Tom Rhinehart, Finance Director, stated the fiscal year 2023-24 budget ordinance is attached. The proposed budget is a balanced budget and increased \$37,565,020 over the fiscal year 2022-23 budget which equates to a 20.92% increase. The proposed budget includes salary adjustments, a small increase in the City's property tax millage rate, an increase in health insurance premiums for both the city and the employees, and a small increase in the water and sewer rates.

Budget comparison by type for the FY 2024 proposed budget compared to the FY 2023 budget include: personnel expenses decrease by \$47,155; operating expenses increased \$2,985,455; purchase of commodities increased by \$11,145,005; debt service expenses increased \$1,952,165; capital expenses increased \$20,559,550, and transfers to the general fund increased \$970,000. Approval was recommended for FY 2023-24 budget as presented.

This is a first reading and will be voted on at the next scheduled City Council Meeting on June 14, 2023.

4. Amendment to Utilities Ordinance Regarding Water and Sewer Rates

Mr. Rhinehart stated the proposed fiscal year 2023-24 budget includes an increase in the Water and Sewer Fund to help address the maintenance and capital issues of the water fund. The increase is as follows: a 2% increase in the residential water and sewer rates for both inside and outside the city limits customers.

The 2% increase will allow the Water Department to continue the maintenance of the existing water and sewer system as well as update/expand the system to fulfill the needs of existing customers. For residential customers, the water and sewer rate increase equate to \$0.18 per 1,000 gallons used for city residents. The total estimated increase for a residential water and sewer customer is \$1.27 per month for 7,000 gallons consumed.

With the proposed increase in the water and sewer rates, the City of Cartersville residents will remain one of the lowest in the surrounding municipalities. The increase is needed to maintain the existing system and plan for any necessary future expansions. Approval was recommended to increase water and sewer rates beginning July 1, 2023.

~~This is a first reading and will be voted on at the next scheduled City Council Meeting on~~

June 14, 2023.
