No new roads will be built right now, but in the future it is intended that the City blocks will be extended. Council Member Killpack reminded those in attendance that the

Public Works Director Kirkland provided the Council with a Public Works update. They have been busy installing Christmas decorations, and getting some projects done before the ground freezes.

Kirkland reports talk of a proposed RV park on 4500 South planning to haul water out of a meter from Delta City. The State is going to have to have them approved for drinking water, and a sewer system.

This would be about 20,000 gallons of water a day. There were also concerns about fire prevention.

The Ridgetop well had some metal shavings, so they will pull that well in the next few months. It has only been two to three years since they pulled that well. Kirkland ordered a set of bowls, but would like to have a spare set of bowls for each well to have that on hand.
