Attachments: Executive Summary, Grant informational documentation

To: All EMS Directors of Zoned 911 Services

From: Kim Littleton, Executive Director, Georgia Association of EMS

Date: July 10, 2015

Subject: Grant Opportunity- Time Sensitive Deadline

The Georgia Association of EMS currently has First Responder/EMTB grant dollars available to fund approximately 17 First Responder/EMTB courses across the State. The First Responder/EMTB grants are made possible by funding provided through the Georgia Trauma Care Network Commission. While all 911 zoned EMS providers are eligible to apply for the grant, priority will be given to those services willing to quickly complete the course approval requirements and conduct the program within the contract period allowed.

Please take a few minutes to read this entire document.

on or before August 10th. Faxed or emailed documents will not be accepted.

The First Responder EMTB Grant -

This is a competitive grant and will be awarded to the 911 zoned services that score the highest on the grant scoring instrument. Only 911 zoned ambulance services will be eligible for the grant. The service may work with another agency to provide the course but the GAEMS will deal only with the Ambulance Service and the Director of the Service will be the person accountable as it pertains to the grant. If a county does not have an ambulance service in the county then the ambulance service that provides the EMS coverage will be the agency eligible for the grant. However, the class should be taught in the county listed on the application. No individual county or zone will be eligible for more than one grant unless there are fewer requests than courses available. In the event of a tie we will give points to the service who has returned their application first. If there remains a tie we will add points for distance to a level one or two trauma center from the EMS primary base station.

The total dollar amount of each grant will vary depending on the number of students who are enrolled in the first responder/EMTB class. The initial class roster must have a minimum number of 12 students to be eligible for this grant while the maximum number we will reimburse for is 25 students on the ending roster. You may elect to have more than 25 students in the class however, we will only reimburse for a maximum of 25 students. Each course must be approved through the course approval process as developed by the State Office of EMS and Trauma. To receive funding we must receive a letter from the Regional Coordinator stating that your class is an approved class along with the course number. Students may elect to challenge the National Registry examination, however the examination is not required and the grant will not reimburse expenses for challenging the exam.

EMT Course

Agencies that receive a grant may request that the funds received be used to support the funding of an EMT Course. If it is your intention to provide an EMT course you must agree that all

This Program is made possible by State of Georgia funding provided through the Georgia Trauma Care Network Commission

students will, as part of the course, be provided with all the education and training associated with the EMR Course. The grant provides funding to the GAEMS to deliver a jump bag and a safety vest to each of the successful participants. The agency <u>may</u> request to use the funds designated for jump bags and safety vests as part of the course delivery funding. This will require approval by the Trauma Commission EMS Sub-committee. As part of this request the agency must send a letter to the GAEMS requesting this variance. This letter should address how the money will be used and specifically tell the sub-committee how the agency will provide an appropriate safety vest for all successful students. GAEMS will submit this request to the Sub-committee and will advise the agency on the decision.

To *apply* for this grant you do not need to have prior course approval. If you receive the grant, due to time constraints on grant funding, you will be expected to move quickly to obtain course approval through SOEMS/T and conduct the course immediately. All course funding will be handled through the reimbursement process as follows:

If you are a successful applicant:

- GAEMS will reimburse approved cost of the textbooks (\$70.00), the supply fee (\$10.00 per student) and 50% of the instructor salary (one half of \$25.00 per hour for 50 hours) to the sponsoring agency upon receipt of the course approval letter and the Initial Course Roster (reminder minimum of 12 students to a maximum of 25 students). (An approved roster format will be provided that will be used for both the beginning and ending rosters for the course. No other roster format will be accepted)
- GAEMS will reimburse the remaining cost for the instructor when we have received confirmation from the Regional EMS Office that the course has been completed and we receive the Ending Course Roster. GAEMS will only send two checks to the service to pay for this course.
- The GAEMS will provide each successful student with a jump bag and a safety vest. This will be done after we have verification of successful completion of the course and we have received a copy of the approved roster of successful students. The jump bag and safety vest will be sent to the sponsoring organization and it will be the responsibility of the sponsoring organization to disperse the jump bags and vest to students.

<u>To be eligible for this funding your application must be completed online utilizing the Survey Monkey application at:</u>

https://www.surveymonkey.com/r/GAEMS_EMR_EMT_Grant_Opportunity

If you have any questions or need assistance, please e-mail Cathy White at 60whitehouse@gmail.com or Kim Littleton at Kimberly0630@gmail.com

This Program is made possible by State of Georgia funding provided through the Georgia Trauma Care Network Commission

4. County Manager Report

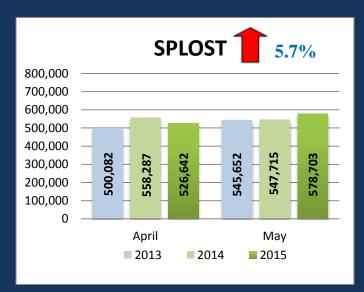

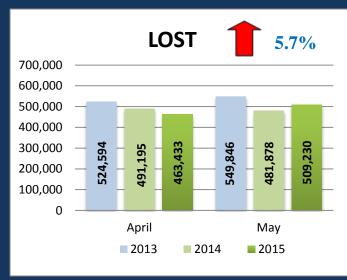

Key Indicator Report

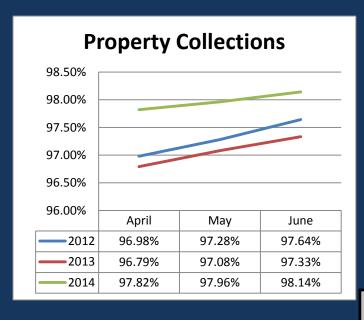

June 2015

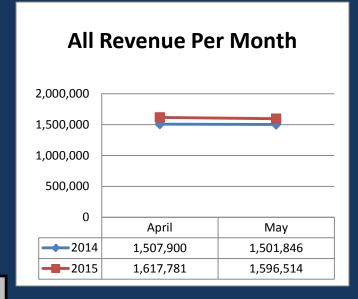

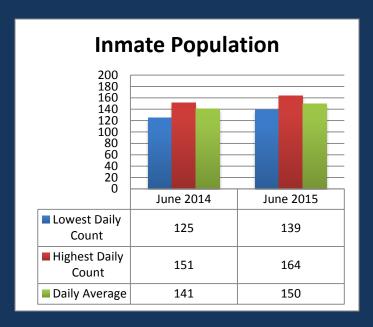

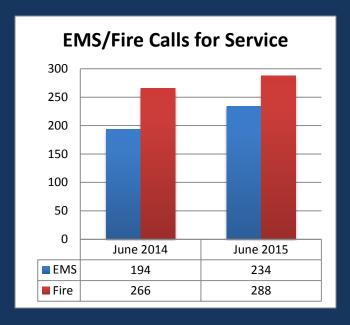

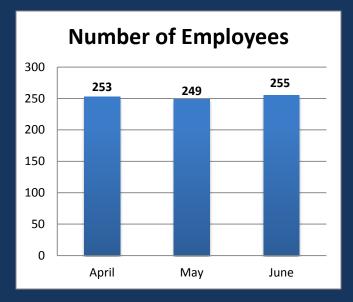

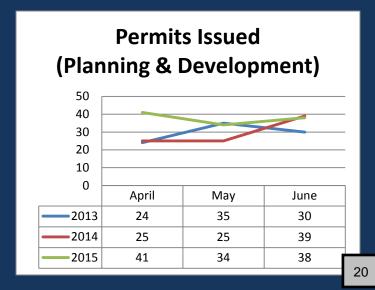

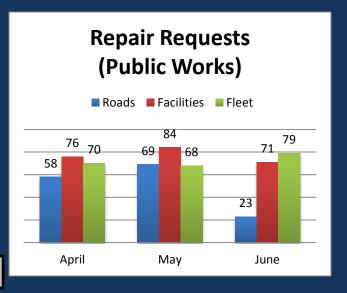

Elections/Registrar Monthly Report - June 2015

New Applications/Transfers In: 78

• Changes/Duplicates: 45

Cancelled/Transferred Out: 51

Total Processed: 174

HIGHLIGHTS

Voter Registration Projects:

- "No Contact" notices posted and mailed statewide on June 29, 2015. Dawson County had 844 notices @ a cost of \$413.56. Each county mails; generating either a response to update voter information, or if no response, placed in an inactive to eventually delete status. This is one of 3 voter file cleanup processes in odd years.
- We are in the process of training and implementation of the "SAVE" program. (Systematic Alien Verification for Entitlements). To fully implement citizenship verification, the Secretary of State's office has been given access to the "Save" program through the U.S. Citizenship and Immigration Services. It now authorizes us to conduct verification of voter registration applications when an alien registration number is provided by the applicant as proof of U.S. citizenship as required by SB86.
- Street maintenance project is still pending (related to annexation updates; performed in odd years)
- City electors list cleanup process monthly city service termination letters, removing city voters off of electors list as needed/required.

2015 Municipal Election:

Municipal General Election – November 3, 2015

Voter Registration Cutoff: October 5, 2015

Qualifying – Municipal: August 31-September 4, 2015 8:30am – 4:30pm

@ Elections office

Absentee by Mail & Advance Voting: October 12-October 30, 2015

Elections Projects:

• Continuing the effort of cost vs benefits of Easy Vote software programs, crowd control posts, outside elections directional signage, inside election poster/sign "towers" purchase options/needs and other vendor items that the office needs prior to 2016 elections.

Highlights of plans for upcoming month:

• Budget 2016-2018 finalized and forwarde nance.

2016 Elections preparation; ongoing throughout the end of the year.

HIGHLIGHTS

Planning Projects:

- Stormwater staff is working with Moreland Altobelli Associates, Inc. on phase 1 of the MS4 project. EPD has submitted additional comments and we are in the process of addressing those.
- Staff continues to monitor the GMRC regional aerial photography project. Photography has been collected; in the processing phase
- Received additional comments for GATEway Grant landscape plan and maintenance agreement. Addressing those and resubmitting for approval.
- Revising noise ordinance and fire department fee schedule to reflect House Bill 110 updates concerning fireworks.
- Researching hookah bar ordinance requirements in other municipalities.
- Researching bond ordinance/abandoned commercial property requirements in other municipalities.

Newly Licensed Businesses:

- 4 Commercial based businesses
- 4 Home based businesses

Plans for upcoming month:

- GMRC aerial photography project management project completion October 2015.
- Jason Crane continuance order for magistrate court case for non-conforming pallet business has been rescheduled for December 4, 2015 at 9:00 AM. Mr. Crane removed all visible signs of pallet business operations located on North Seed Tick Road in June as required by agreement.
- July Planning Commission Items: one variance case (Albert Simpkins: front building setback reduction for a proposed garage) and one rezoning case (Delinda Umberger rezoning from R-A to C-HB for 6905 Alan Thomas Road for proposed Aqua Design Pools and Spa business).
- Administrative variance hearing on July 22, 2015 for front building setback reduction for construction of deck for 37 Silver Fox Drive, Eric and Dee Ann Toal.
- Upcoming Plan Review Meetings:

5. County Attorney Report

Fox, Chandler, Homans, Hicks & McKinnon, L.L.P.

Memorandum

To: Dawson County Board of Commissioners

Date: July 22, 2015

From: Joey Homans

Re: County Attorney Report

1. Comfort Inn Litigation. The Writ of Fieri Facias issued July 7, which is attached. The owner delivered a check for the amount due plus post-judgment interest on July 15. If the check is not honored, then I will proceed with collection efforts with the assistance of the Sheriff's Office.

- DOT Letters of Support and Agreement. DOT rejected the letters of support and the
 Agreement for the roundabouts at Hwy. 9/Dawson Forest Road, Hwy. 53/183, and Hwy.
 52/183. See attached. Mike and I will contact DOT to determine options available to reinstate
 the letters of support and the Agreement.
- 3. Tax Appeals. Tri-Mark owns 5 parcels consisting of approximately 34 acres within the former Oakmont development adjoining and near Hwy. 400. The offers of settlement from the mediation on July 13 remain open until August 3. If the case does not settle, then the trial is scheduled for August 10. This case is the last of the 2014 appeals.

RE: Local Government Lighting Project Agreement (LGLPA) package GDOT Project STP00-0000-00(315) Dawson County ~ P.I. No. 0000315

Dear Danielle,

On June 19th 2015, the Department received an *Indication of Support* along with a *Local Government Lighting Project Agreement* (LGLPA) package from Dawson County for P.I. No. 0000315.

Unfortunately, we are *not* able to move forward with the approval process at this time and have returned the package for the following reasons:

- The Lighting agreements are not stamped (or embossed) with the *Official Seal of Dawson County* on the signature page;
- The Indication of Support contained an added statement: "Dawson County shall have sole discretion regarding the type of lighting installed and the number of lights installed.";
- Each of the five (5) lighting agreements contained an added statement: "Dawson County shall have sole discretion regarding the type of lighting installed and the number of lights installed.";
- The Georgia Security and Immigration Compliance Act Affidavit was not completed & returned;
- The Lighting agreements returned by the County were rewritten and reflect an incorrect P.I. number and a misspelled word in the body of the agreement;

Please be aware that all lighting agreements contain carefully crafted words approved for use by the Department's engineers and the Department's attorney's as well as the Attorney General's office for the State of Georgia.

The Department works with local governments (cities, counties, etc.) across the state regarding the type of lighting installed; however, the Department retains final authority as far as the number of lights (a.k.a., luminaires) installed on federally-funded projects. This is because the lighting design must meet established minimum criteria found in the Department's design policy manual, as well as criteria set forth by IES (the Illumination Engineering Society). In allowing a local government to have discretion over the number of lights installed, the lighting may not meet said criteria.

(cont'd)
Dawson County
