DAWSON COUNTY PLANNING COMMISSION MEMORANDUM

DATE: OCTOBER 15, 2015
TO: DAWSON COUNTY PLANNING COMMISSION
FROM: RACHEL BURTON, PLANNING AND DEVELOPMENT DIRECTOR
MEETING: OCTOBER 20, 2015 @ 6:00 P.M. – DAWSON COUNTY GOVERNMENT CENTER,
ASSEMBLY ROOM 2303

CASE #: ZA 15-06
APPLICANT: Joseph D. Green
STATUS OF APPLICANT: Owner
SITE LOCATION: 1500 Harmony Church Road (TMP 118-091-001)
COMMISSION POST: 3
REQUESTED ACTION: to rezone 1.081 acres from CHB (Commercial Highway Business) to CIR (Commercial Industrial Restricted).
PROPOSED USES: Butchery/Slaughter House
SURROUNDING ZONING DISTRICTS: North – RA (Residential Agriculture)
South – RA (Residential Agriculture)
East – RA (Residential Agriculture)
West - RA (Residential Agriculture) and RSR (Residential Sub-Rural)
SURROUNDING LAND USES: North – Occupied Residential Property
South – Occupied Residential Property
East – Occupied Residential Property
West – Occupied Residential Property and Church Graveyard
FLUP CLASSIFICATION: Sub-Rural Residential
SUBJECT PROPERTY HISTORY: ZA 96-06 rezoned from RA to CHB
ACCESS: Harmony Church Road

ANALYSIS AND COMMENTS:
The subject property consists of approximately 1.08 acres (TMP 118-091-001). The subject property is currently zoned C-HB. Adjacent properties are zoned residential agricultural and residential sub-rural with single family residences located on them as well as a church grave yard on the property located to the west.

The 2033 Comprehensive Plan Future Land Use Map recommends the property be Sub-Rural Residential.

The applicant has notified Dawson County in the letter of intent that he intends to change his current business from a deer processing facility to a butchery/slaughter house. The applicant has also requested a side and rear building setback variance for the existing commercial building and an accessory structure that are encroaching within the setbacks. The request is for a side setback of 10' instead of the required 25' for the existing commercial building, a rear setback of 18' instead of the required 50' for the commercial building, and a rear setback of 5' for the existing accessory structure instead of the required 50'.

The following observations should be noted with respect to this request:

A. The existing uses and classification of nearby property.

The adjacent properties surrounding the subject property are zoned RA and RSR with single family residences as well as a church grave yard.

B. The extent to which property values are diminished by the particular land use classification.

The Future Land Use Plan (FLUP) currently recognizes Sub-Rural Residential for the subject property. The proposed rezoning does not align with the FLUP.

C. The extent to which the destruction of property values of the applicant promotes the health, safety, morals, or general welfare of the public.

Until staff receives comments from Georgia Environmental Protection Division we are unable to address the health, safety, morals or general welfare impact to the public.

D. The relative gain to the public, as compared to the hardship imposed upon the individual property owner.

Until staff receives comments from Georgia Environmental Protection Division we are unable to address the any gain to the public or hardship on the applicant.

E. The suitability of the subject property for the proposed land use classification.

The subject property does not align with the FLUP, the proposed use would not be allowed within Sub-Rural Residential zoning.

F. The length of time the property has been vacant under the present classification, considered in the context of land development in the area in the vicinity of the property.

The subject property currently has a commercial business.

G. The specific, unusual, or unique facts of each case, which give rise to special hardships, incurred by the applicant and/or surrounding property owners.

The current business license for the subject property allows for deer processing, which is allowed within the current C-HB zoning. However, commercial slaughtering of animals is not allowed and would not fit with the FLUP.

Photographs:

Rezoning sign on subject property.

Existing commercial building on subject property.

Pertinent County Departments have provided the following comments regarding the proposed development:

- a) **Engineering Department** – No comments necessary.
- b) **Environmental Health Department** – The subject property is connected to public water. The use will require a specially designed septic system based on the potential high biochemical oxygen demand (BOD) and total suspended solids (TSS) of the wastewater produced by an abattoir/animal processing facility. No known health hazards in the area affect the proposed development at this time. No bodies of water are within 50 feet of this area. The Environmental Health Department (EPD) has notified the applicant that he is required to receive a review from the Georgia EPD before they can consider use of the existing system with upgrades. They are still waiting to hear from EPD and based on history of the system Environmental Health does not believe that the existing system is sufficient for an abattoir, which is why they require guidance from EPD. Review from EPD is required on systems that are not producing domestic strength wastewater.
- c) **Emergency Services** – Fire Station 3 would service this location with a distance of 1 mile. Response time would be 10-15 minutes by both paid and volunteer firefighters. The fire rating for the area is 5/9. Construction type is wood/block; occupancy class is M, with a low degree of hazard. Number of approved fire apparatus access roads is one. Zoning will not have an impact on Emergency Services' response time, manpower, apparatus and work load.
- d) **Etowah Water & Sewer Authority** – No comments necessary.
- e) **Dawson County Sheriff's Office** – Police protection is adequate and no additional manpower, equipment, or construction would be necessary.
- f) **Board of Education** – No comments necessary.
- g) **Georgia Department of Transportation** – No comments necessary.

Recommendation

Staff has reviewed the application for rezoning from C-HB to C-IR and side and rear setback request for the subject property. Based on the information provided and the surrounding uses staff recommends **DENIAL of the rezoning request and APPROVAL for a 10' side setback for the existing commercial building, 18' rear setback for the existing commercial building, and a 5' rear setback for the existing accessory structure.** The current Future Land Use Plan does not align with the proposed C-IR zoning request.

WHEREAS, NRG disputes the claims by the County; and

WHEREAS, the County has agreed to settle all asserted or potential claims against NRG relating to or otherwise arising out of the Contract under the terms set forth in this Agreement;

NOW, THEREFORE, in consideration of the covenants, promises, and obligations of the Parties as hereinafter set forth, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. **Settlement Amount.** NRG agrees to pay the sum of FIVE THOUSAND AND 00/100 DOLLARS (\$5,000.00) (the "Settlement Amount") to the County.

2. **No Admission of Liability.** The execution and performance by the Parties under this Agreement shall in no way be used as or otherwise construed as an admission of liability by any of the Parties, which liability is expressly denied.

3. **Release by the County ("Release").** For and in consideration of the obligations and covenants above, the sufficiency of which is acknowledged, the County hereby releases and forever discharges NRG and CREDIT BUREAU SYSTEMS, INC. Further, the Parties expressly state that CBS is to be an intended third-party beneficiary of this Release.

4. **Entire Agreement.** This Agreement constitutes a single, integrated, written contract, expressing the entire agreement between the Parties with respect to the subject matter

hereof and cannot be amended, supplemented, or changed in any respect, except by a written instrument signed by all of the Parties hereto. This Agreement supersedes all prior negotiations, understandings, agreements or representations, written or verbal, by or between the Parties with respect to the subject matter hereof. The Parties represent and warrant that they are not relying on any promises or representations that do not appear written herein.

5. **Severability.** If any portion of this Agreement shall for any reason be held invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision contained in this Agreement, and instead, this Agreement shall be construed as if such invalid or unenforceable provision had never been contained therein.

6. **Authority to Enter Into this Agreement.** The Parties represent and warrant each to the other that

- a. Each Party has the right and authority to execute and deliver this Agreement;
- b. Each Party is not operating under any impairment which would affect its ability to understand the terms and effect of this Agreement;

- d. The person executing this Agreement on behalf of the Party has full authority to do so and this Agreement, once executed and delivered, shall be binding on the Party represented.

7. **Enforceability.** Each Party shall have the right to specifically enforce the Agreement, except for provisions which subsequently may be held invalid or unenforceable.

8. **Advice of Counsel.** The Parties acknowledge that they have had the advice of their respective counsel in reviewing this Agreement and further acknowledge that they enter into this Agreement of their own free and voluntary act and are under no duress or undue influence, with a full understanding of and in agreement with all terms contained herein.

9. **Binding Effect.** All of the terms of this Agreement are contractual, including those terms contained in the Recitals section of this Agreement. The Agreement shall be binding upon and shall inure to the benefit of the Parties and their respective predecessors, subsidiaries, parents, officers, directors, managers, employees, partners, shareholders, agents, attorneys, representatives, and assigns of the same.

10. **Headings.** The paragraph headings contained in this Agreement are for convenience only and shall not be used to construe the meaning or interpretation of any provision of this Agreement.

11. **Drafting.** The Parties agree that this Agreement shall be construed without

regard to the drafter of the same and shall be construed as though each Party to this Agreement participated equally in the preparation and drafting of this Agreement.

12. **Attorneys' Fees.** In the event that any Party to this Agreement asserts a claim for breach of this Agreement or seeks to enforce its terms, the prevailing party in any such proceeding shall be entitled to recover costs and reasonable attorneys' fees. Otherwise, as pertains to the prosecution and defense of claims raised in the Lawsuits, the Parties agree that each Party shall be solely responsible for their own legal fees and that no Party shall assert a claim against the other for payment of attorneys' fees or costs incurred (including the preparation and negotiation of this Agreement), such claim being expressly waived and released herein.

COMMISSION ACTION REQUESTED ON: November 19, 2015

PURPOSE: The purpose of the RFP was to solicit a turn key solution to the County's aging servers. Scope of work included hardware, software, data migration, service and support for 5 years.

HISTORY: Current servers are holding on but are failing. The need has reached a critical level and the servers need to be replaced. The operating systems are out of date and need to be updated.

FACTS AND ISSUES: One bid received that was over budget. Staff met with vendor, requested correct and available references and negotiated a Best and Final Offer price. In an attempt to get under budget, vendor removed migration among other items. After review, removing the migration is not an option. Other items removed would still need to be purchased. SEE ATTACHED MEMO.

OPTIONS: 1) Accept bid at original price. 2) Accept Best and Final Offer with negotiated terms and purchase additional items separately not under warranty. 3) Reject bid and rebid with broader scope of work that would best meet the needs of the County.

RECOMMENDED SAMPLE MOTION: Motion to reject Bid #257-15 RFP IT Servers based on budget constraints and the references provided were not responsive nor similar in work experience.

REF: IT Server Bid #257-15 RFP

My staff and I have completed an extensive review of the proposal that was submitted by Vehtech, INC. for the above referenced RFP. I recommend that we move forward with requesting the Board of Commissioners to reject both the original proposal and the negotiated best and final offer for the following reasons:

- References provided were not responsive as well as no similar work references were provided.
- In an attempt to get the project under budget, my team and the vendor looked as several potential options. One of those options was to bring the data migration in-house, a \$15,000 cost savings, upon further review removing this line item from the project would not be in the best interest of the county. Data migration should be included in the scope to provide the county a seamless server transfer and warranty of the product.
- Total project is over budget.

I will continue to work with IT staff to determine viable options moving forward with the solution to the server needs for Dawson County.

Such amendments shall become addendums to this contract. Unless otherwise specified in Attachments, which are attached hereto and made a part hereof, the following method of payment shall be used:
 - 4) Payments. The provider shall be entitled to receive payments on the following basis:
 - (a) *On or before the fifth day of the month* following the month for which reimbursement is requested, the Provider shall submit to Vendor, in a form acceptable to the Georgia Department of Human Services and the DEANNA INC. as specified in Attachment “A”, a request documenting actual trips incurred during that month for congregate meal transportation as specified in Attachment “A.”

Each party will be excused from performance under this contract to the extent that it is prevented from performing, in whole or in substantial part, due to delays caused by an act of God, civil or military authority, war, court order, acts of public enemy, and such nonperformance will not be default under this contract nor a basis for termination for cause.
- 8) Termination.
- a) **Due to non-availability of funds**. Notwithstanding any other provision of this contract, in the event that either of the sources of reimbursement to Provider for services under this contract no longer exist or in the event the sum of all obligations of the Center incurred under this and all other contracts entered into for this program exceeds the balance of such contract sources, then this contract shall immediately terminate without further obligation of the Vendor as of that moment. The certification by the Commissioner of the Department of Human Services of the occurrence of either of the events stated above shall be conclusive.

Website Builder – Considerations

Planning your website

All good websites come from a good plan. Sounds redundant, but it's true. If you want to create a good website, you need a solid plan.

Assignment #1 - Goal Statement

Come up with a purpose for your site, or better yet, call it your Goal Statement.

Answer the following questions

1. What am I going to do with the website?
2. Who is going to access the website?
3. What kinds of information will be posted on the website?
4. How often am I going to be posting and adding information to the website?

Assignment #2 - Content Strategy

What kind of content will you be displaying on your website? Content is the information you display to your visitors. It can include, but is not limited to the following:

- Blog posts
- Documents (downloadable schedules, forms etc.).
- Video
- Pictures (such as in a gallery)
- Slideshows
- Embedded social media feeds (such as your Twitter stream or Facebook page updates)

Your content strategy is the way that you plan to present your content over time. For instance, you may want to publish two blog posts a month, and put out a free quarterly report for your subscribers to download four times a year. Since content is such a vital aspect of a website, ask other agency staff for help if you need it.

Assignment #3 – Website Structure

Decide what pages you'll be using and what features will be on each one. Most websites have an About and Contact page, but the pages you use should meet your needs. Here are some suggestions, again removing the ones that you want and add ones that I have missed:

- Home
- About Us
- Routes and Schedules
- Dial-A-Ride and ADA
- Fares and Passes
- Riding with Us
- News and Service Alerts
- Calendar
- Contact Us

**SPECIAL SECTION 5333(b) WARRANTY FOR
APPLICATION TO THE SMALL URBAN AND RURAL PROGRAM**

The following language shall be made part of the contract of assistance with the State or other public body charged with allocation and administration of funds provided under Title 49 U.S.C. Section 5311:

A. General application

The Public Body Georgia DOT agrees that, in the absence of waiver by the Department of Labor, the terms and conditions of this warranty, as set forth below, shall apply for the protection of the transportation related employees of any employer providing transportation services assisted by the Project (Dawson County Transit) and the transportation related employees of any other surface public transportation providers in the transportation service area of the Project.

The Public Body shall provide to the Department of Labor and maintain at all times during the Project an accurate, up-to-date listing of all existing transportation providers which are eligible Recipients of transportation assistance funded by the Project, in the transportation service area of the Project, and any labor organizations representing the employees of such providers.

Certification by the Public Body to the Department of Labor that the designated Recipients have indicated in writing acceptance of the terms and conditions of the warranty arrangement will be sufficient to permit the flow of Section 5311 funding in the absence of a finding of non-compliance by the Department of Labor.

B. Standard Terms and Conditions

(1) The Project shall be carried out in such a manner and upon such terms and conditions as will not adversely affect employees of the Recipient and of any other surface public transportation provider in the transportation service area of the Project. It shall be an obligation of the recipient and any other legally responsible party designated by the Public body to assure that any and all transportation services assisted by the Project are contracted for and operated in such a manner that they do not impair the rights and interests of affected employees. The term "Project," as used herein, shall not be limited to the particular facility, service or operation assisted by Federal funds, but shall include any changes, whether organizational, or otherwise, which are a result of the assistance provided. The phrase "as a result of the Project," shall when used in this arrangement, include events related to the Project occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement.

An employee covered by this arrangement, who is not dismissed, displaced or otherwise worsened in his position with regard to his employment as a result of the Project, but who

EXHIBIT 9 (continued)

is dismissed, displaced or otherwise worsened solely because of the total or partial termination of the Project, discontinuance of Project services, or exhaustion of Project funding shall not be deemed eligible for a dismissal or displacement allowance within the meaning of paragraphs (6) and (9) of the Model agreement or applicable provisions of substitute comparable arrangements.

(2)(a) Where employees of a Recipient are represented for collective bargaining purposes, all Project services provided by that Recipient shall be provided under and in accordance with any collective bargaining agreement applicable to such employees which is then in effect.

(2)(b) The Recipient or legally responsible party shall provide to all affected employees sixty (60) days' notice of intended actions which may result in displacements or dismissals or rearrangements of the working forces. In the case of employees represented by a union, such notice shall be provided by certified mail through their representatives. The notice shall contain a full and adequate statement of the proposed changes, and an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs in the Recipient's employment available to be filled by such affected employees.

(2)(c) The procedures of this subparagraph shall apply to cases where notices involve employees represented by a union for collective bargaining purposes. At the request of either the Recipient or the representatives of such employees negotiations for the purposes of reaching agreement with respect to the applications of the terms and conditions of this arrangement shall commence immediately. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit the matter to dispute settlement procedures in accordance with paragraph (4) of this warranty. The foregoing procedures shall be complied with and carried out prior to the institution of the intended action.

(3) For the purpose of providing the statutory required protections including those specifically mandated by 49 U.S.C. Section 5333(b)¹, the public body will assure as a condition of the release of funds that the Recipient agrees to be bound by the terms and conditions of the National (Model) Section 5333(b) Agreement executed July 23, 1975, identified below², provided that other comparable arrangements may be substituted therefore, if approved by the Secretary of Labor and certified for inclusion in these conditions.

¹Such protective arrangements shall include, without being limited to, such provisions as may be necessary for (1) the preservation of rights, privileges, and benefits (including continuation of pension rights and benefits) under existing collective bargaining agreements or otherwise; (2) the continuation of collective bargaining rights; (3) the protection of individual employees against a worsening of their positions with respect to their employment; (4) assurances of employment to employees of acquired mass transportation systems and priority of reemployment of employees terminated or laid off; and (5) paid training and retraining programs. Such arrangements shall include provisions protecting individual employees against a worsening of their positions with respect to their employment which shall in no event provide benefits less than those established pursuant to 49 U.S.C. Section 11347 [the codified citation of Section 5(2)(f) of the Act of February 4, 1987 (24 Stat. 379), as amended]. ²For purposes of this warranty agreement, paragraphs (1);(2);(5);(15);(22);(23);(24);(26)(27);(28); and (29) of the Model Section 5333(b) Agreement, executed July 23, 1975 are to be omitted.

EXHIBIT 9 (continued)

(Page 3 of 6)

(4) Any dispute or controversy arising regarding the application, interpretation, or enforcement of any of the provisions of this arrangement which cannot be settled by and between the parties at interest within thirty (30) days after the dispute or controversy first arises, may be referred by any such party to any final and binding disputes settlement procedure acceptable to the parties, or in the event they cannot agree upon such procedure, to the Department of Labor or an impartial third party designated by the Department of Labor for final and binding determination. The compensation and expenses of the impartial third party, and any other jointly incurred expenses, shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the burden of either the Recipient or other party legally responsible for the application of these conditions to prove that factors other than the Project affected the employees. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee.

(5) The Recipient or other legally responsible party designated by the Public Body will be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee covered by these arrangements, or the union representative of such employee, may file claim of violation of these arrangements with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (18) months of the date his position with respect to his employment is otherwise worsened as a result of the Project. In the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event. No benefits shall be payable for any period prior to six (6) months from the date of the filing of any claim.

(6) Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits which such employee may have under existing employment or collective bargaining agreements, nor shall this arrangement be deemed a waiver of any rights or any union or of any represented employee derived from any other agreement or provision of federal, state or local law.

(5) In the event any employee covered by these arrangements is terminated or laid off as a result of the Project, he shall be granted priority of employment or reemployment to fill any vacant position within the control of the Recipient for which he is, or by training or retraining within a reasonable period, can become qualified. In the event training or retraining is required by such employment or reemployment, the Recipient or other legally responsible party designated by the Public Body shall provide or provide for such training or retraining at no cost to the employee. The Recipient will post, in a prominent and accessible place, a notice stating that the Recipient has received federal assistance under 49 U.S.C. Chapter 53 and has agreed to comply with the provisions of 49 U.S.C. Section 5333(b). This notice shall also specify the terms and conditions set forth herein for the protection of employees.

- (6) Recipient shall maintain and keep on file all relevant books and records in sufficient detail as to provide the basic information necessary to the proper application, administration, and enforcement of these arrangements and to the proper determination of any claims arising thereunder.
- (7) Any labor organization which is the collective bargaining representative of employees covered by these arrangements may become a party to these arrangements by serving written notice of its desire to do so upon the recipient and the Department of Labor. Please complete the following ADA Equivalency Analysis for Demand-Responsive Public Transportation form and submit it with the application **only if requesting purchase of a vehicle that is not equipped** with the access features required in 49 CFR Part 38, and include as part of the Certification of Equal Access for Persons with Disabilities.

ADA EQUIVALENCY ANALYSIS FOR DEMAND-RESPONSIVE

PUBLIC TRANSPORTATION

Under GDOT policy, all grantees must have at least one lift-equipped vehicle (a vehicle that has all the required access features), and must have a sufficient number to offer equivalent service to persons with disabilities (50% of fleet + 1), when the program is viewed in its entirety, based on the criteria shown below. No non-accessible vehicles can be ordered unless the system is providing equivalent service for each of the criteria.

Vehicle Accessibility Status:

- 1) Total Current Section 5311 Demand-Responsive Fleet: _____ vehicles
- 2) Total Current Section 5311 Demand-Responsive accessible (lift-equipped): _____ vehicles
- 3) Total Section 5311 vehicles requested in this grant application:
 - (a) _____ Accessible Vehicles
 - (b) _____ Non-Accessible Vehicles
- 4) Total Projected Fleet at end of this Application Period:
 - (a) _____ Accessible Vehicles
 - (b) _____ Non-Accessible Vehicles

If the answer to question 3(b) is greater than zero, the applicant must complete all cells in this matrix:

Criteria	For Persons Without Disabilities	For Persons with Disabilities Requiring an Accessible Vehicle
Response Time (days or hours in advance that a trip must be scheduled):		
Fares: General Public fares		Note: cannot charge higher fare for demand response system; only if running complementary para-transit system for fixed route service
Geographic area of service availability:		
Hours and days of service availability:		

Criteria	For Persons Without Disabilities	For Persons with Disabilities Requiring an Accessible Vehicle
Trip or usage restrictions based on trip purpose:		
Availability of information and reservations capabilities:		
Any constraints on capacity or service availability:		

If there are any differences in the answers between the two answer columns, please explain:

Are there any requests for service that would require a wheelchair lift that you are presently unable to meet? If yes, please describe in terms of number, frequency, characteristics (trip purpose, location, etc.)

Do these unmet trip requests differ in type or kind from unmet trip requests by persons who do not need an accessible vehicle?

If there are any differences in the service characteristics for persons with and without disabilities, or if there are unmet requests for accessible demand-responsive service, the system should request lift-equipped, fully accessible vehicles until fully equivalent service can be provided.

Note: ADA regulations state that a subrecipient may not keep a vehicle with an inoperable lift in service for more than five days.

Title 49 – Subtitle A Part 37.163 (3)

(e) If there is no spare vehicle available to take the place of a vehicle with an inoperable lift, such that taking the vehicle out of service will reduce the transportation service the entity is able to provide, the public entity may keep the vehicle in service with an inoperable lift for no more than five days (if the entity serves an area of 50,000 or less population) or three days (if the entity serves an area of over 50,000 population) from the day on which the lift is discovered to be inoperative.

E-Verify

U.S. law requires companies to employ only individuals who may legally work in the United States – either U.S. citizens, or foreign citizens who have the necessary authorization. This diverse workforce contributes greatly to the vibrancy and strength of our economy, but that same strength also attracts unauthorized employment.

E-Verify is an Internet-based system that allows businesses to determine the eligibility of their employees to work in the United States. E-Verify is fast, free and easy to use – and it’s the best way employers can ensure a legal workforce.

PROCUREMENT CERTIFICATION

(Page 1 of 2)

The Federal Transit Administration (FTA) requires full and open competition in procurements for goods and services and encourages grantees to award contracts to the lowest responsive and responsible bidder. However, sole-source, single-bid, and brand-name or equal awards can be used in accordance with all regulations defined in FTA circular 4220.1F. In such situations, the grantee should have appropriate documentation for the award which is described below.

Sole-Source

In the case of a sole-source award, the documentation should be a sole-source justification, which includes an independent cost estimate.

Single-Bid

With a single-bid, the documentation should include a cost analysis, as well as an explanation as to why a single bid was obtained.

Brand-Name

For brand-name or equal awards, the procurement specification should list the product's salient characteristics and allow an equal product to be offered.

I hereby assure that the FTA requirements for single bid, sole source and brand name or equal procurements are understood and will be followed for procurements involving FTA funds.

FTA FISCAL YEAR 2015 CERTIFICATIONS AND ASSURANCES

PREFACE

Except as the Federal Transit Administration (FTA or We) determines otherwise in writing, before FTA may award Federal transit assistance (funding or funds) in the form of a Federal Grant, Cooperative Agreement, Loan, Line of credit, or Loan Guarantee to support a public transportation Project, an Authorized Representative (You) of the Project Sponsor (Applicant) must select certain Certifications and Assurances required by Federal law or regulation. Among other things, the Authorized Representative must be duly authorized by the Applicant to sign these Certifications and Assurances and bind its compliance. You, as your Applicant's Authorized Representative, must select all Certifications and Assurances that your Applicant must provide to support its application(s) for FTA funding during Federal fiscal year (FY) 2015.

We request that you read each Certification and Assurance and select those that will apply to all Projects for which your Applicant might seek FTA funding. As required by Federal law and regulation, only if you select adequate Certifications and Assurances on your Applicant's behalf, may FTA award Federal funding for its Project.

We have consolidated our Certifications and Assurances into twenty-four (24) Groups. At a minimum, you must select the Assurances in Group 01 on your Applicant's behalf. If your Applicant requests more than \$100,000 in Federal funding, you must also select the "Lobbying" Certification in Group 02, unless your Applicant is an Indian tribe, Indian organization, or a tribal organization. Depending on the nature of your Applicant and its Project, you may also need to select some Certifications and Assurances in Groups 03 through 24. Instead of selecting individual Groups of Certifications and Assurances, however, you may make a single selection that will encompass all twenty-four (24) Groups of Certifications and Assurances that apply to all our programs.

FTA, your Applicant, and you, as your Applicant's Authorized Representative, understand and agree that not every provision of these twenty-four (24) Groups of Certifications and Assurances will apply to every Applicant or every Project FTA funds, even if you make a single selection encompassing all twenty-four (24) Groups. Nor will every provision of all Certifications and Assurances within a single Group apply if that provision does not apply to your Applicant or its Project. The type of Project and Applicant will determine which Certifications and Assurances apply.

Your Applicant is ultimately responsible for compliance with the Certifications and Assurances selected on its behalf that apply to its Project, itself, any Subrecipient, or any other Third Party Participant in its Project, except as FTA determines otherwise in writing. For this reason, we strongly encourage your Applicant to take appropriate measures, including, but not limited to, obtaining sufficient documentation from each Subrecipient and each Third Party Participant to assure the validity of the applicable Certifications and Assurances selected on behalf of your Applicant.

Except as FTA determines otherwise in writing, if your Applicant is a team, consortium, joint venture, or partnership, it understands and agrees that you must identify the activities each member will perform and the extent to which each will be responsible for compliance with the Certifications and Assurances that you select on its behalf, and whether the member will serve as a Recipient, Subrecipient, or Third Party Contractor.

It is important that your Applicant and you also understand that these Certifications and Assurances are pre-award requirements, generally imposed by Federal law or regulation, and do not include all Federal requirements that may apply to it or its Project. Our FTA Master Agreement for Federal FY 2015, MAP (21) is available at <http://www.fta.dot.gov>, and contains a list of most of those requirements.

We expect you to submit your Applicant's FY 2015 Certifications and Assurances and its applications for funding in TEAM-Web. You must be registered in TEAM-Web to submit the FTA FY 2015 Certifications and Assurances on its behalf. The TEAM-Web "Recipients" option at the "Cert's & Assurances" tab of

the “View/Modify Recipients” page contains fields for selecting among the twenty-four (24) Groups of Certifications and Assurances and a designated field for selecting all twenty-four (24) Groups of Certifications and Assurances. If FTA agrees that you cannot submit your Applicant’s FY 2015 Certifications and Assurances electronically, you must submit the Signature Pages at the end of this document, as FTA directs, marked to show the Groups of Certifications and Assurances that it is submitting.

Be aware that these Certifications and Assurances have been prepared in light of:

- FTA’s latest authorization legislation, Moving Ahead for Progress in the 21st Century Act (MAP-21), Pub. L. 112-141, June 6, 2012,*
- FTA’s authorizing legislation in effect in FY 2012 or a previous fiscal year, except as superseded by MAP-21 cross-cutting requirements that apply,*
- The Highway and Transportation Funding Act of 2014, Pub. L. 113-159, August 8, 2014, and*
- Continuing Appropriations Resolution, 2015, Pub. L. 113-164, September 19, 2014 and other Appropriations Acts or Continuing Resolutions funding the Department of Transportation during Fiscal Year 2015.*

With certain exceptions, Projects financed in FY 2015 with funds appropriated or made available for FY 2012 or a previous fiscal year must be in compliance with the requirements for that type of Project in effect during the fiscal year for which the funding was derived, except as superseded by MAP-21 cross-cutting requirements that apply.

GROUP 01. REQUIRED CERTIFICATIONS AND ASSURANCES FOR EACH APPLICANT.

Before FTA may provide funding for your Applicant’s Project, in addition to any other Certifications and Assurances that you must select on your Applicant’s behalf, you must also select the Certifications and Assurances in Group 01, except as FTA determines otherwise in writing.

Your Applicant is ultimately responsible for compliance with the Certifications and Assurances selected on its behalf that apply to its Project, itself, any Subrecipient, or any other Third Party Participant in its Project, except as FTA determines otherwise in writing. For this reason, we strongly encourage your Applicant to take appropriate measures, including, but not limited to, obtaining sufficient documentation from each Subrecipient and any other Third Party Participant to assure the validity of the applicable Certifications and Assurances selected on behalf of your Applicant.

Any provision of the Certifications and Assurances in Group 01 that does not apply will not be enforced.

01.A. Certification and Assurance of Authority of the Applicant and Its Authorized Representative.

6. Except as FTA determines otherwise in writing, it agrees that requirements for FTA programs may vary depending on the fiscal year for which the funding for those programs was appropriated:
 - a. In some instances, FTA has determined that Federal statutory or regulatory program and eligibility requirements for FY 2012 or a specific previous fiscal year, except as superseded by applicable MAP-21 cross-cutting requirements, apply to:
 - (1) New Grants and Cooperative Agreements, and
 - (2) New Amendments to Grants and Cooperative Agreements that:
 - (a) Have been awarded Federal funds appropriated or made available for FY 2012 or the previous fiscal year, or

Frequently Asked Questions

Due to the large amount of grant requests received on a daily basis, we have created FAQs below to assist you in the grant application process. We recommend you print this page for your records before beginning the grant application process.

Is this grant only available for fire departments?

No, law enforcement and EMS are encouraged to apply. Public Safety organizations and non-profits can also apply for life saving equipment.

What are you looking for with regard to inventory?

Please include a list of apparatus such as vehicles and other major equipment. The lists we receive vary in length depending on the size of the department.

Can an individual apply for a fire school or police academy scholarship?

At this time individual grants are not within our funding guidelines. Our Board of Directors prefers to partner with schools on scholarship programs for individuals pursuing/advancing their career in the public safety sector.

What are the most common reasons a grant application is marked incomplete? (Common but not limited to)

- Attached quote does not match dollar amount or quantity requested for in grant application
- Incorrect attachments

What is acceptable documentation for recent financial information?

Our Board of Directors is looking for a balance of funds and financial stability. Examples include: bank statement, financial statement, previous year's audit report or revised budget including a balance sheet. Large financial documents can be consolidated into a budget worksheet.

If there is not a Firehouse Restaurant in my state or a Firehouse Subs restaurant within 60 miles should I apply?

Our Foundation mainly focuses its resources in areas served by Firehouse Subs restaurants. We are definitely looking at continued growth and encourage applicants to continue to check our web-site for new store locations and apply at that time.

If my request is more than \$20,000 will it be denied?

The \$10,000 - \$20,000 range is a guideline. Our Board of Directors will look at the funds available with the goal of addressing need and supporting as many requests as possible.

Will the Foundation consider requests out of the stated guidelines?

While there are many worthwhile organizations and requests, our Board of Directors will only consider requests that fit into the guidelines as stated on our web-site. Requests for event sponsorships, exercise equipment, and family support services are valid needs but not a funding area our Foundation serves.

When can we expect to find out if our grant has been approved or denied?

Depending on the date of the Board of Directors meeting, you can expect to hear back from the Foundation approximately four weeks after the deadline as to whether you have been approved or denied for funding. Please do not email inquiries on grant status.

DO NOT send email inquiries to the Firehouse Subs Care Center or through the EMS survey. DO NOT phone the main office or restaurants with grant inquiries. E-mail Foundation@firehousesubs.com for assistance.

If you are requesting life saving equipment (if approved for equipment, the Firehouse Subs Public Safety Foundation will work with your preferred vendor to purchase the equipment and have it shipped to your location. Once the equipment arrives, a signed and dated copy of the packing slip must be sent to the Foundation as verification of receipt for the equipment. The Foundation will then pay the invoice):

What equipment are you requesting for your department? Thermal Imaging Camera

- What is the **exact** cost of the equipment? \$10,135.96
- Briefly explain how the equipment will benefit your community and your department. This equipment will allow our shift commanders to possess an invaluable tool for initial response. The thermal camera in many cases can find a fire, determine suppression requirements, and limit extension thereby saving lives and property.

If you are requesting prevention/education materials:

- What materials are you requesting for your department? N/A

- What is the **exact** cost of the equipment? _____
- Briefly explain how the equipment will benefit your community and your department. _____

- This would have a direct impact on more than _____ children and _____ senior citizens in our community.

If you are requesting scholarship and/or continued education funding (if approved for funding, the Foundation will issue a check to the organization for the requested funding. A very detailed description for funding must accompany the application. Funding will **only** be considered if there is no option for the Foundation to purchase the requested items):

- What is the amount of funding you are requesting? N/A
- Please provide a detailed description of how the funding will assist your department:

Address & name of franchisee of the Firehouse Subs location in your community?

Firehouse Subs, Dawsonville 837 S. Suite 145 & 150, GA-9, Dawsonville, GA 30534

How far is this location from your department? 1.5 miles from Station 2, 8 miles from Headquarters

How did you hear about our organization? William Nichols, owner and operator of the Dawsonville location

Have you unsuccessfully reached out to the city for funds to purchase the equipment? Yes

Was there a particular instance or life that would have been positively impacted if you would have had the equipment available? There are many incidents we have used a camera on other units throughout the county to prevent loss of life and to aid in fire suppression. Currently staffed fire engines have cameras, yet the volunteer stations do not and this addition would provide them access to equal equipment and technology.

What positive effects will the equipment specifically have? Please use statistics when possible. With a limited staff and an increasing call volume 58 % over the past 5 years thermal imagers basically serve as an additional person on the fire scene. They can allow suppression personnel and the incident commander the ability to see and monitor situations on the fire scene that would have in the past required additional personnel.

If approved for funding, we will host a press event at a Firehouse Subs restaurant near you. Please note that the event may acknowledge multiple grant recipients and may take place at a Firehouse Subs outside of your jurisdiction. We ask that all PR be coordinated by our Foundation, but of course we will work in conjunction with your PR team as well as the PIO of your department. _____ **Initial Acceptance**

**Capital Improvements Element
2015 Annual Update:**

**Financial Report &
Short Term Work Program**

Dawson County, GA

DRAFT

Introduction

This Capital Improvements Element Annual Update has been prepared based on the rules and regulations pertaining to impact fees in Georgia, as specified by the Development Impact Fee Act (DIFA) and the Department of Community Affairs (DCA) documents Development Impact Fee Compliance Requirements and Standards and Procedures for Local Comprehensive Planning. These three documents dictate the essential elements of an Annual Update, specifically the inclusion of a financial report and a schedule of improvements.

According to the Compliance Requirements, the Annual Update:

“must include: 1) the Annual Report on impact fees required under O.C.G.A. 36-71-8; and 2) a new fifth year schedule of improvements, and any changes to or revisions of previously listed CIE projects, including alterations in project costs, proposed changes in funding sources, construction schedules, or project scope.” (Chapter 110-12-2-.03(2)(c))

This Annual Update itself is based on the Dawson County Capital Im-

provements Element, as adopted by the County on July 20, 2006.

Financial Report

The Financial Report included in this document is based on the requirements of DIFA, specifically:

“As part of its annual audit process, a municipality or county shall prepare an annual report describing the amount of any development impact fees collected, encumbered, and used during the preceding year by category of public facility and service area.” (O.C.G.A. 36-71-8(d)(1))

The County’s fiscal year runs from January 1 to December 31. Thus, this financial report is based on the audit prepared for FY 2014. The required financial information for each public facility category appears in the main financial table (page 3); service area designations appear in the project tables that follow (pages 4 through 7).

Schedule of Improvements

In addition to the financial report, the County has prepared a five-year schedule of improvements—a short

term work program (STWP)—as specified in the Compliance Requirements (Chapter 110-12-2-.03(2)(c)), which states that local governments that have a CIE must “update their entire Short Term Work Programs annually.”¹

According to DCA’s requirements,² the STWP must include:

- A brief description of the activity;
- Timeframe for undertaking the activity;
- Responsible party for implementing the activity;
- Estimated cost (if any) of implementing the activity; and,
- Funding source(s), if applicable.

All of this information appears in the Short Term Work Program portion of this document, beginning on page 8.
