Public Safety Commission

Greetings,

I am making a recommendation for the promotion of FFII Katelen Farmer to the rank of engineer. This promotion will fill the vacancy left by the retirement of Chris Ault. Kaetelen has met the required pre-requisites set forth for the rank of engineer.

Katelen was employed with Dalton Fire Department in February 2006. Since joining our department, she has worked diligently educating herself in the various disciplines of our profession. She has been filling the role of a fill-in operator/driver for several years, and has gained valuable knowledge over that time. She has displayed a high level of competence as an engineer while filling this role. I have received several reports from officers concerning her proficiency as a driver and all the knowledge required to fulfil the position.

I would appreciate your support in recognizing FFII Katelen Farmer with a promotion to the rank of engineer.

Thank you all for your consideration.

November 1, 2021

Detective Jason Robinson
Dalton Police Department
301 Jones Street
Dalton GA 30720

Dear Detective Jason Robinson,

I am happy to inform you of your selection for the Dalton Police Department Employee of the Month for September, 2021. Your selection was based on your actions during the investigation into a series of fraudulent purchases (Case 21-002897).

Lt. Locke said the work you put into the investigation was exemplary. He further said that your presentation to the AUSA persuaded them to adopt the case for prosecution. Your tireless efforts have led to multiple search warrants and arrests. In addition, it has resulted in the recovery of vehicles and other property that were obtained fraudulently by the offenders.

Your actions and performance reflect positively on you and the entire department. I am proud of your highly professional actions and the high quality of your work on a daily basis. Congratulations on this well-deserved award.

In addition to this letter and certificate, you are awarded one day off with pay. Your name will also be submitted to the Elks' Lodge of Dalton, which will send a gift to you in the near future.

Best Regards,

Cliff Cason
Chief of Police

EMPLOYEE of THE MONTH

SUMMARY OF THE FINANCIAL STATISTICS FOR OCTOBER 2021

The police department budget is on track for FY 2021, and we have expended approximately 76.5% of our 2021 budget at this point in the budget cycle. We are currently on track to be under budget for the year.

Budget line adjustments have been made to cover the recent salary increases. At this time, we believe sufficient funds are available within our existing budget to cover our operating cost for the remainder of the year.

DALTON POLICE DEPARTMENT

		Effective Date May 1, 1998	Number GO89-4.22
Subject Police Escorts			
Reference CALEA Standard – 61.3.3		Revised November 26, 2019 November 16, 2021	
Distribution All Personnel	Re-evaluation Date November 2021 November 2023		No. Pages 4

I. Policy

It is the policy of the Dalton Police Department that Officers provide escort assistance to the extent that such assistance does not create an undue hardship in responding to calls for service and does not jeopardize the safety of the Officers or ~~citizens in~~ **members of** the community.

II. Types of Police Escorts

A. Escort of ~~Civilian~~ **Privately-owned** Vehicles in Medical Emergencies

1. Escorting ~~civilian~~ **privately-owned** vehicles under emergency circumstances is an extremely dangerous practice and shall not be permitted in ~~Agency~~ **Department** vehicles. In medical emergencies, the patient should be transported by ambulance, whenever possible. When, in the Officer's judgment, the medical emergency is such that waiting on an ambulance would result in loss of life, the Officer is authorized to, and shall, transport the injured or sick party to the Hamilton Medical Center emergency room in his / her police vehicle.
2. ~~Civilian~~ **Privately-owned** vehicles traveling under emergency conditions should be stopped and the destination and nature of the emergency determined. Officers shall advise the Whitfield County 911 Center of the emergency so that appropriate agencies and facilities can be notified. Again, if the emergency is such that waiting on an appropriate agency to respond would likely result in a loss of life, the Officer is authorized to, and shall, transport the person **suffering from a medical emergency** to the appropriate destination in his / her police vehicle.

B. Business Deposit Escorts

1. The use of on-duty Officers as escorts in making business deposits must be approved by the Watch Commander. Requests for such services should be made through the Whitfield County 911 Center and forwarded to the Watch Commander. General use of Officers in making business

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

deposits is discouraged.

2. Factors that shall be considered in reviewing requests for business deposit escorts include the amount of money involved, frequency of requests, location and incident history, current manpower level, etc.

C. Funeral Escorts

1. The use of police escorts during funerals creates a positive image of the police while at the same time assists in the orderly flow of traffic.
2. Supervisors shall be responsible for evaluating and approving requests for funeral escorts and assigning personnel accordingly. Information should be obtained concerning the location, time of departure, and destination.
3. Officers that assist with funerals at intersections may exit their vehicle and, when traffic has been stopped, may stand at attention with their hat in their right hand covering their heart as a sign of respect to the deceased and the funeral procession. Officers should remain in this position until time to reenter their police vehicle.

D. Escorting Public Officials and Dignitaries

Public officials of high office may be provided police escorts within the corporate limits of the City of Dalton with approval from the Patrol Division Commander.

E. Escorting House Movers / Oversized Vehicles

1. The Patrol Division Operations Supervisor shall be responsible for evaluating and approving the proposed route after considering the safety concerns.
2. The Whitfield County 911 Center shall be advised of the proposed route prior to the assignment and then notified upon completion.

F. Parades and Non-funeral Processions occurring on City Roadways

1. All parades, processions, First Amendment events, etc. require the event organizer to submit an application in accordance with City Ordinance ~~Section 10-103~~, ~~Special Events~~.
 - a. First Amendment events require an application be submitted at least five (5) days in advance of the requested date.
 - b. All other recurring, annual, or one-time events require an application be submitted at least 60 days in advance of the requested date.
2. The Patrol Operations Supervisor shall conduct an investigation / evaluation of the application in accordance with City Ordinance 114-6 (Parade Permit) and City Ordinance ~~Section 10-105~~ (Special Events).

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

3. The approval process of the application shall take into consideration:
 - a. The availability of Department personnel to staff the event
 - b. A route that provides the highest level of safety for participants, spectators, and Officers and has the least impact on the free-flow of traffic
4. The Patrol Operations Supervisor shall be responsible for approving the approval process for annual, recurring, or one-time events.
5. The Chief of Police shall be responsible for approving the approval process First Amendment events.
6. Advance notice of the event shall be provided to the public via press release and / or social media.
7. A marked police vehicle shall be assigned to lead parades and another shall be assigned to follow at the rear of the parade. The lead vehicle shall be responsible for maintaining an appropriate pace and for following the approved parade route. The vehicle at the rear of the parade shall be responsible for ensuring that spectators and vehicular traffic do not infringe upon elements of the parade.

G. Non-custodial escorts

Officers may be requested to conduct non-custodial escorts to shelters, hospitals, residences, etc. Once the Officer determines the escort does not jeopardize the safety of the Officer or create an undue hardship in responding to calls for service, the Officer shall notify the Whitfield County 911 Center and advise of the escort.

1. If a male Officer is escorting a female, the Officer shall call in the vehicle's mileage to the Whitfield County 911 Center at the beginning and at the end of the escort.
2. If a female Officer is escorting a male, the Officer shall call in the vehicle's mileage to the Whitfield County 911 Center at the beginning and at the end of the escort.
3. If any Officer transports a juvenile, the Officer shall call in the vehicle's mileage to the Whitfield County 911 Center at the beginning and at the end of the escort.

H. Other Escorts

The Department shall, from time-to-time, engage in escorts not covered above. An example is an escort of school buses from the high school in connection with sporting and other events. These escorts shall be approved by the Patrol Division Commander or his / her designee. The decision to approve shall be based on the

Distribution All Personnel	Re-evaluation Date November 2024 November 2023		No. Pages 5

I. Policy

It is the policy of the Dalton Police Department ~~that incidents involving~~ to conduct all emergency evacuations ~~shall be conducted~~ safely and efficiently to ensure the safety of Officers and ~~citizens~~ members of the community.

II. Definitions

- A. *Incident Command System (ICS)* – A model for the management of critical incidents and other emergencies that provides a common, uniform approach to the command and management of emergencies at the local, county, and state levels. The incident command system ~~will be~~ is used for single-agency responses, single-jurisdiction / multi-agency responses, and multi-jurisdiction / multi-agency emergency and disaster responses.
- B. *Hazardous material incident* – A spill or release into the atmosphere of chemicals of a toxic or volatile nature, which are hazardous to human life or the environment.
- C. *Natural disaster* – An event related to some atmospheric or seismic event, such as flooding, tornadoes, high winds, or earthquakes.

III. Procedure

- A. The decision to evacuate portions of the city may depend on several variables. The decision shall be based on the specific incident, the level of perceived danger, and the ability to safely evacuate the area(s) in question. Every situation that may require evacuations cannot be identified; therefore, this policy is intended to provide guidance in situations where the need to evacuate an area has been determined, and specifically applies to policy GO92-6.2, Hazardous Materials Incident Response; III, D.
- B. The Watch Commander or any other Supervisor has the authority to initiate an evacuation. In cases of hazardous material releases, the Supervisor shall confer with the Incident Commander of the Dalton Fire Department, in accordance with policy GO92-6.2, Hazardous Materials Incident Response; III, D, 1-2.

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

- C. The Incident Command System, or ICS, shall be used to manage all evacuations. The type of emergency shall determine which agency is responsible for Incident Command. For example, Incident Command for criminal investigations, such as hostage situations or bomb threats, shall be the responsibility of this ~~Agency~~ ~~Department~~. However, situations involving fire or hazardous materials shall be the responsibility of the Dalton Fire Department.
- D. Duties and Responsibilities
1. Watch Commander or Supervisor:
 - a. On the radio, identify that he / she is the Incident Commander. Depending on the scope of the situation, other sections of the Incident Command System should be staffed (Operations, Planning, Finance, Logistics).
 - b. Notify the appropriate Division Commander, and give periodic updates of the situation.
 - c. Establish a command post in a safe area that will allow monitoring of all operations via sight, radio, or other communication methods. If the incident involves hazardous materials, report to the command post that has been established by the Dalton Fire Department.
 - d. Identify the possible area(s) to be evacuated (evacuations caused by hazardous material release ~~will~~ ~~shall~~ require ~~conference~~ ~~instruction~~ from the fire department incident commander) using the beat and zone designations.
 - e. Evaluate the situation to determine whether the Automated Emergency Notification System should be activated. All activations shall be in accordance with policy GO06-6.7, Automated Emergency Notification System.
 - f. Determine what additional personnel and resources may be needed, and make the necessary notifications. If other resources are needed, establish a staging area for all reporting resources. This ~~will~~ ~~shall~~ require that someone be delegated to manage the staging area and any reporting resources.
 - g. Immediately contact another Department Supervisor to assume command of all other law enforcement services under ICS during the evacuation procedures.
 - h. Contact the City of Dalton Communications Director to assume the role of Public Information Officer, as outlined in the Incident Command System. If the Communications Director is not available, a Supervisor or Command Staff member shall be designated the Public Information Officer.

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

- i. If necessary, request the assistance of other agencies by notifying the Whitfield County Emergency Management Agency (EMA) Director.
 - j. Determine a safe location for evacuees to assemble to await further information and / or receive medical treatment.
 - k. Request the Whitfield County EMA Director contact the American Red Cross of Northwest Georgia to determine shelter location(s), if needed.
 - l. If the need exists, assemble evacuation teams and assign specific zones within beats that are to be evacuated. If other agencies are involved with evacuations, one Department member should be assigned with other personnel in order to maximize coverage and knowledge of the geographic jurisdiction. A team leader should be assigned.
 - m. Maintain communication with all evacuation team leaders, and note what areas have been cleared using the beat and zone designations.
 - n. After determining it is safe to do so, contact the Public Information Officer to request all media sources to notify community members that re-entry of the affected area(s) is permissible.
2. Operations Section Chief
- a. Once appointed to assume this role, as outlined in ICS, immediately respond and assume command of all law enforcement services, not directly related to the evacuation, until relieved by the Incident Commander.
 - b. Plan for additional resources if necessary.
 - c. Assist the Incident Commander as needed.
3. Evacuation team members / leader
- a. All personnel shall maintain contact with their assigned team members.
 - b. Document the zones visited and cleared, and report the information to the team leader.
 - c. Notify the team leader of any special circumstances, problems encountered, or additional equipment needed.
 - d. Team leaders shall maintain communication with the Incident Commander and give regular updates on the situation.

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

- e. Once all team assignments are completed, team members shall report to the staging area, unless dispatched directly to another task / area.
- 4. Public Information Officer
 - a. Respond immediately to the command post for a briefing by the Incident Commander.
 - b. Gather the necessary information for release to the community via media and social media resources.
 - c. In coordination with the Incident Commander, contact the Whitfield County EMA Director for activation of the emergency broadcast system.
 - d. Establish a media briefing area, and arrange for regular media updates, as necessary.
 - e. Do not release new information without coordination with the Incident Commander.
 - f. If multiple agencies / jurisdictions are involved, coordinate media responses jointly, if necessary.
- E. Units shall patrol the evacuated areas, as safety dictates, to prevent looting or unauthorized re-entry.
- F. All personnel authorized to enter the incident area shall be directed to enter through the staging area as established by the Incident Commander.
- G. No law enforcement personnel shall be assigned or allowed to enter areas determined to be contaminated with hazardous materials without proper personal protective equipment.
- H. If necessary, the Incident Commander or his / her designee shall coordinate with Whitfield County Animal Control for evacuation and boarding of pets or other animals.

IV. **Deactivation**

- A. When the Incident Commander determines that the evacuated areas are safe to enter, he / she shall coordinate the release of that information to the media / public.
- B. All evacuation team members must check out through the staging area in order to achieve accountability of all personnel.

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

- C. The Incident Commander shall provide a briefing to his / her Division Commander immediately after completion of the operation. A written after-action report shall be completed in a timely manner.

This policy supersedes any previous policies issued.

DALTON POLICE DEPARTMENT

		Effective Date September 27, 2011	Number GO11- 7.22
Subject Rapid ID Digital Fingerprint Device			
Reference		Revised November 26, 2019 November 16, 2021	
Distribution All Personnel	Re-evaluation Date November 2021 November 2023		No. Pages 3

I. Policy

It is the policy of the Dalton Police Department to ~~provide guidelines for the training and use of~~ operate Rapid ID digital fingerprint devices ~~within established guidelines and laws.~~

II. Definition

Rapid ID Device – A handheld, wireless, two-fingerprint identification solution that searches against a centralized fingerprint database. The database is populated with arrests made in Georgia. The system enrolls four fingerprints, with two fingerprints being used for an identification match. As part of the identification check, automatic secondary searches of wanted files, watch lists, sex offender registries, and probation / parole lists are also included.

~~III.~~ Purpose

~~The Dalton Police Department strives to provide its members with the most current, cutting-edge technology in the effort to apprehend criminals and provide the community of Dalton a safe environment.~~

~~III.V.~~ Procedure

A. Training

1. A Rapid ID device shall only be operated by members that have had documented training on the operation of the unit.
2. Training shall include, at a minimum:
 - a. Setup and maintenance procedures
 - b. Proper use guidelines
 - c. Legal issues surrounding the use of Rapid ID devices

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

- d. Reporting requirements
- e. The GCIC Terminal Operator Inquiry-level Course

B. Password Protection

Before being authorized to use a Rapid ID device, users shall obtain a unique username and password.

C. Usage Guidelines

1. A Rapid ID device may be used in situations where the subject to be fingerprinted has given a knowing and willing voluntary consent or permission for the member to use the device. This may include consent given during lawful encounters.
 - a. As with other forms of consent, the consent can be limited or withdrawn at any point by the subject.
 - b. If consent is withdrawn, use of the Rapid ID device is not authorized, and its use must stop immediately. Members shall not force or coerce anyone to submit to the scan.
2. A Rapid ID device may be used in situations where the subject to be printed would otherwise be required to give traditional fingerprints, such as after an arrest for a criminal or traffic offense.
3. Use of the Rapid ID device for random or generalized investigation or intelligence gathering, with no focused case or other legitimate reason, is not authorized.
4. Any specialized, non-standard use of a Rapid ID device shall require notification of and authorization by the Watch Commander or other Supervisor. Examples of non-standard use may include:
 - a. A request from an outside agency to fingerprint a suspect in custody. This may be permitted as long as the requesting agency complies with the procedures set forth in this policy.
 - b. A death or homicide investigation in which there is no other identifying paperwork for the victim.
 - c. To identify an unconscious or otherwise incapacitated subject who cannot be identified by any other means.
5. Guidelines cannot be written to encompass every possible application for the use of a Rapid ID device. Members, therefore, shall consider the guidelines set forth in this policy to assist them in deciding whether the device may be used or not.

RESTRICTED LAW ENFORCEMENT DATA

The data contained in this manual is confidential for internal department use only and shall not be divulged outside the department without the written approval of the Chief of Police.

6. Members are expected to be able to justify, based on these guidelines, training, experience, and assessment of the circumstances, how they determined that use of a Rapid ID device was justified.
7. Supervisors shall directly monitor the usage of the Rapid ID device.

D. Documentation

Each time the Rapid ID device is utilized, the user shall document the occurrence in an incident report, regardless of whether or not an identification is made of the subject that was scanned. Each report shall include the circumstances leading up to the usage of the device and any actions taken as a result.

This policy supersedes any previous policies issued.

10/15/2021	Site Visit	Passed with Comments	Corrective action plan is required.	Have all applicable code requirements been met?	<p>Sprinkler system requires attention. The sprinkler system installation is incomplete. Allowance of these inoperable devices serves to mislead firefighters and occupants in the belief that the building is sprinkled. In the event of an emergency, this misrepresentation may detract efforts that may be employed elsewhere to mitigate the incident. Outlined below are two acceptable solutions:</p> <p>1) Remove the sprinkler heads, fire department connection (FDC), and water motor gong. OR 2) Complete the installation of the sprinkler system, to include the office area of suite C.</p> <p>*An email regarding these discrepancies will be sent on a letter head to the appropriate responsible parties.</p>	CORRECTIVE ACTION PLAN

OSHA 29 CFR 1910.134(g)(4), Personal Protective Equipment; Respiratory Protection

Scope: All personnel

Purpose: Operations at hazardous incidents require a backup team to be in place at the incident site. This team's responsibility is to be available to rescue any responders in need of aid at the incident should that need arise.

Procedure:

The Rapid Intervention Team (RIT) shall be assigned as soon as possible on any incident where personnel are operating in a hazardous area. If the incident covers a large geographic area, more than one RIT may be required.

The initial stages of an incident shall encompass the tasks undertaken by the first arriving companies with only one entry team assigned or operating in the hazardous area.

During these initial stages, the rapid intervention crew(s) shall be either:

(a) On-scene members designated and dedicated as rapid intervention crew(s).

(b) On-scene personnel performing command or safety functions but ready to re-deploy to perform rapid intervention crew functions.

The initial RIT shall consist of a minimum of two fully equipped members with the necessary rescue tools. These tools may include forcible entry tools, search ropes, thermal imaging camera, cribbing, spare air packs, saws, etc. and should be tailored to occupancy and construction type. The RIT will report directly to the Incident Commander.

When a second entry team is assigned or operating in the hazardous area, the incident shall no longer be considered in the initial stages and at least one company of a minimum of three personnel shall be assigned as RIT.

The RIT Leader shall perform a 360-degree size-up of the structure to identify the structural layout, operating areas, potential hazards, and possible means of access and egress. Additional 360s shall be conducted throughout the incident to monitor for changing conditions.

The RIT shall monitor tactical radio channels to maintain contact with command and have an accurate understanding of operations and changing conditions. The RIT may perform exterior support functions (e.g., secure utilities, throw ladders for egress, etc.) but must remain prepared to deploy and perform RIT duties.

The IC shall evaluate the situation and the risks to operating crews and shall provide one or more RITs based on the needs of the situation (e.g., large commercial occupancy, health care facility, etc.). Nothing in this guideline is meant to preclude firefighters from performing rescue activities before an entire team has been assembled if there are fewer than three team members available and an individual inside the burning structure must be rescued immediately.

Whenever personnel are operating in positions or performing functions (including special operations) that would subject them to immediate danger, at least one rapid intervention crew shall be standing by with equipment to provide assistance or rescue.

Termination of RIT shall be at the discretion of the Incident Commander.
