7. New Matters Before the Deadwood Historic District Commission

8. New Matters Before the Deadwood Historic Preservation Commission

a. PA 210145 - Michael Johnson - 227 Williams Street - Rehabilitation Project

Mr. Kuchenbecker stated the applicant has submitted an application for Project Approval for work at 227 Williams a contributing structure located in the Forest Hill Planning Unit. The applicant has recently acquired the property and plans to restore the structure. The foundation will be repaired to include drain tile. Stairs will be constructed off the retaining wall. A septic system will be installed. The right wing will be the same 12' size, plans are to eliminate the 12' section with the flat roof. The left wing was previously 10' and plans are to make that 12' to craft the house symmetrical. Adding 12' to the front (south) of the house to allow just enough room for a proper staircase. The upstairs will be the entryway off Williams Street driveway with access to the balcony and stairs down. Also, by adding the 12' to the front will allow for a small section of basement for the utility room and a washer and dryer and storage. Old stucco and siding will be removed and replaced, and stone will be re-tuck pointed. The roof currently has asphalt shingles which will be replaced. All windows and doors are beyond repair and will be replaced. The interior will be remodeled to include new plumbing and electrical. Staff has reached out to the new owner to discuss design alternatives which retain the historic integrity of the resource. This design basically encapsulates the original stone portion of this structure. A site visit was conducted by the HP Commission on August 29, 2021, to review the project. As proposed the work and changes does encroach upon, damage, or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District. ***It was moved by Commissioner Diede and seconded by Commissioner Santochi based upon all the evidence presented, I move to make a finding that this project DOES encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places. Voting Yea: Williams, Santochi, Berg, Weber, Diede, Posey.***

It was moved by Commissioner Diede and seconded by Commissioner Santochi based upon the guidance in the U.S. Department of the Interior standards for historic preservation, restoration, and rehabilitation projects adopted by rules promulgated pursuant to SDCL 1-19A & 1-19B, et seq, I find that the project is ADVERSE to Deadwood, but the applicant has explored ALL REASONABLE AND PRUDENT ALTERNATIVES, and so I move to APPROVE the project as presented. Voting Yea: Williams, Santochi, Berg, Weber, Diede, Posey.

9. Items from Citizens not on Agenda

(Items considered but no action will be taken at this time.)

10. Staff Report

(Items considered but no action will be taken at this time.)

Mr. Kuchenbecker stated we are hoping to have in front of the City Commission for their first meeting in September to transfer funds to supplant the Revolving Loan funds from reserves so we can open up the programs October 1, 2021..

Emergency work is completed at 8 Jefferson to release pressure off the wall of the structure.

Today was the final walk through for work at Mt. Moriah for the celebrity graves. Mac construction did the original restoration nearly 20 years ago and they did an exceptional job on this project.

11. Committee Reports

(Items considered but no action will be taken at this time.)

Commissioner Diede attended the mixer at Stan and Ole's.

Commissioner Berg attended the mixer at Stan and Ole's.

Commissioner Weber asked if anything is going on with the red building on Lee Street. Mr. Kuchenbecker stated it owned by Dave Barth. Weber stated the siding is looking bad and needs attention. Also in the first ward there is a lot of tree removal. Mr. Kuchenbecker stated it will be a secondary access for the proposed subdivision. Weber stated there is a lot of history there and if they are doing anything shouldn't there be archeology be done. Mr. Kuchenbecker stated there was one done 14-15 years ago. We probable need to look at monitoring.

12. Adjournment

The Historic Preservation Commission Meeting adjourned at 5:22 p.m.
