**2. CLG Grant Discussion**

After submitting an application at the end of February, the Deschutes County has been awarded a Certified Local Government (CLG) Grant for 2025-2026 in the amount of \$8,946. The grant agreement has been signed and is currently in effect.

## Timeline:

- Application Deadline: February 28 (11:59pm), 2025
- Notification & Agreements sent: by April 1, 2025
- Required interim reporting & reimbursement request deadline: July 15, 2025
- Required interim progress reporting: December 31, 2025
- Project completion deadline: June 30, 2026 (note: previous cycles ended August 31)
- Final report deadline: July 15, 2026

A summary of grant tasks is as follows:

### **Public Education**

Public education-related expenses include the updating (production, printing, and staff time) of the popular Sisters Walking Tour brochure, which highlights historic properties in the City of Sisters, and support for Preservation Month for the City of Sisters (likely for materials for the City or the Three Sisters Historical Society). The County will use in-kind staff time to update both the Deschutes County Historic Resource StoryMap and the HLC/Historic Preservation website, which has not received an update in several years.

### **Review and Compliance**

This task will be completely covered by the in-kind match of staff time. Staff will prepare and administer Historic Landmarks Commission meetings, which are generally held quarterly, with occasional special meetings for other topics, including potential application reviews. This includes working with commissioners to develop meeting agendas, coordination with speakers, Preservation Month planning, and organizing updates with the Board of County Commissioners. The remainder of the staff time in this category is anticipated to address research, coordination, and preparation for administering changes to the County Code based on DLCD's recent Goal 5 Cultural Areas rulemaking. Staff awaits guidance from DLCD and will then implement model code/forms (potentially including legislative hearings) and coordinate with area tribes for implementation by January 1, 2026.

### **Other activities**

The bulk of the reimbursable grant funding in this request will be allocated to commissioner (and staff where applicable) training, something that has been lacking for several years and given that there are four new commissioners, this is especially timely. Approximately \$7500 will be allocated to attendance and associated travel for seven commissioners to attend the Oregon Heritage Conference in Woodburn, OR, April 29- May 2, 2026. If any commissioners cannot attend, Planning staff from Deschutes County/Sisters will attend.

### **Backup activity**

As a backup activity, Deschutes County will consider other training opportunities, including webinars and virtual conferences. Other smaller County public education tasks (outreach, updates to existing materials, etc.) could also be undertaken.

As noted above, the majority of reimbursable funds are allocated to conference attendance in spring 2026. Staff is anticipating spending a small amount of funds on Preservation Month this month for materials and printing. Staff will return to the HLC as additional tasks emerge, such as work associated with Goal 5 cultural areas rulemaking.

### 3. May Preservation Month

Chair Stemach will provide a brief update on events that are planned for May Preservation Month.

#### 4. Draft Fiscal Year 2025-2026 Work Plan / 2024 Annual Report

Each spring, the Community Development Department prepares a work plan describing projects for the upcoming fiscal year. It provides an opportunity for the Planning Commission, Historic Landmarks Commission (HLC), residents, customers, partner agencies, and the Board of County Commissioners (Board) to offer input, including additions and modifications. The work plan describes the most important projects in each division based on:

1. Board annual goals and policies
2. Carry-over projects from current or prior years
3. Changes in state law
4. Grants/funding sources
5. Public comments

It also provides content for prioritizing and initiating new projects that arise during the year. The Board will hold a public hearing on the Draft Fiscal Year (FY) 2025-2026 Work Plan on May 7, 2025. The work plan document is included as an attachment to this memorandum.

Of note to the HLC, the work plan recognizes the Planning Division's 2024 accomplishments including completing a 2023-2024 Certified Local Government (CLG) grant and for next FY, administering a 2025-2026 CLG grant.

## Purpose

The Fiscal Year (FY) 2025-26 Work Plan and 2024 Annual Report highlight the department's goals, objectives, and accomplishments and are developed to:

- Report on achievements and performance.
- Implement the Board of County Commissioners (BOCC) goals and objectives.
- Implement the Deschutes County Customer Service "Every Time" Standards.
- Effectively and efficiently manage organizational assets, capabilities and finances.
- Fulfill the department's regulatory compliance requirements.
- Address changes in state law.
- Enhance the county as a safe, sustainable and highly desirable place to live, work, learn, recreate, visit and more.

## Adoption

The BOCC adopted this report on June XX, 2025, after considering public, stakeholder and partner organization input and Planning Commission and Historic Landmarks Commission recommendations. The Work Plan often includes more projects than there are resources available. CDD coordinates with the BOCC throughout the year to prioritize and initiate projects. Those not initiated are often carried over to future years.

# Budget & Organization

## Fiscal Issues

- CDD experienced a modest improvement in permitting volumes in 2024, mainly due to legislation allowing accessory dwelling units (ADUs) in rural residential areas. While single-family dwelling (SFD) permits and site evaluations increased, land use applications declined. ADU application types accounted for 4% of SFD permits, 21.2% of site evaluations, and 5% of land use applications. This initial surge in application submissions is not anticipated to continue.
- Personnel cost increases are anticipated due to several key factors. These include adjustments to salaries resulting from a Pay Equity & Market Evaluation Project, which is intended to increase competitiveness in the job market, rising benefit costs, and investments in staff training to ensure exceptional service delivery. It is essential to plan for these increases to maintain our commitment to attracting and retaining top talent, which is critical to long-term success and organizational stability.
- CDD responds to development inquiries, implements legislative and BOCC priorities, and supports County initiatives. Many of these require research and detailed responses without generating permits or revenue. This “non-fee generating” work, while a public good, consumes resources needed for processing applications and permits.
- Issues may also arise from adapting to changes in the economy and complying with evolving legislation.

## Operational Challenges

- Maintaining productivity amid staff resignations while completing training for new staff. In 2024, CDD welcomed 6 new staff members, saw 5 resignations, and added 2 new positions, resulting in a total of 52 FTE. Approximately 45% of staff have 5 years or less experience with the department.
- Coordinating with the Human Resources Department to evaluate, propose and implement strategies to attract and retain staff in a highly competitive market.
- Continue succession planning for anticipated staff retirements, with 15% of staff eligible for retirement within the next 3 to 8 years based on length of service.
- Implementing new laws from the 2023, 2024, and possibly the 2025 Legislative Session.
- Processing complex cases, applications, and evaluations require thorough analysis and interpretation of local and state regulations.
- Addressing affordable housing by collaborating with cities, the County's Property Manager, and other partners.
- Improving the department's website and other electronic services to enhance efficiencies and service delivery.

# Community Involvement Report

## 2024

Statewide Planning Goal 1, Citizen Involvement, requires cities and counties to create a citizen involvement program that provides opportunities for community participation in land use planning processes and decisions.

Land use legislation, policies, and implementation measures made by Oregonians nearly 50 years ago helped shape Oregon's urban and rural environments. Likewise, choices made today will ultimately shape these areas in the future. Successful land use planning occurs through an open and public process that provides room for information gathering, analysis, and vigorous debate. Deschutes County's Community Involvement program is defined in Section 1.2 of the Comprehensive Plan.

This chapter identifies the County Planning Commission as the committee for citizen involvement. It also contains the County's Community Involvement goal and corresponding five policies that comply with Goal 1. This report briefly discusses the noteworthy community involvement actions undertaken by the Planning Division in 2024. The report is intended to provide county residents and stakeholders with a tool to assess its effectiveness and offer additional suggestions the County can utilize to ensure that its diverse communities remain actively involved in land use planning discussions.
