CITY ADMINISTRATOR UPDATE:

MEMBER COMMENT(S) / QUESTION(S):

ADJOURNMENT:

Item 1.

TO:	Mayor and City Council of the City of Dacula
FROM:	Brittni Nix, City Administrator
	Jack Wilson, City Attorney
	Hayes Taylor, City Planner
DATE:	April 25, 2024
SUBJECT:	Proposed Urban Redevelopment Plan

The City of Dacula conducted a Public Hearing on April 4, 2024 to receive input on the proposed Urban Redevelopment Plan (URP). The URP is a tool used to assist in the rehabilitation, conservation, and/or revitalization of the Urban Redevelopment Area designated in the Plan.

The Plan provides a comprehensive approach to successful redevelopment within the Urban Redevelopment Area that conforms with the City's Comprehensive Plan. The Plan also provides a framework to proactively identify and implement private and public opportunities for revitalization. Proposed redevelopment projects listed within the Urban Redevelopment Plan are in direct response to public input received from various workshops, surveys, and interviews from community members during the Dacula 2050 Comprehensive Plan process. The need for a community gathering space and redevelopment within the city center and historic downtown area was echoed throughout the received community feedback. As such, the general scope of the urban redevelopment project set forth in the Plan includes a variety of public and private improvements, including, but not limited to, municipal, public, streetscape, recreational, commercial, and other improvements, the acquisition, construction, and development of a new Municipal Complex, an outdoor amphitheater and multifunctional green space, public parking facilities, and other projects.

Urban Redevelopment Plan

Item 1.

 - 6. Residential Infill Development
 - 7. City Monument Signs
- F. Ownership of Urban Redevelopment Project
- G. Public Infrastructure Needs to Support Redevelopment
- H. Zoning and Land Use
- I. Conclusion
- Appendix

A. Introduction

This City of Dacula Urban Redevelopment Plan (this "Urban Redevelopment Plan") constitutes an urban redevelopment plan of the City of Dacula, Georgia (the "City" or the "City of Dacula") within the authority of Chapter 61 of Title 36 of the Official Code of Georgia Annotated, entitled the "Urban Redevelopment Law," as amended (the "Urban Redevelopment Law"). The redevelopment of the City provides an exciting opportunity to enhance the livability, walkability, economic opportunity, sense of community, and overall vitality of the City's historic and future downtown core.

The City Council did by resolutions adopted on February 1, 2024 determine that (1) one or more pockets of blight exist in the City and that the rehabilitation, conservation, or redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of the City; and (2) certain property located in the City, which is described under the heading "Boundaries of Urban Redevelopment Area" below, is a "pocket of blight," within the meaning of Section 36-61-2 of the Official Code of Georgia Annotated, and did designate such area as appropriate for an urban redevelopment project. The property so described is the "Urban Redevelopment Area" for purposes of this Urban Redevelopment Plan. Certified copies of such resolutions of the City Council are attached to this Urban Redevelopment Plan as <u>Exhibit A</u>. The Urban Redevelopment Area will be conserved and rehabilitated through an urban redevelopment project consisting of a variety of proposed public and private improvements, which are described under the heading "The Urban Redevelopment Project").

The use of "urban" in the title may be confusing for some because the Urban Redevelopment Law is commonly used in both rural and suburban municipalities. An Urban Redevelopment Plan is one of many legislative tools the state offers that can be used to assist suburban municipalities in revitalizing their historic downtown cores. Livable, walkable communities adjacent to town center commercial nodes are increasingly popular nationwide. The City of Dacula is centered around a deep sense of community and family. Encouraging the redevelopment of the City's downtown core with infill development and "village" commercial nodes will better allow Dacula to meet the demands of residents of all ages, who need walkable lower to middle-income housing to remain in or return to the City. The Dacula 2050 Comprehensive Plan, which was approved by the City Council on February 1, 2024 (the "Comprehensive Plan"), and additional State and County redevelopment tools will be used to guide this Urban Redevelopment Plan, allowing it to revitalize neighborhoods, rehabilitate older homes, recruit and nurture small businesses, ensure architecturally compatible infill development, and generate new uses for undeveloped parcels.

This Urban Redevelopment Plan has the following primary objectives:

- to structure a comprehensive approach to successful redevelopment within the Urban Redevelopment Area that conforms with the Comprehensive Plan;
- (2) to facilitate future creation of tax allocation districts, enterprise, and opportunity zones;
- (3) to provide a variety of transportation options through paths, sidewalks, trails, and complete streets;
- (4) to support diverse housing options to achieve sustainable and balanced housing types with a distinct architectural character;
- (5) to pursue public improvements including appropriate land uses, improved traffic, public transportation, public utilities, communal spaces, and other public projects; and
- (6) to create an increased sense of place through placemaking projects.

B. Boundaries of Urban Development Area

The Urban Redevelopment Area resides within the Comprehensive Plan's "Dacula Downtown" character area; however, there are three primary zones within the character area that present distinct development patterns and historical character.

2nd Avenue District

The 2nd Avenue District includes parcels west of Dacula Road, along Winder Highway, and parcels east of Broad Street, bordering Dacula High School. The area includes historic buildings and homes that date back to the City's incorporation. The 2nd Avenue District has suffered from underdevelopment and a lack of maintenance in recent years. The near grid-like development pattern makes it primed for walkable commercial, mixed-use revitalization.

Harbins Road and Towler Village Commercial Corridor

The Harbins Road and Towler Village Corridor includes commercial properties with easy access to Harbins Road, located north of City Hall and south of Winder Highway. The corridor has vacant storefronts, blighted and vacant properties, residential properties, and undervalued commercial properties that lack the connectivity necessary to flourish within the Dacula Downtown character area designation in the Comprehensive Plan.

Historic Dacula Village District

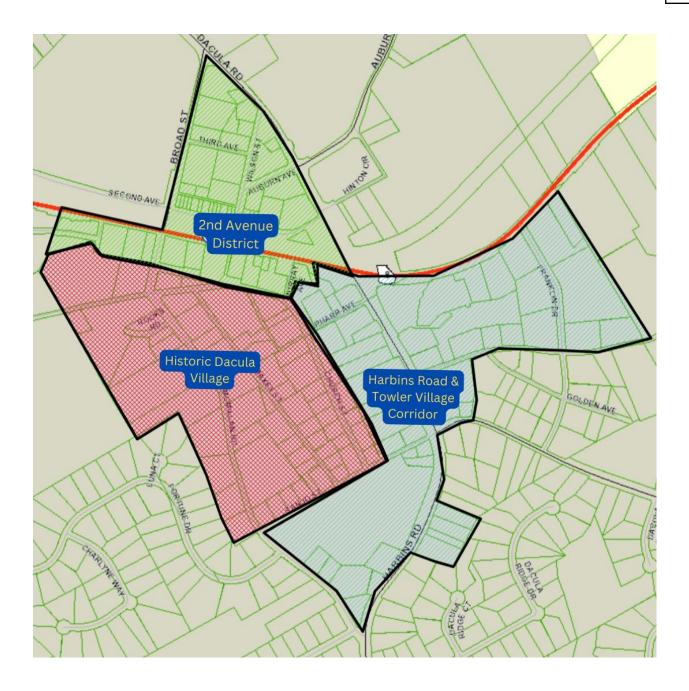

The Historic Dacula Village District includes properties north of the Harbins Road and McMillan Road intersection, extending to Winder Highway. The character area includes residential streets within a walkable or bikeable distance from both the 2nd Avenue District and the Harbins Road and Towler Village Commercial Corridor. It currently lacks the public spaces, multi-modal infrastructure, and the fully realized development pattern to connect residents to public and commercial resources.

Distress Parcels

In addition to the aforementioned categories, the Urban Redevelopment Area includes vacant and underutilized parcels that do not meet the criterion of the Dacula Downtown Character Area Comprehensive Plan designation and have become visual blights to the community due to lack of maintenance or use.

The boundaries of the Urban Redevelopment Area are described as follows and shown in the map below:

The boundary of the urban redevelopment area begins at the southeast corner of Dacula Road at Broad Street intersection, follows southward until the Winder Highway and Broad Street intersection. Boundary continues westward along Winder Highway for 680 feet (+/-) and then continues southward. The boundary includes properties along McMillan Road until the McMillan Road and Harbins Road intersection. The boundary follows Harbins Road, includes Dacula City Hall, and continues until the Tanner Road intersection. The boundary continues northeast along Tanner Road for 235 feet (+/-) and then continues northward until it intersects with Freemans Mill Road. The boundary continues eastward along Freemans Mill Road for 1,192 feet (+/-). Then, the boundary continues northward until it intersects with Winder Highway. The boundary proceeds westward along Winder Highway until it intersects with Dacula Road where it continues northward until the boundary ends at the Dacula Road and Broad Street intersection.

C. Consistency with the City's Comprehensive Plan

Dacula's 2050 Comprehensive Plan is a long-range planning document that provides guard rails for the City's development in the coming years and decades, painting a complete picture of the City's future vision. This Urban Redevelopment Plan conforms to and incorporates the components of the Comprehensive Plan, ratified on February 1, 2024, to facilitate compliance with the City's vision.

The Comprehensive Plan outlines the need to identify physical boundaries for a "downtown" and provide recreational opportunities, encourage mixed-use facilities, and revitalize distressed/vacant properties along 2nd Avenue and Winder Highway. The Comprehensive Plan survey details that the lack of clearly identifiable City boundaries is felt by more than 40% of residents.

The Urban Redevelopment Area categories are designated as within the Dacula Downtown character area. The recommended strategies for the Downtown Dacula character area state that proposed projects aim for higher density, increased connectivity, modal options, and should balance land use to provide housing and employment opportunities through the creation of incentives for developers to integrate said objectives. This Urban Redevelopment Plan seeks to execute the Dacula Downtown character area objectives through the Comprehensive Plan land use strategies such as reviewing and updating zoning/development codes to create an architectural character and more pronounced Dacula Downtown identity.

D. Property Acquisition, Disposition, and Relocation

Any property acquired by the City will be actively developed according to the City's comprehensive land use plan and as outlined in this Urban Redevelopment Plan. Said property would be rehabilitated, conserved, redeveloped, or a combination thereof, as necessary in the interest of the public health, safety, morals, or welfare of the residents of the City. Blighted structures could be demolished or rehabilitated and the land could be developed to facilitate revitalization for the community. This Urban Development Plan conforms with the City's current zoning resolution, comprehensive plan goals, and relevant building codes. Any exceptions will be subject to approval by the City Council. If occupied properties are publicly acquired and resident relocation is necessary, relocation assistance will be provided in accordance with federal and state law.

E. The Urban Redevelopment Project

The Urban Redevelopment Project includes the rehabilitation, conservation, and/or redevelopment of the redevelopment area by engaging in public and private improvements. Said improvements focus on using undeveloped property owned by the City of Dacula and the redevelopment of blighted property within the Urban Redevelopment Area. The Urban Redevelopment Project will provide needed community green space, commercial resources, and

municipal services for a city core project at the McMillan Road and Harbins Road intersection, consisting of approximately eleven acres that the City purchased in 2021 to revitalize blighted areas (the "City Core Property"). Additional properties may be acquired and structures may be relocated or demolished to facilitate proposed projects as necessary in the interest of the public health, safety, morals, or welfare of the residents of the City.

The City will form the Urban Redevelopment Agency of Dacula, Georgia (URA) to facilitate the execution of the Urban Redevelopment Project after the Urban Redevelopment Plan's approval. The following are proposed improvements included in the Urban Redevelopment Project. The City will consider multiple funding sources to fit particular project needs. No particular funding source for any improvement described below has been secured and the timing of each such improvement has not been determined.

- 1. Municipal Complex: Dacula City Hall on Harbins Road was completed in 1999 and an addition was completed in 2015. The facility houses the Human Resources Department, Planning and Development Department, Marshal's Office, and Finance Department. City Hall's council chamber serves as its planning commission chamber, municipal court, indoor public event space, and conference room. The City of Dacula has outgrown this existing City Hall and accordingly intends to build a new Municipal Complex on a portion of the City Core Property. The new Municipal Complex will allow the City to meet the increasing demand for City services and engage with its residents in a modern and integrated space that will become the anchor for a new downtown civic core and will help to accelerate redevelopment of the area.
- 2. Entertainment Venue: The City intends to use a portion of the City Core Property to construct an entertainment venue as a complement to the Municipal Complex and related public and private improvements. More than 50% of Comprehensive Plan Survey respondents state that green space is a priority for future developments within the City. The entertainment venue could include an amphitheater, multifunctional community green space and public restrooms. The versatile green space could host community events, serve as additional space for the amphitheater, and be a central public area for the community to gather. The site's proximity to Maple Creek Park and the proposed

Municipal Complex makes it the ideal location for outdoor entertainment, fairs, festivals, and other civic and cultural events.

- 3. *Downtown Parking Deck:* The City intends to construct a central parking deck on a portion of the City Core Property for the new downtown civic core. The proposed parking deck will provide on-site parking for residents and visitors wishing to access the new Municipal Complex, attend events at the proposed amphitheater, or use the complex's commercial storefronts. The parking deck will reduce the land allocated for parking needs and allow additional land uses such as commercial, office, and civic for the community to utilize.
- 4. Sanjo Street Office Front: The City intends to encourage the development of two-story office buildings or similar uses along Sanjo Street and McMillan Road within the City Core Property. Local business locations would provide nearby employment opportunities for Dacula residents and provide local access to services. The centralized location of the businesses could encourage foot-traffic and create demand for localized transportation modes.
- 5. Harbins Road Multi-story Retail: The City intends to encourage the development of commercial storefronts along Harbins Road within the City Core Property, directly across from the existing City Hall. Local retail shops and restaurants would help facilitate the creation of a town center development pattern supported by the moderate-density housing in Dacula Village to the north of Sanjo Street. Commercial storefronts and restaurants in close proximity with existing residential and an entertainment venue could attract residents and visitors to a walkable communal area. Based on the topography, two to three-story retail buildings would be well suited for the area to bridge the elevation difference from Harbins Road to the interior of the site.
- 6. *Residential Infill Development* The streets within the Historic Dacula Village and the 2nd Avenue Districts are some of the most historied in Dacula. Some of the properties need extensive repairs, rehabilitation, or redevelopment. Dacula Village is poised to develop into a livable, walkable downtown residential core that helps support the surrounding future mixed-use and commercial developments; however, the City's current zoning ordinances are not conducive to infill development. The primary barriers to infill

development are setback requirements, lot sizes, and sewer availability, which make it unrealistic for developers to redevelop blighted properties.

With the addition of sewer access along Harbins Road, Winder Highway and Maxey Street, the City has the infrastructure to potentially support a higher-density core. The URA is in a position to advise the City Council and staff to discuss potential amendments to the City's zoning resolution to make infill development legally and financially feasible for developers. A new zoning district or overlay that is specific to the downtown core, would provide the City with the opportunity to invest in financially sustainable and productive developments. As road infrastructure projects become harder to fund, and traffic increases, it is in the best interest of the City to diversify the types of developments within its limits. Facilitating the creation of a downtown core will preserve dwindling forests and large historic lots, yield more property taxes per acre, and reduce the time residents must spend in cars to access resources.

- 7. City Monument Signs: To better create a sense of place in Dacula, the City intends to construct City Monument Signs to delineate municipal boundaries and the City Core. More than 40% of respondents to the Comprehensive Plan survey stated that they did not have a definite sense of where Dacula begins and ends. The signs would provide markers to enhance awareness of the City's boundaries.
- 8. Place-Making Projects: The URA will be tasked to work with the City Council, staff, and community members to select placemaking projects to create a greater sense of connection residents have with their built environment. Residents have a prolific history of honoring veterans and maintaining a public space for such purpose. Monuments and other built structures could be installed to continue the City's tradition of honoring service members in a dedicated "Veterans Park." Additional project concepts include community information boards, stones painted by residents in parks, a brick map of Dacula in a town square, murals and other public works of art, painted or decorative trash receptacles, and/or colorful crosswalks within the Urban Redevelopment Area.
- 9. Urban Redevelopment Area Connectivity: The Urban Redevelopment Area is poised to become a communally functional, financially productive, and civically engaging area within the City. In light of the consistently heavy traffic along Harbins Road and the lack

of transportation alternatives to automobile travel within the City, the URA will be tasked with pursuing complete streets within its boundaries via pedestrian pathways, bike lanes, and physical traffic calming devices as appropriate. The aforementioned tools will connect the currently isolated areas within the Urban Redevelopment Area and connect the City to the proposed Piedmont Pathway outlined within the Gwinnett Trails plan.

F. Ownership of Urban Redevelopment Project

The URA will be the initial owner of certain public facilities included in the Urban Redevelopment Project, including the new municipal complex, entertainment venue, and parking deck, and will convey these facilities to the City after the completion.

G. Public Infrastructure Needs to Support Redevelopment

To support redevelopment of the area, the following public infrastructure should be provided and/or upgraded: transportation, electric, water, sewer, sidewalks, lighting, streetscapes, and public recreational space. The City's Capital Improvement Program has identified and prioritized projects that should be addressed.

H. Zoning and Land Use

This Urban Redevelopment Plan will afford maximum opportunity, consistent with the needs of the City as a whole, for the rehabilitation or redevelopment of the Urban Redevelopment Area by private enterprise. The Urban Redevelopment Project will not initially require any zoning changes and will be accomplished in accordance with City's zoning ordinances, as applicable, unless exceptions are made in accordance with the law and the Comprehensive Plan as a component of the Urban Redevelopment Project. This Urban Redevelopment Plan conforms to the general plan of the City as a whole. The Urban Redevelopment Project will constitute an appropriate land use.

I. Conclusion

The redevelopment of the City of Dacula presents the opportunity to proactively and intentionally redevelop some of the most historied streets in Dacula. This Urban Redevelopment Plan was created for the purpose of aiding in the proactive redevelopment of the City in the Urban Redevelopment Area by identifying public and private improvements that will promote these goals for the benefit and welfare of the residents of the City and transform and extend Dacula's historic downtown.

RESOLUTION APPROVING URBAN REDEVELOPMENT PLAN

WHEREAS, pursuant to Chapter 61 of Title 36 of the Official Code of Georgia Annotated, entitled the "Urban Redevelopment Law," as amended (the "Urban Redevelopment Law"), the City Council of the City of Dacula, Georgia (the "City") held a public hearing on April 4, 2024, on a proposed urban redevelopment plan entitled "City of Dacula Urban Redevelopment Plan" (the "Urban Redevelopment Plan"), a copy of which is on file with the City; and

WHEREAS, public notice of such public hearing was published in the <u>Gwinnett Daily Post</u>, a newspaper having a general circulation in the area of operation of the City, on March 27, 2024, and proof of such publication is on file with the City; and

WHEREAS, the City has prepared and adopted a general plan for the physical development of the City as a whole (giving due regard to the environs and metropolitan surroundings) (the "General Plan") pursuant to the Urban Redevelopment Law; and

WHEREAS no families will be displaced from the urban redevelopment area described in the Urban Redevelopment Plan, and therefore no method for relocation of such families need be provided; and

WHEREAS, the Urban Redevelopment Plan conforms to the General Plan; and

WHEREAS, the Urban Redevelopment Plan will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the rehabilitation or redevelopment of the urban redevelopment area described in the Urban Redevelopment Plan by private enterprise; and

WHEREAS, the Urban Redevelopment Plan constitutes an appropriate part of the City's workable program for utilizing appropriate private and public resources to eliminate and prevent the development or spread of pockets of blight, to encourage needed urban rehabilitation, and to provide for the redevelopment of pockets of blight, all as set forth in the Urban Redevelopment Law; and

WHEREAS, after careful study and investigation, the City desires to approve the Urban Redevelopment Plan;

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF DACULA, GEORGIA, AS FOLLOWS:

1. All statements, findings, and recitations set forth in the above and foregoing preambles are hereby determined and declared to be true and correct.

2. The Urban Redevelopment Plan and the urban redevelopment project set forth therein are hereby approved.

3. Any and all resolutions in conflict with this resolution be and the same are hereby repealed.

4. This resolution shall be effective immediately upon its adoption by the City Council of the City.

PASSED, ADOPTED, SIGNED, APPROVED, and **EFFECTIVE** this 2nd day of May 2024.

AN ACTIVATING RESOLUTION TO AUTHORIZE THE URBAN REDEVELOPMENT AGENCY OF DACULA, GEORGIA TO TRANSACT BUSINESS AND EXERCISE POWERS UNDER THE PROVISIONS OF THE URBAN REDEVELOPMENT LAW; TO DETERMINE THE NUMBER AND TERMS OF OFFICE OF THE BOARD OF COMMISSIONERS OF THE URBAN REDEVELOPMENT AGENCY; TO REPEAL CONFLICTING RESOLUTIONS; TO PROVIDE FOR AN EFFECTIVE DATE AND FOR OTHER PURPOSES

WHEREAS, it has been determined by the City Council of the City of Dacula, Georgia (the "City") that one or more pockets of blight exist in the City and that the rehabilitation, conservation, or redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of the City; and

WHEREAS, Chapter 61 of Title 36 of the Official Code of Georgia Annotated, known as the "Urban Redevelopment Law" (the "Urban Redevelopment Law"), creates in each municipality in the State of Georgia a public body corporate and politic to be known as the "urban redevelopment agency" of the municipality, for the purpose of exercising the "urban redevelopment project powers" defined in Section 36-61-17(b) of the Official Code of Georgia Annotated; and

WHEREAS, it has been determined by the City Council of the City that it is in the public interest for the Urban Redevelopment Agency of Dacula, Georgia to exercise the "urban redevelopment project powers" of the City; and

WHEREAS, the City Council of the City, after thorough investigation, has determined that it is desirable and necessary that the Urban Redevelopment Agency of Dacula, Georgia be activated immediately, pursuant to the Urban Redevelopment Law, in order to fulfill the needs expressed herein;

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF DACULA, GEORGIA, AS FOLLOWS:

1. There is hereby found, determined, and declared that one or more pockets of blight exist in the City and that the rehabilitation, conservation, or redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of the City.

2. It is in the public interest for the City's urban redevelopment agency created by the Urban Redevelopment Law to exercise the City's "urban redevelopment project powers" and hereby elects to have the City's urban redevelopment agency created by the Urban Redevelopment Law exercise the City's "urban redevelopment project powers."

3. There is hereby activated in the City the public body corporate and politic known as the "Urban Redevelopment Agency of Dacula, Georgia," which was created upon the enactment and approval of the Urban Redevelopment Law.

4. The Board of Commissioners of the Urban Redevelopment Agency shall consist of five (5) members who shall serve for staggered terms of office of four (4) years, except for the initial commissioners, who shall serve for the terms of office specified below.

5. The Mayor, by and with the advice and consent of the City Council, hereby appoints as members of the initial Board of Commissioners of the Urban Redevelopment Agency the following named persons for terms of office expiring as indicated below.

	Date of Expiration
Name	of Initial Term of Office
Denis W. Haynes, Jr.	December 31, 2025
Hugh D. King, III	December 31, 2025
Ann Mitchell	December 31, 2027
Daniel Spain	December 31, 2025
Sean Williams	December 31, 2027

6. The Board of Commissioners hereinbefore appointed shall organize itself, carry out its duties and responsibilities, and exercise its powers and prerogatives in accordance with the terms and provisions of the Urban Redevelopment Law as it now exists and as it might hereafter be amended or modified.

7. Any and all resolutions in conflict with this resolution be and the same are hereby repealed.

8. This resolution shall be effective immediately upon its adoption by the City Council of the City, and from and after such adoption the Urban Redevelopment Agency of Dacula, Georgia shall be deemed to be activated.

PASSED, ADOPTED, SIGNED, APPROVED, AND EFFECTIVE this 2nd day of May 2024.

TO:	Mayor and City Council of the City of Dacula
FROM:	Brittni Nix, City Administrator
DATE:	April 25, 2024
SUBJECT:	Design proposal for Superior Drive Storm Drainage Replacement Project

The City of Dacula staff requested a proposal from Bowman Consulting Group Ltd. to design and bid the replacement of storm water pipe along 3125 Superior Drive. The current pipe has been separated and is causing a massive sink hole. As such, the size of the sink hole has created health and wellness concerns for the residents. The provided proposal includes creating construction documents, bid management, and construction administration for \$32,100.

SPLOST funds would be utilized to fund the project. Staff requests approving Bowman's proposal in the amount of \$32,100 for the stated services as provided.

Item 3.

Bowman

April 22, 2024

Mayor & Council **City of Dacula** P.O. Box 400 Dacula, GA 30019

RE: Job #24-0406 3125 Superior Drive Storm Drainage Replacement Project

Dear Mayor & Council:

Bowman Consulting Group (Bowman) is pleased to offer this Proposal/Agreement for Surveying and Engineering Services for 3125 Superior Drive Storm Drainage Replacement Project. Bowman will provide Surveying and Civil Engineering Design Services for the City of Dacula in order to survey, design, prepare Construction Drawings and Specifications, Bid Documents, and Construction Administration Services as described in the project referenced above.

Following discussion with City Staff we have prepared the following Scope of Services.

Bowman will field survey the proposed area for storm drainage replacement referenced above to provide the necessary topographic data for design.

- A. Survey and establish topographic elevations and existing storm drainage system data.
- B. Field locate visible utilities. No private locate services or Alta Survey Services are proposed.
- C. Research to provide right-of-way and lot lines as required.

Bowman will design and prepare Construction Drawings and Specifications for 3125 Superior Drive Storm Drainage Replacement Project which includes:

- A. Demolition Plan.
- B. Site Layout Plan.
- C. Grading & Drainage Plan.
- D. Storm Drainage Profiles and Hydrology Calculations, as required.
- E. Soil & Erosion Control Plans & Details.
- F. Construction Details.
- G. Specifications.

Bowman will prepare Bid Phase Documents and send to City, Advertisers, and Bidders for bidding the project out for construction. These services include:

- A. Prepare Contract Bid Documents.
- B. Send Drawings and Documents out to prospective bidders.
- C. Prepare advertisement for Bid and send to appropriate advertisers.
- D. Respond to Request for Information during the bid phase.
- E. Prepare addenda as required.
- F. Attend Bid Opening as the Owners Representative.
- G. Evaluate Bids.
- H. Award the Contract.

IV. Easement Phase (hourly, as required)

A. Research, prepare, and secure easement agreements as required for each property in order to access and install storm drainage improvements. Properties that will be impacted and may require acquisition of easements include #3125 Superior Drive and 3115 Superior Drive.

V. Construction Administration Phase \$8,000.00

Bowman will provide construction administration services throughout construction of the project to ensure that the project is being constructed per the contract documents. These services include:

- A. Daily/Weekly Site Visits as needed.
- B. Coordinate with Contractor on construction and/or questions.
- C. Review and respond to RFI's and/or Change Orders, as required.
- D. Review storm drainage and other submittals, as required.
- E. Review and approve Pay Applications.
- F. Coordinate Project Closeout. Prepare closeout documents and coordinate with Contractor to complete required items.

The Scope of Services of this Proposal/Agreement is limited to those items outlined above. Services of any nature beyond those outlined above shall be performed as an Additional Service on an hourly fee basis per the attached fee schedule, plus reimbursable expenses at cost plus 15%. Invoices are due and payable within thirty days from date of invoice. Bowman Standard Terms and Conditions are attached herewith and become part of this Contract.

If this proposal is acceptable, please sign in the space provided below and return a copy to our office. Upon your acceptance, this document shall serve as our Agreement for Basic Services and our Notice to Proceed. We appreciate the opportunity to serve you again and look forward

City of Dacula April 22, 2024 Page 3 of 2

to working with you. If you have questions or require additional information, please call. We are at your service.

Sincerely,

Bowman Consulting Group

Kevin D. Whigham, P.E., M.ASCE Civil Engineering, Team Lead

Item 4.

TO:	Mayor and City Council of the City of Dacula
FROM:	Brittni Nix, City Administrator
DATE:	April 25, 2024
SUBJECT:	McMillan Rd FY-2024 LRA Application

The Georgia Department of Transportation (GDOT) is now accepting applications for Local Road Assistance Administration funds (LRA) authorized by the Georgia amended fiscal year 2024 budget. Based on the FY 2024 LRA formula amounts, the City of Dacula is eligible for up to \$102,084.11.

Staff recommends submitting the McMillan Road Paving, Drainage, and Sidewalk Improvement Project for consideration to receive FY-2024 LRA monies. The improvement project includes 6" deep patch milling sections of asphalt failures, standard 2 1/2" asphalt milling, asphalt repaving, restriping, sidewalk, curb ramp and guardrail replacement, stormwater improvements, and redesigning the McMillan Road at Stanley Road/Church Street intersection. The listed corrections would serve to bridge insufficient subsurface soil conditions while correcting failures in the existing roadway. The OPCC (Opinion of Probable Construction Cost) with 15% contingency totals \$598,529.

Staff requests a motion from Council to authorize the Mayor to sign and submit the FY-2024 LRA Application to the Georgia Department of Transportation for their consideration.

April 19, 2024

Mr. Jeramy Durrence State Aid Coordinator Georgia Department of Transportation District 1 Office of Traffic Operations 1475 Jesse Jewell Pkwy NE, Suite 100 Gainesville, Georgia 30501

RE: 2024 Program Year LRA Grant Application City of Dacula – McMillan Road Paving, Drainage, and Sidewalk Improvements

Dear Mr. Durrence:

Please find attached the completed 2024 Local Road Assistance Administration Funding Application. The City of Dacula has identified McMillan Road that is in need of deep patch asphalt repair, asphalt milling, repaving, drainage structure repair, guardrails, and sidewalk replacement improvements.

The asphalt pavement improvements project as identified in the application; McMillan Road is 0.534 miles in length. Project will begin at intersection of McMillan Road and Harbins Road and end at intersection of McMillan Road and Stanley Road/Church Street intersection. The City plans to start engineering design in May of 2024 and construction around beginning of August 2024.

The status of previous funding for the City of Dacula includes:

- 1) 2021 LMIG Robin Ridge Drive, Tecca Court, and Joey Court Asphalt Paving Improvements / Sidewalk Project. Project is complete.
- 2) 2022 LMIG Brookton Station Subdivision Asphalt Milling and Repaving Improvements / Sidewalk Replacement Project. Project is complete.
- 3) 2023 LMIG Dacula Crossing Subdivision Dacula Ridge Drive and Dacula Ridge Court. Project is complete.

If you have any questions, or require additional information, please call.

Sincerely,

Honorable Hugh D. King, III Mayor, City of Dacula

Item 4.

GEORGIA DEPARTMENT OF TRANSPORTATION LOCAL MAINTENANCE & IMPROVEMENT GRANT (LMIG) APPLICATION FOR FISCAL YEAR <u>2024 SUPPLEMENTAL</u> *TYPE OR PRINT LEGIBLY. ALL SECTIONS MUST BE COMPLETED.*

LOCAL GOVERNMENT AFFIDAVIT AND CERTIFICATION

I, Hugh D. King, III (Name), the Mayor (Title), on behalf of City of Dacula (Local Government), who being duly sworn do swear that the

information given herein is true to the best of his/her knowledge and belief. Local Government swears and certifies that it has read and understands the LMIG General Guidelines and Rules and that it has complied with and will comply with the same.

Local government further swears and certifies that it has read and understands the regulations for the Georgia Planning Act (O.C.G.A. § 45-12-200, et seq.), Service Delivery Strategy Act (O.C.G.A. § 36-70-20, et seq.), Immigration Sanctuary Policies; prohibition; penalties (O.C.G.A. § 36-80-23), and the Local Government Budgets and Audits Act (O.C.G.A. § 36-81-7 et seq.) and will comply in full with said provisions. Local government further swears and certifies that the roads or sections of roads described and shown on the local government's Project List are dedicated public roads and are part of the Public Road System in said county/city. Local government further swears and certifies with federal and/or state environmental protection laws and at the completion of the project(s), it met the match requirements as stated in the Transportation Investment Act (TIA) (O.C.G.A. § 48-8-240).

Further, the local government shall be responsible for any claim, damage, loss or expense that is attributable to negligent acts, errors, or omissions related to the designs, drawings, specifications, work and other services furnished by or on behalf of the local government pursuant to this Application ("Loss"). To the extent provided by law, the local government further agrees to hold harmless and indemnify the DEPARTMENT and the State of Georgia from all suits or claims that may arise from said Loss.

If the local government fails to comply with these General Guidelines and Rules, or fails to comply with its Application and Certification, or fails to cooperate with the auditor(s) or fails to maintain and retain sufficient records, the DEPARTMENT may, at its discretion, prohibit the local government from participating in the LMIG program in the future and may pursue any available legal remedy to obtain reimbursement of the LMIG funds. Furthermore, if in the estimation of the DEPARTMENT, a project shows evidence of failure(s) due to poor workmanship, the use of substandard materials, or the failure to follow the required design and construction guidelines as set forth herein, the Department may pursue any available legal remedy to obtain reimbursement of the allocated LMIG funds or prohibit local government from participating in the LMIG program until such time as corrections are made to address the deficiencies or reimbursement is made. All projects identified on the Project list shall be constructed in accordance with the Department's Standard Specifications of Transportation Systems (Current Edition), Supplemental Specifications (Current Edition), and Special Provisions.

TO:	Mayor and City Council of the City of Dacula
FROM:	Brittni Nix, City Administrator
DATE:	April 25, 2024
SUBJECT:	Security cameras for Maple Creek Park

There has been an increasing amount of vandalism at Maple Creek Park. Installing additional security cameras within Maple Creek Park would increase security, assist law enforcement with identification, and deter future offenses by reducing blind spots.

Staff researched installing security cameras and determined the electrical infrastructure at Maple Creek Park would require improvements to support the additional security camera system. As such, staff has procured a quote from Kellar Security to install three (3) PTZ cameras, and one (1) fixed camera for (\$6,220) and a quote from Electrical Pros to provide the required electrical infrastructure (\$14,843). The provided quotes are all inclusive. The total project cost is \$21,063.

2017 SPLOST Recreation funds would be utilized to fund the project. Staff recommends authorizing a not to exceed amount of \$21,063 for the security camera installation project to install the security camera equipment and electrical improvements as proposed.
