These track index books pertain to the townsites within the City of Sturgis in Meade County, South Dakota and do not fit under the City Archives Mission Statement, "The mission of the City of Deadwood - Archives (CODA) is to preserve the historical records and artifacts of Deadwood for present and future generations.

The provenance of these books is unclear, since they were originally stored in the archives receiving room. After checking the City Archives archival records, I was unable to determine when or where the ledgers originated from. I then reached out to the Meade County Register of Deeds, who expressed interest in the books. After discussing with Kevin Kuchenbecker, he and I agreed that the ledgers should be digitized before leaving the City of Deadwood. This could be accomplished this summer utilizing a student intern.

It was motioned by Commissioner Brown and seconded by Commissioner Santochi de-accession the four track index books from the City of Deadwood Archives upon scanning their contents to the Meade County Register of Deeds. Voting Yea: Carmody, Williams, Santochi, Posey, Brown, Diede, Dar.

Staff have received a quote from Golden West for two new laptops and installation for a cost of \$3,738.00 with the expense being split between the Historic Preservation equipment budget and Planning and Zoning equipment budget.

It was moved by Commissioner Dar and seconded by Commissioner Williams to recommend to the City Commission to purchase two new laptops for the Historic Preservation Coordinator and Zoning Coordinator from Golden West for the cost not to exceed \$3,738.00 with the cost being split out between Historic Preservation equipment budget and Planning and Zoning equipment budget. - e. Acknowledge and approve the hiring of Feuillerat Welding LLC to install Tootsie Sign in the amount of \$9,306.25 (To be paid from HP Public Education line item).

Mr. Kuchenbecker stated the building at 667 Main has a new owner. The new owner would like to see the return of the Tootsie sign to its original location so she can once again become the sentinel of Main Street. Staff and Jared Schippers of Albertson Engineering did an on-site review of the proposed location and determined the roof structure will not support the sign, but a frame could be fabricated to secure the sign to the building.

Feuillerat Welding LLC has submitted a quote to fabricate a heavy-duty metal frame to hold the Tootsie sign and then install the sign onto the frame. This quote will not include hooking the sign up to electrical or any neon repairs needed to the sign.

Staff is recommending hiring Feuillerat Welding LLC in the amount of \$9,306.25 to fabricate a metal frame for the Tootsie sign and install the Tootsie sign to be paid out of the HP Public Education line item.

It was motioned by Commissioner Dar and seconded by Commissioner Brown to recommend to the City Commission to hire Feuillerat Welding LLC in the amount of \$9,306.25 to fabricate a metal frame for the Tootsie sign and install the Tootsie sign to be paid out of the HP Public Education line item. 8. New Matters Before the Deadwood Historic Preservation Commission

- a. PA 240061 - Patrick & Rhonda Mollman - 171 Charles St. - Construct five stall garage on open lot.

Mr. Kuchenbecker stated the applicant has submitted an application for work at 171 Charles St., a non-contributing location in the Cleveland Planning Unit in the City of Deadwood. The applicant is requesting permission to construct a five-stall garage on the property.

The proposed location of the garage is located right along the Mickelson Trail and is currently being used as a vehicle storage area. There are several metal storage buildings in the vicinity as well as a large shop. Most of the buildings in the area are gable roofs where this proposed roof line is a pent or shed roof with a height of 17+ feet. It is on the edge of the Deadwood National Historic Landmark District.

The proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Commissioner Diede asked if building will be metal. Mr. Kuchenbecker stated yes. Commissioner Dar asked if the building is for the cars. Kuchenbecker yes.

It was motioned by Commissioner Santochi and seconded by Commissioner Brown based upon all the evidence presented, I find that this project DOES NOT encroach upon, damage, or destroy any historic
