REDMOND FIRE & RESCUE

ORDINANCE NO. 6

AN ORDINANCE ADOPTING FIRE CODES AND STANDARDS FOR REDMOND FIRE AND RESCUE, A FIRE PROTECTION DISTRICT, PROVIDING FOR A REASONABLE LEVEL OF LIFE SAFETY AND PROPERTY PROTECTION FROM THE HAZARDS OF FIRE, EXPLOSION OR DANGEROUS CONDITIONS IN NEW AND EXISTING BUILDINGS, STRUCTURES, AND PREMISES AND TO PROVIDE SAFETY TO FIREFIGHTERS AND EMERGENCY RESPONDERS DURING EMERGENCY OPERATIONS.

WHEREAS, Redmond Fire & Rescue, a Fire Protection District, has developed uniform fire regulations for the jurisdictions served; and

WHEREAS, Redmond Fire & Rescue, a Fire Protection District, hereinafter referred to as the District, finds it necessary to adopt regulations that establish a minimum level of fire safety, thus does hereby adopt the following regulations;

NOW, THEREFORE IN CONSIDERATION OF THE FOREGOING; IT IS ORDAINED AS FOLLOWS:

TITLE AND FILING:

This ordinance, including the codes hereby adopted, shall be filed with Oregon State Fire Marshal and shall be posted at each fire station of the District as prescribed by ORS 478.940. From the date on which this ordinance shall take effect, provisions thereof shall be controlling within the territorial limits of the District and within each city and county within the District which similarly approves these provisions pursuant to ORS 478.924.

SCOPE:

The purpose of this code is to establish the minimum requirements consistent with nationally recognized good practices for providing a reasonable level of life safety and property protection from the hazards of fire, explosion or dangerous conditions in new and existing buildings, structures and premises and to provide safety to firefighters and emergency responders during emergency operations as authorized by ORS 478.910.

SECTION I - ADOPTION OF THE DISTRICT'S FIRE CODE:

For the purpose of prescribing regulations governing conditions hazardous to life and property from fire or explosion, except as amended under Sections II, the Oregon Fire Code adopted by the Oregon State Fire Marshal, as it is replaced and amended from time to time, is hereby adopted as the District's Fire Code. It is the intention of this ordinance that the District from time to time shall automatically adopt the latest Oregon Fire Code including any amendments as adopted by the Oregon State Fire Marshal without any additional action necessary by the District. The District also adopts the following appendices in the Oregon Fire Code, Appendix A, H, I, J, K, L, & M. Such codes and amendments are adopted on the effective date of the administrative rule adopted by the Oregon State Fire Marshal.

SECTION II - ENFORCEMENT OF FIRE CODE

Notwithstanding provisions in the Oregon Fire Code authorizing or requiring inspections of buildings and premises, issuance of permits, review of plans, testing of fire protection systems and equipment, or provisions providing for enforcement of the Code, such inspections, plan review, permits, testing, and enforcement of the Code shall be discretionary by the Chief and other individuals charged by the Chief with such activities. The District recognizes that it has limited financial resources with which to provide fire, rescue, and other services and functions and is forced to make public policy decisions as to allocation of District resources. Although the District places a high priority on prevention, inspection, and maintenance of fire systems, due to financial limitations, it is the Board's policy to require inspections, plan review, permits or testing only, so often as necessary, to provide a reasonable level of fire and life safety. Accordingly, although the Fire Chief and other individuals charged by the Chief with these activities are encouraged to pursue performing such activities, as well as the scope and frequency of such activities, the performance of such activities shall be within the discretion of the Fire Chief. It is the intention of the District to make clear that the District's duty to perform the inspections, plan review, issuance of permits and testing, or to take enforcement actions as set forth in the Code, is limited to providing a reasonable level of fire and life safety.

SECTION III - AMENDMENTS TO THE OREGON FIRE CODE:

There are no amendments to the Oregon Fire Code adopted by the Oregon State Fire Marshal.

SECTION IV - FEES

Cost based fees may be imposed for plan review, inspections, permits or other fire code related services the District is authorized or required to provide under the Fire Code or other applicable statute or regulation, as prescribed in the District's Master Fee Schedule.

SECTION V-PENALTIES

Any person who violates any of the provisions of these regulations hereby adopted or fails to comply therewith, or violates or fails to comply with any order made thereunder, or who builds in violation of any detailed statements, specification or plans submitted and approved thereunder and from which no appeal has been taken, or shall fail to comply with such an order as affirmed or modified by the Board of Appeals or by a court of competent jurisdiction within the time affixed herein, shall severally, for each and every such violation and non-compliance respectively, be guilty of a violation of the Fire Prevention Code as provided in ORS 478.930, punishable upon conviction as prescribed by ORS 478.990. All fines or punishments authorized upon conviction shall include the costs to the District to remedy the violation including costs of towing, storage, or removal of the hazard or obstruction if necessary.

The Chief or designated representative may bring a complaint in law or in equity to alleviate a violation of this ordinance as well as in addition to the rights to enforce said ordinance under the provisions of ORS 478.930 and ORS 478.990.

Reinspection fees may be applied for failure to correct violations in accordance with the District's Master Fee Schedule in addition to any other penalties.

SECTION VI - FIRE CODE BOARD OF APPEALS

As authorized by ORS 479.180, the District may establish a board of appeals. Such board of appeals may be implemented through bylaws and standard operating guidelines adopted by the District.

SECTION VII - REPEAL OF CONFLICTING ORDINANCES

The provisions of this ordinance, i.e., the Fire Code, shall be controlling within the territorial limits of the District and within each city and county within the District approving pursuant to ORS 478.924. If an existing fire code ordinance has been approved within any city or county within the District, the District desires that the existing fire code continue in effect until such time as the cities and counties within the District have approved this new Fire Code pursuant to ORS 478.924. Accordingly, all former ordinances or parts thereof, which are conflicting or inconsistent with the provisions of this ordinance or of the code or standards hereby adopted, are hereby repealed, effective on the effective date of this ordinance. Further, prosecutions or violations under repealed ordinances may continue after the effective date of this ordinance.

SECTION VIII - VALIDITY

The District hereby declares that should any section, paragraph, sentence, or word of this ordinance or of the Codes or Standards hereby adopted be declared for any reason to be invalid, it is the intent of the District that it would have passed all other portions of this ordinance independent of the elimination of any such portion as may be declared invalid.

SECTION IX- DATE OF EFFECT

The Board of Directors of the District finds and determines that it is necessary and expedient that the provisions of this ordinance become effective 30 days following adoption, as authorized by ORS 198.570.

First reading by Title only this 21st day of January, 2026.

Second reading by Title only this 18th day of February, 2026.

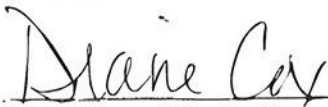

Adopted by vote of the Redmond Fire & Rescue Board of Directors this 18th day of February, 2026.

GRANT AGREEMENT

Title: 2023 Community Wildfire Risk Reduction Program ("CWRR") Grant

Agreement Number: 2023-CWRR-026

This grant agreement ("Agreement"), dated as of the date the Agreement is fully executed, is made by the State of Oregon, acting by and through its Department of State Police, for the benefit of its Office of State Fire Marshal ("OSFM"), and Deschutes County ("Recipient"). This Agreement becomes effective only when fully signed and approved as required by applicable law (the "Effective Date") and, unless earlier terminated, expires on May 31, 2026 (the "Expiration Date"). The period from the Effective Date through the Expiration Date is hereinafter referred to as the "Grant Term."

Pursuant to Section 9 of Oregon Laws 2021, chapter 592 (SB 762) (the "Act"), the Oregon Legislature established the Community Risk Reduction Fund for the purpose of carrying out community risk reduction and the local government financial assistance described in Section 8a of the Act. Section 8a of the Act, in turn, directs OSFM to administer a community risk reduction program that emphasizes education and methods of prevention with respect to wildfire risk, enforcement of defensible space requirements, response planning and community preparedness for wildfires. Section 8 of the Act defines "defensible space" as "a natural or human-made area in which material capable of supporting the spread of fire has been treated, cleared or modified to slow the rate and intensity of advancing wildfire and allow space for fire suppression operations to occur."

This Agreement sets forth the terms and conditions of Recipient's receipt of a CWRR Grant and includes the following exhibits:

- Exhibit A: Project Description and Reporting Requirements
- Exhibit B: Subcontract Insurance Requirements

SECTION 1 – GRANT

OSFM shall provide Recipient, and Recipient shall accept from OSFM, a grant in the amount of \$500,000.00 (the "Grant").

Conditions Precedent. OSFM's obligations are subject to the receipt of the following items, in form and substance satisfactory to OSFM and its counsel:

- (1) This Agreement duly signed by an authorized officer of Recipient; and
- (2) Such other certificates, documents, opinions, and information as OSFM may reasonably require.

SECTION 2 - DISBURSEMENT

A. Full Disbursement. Upon satisfaction of all condition's precedent, OSFM shall disburse the full Grant to Recipient.

B. Condition to Disbursement. OSFM has no obligation to disburse funds unless, in the reasonable exercise of its administrative discretion, it has sufficient funding, appropriations, limitations, allotments and other expenditure authority to make the disbursement.

SECTION 3 - USE OF GRANT

A. Use of Grant Moneys.

Recipient shall use the Grant only for the activities described in Exhibit A.

B. RESERVED.

SECTION 4 - REPRESENTATIONS AND WARRANTIES OF RECIPIENT

Recipient represents and warrants to OSFM:

A. Organization and Authority.

- (1) Recipient is a public body validly organized and existing under the laws of the State of Oregon.
- (1) Recipient is a nonprofit, non-governmental organization validly organized and existing under the laws of the State of Oregon.
- (2) Recipient has all necessary right, power and authority under its organizational documents and under Oregon law to (a) execute and deliver this Agreement, (b) incur and perform its obligations under this Agreement, and (c) receive the Grant funds.
- (3) This Agreement has been authorized by an ordinance, order or resolution of Recipient's governing body.
- (4) This Agreement has been duly executed by Recipient, and when executed by OSFM, is legal, valid and binding, and enforceable in accordance with their terms.

B. Full Disclosure. Recipient has disclosed in writing to OSFM all facts that materially adversely affect its ability to perform all obligations required by this Agreement. Recipient has made no false statements of fact, nor has it omitted information necessary to prevent any statements from being misleading. The information contained in this Agreement is true and accurate in all respects.

C. Pending Litigation. Recipient has disclosed in writing to OSFM all proceedings pending (or to the knowledge of Recipient, threatened) against or affecting Recipient, in any court or before any governmental authority or arbitration board or tribunal, that, if adversely determined, would materially adversely affect the ability of Recipient to perform all obligations required by this Agreement.

D. No Defaults. No Defaults or Events of Default exist or occur upon authorization, execution or delivery of this Agreement.

E. Compliance with Existing Agreements and Applicable Law. The authorization and execution of, and the performance of all obligations required by, this Agreement will not: (i) cause a breach of any agreement or instrument to which Recipient is a party; (ii) violate any provision of the charter or other document pursuant to which Recipient was organized or established; or (iii) violate any laws, regulations, ordinances, resolutions, or court orders related to Recipient or its properties or operations.

SECTION 5 - COVENANTS OF RECIPIENT

Recipient covenants as follows:

A. Notice of Adverse Change. Recipient shall promptly notify OSFM of any adverse change in the activities, prospects or condition (financial or otherwise) of Recipient related to the ability of Recipient to perform all obligations required by this Agreement.

B. Compliance with Laws. Recipient shall comply with all applicable laws, rules, regulations and orders of any court or governmental authority that relate to this Agreement.

C. Grant Report. Recipient must submit to OSFM reports as outlined in Exhibit A. Recipient shall further provide any related reports and information as OSFM may reasonably request.

1 e 1 - CSOS 00

D. Insurance. RESERVED.

E. Books and Records. Recipient shall keep accurate books and records of the uses of the Grant and maintain them according to generally accepted accounting principles.

F. Inspections; Information. Recipient shall permit OSFM and any party designated by OSFM to inspect and make copies, at any reasonable time, of any accounts, books and records, including, without limitation, its records regarding receipts, disbursements, contracts, investments and any other related matters. Recipient shall supply any related reports and information as OSFM may reasonably require.

G. Records Maintenance. Recipient shall retain and keep accessible all books, documents, papers, and records that are directly related to this Agreement for a minimum of six years beyond the later of the final and total expenditure or disposition of the Grant. If there are unresolved issues at the end of such period, Recipient shall retain the books, documents, papers and records until the issues are resolved.

H. Notice of Default. Recipient shall give OSFM prompt written notice of any Event of Default as soon as any senior administrative or financial officer of Recipient becomes aware of its existence or reasonably believes an Event of Default is likely.

I. Contribution and Recipient Subcontracts.

1) Contribution.

- i. If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against a party (the "Notified Party") with respect to which the other party ("Other Party") may have liability, the Notified Party must promptly notify the Other Party in writing of the Third Party Claim and deliver to the Other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Either party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by the Other Party of the notice and copies required in this paragraph and meaningful opportunity for the Other Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to the Other Party's liability with respect to the Third Party Claim.
- ii. With respect to a Third Party Claim for which the State is jointly liable with Recipient (or would be if joined in the Third Party Claim), the State shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by Recipient in such proportion as is appropriate to reflect the relative fault of the State on the one hand and of Recipient on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of the State on the one hand and of Recipient on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. The State's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if the State had sole liability in the proceeding.
- iii. With respect to a Third Party Claim for which Recipient is jointly liable with the State (or would be if joined in the Third Party Claim), Recipient shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the State in such

proportion as is appropriate to reflect the relative fault of Recipient on the one hand and of the State on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of Recipient on the one hand and of the State on the other hand shall be determined by reference to, among other things, the parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. Recipient's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law if it had sole liability in the proceeding.

2) Recipient Subcontracts. Recipient may enter into agreements with contractors or subcontractors (collectively, "Subcontracts") for performance of the Project.

- i. Recipient shall take all reasonable steps to cause its contractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon and its officers, employees and agents ("Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including attorneys' fees) arising from a tort (as now or hereafter defined in ORS 30.260) caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Recipient's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by the contractor from and against any and all Claims.
- ii. Recipient shall require its first-tier contractor(s) that are not units of local government as defined in ORS 190.003, if any, to: i) obtain insurance of the types and in the amounts specified in Exhibit B and meeting the requirements under ADDITIONAL INSURED, NOTICE OF CANCELLATION OR CHANGE, and CERTIFICATES OF INSURANCE before the contractors perform under its Subcontracts, and ii) maintain the insurance in full force throughout the duration of the Subcontracts. The insurance must be provided by insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to OSFM. Recipient shall not authorize contractors to begin work under the Subcontracts until the insurance is in full force. Thereafter, Recipient shall monitor continued compliance with the insurance requirements on an annual or more frequent basis. Recipient shall incorporate appropriate provisions in the Subcontracts permitting it to enforce contractor compliance with the insurance requirements and shall take all reasonable steps to enforce such compliance. Examples of "reasonable steps" include issuing stop work orders (or the equivalent) until the insurance is in full force or terminating the Subcontracts as permitted by the Subcontracts or pursuing legal action to enforce the insurance requirements. In no event shall Recipient permit a contractor to work under a Subcontract when Recipient is aware that the contractor is not in compliance with the insurance requirements. As used in this section, a "first tier" contractor is a contractor with which Recipient directly enters into a contract. It does not include a subcontractor with which the contractor enters into a contract.

I. Return of Unexpended Grant Funds. No later than April 30, 2026, Recipient shall return to OSFM all Grant funds not expended by the Expiration Date.

SECTION 6 - DEFAULTS

Any of the following constitutes an "Event of Default":

- A. Any false or misleading representation is made by or on behalf of Recipient, in this Agreement or in any document provided by Recipient related to this Grant.
- B. Recipient fails to perform any obligation required under this Agreement, other than those referred to in subsection A of this section 6, and that failure continues for a period of 10 business days after written notice specifying such failure is given to Recipient by OSFM. OSFM may agree in writing to an extension of time if it determines Recipient instituted and has diligently pursued corrective action.

SECTION 7 - REMEDIES

- A. Remedies. Upon any Event of Default, OSFM may pursue any or all remedies in this Agreement and any other remedies available at law or in equity to enforce the performance of any obligation of Recipient. Remedies may include, but are not limited to any one or more of the following:
 - (1) Terminating OSFM's commitment and obligation to make the Grant.
 - (2) Barring Recipient from applying for future awards.
 - (3) Withholding amounts otherwise due to Recipient for application to the payment of amounts due under this Agreement.
 - (4) Requiring repayment of the Grant and all interest earned by Recipient on those Grant funds.
- B. Application of Moneys. Any moneys collected by OSFM pursuant to section 7.A will be applied first, to pay any attorneys' fees and other fees and expenses incurred by OSFM; then, as applicable, to repay any Grant proceeds owed; then, to pay other amounts due and payable under this Agreement, if any.
- C. No Remedy Exclusive; Waiver; Notice. No remedy available to OSFM is intended to be exclusive, and every remedy will be in addition to every other remedy. No delay or omission to exercise any right or remedy will impair or is to be construed as a waiver of such right or remedy. No single or partial exercise of any right power or privilege under this Agreement will preclude any other or further exercise thereof or the exercise of any other such right, power or privilege. OSFM is not required to provide any notice in order to exercise any right or remedy, other than notice required in section 7 of this Agreement.

SECTION 8 - MISCELLANEOUS

- A. Time is of the Essence. Recipient agrees that time is of the essence under this Agreement.
- B. Relationship of Parties; Successors and Assigns; No Third-Party Beneficiaries.
 - (1) The parties agree that their relationship is that of independent contracting parties and that Recipient is not an officer, employee, or agent of the State of Oregon as those terms are used in ORS 30.265.
 - (2) Nothing in this Agreement gives, or is to be construed to give, directly or indirectly, to any third persons any rights and benefits greater than those enjoyed by the general public.
 - (3) This Agreement will be binding upon and inure to the benefit of OSFM, Recipient, and their respective successors and permitted assigns.

(4) Recipient may not assign or transfer any of its rights or obligations or any interest in this Agreement without the prior written consent of OSFM. OSFM may grant, withhold or impose conditions on such consent in its sole discretion. In the event of an assignment, Recipient shall pay, or cause to be paid to OSFM, any fees or costs incurred because of such assignment, including but not limited to attorneys' fees of OSFM's counsel. Any approved assignment is not to be construed as creating any obligation of OSFM beyond those in this Agreement, nor does assignment relieve Recipient of any of its duties or obligations under this Agreement.

C. Disclaimer of Warranties; Limitation of Liability. Recipient agrees that:

- (1) OSFM makes no warranty or representation.
- (2) In no event are OSFM or its agents liable or responsible for any direct, indirect, incidental, special, consequential or punitive damages in connection with or arising out of this Agreement.

D. Notices and Communication. Except as otherwise expressly provided in this Agreement, any communication between the parties or notices required or permitted must be given in writing by personal delivery, email, or by mailing the same, postage prepaid, to Recipient or OSFM at the addresses set forth below, or to such other persons or addresses that either party may subsequently indicate pursuant to this Section.

Any communication or notice by personal delivery will be deemed effective when actually delivered to the addressee. Any communication or notice so addressed and mailed will be deemed to be received and effective five (5) days after mailing. Any communication or notice given by email becomes effective 1) upon the sender's receipt of confirmation generated by the recipient's email system that the notice has been received by the recipient's email system or 2) the recipient's confirmation of receipt, whichever is earlier. Notwithstanding this provision, the following notices may not be given by email: notice of default or notice of termination.

E. No Construction against Drafter. This Agreement is to be construed as if the parties drafted it jointly.

F. Severability. If any term or condition of this Agreement is declared by a court of competent jurisdiction as illegal, invalid or unenforceable, that holding will not invalidate or otherwise affect any other provision.

G. Amendments, Waivers. This Agreement may not be amended without the prior written consent of OSFM (and when required, the Department of Justice) and Recipient. This Agreement may not be amended in a manner that is not in compliance with the Authorization. No waiver or consent is

effective unless in writing and signed by the party against whom such waiver or consent is sought to be enforced. Such waiver or consent will be effective only in the specific instance and for the specific purpose given.

H. Attorneys' Fees and Other Expenses. To the extent permitted by the Oregon Constitution and the Oregon Tort Claims Act, the prevailing party in any dispute arising from this Agreement is entitled to recover its reasonable attorneys' fees and costs at trial and on appeal. Reasonable attorneys' fees cannot exceed the rate charged to OSFM by its attorneys.

I. Choice of Law; Designation of Forum; Federal Forum. The laws of the State of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Agreement, including, without limitation, its validity, interpretation, construction, performance, and enforcement.

Any party bringing a legal action or proceeding against any other party arising out of or relating to this Agreement shall bring the legal action or proceeding in the Circuit Court of the State of Oregon for Marion County (unless Oregon law requires that it be brought and conducted in another county). Each party hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum.

Notwithstanding the prior paragraph, if a claim must be brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for the District of Oregon. This paragraph applies to a claim brought against the State of Oregon only to the extent Congress has appropriately abrogated the State of Oregon's sovereign immunity and is not consent by the State of Oregon to be sued in federal court. This paragraph is also not a waiver by the State of Oregon of any form of defense or immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

J. Integration. This Agreement (including all exhibits, schedules, or attachments) constitutes the entire agreement between the parties on the subject matter. There are no unspecified understandings, agreements, or representations, oral or written, regarding this Agreement.

K. Survival. The following provisions, including this one, survive expiration or termination of this Agreement: Sections 5.E., 5.F., 5.G., 5.I., 5.J., 7 and 8.

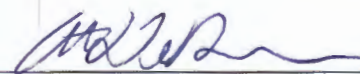

L. Execution in Counterparts. This Agreement may be signed in several counterparts, each of which is an original and all of which constitute one and the same instrument.

Recipient, by its signature below, acknowledges that it has read this Agreement, understands it, and agrees to be bound by its terms and conditions.

EXHIBIT A - PROJECT DESCRIPTION AND REPORTING REQUIREMENTS

I. Purpose and Scope

The purpose of this Grant is to award dollars for defensible space available to protect people, property, and communities from wildfire through community risk reduction programs and projects. See the 2022 CWRR Grant Application and Manual for more information. The defensible space work needs to match OSFM's standards described at this link: <https://www.oregon.gov/osp/programs/sfm/pages/oregon-defensible-space-code.aspx>

Recipient shall implement the following projects.

- A. Project 1: (\$500,000.00) Recipient shall use grant funds to support the existing programming for the establishment of fire adaptive landscapes. The FireFree program was introduced in the mid-1990s to empower residents to understand the necessity of hazardous fuels reduction projects throughout the Wildland Urban Interface (WUI). For more than two decades, the FireFree program has educated individual members of society to take ownership of defensible space projects while inspiring communities to collaborate with one another to mitigate the risk of catastrophic wildfire events. Although the FireFree program was initially created to assist the residents of Bend, it has grown to include the whole of Deschutes County as well as portions of both Klamath and Jefferson Counties. Furthermore, these efforts have cultivated a pool of organizations qualified to conduct chipping operations and hazardous fuels reduction treatments since 2005. Certainly, these projects have enabled the disposal of 35,000+ cubic yards of debris each year and garnered support from volunteers who donated tens of thousands of hours to the cause. Deschutes County is requesting \$300,000 over the course of three years to supplement these "sweat equity" projects as described above. In continuation of existing program methodologies to support adaptive landscapes. In partnership with Deschutes Rural Fire District #2, this program guides local FireWise neighborhoods to achieve or otherwise maintain FireWise standards by ensuring treatments have been completed satisfactorily. If awarded, Deschutes County would like to leverage \$75,000 in funding over three years for FireWise maintenance and seed money for more neighborhoods to become FireWise, Fire Adapted Communities. Further efforts for the benefit of fire adaptive landscapes and programming under this application include: - Collaboration with the Central Oregon Council on Aging and County Health Departments to identify vulnerable populations and communities at risk so that they may learn to withstand wildfire without loss of life or property while improving effective wildfire response (\$75,000). - OSFM grant administration, kickoff-meeting requirements, coordination with agencies, FireWise neighborhoods, and Fire Adaptive Community efforts (\$50,000).

II. Reporting Requirements

1. Recipient shall provide OSFM with a progress report in each of the following months: June 2023; December 2023; June 2024; December 2024; June 2025; and December 2025. Recipient shall provide a final progress report no later than April 15, 2026. Each progress report shall include Recipient's updated work plan.
2. Before each reporting month, OSFM will email Recipient a link to the electronic report due for that month.
3. If Recipient completes the Project and expends all Grant funds before March 31, 2026, it may close out the program upon submission of a final report to OSFM.
4. Recipient shall attend a kick-off meeting either in-person or virtual and notification will be sent to Recipient via email with details.

EXHIBIT B -- SUBCONTRACT INSURANCE REQUIREMENTS

Recipient shall require each of its first-tier contractors that are not units of local government as defined in ORS 190.003 (each a "Contractor") to obtain, at the Contractor's expense, the insurance specified in this Exhibit B before performing under this Contract and to maintain it in full force and at the Contractor's own expense throughout the duration of this Contract, as required by any extended reporting period or continuous claims made coverage requirements, and all warranty periods that apply. Contractors shall obtain the following insurance from insurance companies or entities that are authorized to transact the business of insurance and issue coverage in the State of Oregon and that are acceptable to OSFM. Coverage shall be primary and non-contributory with any other insurance and self-insurance, with the exception of Professional Liability and Workers' Compensation. Contractors shall pay for all deductibles, self-insured retention and self-insurance, if any. Recipient shall require and ensure that each of its Contractors complies with these requirements and maintains insurance policies with responsible insurers, insuring against liability, in the coverages and amounts identified below.

WORKERS' COMPENSATION & EMPLOYERS' LIABILITY

All employers, including Contractors, that employ subject workers, as defined in ORS 656.027, shall comply with ORS 656.017 and provide workers' compensation insurance coverage for those workers, unless they meet the requirement for an exemption under ORS 656.126(2). Recipient shall require and ensure that each of its Contractors complies with these requirements. If a Contractor is a subject employer, as defined in ORS 656.023, the Contractor shall also obtain employers' liability insurance coverage with limits not less than \$500,000 each accident. If the Contractor is an employer subject to any other state's workers' compensation law, Contractor shall provide workers' compensation insurance coverage for its employees as required by applicable workers' compensation laws including employers' liability insurance coverage with limits not less than \$500,000 and shall require and ensure that each of its out-of-state subcontractors complies with these requirements.

As applicable, each Contractor shall obtain coverage to discharge all responsibilities and liabilities that arise out of or relate to the Jones Act with limits of no less than \$5,000,000 and/or the Longshoremen's and Harbor Workers' Compensation Act.

COMMERCIAL GENERAL LIABILITY:

Required Not required

Commercial General Liability Insurance covering bodily injury and property damage in a form and with coverage that are satisfactory to the State. This insurance shall include personal and advertising injury liability, products and completed operations, contractual liability coverage for the indemnity provided under this contract, and have no limitation of coverage to designated premises, project or operation. Coverage shall be written on an occurrence basis in an amount of not less than \$1,000,000 per occurrence. Annual aggregate limit shall not be less than \$2,000,000.

AUTOMOBILE LIABILITY INSURANCE:

Required Not required

Automobile Liability Insurance covering each Contractor's business use including coverage for all owned, non-owned, or hired vehicles with a combined single limit of not less than \$1,000,000 for bodily injury and property damage. This coverage may be written in combination with the Commercial General Liability Insurance (with separate limits for Commercial General Liability and Automobile Liability). Use of personal automobile liability insurance coverage may be acceptable if evidence that the policy includes a business use endorsement is provided.

EXCESS/UMBRELLA INSURANCE

Umbrella insurance coverage in the sum of \$2,000,000 shall be provided and will apply over all liability policies, without exception, including but not limited to Commercial General Liability, Automobile Liability, and Employers' Liability coverage. The amounts of insurance for the insurance required under this Contract, including this Excess/Umbrella insurance requirement, may be met by the Contractor obtaining coverage for the limits specified under each type of required insurance or by any combination of underlying, excess and umbrella limits so long as the total amount of insurance is not less than the limits specified for each type of required insurance added to the limit for this excess/umbrella insurance requirement.

ADDITIONAL INSURED:

All liability insurance, except for Workers' Compensation, Professional Liability, and Network Security and Privacy Liability (if applicable), required under this Contract must include an additional insured endorsement specifying the State of Oregon, its officers, employees and agents as Additional Insureds, including additional insured status with respect to liability arising out of ongoing operations and completed operations, but only with respect to a Contractor's activities to be performed under this Contract. Coverage shall be primary and non-contributory with any other insurance and self-insurance. The Additional Insured endorsement with respect to liability arising out of your ongoing operations must be on ISO Form CG 20 10 07 04 or equivalent and the Additional Insured endorsement with respect to completed operations must be on ISO form CG 20 37 07 04 or equivalent.

WAIVER OF SUBROGATION:

Each Contractor shall waive rights of subrogation which the Contractor or any insurer of the Contractor may acquire against the OSFM or State of Oregon by virtue of the payment of any loss. Each Contractor will obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the OSFM has received a waiver of subrogation endorsement from the Contractor or the Contractor's insurer(s).

CERTIFICATE(S) AND PROOF OF INSURANCE:

Upon request, each Contractor shall provide to OSFM Certificate(s) of Insurance for all required insurance before delivering any Goods and performing any Services required under this Contract. The Certificate(s) shall list the State of Oregon, its officers, employees and agents as a Certificate holder and as an endorsed Additional Insured. The Certificate(s) shall also include all required endorsements or copies of the applicable policy language effecting coverage required by this Contract. If excess/umbrella insurance is used to meet the minimum insurance requirement, the Certificate of Insurance must include a list of all policies that fall under the excess/umbrella insurance. As proof of insurance OSFM has the right to request copies of insurance policies and endorsements relating to the insurance requirements in this Contract.

NOTICE OF CHANGE OR CANCELLATION:

Each Contractor or its insurer must provide at least 30 days' written notice to OSFM before cancellation of, material change to, potential exhaustion of aggregate limits of, or non-renewal of the required insurance coverage(s).

INSURANCE REQUIREMENT REVIEW:

Recipient agrees to periodic review of insurance requirements by OSFM under this Contract and to provide updated requirements as mutually agreed upon by Recipient and OSFM.

STATE ACCEPTANCE:

All insurance providers are subject to OSFM acceptance. If requested by OSFM, Recipient shall provide complete copies of insurance policies, endorsements, self-insurance documents and related insurance documents to OSFM's representatives responsible for verification of the insurance coverages required under this Exhibit B.

AGENDA REQUEST & STAFF REPORT

MEETING DATE: April 8, 2026

SUBJECT: Approval of a Notice of Intent to Establish a 2026 Qualified Pool of Fuels Reduction Contractors

RECOMMENDED MOTION:

Move approval of document 2026-0244, a Notice of Intent to Establish the 2026 Qualified Pool of Fuel Reduction Contractors.

BACKGROUND AND POLICY IMPLICATIONS:

Each year, Deschutes County issues an RFP for a pool of fuel reduction contractors. The contractor pool identifies contractors who are interested in bidding on fuel reduction projects throughout the year. Once projects are identified, the contractor pool allows for quicker turnaround of bids and contract awards.

The 2026 RFP was advertised on February 13th through March 13th. We had 20 applicants and recommend all 20 be added to the 2026 Qualified Pool.

BUDGET IMPACTS:

None – the intent to award only creates the contractor pool, no contracts are awarded until such time as specific projects are identified and bid out.

April 8, 2026

Document # **2026-0244****Sent via First Class Mail****NOTICE OF INTENT TO AWARD CONTRACT**

On February 13, 2026, the Deschutes County Natural Resources staff considered proposals for selection of a qualified pool of providers for Fuels Treatment Services, pursuant to Deschutes County Code Chapter 2.37.130. Fuels Treatment Services consist of the following categories: 1) Chainsaw thinning, pruning and ladder fuel removal 2) Chipping, 3) Mowing, 4) Tub/horizontal grinding and 5) Fuels removal.

Attached to this Notice on Exhibit A is a summary of the proposers and the particular services that the Deschutes County Natural Resources staff has recommended be placed in a qualified pool for selection within the 2026 calendar year to perform such services on various work sites to be identified by the Forester.

This Notice of Intent to Award Contract is issued pursuant to Oregon Revised Statute (ORS) 279B.135, Oregon Administrative Rule (OAR) 137-047-0610 and Deschutes County Code 2.37.

A copy of this Notice is being provided to each firm or person that submitted a proposal for this qualified pool. Any firm or person who believes that they are adversely affected or aggrieved may submit to the Board of County Commissioners of Deschutes County, Oregon, 1300 NW Wall Street, Suite 206, Bend, Oregon 97703, a written protest within seven (7) days after the issuance of this Notice of Intent to Award. The seven (7) day protest period will expire at 5:00 PM Pacific time on April 15th, 2026.

Any protest must be in writing and specify any grounds upon which the protest is based. If no protest is filed within the protest period, this Notice of Intent to Award becomes an Award of Contract without further action unless, for good cause, this Notice is rescinded by the County before the expiration of the protest period.

The selected proposers will execute a retainer agreement, provided by the County. The Deschutes County Natural Resources staff is hereby authorized to execute such retainer agreements with the proposers (contractors) and the associated services set forth on Exhibit A. Under the terms of the retainer agreement contractors' names will be placed on a list. At such time as the Natural Resources staff identifies a Work Site and the need for fuels treatment services for which a contractor has been identified, Deschutes County Natural Resources staff will negotiate with a

contractor from the list for a personal services contract. As part of the execution of such contract, the contractor will be required to provide a certificate of insurance.

If you have any questions regarding this Notice of Intent to Award Contract, the selection methodology or the procedures under which the County is proceeding, please contact the Deschutes County Natural Resources Department, 117 NW Lafayette Ave, Bend, Oregon 97703. Telephone (541) 322-7141.

Sincerely,

Phil Chang, Chair, Deschutes County Board of Commissioners

BOARD OF COMMISSIONERS

AGENDA REQUEST & STAFF REPORT

MEETING DATE: April 8th, 2026

SUBJECT: Approval of Order No. 2026-014 Appointing Health Services Director’s Designees

RECOMMENDED MOTION:

Move approval of Order No. 2026-014, Appointing Health Services Director’s Designees.

BACKGROUND AND POLICY IMPLICATIONS:

Oregon Revised Statute (ORS) 426.233 (3) provides that the Director may authorize a qualified individual to perform certain acts listed in ORS 426.233 (3) including, without limitation, accepting custody of a person from a peace officer, taking custody of a person, removing a person in custody to an approved hospital or nonhospital facility, transferring a person in custody to another individual authorized under this resolution or a peace officer, transferring a person in custody from a hospital or nonhospital facility to another hospital facility or nonhospital facility, and retaining a person in custody. The Director has confirmed that each of the individuals identified in Sections 2 and 3 of the attached Board Order are qualified mental health professionals as that term is defined under Oregon law and meet applicable standards established by the Oregon Health Authority.

Board Order 2026-009 was signed February 4, 2026. Since that time, two additional qualified mental health professionals who meet the applicable standards have been added and one qualified mental health professions has been removed. The authorization to provide custody and secure transportation services for allegedly mentally ill persons is being updated to reflect these staff changes through the attached Board Order 2026-014.

BUDGET IMPACTS:

None.

AGENDA REQUEST & STAFF REPORT

MEETING DATE: April 8, 2026

SUBJECT: Approval of Resolution No. 2026-012 removing 1.00 limited duration FTE within the Information Technology Department

RECOMMENDED MOTION:

Move approval of Resolution No. 2026-012 removing 1.00 limited duration Application Systems Analyst III FTE within the fiscal year 2026 Deschutes County Budget.

BACKGROUND AND POLICY IMPLICATIONS:

On July 23, 2026, the Board of County Commissioners approved the addition of a limited duration FTE from 8/1/2025 – 7/30/2027. The purpose of this position is to update or re-write several custom-developed applications built on outdated platforms. Since that time, the employee has been converted from a limited duration employee to a temporary employee for personal reasons. Therefore, the limited duration position is no longer required.

BUDGET IMPACTS:

The work being performed is included in the FY 2026 revised budget as personnel cost. Instead, these costs will be paid to a temporary employee. As a result, total appropriations are unchanged and no budget adjustment is required.

AGENDA REQUEST & STAFF REPORT

MEETING DATE: April 8, 2026

SUBJECT: Approval of Document No. 2026-0246, a Notice of Intent to Award a contract for engineering services for the South Century Drive Bridge #16181 Rehabilitation Project

RECOMMENDED MOTION:

Move approval of Document No. 2026-0246.

BACKGROUND AND POLICY IMPLICATIONS:

South Century Drive is an arterial roadway located in south Deschutes County with an average daily traffic volume of approximately 8,351 vehicles per day (2023). The roadway connects the community of Sunriver to US97, and provides principal access to recreational opportunities in the Deschutes National Forest. The South Century Dr Bridge #16181 is located at Milepost 1.356 and carries vehicle traffic on South Century Dr over the Burlington Northern Santa Fe (BNSF) railroad. The existing bridge structure is a three-span concrete slab bridge constructed in 1976, which has a sufficiency rating of 77.2 (2024) and has no load restrictions. Notable deficiencies of the existing bridge include:

- Premature deterioration of concrete substructure elements (abutments, wing walls, columns, bent caps, etc.)
• Premature deterioration of concrete railing and parapets
• Cracking within the cast-in-place concrete deck
• Spalling within prestressed concrete slabs
• Bridge approach settlement
• Substandard guardrail and appurtenant elements

Deschutes County Road Department is preparing to rehabilitate the existing S Century Dr Bridge to salvage the existing substructure and superstructure elements in order to prolong the service life of the structure. The total project cost, including engineering and construction, is estimated to be \$2,410,000.00. The total estimated project cost is obligated in the Department's 2026-2030 Capital Improvement Plan.

The scope of the project will include:

- Investigating the cause, severity and extents of portland cement concrete (PCC) deterioration within the existing bridge structural elements. Investigations shall include field sampling and laboratory testing of PCC materials.
- Repair or replace structural elements as necessary.
- Repair concrete deck and install polymer overlay.
- Replace bridge expansion joints.
- Replace existing bridge rail, pedestrian rail and parapets.
- Reconstructing the roadway approaches, including paving and approach guardrail.
- Removal of vegetation and other obstructions within the project vicinity.

Key elements of the project will include:

- Laboratory testing to investigate the underlying cause of deterioration in the existing concrete materials.
- Coordination with BNSF to ensure compliance with BNSF procedures for construction work in the railroad right-of-way.
- Coordination with utility owners.
- Maintaining free-flowing two-way traffic on S Century Dr for most of the duration of the project.

The Department issued a request for proposals (RFP) for engineering and related services for the project on October 31, 2025. Two (2) proposals were received in response to the RFP on or prior to the RFP closing date of December 5, 2025 from the following firms:

- David Evans & Associates, Inc. (offices in Bend and multiple other locations)
- Keller Associates (offices in Bend and multiple other locations)

The Department scored the proposals using a qualifications-based selection process pursuant to ORS 279C.110. Based on this process, David Evans and Associates, Inc. (“Consultant”) was selected as the top-ranking proposer on December 19, 2025. A summary of the proposal scoring is attached. Department staff conducted negotiations with the Consultant between January 2, 2026 and March 9, 2026.

The Notice of Intent to Award Contract will assert the County’s intent to award contract to the Consultant and will begin a one-week protest period for interested parties to submit written protest of contract award. If no protests are received during that period, the contract will be awarded administratively. The contract not-to-exceed amount will be \$419,953.74.

BUDGET IMPACTS:

A portion of the project engineering cost is budgeted in the Road Capital Improvement Plan (CIP) budget for Fiscal Year 2026. The remaining project cost will be included in the proposed Road CIP budget for Fiscal Year 2027.

Subject: **Notice of Intent to Award Contract**
Contract for Engineering Services for South Century Dr Bridge #16181 Rehabilitation

To Whom It May Concern:

On April 8, 2026, the Board of County Commissioners of Deschutes County, Oregon considered proposals for the above-referenced project. The Board of County Commissioners determined that the contract for the above-referenced project shall be awarded to DAVID EVANS & ASSOCIATES, INC. and that the maximum compensation under the contract shall be not to exceed Four Hundred Nineteen Thousand Nine Hundred Fifty Three and 74/100 dollars (\$419,953.74).

Any entity which believes that they are adversely affected or aggrieved by the intended award of contract set forth in this Notice of Intent to Award Contract may submit a written protest within seven (7) calendar days after the issuance of this Notice to the Board of County Commissioners of Deschutes County, Oregon, at Deschutes Services Building, 1300 NW Wall Street, Bend, Oregon 97703. **The seven (7) calendar day protest period will end at 5:00 PM on Wednesday, April 15, 2026.**

Any protest must be in writing and specify any grounds upon which the protest is based. Please refer to Oregon Administrative Rules (OAR) 137-047-0740. If a protest is filed within the protest period, a hearing will be held at a regularly-scheduled business meeting of the Board of County Commissioners of Deschutes County Oregon, acting as the Contract Review Board, in the Deschutes Services Building, 1300 NW Wall Street, Bend, Oregon 97703 within two (2) weeks of the end of the protest period.

If no protest is filed within the protest period, this Notice of Intent to Award Contract becomes an Award of Contract without further action by the County unless the Board of County Commissioners, for good cause, rescinds this Notice before the expiration of the protest period.

If you have any questions regarding this Notice of Intent to Award Contract or the procedures under which the County is proceeding, please contact Deschutes County Legal Counsel: telephone (541) 388-6625; fax (541) 383-0496; or e-mail to david.doyle@deschutes.org.

Be advised that if no protest is received within the stated time period, the County is authorized to process the contract administratively.

Sincerely,

Phil Chang, Chair

PROCLAMATION

WHEREAS, the week of April 6-12, 2026, is National Public Health Week; and

WHEREAS, since 1994, the American Public Health Association, through its sponsorship of National Public Health Week, has educated the public, policymakers and public health professionals about issues important to improving the public’s health; and

WHEREAS, for more than 150 years, public health has reshaped what’s possible in the United States — adding decades to life expectancy and dramatically improving quality of life; and

WHEREAS, there is a significant difference in health status, such as obesity, poor mental health and drug use, among people living in rural areas compared with people living in urban areas as rural residents are often more likely to face social determinants that negatively impact health such as poverty, transportation barriers, and lack of economic opportunity; and

WHEREAS, a person’s health status can differ drastically by zip code due to differences in the built environment, environmental quality, community context, access to healthy food, access to education and access to health care; and

WHEREAS, Deschutes County’s Public Health agency provides a variety of services to protect the health and well-being of citizens; and

WHEREAS, our public health professionals help our community prevent, prepare for, withstand and recover from the impact of a full range of health threats, ranging from infectious disease outbreaks to natural disaster preparedness; and

WHEREAS, efforts to adequately support public health and the prevention of disease and injury can continue to transform a health system focused on treating illness into a health system focused on preventing disease and injury and promoting wellness;

NOW, THEREFORE, the Deschutes County Board of Commissioners hereby proclaims April 6-12, 2026, to be

National Public Health Week 2026

in Deschutes County, and encourage our families, friends and neighbors to join in this observance and have continual vigilance to promote health and well-being for all citizens.

MEETING DATE: April 8, 2026

SUBJECT: Public Hearing: 2026 Housekeeping Amendments

RECOMMENDED MOTION:

Following the public hearing, move approval of first reading of Ordinance 2026-006 by title only.

BACKGROUND AND POLICY IMPLICATIONS:

The Planning Division regularly amends Deschutes County Code and the Comprehensive Plan to correct minor errors identified by staff, other County departments, and the public. This process, commonly referred to as Housekeeping, also incorporates updates from rulemaking at the state level through amendments to Oregon Revised Statutes and Oregon Administrative Rules, and allows for less substantive code changes to continue efficient County operations.

Staff will present the Board of Commissioners with a set of proposed housekeeping amendments (file no. 247-26-000007-TA). Attached is a staff report summarizing the changes. For the proposed amendments, added language is shown underlined and deleted shown as strikethrough.

DATE: March 23, 2026

SUBJECT: Public Hearing: 2026 Housekeeping Text Amendments

The Deschutes County Board of Commissioners (Board) will conduct a public hearing on April 8th, 2026 at 9:00 a.m. at the Deschutes Services Center, 1300 Wall Street, Barnes and Sawyer rooms to consider housekeeping amendments (file no. 247-26-00007-TA). Attached to this memorandum are the proposed text amendments and a staff report summarizing the changes. Within the proposed amendments, added language is shown underlined and deleted shown as ~~strikethrough~~. The public hearing will be conducted in-person, electronically, and by phone.¹

All record materials can be found on the project website: bit.ly/00007TA

I. BACKGROUND

The Planning Division regularly amends Deschutes County Code (DCC) and the Comprehensive Plan to correct minor errors identified by staff, other County departments, and the public. This process, commonly referred to as Housekeeping, also incorporates updates from rulemaking at the state level through amendments to Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR), and allows for less substantive code changes to continue efficient County operations.

The last time Deschutes County adopted housekeeping amendments occurred in October 2024².

- Chapter 18.110. RESORT COMMUNITY ZONE
- Chapter 18.116. SUPPLEMENTARY PROVISIONS
- Chapter 18.128. CONDITIONAL USE

Title 19, Bend Urban Growth Boundary Zoning Ordinance

- Chapter 19.04. TITLE, COMPLIANCE, APPLICABILITY AND DEFINITIONS
- Chapter 19.12. URBAN AREA RESERVE ZONE UAR-10
- Chapter 19.20. SUBURBAN LOW DENSITY RESIDENTIAL ZONE; SR 2 ½
- Chapter 19.22. WESTSIDE TRANSECT ZONE; WTZ
- Chapter 19.28. URBAN STANDARD RESIDENTIAL ZONE; RS
- Chapter 19.80. OFF-STREET PARKING AND LOADING
- Chapter 19.88. PROVISIONS APPLYING TO SPECIAL USE STANDARDS
- Chapter 19.92. INTERPRETATIONS AND EXCEPTIONS
- Chapter 19.116. AMENDMENTS, APPEALS AND PROCEDURES

III. AGENCY AND PUBLIC COMMENT

Staff has received one agency comment to date. The Deschutes County Senior Transportation Planner reviewed the proposed amendments for potential Transportation Planning Rule (TPR) effects and found that the proposed amendments appear to comply with TPR provisions.

No public comments have been received to date.

IV. PLANNING COMMISSION REVIEW

The Planning Commission (Commission) held a public hearing concerning the proposed amendments on February 12th, 2026.³ Following the hearing, the Commission closed both the oral and written records, and held deliberations that same day. The Commission unanimously (7-0) recommended approval of the proposed amendments.

³ See Deschutes County Planning Commission February 12th, 2026 Agenda for more information: <https://www.deschutes.org/bc-pc/page/planning-commission-77>

V. NEXT STEPS

At the conclusion of the public hearing, the Board may:

- Continue the hearing to a date certain;
- Close the hearing and leave the written record open to a date certain;
- Close the hearing and set a date for deliberations; or
- Close the hearing and commence deliberations.

18.16.030 Conditional Uses Permitted; High Value And Non-High Value Farmland

The following uses may be allowed in the Exclusive Farm Use zones on either high value farmland or non-high value farmland subject to applicable provisions of the Comprehensive Plan, DCC 18.16.040 and 18.16.050, and other applicable sections of DCC Title 18.

- A. Nonfarm dwelling.
- B. Lot of record dwelling.

~~C. Subject to the standards of ORS 215.296, residential home in existing dwellings.~~

~~D.C.~~ A hardship dwelling, as described in DCC 18.16.050(H).

E.D. Commercial activities that are in conjunction with farm use, but not including the processing of farm crops as described in DCC 18.16.025.

F.E. Operations conducted for: Mining and processing of geothermal resources as defined by ORS 522.005, and Mining and processing of natural gas or oil as defined by ORS 520.005, not otherwise permitted under DCC 18.16.020.

G.F. Expansion of an existing private park, playground, hunting and fishing preserve and campground on the same tract as the existing use.

H.G. Public park and playground consistent with the provisions of ORS 195.120, and including only the uses specified under OAR 660-034-0035 or 660-034-0040, whichever is applicable.

I.H. Community centers owned by a governmental agency or a nonprofit organization and operated primarily by and for residents of the local rural community.

1. A community center authorized under this section may provide services to veterans, including but not limited to emergency and transitional shelter, preparation and service of meals, vocational and educational counseling and referral to local, state or federal agencies providing medical, mental health, disability income replacement and substance abuse services, only in a facility that is in existence on January 1, 2006.
2. The services may not include direct delivery of medical, mental health, disability income replacement or substance abuse services.

J.I. Transmission towers over 200 feet in height.

K.J. Commercial utility facility, including a hydroelectric facility (in accordance with DCC 18.116.130 and 18.128.260, and OAR 660-033-0130), for the purpose of generating power for public use by sale, not including wind power generation facilities.

L.K. Personal use airport for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal use airport as used in DCC 18.16.030 means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations.

M.L. Home Occupation, subject to DCC 18.116.280.

1. The home occupation shall:

- a. be operated substantially in the dwelling or other buildings normally associated with uses permitted in the EFU zone;
 - b. be operated by a resident or employee of a resident of the property on which the business is located; and
 - c. employ on the site no more than five full-time or part-time persons.
2. The home occupation shall not unreasonably interfere with other uses permitted in the EFU zone.

N.M. A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 213.203(2).

1. The primary processing of a forest product, as used in DCC 18.16.030, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market.
2. Forest products, as used in DCC 18.16.030, means timber grown upon a lot or parcel of land or contiguous land where the primary processing facility is located.

O.N. Construction of additional passing and travel lanes requiring the acquisition of right of way, but not resulting in the creation of new land lots or parcels.

P.O. Reconstruction or modification of public roads and highways involving the removal or displacement of buildings, but not resulting in the creation of new land lots or parcels.

Q.P. Improvement of public road and highway-related facilities such as maintenance yards, weigh stations, and rest areas, where additional property or right of way is required, but not resulting in the creation of new land lots or parcels.

R.Q. The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species.

1. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture.
2. The county shall provide notice of all applications under this section to the State Department of Agriculture.

3. Notice shall be provided in accordance with DCC Title 22, but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

~~S.R.~~ Room and board arrangements for a maximum of five unrelated persons in an existing residence. If approved, this use is subject to the recording of the statement listed in DCC 18.16.020(J)(1).

~~T.S.~~ Fill or removal within the bed and banks of a stream or river or in a wetland.

~~U.T.~~ Roads, highways and other transportation facilities, and improvements not otherwise allowed under DCC 18.16, if an exception to Goal 3, Agricultural Lands, and to any other applicable goal is first granted under state law. Transportation uses and improvements may be authorized under conditions and standards as set forth in OAR 660-012-0035 and 660-012-0065.

~~V.U.~~ Surface mining of mineral and aggregate resources in conjunction with the operation and maintenance of irrigation systems operated by an Irrigation District, including the excavation and mining for facilities, ponds, reservoirs, and the off-site use, storage, and sale of excavated material.

~~W.V.~~ A living history museum.

~~X.W.~~ Operations for the extraction and bottling of water.

~~Y.X.~~ Transportation improvements on rural lands allowed by OAR 660-012-0065.

~~Z.Y.~~ Expansion of existing county fairgrounds and activities relating to county fairgrounds governed by county fair boards established pursuant to ORS 565.210.

~~AA.Z.~~ Extended outdoor mass gatherings, subject to DCC 8.16.

~~ABAA.~~ A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

~~ACAB.~~ Wind power generation facilities as commercial utility facilities for the purpose of generating power for public use by sale, subject to OAR 660-033-0130.

~~ADAC.~~ Photovoltaic solar power generation facilities as commercial utility facilities for the purpose of generating power for public use by sale, subject to OAR 660-033-0130. On high-value farmland only, photovoltaic solar power generation facilities are subject to the provisions in ORS 215.447.

AEAD. Commercial dog boarding kennel, or dog training classes or testing trials that exceed the standards under DCC 18.16.025(K), subject to DCC 18.16.040(A)(1 and 2).

AFAE. Equine and equine-affiliated therapeutic and counseling activities, provided:

1. The activities are conducted in existing buildings that were lawfully constructed on the property before the effective date of January 1, 2019 or in new buildings that are accessory, incidental, and subordinate to the farm use on the tract; and
2. All individuals conducting therapeutic or counseling activities are acting within the proper scope of any licenses required by the state.

18.16.040 Limitations On Conditional Uses

- A. Conditional uses permitted by DCC 18.16.030, 18.16.031, and 18.16.033 may be established subject to ORS 215.296, applicable provisions in DCC 18.128, and upon a finding by the Planning Director or Hearings Body that the proposed use:
1. Will not force a significant change in accepted farm or forest practices as defined in ORS 215.203(2)(c) on surrounding lands devoted to farm or forest uses; and
 2. Will not significantly increase the cost of accepted farm or forest practices on surrounding lands devoted to farm or forest use; and
 3. That the actual site on which the use is to be located is the least suitable for the production of farm crops or livestock.
- B. A commercial activity allowed under DCC 18.16.030(ED) shall be associated with a farm use occurring on the lot or parcel where the commercial use is proposed. The commercial activity may use, process, store, or market farm products produced outside of Deschutes County.
- C. A power generation facility that is part of a commercial utility facility for the purpose of generating power for public use by sale identified in DCC 18.16.030(KJ) and:
1. That is located on high-value farmland, the permanent features of which shall not preclude more than 12 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and Oregon Administrative Rules 660, Division 004.
 2. That is located on non-high-value farmland, the permanent features of which shall not preclude more than 20 acres from use as a commercial agricultural enterprise unless an exception is taken pursuant to ORS 197.732 and Oregon Administrative Rules 660, Division 4.
 3. A power generation facility may include on-site and off-site facilities for temporary workforce housing as allowed under OAR 660-033-0130(17) and (22).

D. A wind power generation facility includes, but is not limited to, the following system components: all wind turbine towers and concrete pads, permanent meteorological towers and wind measurement devices, electrical cable collection systems connecting wind turbine towers with the relevant power substation, new or expanded private roads (whether temporary or permanent) constructed to serve the wind power generation facility, office and operation and maintenance buildings, temporary lay-down areas and all other necessary appurtenances, including but not limited to on-site and off-site facilities for temporary workforce housing for workers constructing a wind power generation facility. Such facilities must be removed or converted to an allowed use under OAR 660-033-0130(19) or other statute or rule when project construction is complete. Temporary workforce housing facilities not included in the initial approval may be considered through a minor amendment request filed after a decision to approve a power generation facility. A minor amendment request shall be subject to OAR 660-033-0130(5) and shall have no effect on the original approval. A proposal for a wind power generation facility shall be subject to the following provisions:

1. For high value farmland soils described in ORS 195.300(10), that all of the following are satisfied:
 - a. Reasonable alternatives have been considered to show that siting the wind power generation facility or component thereof on high-value farmland soils is necessary for the facility or component to function properly or if a road system or turbine string must be placed on such soils to achieve a reasonably direct route considering the following factors:
 - 1) Technical and engineering feasibility;
 - 2) Availability of existing rights of way; and
 - 3) The long term environmental, economic, social and energy consequences of siting the facility or component on alternative sites, as determined under OAR 660-033-0130(37)(a)(B);
 - b. The long-term environmental, economic, social and energy consequences resulting from the wind power generation facility or any component thereof at the proposed site with measures designed to reduce adverse impacts are not significantly more adverse than would typically result from the same proposal being located on other agricultural lands that do not include high-value farmland soils;

- c. Costs associated with any of the factors listed in OAR 660-033-0130(37)(a)(A) may be considered, but costs alone may not be the only consideration in determining that siting any component of a wind power generation facility on high-value farmland soils is necessary;
 - d. The owner of a wind power generation facility approved under OAR 660-033-0130(37)(a) shall be responsible for restoring, as nearly as possible, to its former condition any agricultural land and associated improvements that are damaged or otherwise disturbed by the siting, maintenance, repair or reconstruction of the facility. Nothing in this section shall prevent the owner of the facility from requiring a bond or other security from a contractor or otherwise imposing on a contractor the responsibility for restoration; and
 - e. The criteria of OAR 660-033-0130(37)(b) are satisfied.
2. For arable lands, meaning lands that are cultivated or suitable for cultivation, including high-value farmland soils described at ORS 195.300(10), the governing body or its designated must find that:
- a. The proposed wind power facility will not create unnecessary negative impacts on agricultural operations conducted on the subject property. Negative impacts could include, but are not limited to, the unnecessary construction of roads, dividing a field or multiple fields in such a way that creates small or isolated pieces of property that are more difficult to farm, and placing wind farm components such as meteorological towers on lands in a manner that could disrupt common and accepted farming practices;
 - b. The presence of a proposed wind power facility will not result in unnecessary soil erosion or loss that could limit agricultural productivity on the subject property. This provision may be satisfied by the submittal and county approval of a soil and erosion control plan prepared by an adequately qualified individual, showing how unnecessary soil erosion will be avoided or remedied and how topsoil will be stripped, stockpiled and clearly marked. The approved plan shall be attached to the decision as a condition of approval;
 - c. Construction or maintenance activities will not result in unnecessary soil compaction that reduces the productivity of soil for crop production. This provision may be satisfied by the submittal and

county approval of a plan prepared by an adequately qualified individual, show unnecessary soil compaction will be avoided or remedied in a timely manner through deep soil decompaction or other appropriate practices. The approved plan shall be attached to the decision as a condition of approval;

- d. Construction or maintenance activities will not result in the unabated introduction or spread of noxious weeds and other undesirable weeds species. This provision may be satisfied by the submittal and county approval of a weed control plan prepared by an adequately qualified individual that includes a long-term maintenance agreement. The approved plan shall be attached to the decision as a condition of approval.
3. For nonarable lands, meaning lands that are not suitable for cultivation, the governing body or its designate must find that the requirements of OAR 660-033-0130(37)(b)(D) are satisfied.
 4. In the event that a wind power generation facility is proposed on a combination of arable and nonarable lands as described in OAR 660-033-0130(37)(b) and (c) the approval criteria of OAR 660-033-0130(37)(b) shall apply to the entire project.
- E. No aircraft may be based on a personal-use airport identified in DCC 18.16.030(~~HK~~) other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.
 - F. The facility for the primary processing of forest products identified in DCC 18.16.030 is intended to be portable or temporary in nature. Such a facility may be approved for a one-year period which is renewable.
 - G. Batching and blending mineral and aggregate into asphaltic cement may not be authorized within two miles of a planted vineyard. Planted vineyard means one or more vineyards totaling 40 acres or more that are planted as of the date of the application for bat
 - H. Accessory uses for golf courses shall be limited in size and orientation on the site to serve the needs of persons and their guests who patronize the golf course to golf. An accessory use that provides commercial services (e.g., pro shop, etc.) shall be

located in the clubhouse rather than in separate buildings. Accessory uses may include one or more food and beverage service facilities in addition to food and beverage service facilities located in a clubhouse. Food and beverage service facilities must be part of and incidental to the operation of the golf course and must be limited in size and orientation on the site to service only the needs of persons who patronize the golf course and their guests. Accessory food and beverage service facilities shall not be designed for or include structures for banquets, public gatherings or public entertainment.

- I. An expansion of an existing golf course as allowed under DCC 18.16.033(C) shall comply with the definition of "golf course" set forth in DCC Title 18 and the provisions of DCC 18.16.040(A).
- J. An applicant for a nonfarm conditional use may demonstrate that the standards for approval will be satisfied through the imposition of conditions. Any conditions so imposed shall be clear and objective.
- K. For purposes of approving a conditional use permit for a lot of record dwelling under DCC 18.16.030, the soil class, soil rating or other soil designation of a specific lot or parcel may be changed if the property owner:
 1. Submits a statement of agreement from the Natural Resources Conservation Service of the United States Department of Agriculture that the soil class, soil rating or other soil designation should be adjusted based on new information; or
 2. Submits a report from a soils scientist whose credentials are acceptable to the Oregon Department of Agriculture that the soil class, soil rating or other soil designation should be changed; and
 3. Submits a statement from the Oregon Department of Agriculture that the Director of Agriculture or the director's designee has reviewed the report described in 2 above and finds the analysis in the report to be soundly and scientifically based.
 4. The soil classes, soil ratings or other soil designations used in or made pursuant to this definition are those of the NRCS in its most recent publication for that class, rating or designation before November 4, 1993, except for changes made pursuant to subsections 1-3 above.
 5. For the purposes of approving a land use application under OAR 660-033-0090, 660-033-0120, 660-033-0130 and 660-033-0135, soil classes, soil

ratings or other soil designations used in or made pursuant to this definition are those of the NRCS in its most recent publication for that class, rating or designation.

- L. Except on a lot or parcel contiguous to a lake or reservoir, a private campground shall not be allowed within three miles of an urban growth boundary unless an exception is approved pursuant to ORS 197.732 and OAR chapter 660, division 004.
1. A private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt.
 2. The yurt shall be located on the ground or on a wood floor with no permanent foundation.
 3. As used in this paragraph, “yurt” means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hook-up or internal cooking appliance.
 4. A campground shall be designed and integrated into the rural agricultural and forest environment in a manner that protects the natural amenities of the site and provides buffers of existing native trees and vegetation or other natural features between campsites.
- M. A living history museum shall be related to resource based activities and be owned and operated by a governmental agency or a local historical society.
1. A living history museum may include limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities, or if the museum administration buildings and parking lot are located within one-quarter mile of an urban growth boundary.
 2. As used in this paragraph, a “living history museum” means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and “local historical society” means the local historic society recognized by the County and organized under ORS Chapter 65.
- N. Pre-Application Conference

1. Before an applicant may submit an application under DCC Chapter 22.08 and DCC 18.16.031(C), for land use approval to establish or modify a disposal site for composting that requires a permit issued by the Oregon Department of Environmental Quality, the applicant shall:
 - a. Request and attend a pre-application conference described in DCC 18.16.040(N)(3);
 - b. Hold a pre-application community meeting described in DCC 18.16.040(N)(6).
2. DCC 18.16.040(N)(1)(a) and (b) apply to an application to:
 - a. Establish a disposal site for composting that sells, or offers for sale, resulting product; or
 - b. Allow an existing disposal site for composting that sells, or offers for sale, resulting product to:
 - 1) Accept as feedstock non-vegetative materials, including dead animals, meat, dairy products and mixed food waste; or
 - 2) Increase the permitted annual tonnage of feedstock used by the disposal site by an amount that requires a new land use approval.
3. During the pre-application conference:
 - a. The applicant shall provide information about the proposed disposal site for composting and proposed operations for composting and respond to questions about the site and operations;
 - b. The County and other representatives described in DCC 18.16.040(N)(5) shall inform the applicant of permitting requirements to establish and operate the proposed disposal site for composting and provide all application materials to the applicant.
4. The applicant shall submit a written request to the County to request a pre-application conference.
5. A representative of the Planning Division and a representative of the Oregon Department of Environmental Quality shall attend the conference along with representatives, as determined necessary by the County, of the following entities:

- a. Any other state agency or local government that has authority to approve or deny a permit, license or other certification required to establish or operate the proposed disposal site for composting;
 - b. A state agency, a local government or a private entity that provides or would provide one or more of the following to the proposed disposal site for composting:
 - 1) Water systems;
 - 2) Wastewater collection and treatment systems, including storm drainage systems.
 - 3) Transportation systems or transit services;
 - c. A city or county with territory within its boundaries that may be affected by the proposed disposal site for composting;
 - d. The Department of Land Conservation and Development;
 - e. The State Department of Agriculture;
6. The County shall:
- a. Provide notice of the pre-application conference to entities described in DCC 18.16.040(N)(5) by mail and, as appropriate, in any other manner that ensures adequate notice and opportunity to participate;
 - b. Hold the pre-application conference at least 20 days and not more than 40 days after receipt of the applicant's written request; and
 - c. Provide pre-application notes to each attendee of the conference and other entities described above for which a representative does not attend the pre-application conference.
7. After the pre-application conference and before submitting the application for land use approval, the applicant shall:
- a. Hold a community meeting within 60 days after the pre-application conference:
 - 1) In a public location in the county with land use jurisdiction; and
 - 2) On a business day, or Saturday, that is not a holiday, with a start time between the hours of 6:00 p.m. and 8 p.m.

- b. Provide notice of the community meeting to:
- 1) The owners of record, on the most recent property tax assessment roll, of real property located within one-half mile of the real property on which the proposed disposal site for composting would be located;
 - 2) The resident or occupant that receives mail at the mailing address of the real property described above, if the mailing address of the owner of record is not the mailing address of the real property;
 - 3) Neighborhood and community organizations recognized by the governing body of the County if a boundary of the organization is within one-half mile of the proposed disposal site for composting;
 - 4) A newspaper that meets the requirements of ORS 193.020 for publication;
 - 5) Local media in a press release; and
 - 6) The entities described in 18.16.040(N)(5) above.
8. During the community meeting, the applicant shall provide information about the proposed disposal site for composting and proposed operations for composting and respond to questions about the site and operations.
9. The applicant's notice provided under DCC 18.16.040(N)(6)(b) above must include:
- a. A brief description of the proposed disposal site for composting;
 - b. The address and the location of the community meeting; and
 - c. The date and time of the community meeting.

18.16.050 Standards For Dwellings In The EFU Zones

Dwellings listed in DCC 18.16.025 and 18.16.030 may be allowed under the conditions set forth below for each kind of dwelling, and all dwellings are subject to the landowner for the property upon which the dwelling is placed, signing and recording in the deed records for the County, a document binding the landowner, and the landowner’s successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937.

A. Farm-related dwellings on non-high value farmland. A dwelling customarily provided in conjunction with farm use, as listed in DCC 18.16.025(A), may be approved if it satisfies any of the alternative tests set forth below:

1. Acreage test.

a. On land not identified as high-value farmland, a dwelling, including a manufactured dwelling in accordance with DCC 18.116.070, may be considered customarily provided in conjunction with farm use if:

1) The lot or parcel on which the dwelling will be located is at least:

A. One hundred sixty acres and not in the Horse Ridge East subzone; or

B. Three hundred twenty acres in the Horse Ridge East subzone;

- 2) The subject tract is currently employed for farm use, as defined in DCC 18.04.030, and which is evidenced by a farm management plan;
- 3) The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land, such as planting, harvesting, marketing or caring for livestock, at a commercial scale;
- 4) There is no other dwelling on the subject tract, except as allowed under DCC 18.16.020(K) and except for seasonal farmworker housing approved prior to 2001;

2. Median acreage/gross sales test.

- a. On land not identified as high-value farmland, a dwelling, including a manufactured dwelling in accordance with DCC 18.116.070, may be considered customarily provided in conjunction with farm use if:
 - 1) The subject tract is at least as large as the median size of those commercial farm or ranch tracts capable of generating at least \$10,000 in annual gross sales that are located within a study area that includes all tracts wholly or partially within one mile of the perimeter of the subject tract;
 - 2) The subject tract is capable of producing at least the median level of annual gross sales of County indicator crops as the same commercial farm or ranch tracts used to calculate the tract size in DCC 18.16.050(A)(2)(a)(1);
 - 3) The subject tract is currently employed for farm use, as defined in DCC 18.04.030, and which is evidenced by a farm management plan, at a level capable of producing the annual gross sales required in DCC 18.16.050(A)(2)(a)(2). If no farm use has been established at the time of application, land use approval shall be subject to a condition that no building permit may be issued prior to establishment of the farm use capable of meeting the median income test.

- 4) The subject lot or parcel on which the dwelling is proposed is at least 20 acres in size;
 - 5) There is no other dwelling on the subject tract(1), except as allowed under DCC 18.16.020(K) and except for seasonal farmworker housing approved prior to 2001; and
 - 6) The dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land, such as planting, harvesting, marketing or caring for livestock, at a commercial scale.
- b. For the purpose of calculating appropriate tract sizes and gross incomes to satisfy DCC 18.16.050(A)(2)(a)(1) and (2), the County will utilize the methodology contained in Oregon Administrative Rules 660-~~033-0135(3)~~ using data on gross sales per acre tabulated by LCDC pursuant to Oregon Administrative Rules 660-~~033-0135(4)~~.
3. Gross annual income test.
- a. On land not identified as high-value farmland, a dwelling, including a manufactured dwelling in accordance with DCC 18.116.070, may be considered customarily provided in conjunction with farm use if:
 - 1) The subject tract is currently employed for a farm use, and that the farm operator earned \$40,000 in gross annual revenue in the last two years, three of the last five years, or based on the average farm revenue earned on the tract in the highest three of the last five years.
 - 2) There is no other dwelling on the subject tract, except as allowed under 18.16.020(K) and except for seasonal farmworker housing approved prior to 2001;
 - 3) The dwelling will be occupied by a person or persons who produced the commodities which grossed the income in DCC 18.16.050(A)(3)(a)(1); and
 - b. In determining gross revenue, the cost of purchased livestock shall be deducted from the total gross revenue attributed to the tract.

- c. Noncontiguous lots or parcels zoned for farm use in the same county or contiguous counties may be used to meet the gross revenue requirements.
- d. Only gross revenue from land owned, not leased or rented, shall be counted; and gross farm revenue earned from a lot or parcel which has been used previously to qualify another lot or parcel for the construction or siting of a primary farm dwelling may not be used.
- e. Prior to a dwelling being approved under this section that requires one or more contiguous or noncontiguous lots or parcels of a farm or ranch operation to comply with the gross farm revenue requirements, the applicant shall provide evidence that the covenants, conditions and restrictions form attached to Chapter 18.16, has been recorded with the county clerk or counties where the property subject to the covenants, conditions and restrictions is located.
 - 1) The covenants, conditions and restrictions shall be recorded for each lot or parcel subject to the application for primary farm dwelling and shall preclude:
 - A. All future rights to construct a dwelling except for accessory farm dwellings, relative farm assistance dwellings, temporary hardship dwellings or replacement dwellings allowed under ORS Chapter 215; and
 - B. The use of any gross farm revenue earned on the lots or parcels to qualify another lot or parcel for a primary farm dwelling;
 - C. The covenants, conditions and restrictions are irrevocable, unless a statement of release is signed by an authorized representative of the county or counties where the property subject to the covenants, conditions and restrictions is located;
 - D. The failure to follow the requirements of this section shall not affect the validity of the transfer of property or the legal remedies available to the buyers of property which is subject to the covenants, conditions and restrictions required by this section.

- B. Farm related dwellings on high value farmland. On land identified as high-value farmland, a dwelling, including a manufactured dwelling in accordance with DCC 18.116.070, may be considered customarily provided in conjunction with farm use if:
1. The subject lot or parcel is currently employed for the farm use as defined in DCC 18.04.030, and that the farm operator earned at least \$80,000 in gross annual revenue from the sale of farm products in the last two years, three of the last five years, or based on the average farm revenue earned by the farm operator in the best three of the last five years. In determining gross revenue, the cost of purchased livestock shall be deducted from the total gross revenue attributed to the tract;
 2. There is no other dwelling on the subject tract, except as allowed under 18.16.020(K) and except for seasonal farmworker housing approved prior to 2001;
 3. The dwelling will be occupied by a person or persons who produced the commodities which grossed the revenue under DCC 18.16.050(B)(1);
 4. Noncontiguous lots or parcels zoned for farm use in the same county or contiguous counties may be used to meet the gross revenue requirements.
 5. When a farm or ranch operation has lots or parcels in both “western” and “eastern” Oregon as defined in OAR 660-033-0020, lots or parcels in eastern or western Oregon may not be used to qualify a dwelling in the other part of the state.
 6. Only gross revenue from lots or parcels owned, not leased or rented, shall be counted; and gross farm revenue earned from a lot or parcel which has been used previously to qualify another lot or parcel for the construction or siting of a primary farm dwelling may not be used.
 7. Prior to a dwelling being approved under this section that requires one or more contiguous or noncontiguous lots or parcels of a farm or ranch operation to comply with the gross farm revenue requirements, the applicant shall provide evidence that the covenants, conditions and restrictions form attached to Chapter 18.16 has been recorded with the county clerk. The covenants, conditions and restrictions shall be recorded for each lot or parcel subject to the application for primary farm dwelling and shall preclude:

- a. All future rights to construct a dwelling except for accessory farm dwellings, relative farm assistance dwellings, temporary hardship dwellings or replacement dwellings allowed by ORS Chapter 215; and
 - b. The use of any gross farm revenue earned on the lots or parcels to qualify another lot or parcel for a primary farm dwelling.
- C. Accessory dwelling. A dwelling, including a manufactured dwelling in accordance with DCC 18.116.070, is considered to be an accessory farm dwelling customarily provided in conjunction with farm use when:
1. The accessory dwelling meets the following criteria:
 - a. The accessory farm dwelling will be occupied by a person or persons who will be principally engaged in the farm use of the land and whose seasonal or year-round assistance in the management of the farm use, such as planting, harvesting, marketing or caring for livestock, is or will be required by the farm operator; and
 - b. The accessory farm dwelling will be located:
 - 1) On the same lot or parcel as the primary farm dwelling; or
 - 2) On the same tract as the primary farm dwelling when the lot or parcel on which the accessory farm dwelling will be sited is consolidated into a single lot or parcel with all other contiguous lots and parcels in the tract; or
 - 3) On a lot or parcel on which the primary farm dwelling is not located, when the accessory farm dwelling is limited to only a manufactured dwelling and a deed restriction substantially in compliance with the form set forth in [Exhibit A](#) to DCC 18.16 is filed with the County Clerk. The deed restriction shall require the manufactured dwelling to be removed when the lot or parcel is conveyed to another party. The manufactured dwelling may remain if it is reapproved under DCC 18.16.050; or
 - 4) On a lot or parcel on which the primary farm dwelling is not located, when the accessory farm dwelling is located on a lot or parcel at least the size of the applicable minimum lot size under DCC 18.16.065 and the lot or parcel complies with the

gross farm income requirements in DCC 18.16.050(A)(3) or (B)(1), whichever is applicable; and

- c. There is no other dwelling on land zoned EFU owned by the farm operator that is vacant or currently occupied by persons not working on the subject farm or ranch and that could reasonably be used as an accessory farm dwelling; and
2. The primary farm dwelling to which the proposed dwelling would be accessory meets one of the following:
 - a. On land not identified as high-value farmland, the primary farm dwelling is located on a farm or ranch operation that is currently employed in farm use and produced \$40,000 in gross annual sales in the last two years, three of the last five years, or based on the average farm revenue earned on the tract in the highest three of the last five years. In determining gross revenue, the cost of purchased livestock shall be deducted from the total gross revenue attributed to the tract; or
 - b. On land identified as high-value farmland, the primary farm dwelling is located on a farm or ranch operation that is currently employed for farm use, and produced at least \$80,000 in gross annual revenue from the sale of farm products in the last two years, three of the last five years, or based on the average farm revenue earned on the tract in the highest three of the last five years. Gross revenue shall be calculated by deducting the cost of purchased livestock from the total gross revenue attributed to the tract; and
 3. A lot or parcel approved for an accessory farm dwelling under DCC 18.16.050 shall not be approved for a division of land except as provided for in DCC 18.16.055(B).
 4. An accessory farm dwelling approved pursuant to this section cannot later be used to satisfy the requirements for a nonfarm dwelling pursuant to DCC 18.16.050(G).

D. Relative farm help dwelling.

1. A dwelling listed in DCC 18.16.025(B) is allowed when:
 - a. The subject tract is a commercial farming operation.

- b. The dwelling is a manufactured dwelling and is sited in accordance with DCC 18.116.070, or is a site-built dwelling;
 - c. The dwelling is located on the same lot or parcel as the dwelling of the farm operator, and is occupied by a relative of the farm operator or farm operator's spouse, including a grandparent, step-grandparent, grandchild, parent, step-parent, child, sibling, step-sibling, niece, nephew, or first cousin of either, if the farm operator does, or will, require the assistance of the relative in the management of the farm use.
 - 1) Notwithstanding ORS 92.010 to 92.190 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this subsection obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new lot or parcel.
 - 2) Prior conditions of approval for the subject land and dwelling remain in effect.
 - 3) For purposes of this subsection, "Foreclosure" means only those foreclosures that are exempt from partition under ORS 92.010(9)(a).
 - d. The farm operator plays the predominant role in the management and farm use of the farm and will continue to do so after the relative farm help dwelling is approved.
 - e. Any approval granted under DCC 18.16.050 shall be conditioned with a requirement that the farm operator annually submit a report to the Planning Division identifying the resident(s) of the dwelling, their relationship to the farm operator, the assistance the resident provides to the farm operator, and verifying the farm operator's continued residence on the property and the predominant role the farm operator continues to play in the management and farm use of the farm.
2. A manufactured dwelling permitted under DCC 18.16.050 shall be considered to be a temporary installation, and permits for such home shall be renewable and renewed on an annual basis. The manufactured dwelling

shall be removed from the property if it no longer meets the criteria of DCC 18.16.050 and the approval shall be so conditioned.

3. A dwelling approved under DCC 18.16.050 shall be removed or converted to an allowable use within one year of the date the relative farm help dwelling no longer meets the criteria of DCC 18.16.050 and the approval shall be so conditioned.
4. Upon approval of a dwelling under DCC 18.16.050, a Conditions of Approval Agreement shall be recorded with the Deschutes County Clerk prior to issuance of any building or placement permit for the new dwelling on the property.
5. For the purposes of DCC 18.16.050(D), a farm operator is a person who operates a farm, doing the work and making the day-to-day decisions about such things as planting, harvesting, feeding and marketing.

E. Lot of record dwelling on non-high value farmland.

1. A lot of record dwelling may be approved on a pre-existing lot or parcel on non-high value farmland when all of the following requirements are met:
 - a. The lot or parcel on which the dwelling will be sited was lawfully created and was acquired and owned continuously by the present owner:
 - 1) Prior to January 1, 1985; or
 - 2) By devise or by intestate succession from a person who acquired and owned continuously the lot or parcel prior to January 1, 1985.
 - b. The tract on which the dwelling will be sited does not include a dwelling.
 - c. For lots or parcels located within a wildlife area (WA) combining zone, siting of the proposed dwelling would be consistent with the limitations on density as applied under the applicable density restrictions of DCC 18.88.
 - d. If the lot or parcel on which the dwelling will be sited is part of a tract, the remaining portions of the tract shall be consolidated into a single lot or parcel when the dwelling is allowed.

- e. The County Assessor shall be notified of any approval of a dwelling under DCC 18.16.050.
 - f. If the lot or parcel on which the dwelling will be sited was part of a tract on November 4, 1993, no dwelling exists on another lot or parcel that was part of the tract;
2. For purposes of DCC 18.16.050(E), "owner" includes the wife, husband, son, daughter, mother, father, brother, brother-in-law, sister, sister-in-law, son-in-law, daughter-in-law, mother-in-law, father-in-law, aunt, uncle, niece, nephew, step-parent, step-child, grandparent, or grandchild of the owner or a business entity owned by any one or a combination of these family members.
 3. For purposes of DCC 18.16.050(E), the date of creation and existence means that, when a lot, parcel, or tract is reconfigured pursuant to applicable law after November 4, 1993, the effect of which is to qualify a lot, parcel, or tract for the siting of a lot of record dwelling, the date of the reconfiguration is the date of creation and existence. Reconfigured means any change in the boundary of the lot, parcel, or tract.
- F. Lot of record dwelling on high-value farmland.
1. A lot of record dwelling on a pre-existing lot or parcel will be approved on high value farmland when all of the following requirements are met:
 - a. The requirements set forth in DCC 18.16.050(E)(1)(a) through (f), as determined by the County; and
 - b. The requirements of Oregon Administrative Rules 660-33-130(3)(c)(C), as determined by the County hearings officer.
 2. Applicants under DCC 18.16.050(F) shall make their application to the County. The County shall notify the State Department of Agriculture at least 20 calendar days prior to the public hearing under DCC 18.16.050(F)(1)(b).
 3. Applicants under DCC 18.16.050(F) shall be subject to such other procedural requirements as are imposed by the Oregon Department of Agriculture.
 4. For purposes of DCC 18.16.050(F), the date of creation and existence means that, when a lot, parcel, or tract is reconfigured pursuant to applicable law after November 4, 1993, the effect of which is to qualify a lot, parcel, or tract

for the siting of a lot of record dwelling, the date of the reconfiguration is the date of creation and existence. Reconfigured means any change in the boundary of the lot, parcel, or tract.

G. Nonfarm dwelling.

1. One single-unit dwelling, including a manufactured dwelling in accordance with DCC 18.116.070, not provided in conjunction with farm use, may be permitted on an existing lot or parcel subject to the following criteria:
 - a. The Planning Director or Hearings Body shall make findings that:
 - 1) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices, as defined in ORS 215.203(2)(c), or accepted forest practices on nearby lands devoted to farm or forest use.
 - 2) The proposed nonfarm dwelling will not materially alter the stability of the overall land use pattern of the area. In determining whether a proposed nonfarm dwelling will alter the stability of the land use pattern in the area, the County shall consider the cumulative impact of nonfarm dwellings on other lots or parcels in the area similarly situated, by applying the standards under OAR 660-033-0130(4)(a)(D), and whether creation of the lot or parcel will lead to creation of other nonfarm lots or parcels, to the detriment of agriculture in the area.
 - 3) The proposed nonfarm dwelling is situated on an existing lot or parcel, or a portion of a lot or parcel that is generally unsuitable for the production of farm crops and livestock or merchantable tree species, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, location, and size of the tract.
 - 4) The proposed nonfarm dwelling is not within one-quarter mile of a dairy farm, feed lot, or sales yard, unless adequate provisions are made and approved by the Planning Director or Hearings Body for a buffer between such uses. The establishment of a buffer shall be designed based upon consideration of such factors as prevailing winds, drainage,

expansion potential of affected agricultural uses, open space and any other factor that may affect the livability of the nonfarm-dwelling or the agriculture of the area.

- 5) Road access, fire and police services, and utility systems (i.e., electrical and telephone) are adequate for the use.
 - 6) The nonfarm dwelling shall be located on a lot or parcel created prior to January 1, 1993, or was created or is being created as a nonfarm lot or parcel under the land division standards in DCC 18.16.055(B) or (C).
2. For the purposes of DCC 18.16.050(G) only, "unsuitability" shall be determined with reference to the following:
- a. A lot or parcel or a portion of a lot or parcel shall not be considered unsuitable solely because of size or location if it can reasonably be put to farm or forest use in conjunction with other land. If the lot or parcel is under forest assessment, the dwelling shall be situated upon generally unsuitable land for the production of merchantable tree species recognized by the Forest Practices Rules, considering the terrain, adverse soil or land conditions, drainage and flooding, vegetation, location, and size of the lot or parcel.
 - b. A lot or parcel or portion of a lot or parcel is not "generally unsuitable" simply because it is too small to be farmed profitably by itself. If a lot or parcel or portion of a lot or parcel can be sold, leased, rented, or otherwise managed as part of a commercial farm or ranch, it is not "generally unsuitable." A lot or parcel or portion of a lot or parcel is presumed to be suitable if it is composed predominantly of Class I-VI soils. Just because a lot or parcel or portion of a lot or parcel is unsuitable for one farm use does not mean it is not suitable for another farm use. If the lot or parcel is under forest assessment, the area is not "generally unsuitable" simply because it is too small to be managed for forest production profitably by itself.
 - c. If a lot or parcel under forest assessment can be sold, leased, rented, or otherwise managed as a part of a forestry operation, it is not "generally unsuitable." If a lot or parcel is under forest assessment, it is presumed suitable if it is composed predominantly of soil capable of producing 20 cubic feet of wood fiber per acre per year. If a lot or

parcel is under forest assessment, to be found compatible and not seriously interfere with forest uses on surrounding land it must not force a significant change in forest practices or significantly increase the cost of those practices on the surrounding land.

3. Loss of tax deferral.  - e. Farm or contractor equipment storage, sales, service, or repair.
 - f. Uses that require proximity to rural resources, as defined in OAR 660-04-022- (3)(a).
 9. Wireless telecommunications facilities, except those facilities meeting the requirements of DCC 18.116.250(A) or (B).
 10. Surface mining of mineral and aggregate resources in conjunction with the operation and maintenance of irrigation systems operated by an Irrigation District, including the excavation and mining for facilities, ponds, reservoirs, and the off-site use, storage, and sale of excavated material.
 11. Marijuana retailing, subject to the provisions of DCC 18.116.330.
- D. Use Limitations. The following use limitations shall apply to the uses listed in DCC 18.66.050(B) and (C).
1. Sewer and Water Requirements.
 - a. Applicant must obtain approval for an on-site sewage disposal system, or if applicable, obtain a Department of Environmental Quality (DEQ) Waste Water Pollution Control Facility (WPCF) permit before approval or as condition of approval of the land use permit.
 - b. The County shall notify the Terrebonne Domestic Water District of land use actions made under DCC 18.66.

2. Compatibility.

- a. Any use on a lot or parcel abutting a residential district shall not emit odor, dust, fumes, glare, flashing lights, noise, or similar disturbances perceptible without instruments more than 200 feet in the direction of the affected residential lot or parcel.
- b. Any use expected to generate more than 50 truck-trailer, contractors and/or farm heavy equipment trips per day to and from the subject property shall not locate on a lot or parcel abutting or across a local or collector street from a lot or parcel in a residential district.
- c. No use shall be permitted that has been declared a nuisance by state statute, County ordinance, or a court of competent jurisdiction.
- d. No use requiring an air containment discharge permit shall be approved by the Planning Director or Hearings Body before review by the applicable state or federal permit-reviewing authority. Such uses shall not be located abutting or across a local or collector street from a lot or parcel in a residential district.

3. Traffic and Parking.

- a. A use that generates more than 20 auto or truck trips during the peak hour of the day to and from the premises shall document with facts that the affected transportation facilities are adequate to serve the proposed use, considering the functional classification, capacity, and level of service of the affected transportation facility.
- b. All parking demand generated by uses permitted by DCC 18.66 shall be accommodated entirely on the premises.
- c. Site design shall not require backing of traffic onto a public or private road right-of-way.

4. Additional Requirements. As a condition of approval of any use proposed, the Planning Director or Hearings Body may require:

- a. An increased setback requirement.
- b. Additional off-street parking and loading facilities.
- c. Limitations on signs, lighting, hours of operation, and points of ingress and egress.

d. Additional landscaped buffering and screening improvements.

E. Requirements for Large Scale Uses.

1. All uses listed in DCC 18.66.050(B) may be allowed to occupy a floor area exceeding 4,000 square feet if the Planning Director or Hearings Body finds:
 - a. The use is intended to serve the community and surrounding rural area, or the traveling needs of people passing through the area;
 - b. The use will primarily employ a work force from the community and surrounding rural area; and
 - c. It is not practical to contain the proposed use within 4,000 square feet of floor area.
2. This provision does not apply to uses listed in DCC 18.66.050(C)(8).
3. For purposes of DCC 18.66.050(E), the surrounding rural area described by the Terrebonne zip code, which extends south to the boundary of the Redmond zip code, west to the boundary of the Sisters zip code, east into Crook County to the boundary of the Prineville zip code, and north into Jefferson County to include Crooked River Ranch.

F. Design Standards. Ground Floor Windows. The following criteria for ground floor windows apply to all new commercial buildings in the TeCR District except those containing uses listed in DCC 18.66.050(C)(8). The provisions of DCC 18.124 also apply.

1. The window area shall be at least 50 percent of the length of the ground level wall area and 25 percent of height of the ground level wall area. Ground level wall area includes all exterior wall area up to nine feet above the finished grade. The window requirement applies to the ground level of exterior building walls that abut sidewalks or roads.
2. Required window areas shall be windows that allow views into either working areas, lobbies, pedestrian entrances or display windows.

G. Lot Area Requirements. The minimum lot area is 10,000 square feet. In addition, lot area requirements for this district shall be determined by spatial requirements for sewage disposal, required landscaped areas, and off-street parking.

H. Lot Coverage Standards.

1. Lot Coverage: No lot coverage requirements, provided spatial requirements for parking, sewage disposal, and landscaping are satisfied.
2. No use listed in DCC 18.66.050(C)(8) that is located abutting or across a local or collector road from a lot or parcel in a residential district shall exceed 70 percent lot coverage, including outside storage, and off-street parking and loading areas.

I. Setback Standards.

1. Front Setback. The front setback shall be a maximum of 15 feet, except as otherwise allowed by DCC 18.124.070(D)(3)(b). The front setback for structures may be reduced, but not increased, to the average building setback distance of existing structures on abutting lots or parcels.
2. Side Setback. No requirement, subject to DCC 18.66.050(I)(4).
3. Rear Setback. No specific requirement, subject to DCC 18.66.050(I)(4).
4. Exceptions to Setback Standards.
 - a. Lot line abutting a residential zone. For all new structures requiring a building permit on a lot or parcel abutting a residential district, the setback shall be a minimum of 15 feet from any shared lot line. The required setback will be increased by one foot for each foot by which the new structure height exceeds 20 feet.
 - b. Lot line abutting an EFU zone. Any structure requiring a building permit on a lot or parcel abutting EFU-zoned land receiving special assessment for farm use, shall have a minimum setback of 100 feet from any shared lot line.

1. A building or buildings, none of which exceeds 4,000 square feet of floor area to be used by any combination of the following uses:
 - a. Retail or service business.
 - b. Eating and/or drinking establishment.
 - c. Offices.
 - d. A dwelling unit permitted outright or conditionally, in the same building as a use permitted in DCC 18.67.040.
 - e. Marijuana wholesaling, office only. There shall be no storage of marijuana items or products at the same location.
2. Any of the uses listed under DCC 18.67.040 proposing to occupy more than 4,000 square feet of floor area in a building subject to the provisions of DCC 18.67.040(E).
3. Child care facility and/or preschool.

C. Conditional Uses. The following uses and their accessory uses are permitted subject to the applicable provisions of DCC 18.116, 18.124, and 18.128:

1. Religious institutions or assemblies.

2. Bed and breakfast inn.
3. Type 2 or Type 3 Home Occupation, subject to DCC 18.116.280.
4. Park.
5. Public or semi-public building.
6. Utility facility.
7. Water supply or treatment facility.
8. Manufactured dwelling/RV park on a lot or parcel in use as a manufactured dwelling park or recreational vehicle park prior to the adoption of PL-15 in 1979 and being operated as of June 12, 1996, as a manufactured dwelling park or recreational vehicle park, including any expansion of such uses on the same lot or parcel as configured on June 12, 1996.
9. The following uses and their accessory uses may be conducted in a building or buildings not to exceed 4,000 square feet of floor area.
 - a. Farm equipment, sales, service, or repair.
 - b. Trailer sales, service, or repair.
 - c. Vehicle service or repair.
 - d. Veterinary clinic.
10. The following uses may be conducted in a building or buildings not to exceed 10,000 square feet of floor area:
 - a. Manufacturing or production.
 - b. Wholesale sales.
 - c. Marijuana retailing, subject to the provisions of DCC 18.116.330.
11. Wireless telecommunications facilities, except those facilities meeting the requirements of DCC 18.116.250(A) or (B).
12. Surface mining of mineral and aggregate resources in conjunction with the operation and maintenance of irrigation systems operated by an Irrigation District, including the excavation and mining for facilities, ponds, reservoirs, and the off-site use, storage, and sale of excavated material.
13. Psilocybin service centers, subject to the provisions of DCC 18.116.380.

D. Use Limitations. The following use limitations shall apply to the uses listed in DCC 18.67.040(C)(10).

1. Compatibility.

- a. Any use expected to generate more than 50 truck-trailer and/or heavy equipment trips per day to and from the subject property shall not be permitted to locate on a lot or parcel abutting or across a local or collector street from a lot or parcel in a residential district.

2. Traffic and Parking.

- a. A use that generates more than 20 auto or truck trips during the peak hour of the day to and from the premises shall document with facts that the affected transportation facilities are adequate to serve the proposed use, considering the functional classification, capacity, and level of service of the affected transportation facility.
- b. All parking demand generated by uses permitted by DCC 18.67 shall be accommodated entirely on the premises.

E. Requirements for Large Scale Uses.

1. All uses listed in DCC 18.67.040(B) may have a total floor area exceeding 4,000 square feet but not greater than 10,000 square feet if the Planning Director or Hearings Body finds:
- a. The use is intended to serve the community and surrounding rural area, or the traveling needs of people passing through the area;
- b. The use will primarily employ a work force from the community and surrounding rural area; and
- c. It is not practical to contain the proposed use within 4,000 square feet of the floor area.
2. This provision does not apply to uses listed in DCC 18.67.040(C)(10).
3. For the purposes of DCC 18.67.040, the surrounding rural area is described as the following: extending north to the Township boundary between Townships 15 and 16; extending west to the boundary of the public lands managed by the U.S. Forest Service in T16S-R11E; extending south to the south section lines of T17S-R12E sections 4,5,6 and T17S-R11E sections 1,2,3; and extending east to Highway 97.

- F. Design Standards. Ground Floor Windows. The following criteria for ground floor windows apply to new buildings in the TuC district except those uses listed in DCC 18.67.040(C)(10) and any residential use. The provisions of DCC 18.124 also apply.
1. The windows must be at least 50 percent of the length of the ground level wall area and 25 percent of height of the ground level wall area. Ground level wall area includes all exterior wall area up to nine feet above the finished grade. The window requirement applies to the ground level of exterior building walls which abut sidewalks or streets.
 2. Required window areas shall be either windows that allow views into working areas, lobbies, pedestrian entrances or display windows.
- G. Lot Area Requirements. The minimum lot area is 10,000 square feet. In addition, lot area requirements for this district shall be determined by spatial requirements for sewage disposal, required landscaped areas, and off-street parking.
- H. Lot Coverage Standards.
1. Lot Coverage: No lot coverage requirements, provided spatial requirements for parking, sewage disposal, and landscaping are satisfied.
 2. No use listed in DCC 18.67.040(C)(10) that is abutting or across a local or collector from a lot or parcel in a residential district shall exceed 70 percent lot coverage, including outside storage, and off-street parking and loading areas.
- I. Setback Standards.
1. Front Setback. The front setback shall be a maximum of 15 feet, except as otherwise allowed by DCC 18.124.070 (D)(3). The front setback for structures may be reduced, but not increased, to the average setback distance of existing structures on abutting lots or parcels.
 2. Side Setback. No requirement, subject to DCC 18.67.040(I)(4).
 3. Rear Setback. No specific requirement, subject to DCC 18.67.040 (I)(4).
 4. Exceptions to Setback Standards.
 - a. Lot line(s) abutting a residential zone. For all new structures or substantial alterations of a structure requiring a building permit, on a lot or parcel abutting a residential district, the setback shall be a

minimum of 15 feet. The required setback will be increased by one foot for each foot by which the structure height exceeds 20 feet.

- b. Lot line(s) abutting an EFU zone. Any structure requiring a building permit, on a lot or parcel abutting EFU-zoned land receiving special assessment for farm use, shall have a minimum setback of 100 feet from any shared lot line.

 2. Lot Width. A lot or parcel shall have a minimum lot width of 60 feet, except that a lot or parcel with more than one front lot line shall have a minimum lot width of 70 feet.
 3. Street Frontage. Every lot or parcel shall have a minimum street frontage of 50 feet, except that on an approved cul-de-sac this may be reduced to 30 feet.
 4. Front Setback. The front setback shall be a minimum of 20 feet.
 5. Side Setback. A side setback shall be a minimum of five feet for structures up to 21 feet in height. All structures greater than 21 feet in height shall have a minimum side setback of 7.5 feet, including additions thereto.
 6. Rear Setback. The rear setback for properties which do not have a common area abutting the rear lot line shall be a minimum of 25 feet. The rear setback is zero for properties with a rear lot line which abuts a common area that is

50 feet or greater in depth. The rear setback for properties with a rear lot line which abuts a common area less than 50 feet in depth shall be calculated at six inches for every one foot less than 50 feet. The depth of the common area abutting the rear lot line shall be determined to be the average depth of the common area when measured at 90 degree angles at 10 foot intervals along the entire length of the rear lot line.

7. Lot Coverage. Lot coverage shall not exceed 35 percent of the lot area.

C. Special Requirements for Large Scale Uses. Any of the uses listed in DCC 18.108.055(A)(5) or (A)(7) may be allowed in a building or buildings each exceeding 8,000 square feet of floor area if the Planning Director or Hearings Body finds:

1. That the intended customers for the proposed use will come from the Sunriver community and surrounding rural area. The surrounding rural area is the area identified as all property within five miles of the boundary of the Sunriver Urban Unincorporated Community; and/or
2. The use will meet the needs of the people passing through the area.

D. Form of Ownership/List of Uses.

1. Any lawful form of ownership is allowed in the TC District.
2. The listing of uses permitted in the TC District is not intended to prohibit other uses allowed elsewhere in Sunriver.
3. When a general use listed in the TC District includes a use or type of ownership that is more specifically described in another zone in Sunriver, the specific listing elsewhere does not prohibit that use from being conducted in the TC District.

E. Use Limits.

1. Commercial uses, except for Type 1 home occupations as defined in DCC 18.116.280, are not allowed in Multi-Unit Dwellings or Townhomes..
2. Notwithstanding subsection (E)(1), above, the following uses are allowed in Multi-Unit Dwellings or Townhomes:
 - a. Live/work dwelling units.
 - b. Lock-off areas.
 - c. Accessory uses to the residential use of the building, such as parking and storage areas.
3. In a Mixed Use Structure, any ground floor unit that has primary frontage along a public plaza approved as part of a Conceptual Site Plan shall be used only for commercial, recreational, or community/governmental uses, but not for hotel units.
4. A live/work dwelling unit is subject to the following conditions.
 - a. One or more walls of the dwelling unit abut another residential or commercial building.
 - b. The first floor above the garage is the ground floor, where a parking garage is provided below a dwelling unit, below the average finished grade and is completely obscured from view on at least one side of the building.
 - c. The commercial area of the live/work dwelling unit may not exceed fifty percent (50%) of the square footage of the entire unit, excluding the garage.

- d. The commercial area shall not exceed 8,000 square feet of floor area in combination with other commercial uses in the same building unless the building has been approved as a part of a Large Scale Use pursuant to DCC 18.108.055(C).

F. Height Regulations.

1. Except as provided in subsection (2), below, no Mixed Use Structure shall be erected, enlarged, or structurally altered to exceed 60 feet in height.
2. One Mixed Use Structure shall be permitted with a maximum height not to exceed 75 feet in height, so long as the building footprint of that portion of said structure that exceeds 60 feet in height is not greater than 40,000 square feet of the structural footprint.
3. Townhomes may not exceed 40 feet in height.
4. Multi-Unit Dwellings that are not Mixed Use Structures may not exceed 50 feet in height.
5. The height of all other structures for uses other than those described in subsections (F)(1)-(4), above, may not exceed 45 feet in height.
6. Where a parking garage is provided beneath buildings or structures described in subsection (F)(1) and (2), above, the height of the structure shall be measured from the highest point of the roof to one of the following points:
 - a. A point equal to the elevation of the highest abutting sidewalk or finished grade within a five foot horizontal distance of the exterior wall of the building when such sidewalk or finished grade is not more than 10 feet above the lowest elevation adjacent to the building; or
 - b. A point equal to the elevation that is 10 feet higher than the lowest finished grade from the sidewalk or ground surface described in subsection (a), above, when the sidewalk or ground surface described in subsection (a) is more than 10 feet above lowest finished grade adjacent to the building.
7. Projections and architectural elements such as chimneys, spires, clock towers, skylights, atriums, flag poles, mechanical equipment, and screens and other similar items that do not add habitable interior floor area may be allowed to exceed the height limit by a maximum of 10 feet.

8. Structures that comply with the height limitations of this subsection also comply with the view protection requirement imposed by DCC 18.124.060(A).

G. Lot or Parcel Requirements. The following lot or parcel requirements shall be observed.

1. Front setback: the front setback shall be a minimum of 10 feet.
 - a. Where a lot or parcel has more than one front lot line, only one front setback area must meet the 10 feet minimum.
 - b. Below-grade parking structures that are built under private streets do not need to meet front setback requirements.
2. Side setback: 0 feet.
3. Rear setback: 0 feet.
4. Street Frontage: 0 feet.
5. Road Access.
 - a. Each lot or parcel shall have access to any required parking areas and driveways, and to a private road, via a perpetual easement recorded for the benefit of the subject lot or parcel.

H. District Setback.

1. All development, including structures and sight-obstructing fences over three feet in height, shall be set back from exterior TC District boundaries by the following distances:
 - a. Where the TC District boundary borders an RS or RM District, the minimum setbacks will be:
 - 1) 15 feet from the TC District boundary for any portion of a structure that is 45 feet or lower.
 - 2) 20 feet from the TC District boundary for any portion of a structure that is over 45 feet in height and that does not exceed 50 feet in height.
 - 3) 50 feet from the TC District boundary for any portion of a structure that is over 50 feet in height.

b. Where the TC District boundary borders a CL District, the minimum setbacks will be:

- 1) Five feet from the TC District boundary for any portion of a structure that is 45 feet or lower.
- 2) 10 feet from the TC District boundary for any portion of a structure that is over 45 feet in height and that does not exceed 50 feet in height.
- 3) 20 feet from the TC District boundary for any portion of a structure that is over 50 feet in height and that does not exceed 60 feet in height.
- 4) 50 feet from the TC District boundary for any portion of a structure that is over 60 feet in height.

c. Where the TC District boundary borders any other zoning district, the minimum setback will be:

- 1) 10 feet from the TC District boundary for any portion of a structure that is 45 feet in height or lower.
- 2) 15 feet from the TC District boundary for any portion of a structure that is over 45 feet in height and that does not exceed 50 feet in height.
- 3) 20 feet from the TC District boundary for any portion of a structure that is over 50 feet in height.

2. Items allowed in the District Setback include, but are not limited to, parking, roads, signage, pedestrian pathways, street trees, planters, driveways, landscaping, and outdoor seating.

I. Floor Area Ratio.

- 1. The maximum Floor Area Ratio in the TC District is 1.0.
- 2. Floor Area Ratio is determined by dividing the floor area of all floors of all buildings that are proposed by a Conceptual Site Plan by the land area to be bound by the Conceptual Site Plan.
- 3. The following areas are not a part of the “floor area of all buildings”:

- a. Below-grade parking garages and mechanical rooms and storage areas located on the same floor as the parking garage.
- b. Crawl spaces and attics that are not suited to human occupancy.

J. Zone Coverage.

1. The total square footage of the structural footprints of buildings and enclosed structures is limited to fifty percent (50%) of the gross acreage bound by a Conceptual Site Plan in the TC District.
2. The total square footage of the structural footprints of Multi-Unit Dwellings and Townhome buildings allowed by DCC 18.108.055(A)(6) and (12) is limited to a maximum of twenty percent (20%) of the gross acreage of the TC District.
3. When calculating the structural footprint, buildings and enclosed structures include any deck that is more than 12 inches above finished grade and all areas within any screened enclosure permanently affixed to the ground.
4. The following are not included as building or structures for purposes of calculating structural footprint:
 - a. Eaves and any driveway, road, walkway, deck, patio, plaza, or porch that is 12 inches or less above finished grade (except with affixed improvements that exceed 12 inches); and
 - b. Parking areas on or below finished grade.

K. Conceptual Site Plan.

1. Prior to or concurrent with approval of a site plan or conditional use permit, an applicant must file for approval of a Conceptual Site Plan.
2. A Conceptual Site Plan shall provide a master plan that depicts the approximate location of all of the applicant's proposed land uses.
3. All land owned or controlled by the applicant in the TC District must be shown on and will be bound by the applicant's Conceptual Site Plan.
4. A Conceptual Site Plan application must include all of the following information:
 - a. Types of uses.
 - b. Site circulation.

- c. Pedestrian Facilities.
- d. Traffic impact study, as described in DCC 17.16.115.
- e. The following additional information:
 - 1) An analysis of site access points to Abbott Drive and Beaver Drive by a registered professional engineer who specializes in traffic analysis work that describes operational, capacity and sight distance issues of those access points and the impact of Conceptual Site Plan development on those access points.
 - 2) Identification of street system improvements needed to support the proposed development based on the information provided by the reviews required by this subsection (d).
 - 3) A schedule for the construction of needed street improvements, if any, keyed to development benchmarks.
- f. Approximate location of phase boundaries, if phased development is proposed, and notation of the phasing sequence.
- g. The projected location and projected range of building or structure size, in square feet, for commercial uses.
- h. The projected location and projected range of the number of dwelling units for residential use.
- i. The projected location and approximate size, in square feet, of plazas and public gathering areas.
- j. Elevations throughout the site that represent general elevations of each use.
 - 1) Examples of uses for which such elevations should be shown on the Conceptual Site Plan are residential, hotel or commercial structures, pedestrian plazas, parking areas, road intersections, and at length along all roadways.
 - 2) Such elevations must show existing and projected finished elevations.
- k. The projected structural footprint and location of new buildings or parking areas. The exact structural footprints and locations of

buildings and parking areas shall be determined during site plan review.

- l. Existing uses on lands owned or controlled by persons other than the applicant.
5. A Conceptual Site Plan shall be approved if it demonstrates that future development is located on the subject property so that, in addition to the requirements of DCC 18.108.055, the following standards can be met at the time of site plan review:
 - a. DCC 23.40.025; and
 - b. DCC 18.124.060 (A) - (E) and (I); interpreted as described in DCC 23.40.025(E)(1)(d)(3).
 6. Approval of a Conceptual Site Plan does not authorize uses or development.
 7. An applicant shall commence development within five years of the date of final approval of the Conceptual Site Plan unless an extension of the duration of approval of the Conceptual Site Plan has been granted pursuant to DCC 22.36.010(C).
 8. Substantial construction of a Conceptual Site Plan development, for purposes of DCC 22.36.020(A)(2), occurs when the first building authorized by the Plan has been substantially constructed, as defined by DCC 22.36.020(B).
- L. Application and approval process.
1. A site plan or conditional use application shall be consistent with the Conceptual Site Plan with the following exceptions.
 - a. Existing structures or features can be used or altered to meet the requirements of subsections (5) and (10)-(13) of this subsection.
 - b. If the existing structures or features were included in a site plan approval under DCC 18.108.055 and the existing structures or features are proposed to be altered by subsequent site plan, that subsequent site plan must demonstrate compliance with the requirements of subsections (5) and (10)-(13) of this subsection.
 2. A site plan application shall include the number of all uses by type, their ITE code and their pm peak hour trips.

3. Each site plan, cumulatively with any previously approved site plan, shall demonstrate that the development will not generate traffic at a rate that will exceed the number of pm peak hour vehicle trips for residential and commercial uses assumed in the traffic study required by subsection (K)(4) above.
4. Adjustments may be made to building locations, sizes, structural footprints, unit counts and phase boundaries shown on the Conceptual Site Plan during site plan review if such adjustments do not constitute a change requiring modification of approval of the Conceptual Site Plan pursuant to DCC 22.36.040.
5. An applicant seeking site plan approval shall demonstrate that, when the development that is subject to the site plan approval is complete, a ratio of 150 square feet of commercial space to one dwelling unit will be met.
6. The term “dwelling unit” used in subsection (5), above, includes:
 - a. All hotel units and residential dwelling units, including Multi-Unit Dwellings and Townhomes.
 - b. Lock-off Areas shall be counted as a half dwelling unit for purposes of calculating the ratio described in subsection (5), above.
7. The development in the TC District, cumulatively with any previously approved site plan, must meet the ratio in subsection (5) above.
8. When a second or subsequent site plan is approved a commercial area shown on a prior site plan may be counted toward meeting the required ratio in Subsection (5) above only if construction of the commercial area approved on a prior site plan has been commenced.
9. The site plan shall include the projected finished and existing grade elevations of the site indicating every foot of elevation change on the subject property.
10. Each site plan, cumulatively with all previously approved site plans, shall demonstrate compliance with the fifteen percent (15%) lot area landscaping requirement of DCC 18.124.070(B)(1)(a).
 - a. Landscape areas existing as of the adoption of Ordinance 2008-105 may be used to determine compliance with the fifteen percent (15%) rule as long as the existing landscaping is included in the site plan.

- b. In the TC District, plazas available to the public may be included to demonstrate compliance with the fifteen percent (15%) landscaping requirement.
11. Each site plan, cumulatively with all previous site plans, shall demonstrate compliance with the FAR requirements of DCC 18.108.055(I).
 12. Each site plan, cumulatively with all previously approved site plans, shall demonstrate compliance with the recreation space requirements of DCC 18.124.070(A)(2).
 13. Each site plan, cumulatively with all previously approved site plans, shall demonstrate compliance with the zone coverage requirements of DCC 18.108.055(J).
 14. Where improved bike paths cross land proposed for site plan development, the applicant shall retain or relocate and rebuild the bike path.
- M. Any application for a zone change to the Town Center District shall include a copy of a signed development agreement between the property owner, the applicant, if different than the property owner, and the homeowners association.

18.116.030 Off-Street Parking And Loading

- A. Compliance. No building or other permit shall be issued until plans and evidence are presented to show how the off-street parking and loading requirements are to be met and that property is and will be available for exclusive use as off-street parking and loading. The subsequent use of the property for which the permit is issued shall be conditional upon the unqualified continuance and availability of the amount of parking and loading space required by DCC Title 18.
- B. Off-Street Loading. Every use for which a building is erected or structurally altered to the extent of increasing the floor area to equal a minimum floor area required to provide loading space and which will require the receipt or distribution of materials or merchandise by truck or similar vehicle, shall provide off-street loading space on the basis of minimum requirements as follows:
 - 1. Commercial, industrial, and public utility uses which have a gross floor area of 5,000 square feet or more shall provide truck loading or unloading berths subject to the following table:

Sq. Ft. of Floor Area	No. of Berths Required
Less than 5,000	0
5,000-30,000	1

30,000-100,000	2
100,000 and Over	3

- 2. Restaurants, office buildings, hotels, motels, hospitals and institutions, schools and colleges, public buildings, recreation or entertainment facilities, and any similar use which has a gross floor area of 30,000 square feet or more shall provide off street truck loading or unloading berths subject to the following table:

Sq. Ft. of Floor Area	No. of Berths Required
Less than 30,000	0
30,000-100,000	1
100,000 and Over	2

- 3. A loading berth shall contain space 10 feet wide, 35 feet long and have a height clearance of 14 feet. Where the vehicles generally used for loading exceed these dimensions, the required length of these berths shall be increased.
- 4. If loading space has been provided in connection with an existing use or is added to an existing use, the loading space shall not be eliminated if elimination would result in less space than is required to adequately handle the needs of the particular use.
- 5. Off-street parking areas used to fulfill the requirements of DCC Title 18 shall not be used for loading and unloading operations except during periods of the day when not required to take care of parking needs.

C. Off-Street Parking. Off-street parking spaces shall be provided and maintained as set forth in DCC 18.116.030 for all uses in all zoning districts. Such off-street parking spaces shall be provided at the time a new building is hereafter erected or enlarged or the use of a building existing on the effective date of DCC Title 18 is changed.

D. Number of Spaces Required. Off-street parking shall be provided as follows:

- 1. Residential.

Use	Requirements
Single-Unit Dwelling, Duplex, and Three-Unit Dwelling	2 spaces per dwelling unit
Multi-unit dwelling containing four or more dwelling units: Studio or efficiency unit	0.75 space per unit
1 bedroom	1.00 space per unit
2 bedroom	1.50 space per unit
3 bedroom	2.25 space per unit
4 bedroom	2.50 space per unit
Hotel	0.50 space guest parking per dwelling room

2. Commercial Lodging.

Use	Requirements
Hotel	1 space per guest room plus 1 space per 2 employees.
Motel	1 space per guest room or suite plus 1 additional space for the owner-manager
Club or lodge	Spaces to meet the combined requirements of the uses being conducted such as hotel, restaurant, auditorium, etc.
Fraternity, sorority or dormitory	1 space for each 6 student beds

3. Institutions.

Use	Requirements
-----	--------------

Welfare or correctional institution	1 space per 3 beds for patients or inmates
Convalescent Hospital, nursing hospital, sanitarium, rest home, home for the aged	1 space per 2 beds for patients or residents
Hospital	1.50 spaces per bed

4. Places Of Public Assembly.

Use	Requirements
Religious institutions or assemblies	1 space per 4 seats or 8 feet of bench length in the main auditorium or 1 space for each 50 sq. ft. of floor area used for assembly
Library, reading room, museum, art gallery	1 space per 400 sq. ft. of floor area plus 1 space per 2 employees
Preschool, nursery or kindergarten	2 spaces per teacher
Elementary or junior high schools	1 space per 4 seats or 8 feet of bench length in auditorium or assembly room, whichever is greater, plus 1 space per employee.
High schools	1 space for each 6 students or 1 space per 4 seats or 8 feet of bench length in the main auditorium, whichever is greater, plus 1 space per employee
College or commercial school for adults	1 space per 3 seats in classrooms
Other auditorium or meeting room	1 space per 4 seats or 8 feet of bench length. If no fixed seats or benches, 1 space per 60 sq. ft. of floor area

5. Commercial Amusements.

Use	Requirements

Stadium, arena or theater	1 space per 4 seats or 8 feet of bench length
Bowling alley	6 spaces per lane, plus 1 space per 2 employees
Dance hall or skating rink	1 space per 100 sq. ft. of floor area, plus 1 space per 2 employees.

6. Commercial.

Use	Requirements
Grocery stores of 1,500 sq. ft. or less of gross floor area, and retail stores, except those selling bulky merchandise	1 space per 300 sq. ft. of gross floor area
Supermarkets, grocery stores	1 space per 200 sq. ft. of gross floor area
Service or repair shops, retail stores and outlets selling furniture, automobiles or other bulky merchandise where the operator can show the bulky merchandise occupies the major area of the building	1 space per 600 sq. ft. of gross floor area
Bank or office, except medical or dental	1 space per 300 sq. ft. of gross floor area
Medical and dental office or clinic	1 space per 150 sq. ft. of gross floor area
Eating or drinking establishments	1 space per 100 sq. ft. of gross floor area
Mortuaries	1 space per 4 seats or 8 ft. of bench length in chapels

7. Industrial.

Use	Requirements
-----	--------------

Manufacturing establishment	1 space per employee on the largest working shift
Storage warehouse, wholesale establishment, rail or trucking freight terminal	1 space per 2,000 sq. ft. of floor area

8. Airport Uses.

Use	Requirements
Hangars or tie-downs	1 space per 4 private aircraft occupying a hangar or tie-down space
Office	1 space per 300 sq. ft. of gross floor area
Aircraft maintenance	1 space per 1,000 sq. ft. of gross floor area
Manufacturing, assembly, research	1 space per 500 sq. ft. of gross floor area

9. Other uses not specifically listed above shall be provided with adequate parking as required by the Planning Director or Hearings Body. The above list shall be used as a guide for determining requirements for said other uses.

E. General Provisions. Off-Street Parking.

1. More Than One Use on One or More Lot or Parcels. In the event several uses occupy a single structure, lot, or parcel, the total requirement for off-street parking shall be the sum of requirements of the several uses computed separately.
2. Joint Use of Facilities. The off-street parking requirements of two or more uses, structures, lots, or parcels may be satisfied by the same parking or loading space used jointly to the extent that it can be shown by the owners or operators of the uses, structures, lots, or parcels that their operations and parking needs do not overlap at any point of time. If the uses, structures, lots, or parcels are under separate ownership, the right to joint use of the parking space must be evidenced by a deed, lease, contract, or other appropriate written document to establish the joint use.
3. Location of Parking Facilities. Off-street parking spaces for dwelling units shall be located on the same lot or parcel with the dwelling unit. Other

required parking spaces shall be located on the same lot or parcel or another lot or parcel not farther than 500 feet from the building or use they are intended to serve, measured in a straight line from the building in a commercial or industrial zone. Such parking shall be located in a safe and functional manner as determined during site plan approval. The burden of proving the existence of such off-premise parking arrangements rests upon the applicant.

4. Use of Parking Facilities. Required parking space shall be available for the parking of operable passenger automobiles of residents, customers, patrons, and employees only and shall not be used for the storage of vehicles or materials or for the parking of trucks used in conducting the business or used in conducting the business or use.
5. Parking, Front Setback Area. Required parking and loading spaces for multi-unit dwellings or commercial and industrial uses shall not be located in a required front setback area, except in the Sunriver UUC Business Park (BP) District, Airport Development (AD) Zone, and properties fronting Spring River Road in the Spring River Rural Commercial Zone, but such space may be located within a required side or rear setback area.
6. On-Street Parking Credit. Notwithstanding DCC 18.116.030(G)(2), within commercial zones in the La Pine Planning Area and the Terrebonne and Tumalo unincorporated communities, the amount of required off-street parking can be reduced by one off-street parking space for every allowed on-street parking space abutting a property up to 30% of the required off-street parking. On-street parking shall follow the established configurations in the parking design standards under DCC 18.116.030 Table 1. To be considered for the parking credit, the proposed parking surface, along the street frontage under review, must have a defined curb line and improved as required under DCC 17.48, with existing pavement, or an engineered gravel surface. For purposes of establishing credit, the following constitutes an on-street parking space:
 - a. Parallel parking (0 degree), each 20 feet of uninterrupted curb;
 - b. Diagonal parking (60 degree), each with 11 feet of curb;
 - c. Perpendicular parking (90 degree), each with 10 feet of curb;
 - d. Curb space must be connected to the lot or parcel that contains the use;

- e. Parking spaces that would not obstruct a required clear vision area, nor any other parking that violates any law or street standard; and
 - f. On-street parking spaces credited for a specific use may not be used exclusively by that use, but shall be available for general public use at all times. No signs or actions limiting general public use of on-street spaces are permitted.
- F. Development and Maintenance Standards for Off-Street Parking Areas. Every lot or parcel hereafter used as a public or private parking area, including commercial parking lots, shall be developed as follows:
- 1. Except for parking to serve residential uses, an off-street parking area for more than five vehicles shall be effectively screened by a sight-obscuring fence when abutting residential uses, unless effectively screened or buffered by landscaping or structures.
 - 2. Any lighting used to illuminate off-street parking areas shall be so arranged that it will not project light rays directly upon any abutting property in a residential zone.
 - 3. Groups of more than two parking spaces shall be located and designed to prevent the need to back vehicles into a street or right of way other than an alley.
 - 4. Areas used for standing and maneuvering of vehicles shall be paved surfaces adequately maintained for all weather use and so drained as to contain any flow of water on the site. An exception may be made to the paving requirements by the Planning Director or Hearings Body upon finding that:
 - a. A high water table in the area necessitates a permeable surface to reduce surface water runoff problems; or
 - b. The subject use is located outside of an unincorporated community and the proposed surfacing will be maintained in a manner which will not create dust problems for neighboring properties; or
 - c. The subject use will be in a Rural Industrial Zone or an Industrial District in an unincorporated community and dust control measures will occur on a continuous basis which will mitigate any adverse impacts on surrounding properties.

5. Access aisles shall be of sufficient width for all vehicular turning and maneuvering.
 6. Service drives to off-street parking areas shall be designed and constructed to facilitate the flow of traffic, provide maximum safety of traffic access and egress and maximum safety of pedestrians and vehicular traffic on the site. The number of service drives shall be limited to the minimum that will accommodate and serve the traffic anticipated. Service drives shall be clearly and permanently marked and defined through the use of rails, fences, walls, or other barriers or markers. Service drives to drive in establishments shall be designed to avoid backing movements or other maneuvering within a street other than an alley.
 7. Service drives shall have a minimum vision clearance area formed by the intersection of the driveway centerline, the street right of way line, and a straight line joining said lines through points 30 feet from their intersection.
 8. Parking spaces along the outer boundaries of a parking area shall be contained by a curb or bumper rail placed to prevent a motor vehicle from extending over an abutting lot line or a street right of way.
- G. Off-Street Parking Lot Design. All off-street parking lots shall be designed subject to County standards for stalls and aisles as set forth in the following drawings and table:
1. For one row of stalls use "C" + "D" as minimum bay width.
 2. Public alley width may be included as part of dimension "D," but all parking stalls must be on private property, off the public right of way.
 3. For estimating available parking area, use 300-325 square feet per vehicle for stall, aisle and access areas.
 4. For large parking lots exceeding 20 stalls, alternate rows may be designed for compact cars provided that the compact stalls do not exceed 30 percent of the total required stalls. A compact stall shall be eight feet in width and 17 feet in length with appropriate aisle width.

18.116.095 Recreational Vehicle As A Temporary Dwelling On An Individual Lot Or Parcel

- A. A single recreational vehicle, as defined in DCC Title 18, may be located on a lot or parcel in a manufactured dwelling park, manufactured dwelling subdivision, mobile home park, or recreational vehicle park, consistent with ORS 197.493(1), provided that:
1. The recreational vehicle is occupied as a dwelling; and
 2. The recreational vehicle is lawfully connected to water and electrical supply systems and a sewage disposal system.
- B. A single recreational vehicle, as defined in DCC Title 18, may be located on a lot or parcel not containing a dwelling unit and not within a manufactured dwelling park, mobile home park, or recreational vehicle park and used as a temporary dwelling:
1. For a period totaling not more than 30 days in any consecutive 60-day period without obtaining a land use permit from the Deschutes County Planning Division; or
 2. For a total period not to exceed six months in a calendar year by obtaining a temporary use permit under the terms of DCC 18.116.095 from the Deschutes County Planning Division. A temporary use permit may be renewed annually for use of a recreational vehicle under the terms of DCC 18.116.095 on the same lot or parcel.
- C. A single recreational vehicle, as defined in DCC Title 18, may be located on a lot or parcel containing a manufactured dwelling or single-unit dwelling, where such dwelling is uninhabitable due to damages from natural disasters, including wildfires, earthquakes, flooding, or storms until no later than the date:
1. The single-unit dwelling or manufactured dwelling has been repaired or replaced and an occupancy permit has been issued;
 2. The local government makes a determination that the owner of the single-unit dwelling or manufactured dwelling is unreasonably delaying in completing repairs or replacing the dwelling; or
 3. ~~Twenty-four months~~ **Five years** after the date the single-unit dwelling or manufactured dwelling first became uninhabitable.

D. In the RR-10 and MUA-10 Zones, a single recreational vehicle, as defined in DCC Title 18, may be established as a rental dwelling provided the following requirements are met:

1. Prior to locating any recreational vehicle as a rental dwelling on a lot or parcel, the property owner must obtain County siting approval for the area of the lot or parcel upon which the recreational vehicle will be located and demonstrate compliance with the following standards:
 - a. The subject lot or parcel contains a single-unit dwelling or manufactured dwelling that is occupied as the primary residence of the property owner;
 - 1) As used in this section, “siting approval” includes County approval and/or property owner application for review of the proposed area for a recreational vehicle as a rental dwelling; and
 - 2) As used in this section, “primary residence” means a dwelling unit occupied by the property owner on a long-term or permanent basis.
 - b. The lot area is at least two acres, with the exception of those unsewered areas between Sunriver and the Klamath County border, defined as those unincorporated portions of Deschutes County contained in Townships 19S, 20S, 21S, and 22S and Ranges 9E, 10E and 11E. Within these exception areas, the lot area is at least five acres;
 - c. There are no other dwelling units, guest houses, or occupied recreational vehicles on the lot or parcel and no portion of the single-unit dwelling or manufactured dwelling is rented for residential tenancy. This prohibition does not apply to a recreational vehicle under 18.116.095(C).
 - d. The lot or parcel is not within an area designated as an urban reserve in the Deschutes County Comprehensive Plan;
 - e. The recreational vehicle shall maintain a setback of at least 10 feet from any structure and must be located no farther than 100 feet from the single-unit dwelling. This distance shall be measured from the

closest wall of the single-unit dwelling existing on May 7, 2025 to the closest wall of the recreational vehicle;

- f. The property owner will provide essential services to the recreational vehicle space including:
 - 1) Sewage disposal, listed frost protected water supply, electrical supply and, if required by applicable law, any drainage system, all installed with permits and to applicable codes; and
 - 2) Any other service or habitability obligation imposed by the rental agreement or ORS 90.730 (Landlord duty to maintain rented space, vacant spaces and common areas in habitable condition), the lack or violation of which creates a serious threat to the tenant's health, safety or property or makes the rented space unfit for occupancy;
- g. At the time of application, the property owner must demonstrate an application has been made to the Onsite Wastewater Division for any necessary onsite wastewater disposal permits.
- h. At the time of application, a letter confirming that the supplier of water is "Willing and Able to Serve" the recreational vehicle shall be provided if the recreational vehicle is to be served by any water source other than an onsite domestic well.
- i. At the time of application, the property owner must demonstrate an application has been made to the Deschutes County Address Coordinator for an address for the recreational vehicle.
- j. The property owner shall provide a parking pad for the recreational vehicle with a surface material of compacted gravel with a minimum thickness of 4", concrete with a minimum thickness of 3.5", or asphalt with a minimum thickness of 3";
- k. If the recreational vehicle will be located within a structure, the structure shall be entirely open on two or more sides;
- l. The property owner shall demonstrate compliance with one of the following defensible space requirements:
 - 1) The property owner shall maintain a 20-foot radius of non-combustible ground cover consisting of gravel, concrete,

asphalt, grass mowed to less than four inches, or a combination of these; or

- 2) Prior to the siting of a recreational vehicle on the property, the property owner shall construct and maintain defensible space and fuel breaks as developed in consultation with local fire protection service providers who have received training or certification described in ORS 181A.410. Applicable defensible space and fuel breaks shall be on land surrounding the recreational vehicle on land that is owned or controlled by the owner.
- m. The property owner shall demonstrate compliance with one of the following emergency access requirements:
- 1) Access to the recreational vehicle must be provided by a continuous, minimum 12-foot width onsite driveway with an unobstructed horizontal clearance of not less than 20 feet and an unobstructed vertical clearance of not less than 13.5 feet, designed and maintained as follows:
 - A. Composed of an all-weather surface including asphalt or concrete; or
 - B. Designed and maintained to support a minimum gross vehicle weight (GVW) of 75,000 lbs as certified by a Professional Engineer, registered in Oregon;
 - 2) The property owner shall provide written confirmation from a fire protection service provider with professionals who have received training or certification described in ORS 181A.410, on a form prepared by Deschutes County, that access to the recreational vehicle meets minimum fire district requirements to provide emergency services to the property.
- n. Prior to siting any recreational vehicle as a rental dwelling, the property owner shall sign and record with the County Clerk a restrictive covenant stating a recreational vehicle allowed under DCC 18.118.095(D) cannot be used for vacation occupancy, as defined in DCC 18.116.095(D)(1)(n)(i) and consistent with ORS 90.100, or other short-term uses.

- 1) “Vacation occupancy” means occupancy in a dwelling unit, not including transient occupancy in a hotel or motel, that has all of the following characteristics:
 - A. The occupant rents the unit for vacation purposes only, not as a principal residence; and
 - B. The occupant has a principal residence other than at the unit; and
 - C. The period of authorized occupancy does not exceed 45 days.
 - o. For properties located in the Wildlife Area Combining Zone, a recreational vehicle approved under this section is subject to the dwelling siting standards of DCC 18.88.060(B); and
 - p. For properties located in the Surface Mining Impact Area Combining Zone, a recreational vehicle approved under this section is subject to site plan approval pursuant to DCC 18.56.
2. Each recreational vehicle used as a rental dwelling must comply with the following standards:
 - a. The recreational vehicle is subject to a written residential rental agreement as defined in ORS 90.100(39);
 - b. The recreational vehicle shall be owned or leased by the tenant;
 - c. The recreational vehicle shall include an operable toilet and sink;
 - d. The recreational vehicle has not been rendered structurally immobile; and
 - e. The recreational vehicle shall be titled with a Department of Transportation.
 - E. All necessary permits shall be obtained from the Deschutes County Building Safety Division before connecting a recreational vehicle to sewer, water and/or electric utility services.
 - F. A permit shall be obtained from the Deschutes County Environmental Health Division before disposing any wastewater or sewage on-site.

- G. A recreational vehicle used as a dwelling or temporary dwelling unit shall meet the same setbacks required of a permanent dwelling on the subject lot or parcel.
- H. A recreational vehicle shall be fully licensed and ready for highway use, on its wheels or jacking system, shall be attached to the site only by quick disconnect type utilities and security devices, and shall have no permanently attached additions.
- I. As identified in this section, a single recreational vehicle located within a special flood hazard area is subject to the standards and criteria established by DCC 18.96.

[18.116.250 Wireless Telecommunications Facilities](#)

A. Tier 1 Facilities. Wireless telecommunications facilities that do not require aviation lighting, that utilize natural wood colors or muted tones from amongst colors approved by Ordinance 97-017, that utilize a radio equipment cabinet or shelter that is less than 200 square feet in area and less than 10 feet in height, and that meet the following standards are allowed outright in any zone other than the Exclusive Farm Use, the Surface Mining Zone, and the Forest Zones and shall not be subject to any other provision of the zone:

1. Facilities established by co-locating an additional set of antennas on an existing wireless telecommunications tower or monopole that do not exceed the County approved height of the tower or monopole. Notwithstanding any provision of DCC 18.116.250(A), facilities established under DCC 18.116.250(A)(1) are permitted outright in any zoning district.
2. Facilities that make use of existing vertical, lawfully established structures, including but not limited to power or telephone utility poles or towers, parking lot or street lighting standards or flagpoles. A pole location in a public right of way shall not be fenced. Antennas established on an existing vertical structure shall be installed so that they do not exceed the height of the existing vertical structure by more than 15 feet. New structures in this category are limited to equipment shelters that do not require a building permit. Walk-in equipment shelters shall be set back out of any road right of way at least 20 feet back from the pole location. Any necessary road right of way permits shall be obtained from the Deschutes County Road Department. Equipment cabinets shall be subject only to the road right of way setback requirements.

3. Facilities that are established by attaching or placing an antenna or set of antennas on an existing, lawfully established building not designated as an historic structure, where the antenna array does not exceed the height of the building by more than 15 feet. All equipment shall be stored inside a building.
 4. Facilities that include installation of a new wood monopole that does not exceed the height limit of the underlying zone, and does not exceed 45 feet in height. All equipment shall be stored in a building that has a floor area that does not exceed 200 square feet in area and does not exceed 10 feet in height. The monopole, and any building, shall be set back from abutting lot lines according to the setbacks of the underlying zone. Any microwave dishes installed on the monopole shall not exceed a diameter of four feet. No more than two dishes shall be installed on a monopole or tower. The perimeter of a lease area for a facility established under DCC 18.116.250(A)(4) shall be landscaped with shrubs eight feet in height and planted a maximum of 24 inches on center.
- B. Tier 2 Facilities. Wireless telecommunications facilities that do not require aviation lighting, that utilize a wood monopole for supporting antennas and/or microwave dishes and that meet the criteria in DCC 18.116.250 are allowed outright, subject to site plan review under DCC 18.116.250(B) (and not DCC 18.124.060) in the following zones: La Pine Commercial District (LPCD), La Pine Industrial District (LPID), Rural Industrial (RI), Rural Service Center (RSC), Rural Service Center-Wickiup Junction (RSC-WJ), Terrebonne Commercial District (TeC), and Tumalo Commercial District (TuC). Lattice towers or metal monopoles are not permitted with a Tier 2 facility.
1. An application for site plan review for a Tier 2 wireless telecommunications facility shall meet the following criteria:
 - a. Maximum Monopole Height. In the LPCD, LPID, RSC, RSC-WJ, TeC, and TuC zones, the maximum height of a monopole, including antennas and microwave dishes for a wireless telecommunications facility shall be 60 feet from finished grade. In the RI Zone, the maximum height of a monopole, including antennas and microwave dishes, for a wireless telecommunications facility shall be 75 feet from finished grade.
 - b. Setbacks. All equipment shelters shall be set back from lot lines according to the required setbacks of the underlying zone. A monopole shall be set back from any adjacent dwelling unit a

distance equal to the height of the monopole, including antennas and microwave dishes, from finished grade, or according to the setbacks of the underlying zone, whichever is greater.

- c. Shelters. Any equipment shelter shall be finished with natural aggregate materials or from colors approved with Ordinance 97-017.
- d. Landscaping. The perimeter of a lease area shall be landscaped with plant materials appropriate for its location. The lessee shall continuously maintain all installed landscaping and any existing landscaping used to screen a facility.
- e. Cabinets. Any equipment cabinets shall be finished with colors from amongst those colors approved with Ordinance 97-063. Such colors shall be non-reflective and neutral.
- f. Fences. A sight-obscuring fence, as defined by DCC Title 18, shall be installed around the perimeter of the lease area. The sight obscuring fence shall surround the monopole and the equipment shelter.

C. Tier 3 Facilities. Wireless telecommunications facilities (or their equivalent uses described in the EFU, Forest, and SM Zones) not qualifying as either a Tier 1 or 2 facility may be approved in all zones, subject to the applicable criteria set forth in DCC 18.128.330 and 18.128.340.

1. A request for a written determination from the County as to whether a proposed facility falls within Tiers 1 or 2 of DCC 18.116.250 shall be submitted to the County in writing and accompanied by a site plan and proposed schematics of the facility. If the County can issue a written determination without exercising discretion or by making a land use decision as defined under ORS 197.015(10), the County shall respond to the request in writing.

2. A request for a written determination from the County as to whether a proposed facility falls within Tiers 1 or 2 of DCC 18.116.250 that involves exercising discretion or making a land use decision shall be submitted and acted upon as a request for a declaratory ruling under DCC 22.40.

D. Spectrum Act Eligible Facilities Requests.

1. All eligible facility reviews submitted in accordance with the Spectrum Act, Section 6409 of the Middle Class Tax Relief and Job Creation Act of 2012, 47 U.S.C. §1455(a), shall be reviewed under the standards listed therein.

2. If the County determines that a proposed collocation or modification of an existing tower or base station will substantially change the physical dimensions of such tower or base station, the Spectrum Act is inapplicable and this subsection (D) shall not apply. Such an application will be reviewed pursuant to DCC 18.116.250(A), (B) or (C) as a land use action pursuant to DCC Title 22.

18.116.290 Amateur Radio Facilities

A. Amateur radio facilities shall meet the following criteria:

1. Antenna support structures, including guy wires and anchors shall be located outside of the required front, rear, and side setback areas;
2. Metal structures shall have a galvanized finish, or flat or matte silver, or flat or matte gray in color;
3. Amateur radio facilities shall not include attached signage, symbols, or decorations, lighted or otherwise, other than required unlighted signage for safety or regulatory purposes;
4. The property owner shall obtain a valid building permit if required from the Deschutes County Community Development Department, Building Safety Division;
5. The height of amateur radio facilities shall be excepted from that of the underlying zoning district in accordance with B and C below, unless located in the AS, AD, or LM zones per DCC 18.120.040(A)(~~15~~).

B. Amateur radio facilities up to 70 feet in height are allowed outright in any zone as an accessory use if the provisions of subsection (A) and (B)(1) are otherwise met.

- 1. FCC License. The property owner shall obtain a current, valid FCC Amateur Radio License for the operation of amateur ("Ham") radio services in the name of the property owner.
- C. Amateur radio facilities over 70 feet in height, up to 200 feet maximum height, are subject to the requirements under subsection (A) and (C)(1)(2), and any conditions of land use approval
- 1. Compliance with Federal and State Regulations
 - a. The property owner shall demonstrate compliance with applicable Federal Communications Commission (FCC), Federal Aviation Administration (FAA), and Oregon Department of Aviation (ODA) restrictions if applicable by submitting copies of the FCC's, FAA's, and ODA's written determination to the Deschutes County Community Development Department.
 - 2. FCC License
 - a. The property owner shall provide documentation of a current, valid FCC Amateur Radio License for the operation of amateur ("Ham") radio services in the name of property owner.
 - b. Compliance may be demonstrated by submitting a copy of the property owner's Amateur Radio License to the Deschutes County Community Development Department.

[18.128.170 Recreational Vehicle Park](#)

A recreational vehicle park shall conform to state standards in effect at the time of construction, or in the case of pre-existing parks in the MUA-10 and RR-10 zone, at the time of permitting under DCC 18.128.170, and the following conditions:

- A. The space provided for each recreational vehicle shall be not less than 700 square feet exclusive of any space used for common areas such as roadways, general use structures, walkways, parking spaces for vehicles other than recreational vehicles, and landscaped areas.
- B. Roadways shall be not less than 30 feet in width if parking is permitted on the margin of the roadway, or not less than 20 feet in width if parking is not permitted on the edge of the roadway and shall be paved with asphalt, concrete, or similar impervious surface and designed to permit easy access to each recreational vehicle space.
- C. A space provided for a recreational vehicle shall be covered with crushed gravel or paved with asphalt, concrete, or similar material and be designed to provide for the control of runoff of surface water. The part of the space which is not occupied by the recreational vehicle, not intended as an access way to the recreational vehicle or part of an outdoor patio, need not be paved or covered with gravel provided the area is landscaped or otherwise treated to prevent dust or mud.
- D. A recreational vehicle space shall be provided with piped potable water and sewage disposal service. A recreational vehicle staying in the park shall be connected to the

water and sewage service provided by the park if the vehicle has equipment needing such service.

- E. A recreational vehicle space shall be provided with electrical service.
- F. Trash receptacles for the disposal of solid waste materials shall be provided in convenient locations for the use of guests of the park and located in such number and of such capacity that there is no uncovered accumulation of trash at any time.

~~G. No recreational vehicle shall remain in the park for more than 30 days in any 60 day period.~~

H.G. The total number of parking spaces in the park, except for the parking provided for the exclusive use of the manager or employees of the park, shall be one space per recreational vehicle space. Parking spaces shall be covered with crushed gravel or paved with asphalt, concrete or similar material.

H.H. The park shall provide toilets, lavatories and showers for each sex in the following ratios: For each 15 recreational vehicle spaces or any fraction thereof, one toilet, one urinal, one lavatory and one shower for men; two toilets, one lavatory and one shower for women. The toilets and showers shall afford privacy and the showers shall be provided with private dressing rooms. Facilities for each sex shall be located in separate buildings, or, if in the same building, shall be separated by a soundproof wall.

[19.88.170 Housing For The Elderly](#)

The purpose of DCC 19.88.170 is to establish standards for housing developments for the elderly within the RH zone. Housing developments for the elderly shall be exempted from applicable zone regulations only insofar as the provisions in DCC 19.88.170 conflict with appropriate regulations.

- A. The minimum lot area for single-unit dwellings and duplexes shall be 5,000 square feet. For each additional dwelling unit, the original lot area shall be increased by 360 square feet provided that more than 50 percent of the dwelling units shall be studio apartments. For the purpose of DCC 19.88.170, a studio apartment is defined as an apartment with one primary room and having no bedrooms.
- B. The combined lot coverage of all structures shall not exceed 50 percent of the lot area.
- C. Off-street parking shall be provided as follows: Total Off Street Parking Area - .75 space per dwelling unit. Improved Off-Street Parking Area - .33 space per dwelling unit. As long as the multiple-unit dwelling serves as housing for the elderly in terms of the original intent for the development, the smaller parking requirement shall apply. Any applicant must provide a site plan showing the total off-street parking area including access and parking spaces in the event the development ceases to serve as housing for the elderly or requires additional parking. In the event that the development ceases to serve as housing for the elderly in terms of the original intent of the development, and the larger off-street parking area does not meet the parking needs of the development, the [Planning Director or Hearings Body](#) [Planning Commission](#) may require development of the total or larger off-street parking area.

19.88.310 Recreational Vehicle As A Temporary Dwelling On An Individual Lot Or Parcel

- A. A single recreational vehicle, as defined in DCC Title 19, may be located on a lot or parcel containing a manufactured dwelling or single-unit dwelling, where such dwelling is uninhabitable due to damages from natural disasters, including wildfires, earthquakes, flooding, or storms until no later than the date:
 - 1. The single-unit dwelling or manufactured dwelling has been repaired or replaced and an occupancy permit has been issued;
 - 2. The local government makes a determination that the owner of the single-unit dwelling or manufactured dwelling is unreasonably delaying in completing repairs or replacing the dwelling; or
 - 3. Five years after the date the single-unit dwelling or manufactured dwelling first became uninhabitable.

HISTORY

Adopted by Ord. [2026-006](#) §18 on 4/22/2026

19.88.320 Manufactured Dwelling Or Recreational Vehicle As A Temporary Hardship

Dwelling

- A. As used in this section, "hardship" means a medical hardship or hardship for the care of an aged or infirmed person or persons experienced by the existing resident or relative.
- B. As used in this section, "relative" means a grandparent, step-grandparent, grandchild, step-grandchild, parent, step-parent, child, step-child, brother, sister, sibling, step-sibling, either blood or legal relationship, niece, nephew, uncle, aunt, or first cousin.
- C. A temporary use permit for the term of the hardship for one of the following hardship dwelling types may be granted on a lot or parcel in conjunction with an existing primary dwelling unit:
1. One manufactured dwelling of any class;
 2. One recreational vehicle subject to the criteria under subsection (F).
- D. The hardship dwelling must use the same onsite septic disposal system used by the existing primary dwelling unit, provided that the existing onsite septic system is adequate to accommodate the hardship dwelling. If the hardship dwelling will be connected to a community sewer system this requirement does not apply.
- E. Prior to initiating the use, the property owner must obtain all necessary permits from the Deschutes County Building and Onsite Wastewater Divisions.
- F. A recreation vehicle hardship dwelling must comply with all of the following requirements:
1. The recreational vehicle must have a sink and toilet;
 2. The recreational vehicle must comply with all setbacks of the underlying zone(s);
 3. The recreational vehicle must be fully licensed;
 4. The recreational vehicle must be ready for highway use, on its wheels or jacking system, and must be attached to the site only by quick disconnect type utilities and security devices;
 5. A recreational vehicle hardship dwelling located in a special flood hazard area must comply with DCC 19.72; and
 6. Permanent attached additions are prohibited.
- G. One temporary use permit for a hardship dwelling is permitted provided there is no guest house, recreational vehicle as a rental dwelling, or accessory dwelling unit on the subject lot or parcel. A recreational vehicle permitted under DCC 19.88.310(A) is allowed in addition to a hardship dwelling.
- H. The hardship shall be verified by a state-licensed medical practitioner's written statement.
- I. The temporary use permit shall be reviewed every two years to ensure ongoing compliance with the terms of DCC 19.88.320.
- J. Within three months of the end of the hardship, one of the following must occur:

1. The manufactured dwelling shall be removed, demolished, or converted to an allowed use in the underlying zones(s);
2. The recreational vehicle shall be vacated, and disconnected from any electric, water or septic/sewer facility connection; or
3. For an existing building used as a hardship dwelling, the building must be converted to a permitted use in the underlying zone(s).

FINDINGS

HOUSEKEEPING TEXT AMENDMENTS

I. **APPLICABLE CRITERIA:**

Title 22, Deschutes County Development Procedures Ordinance

II. **BACKGROUND:**

The Planning Division regularly proposes amendments to the Deschutes County Code (DCC) and the Comprehensive Plan to correct minor errors identified by staff, other County departments, and the public. This process, commonly referred to as housekeeping, also incorporates updates from rulemaking at the state level through amendments to Oregon Revised Statutes (ORS) and Oregon Administrative Rules (OAR), maintains compliance with federal law, and allows for less substantive code changes to facilitate continuation of efficient County operations.

The last time Deschutes County adopted housekeeping amendments occurred in October 2024¹.

III. **BASIC FINDINGS:**

The Planning Division determined minor changes were necessary to clarify existing standards and procedural requirements. These changes include less substantive code alterations, incorporate changes to state and federal law, and correct errors found in various sections of the Deschutes County Code (DCC). Staff initiated the proposed changes and notified the Oregon Department of Land Conservation and Development on January 8, 2026 (File no. 247-26-000007-TA). As demonstrated in the findings below, the amendments remain consistent with Deschutes County Code, the Deschutes County Comprehensive Plan, and the Statewide Planning Goals.

IV. **FINDINGS:**

CHAPTER 22.12, LEGISLATIVE PROCEDURES

Section 22.12.010.

Hearing Required

¹ Ordinances 2024-008.

No legislative change shall be adopted without review by the Planning Commission and a public hearing before the Board of County Commissioners. Public hearings before the Planning Commission shall be set at the discretion of the Planning Director, unless otherwise required by state law.

FINDING: This criterion will be met because a public hearing was held before the Deschutes County Planning Commission (Commission) on February 12, 2026 and a public hearing was held before the Board of County Commissioners (Board) on April 8, 2026.

Section 22.12.020, Notice

Notice

A. Published Notice

- 1. **Notice of a legislative change shall be published in a newspaper of general circulation in the county at least 10 days prior to each public hearing.**
- 2. **The notice shall state the time and place of the hearing and contain a statement describing the general subject matter of the ordinance under consideration.**

FINDING: This criterion is met as notice was published in *The Bulletin* newspaper on January 30, 2026 for the Commission public hearing and on March 10, 2026 for the Board public hearing.

B. Posted Notice. Notice shall be posted at the discretion of the Planning Director and where necessary to comply with ORS 203.045.

FINDING: Posted notice was determined by the Planning Director not to be necessary.

C. Individual notice. Individual notice to property owners, as defined in DCC 22.08.010(A), shall be provided at the discretion of the Planning Director, except as required by ORS 215.503.

FINDING: The proposed amendments are legislative and do not apply to any specific property. Therefore, individual notice is not required.

D. Media notice. Copies of the notice of hearing shall be transmitted to other newspapers published in Deschutes County.

FINDING: Notice was provided to the County public information official for wider media distribution. This criterion has been met.

Section 22.12.030 Initiation of Legislative Changes.

A legislative change may be initiated by application of individuals upon payment of required fees as well as by the Board of County Commissioners.

FINDING: The application was initiated by the Deschutes County Planning Division at the direction of the Board and has received a fee waiver. This criterion has been met.

Section 22.12.040. Hearings Body

- A. *The following shall serve as hearings or review body for legislative changes in this order:***
 - 1. *The Planning Commission.***
 - 2. *The Board of County Commissioners.***
- B. *Any legislative change initiated by the Board of County Commissioners shall be reviewed by the Planning Commission prior to action being taken by the Board of Commissioners.***

FINDING: This criterion is met as the Commission held a public hearing on February 12, 2026. The Board held a public hearing on April 8, 2026.

Section 22.12.050 Final Decision

All legislative changes shall be adopted by ordinance

FINDING: The proposed legislative changes included in file no. 247-26-000007-TA will be implemented by ordinances upon approval and adoption by the Board.

V. PROPOSED TEXT AMENDMENTS:

The proposed text amendments are detailed in the referenced ordinance with additional text identified by underline and deleted text by ~~striketrough~~. Below are summary explanations of the proposed changes.

Section 18.16.050. Standards For Dwellings In The EFU Zones

The proposed amendments correct a state statute reference error concerning the appropriate data and methodology when determining tract sizes and gross incomes to satisfy income standards for farm-related dwellings on non-high value farmland. The current statutory references have been changed from OAR 660-033-0135(3) and OAR 660-033-0135(4), to OAR 660.033.0135(2) respectively.

Section 18.116.030. Off-Street Parking And Loading

The proposed amendments correct a scrivener’s error to the “Street Parking Lot Design Table” column and row identifiers to accurately conform with listed standards under DCC 18.116.030(G).

Temporary Natural Disaster Dwelling Amendments

Section 18.116.095. Recreational Vehicle As A Temporary Dwelling On An Individual Lot Or Parcel

Section 19.88.310. Recreational Vehicle As A Temporary Dwelling On An Individual Lot Or Parcel

Natural disaster hardship dwellings were originally established as a lawful use statewide pursuant to House Bill (HB) 2809 (2021). This bill allows the temporary establishment of a recreational vehicle as a dwelling unit if a primary dwelling unit on a property is damaged due to a natural disaster event. Previously this use was permitted for a period of twenty-four months from the date of a qualifying event, however HB 2898 (2023) extended this approval window to five years. Additionally, this use was not included within Title 19 areas when the provision was initially adopted in Deschutes County, and the proposed amendments now clarify that this is a use allowed within Title 19 zones.

Residential Homes And Residential Facilities

Section 18.116.210. Residential Homes And Residential Facilities

Section 19.88.330. Residential Homes And Residential Facilities

The most recent housekeeping amendments (Ordinance 2024-008) modified previous Deschutes County standards regarding residential homes and residential facilities across all zones to match the state statutory standards of ORS 197.665 and 197.667, respectively.

The intent of these previous amendments was to continue allowing residential homes and residential facilities in all areas where they were previously allowed, except those specific zoning districts which are now precluded by statute. However, residential facilities were unintentionally excluded from certain zones which previously would have allowed the use. The proposed amendments would reinstate those uses in the relevant zones, and establish a consistent summary table of zones where residential homes and facilities are allowed in Deschutes County to reduce confusion from citizens and planning staff.

The proposed amendments also remove all chapter-specific references to residential homes and facilities within the respective zoning districts, correct references associated with renumbering uses, and add a new residential homes and facilities chapter to Title 19 (DCC 19.88.330), matching the framework outlined in Title 18.

Spectrum Act Amendments

Section 18.116.250. Wireless Telecommunication Facilities

Section 19.88.300. Wireless Telecommunication Facilities

In 2012, the Middle Class Tax Relief and Job Creation Act, or “Spectrum Act,” was passed. This large omnibus bill addressed multiple issues, including reducing barriers for wireless telecommunication facilities. Expanding wireless infrastructure promotes economic development, provides service to rural residents, and helps build resiliency within communication networks. In addition, improving these networks will benefit first responders and other public services that rely on them. Section 6409(a) of the Spectrum Act specifically prohibited local jurisdictions from denying an “eligible facilities request,” which is collocation of equipment or minor modifications to existing towers and base stations.

In 2014, the Federal Communications Commission (FCC) adopted rules to clarify section 6409(a) of the Spectrum Act of 2012. These rules provided guidance for local jurisdictions on how to implement the Spectrum Act, particularly for jurisdictions that had existing, more restrictive criteria for wireless facilities. Perhaps most importantly, the 2014 rules provided the following definition of an “eligible facilities request.”

...any request for modification of an existing tower or base station that does not substantially change the physical dimensions of such tower or base station, involving: (i) Collocation of new transmission equipment; (ii) Removal of transmission equipment; or (iii) Replacement of transmission equipment.

The guidelines provided clarity to cities and counties regarding the types of wireless telecommunications applications that must be approved. The rules adopted in 2014 also included a new 60-day ‘shot clock,’ in which the County must approve an “eligible facilities request.” The 2014 order from the FCC states that if a jurisdiction does not approve or deny a request within 60 days, it “shall be deemed granted.” This timeline is significant because request for wireless telecommunications facilities were previously subject to a 90-day ‘shot clock,’ per federal law.

The review process outlined in the Spectrum Act does not align with Deschutes County Code, which reviews wireless telecommunications facilities pursuant to DCC 18.116.250. The proposed amendments will update Deschutes County Code so it is consistent with federal regulations. The County may be vulnerable to appeals, and other types of legal action, if it denies a request for an eligible facilities request, and therefore violates the Spectrum Act. The proposed amendments also add a new section with Title 19 (DCC 19.88.300) detailing the requirements for wireless telecommunication facilities and the Spectrum Act within Title 19 zones.

Section 18.116.290. Amateur Radio Facilities

The proposed amendments correct a misaligned reference dealing with height limitation exceptions for amateur radio facilities from DCC 18.120.040(A)(1) to DCC 18.120.040(A)(5).

Section 18.128.170. Recreational Vehicle Park

In accordance with ORS 197.493.1.b.A, local governments may not impose any limit on the length of occupancy of a recreational vehicle as a residential dwelling if the recreational vehicle is located in a manufactured dwelling park, mobile home park, or recreational vehicle park. The current Deschutes County Code includes a limitation that no recreational vehicle may remain in a recreational vehicle park for longer than 30 days in any 60-day period. The proposed amendments strike this standard to maintain alignment with state statute.

Temporary Hardship Dwelling Amendments

Section 19.12.020 Permitted Uses

Section 19.20.020 Permitted Uses

Section 19.22.020 Permitted Uses

Section 19.88.320 Manufactured Dwelling Or Recreational Vehicle As A Temporary Hardship Dwelling

A recent set of text amendments (file no. 247-25-000078-TA) updated the requirements for temporary hardship dwellings to conform with state law and provide consistency for the review of hardship dwellings across multiple county zones. Staff determined late in the adoption process that updates to Title 19 were required, but not included in the original scope of the amendment package.

The proposed amendments herein will update sections DCC 19.12, DCC 19.20, and DCC 19.22 to explicitly list a temporary hardship dwelling as a permitted use. Additionally, a new chapter is proposed (DCC 19.88.320) which enumerates and clarifies the requirements for temporary hardship dwellings in Title 19 to match the current standards in Title 18.

Title 19 Review Body Amendments

Section 19.04.040 Definitions

Section 19.80.040 Number of Spaces Required

Section 19.88.070 Keeping of Livestock

Section 19.88.170 Housing For The Elderly

Section 19.92.060 Authorization For Similar Uses

Section 19.92.100 Mines, Quarries, Gravel Pits Or Gravel Removal Sites

Section 19.116.010 Amendments

There is confusion within Title 19 zones regarding who the appropriate review body should be for both quasi-judicial and legislative matters. In certain cases, there is reference to the "Planning Commission," which in Title 19 is currently defined as "the Planning Commission of the Bend Urban Area." However, staff notes that the Planning Commission of the Bend Urban Area is no longer a functional review body, and thus it is unclear who should perform reviews under those particular cases.

The proposed amendments replace "Planning Commission" references within Title 19 to the "Planning Director or Hearings Body." This language matches current standards within Title 18 and aligns review body procedures across both Title 18 and 19. Finally, given the defunct status of the Planning Commission of the Bend Urban Area, the definition for "Planning Commission" has been removed from Title 19.

VI. CONCLUSION:

Based on the information provided herein, the staff recommends the Board of County Commissioners approve the proposed text amendments that make minor changes necessary to clarify existing standards and procedural requirements, incorporate changes to state and federal law, and to correct errors in the Deschutes County Code.
