instruments of professional service introduced by anyone other than the Engineer may result in adverse consequences which the Engineer can neither predict nor control. Therefore, and in consideration of the Engineer's agreement to deliver its instruments of professional service in machine readable form, the Client agrees, to the fullest extent permitted by law, to hold harmless and indemnify the Engineer from and against all claims, liabilities, losses, damages, and costs, including but not limited to attorney's fees, arising out of or in any way connected with the modification, misinterpretation, misuse, or reuse by others of the machine readable information and data provided by the Engineer under this Agreement. The foregoing indemnification applies, without limitation, to any use of the Project Documentation on other projects, for additions to this Project, or for completion of this Project by others, excepting only such use as may be authorized, in writing, by the Engineer.

7. Reuse of Documents: All Project Documents including but not limited to reports, opinions of probable costs, drawings and specifications furnished by Engineer pursuant to this Agreement are intended for use on the Project only. They cannot be used by Client or others on extensions of the Project or any other project. Any reuse, without specific written verification or adaptation by Engineer, shall be at Client's sole risk, and Client shall indemnify and hold harmless Engineer from all claims, damages, losses, and expenses including attorney's fees arising out of or resulting therefrom.

The Engineer shall have the right to include representations of the design of the Project, including photographs of the exterior and interior, among the Engineer's promotional and professional materials. The Engineer's materials shall not include the Client's confidential and proprietary information if the Client has previously advised the Engineer in writing of the specific information considered by the Client to be confidential and proprietary. For the purposes of this Agreement, the parties acknowledge that such information shall be confidential and proprietary and shall not be used by Engineer for any purpose without Client's written consent.

- 8. <u>Standard of Practice</u>: The Engineer will strive to conduct services under this agreement in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions as of the date of this Agreement.
- 9. <u>Compliance With Laws</u>: The Engineer will strive to exercise usual and customary professional care in his/her efforts to comply with those laws, codes, ordinance and regulations which are in effect as of the date of this Agreement.
- 10. <u>Indemnification</u>: Engineer shall indemnify and hold harmless Client from loss or expense, including reasonable attorney's fees for claims for personal injury (including

death) or property damage to the extent caused by the sole negligent act, error or omission of Engineer.

Client shall indemnify and hold harmless Engineer under this Agreement, from loss or expense, including reasonable attorney's fees, for claims for personal injuries (including death) or property damage arising out of the sole negligent act, error omission of Client.

In the event of joint or concurrent negligence of Engineer and Client, each shall bear that portion of the loss or expense that its share of the joint or concurrent negligence bears to the total negligence (including that of third parties), which caused the personal injury or property damage.

Engineer shall not be liable for special, incidental or consequential damages, including, but not limited to loss of profits, revenue, use of capital, claims of customers, cost of purchased or replacement power, or for any other loss of any nature, whether based on contract, tort, negligence, strict liability or otherwise, by reasons of the services rendered under this Agreement.

- 11. Opinions of Probable Cost: Since Engineer has no control over the cost of labor, materials or equipment, or over the Contractor(s) method of determining process, or over competitive bidding or market conditions, his/her opinions of probable Project Construction Cost provided for herein are to be made on the basis of his/her experience and qualifications and represent his/her judgement as a design professional familiar with the construction industry, but Engineer cannot and does not guarantee that proposal, bids or the Construction Cost will not vary from opinions of probable construction cost prepared by him/her. If prior to the Bidding or Negotiating Phase, Client wishes greater accuracy as to the Construction Cost, the Client shall employ an independent cost estimator Consultant for the purpose of obtaining a second construction cost opinion independent from Engineer.
- 12. <u>Governing Law & Dispute Resolutions</u>: This Agreement shall be governed by and construed in accordance with Articles previously set forth by (Item 9 of) this Agreement, together with the laws of the **State of Illinois**.

The validity, construction and interpretation of this Agreement shall be governed by the laws of the State of Illinois without regard to the conflict of law provisions. The parties hereto irrevocably agree that all actions or proceedings in any way, manner or respect arising out of or from or related to this Agreement shall be only litigated in the Circuit Court, Twelfth Judicial Circuit, Will County, Illinois. Each party hereby consents and submits to personal jurisdiction in the State of Illinois and waives any right such party may have to transfer the venue of any such action of proceeding.

- 13. <u>Successors and Assigns</u>: The terms of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns: provided, however, that neither party shall assign this Agreement in whole or in part without the prior written approval of the other.
- 14. <u>Waiver of Contract Breach</u>: The waiver of one party of any breach of this Agreement or the failure of one party to enforce at any time, or for any period of time, any of the provisions hereof, shall be limited to the particular instance, shall not operate or be deemed to waive any future breaches of this Agreement and shall not be construed to be a waiver of any provision, except for the particular instance.
- 15. Entire Understanding of Agreement: This Agreement represents and incorporates the entire understanding of the parties hereto, and each party acknowledges that there are no warranties, representations, covenants or understandings of any kind, matter or description whatsoever, made by either party to the other except as expressly set forth herein. Client and the Engineer hereby agree that any purchase orders, invoices, confirmations, acknowledgments, or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of the Agreement shall be null, void and without effect to the extent they conflict with the terms of this Agreement.
- 16. <u>Amendment</u>: This Agreement shall not be subject to amendment unless another instrument is duly executed by duly authorized representatives of each of the parties and entitled "Amendment of Agreement".
- 17. <u>Severability of Invalid Provisions</u>: If any provision of the Agreement shall be held to contravene or to be invalid under the laws of any particular state, county or jurisdiction where used, such contravention shall not invalidate the entire Agreement, but it shall be construed as if not containing the particular provisions held to be invalid in the particular state, country or jurisdiction and the rights or obligations of the parties hereto shall be construed and enforced accordingly.
- 18. <u>Force Majeure</u>: Neither Client nor Engineer shall be liable for any fault or delay caused by any contingency beyond their control including but not limited to acts of God, wars, strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.
- 19. <u>Subcontracts</u>: Engineer may subcontract portions of the work, but each subcontractor must be approved by Client in writing.
- 20. <u>Access and Permits</u>: Client shall arrange for Engineer to enter upon public and private property and obtain all necessary approvals and permits required from all governmental authorities having jurisdiction over the Project. Client shall pay costs (including Engineer's employee salaries, overhead and fee) incident to any effort by

Engineer toward assisting Client in such access, permits or approvals, if Engineer perform such services.

- 21. <u>Designation of Authorized Representative</u>: Each party (to this Agreement) shall designate one or more persons to act with authority in its behalf in respect to appropriate aspects of the Project. The persons designated shall review and respond promptly to all communications received from the other party.
- 22. <u>Notices</u>: Any notice or designation required to be given to either party hereto shall be in writing, and unless receipt of such notice is expressly required by the terms hereof shall be deemed to be effectively served when deposited in the mail with sufficient first class postage affixed, and addressed to the party to whom such notice is directed at such party's place of business or such other address as either party shall hereafter furnish to the other party by written notice as herein provided.
- 23. <u>Client's Responsibilities</u>: The Client agrees to provide full information regarding requirements for and about the Project, including a program which shall set forth the Client's objectives, schedule, constraints, criteria, special equipment, systems and site requirements.

The Client agrees to furnish and pay for all legal, accounting and insurance counseling services as may be necessary at any time for the Project, including auditing services which the Client may require to verify the Contractor's Application for Payment or to ascertain how or for what purpose the Contractor has used the money paid by or on behalf of the Client.

The Client agrees to require the Contractor, to the fullest extent permitted by law, to indemnify, hold harmless, and defend the Engineer, its consultants, and the employees and agents of any of them from and against any and all claims, suits, demands, liabilities, losses, damages, and costs ("Losses"), including but not limited to costs of defense, arising in whole or in part out of the negligence of the Contractor, its subcontractors, the officers, employees, agents, and subcontractors of any of them, or anyone for whose acts any of them may be liable, regardless of whether or not such Losses are caused in part by a party indemnified hereunder. Specifically excluded from the foregoing are Losses arising out of the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs, or specifications, and the giving of or failure to give directions by the Engineer, its consultants, and the agents and employees of any of them, provided such giving or failure to give is the primary cause of Loss. The Client also agrees to require the Contractor to provide to the Engineer the required certificate of insurance.

The Client further agrees to require the Contractor to name the Engineer, its agents and consultants on the Contractor's policy or policies of comprehensive or commercial general liability insurance. Such insurance shall include products and completed

operations and contractual liability coverages, shall be primary and noncontributing with any insurance maintained by the Engineer or its agents and consultants, and shall provide that the Engineer be given thirty days, unqualified written notice prior to any cancellation thereof.

When Contract Documents prepared under the Scope of Services of this contract require insurance(s) to be provided, obtained and/or otherwise maintained by the Contractor, the Client agrees to be wholly responsible for setting forth any and all such insurance requirements. Furthermore, any document provided for Client review by the Engineer under this Contract related to such insurance(s) shall be considered as sample insurance requirements and not the recommendation of the Engineer. Client agrees to have their own risk management department review any and all insurance requirements for adequacy and to determine specific types of insurance(s) required for the project. Client further agrees that decisions concerning types and amounts of insurance are specific to the project and shall be the product of the Client. As such, any and all insurance requirements made part of Contract Documents prepared by the Engineer are not to be considered the Engineer's recommendation, and the Client shall make the final decision regarding insurance requirements.

- 25. Information Provided by Others: The Engineer shall indicate to the Client the information needed for rendering of the services of this Agreement. The Client shall provide to the Engineer such information as is available to the Client and the Client's consultants and contractors, and the Engineer shall be entitled to rely upon the accuracy and completeness thereof. The Client recognizes that it is impossible for the Engineer to assure the accuracy, completeness and sufficiency of such information, either because it is impossible to verify, or because of errors or omissions which may have occurred in assembling the information the Client is providing. Accordingly, the Client agrees, to the fullest extent permitted by law, to indemnify and hold the Engineer and the Engineer's subconsultants harmless from any claim, liability or cost (including reasonable attorneys' fees and cost of defense) for injury or loss arising or allegedly arising from errors, omissions or inaccuracies in documents or other information provided by the Client to the Engineer.
- 26. Payment: Client shall be invoiced once each month for work performed during the preceding period. Payment shall be made by the Client according to the terms and provisions of the Illinois Prompt Payment Act, Engineer will provide to the Client a detailed statement of tasks performed by it and reimbursement for expenses, if any. The maximum interest rate under this Section shall be the amount set forth in the Act.

Collection Costs. In the event legal action is necessary to enforce the payment provisions of this Agreement, the Engineer shall be entitled to collect from the Client any judgement or settlement sums due, reasonable attorneys' fees, court costs and expenses incurred by the Engineer in connection therewith.

Suspension of Services. If the Client fails to make payments when due or otherwise is in breach of this Agreement, the Engineer may suspend performance of services upon five (5) calendar days' notice to the Client. The Engineer shall have no liability whatsoever to the Client for any costs or damages as a result of such suspension caused by any breach of this Agreement by the Client.

27. When construction observation tasks are part of the service to be performed by the Engineer under this Agreement, the Client will include the following clause in the construction contract documents and Client agrees not to modify or delete it:

Kotecki Waiver. Contractor (and any subcontractor into whose subcontract this clause is incorporated) agrees to assume the entire liability for all personal injury claims suffered by its own employees, including without limitation claims under the Illinois Structural Work Act, asserted by persons allegedly injured on the Project; waives any limitation of liability defense based upon the Worker's Compensation Act, court interpretations of said Act or otherwise; and to the fullest extent permitted by law, agrees to indemnify and hold harmless and defend Owner and Engineer and their agents, employees and consultants (the "Indemnitees") from and against all such loss, expense, damage or injury, including reasonable attorneys' fees, that the Indemnitees may sustain as a result of such claims, except to the extent that Illinois law prohibits indemnity for the Indemnitees' own negligence. The Owner and Engineer are designated and recognized as explicit third-party beneficiaries of the Kotecki Waiver within the general contract and all subcontracts entered into in furtherance of the general contract.

28. Job Site Safety/Supervision & Construction Observation: The Engineer shall neither have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences of procedures, or for safety precautions and programs in connection with the Work since they are solely the Contractor's rights and responsibilities. The Client agrees that the Contractor shall supervise and direct the work efficiently with his/her best skill and attention; and that the Contractor shall be solely responsible for the means, methods, techniques, sequences and procedures of construction and safety at the job site. The Client agrees and warrants that this intent shall be carried out in the Client's contract with the Contractor. The Client further agrees that the Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work; and that the Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to all employees on the subject site and all other persons who may be affected thereby. The Engineer shall have no authority to stop the work of the Contractor or the work of any subcontractor on the project.

When construction observation services are included in the Scope of Services, the Engineer shall visit the site at intervals appropriate to the stage of the Contractor's operation, or as otherwise agreed to by the Client and the Engineer to: 1) become generally familiar with and to keep the Client informed about the progress and quality of the Work; 2) to strive to bring to the Client's attention defects and deficiencies in the Work and; 3) to determine in general if the Work is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Engineer shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. If the Client desires more extensive project observation, the Client shall request that such services be provided by the Engineer as Additional and Supplemental Construction Observation Services in accordance with the terms of this Agreement.

The Engineer shall not be responsible for any acts or omissions of the Contractor, subcontractor, any entity performing any portions of the Work, or any agents or employees of any of them. The Engineer does not guarantee the performance of the Contractor and shall not be responsible for the Contractor's failure to perform its Work in accordance with the Contract Documents or any applicable laws, codes, rules or regulations.

When municipal review services are included in the Scope of Services, the Engineer (acting on behalf of the municipality), when acting in good faith in the discharge of its duties, shall not thereby render itself liable personally and is, to the maximum extent permitted by law, relieved from all liability for any damage that may accrue to persons or property by reason of any act or omission in the discharge of its duties. Any suit brought against the Engineer which involve the acts or omissions performed by it in the enforcement of any provisions of the Client's rules, regulation and/or ordinance shall be defended by the Client until final termination of the proceedings. The Engineer shall be entitled to all defenses and municipal immunities that are, or would be, available to the Client.

29. <u>Hazardous Materials/Pollutants</u>: Unless otherwise provided by this Agreement, the Engineer and Engineer's consultants shall have no responsibility for the discovery, presence, handling, removal, or disposal of or exposure of persons to hazardous materials/pollutants in any form at the Project site, including but not limited to mold/mildew, asbestos, asbestos products, polychlorinated biphenyl (PCB) or other toxic/hazardous/pollutant type substances.

Furthermore, Client understands that the presence of mold/mildew and the like are results of prolonged or repeated exposure to moisture and the lack of corrective action. Client also understands that corrective action is a operation, maintenance and repair activity for which the Engineer is not responsible.

#### City Council Agenda Memo

Crest Hill, IL

Meeting Date: September 22, 2025

Submitter: Daniel Ritter, AICP Community & Economic Development Director

**Department:** Community & Economic Development

**Agenda Item:** Discussion and Direction on Liquor License Hour Adjustments

#### **Summary:**

The City has had restrictive liquor licensing hours that were established as part of previous efforts to curb recurring issues with liquor-related incidents. Most notably, all requirements have been actively enforced, with license holders being held accountable promptly if any problems arise. Over the years, due to the active enforcement of the regulations, serious incidents have been reduced.

However, the issue of liquor license hours continues to be raised by existing businesses, property owners, and brokers who have noted a competitive disadvantage compared to businesses in neighboring communities. Staff has found that existing liquor sales hours being more restrictive is a known hurdle when looking to attract new restaurants and grocery stores to the City. Both new and existing restaurants and grocery stores are typically looking for some flexibility to maximize their revenue when they're investing or reinvesting in a property. In addition to limiting the liquor sales, limited hours also prevent video gaming from occurring when liquor isn't sold, reducing another potential source of revenue.

Two immediate issues with the existing liquor license time limits have been identified. First, current policy limits license hours for Restaurants (Class H) to end at 10 pm on all days of the week. Second, there are further limited hours on Sundays for all liquor licenses that limit liquor service and retail sales from 10 am to midnight (Class H is still required to stop at 10 pm by policy). Based on the staff findings from research of surrounding communities, Crest Hill's liquor license requirements are among the most restrictive in the area. Adjustments are recommended to allow existing restaurants to be more competitive and better attract new businesses, while still maintaining a safe environment for the public and residents.

#### Restaurant (Class H) Closing Times

As a policy, the Liquor Commissioner has implemented a 10 pm stop time for liquor sales for restaurants on all days of the week. This stop time is not specifically codified but has been consistently required and enforced for many years. However, many restaurants have typical operating hours much later than the 10 pm stop time. For example, many restaurants rely on sports games to bring in additional revenue, which can end close to midnight (including weekdays). Gaming is also required to stop at 10pm at these locations, which may have customers who are more comfortable in a restaurant setting as opposed to a gaming café or tavern.

City Council Work Session September 22, 2025 Liquor License Hour Adjustments

Expanding the hours of business for restaurants (Liquor License Class H) will assist existing restaurants and help to attract new ones. Below is a list of some area restaurants with their typical hours that extend beyond 10 pm (although many have a large variety of different licenses and hours, the hours listed are the typical hours). Also listed are neighboring communities and their typical allowable service hours for a restaurant. By comparison, Crest Hill has the most restrictive hours in this category. Having overly restrictive hours will limit the number of restaurants that will invest their time and money to locate in Crest Hill. Additionally, it encourages customers who normally eat and drink in Crest Hill to venture outside the community. Incoming and potential new businesses have mentioned the need for expanded hours as part of initial discussions. Property owners and brokers have regularly brought up this restriction as an issue they hear when leasing property as well.

<sup>\*</sup>Please note there are a variety of different licenses in each community and the times noted are the general hours for most restaurants in the community. Additional information can be found on each community's municipal code or on the Illinois Liquor Control Commission page at: <a href="https://ilcc.illinois.gov/survey.html">https://ilcc.illinois.gov/survey.html</a>

Staff is proposing a change that would extend liquor service to midnight for Class H License holders. This still ensures that none of these restaurants become taverns or "clubs" as they need to follow existing code requirements that will be maintained and continue to be actively enforced:

- Minimum floor area for dining and food prep is 75%
- Food must be served at all times when liquor is available
- Outdoor patio area liquor service must cease at 10 pm

The recommendation was coordinated with the Mayor's Office (Liquor Commissioner) and Police Department to ensure there are no public safety issues and existing regulations remain actively enforced.

**Recommendation for Discussion:** Staff recommends the policy requiring restaurants with a Class H liquor license ("restaurant license") be codified and amended to allow liquor service until <u>midnight</u> on all nights of the week (currently 10 pm).

#### Limited Sunday Service and Sales Hours (All Licenses)

The current liquor license requirements limit Sunday liquor sale hours from 10 am to midnight for both service and retail sales of liquor. The more restrictive Sunday hours are a traditional policy that reflects certain religious institutional hours. However, many trends have changed over the years, including an increase in the public desire for beer, wine, or breakfast cocktails for brunch, wedding/baby showers, football games, and other events that may happen on Sundays. Additionally, golf courses (and more recently indoor golfing simulators) are open early for regular golfers, leagues, and group outings. Lastly, there are

#### City Council Work Session September 22, 2025

Liquor License Hour Adjustments

early morning sports and events where fans often want to have a drink served with breakfast/brunch or wish to purchase liquor at retail ahead of time for a party/event before the game.

In addition to assisting the Prairie Bluff Public Golf Club and existing businesses, a change will also help to remove a barrier for some new businesses, which include both restaurants and entertainment uses. Many new restaurants include "brunch" as part of their regular menus, and it is particularly popular on Sundays. Examples of expanding national chains with this model are First Watch (<a href="https://firstwatch.com">https://firstwatch.com</a>), Granite City (<a href="https://www.gcfb.com/">https://www.gcfb.com/</a>), and X-Golf (<a href="https://playxgolf.com/">https://playxgolf.com/</a>). Regionally, examples include The Black Sheep (<a href="https://whitesheeporland.com">https://whitesheeporland.com</a>), Oak + Bean (<a href="https://www.oakandbeanco.com/">https://www.oakandbeanco.com/</a>), Schaumburg Public House(<a href="https://schaumburgpublichouse.com/">https://schaumburgpublichouse.com/</a>), and Pickle Haus (<a href="https://picklehaus.com/">https://picklehaus.com/</a>).

Most surrounding communities have Sunday liquor sales/service hours that are the same as a typical weekday or that only differ by an hour. Additionally, communities that have slightly different Sunday hours usually have less restrictive hours specific to golf courses (which have a different liquor license than most establishments) due to their unique nature. For simplicity and to avoid confusion, staff recommends moving Sunday hours to start at 6 am for all liquor licenses, which will keep the starting time consistent across all days of the week.

This recommendation for changes in Sunday liquor sales hours was coordinated with Mayor's Office (Liquor Commissioner) and the Police Department to ensure there are no public safety concerns, and the regulations will remain actively enforced.

**Recommendation for Discussion:** Staff recommends amending Sunday liquor sales to allow liquor service/sales to start at 6 am (instead of 10 am) on Sundays for all liquor licenses, same as all other days of the week.

#### **Recommended Council Action:**

Discuss potential Liquor License hours of operation amendments as noted above and direct the City Attorney to make the proposed changes for consideration on the October 6, 2025, Regular Meeting Agenda for final consideration.

#### ORDINANCE NO.

# AN ORDINANCE AMENDING SECTION 5.08.180 (PREMISES; HOURS OF BUSINESS) OF CHAPTER 5.08 (ALCOHOLIC BEVERAGES) OF TITLE 5 (BUSINESS LICENSES AND REGULATIONS) OF THE CITY OF CREST HILL CODE OF ORDINANCES

**WHEREAS**, the Mayor of the City of Crest Hill, or his or her designee, is identified by the Illinois Liquor Control Act of 1934 as the local Liquor Control Commissioner, and as such is charged with the administration of the Liquor Control Act of 1934 in the City of Crest Hill (235 ILCS 5/4-2) and

**WHEREAS**, the City of Crest Hill has previously codified said grant of authority by adopting Title 2, Chapter 2.76, including Sections 2.76.010 through 2.76.030; and

**WHEREAS**, the Illinois Liquor Control Act of 1934 also expressly grants to the Corporate Authorities the power to enact ordinances which determine the number, kind, and classification of licenses for the sale of alcoholic liquor. (235 ILCS 5/4-1); and

**WHEREAS**, the Corporate Authorities of the City of Crest Hill have previously codified through the passage of various ordinances the number, kind and classification of liquor licenses along with the establishment of hours of operation for said licensees selling alcoholic liquor in Title 5, Chapter 5.08, Sections 5.08.010 through 5.08.300; and

WHEREAS, the Corporate Authorities have determined that it is necessary and expedient to amend Section 5.08.180 to expand certain hours of operation to allow Crest Hill businesses with liquor licenses to better compete with similar businesses in other municipalities.

**NOW, THEREFORE, BE IT ORDAINED** by the Corporate Authorities of the City of Crest Hill, Illinois, as follows:

**SECTION 1: PREAMBLE**. The preamble of this Ordinance is declared to be true and correct and is incorporated by reference as if fully set forth in this Section 1.

#### **SECTION 2: APPROVAL.**

Chapter 5.08 (Alcoholic Beverages) of Title 5 (Business Licenses and Regulations) of the City of Crest Hill Code of Ordinances is hereby repealed in its entirety and replaced with the following:

#### § 5.08.180 PREMISES; HOURS OF BUSINESS.

- (A) It is unlawful to dispense, sell or offer for sale at retail any alcoholic beverages, or to keep a place of business open for sale of such beverages except as follows:
- (1) For all licenses except Class H (Restaurants), Mondays, Tuesdays, Wednesday, and Thursdays: 6:00 a.m. to 1:00 a.m. the following morning;

- (2) Fridays and Saturdays: 6:00 a.m. to 2:00 a.m. the following morning;
- (3) Sundays: 6:00 a.m. to 12:00 midnight;

- (5) Legal holidays shall have the same opening and closing house as the day of the week on which they fall, except that on Christmas Day all establishments, including those holding Class X licenses, shall be allowed to open between 12:00 noon and 12:00 midnight. For purposes of this section, the term **LEGAL HOLIDAY** means New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day;
- (6) Election days, sales of alcoholic beverages in accordance with the regulations of this chapter are permitted, if not otherwise restricted by state statute.
  - (B) Class X license holders shall be entitled to remain open as follows:
- (1) Mondays, Tuesdays, Wednesdays, and Thursdays: 6:00 a.m. to 2:00 a.m. the following morning;
  - (2) Fridays and Saturdays: 6:00 a.m. to 3:00 a.m. the following morning;
  - (3) Sundays: 6:00 a.m. until 1:00 am. the following morning;
- (4) Days preceding legal holidays shall have the same opening and closing hours as Friday and Saturday, except that on New Year's Eve, closing may be at 3:00 a.m., and on Sundays, the establishments may not open until 10:00 a.m., even if the Sunday happens to fall on the day preceding a legal holiday;
- (5) Legal holidays shall have the same opening and closing hours as the day of the week on which they fall, except that on Christmas Day all establishments, including those holding Class X licenses, shall be allowed to open between 12:00 noon and 12:00 midnight;
- (6) Election days, sales of alcoholic beverages in accordance with the regulations of this chapter are permitted, if not otherwise restricted by state statute.
- (D) Class H (Restaurants) license holders shall be allowed to serve alcoholic beverages from 6:00 a.m. to midnight Monday through Sunday so long as food continues to be served when alcoholic beverages are served and all alcoholic beverage service on any outdoor or patio area must cease at 10:00 p.m.
- (C) Class J license holders shall be entitled to serve alcoholic beverages at their outdoor facilities only between the hours of 11:00 a.m. and 10:00 p.m. on all days.

('78 Code, § 5.08.180) (Ord. 504, passed - -80; Am. Ord. 513, passed - -81; Am. Ord. 547, passed - -82; Am. Ord. 1437, passed 9-17-07)

**SECTION 3: SEVERABILITY**. If any section, paragraph, clause, or provision of this Ordinance is held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any other provision of this Ordinance.

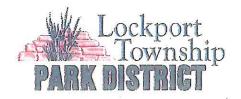

**SECTION 4: REPEALER**. All ordinances, resolutions or orders, or parts thereof, which conflict with the provisions of this Ordinance are to the extent of such conflict hereby repealed.

**SECTION 5: EFFECTIVE DATE**. This Ordinance shall be in full force and effect immediately upon its passage and publication according to law.

Blaine,

Thank you for taking to time to meet with us to discuss the park site development west of the City Center building. The Park District will make sure to include \$250,000 in the 2026 budget for this project. In discussions on revenue sources for the City of Crest Hill, I mentioned to you the liquor license hours on Sundays. At Prairie Bluff the start time to sell liquor on Sundays is 10:00am. The video poker machines are linked to the liquor license hours. On weekend mornings we have permanent tee times with the some golfing on both Saturday and Sunday. They can use the poker machines on Saturday mornings but not Sunday mornings until 10:00 (at which they are already on the golf course). This is an opportunity for increased revenue for the City of Crest Hill.

The Lockport Township Park District is asking the City of Crest Hill to consider updating the starting time to sell liquor on Sundays to match the starting times the rest of the week.

Any questions feel free to give me a call

Sincerely,

Bill Riordan

**Executive Director** 

Dear Members of the City Council,

On behalf of JH Hospitality Group, and Kurtis Lott, owners of Feathered Fork, I am writing to express our support for the proposed updates to restaurant liquor license hours. While this will be our first restaurant in Crest Hill, our team has successfully operated hospitality concepts in other communities and has seen how flexibility in service hours directly supports both businesses and the community.

The recommended changes are practical measures that will allow us to better serve residents and visitors. Later evening hours provide opportunities for guests who work non-traditional schedules or prefer dining later, while earlier Sunday hours give families and community members the chance to enjoy brunch and special gatherings without leaving the city for other options.

In addition, expanding the liquor license hours will help generate increased tax revenue for the Village. Extended service times encourage guests to stay longer, order beverages, and dine more frequently, all resulting in additional tax revenue.

We respectfully urge your support for these proposed changes, which we believe will contribute directly to the city's momentum and success. We look forward to seeing you at Feathered Fork!

Dear Mayor Soliman and Members of the Council:

With Halloween just around the corner, I hereby submit this letter of request for permission and assistance with the Annual Chaney-Monge Halloween Parade.

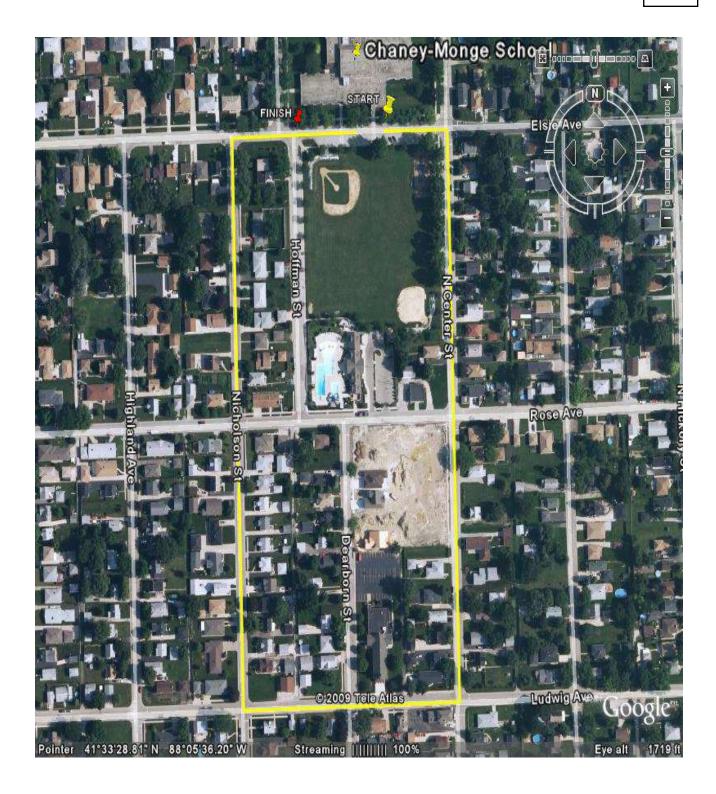

As in years past, our parade will feature the Chaney-Monge Marching Band followed by hundreds of ghosts, goblins and monsters from the elementary school. The parade route will remain the same starting at the main Elsie Avenue entrance to the school at 1:00 PM sharp on Friday, October 31, 2025; proceeding east to Center Street; south to Ludwig Avenue; west to Nicholson Street; and north to Elsie Avenue back to the school main entrance.

In advance, thank you for your consideration of this request and for your continued support for public school activities in the Crest Hill community.

Don't forget, you are all invited!

Yours for Better Schools,

Andy Siegfried Superintendent
