Business Owner, Dina Flores, suggested same size sandwich boards would be better. Business Owner, Donovan Waheed, believes a solution is needed that will work for everyone. Resident, David Herdt, spoke in favor of the ordinance to protect the history of Deadwood and safety. He suggested signs be regulated by Historic Preservation. President of Deadwood Lead Economic Development, Molly Brown, supports business owners, which is part of their mission, but as a previous main street business owner, she followed the existing ordinance and doing so affected her business. Resident, Bree Brooks, spoke in favor of the ordinance, she is opposed of the language that is used on the sandwich boards and t-shirts. Business Owner, Brad Myers, make being family friendly a priority and promoting deadwood history. He supports cleaning up Main Street but does not support the negative impact this will have for businesses. Business Owner, Ken Geinger, thanked the Commission for putting ordinance together and agrees in cleaning up Main Street.

Commissioner Martinisko thanked everyone for coming and believes if everyone comes together a solution can be found. Commissioner Joseph is concerned about safety and believes this is a start. Commissioner Johnson appreciates everyone's input and believes continued conversations will lead to some consensus. Commissioner Eagleson believes it is not good business to have sandwich boards where there are safety issues and are not uniform and regulated. He stated Deadwood is a National Historic Landmark District and we need to do everything to protect the status. Mayor Struble-Mook thanked everyone for coming and believes we all need to work together to figure out what works best for the city, visitors, residents and business owners.

Deannexation

Kuchenbecker spoke about the petition and addressed the following facts to consider; location within the Deadwood National Historic District, Inclusion in the original Town Site of Deadwood (dating back to 1881), loss of Property tax revenue, Deadwood's need for housing, importance of Zoning in this area, and contribution to Deadwood unique viewshed. He stated Planning and Zoning Commission does not recommend approval of Petition for Deannexation per Planning and Zoning Commission meeting held September 3, 2025. Attorney Riggins stated while Planning and Zoning did recommend not to allow deannexation, that is not binding on this commission, ultimately it is up to this Commission to consider what is brought before you, what is provided to you, listen to public comment and make your decision. President of Deadwood Lead Economic Development, and Vice Chair of Deadwood Historic Preservation Commission, Molly Brown, believes the deannexation would be detrimental to both historic preservation and to control economic growth in the city. Residents James Olson, Nyla Griffith, spoke against the deannexation due to jeopardizing historic status, loss of taxes and protection of the viewshed. Boot Hill Estates Attorney, Willert said the biggest concern he has heard would be the loss of revenue through taxation. He stated future use is not necessarily a factor to consider, that land has been zoned park-forest, mostly trees. He spoke about infrastructure, TIF which would be explored if not deannexed. He addressed other factors to consider which were; value of property is not enhanced by being within the city, subjected to increase taxation, land is not necessary for public purpose, no injustice would be done by granting deannexation, not designed for urban use, again no benefit for being in the city. He questioned how it threatens economic opportunities tied to tourism and how does it affect city's character.

Commissioner Joseph agrees not to de annex due to loss of leverage, loss of infrastructure investment and public trust. Commissioner Martinisko thanked everyone and addressed the following; deannexation could compromise preservation initiatives aimed at maintaining Deadwoods character and value, loss of property tax, and importance of zoning. Martinisko moved, Eagleson seconded to Deny Petition for Deannexation of Territory for land legally described as Buena Vista Tract, being a portion of M.S. 343, M.S. 681, M.S. 685, M.S. 788, M.S. 840, M.S. 920, M.S. 1208, and Lot R7 of M.S. 840, located in Sections 23 and 24, T5N, R3E, B.H.M., containing portions within and outside the City of Deadwood, Lawrence County, South Dakota.
