5. Contractor

Blackburn Foundation

Telephone: (800) 392-3389

E-mail: _____

All Contractors and Sub-Contractors are required to be licensed in the City of Deadwood.

When the application and Project Approval are approved it is advisable the owner and contractor enter into a contract and provide a copy to the Historic Preservation Office.

Project completion date is one year from owner's date of signature , grant agreement and/or loan documents.

6. As per Historic Preservation guidelines, any work being performed on the exterior of a structure must go before the Historic Preservation Commission for approval. Programs may be amended to reflect the availability of funding and/or the completion of high priority projects. Along with this application please complete and submit a City of Deadwood Application for Project Approval/Certificate of Appropriateness and attach to this document. All documentation must arrive by 5:00 p.m. on the 1st and 3rd Wednesdays of every month to be considered at the next Historic Preservation Commission Meeting.

7. The scope of work is a brief description of the planned project being done to the structure as well as the materials proposed to be used. Please fill out the form listed below describing your plans. Additional Information may be attached including any quotes from contractors.

Residential Scope of Work		
Program	Estimated Cost	Description of Work
Foundation	4,229,600	
Siding		
Wood Windows & Doors.		
Elderly Resident		
Vacant Home		
Revolving Loan		
Retaining Wall		

8. Wood Windows and Doors Program worksheet. To help determine the amount to be allocated please fill out the worksheet below to determine how many windows and doors there are on each side of the structure and clarify if the initial intent is to repair or replace the windows.

Grant total will not exceed \$20,000	Repair/Replace Existing Window(s) \$800 each	Repair/Replace Wood Storm/Screen Window(s) \$350 each	Repair/Replace Existing Primary Door \$600	Repair/Replace additional Wood Door(s) Up to \$300 each	Repair/Replace Wood Storm Door(s) \$600 each
Front View					
Right Side View					
Left Side View					
Rear View					
Total Windows/Doors					
Office Use Only					
TOTAL FUNDS ALLOWED					

9. Application Submittal

- a. All Applications must include a copy of quotes for materials and/or contractor quote with the Application for Historic Preservation Program Residential Properties and the Project Approval/Certificate of Appropriateness. The application will not be reviewed until all documents are received.
- b. Programs may be amended to reflect the availability of funding and the completion of high priority projects.
- c. For owner occupied properties (primary residence) an application fee of \$199.00 will be required upon submittal. If applying for the Elderly Resident Grant only the application fee is \$99.00. Payment will be made out to the City of Deadwood. This fee is non-refundable.
- d. Project completion date is one year from owner’s date of signature on the grant agreement and/or loan documents.

10. Required Supporting Documents

- Application for Project Approval/Certificate of Appropriateness
- Contractor and/or material specifications and/or quotes
- Legal description of property
- Contract between owner and contractor (if applicable)

11.. Acknowledgement

I certify all information contained in this application and all information furnished in support of this application is given for the purpose of obtaining financial assistance in the form of a grant or a loan is true and complete to the best of my knowledge and belief. I acknowledge I have read and understand the policy guidelines for the loan or grant programs included with and for this application and agree to a conservation easement and all of the terms and conditions contained in the policy guidelines. I agree any contractors which I hire for this project will hold contractors licenses with the City of Deadwood and will require they also agree to and abide by the terms and conditions of the policy guidelines.

I acknowledge the Deadwood Historic Preservation Commission is merely providing funds in connection with the work or project and neither the Historic Preservation Commission nor the City of Deadwood is or will be responsible for satisfactory performance of the work or payment for the same beyond the grant or loan approval by the Historic Preservation Commission. I acknowledge I am solely responsible for selecting any contractors hired in connection with the project and in requiring satisfactory performance by such contractor. I agree to indemnify and hold harmless the Deadwood Historic Preservation Commission and the City of Deadwood against losses, costs, damages, expenses and liabilities of any nature directly or indirectly resulting from or arising out of or relating to the Deadwood Historic Preservation Commission’s acceptance, consideration, approval, or disapproval of this application and the issuance or non-issuance of a grant or loan. By signing this document it affirms I have read, understand and agree to this acknowledgement and will complete the conservation easement documentation and recordation upon completion of the project.

Job Details

Type of Wall Stone
 Existing Wall Finish Plain
 Existing Floor Finish Concrete

Job Details (Continued)

Specifications

1) Install SmartJack supports as indicated on job drawing to support the floor joist system above. 2) Install a supplemental beam as indicated on job drawing. 3) Mobilization Fee Zone 1 4)

Contractor Will

- 1.) Attempt to lift the foundation and or floors, but is not responsible for cosmetic damage that may result. (Achieving lift is not guaranteed)
- 2.) Remove or cut finished walls as necessary. Not responsible for replacement.
- 3.) Not be responsible for any damages done to in floor hydronic heat lines during installation.
- 4.) Not warrant areas of the basement that are not treated. Exclusions include wall cracks, wall moisture, floor cracks, or failure of sump pumps not installed by Blackburn Foundation Repair.
- 5.) Not warrant dirt crawl space for any ground water seepage if a waterproofing system or sump pump is not installed by Blackburn Foundation Repair.
- 6.) Not warrant any system or sump pump failure due to tying into customer's existing discharge line(s).
- 7.) Not be responsible for replacing any concrete that may be cracked during the PolyLevel lift process.
- 8.) Will not be responsible to warranty any home with dirt crawl space that is not encapsulated to levels under 4 pCi/L of radon.
- 9.) Will not be responsible for putting fences back together if they need to be altered or taken down in order to get construction equipment onto the homeowner's property.
- 10.) Will not be responsible for basement or crawl space waterproofing with SentrySeal Membrane. Interior waterproofing systems designed by Blackburn Foundation Repair are the only way to warrant a dry basement or crawl space.
- 11.) Will not be responsible for any damage done to electrical wiring or plumbing when any wall, cieling, or floor removal is done.

Customer Will

- 1.) Remove and replace any landscaping that is in the work area.
- 2.) Move items at least 6 feet away from the work area, 8ft for wall anchor jobs. If Blackburn Foundation Repair crews have to move personal items upon arrival to install the project a fee of \$625 per hour will be added to the final invoice, unless otherwise agreed to in writing. Blackburn is not responsible for any damages to homeowners belongings. Please discuss details with your Design Specialist. Also Customer MUST BE PRESENT for final project walk through to sign off, approving work completed. If customer is not there for final walk through and Blackburn has to return to address any issues a fee of \$625 an hour will be added to final invoice.
- 3.) Remove finished walls, which includes sheetrock, studs, insulation, and bottom plate. If not removed before crews arrive a charge of 100.00 a linear foot will be added to the invoice.
- 4.) Remove cabinets/shelving.
- 5.) Mark any private lines that may be hidden underground, and assumes all liability if damage should occur to such lines.
- 6.) Provide all electrical work needed for the project. Triplesafe sump system needs 2 outlets on seperate dedicated circuits each on a 20amp ciricuit. Supersump and Supersump Plus need 1 dedicated outlet on a 20amp ciricuit. Smart Sump(crawlspace pump) needs 1 dedicated 20amp outlet. Sanidry sedona and XP need 1 dedicated 15amp curcuit. Condensate pump need a standard outlet which does not need a dedicated outlet.
- 7.) Be responsible, if purchased, for changing out any filters needed for Sanidry's, Aspen's, Breathe EZ's, and ERV's as needed for proper use.
- 8.) Be responsible for connecting flex hose(s) when the ground thaws in the Spring and taking the flex hose off before the ground freezes.
- 9.) Be responsible for replacing any concrete that may be cracked during the PolyLevel lift process.
- 10.) Be responsible for reviewing the "Recommendations" page of the proposal and contacting contractor to schedule the recommended work, should they choose to do it, with the understanding that the pricing and recommended work is NOT included in the original proposal.

Job Details (Continued)

- 11.) Be responsible for having electricity and plumbing disconnected on wall that is being removed prior to our arrival for full wall removal
- 12.) Understands that flex hose discharge line may be no longer than 50ft or pump warranty will be void.
- 13.) Understands that if a Lateral line for waterproofing was offered and not accepted on proposal Blackburn Foundation Repair will not be responsible for system failure.

Additional Notes

We will be installing a supplemental beam and 2 smart jacks in the unfinished basement, there are a few electrical lines running on the floor joists, some can be moved out of the way, but will need to put some spacers in to get the beam below 2 of the lines. He will not move the electrical conduit. This is a stone foundation.

Lynn wants the area stabilized.

Date: November 21, 2024

Case No. COA240247
Address: 175 SHERMAN ST

Staff Report

The applicant has submitted an application for CERTIFICATE OF APPROPRIATENESS for work at 175 SHERMAN ST, a contributing structure located in South Deadwood Planning Unit in the City of Deadwood.

Applicant: JOHN BECK
Owner:
Constructed: 1935/1939

CRITERIA FOR THE ISSUANCE OF A CERTIFICATE OF APPROPRIATENESS

The Historic District Commission shall use the following criteria in granting or denying the CERTIFICATE OF APPROPRIATENESS:

General Factors:

- 1. Historic significance of the resource:** As early as 1939 there was a Phillips 66 service station operating at this location. It was later operated as a Sinclair Station. Because of this it was listed on the National Register in the 1989 nomination.
- 2. Architectural design of the resource and proposed alterations:** The applicant requests permission to add Phillips 66 signage above two bay doors.

Attachments: No

Plans: No

Photos: Yes

Staff Opinion: Staff is looking for historical photos showing the configuration and proper documentation of the signage associated with the Phillips 66 station reportedly located at this address. While the Sinclair signage appears in the photograph, we have not been able to determine the original signage for this structure. Staff will continue to search for documentation showing the station.

This will also have to go before Planning and Zoning for a sign review. The proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District. The applicant is also requested to be in the Façade Easement Program.

Motions available for commission action for Certificate of Appropriateness:

A: Based upon the guidance found in DCO 17.68.050, I find that the exterior alteration proposed is congruous with the historical, architectural, archaeological or cultural aspects of the district and MOVE to grant Certification of Appropriateness.

OR

B: Based upon the guidance found in DCO 17.68.050, I find that the exterior alteration proposed is incongruous with the historical, architectural, archaeological or cultural aspects of the district and MOVE to deny Certification of Appropriateness.

APPLICATION DEADLINE

This form and all supporting documentation **MUST** arrive by 5:00 p.m. on the 1st or 3rd Wednesday of every month to be considered at the next Historic Preservation Commission Meeting. The meeting schedule and filing deadlines are on file with the Historic Preservation Office. Any information not provided to staff in advance of the meeting will not be considered by the Commission during their deliberation. Please call if you have any questions and staff will assist you.

Please use the attached criteria checklist as a guide to completing the application. Incomplete applications cannot be reviewed and will be returned to you for more information. All submitted materials will be retained by the Historic Preservation Office. Do not submit your only copy of any piece of documentation.

The City of Deadwood Historic Preservation Office has numerous resources available for your assistance upon request.

175 Sherman Street (C.1939) - There was a Phillips 66 service station operating at this location as early as 1939. It was later occupied by Sinclair Oil.

This 1948 map shows the Phillips 66 Service Station, at right, across from the B&M Railroad Freight Station (#96) before that building was moved to its current location. Courtesy City of Deadwood Archives.

Date: November 22, 2024

Case No. 240248
Address: 57 SHERMAN ST

Staff Report

The applicant has submitted an application for Certificate of Appropriateness for work at 57 Sherman Street, a contributing structure located in the Original Town in the City of Deadwood.

Applicant: Gerard Keating
Owner: DEADWOOD SUNDANCE 2023 LLC0
Constructed: 11/22/2024

CRITERIA FOR THE ISSUANCE OF CERTIFICATE OF APPROPRIATENESS

The Historic District Commission shall use the following criteria in granting or denying the Certificate of Appropriateness:

General Factors:

1. Historic significance of the resource:

This building is a non-contributing resource in the Deadwood National Historic Landmark District. In 1903, W.E. Adams built a tall one-story office building to the right of his three four-story buildings. The iron column on this building closely resembles the columns on the adjacent buildings; however, the flower is turned upside down. This column was manufactured in Deadwood by the Black Hills Foundry to match the other columns, which were manufactured out-of-state. The turned flower may have been done intentionally to differentiate the work, or to avoid patent problems. This building has since been remodeled into what appears to be a two-story building; due to these changes the building currently does not contribute to the National Historic Landmark District.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to add a deck/landing to access the back apartment unit.

Attachments: Yes

Plans: Yes

Photos: Yes

Staff Opinion:

This will be brown treated wood construction and is intended to be of temporary nature until plans are developed for the rear of the property to include landscape and pedestrian improvements. The proposed work and changes do not encroach upon, damage, or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:

A: Based upon the guidance found in DCO 17.68.050, I find that the exterior alteration proposed is congruous with the historical, architectural, archaeological or cultural aspects of the district and MOVE to grant Certification of Appropriateness.

OR

B: Based upon the guidance found in DCO 17.68.050, I find that the exterior alteration proposed is incongruous with the historical, architectural, archaeological or cultural aspects of the district and MOVE to deny Certification of Appropriateness.

APPLICATION DEADLINE

This form and all supporting documentation **MUST** arrive by 5:00 p.m. on the 1st or 3rd Wednesday of every month to be considered at the next Historic Preservation Commission Meeting. The meeting schedule and filing deadlines are on file with the Historic Preservation Office. Any information not provided to staff in advance of the meeting will not be considered by the Commission during their deliberation. Please call if you have any questions and staff will assist you.

Please use the attached criteria checklist as a guide to completing the application. Incomplete applications cannot be reviewed and will be returned to you for more information. All submitted materials will be retained by the Historic Preservation Office. Do not submit your only copy of any piece of documentation.

The City of Deadwood Historic Preservation Office has numerous resources available for your assistance upon request.

Criteria Checklist for Project Approval OR Certificate of Appropriateness

SUBMITTAL CRITERIA CHECKLIST

The documentation listed below will assist in the submission of the application. ***Not all information listed below is required for each project. In order to save time and effort, please consult with the Historic Preservation Office prior to completing your application.***

ALL WORK:

- Photograph of house and existing conditions from all relevant sides.

RENOVATIONS AND ADDITIONS:

- Elevation and plan drawings to scale indicating proposed alterations or additions, clearly indicating the existing building and what is proposed and including the relationship to adjacent structures. Make sure to include door and window design if altered. Manufacturer's catalog data may be used, if applicable.
- Exterior material description.
- Site plan showing dimensions of lot and location of existing building(s) or structure(s) on lot, location of additions, dimensions of existing structure and additions. (Show use of addition and location of windows and doors if applicable.)
- Photograph of existing conditions from all elevations.
- Color samples and placement on the structure.
- Historic photographs should accompany any request to return a structure to an earlier historic appearance. (Please note our archives may be of great assistance)

MATERIAL CHANGES:

- Written description of area involved.
- Color photographs or slides of areas involved and surrounding structures if applicable.
- Sample or photo of materials involved.

PAINTING, SIDING:

- Color photographs of all areas involved and surrounding structures if applicable.
- Samples of colors and/or materials to be used.
- Dimensioned elevation and section to scale, showing design of fence, material, and height in relationship to adjacent structures.

NEW CONSTRUCTION:

- Elevation drawings to scale showing all sides and dimensions. Elevation drawings to scale showing relationship to structures immediately adjacent.
- Photograph of proposed site and adjacent buildings on adjoining properties.
- Site plan including building footprint and location of off-street parking showing setbacks. Include number of spaces, surface material, screening and all other information required under Parking Areas.
- Material list including door and window styles, colors and texture samples.
- Scale model indicating significant detail. (This may be required for major construction. Please consult Historic Preservation Commission staff.)
- Color photographs of proposed site and structures within vicinity of new building.

ADA RAMP
57 1/2 SHERMAN

Date: November 21, 2024

Case No. 240245 Address:
346 Williams St.

Staff Report

The applicant has submitted an application for Project Approval for work at 346 Williams St., a contributing structure located in the Forest Hill Planning Unit in the City of Deadwood.

Applicant: Tyler Nelson
Owner: ULURU LLC0
Constructed: 1935

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with the growth and economic activity which took place in Deadwood and the northern Black Hills from the late 1920s until World War II. Spurred by resurgence in local mining activity, Deadwood experienced a period of expansion and new construction during these decades that it had not seen since the nineteenth century. This house is vernacular in style.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to replace the deck with a different design that was previously approved.

Attachments: Yes

Plans: Yes

Photos: Yes

Staff Opinion:

The applicant received project approval September 25, 2024 to replace the deck on the front of the structure. The applicant is now wanting to change the original design. It will be wood construction with Trex Decking on the floor. This approval should be contingent upon the railing posts remain wood with no covering giving it the same look as the railing next door as previous approval.

The proposed work and changes do not encroach upon, damage, or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:**A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:**

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.

If you, as a commissioner, have determined the Project will Encroach Upon, Damage or Destroy a historic property then:**B: First Motion:**

Based upon all the evidence presented, I move to make a finding that this project **DOES** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places. [If this, move on to 2nd Motion and choose an option.]

C: Second Motion:

Option 1: Based upon the guidance in the U.S. Department of the Interior standards for historic preservation, restoration, and rehabilitation projects adopted by rules promulgated pursuant to SDCL 1-19A & 1-19B, *et seq*, I find that the project is **NOT ADVERSE** to Deadwood and move to **APPROVE** the project as presented.

OR

Option 2: Based upon the guidance in the U.S. Department of the Interior standards for historic preservation, restoration, and rehabilitation projects adopted by rules promulgated pursuant to SDCL 1-19A & 1-19B, *et seq*, I find that the project is **ADVERSE** to Deadwood and move to **DENY** the project as presented.

OR

Option 3: Based upon the guidance in the U.S. Department of the Interior standards for historic preservation, restoration, and rehabilitation projects adopted by rules promulgated pursuant to SDCL 1-19A & 1-19B, *et seq*, I find that the project is **ADVERSE** to Deadwood, but the applicant has explored **ALL REASONABLE AND PRUDENT ALTERNATIVES**, and so I move to **APPROVE** the project as presented.

346 Willipows

Date: November 21, 2024

Case No. 240246
Address: 81 Charles St.

Staff Report

The applicant has submitted an application for Project Approval for work at 81 Charles St., a Noncontributing structure located in the Cleveland Planning Unit in the City of Deadwood.

Applicant: Patricia Stephenson
Owner: STEPHENSON, PATRICIAO
Constructed: 1970

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This house is less than 50 years old, it cannot contribute to the Deadwood National Historic Landmark District at this time.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to replace a bedroom window (on the back of building) with a larger egress window. The new one is the same style as the current one, only larger, to meet the requirements of the State and City for short-term rentals. It's a slider type, with one side stationary and the other one able to slide open and closed.

Attachments: yes

Plans: No

Photos: Yes

Staff Opinion:

The proposed work and changes do not encroach upon, damage, or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:**A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:**

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.

DESCRIPTION OF ACTIVITY

Describe in detail, the above activity (use attachments if necessary including type of materials to be used) and submit as applicable. Descriptive materials such as photos and drawings are necessary to illustrate the work and to help the commissioners and staff evaluate the proposed changes. Information should be supplied for each element of the proposed work along with general drawings and/or photographs as appropriate.

Failure to supply adequate documentation could result in delays in processing and denial of the request. Describe in detail below (add pages as necessary).

we need to replace a bedroom window with a larger egress window. The new one is the same style as the old one, only larger to meet the requirements of the state and city for short term rentals. It's a slider type, with one side stationary and the other one able to slide open and closed.

FOR OFFICE USE ONLY
Case No. _____

SIGNATURES

I HEREBY CERTIFY I understand this application will not be accepted and processed until all the requested information has been supplied. I realize drawings and measurements must be exact and if errors result in a violation of the Commission's approval, then appropriate changes will have to be made. I also understand this application may require a site visit / additional research by staff and a PUBLIC HEARING by the DEADWOOD HISTORIC PRESERVATION COMMISSION.

I understand this application is for a Certificate of Appropriateness or Project Approval only and that a building permit is required for any uses associated with this location prior to any constructions, alterations, etc. All statements are true to the best of my knowledge and belief.

I understand approval is issued for proposed work in keeping with City of Deadwood Ordinances, South Dakota State Administrative Rules and the Secretary of the Interior's Standards for Rehabilitation and copies are available for my review.

APPLICATION DEADLINE

This form and all supporting documentation **MUST** arrive by 5:00 p.m. on the 1st or 3rd Wednesday of every month to be considered at the next Historic Preservation Commission Meeting. The meeting schedule and filing deadlines are on file with the Historic Preservation Office. Any information not provided to staff in advance of the meeting will not be considered by the Commission during their deliberation. Please call if you have any questions and staff will assist you.

Please use the attached criteria checklist as a guide to completing the application. Incomplete applications cannot be reviewed and will be returned to you for more information. All submitted materials will be retained by the Historic Preservation Office. Do not submit your only copy of any piece of documentation.

The City of Deadwood Historic Preservation Office has numerous resources available for your assistance upon request.

EGRESS WINDOW REQUIREMENTS

Per state law and/or regulation, any sleeping room in a licensed specialty resort, vacation home, camping cabin, or hotel (built after 1992) must have a door that opens to the exterior of the building OR have at least one exterior window of sufficient size to permit the occupants to escape a fire and also to allow a fully outfitted firefighter to enter. This handout was developed to help the owner/operator understand the egress window requirements.

WHAT IS AN EGRESS WINDOW?

An egress window must meet **ALL** of the four main criteria:

- Minimum net clear opening: 5.7 sq. ft.
- Minimum width of opening: 20 in.
- Minimum height of opening: 24 in.
- Maximum sill height above floor: 48 in. (Local or municipal codes may be more restrictive)

HOW IS THE NET CLEAR OPENING DETERMINED?

Take measurements of the width and height when the window is fully opened. It is important to measure from inside of the window frame, stated another way, measure the part of the window that is the actual open space (as shown in pictures below). This open area must be unobstructed, free and clear for a person to exit or fire/rescue personnel to enter. Once the dimensions of width (in.) and height (in.) are determined, the net clear opening can then be calculated by multiplying width times height and dividing this total by 144 (1 square foot). See examples below:

Window net clear opening or clearance measurements-

Example 1: Opening width – 28", Opening height – 30" so $28 \times 30 = 840$ ", divided by $144" = 5.8$ sq. ft. Assuming the window sill is less than 48 in. above the floor, this window **would meet** the egress requirements.

Example 2: Opening width – 20", Opening height – 24" so $20 \times 24 = 480$ ", divided by $144" = 3.3$ sq. ft. Although this window meets the minimum width and height criteria it does not meet the minimum net clear opening requirement, consequently this window **would not meet** the egress requirements.

Example 3: Opening width – 20", Opening height – 42" so $20 \times 42 = 840$ ", divided by $144" = 5.8$ sq. ft. Assuming the window sill is less than 48 in. above the floor, this window **would meet** the egress requirements.

Example 4: Opening width – 35", Opening height – 24" so $35 \times 24 = 840$ ", divided by $144" = 5.8$ sq. ft. Assuming the window sill is less than 48 in. above the floor, this window **would meet** the egress requirements.

Example 1

A 28-in. by 30-in. opening gives 5.8 sq. ft. of net-clear opening.

Example 2

3.3 sq. ft. of net-clear opening.

A 20-in. by 24-in. opening does not meet net-clear opening requirements.

Example 3

5.8 sq. ft. of net-clear opening.

A 20-in.-wide casement needs to be 42 in. tall.

Example 4

5.8 sq. ft. of net-clear opening.

A 24-in.-tall awning needs to be 35 in. wide.

IF MY WINDOW HAS A NET CLEAR OPENING OF 5.7 sq.ft. WILL IT MEET EGRESS?

Only if the window also meets the minimum dimension and sill requirements. For example, a 1 ft. wide by 5.7 ft. high window opening is still too narrow to climb through, so it wouldn't pass code.

ARE THERE OTHER REQUIREMENTS?

Yes, the window must be operable from the inside without the use of separate tools, keys, special knowledge or effort. Exceptions, modifications or window well requirements may apply depending on specific circumstances so...

Tabor

From Page 1

Homme County.

The recent project was completed last week, with the crew high above the ground as they completed the task.

The high-rise project, rising over the Tabor skyline, wasn't for the faint of heart or those fearing heights. The steeple can be seen from a distance.

The crew needed an additional stretch to reach to complete the work, Kocer said.

"Ray's Painting of Volin did the work and told us it was 95 feet to the top," Kocer said. "It was so tall that they used an 85-foot-tall bucket truck with a 10-foot extender."

SURVIVING DAMAGE

The repainting and other restoration represent follow-up work from storm damage.

"When the derecho hit, it took the cross off the top," Kocer said. "The cross is five feet tall, and we needed to have it placed back on the steeple."

Facing such a daunting task, the parishioners turned to the nearby Maxwell Colony. The Hutterite colony, whose members live communally, jointly own and operate farmland, livestock, major buildings and equipment.

"We asked Maxwell Colony if they could put up the cross, because they have the large machinery to do the work," Kocer said. "They reached the top and welded the cross back in place. When they were working with the cross, they noticed the steeple was showing wear and tear. The seams were getting rusty, and it needed painting."

The Maxwell Colony members said they weren't able to help in restoring the steeple, according to parishioner Renee Hejna.

"The colony members are very willing to help others, particularly churches," she said. "They replaced the cross, but they told us they don't do painting."

Parishioners weren't even sure when the steeple last received a new coat of paint, Kocer said.

MOVING FORWARD

The parishioners discussed the needed work and ways of financing the project, Kocer said.

St. Wenceslaus parishioners Renee Hejna and Ken Kocer show the plaque designating the church (seen in the background) as the recipient of a Deadwood grant for historic preservation.

RANDY DOCKENDORF/PEAD

pastorate, which includes Yankton and areas to the north and west.

"Everything has to be approved by the pastorate, so it's been over a year in the making," Kocer said.

They faced two big hurdles: finding both someone to do the job and the funds to pay for it. God answered their prayers, providing resources for both needs.

First, the parish needed someone willing and able to perform the high-altitude effort, Kocer said. The search took them out of state.

"It's not easy to get estimates for painting that high up. We were finding that people wouldn't even quote it," he said. "One person from North Dakota gave us an estimate of \$75,000, and Ray's Painting out of Volin provided another quote of \$29,000."

Meanwhile, Rhonda Kocer — Ken's wife — serves as president of the church's Altar and Rosary Society. At a meeting last spring, she brought up the need to complete paperwork for grants and other outside funding. Hejna stepped forward

days before the deadline," she said. The effort proved fruitful, as did other outreach.

"At first, I thought the maximum we could receive from Deadwood was \$1,000. But when we were awarded the grant, we received \$10,000," Hejna said. "The church was also blessed with \$7,700 from the First Catholic Slovak Ladies Association (FCSLA Life). The remainder of the improvement was provided by our St. Wenceslaus Altar and Rosary Society kolache fund raiser and treasury."

Ray Jeffery and his crew began work Oct. 23, finishing the following week. During this work, Jeffery patched up holes in the steeple.

"Ray wasn't sure if the derecho caused rocks to hit and chip the steeple, but he did repair and repaint while he was up there," Ken Kocer said.

A STATEMENT OF FAITH

St. Wenceslaus no longer celebrates a weekend Mass, but its members note it remains an active church with weekly Masses and on special days, along with the continuation of ministries and other parish activities.

The church is currently open for prayer time from 8 a.m. to 5 p.m. daily, along with Masses every Wednesday at 6:15 p.m. and Friday at 8:30 a.m. The church will celebrate a special Mass at 7 p.m. Christmas Eve. Other special celebrations include Czech Days, the feast of St. Wenceslaus and holy days such as All Saint's Day.

Kris Kocer, Ken's sister, said the church represents more than brick and mortar. "This is our identity and our pride. It shows we're still alive and still have our faith," she said. "We're the only church in Tabor, so this is the only place we have to go and pray."

She pointed to the solemnity as parishioners arrived for Wednesday evening Mass. "You can feel the Holy Spirit in this church and in its people," she added.

Kris Kocer sees the steeple restoration as a statement of intention to preserve the church. "We praise the Lord and honor our ancestors; she said. "This is our way of keeping our identity."

The recently completed project offers an important example, Kris Kocer said.

"There is the saying, 'Our steeple points the direction of

A Recap of Legislative Efforts for Deadwood Historic Preservation

The net municipal proceeds disbursed to the City of Deadwood has been capped since 1995 at \$6,800,000 each year with a small percentage after this amount with a complex legislative formula. Historic Preservation efforts in Deadwood and across the state are hindered due to lack of provisions to increase the funding through the formula involving tax revenues derived by Deadwood's gaming industry.

Between the annual increase in inflation and overall construction costs including labor challenges, Deadwood is consistently challenged in keeping up with our historic preservation efforts. This has necessitated flat funding for our preservation partners, slight decreases in other areas, and deferred projects due to a lack of "true" increases in revenues.

The City of Deadwood and Deadwood Historic Preservation Office have made previous attempts in the Legislative Session to remedy Deadwood Historic Preservation's funding cap through the introduction of bills in the House and Senate, *Revise percentages regarding certain municipal proceeds of gaming revenues* (HB1301); *Revise percentages regarding certain municipal proceeds of gaming revenues* (SB99); and *Index a certain level of municipal proceeds regarding the disbursements from the Gaming Commission fund to an inflation index* (SB205). These bills were unsuccessful.

Deadwood Historic Preservation continues to focus on education efforts with the Legislature as well as the administration. The 2025 session will likely be a furtherance of our educational efforts with the legislature and a continuance of meetings with administration.

Overview of the Budget

This document provides details of the Deadwood Historic Preservation Budget for Calendar Year 2025. This projected budget, along with supporting citations, outlines the programmatic activities which will receive funding. Descriptions of the budget line items include the sections of the South Dakota Administrative Rules which govern Deadwood’s preservation work. These determinations are critical in identifying projects and activities to ensure the Deadwood National Historic Landmark is being preserved, protected, and promoted as one of South Dakota’s premier preservation efforts.

The Deadwood Historic Preservation Commission takes its role as stewards of Deadwood’s heritage seriously with a strong preservation ethic focusing on enhancing, protecting, and maintaining our historic resources and irreplaceable past.

While Deadwood experiences yet another record year in tourism and gaming revenues, it is important to understand these increases do little to our historic preservation budget. Deadwood is capped in potential revenues while the state and other governmental entities reap the rewards of the increase in gaming revenue.

The following table illustrates total net municipal proceeds over the past decade that Deadwood received from the South Dakota Commission on Gaming through the complex legislative formula. This activity total consists of taxes and fees from Deadwood Gaming. For 2025, the projected revenues are \$7,100,000.00.

Deadwood Gaming Revenues	
2014	\$ 7,124,547.24
2015	\$ 7,098,056.95
2016	\$ 7,266,982.86
2017	\$ 6,817,770.66
2018	\$ 7,234,221.10
2019	\$ 6,843,921.54
2020	\$ 6,567,458.45
2021	\$ 7,948,809.51
2022	\$ 7,149,170.34
2023	\$ 7,036,827.59
2024	\$ 7,093,436.72

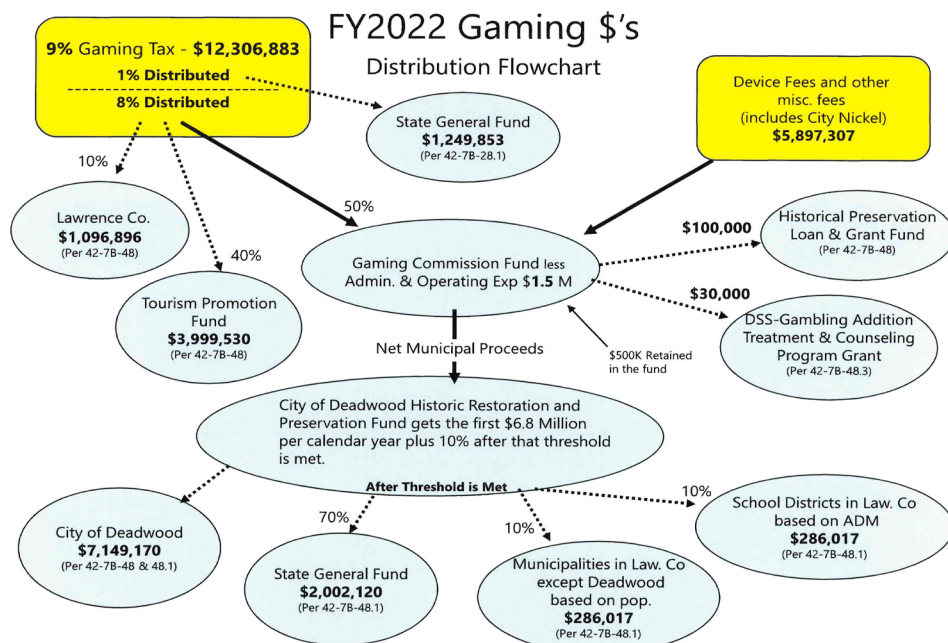

In FY 2002, the Net Municipal Proceeds distributed to Deadwood for the historic preservation efforts was \$7,443,519.12. This dollar amount with inflation would be the equivalent of \$13,060,872.82 today. The cap truly has a budgetary impact on Deadwood.

In FY 2024 the number of licensed devices is 2,694 with 113 active retail locations (rooms with up to 30 devices) in approximately 25 gaming establishments.

The table below illustrates the distributions from FY2014 to FY2024 to all governmental entities within the formula from Deadwood Gaming. Basically, the State of South Dakota has experienced an increase of over \$2 million dollars over what was received a decade ago, yet the Historic Preservation Commission must make difficult decisions each year to fund the necessary projects and activities with no increases in revenues.

Total Revenues from Gaming	
2014	\$ 14,964,885.11
2015	\$ 14,803,917.77
2016	\$ 14,959,648.49
2017	\$ 14,306,738,76
2018	\$ 14,614,001.86
2019	\$ 13,802,878.02
2020	\$ 13,290,641.80
2021	\$ 14,960,362.78
2022	\$ 16,708,923.09
2023	\$ 16,453,498.79
2024	\$ 17,004,705.24

To further understand the dynamics of the gaming revenues, we are attaching the South Dakota Commission on Gaming’s annual report for Fiscal Year 2024 (July 1, 2023 through June 30, 2024). The Commission on Gaming no longer uses the flowchart shown below in their annual report; however, it clearly illustrates the complexity of the revenue and activity related to gaming in Deadwood, South Dakota.

2025 ITEMIZED BUDGET

BOND PAYMENTS

Bond Payments

\$0.00

The Historic Preservation Commission has utilized funds obtained from gaming revenues to continue to update much of Deadwood's infrastructure, thereby facilitating the heritage tourism industry and providing the necessary access and utilities for the protection and maintenance of Deadwood's historic resources. Many of these projects have been funded through the issuance of bonds. In the past, the bond payment has been as great as \$2.8 million; however, today this amount would be unobtainable due to the increased costs associated with other areas of the historic preservation budget. The funds allocated in this line item are used to make the annual debt payments and related fees on the new bond series. All current bond series have been paid in full.

The Historic Preservation Commission and the City of Deadwood will be continuing planning for the historic Rodeo Grounds with consideration of issuing a bond for this project. The Days of 76 Rodeo and Celebration is over a century old and has been an award-winning event, Rodeo Grounds improvements are needed to maintain and expand this historic venue. This allocation is allowed under Section 24:52:10:09-2 of the South Dakota Office of History's Administrative Rules.

Bonded projects have included the following projects since 1989:

- | | |

FIXED CAPITAL ASSET AND CAPITAL IMPROVEMENT PLANNING

The Deadwood Historic Preservation Office in conjunction with the City of Deadwood’s Public Works Department are responsible for the maintenance and preservation of the historic buildings, structures, features, and sites owned by the city. The acquisition and preservation of several of these assets has occurred over the past 30 years using historic preservation funds. The ongoing maintenance of our historic assets is an important preservation expense. Over the past several years a concentrated effort has been made to address the ongoing maintenance on these resources.

Money is allocated on a project-by-project and year-by-year basis thus providing the Historic Preservation Commission with the opportunity to develop capital expenditure plans for each separate building or asset. All buildings, structures, features, and sites are contributing resources in the Deadwood National Historic Landmark District, eligible as an individually listed resource on the National Register of Historic Places, house historical collections, or promote and interpret Deadwood’s history. This line item uses the historic preservation funds exclusively for repair and capital expense items and not for daily operations and is also further broken down to the individual projects. The precise expenditures are often difficult to predict as they sometimes involve unanticipated repair or replacement of damaged or deteriorated building components.

All work conforms to the *Secretary of the Interior’s Standards for the Treatment of Historic Properties* as required by Section 24:52:10:04 of the Office of History’s Administrative Rules. The allocation is allowed under Sections 24:52:10:08-10 and 24:52:10:09-1 of the South Dakota Office of History’s Administrative Rules.

City Hall 18,000.00

Constructed in 1936, this building is the last vestige in Deadwood of the Fish and Hunter Company. Ongoing maintenance, paint and repairs are anticipated.

Adams Museum 50,000.00

In 1930 pioneer businessman W.E. Adams founded the Adams Museum in Deadwood, with the purpose of preserving and displaying the history of the Black Hills. He donated the building to the city which is responsible for repairs and maintenance of the resource. The carillon originally installed in the building has been unusable for several decades, a multi-year project to restore these chimes will be completed in 2025.

Adams House Museum 15,000.00

Built in 1892, the Queen Anne-style home is well-known for its oak interiors, hand-painted canvas wall coverings, stained-glass windows, thoroughly modern 19th century plumbing, electricity, telephone service, and original furnishings. In 2024, a complete exterior rehabilitation project was implemented because of a major summer storm in 2019. This project was mainly funded from insurance proceeds.

Library 50,000.00

The Deadwood Public Library is housed in a 1905 Carnegie building. The library was one of 25 Carnegie buildings in South Dakota and is one of the few still serving its original purpose. The retaining walls were reconstructed in 2023, and additional work is needed for the stone walls across the front of the property and finishing the landscaping in the rear of the building.

Rodeo Grounds 400,000.00

This Juso Brothers constructed log facility needs constant maintenance and repairs. As the home of the multi-year national award-winning Days of '76 Rodeo and Parade, it is the intention of the Historic Preservation Commission to assist in the on-going efforts to rehabilitate and enhance the facility. The Days of 76 Rodeo and Celebration has existed over a century and plans are to bond for needed improvements such as the restrooms and concession to service both VIP seating areas.

History and Interpretive Center 10,000.00

Built in 1897, this building served as the depot for the Fremont, Elkhorn & Missouri Valley and the Chicago & Northwestern Railroads. This historic structure has been restored and serves as the History and Interpretive Center for Deadwood. Normal maintenance is needed with masonry and improving the mechanical systems.

Historic Street Lights 20,000.00

The City purchases replica historic streetlights as an essential component of our street projects. The City attempts to maintain a consistent historic appearance throughout the community. Streetlight poles suffer from damage and environmental forces which necessitate repair on a regular basis. The Historic Preservation Commission has initiated a long-term painting program resulting in each streetlight pole being repainted and the globes are replaced after a useful life on a regular basis.

City Retaining Walls 550,000.00

Retaining walls holding up streets within the National Historic Landmark District are in constant need of repair and reconstruction. Since 2020, the Historic Preservation Commission dramatically increased this line item due to the decrease in debt service from previous bond payments and to catch up on these critical walls without unnecessary budget constraints to other organizations before we move into the next major series of bonded projects. These walls typically are complex public infrastructure improvements.

Wayfinding 50,000.00

Wayfinding provides directional signage to navigate from one place to another as well as improve movement for pedestrians, cyclists, and motorists. The Wayfinding Project is an initiative to make it easier for residents and visitors to find Deadwood destinations and attractions. Wayfinding was an action item outlined in the Deadwood Comprehensive Historic Preservation Plan adopted by the Deadwood Historic Preservation Commission and City Commission in December 1990. This project began in 2013 with passage of proper SD-

DOT required ordinances. In 2014, Berberich Designs developed necessary plans and specifications for a comprehensive program. Budgeting began in 2015 to allow a phased implementation and installation of the wayfinding signage to begin. The majority of vehicular wayfinding matters have been implemented; however, pedestrian wayfinding is drastically needed for our visitors to Historic Deadwood.

Benches and Trash Cans 25,000.00

In an ongoing effort to enhance the City’s public spaces and to service the increases in visitors, additional seating areas, benches, trash cans, and cigarette containers are needed.

General Maintenance 75,000.00

This general maintenance line item is used for repairs and ongoing maintenance for historic resources owned by the City of Deadwood and Deadwood Historic Preservation. Throughout each year, there are several unanticipated matters dealing with these properties which arise and need to be addressed in a timely matter.

Days of '76 Museum 15,000.00

The Days of '76 celebration began in 1924 to honor Deadwood’s first pioneers - the prospectors, miners, muleskinners, and madams who poured into the Black Hills in 1876 to settle the gold-filled gulches of Dakota Territory. Since then, the Days of '76 have grown into a legendary annual event with a historic parade and an award-winning PRCA rodeo. The museum is an important element of the Days of '76 and needs annual maintenance and repairs to ensure a secure environment for the artifacts it houses.

Senior Center 775,000.00

The Historic Black Hills Granite and Marble Works building located at 142 Sherman Street has been acquired by Deadwood Historic Preservation Commission for the building’s contents, including business receipts, ledgers and other archival ephemera. This historic structure was constructed in 1910 by A.L. Duchene and has been used as a cemetery monument company for 114 years. It became one of the longest family run businesses in Deadwood but will no longer operate as a monument shop due to the death of its owner. Deadwood has a significant number of residents who qualify as senior citizens; however, there is currently no public, multi-use facility designated for residents to meet, host events or socialize. This has been identified as an unfulfilled need for our community for many years as outlined in Deadwood’s comprehensive plan.

85 Charles Exterior Restoration 125,000.00

The property at 85 Charles Street has been on the City’s minimum maintenance violation list since 2013. This structure is in the main thoroughfare coming into Deadwood prompting the community to request the restoration of this property. After reviewing with a structural engineer, it was determined the building is sound, although in an extreme state of disrepair, the building could be restored. This property was purchased by the Deadwood Historic Preservation Commission for the purpose of restoring the exterior envelope of the structure and either making it available for an individual to finish the project or complete rehabilitation. A Conservation Easement will be placed on the structure in perpetuity with a

deed restriction for a single family or duplex and no short-term rental use. This may assist with Deadwood’s need for single family housing and/or affordable housing issues.

VISITOR MANAGEMENT AND INFORMATION

Trolley Operations 40,000.00

In the early 1990s, the City of Deadwood established a free-wheel trolley system to serve as a municipal transportation system. The overall operation of the trolley system is partially subsidized from Historic Preservation funding and revenue generated through the Parking and Transportation Committee. The trolley system is an invaluable part of the city’s infrastructure and helps alleviate the parking problems present in the Historic Districts. The Historic Preservation Commission continues to support the operation of the system to the extent necessary to supplement the income produced by trolley fees. The funding covers a small portion of the operating deficit which has decreased over the years. Such expenses are allowed as the production of visitor management activities under Sections 24:52:10:08-14 and 24:52:10:08-15 of the South Dakota Office of History’s Administrative Rules.

Marketing 414,000.00

The Historic Preservation Commission continues to support heritage tourism efforts and the promotion of history in Deadwood through the Chamber of Commerce and Visitor’s Bureau. Other organizations such as the Days of 76 Rodeo, Deadwood History, Inc. and Deadwood Alive also market our rich heritage. It continues to be evident from formal and informal surveys directed to visitors that Deadwood’s primary attraction is our history as well as the activities of historic preservation. The Chamber is the primary tool along with the South Dakota Department of Tourism for reaching audiences outside of Deadwood. Activities and programs funded by the Historic Preservation Commission are those directly related to the marketing of Deadwood’s heritage. The funds allocated in this line item will allow the Chamber to continue marketing Deadwood’s heritage as a tourist destination to the people of South Dakota and the nation. Marketing of Deadwood’s historic character, historical development, and historic image is allowed under Sections 24:52:10:08-7 and 24:52:10:09-14 of the South Dakota Office of History’s Administrative Rules.

Visitor Centers/Interpretive Center 70,000.00

Deadwood’s History and Information Center, located in the restored 1897 Fremont, Elkhorn, and Missouri Valley Railroad Depot, continues to serve as an important resource for tourists visiting the city. Interpretive exhibits provide visitors with information about Deadwood’s history and historic preservation efforts as well as tourist information regarding Deadwood’s many historic resources and attractions. This line item funds the operation of the visitor centers, including personnel services, contractual services, supplies and materials. Funds are used to staff the depot, welcome center, and portable information center (chuckwagon) during the height of the tourist season. The allocation of funds for visitor centers is allowed under Section 24:52:10:08-10 of the South Dakota Office of History’s Administrative Rules.

HISTORIC INTERPRETATION AND INFORMATION

Days of '76 Rodeo 65,000.00

The Days of '76 Rodeo and Parade is a significant historic event that is a major part of the history of Deadwood and helps to define Deadwood's western character. Its historic parade recaptures the history of the community every year. Marketing of Deadwood's historic character, historical development, and historic image is allowed under Sections 24:52:10:08-7 and 24:52:10:09-14 of the South Dakota Office of History's Administrative Rules.

Deadwood History, Inc. 38,000.00

Deadwood History, Inc. is the parent organization which manages and promotes five properties within Deadwood housing various collections relating to Deadwood's history. These facilities include the Days of '76 Museum, Adams Museum, Historic Adams House, the Brothel Deadwood, and the Homestake Adams Research & Cultural Center. This year once again, at the request of Deadwood History, funding was appropriately allocated to these facilities while their total amount remained the same. The allocation of these funds is allowed under Sections 24:52:10:08-2 and 10 of the South Dakota Office of History's Administrative Rules.

Days of '76 Museum 110,000.00

The Days of '76 Museum contains a unique collection of horse-drawn vehicles and artifacts associated with Deadwood and Black Hills history. With the construction of the museum, the collection now has proper security and climate control, and the proper care and interpretation of the exhibits are in place. Financial support from Historic Preservation assists in the cataloging, accessioning and conservation of the artifacts associated with the museum. The allocation of these funds is allowed under Sections 24:52:10:08-2 and 10 of the South Dakota Office of History's Administrative Rules.

Adams Museum 95,000.00

The Historic Preservation Commission allocates funds each year for the continued support of the Adams Memorial Museum. These funds are used for preservation and display of the Adams Museum's collections and other expenses associated with the care of the varied collections of artifacts and objects. Funds also allow for further marketing Deadwood history and the programming associated with Deadwood History, Inc. The allocation of these funds is allowed under Sections 24:52:10:08-2 and 10 of the South Dakota Office of History's Administrative Rules.

Adams House Museum 75,000.00

Deadwood's Adams House has been open as a house museum since July 2000. The funds in this line item are used for the administrative and program costs associated with the operation of the museum. These expenses include salaries and personnel services for a curator and docents, as well as supplies, and marketing. Funds are also used for preservation and display of the Adams House's collections and other expenses associated

with the care and use of a varied collection of artifacts and objects. Funding is allowed under Section 24:52:10:08-10 of the South Dakota Office of History’s Administrative Rules.

Historical Re-enactments 148,000.00

The visitor experience in Deadwood is enhanced by the presentation of historical information utilizing a variety of re-enactments. Deadwood Alive provides an opportunity for visitors, school children and residents to have a greater appreciation for the history of Deadwood. Presentations include both street performances and performances of “The Trial of Jack McCall”. Deadwood Alive also offers stagecoach rides on Historic Main Street. These costs are allowed under Section 24:52:10:08-3 of the South Dakota Office of History’s Administrative Rules.

Fassbender Photographic Collection 20,000.00

The collection of photographs, negatives, slides and film footage by Josef and George Fassbender are getting the attention they deserve. This massive collection - over 800,000 images - is being cataloged and preserved by the Cities of Spearfish, Deadwood, and Lead. Each City has once again allocated funds towards the goals to preserve, conserve, and make available for public education the beautiful and fascinating images which captured over a century of Black Hills history. The allocation of these funds is allowed under Sections 24:52:10:08-2 and 10 of the South Dakota Office of History’s Administrative Rules.

Century Award 1,000.00

The Deadwood Historic Preservation Commission’s Century Awards program began in the early 1990s to recognize and honor historic commercial structures in Deadwood which are a century old. Two awards are created per nominated structure with one being presented to the owner(s) of the nominated structure and the other is installed in the Century Room located in Deadwood City Hall. To date, the Historic Preservation Commission has presented 76 Century Awards. The allocation of these funds is allowed under Sections 24:52:10:08-2 and 10 of the South Dakota Office of History’s Administrative Rules.

HISTORIC PRESERVATION OFFICE

Historic Preservation Office 462,580.00

This line item funds the administrative costs of the Historic Preservation Office, including personnel services, contractual services, travel costs, capital expenditures, publications, supplies and materials. These costs are allowed under Section 24:52:10-03 and 08 of the South Dakota Office of History’s Administrative Rules.

Public Education/Advocacy 245,000.00

This line item allows the Historic Preservation Commission to continue its commitment to public education and the dissemination of historical and preservation related information within the City of Deadwood. The Commission sponsors lectures and conferences pertaining to the history and preservation of Deadwood and the surrounding region. Advocacy activities include walking tour brochures, Wall of Fame, Century Awards, interpretation

signage, and website. The costs of public education and advocacy are allowed under Section 24:52:10:08-6, 7, & 12 of the South Dakota Office of History’s Administrative Rules.

Archaeology 27,500.00

The Deadwood Historic Preservation Commission has determined the potential for the discovery of archaeological resources during normal city activities is essential to provide both funds and guidelines to ensure the archaeological heritage of Deadwood is preserved and studied. This budget allocation allows for the documentation and continued care of artifacts recovered from the excavation at archaeological sites in Deadwood as well as archaeological investigations necessary for the City of Deadwood. Archaeological costs are allowed under Section 24:52:10:08-4 of the South Dakota Office of History’s Administrative Rules.

Dues/Subscriptions 2,750.00

This line item funds the cost of maintaining memberships in the South Dakota State Historical Society, the National Trust for Historic Preservation, the American Chuck Wagon Association, and the National Stagecoach and Freight Wagon Association. These memberships increase the education and awareness of commission members and staff. Such expenses are allowed under Sections 24:52:10:08-9 of the South Dakota Office of History’s Administrative Rules.

Collections/Acquisitions 25,000.00

The visitor experience in Deadwood is enhanced by the opportunity to view, enjoy and understand the collections of historic artifacts and documents and those items that interpret the history of Deadwood. From time to time, the Historic Preservation Office identifies collections for acquisition. These costs are allowed under Section 24:52:10:08-3 of the South Dakota Office of History’s Administrative Rules.

Archival Development 35,750.00

The Historic Preservation Commission continues to acquire and develop archive and manuscript collections documenting the history of Deadwood and the surrounding region. The Commission funds a full-time archivist and interns to accession, catalog, and maintain the existing collections. The archivist also responds to research questions from residents and visitors and provides research services as needed for city departments and outside clients. These costs are allowed under Section 24:52:10:08-2 of the South Dakota Office of History’s Administrative Rules.

Geographic Information System 35,000.00

The accumulation and digitization of survey information provides important information needed in the ongoing efforts of both the local and state Historic Preservation Offices, including implementation of Deadwood’s comprehensive plan. Funds from this line item will allow the Commission to view information within the city limits and to place this information into a computerized database system. The database includes written information, photographs and maps. The Sanborn Fire Insurance Maps are available on our

online GIS homepage. These expenses are allowed under Sections 24:52:10:08-4 and 8 of the South Dakota Office of History’s Administrative Rules.

Scholarship 3,000.00

The Historic Preservation Commission has determined the provision of a scholarship for a worthy graduate of Lead-Deadwood High School is an appropriate expenditure of funds. High school senior students at Lead-Deadwood High School will be eligible to apply for two \$1,000.00 scholarships for higher education at a college or university and two \$500.00 scholarships for a vocational technical school. These scholarships are based on review of grades, academic career and achievements along with an essay on the importance of historic preservation. These costs are allowed under Section 24:52:10:08-12 of the South Dakota Office of History’s Administrative Rules.

City of Deadwood Departmental Funds \$1,483,170.00

On November 1, 1989, the State of South Dakota authorized legalized gaming in the City of Deadwood. As part of this authorization, a Historic Preservation funding mechanism was established which included the increased costs for city government based on a formula agreed upon by the City of Deadwood and the South Dakota State Historical Society Board.

The formula is based on the increased impact to the City of Deadwood of the 1989 authorization. The basis for this formula has remained the same since 1989. This formula is based on 1988 City of Deadwood budget (adjusted for inflation) and City of Deadwood budget after 1989.

The 1988 City of Deadwood budget, adjusted for inflation using the CPI inflation factors, was compared to 2012 City of Deadwood Budget and the differences were determined to be the cost allowed under Section 24:52:10:08 (15) of the South Dakota Office of History’s Administrative Rules and unanimously approved by the state board.

For 2012, this amount was \$1,483,170.00. This amount has not been escalated and these funds have been allocated from the Deadwood Historic Preservation Fund to the City of Deadwood without specific spending restrictions or instructions to avoid complex city decision making procedures.

Additional comparisons have been made against other cities’ budgets to that of Deadwood’s. The first comparison was with cities of similar size (less than 3,000 people) and a second comparison was with cities over 5,000 residents. These comparisons show Deadwood has had a larger cost burden, even with the additional Historical Preservation funding.

DEADWOOD GRANT AND LOAN FUNDS

Grant Fund for Non-Profit Institutions 50,000.00

The Historic Preservation Commission established a grant fund to assist those buildings and sites not eligible for the South Dakota Property Tax Moratorium within Deadwood. The budgeted amount for this program is for nine buildings: St. John’s Episcopal Church, St. Ambrose Catholic Church, First Baptist Church, Grace Lutheran Church, the Broken Boot

Gold Mine, the Deadwood Masonic Center Association, Deadwood Elementary, the Lawrence County Courthouse and the Deadwood Elks Lodge. Grant funds cannot be used for program or personnel costs. Grant funds must be spent on physical improvements or interpretation of the historic building or site. The program provides assistance for historic buildings that might otherwise be unable to obtain assistance. Many of the buildings and properties in this category are not suitable candidates for a loan program. Projects funded by the program must preserve a property’s historic character and integrity or affect the life-safety of its occupants. All projects funded through these programs must also meet the *Secretary of the Interior’s Standards for the Treatment of Historic Properties* as required by Section 24:52:10:04 of the Office of History’s Administrative Rules. The allocation of funds for the program is allowed under Section 24:52:10:09-1 of the South Dakota Office of History’s Administrative Rules.

Retaining Wall Program 850,000.00

Due to Deadwood’s location in the Northern Black Hills, settlement in this area has required the construction of numerous retaining walls. There are several walls entered into the program; however, due to budget constraints, many of these retaining walls have been pushed out for reconstruction until such times funds are available. With the payoff of our bond series, the Historic Preservation Commission can increase this line item to catch up on some of these critical retaining walls. There are 28 retaining walls in the program with an estimated proposed repair costs well over \$2,500,000.00. Most walls are in desperate need of repair or replacement. The funds in this line item allow the Commission to provide a program to assist in covering a portion of a project’s total cost, plus engineering fees. Only historic retaining walls, walls threatening a historic resource, or walls affecting life-safety, are eligible for the program and projects must meet the *Secretary of the Interior’s Standards for the Treatment of Historic Properties* as required by Section 24:52:10:04 of the Office of History’s Administrative Rules. The costs of this program are allowed under Section 24:52:10:09-1 of the South Dakota Office of History’s Administrative Rules.

Cemetery Headstone Program 5,000.00

This line item is an allocation of funds for the Historic Preservation Commission’s Cemetery Headstone Program. The program assists individuals with the placement of a lost or missing headstone on relatives who settled in this area and are buried in one of our historic cemeteries. To qualify for the program, the applicant must provide documentation on the family, and we must identify the burial site prior to the placement of a new headstone. The costs for this program are allowed under Section 24:52:10:09-1 of the South Dakota Office of History’s Administrative Rules.

Grant Fund for Projects Outside of Deadwood 100,000.00

The Deadwood Historic Preservation Commission has graciously determined a need to continue to protect, promote and enhance certain buildings and sites outside of the City of Deadwood related to the history of Deadwood. The Commission continues to implement a grant fund to assist sites listed on or eligible for the National Register of Historic Places and show a direct and meaningful relationship to Deadwood history and to undertake projects

to enhance the knowledge of Deadwood history or place Deadwood history in a statewide context. Grants up to \$10,000.00 each are available for the maintenance, rehabilitation or interpretation of any building or site that is not eligible for the South Dakota State Property Tax Moratorium. Grants are also available for studies providing a deeper understanding of Deadwood’s history and its place in a statewide or regional context. All South Dakota National Historic Landmarks sites and buildings are also eligible for grants. To date over \$4,000,000.00 has been awarded to communities including but not limited to: Lake Preston, Buffalo Gap, Sisseton, Dell Rapids, Hitchcock, Hot Springs, Gettysburg, Philip, Lead, Pierre, Ft. Pierre, Whitewood, Mobridge, Rapid City, Spearfish and Sioux Falls. The allocation of funds is allowed under Section 24:52:10:08-3 and Section 24:52:10:08-12 of the South Dakota Office of History’s Administrative Rules.

Paint Grant 25,000.00

The Historic Preservation Commission recognizes pride of ownership improves the quality of life in this community. The Commission has established the Paint Grant Program to inspire home maintenance and improvement of Deadwood’s historic neighborhoods. Use of the Paint Grant Program is expected to preserve and protect Deadwood’s historic residences and make the City more attractive for residents and visitors alike. This program is open to residential and commercial properties. The allocation of funds is allowed under Section 24:52:10:09-1 of the South Dakota Office of History’s Administrative Rules.

Historic Publication Fund 5,000.00

The Historic Preservation Commission believes great books are the lifeblood of any historic community. Therefore, it is beneficial to have a program to assist in the publication of well-written, well-researched books on Deadwood and Black Hills history. The program objective is to financially assist publication projects with funding for upfront cost to publish a book(s) on the History of Deadwood and/or the Black Hills. The allocation of these funds is allowed under Sections 24:52:10:08-12 of the South Dakota Office of History’s Administrative Rules.

PROFESSIONAL SERVICES

Professional Services 85,000.00

Architects, structural engineers, historians, and other professionals are frequently required to support the Historic Preservation Commission’s many projects and activities. The Commission uses this line item to procure these services to assist private citizens and city staff with issues relating to historic preservation and architectural and structural issues found in public and private buildings. Professional Services are allowed under Section 24:52:10:08-13 of the South Dakota Office of History’s Administrative Rules.

Legal Services 15,000.00

This line item enables the Historic Preservation Commission to defend its ordinances, prosecute violations thereof, and seek legal counsel when necessary. The City of Deadwood and the Deadwood Historic Preservation Commission has contracted with Gunderson, Palmer, Nelson, and Ashmore for legal services. This budget reflects the anticipated costs

associated with legal expenses. Legal expenses are allowed under Section 24:52:10:08-5 of the South Dakota Office of History’s Administrative Rules.

Historic Neighborhood Revitalization 8,000.00

To foster civic pride in the community, the Historic Preservation Commission provides funds to enhance and encourage the revitalization of neighborhoods and private residences. These programs include Plant the Town, Paint the Town and support for Block Club activities and leadership training. Such expenditures are allowed under Section 24:52:10:09-2 of the South Dakota Office of History’s Administrative Rules.

SD State Historic Preservation Office 70,000.00

The Historic Preservation Commission budgets funds to support staff at the State Historic Preservation Office to facilitate reviews of Deadwood projects and to provide greater communication between the State Historic Preservation Office and the City of Deadwood. A five-year agreement is in place for these services. These costs are allowed under Section 24:52:10:08-1b of the South Dakota Office of History’s Administrative Rules.

Revolving Loan Programs

Professional Services 47,500.00

The revolving loan program is administered through a contract with NeighborWorks – Dakota Home Servies. This professional entity provides the loan processing, underwriting and overall coordination with applicants to present to the Deadwood Historic Preservation Commission for consideration.

Matured Loan & Closing Cost Expenses 2,500.00

Elderly Resident Program 70,000.00

This program provides assistance to Deadwood’s Elderly Residents. The applicant must be 65 years of age or older and the project must exist as part of a residential property within the Deadwood City Limits. Mobile homes and manufactured structures are not eligible for this program.

The project must also affect individual life safety and structural deficiencies as determined by the City of Deadwood’s Building Inspector and applicable life safety codes. All eligible applications are subject to the review of the Deadwood Historic Preservation Commission.

Windows & Doors Program 70,000.00

The program provides a forgivable loan or grant for the restoration of an existing opening or for the removal of an inappropriate alteration and installation of an item with appropriate material and style of operation for a particular house. The program is based on total number of windows, storm windows, and/or exterior door(s). The program also provides a forgivable loan or grant per window opening for the purchase and installation of new wood windows if restoration of the existing windows is not an option or is not possible.

Siding Program 45,000.00

The funds are to be used for the repair of historic siding, when possible; the replacement of original siding, when necessary; or the removal and replacement of inappropriate siding material. Residential structures with exterior masonry construction can use the program for repairs and tuck pointing.

Façade Easement Program 435,000.00

Through the Façade Easement Program, the owner of a participating building agrees to make approved improvements to the building façade(s) and transfer to the Deadwood Historic Preservation Commission an easement on the character-defining façade.

The actual cost of restoring or rehabilitating the façade(s) is used in determining the value purchase of the façade easement. There is a maximum award allowed per building. The standard maximum award per building is 80 percent of the qualified expenditures. The standard award is not to exceed \$3,000 per linear foot of prominent façade frontage. Furthermore, any award cap may be increased by up to \$1,000 per linear foot of secondary frontage for buildings on corner lots and with more than one prominent façade.

Foundation Program 50,000.00

The Foundation Program is available for repairs to a residential resource listed as an historic property in the Deadwood National Historic Landmark District. The City of Deadwood’s Historic Preservation Officer determines a project’s eligibility. All eligible applications are subject to the review by the Deadwood Historic Preservation Commission.

Ghost Mural Grant Program 20,000.00

There are several ghost murals or historic advertisements located on exteriors of historic structures in Deadwood and to protect and preserve these murals the Historic Preservation Commission has created a grant program to assist in the proper restoration of these remnants of our history.

The property owner submits an application for the mural restoration. The Historic Preservation Commission would review and submit the mural into the program. The City is responsible for 100% of the mural costs. A covenant will be required and recorded to protect the mural as well as the view of the mural.

SECTION 1

GAMING ACTIVITY

(July 1, 2023 – June 30, 2024)

SECTION 2

RACING ACTIVITY

(July 1, 2023 – June 30, 2024)

GAMING COMMISSION'S MESSAGE

This document reports gaming and racing activity for Fiscal Year 2024 (July 1, 2023, through June 30, 2024).

This report is divided into two sections. The first section deals with gaming revenue and activity related to casino gaming in Deadwood, South Dakota; and the second section relates to the pari-mutuel activity within South Dakota.

Gaming dollars spent and won by the general public and the collective gross revenue of all licensees are measured in this report. In comparing Fiscal Year 2023 to Fiscal Year 2024, the number of active retail licenses increased by 5. The number of licensed devices increased by 209. Fiscal Year 2024 showed an increase in total handle of 3.14% and an increase in adjusted gross revenue of 4.33% from Fiscal Year 2023.

The tax rate is defined by SDCL 42-7B-28 and 42-7B-28.1 and total 9% of the adjusted gross revenue. SDCL 42-7B-28.1, 42-7B-48, 42-7B-48.1, 42-7B-48.3 establish the distribution structure of these taxes collected. Per 42-7B-28.1, 1% of the adjusted gross revenue goes directly to the State General Fund. According to 42-7B-48, 40% of the tax is transferred to the Department of Tourism, 10% is paid to Lawrence County and the remaining 50% stays in the commission fund.

In addition, each device which includes both table games and slot machines is assessed an annual device fee of \$2,000.00 payable before July 1st of each year. These device fees, all licensing fees and all other miscellaneous revenue received by this office are deposited with the state treasury in the commission fund.

The administrative costs of the Commission on Gaming are paid from the commission fund and amounted to 10.65% of total revenue collected in Fiscal Year 2024. In addition, \$100,000 is distributed to the State Historical Preservation Loan and Grant fund and up to \$30,000 can be distributed to the Department of Social Services for Gambling Addiction Treatment and Counseling Program grants. All other revenues remaining in the commission fund are then paid to the City of Deadwood until such time as the net municipal proceeds paid to the City of Deadwood equal \$6,800,000 for each calendar year.

In Fiscal Year 2024, the net municipal proceeds paid to the City of Deadwood reached \$6,800,000 and in accordance with SDCL 42-7B-48.1, the distribution of funds in excess of this amount changed; 70% of the excess was transferred to the State's general fund, 10% was distributed to other municipalities in Lawrence County, pro rata according to population, 10% was distributed to school districts in Lawrence County, pro rata based upon the previous year's average daily membership and 10% to the City of Deadwood. Per 42-7B-48.2, the amount which is distributed to the school districts is offset by a dollar-for-dollar reduction in state aid which the district receives.

These distributions resulted in \$2,129,959.40 being deposited in the State's general fund, \$302,119.96 being distributed to the other municipalities and \$302,119.96 to the school districts as shown below on page 3.

<u>Municipality</u>		<u>School District</u>	
Spearfish	\$ 227,932.33	Spearfish	\$ 225,485.75
Lead	\$ 55,608.21	Lead/Deadwood	\$ 65,944.30
Whitewood	\$ 16,256.99	Meade	\$ 10,689.91
Central City	\$ 2,322.43	Belle Fourche	\$ 0.00

In addition, taxes collected per 42-7B-28.1 resulted in an additional \$1,397,318.09 being deposited in the State's general fund.

The Commission on Gaming also regulates pari-mutuel wagering in South Dakota. This year Pari-mutuel horse racing had a fall meet in Fort Pierre, SD in October 2023.

Simulcast wagering on horse and greyhound races was received throughout the year from out of state tracks. Revenue from pari-mutuel wagering activity is derived from a payment schedule prescribed by state law. The Commission as required by state law remits moneys received from pari-mutuel wagering back to the industry.

The Commission on Gaming recognizes the impact of gaming in Deadwood and the issues affecting pari-mutuel racing. The goals of the Commission are:

1. To safeguard that gaming and pari-mutuel is operated by suitable individuals; that it is conducted honestly, competitively, and free from criminal influence and activity.
2. To protect the health, safety, morals, and general welfare of the people of South Dakota and enforce the public policy as specified in SDCL 42-7B-2.1.
3. To ensure to the best of our abilities that gambling, and pari-mutuel industries are stable and successful, and that free competition is preserved.

SECTION 1

GAMING ACTIVITY FOR DEADWOOD SOUTH DAKOTA

OVERVIEW OF COMMISSION ACTIVITY

During Fiscal Year 2024 the Commission on Gaming held four regular meetings and one special meeting on the following dates:

- ✓ September 12, 2023
- ✓ December 12, 2023
- ✓ March 19, 2024
- ✓ April 30, 2024 (Special meeting – for a Gaming Property Owners license)
- ✓ June 25, 2024

During the year, the Commission approved 2 new manufactures, 1 new operator, 5 new associated equipment manufacturers/distributors and 3 new gaming property owners to do business in South Dakota. This information can be found in our meeting packets located on the Open SD website under Boards and Commissions.
