  • [redacted] – Probationary Review
FY 23-24 Department Budget Details

Total Budget = $2,150,360

Budget Change = 10.80%

Department charges are based on budgeted FTE.

23-24 RESOURCES

Human Resources

- Beginning Working Capital: 9%
- Interfund Charges: 91%

05/23/2023 Item #2.
FY 23-24 Department Budget Details

23-24 REQUIREMENTS

Personnel Services:
Succession planning for an upcoming retirement.

Materials and Services:
Increase in cost of services generally and especially for training and education services.
FY 23-24 Department Fiscal Issues

Short-term Fiscal Issues
• Spiking costs in cost of living, materials, and services, specifically in performance development and training.
• Ensuring the Health Benefit Fund reserve stays within policy requirements, given costs of health care are increasing.

Long-term Fiscal Issues
• Increased cost of living and rising mortgage rates will continue to be a factor in attracting talent to the area.
• Balance providing robust and competitive health insurance and benefits package while managing the surging costs of health care.
Current Challenges and Future Initiatives

Challenges

• Transferring and replacing knowledge post staff retirement.

• Manual processes within Leave program administration.

• Manual processes around benefits enrollment, specifically retiree health insurance administration.

Future Initiatives

• Employee Performance Review Modernization

• Paid Leave Oregon Integration

• Policy and Rules Updates

• RFPs for Pharmacy Benefit Manager and Deferred Compensation (457 plans)
Health Benefits (Fund 675)

- The impacts of inflation, supply chain disruptions, historic labor shortages, and delayed care are creating significant economic challenges for the entire industry.
FY 23-24 Division Budget Details

23-24 RESOURCES

• Beginning working capital projected at $5.7M and ending near $3.8M.

• The department rate is being increased by 11% this FY with plans to increase by 25%+ in the following year.

• Employee premium cost-shares typically make up 5.5% of the full premium rate.

As of March 2023
FY 23-24 Division Budget Details

23-24 REQUIREMENTS

- Claim spend has not returned to pre-pandemic increases as anticipated.
- Claim spend average year over year pre-pandemic was 3.5%, now averaging 10.8%.
- FY22 alone saw a 29.3% cost increase.
- Covered lives on the plan increased at a higher rate.

As of March 2023

The Deschutes County Human Resources Team

Make the Work You Do Matter.
Information Technology

Presenters:
Tania Mahood
Kevin Furlong
The IT Department for Deschutes County provides reliable, innovative, cost-effective, and proven solutions to residents, the business community, and County staff to contribute to the success of the citizens.
IT Accomplishments

- Converted all accounts to Microsoft 365
- Assembled an advisory group to provide direction on how the County implements and uses Microsoft 365
- Completed the onboarding of the managed cybersecurity service provider
- Filled the IT Director position
- Installed new firewalls
FY 23-24 IT Budget Details

Fund 660 - IT

23-24 RESOURCES

• IT is funded by internal service charges

• ISF charges increased 5.42% from the previous budget year. Attributed to inflation and moving two FTE from other IT funds into this fund

• Moved Microsoft 365 licensing costs out of this fund and into 661 fund until licensing costs level out
FY 23-24 IT Budget Details

Fund 660 - IT

23-24 REQUIREMENTS

- Personnel Services and the cost of employees projected at $3.1M for FY24
- Major expenditures consist of $200K in contracted services, $226K for software maintenance and agreements
- Contracted services include managed cybersecurity vendor. Software maintenance and agreements majority of expenditure
FY 23-24 IT Fiscal Issues

Fund 660 - IT

Short-term Fiscal Issues

- Microsoft 365 licensing was moved out of this fund into the reserve fund (661)
- The department anticipates potential need for additional FTE pending further information

Long-term Fiscal Issues

- Meet the needs of a growing organization that is becoming more reliant on technology
- Preparing for and managing the increased cost of labor, acquisition of equipment, and maintaining systems to sustain current and expanding services
- Managing the costs associated with meeting security requirements

Microsoft 365 licensing was moved out of this fund into the reserve fund (661)
The department anticipates potential need for additional FTE pending further information
Current Challenges and Future Initiatives

**Fund 660 - IT Challenges**

- Increased cybersecurity requirements
- Increased costs of labor, services, and products
- Providing staff development and training to keep relevant and up-to-date
- Hiring and maintaining appropriate staffing to meet the needs of a growing organization
- 10% turnover in existing staff due to retirement
- Undefined maturity level of the IT organization to benchmark against other like-sized organizations

**Future Initiatives**

- Benchmark our security posture with peers
- Establish an emerging IT Service Management practice inspired by Information Technology Infrastructure Library (ITIL) framework starting with change management
- Objectively establish the maturity of the organization
- Possess a minimum level IG2 for 18 CIS Critical Security Controls
- Provide 10 employee trainings/yr. shaped by the outcome of the IT engagement with stakeholder's
- Provide opportunities, pathways, and processes to engage with stakeholders
FY 23-24 IT Budget Details

Fund 661 – IT Reserve

23-24 RESOURCES

- IT Reserve is funded by internal service charges
- ISF charges increased 30.01% from the previous budget year
- Attributed to the move of Microsoft 365 licensing costs out of fund 660 and into this fund
FY 23-24 IT Budget Details

Fund 661 – IT Reserve

23-24 REQUIREMENTS

- Major expenditures including software licensing of Microsoft 365 licensing ($283.6K), computers & peripherals ($70K), and technology improvements ($248K)
FY 23-24 IT Fiscal Issues

Fund 661 – IT Reserve

Short-term Fiscal Issues
• Microsoft 365 licensing was moved to 661 from 660 but will be moved back to 660 when licensing stabilization has occurred, approximately FY26

Long-term Fiscal Issues
• None identified
FY 23-24 IT Budget Details

Fund 305 – GIS Dedicated

23-24 RESOURCES

• Majority of revenues come from clerk and surveyor fees.
FY 23-24 IT Budget Details

Fund 305 – GIS Dedicated

23-24 REQUIREMENTS

- Personnel Services and the cost of employees is projected at $284K for 19 employees

- This decrease is attributed to moving 30% of one FTE into 660
FY 23-24 IT 305 Fiscal Issues

Fund 305 – GIS Dedicated

Short-term Fiscal Issues

• Revenue is projected to decline by 42% due to the decrease of recording title transfers and security interests

• Removed the funding for aerial photography due to decreased revenue

Long-term Fiscal Issues

• The revenue instability creates challenges with long-term planning
Current Challenges and Future Initiatives

**Fund 305 – GIS Dedicated**

**Challenges**
- The funding instability creates challenges
- IT GIS provides services to specific departments, supporting both their internal GIS needs as well as the GIS infrastructure and resources required for their public engagement.

**Future Initiatives**
- Long-term planning for stability and vision of this fund
Thank you
Finance

Presenter: Robert Tintle, Chief Financial Officer

FY23-24 Proposed Budget Presentation

• Tax: Reduced CAFFA funding
• Increased costs for software subscriptions and overall M&S

Long-term Fiscal Issues

• County: 20-year debt service payments for courthouse
• Tax: Ongoing CAFFA funding levels
• Ongoing need for software and contract renewal costs
• Monitor delinquent taxes
Current Challenges and Future Initiatives

**Challenges**

• Implementing new GASB financial reporting standards
• Efficiencies in Enterprise ERP (Munis) system and other software
• Centralized procurement function and support for departments

**Future Initiatives**

• Administration of Transient Room Tax program and monitoring of revenues and expenses
• Develop user friendly finance dashboards for public use
FY 23-24 Finance Special Requests

Budget Officer included in FY24 Proposed Budget
Funded by ISF charges to departments

1) Financial reporting software to assist preparation of Annual Comprehensive Financial Report
   $100,000 for one-time implementation costs and ongoing support

2) Centralized Procurement Manager position
   Add 1.0 FTE - $152,103
Thank you
Property Management

Kristie Bollinger - Property Manager
Ryan Dunning - Property Analyst
Deborah Cook - Property Specialist
Department Overview

• Property Management is a Division of Administration
• Approx. 650 properties in inventory
• Consists of:
  • Asset
  • Foreclosed
  • Park Designated

Mission: Cost effectively manage the County’s real estate portfolio, advise the Board of County Commissioners of property acquisition and disposition opportunities, and provide quality customer service to those we serve.
Department Accomplishments

- Recruited and added a management analyst to Property Management
- Completed real property auction, resulting in the disposition of 10 properties with gross proceeds of $702,600
- Executed Purchase & Sale Agreement to disposition 7.12-acre “Simpson property” for the development of affordable housing
- Disposition of 8.32-acre “Cinder Pit property” to City of Redmond for the development of affordable housing
- Acquired 0.10-acre property in downtown Bend core for potential future redevelopment
- Completed ‘Notice of Proposed Sale with Intent to Relocate Historic Structure’ for the AJ Tucker Building
- Completed Administrative Policy titled, Removal of Unsafe Encampments Location on County-owned Property
FY 23-24 Department Budget Details

23-24 RESOURCES

- Charges for Services includes funds from tax foreclosed property sales
- Interfund Charges includes funds from Property Development & Debt Reserve fund
• 8% increase in Personnel Services partially due to new management analyst position
FY 23-24 Department Fiscal Issues

**Short-term Fiscal Issues**

- Encampments continuing to increase on County-owned properties, resulting in increased amounts of accumulated trash and debris
  - Cost to complete organized encampment cleanups would be substantial
- Increased costs for goods and services

**Long-term Fiscal Issues**

- Impacts from encampments
Current Challenges and Future Initiatives

Challenges

• Onboarding/training new management analyst to provide added capacity in Property Management

• Need to fill upcoming vacancy due to staff retirement

• Continued increase of workload demands within Property Management, which includes complex project management and competing priorities

• Encampments continuing to increase on County-owned properties,

Future Initiatives

• Implement real estate portfolio management system

• Explore the opportunity and feasibility to implement a real estate asset management plan
Thank you
County Legal

Presenter: Dave Doyle
Legal Overview

Mission: Provide full service legal advice, support and representation to all county departments; handle ALL transactional and litigation work (except bond work due to ORS requirements); public meetings, public records, contracts, labor negotiations, prosecute civil commitments, dog board hearings, property tax appeals, real property transactions, etc.

Also provide General Counsel to DC 911, SRSD, and BBR PD.
Legal – Who we are? What we do?

- Two paralegals
- One Legal Counsel
- Four Assistant Legal Counsels –
  * Litigation
  * HR/Personnel
  * Land Use
  * General Practice
FY 23-24 Department Budget Resources

Legal Counsel Resources

- Beginning Working Capital 10%
- Interfund Charges 90%
FY 23-24 Department Budget Requirements

- Status quo budget

Legal Counsel Requirements

- Personnel Services: 84%
- Materials and Services: 13%
- Contingency: 3%
Current Challenges and Future Initiatives

Workload & Staffing Challenges

- Workload volume increases continuing (has averaged 5% increase annually)

- Primary Areas: Health Department, Civil Commitment Hearings; Contract support; emerging issues and programs associated with Homelessness and Housing; litigated land use matters, support for HR & employee matters; BOCC meeting staffing and support

Future Initiatives

- No anticipated capital needs
Current Challenges and Future Initiatives

Challenges (continued)

• Workplace: continue to implement hybrid remote work model; should reduce future office space needs

• Staffing challenges - staff retention
Thank you
 Community Justice

Deevy Holcomb, Director
Trevor Stephens, Business Manager
Sonya Littledeer-Evans, Deputy Director
Tanner Wark, Deputy Director

Budget Committee Meeting | May 23, 2023
Department Overview:

Two Divisions

- Juvenile Community Justice
- Adult Parole and Probation

Mission

Repair harm, reduce risk, create opportunity.

Protect the public, repair harm, hold clients accountable, and facilitate pro-social thinking.
Juvenile Accomplishments:

- Maintained public safety, victim reparation, risk reduction and client behavior change in the face of a dynamic economic, public health and public safety outlook.
  - 70% of young people paid their entire restitution obligation
  - 78% of young people completed their community service obligations (up from 69% the prior year)

- Partnerships with stakeholders and community partners
  - Schools
  - Community-based organizations

- Innovate and Engage
  - Workgroups
FY 23-24 Juvenile Budget Details

- 4.1% increase in general fund transfer from FY 2023.
- Small reductions in state grant funding.
- Strong FY 2023 ending year balance projected due to personnel cost savings
FY 23-24 Juvenile Budget Details

Juvenile Community Justice Requirements

- Materials and Services 17%
- Contingency 8%
- Other Categories 1%
- Personnel Services 74%

23-24 REQUIREMENTS

- Shared staff between adult and juvenile returned to 100% juvenile FTE.
- Detention security capital upgrade project.
- Gate upgrade project as part of larger public safety campus.
FY 23-24 Juvenile Fiscal Issues

**Short-term Fiscal Issues**
- Stable at this time
- Increasing department health insurance costs

**Long-term Fiscal Issues**
- Continued specialized detention upgrades due to an aging building and facility.
- County’s statutory obligations and relationship to General Fund
- Retirement wave expected +/- 2025-2028
Current Challenges and Future Initiatives

Challenges

• Detention facility staffing
  • Shift work
  • Cost of living
  • Effective recruitment, onboarding, training and retention strategies

Future Initiatives

• Juvenile administrative space utility and upgrade
• Broader public safety campus
• Effective substance use disorder treatment for justice-involved young people
Adult Accomplishments

- Maintained public safety, victim reparation, risk reduction and client behavior change in the face of a dynamic economic, public health and public safety outlook.
  - 87% receive comprehensive risk and needs assessment within 60 days of admission.
  - Sustained 16% reduction in prison usage either decreasing or neutral impact on recidivism.

- Partnerships with stakeholders and community partners
  - Community Conversation
  - Community-based Organizations
  - District Attorney’s Office and Circuit Court

- Innovate and Engage
  - National Institute Corrections Technical Assistance
  - Nimble/flexible human resource management
FY 23-24 Adult Budget Details

23-24 RESOURCES

- Grant in Aid reduction.
- Reserve for future expenditures.
- Same general fund request to support unsupervised Misdemeanors.
FY 23-24 Adult Details

23-24 REQUIREMENTS

- Personnel up 4% shifted some shared staff back to Juvenile.
- Reduced materials and services by 14%.
- No capital projects on the forefront.
FY 23-24 Adult Fiscal Issues

Short-term Fiscal Issues
- FY 23-25 Biennial revenue forecast
- Spending down Reserves
- Increasing departmental health insurance costs

Long-term Fiscal Issues
- Current service level concerns FY26 and beyond without significant shift
- More with less
- Diversify revenue and partner to accomplish goals
Current Challenges and Future Initiatives

**Challenges**
- Volatile legal, administrative and social expectations of the field
- Balancing caseload sizes for optimal behavior change
- Affordable housing for justice involved individuals

**Future Initiatives**
- Future funding opportunities
- Responding to changing county demographics and needs - Gender and Culture
- Nimble and flexible staffing structures
FY 23-24 Special Requests

- No special requests at this time.
Thank you!
FY23-24 Proposed Budget Presentation

Justice Court

Presenter(s):
Charles Fadeley, Justice of the Peace
Jodi Stacy, Court Administrator

Budget Committee Meeting | May 23, 2023
Justice Court Overview

Mission: Provide the citizens of Deschutes County with timely access to justice at a convenient time and location.
Justice Court Accomplishments

• Successfully completed three separate audits
• Participated in Active Threat Training
• Acquired & mastered the new LEDS 20/20 platform
FY 23-24 Justice Court Budget Details

23-24 RESOURCES

- Projected Justice Court revenue payable to Deschutes County $525,000
- Partial transfer of $364,688 necessary to fulfill budget requirements
FY 23-24 Justice Court Budget Details

23-24 REQUIREMENTS

- Increased cost of health insurance and PERS contribution
- Upcoming retirement of current Court Administrator creates need to double fill position for necessary training
FY 23-24 Justice Court Fiscal Issues

Short-term Fiscal Issues
• Double fill of Court Administrator position
• Necessary replacement of outdated computers and peripherals

Long-term Fiscal Issues
• Loss of ability to sanction driver’s licenses for failure to comply
• Governor’s Order on Remission of Fines
• Continued increasing costs of health insurance and PERS
## Current Challenges and Future Initiatives

### Challenges
- Hire and train new Court Administrator
- Continued workload impact due to legislative amendments and an understaffed Department of Motor Vehicles

### Future Initiatives
- Complete update of continuity of operations plan
- Consider new methods of collecting revenue
Thank you
FY23-24 Proposed Budget Presentation

District Attorney’s Office

Presenters:
Steve Gunnels
Jessica Chandler
Ashley Beatty

Budget Committee Meeting | May 23, 2023
It is the mission of the Deschutes County District Attorney’s Office to seek justice, advance public safety and uphold the law. We strive to maintain public trust and serve the people of Deschutes County with fairness, integrity and honor.

-Mission Statement
DA Accomplishments

- Veterans Intervention Strategy - achieved two years of implementation, incorporated the Deschutes County Circuit Court into the program model and only had a 12.5% two-year incarceration recidivism rate, achieving our goal of no more than 20%.

- Emerging Adult Program - Secured $1.1 M in state funding to support two additional years of restorative justice program. Successfully completed the pilot with a 7.7% one-year arrest recidivism rate, meeting our goal of less than 35%.

- Working closely with the Marijuana grant- have a dedicated DA Investigator to write search warrants.

- Implemented DCDA patrol briefing and ride-along program for DCDA personnel to learn the job demands of law enforcement and build stronger relationships with LE.

- Participating in Community Outreach events such as Polar Plunge and First Responder Career Fair and Community Event.
FY 23-24 DA Budget Details

23-24 RESOURCES

- Federal Grants: 191,130
- State Grant: 329,918
- Discovery Fees: 20,000
- Local Grant: 11,000
- General Fund: 11,040,683
FY 23-24 DA Budget Details

23-24 REQUIREMENTS

- DA Personnel: 9,705,227
- M&S: 1,823,745
- Some changes you will see:
  - Overtime (On-call/ OT combined)
  - Time Management Leave
  - Education and Training
  - Investigations
  - Legal Research
  - Other inflationary increases
FY 23-24 DA Fiscal Issues

Short-term Fiscal Issues

• JRP DDA .5 grant funded position ending 6/30/23.
  • P&P to apply for additional funding in September 2023.
  • Funding is likely to be less.
  • Holding a .5 DDA vacancy to fill need.

Long-term Fiscal Issues

• Implementing PCE Recommendations for FTE.
  • We are planning to remain status quo to focus on retention.
  • Considering county’s long-term financial forecast.
  • Current additional FTE needs per PCE: 2 DDAs, 2 TAs, 1 HR professional and 1 Victim Advocate.

• DV grant that funds 1.0 DV Investigator to end 9/30/24.
  • Will likely apply for additional funding.
Current Challenges and Future Initiatives

### Challenges

- **Employee retention & recruitment**
  - Since 2018 we have had 20 DDAs term w/ a 6.47 year average.
  - All staff turnover since 2018 has been 42 terms.
  - Recruitment numbers have been low.
  - Cost of living and current wages has impacted recruitment.

- **Increase in complex cases (e.g. homicides/complex sex abuse) and high caseloads of lesser complexity**
  - High turnover of deputy district attorneys results in difficulty staffing these cases with experienced attorneys.

- **Expungements**
  - Increased nearly 125% over the last three years, with 195 requests in 2020 and 833 requests in 2022.

- **Public record requests**
  - Increased by 35% over the last three years, with 454 requests in 2020 and 648 requests in 2022.

### Future Initiatives

- **Communication & Collaboration**
  - Continue to provide Deputy DA- Law Enforcement trainings.
  - Partnering with Community Justice to develop equity plan.

- **Data**
  - Provide a cohesive public dashboard on our newly completed DCDA Website.
  - Create stronger data and metric tracking.

- **Policy and procedures**
  - Improvement of our policies and procedures.

- **Office structure**
  - Development of an efficient internal structure to handle caseload and reduce burnout.
FY 23-24 Special Requests

File Storage for 4th Floor Files

Priority #1:
- Cost: $39,200 one-time request
- $10,200 storage fees annually starting FY25
- Funding Source 0011150 (GF/DAO)
Justification

Our overall goal is to create usable space in our 4th floor area.

Currently, this space is filled with case files. We ideally wanted to get these case files scanned, but after reaching out to a CJIS compliant vendor, we were quoted 2.5 million for this project. In effort to save money, we felt that it would be better to store these case files at an offsite location until we are able to find a more fiscally reasonable solution. We currently use the vendor Moonlight BPO to house a portion of our case files and they are able to quickly locate files, as needed. We will need to fund either staff OT hours or hire a temp help service to pack all of these files into boxes and put on pallets for the move.

Moonlight BPO Estimate:
- Pallets & Supplies – $10,000
- Boxes - $3,000
- Pick up pallets - $1,000
- Storage - $10,200 (Annually)
- Total: $24,200

Overtime/ Temp Help: $15,000 (600hrs * $25/hour)

Overall Total- $39,200
FY 23-24 Special Requests

4th Floor Feasibility Study

Priority #2:

• Cost: $50,000 one-time request
• If feasible, we will submit future special request for remodel
• Funding Source 0011150 (GF/DAO)
Justification

In effort to create more useable space, we are requesting to complete a feasibility study for the 4th floor of our office in order to renovate/remodel. Currently, this space is used for storing case files, evidence and other miscellaneous items. Facilities has accessed the space and has directed us to first request funding for a feasibility study over the next FY and has quoted us $50,000. This funding will be transferred to Facilities as the work is completed.

The lack of space that the DA's office has dealt with has had great impact on our department and staff. Some of these issues include:

- Lack of cohesion - It is harder to maintain a cohesive feeling and promote the idea of one team, one office, when employees are scattered about.
- Time is wasted - Lack of meeting space is a constant struggle and so much time is wasted just trying to find a place to gather a group.
Victim Assistance Program

The District Attorney administers the Victims’ Assistance Program (VAP), which provides services for victims of crime.

Our goal is to provide timely and effective services for all crime victims in the community. The services VAP provides are not replicated by any other agency in the community and are required under Oregon Statute.
FY 23-24 VAP Budget Details

Victims’ Assistance Resources

- Transfer In: 7%
- Federal Government Payments: 28%
- State Government Payments: 14%
- Beg. Net WC: 50%
- Federal Grant: 0.4%
- VOCA (State): 50%
- VOCA Other (State): 50%
- Criminal Fine Acct: 50%
- Interest Revenue: 50%
- Transfer In GF: 50%

23-24 RESOURCES

- Beg Net WC: 205,200
- Federal Grant: 135,810
- VOCA (State): 270,129
- VOCA Other (State): 2,000
- Criminal Fine Acct: 101,980
- Interest Revenue: 5,130
- Transfer In GF: 719,813
FY 23-24 VAP Budget Details

23-24 REQUIREMENTS

- Personnel: 1,219,784
- M&S: 107,311

Victims' Assistance Requirements

- Materials and Services
- Personnel Services
- Contingency
FY 23-24 Special Requests

Proactive Threat Monitoring

Priority #1:
• Full cost: $87,200 Annually
• Funding Source: 001 GF

Other funding options:
$40,000: Fathers Group (Pending grant approval)
$20,000: High Desert ESD Contribution (Pending budget approval)
$15,000: Law Enforcement Contribution (Pending department approvals)
VAP new request: $12,200
SST helps communities address violence and other threat-related issues and critical incidents including gang involvement, racism and incidents of hate. Deschutes County has formed a team that proactively reviews these reports and addresses the subjects of concern as appropriate.

Safer Schools Together (SST) was established in 2008 and is recognized internationally for its leadership, innovation, and evidence-informed strategies to ensure safe, caring, and trauma-informed school communities. SST’s team of highly skilled professionals provide expertise, consultation and support to educators, law enforcement and other service providers across North America in addressing student, school, and community student safety-related concerns. SST helps school communities minimize and manage risks of student violence with reliable, professional training. Using best practice from the field of Behavioral Threat Assessment, school communities learn how to collect data and “connect the dots” to ensure early identification of youth at risk of harm to themselves or others and the interventions necessary to prevent needless tragedy, violence, and trauma.
Thank you
Deschutes County 9-1-1

Presenter(s): Sara Crosswhite, Chris Perry and Jonathan Spring
Department Overview

Mission: To provide prompt service in a caring, resourceful, and professional manner to those we serve.
Department Accomplishments

- Upgraded our 9-1-1 phone system in March 2023. Upgrade was successful and there was a noticeable decrease in answer time on the dispatch floor.

- Successful implementation of automated alarm interface for law enforcement alarm processing. Reducing calls into the 9-1-1 for alarms.

FY 23-24 Department Budget Details

23-24 RESOURCES

• Maintaining current tax levy rate of $.3618, for the 8th year in a row.

• Statewide Telephone Tax received quarterly from OEM.

• IT/Radio- Service Level Agreements with our police, fire, non-public safety agencies.
FY 23-24 Department Budget Details

There are no significant changes to our current M&S expenses from last fiscal. As we continue to hire, we expect to have less in personnel savings the FY24 fiscal year.

23-24 REQUIREMENTS

- There are no significant changes to our current M&S expenses from last fiscal. As we continue to hire, we expect to have less in personnel savings the FY24 fiscal year.
FY 23-24 Department Fiscal Issues

Short-term Fiscal Issues

- Software/Hardware Technology assets have shorter life than previously.

- Supply Chain Issues
  - In FY23 there has been a lot of back-ordered inventory items for our radio sites that are delaying go-live

Long-term Fiscal Issues

- Ongoing radio system maintenance, enhancement and replacement.

- NextGen 911-bringing pictures and video into the 911 center in the future and potential technology infrastructure needs for that.

- As detailed in our Capital Reserves plan, we will continue to work on lifecycle replacements for our technology that goes end of life much quicker than it has previously.
Current Challenges and Future Initiatives

Challenges

• Recruiting/Training
  • Recruitment has been incredibly challenging
  • Training can be strenuous on current employees

• Job Applicants
  • Applications for open positions have decreased significantly

Future Initiatives

• Continue working with DCBH and 988 for Mental Health Crisis response programs.

• Collaborating with our school districts regarding the new panic buttons being implemented in the schools.

• Nextgen 9-1-1 is still being defined in the State of Oregon. There is the technical infrastructure as well as an operational component. As OEM and 911 PSAPS work to establish protocols and plans around implementations we will know better what budgeting will look like for the future of this endeavor.
## Five Year Levy Rate Projections

FY23-24 Proposed Budget Presentation

Deschutes County Sheriff’s Office

Presenters:
Shane Nelson
Joe Brundage
Paul Garrison
Michael Shults
William Bailey

Budget Committee Meeting | May 22, 2023
Sheriff’s Office Overview

Our Mission
Proudly serving our community by providing superior public safety and customer service.
Sheriff's Office Accomplishments

- The Blue-Line Safety Zones throughout Deschutes County provide clearly marked and well-lit locations for our citizens to use for situations like child exchanges and online transactions that occur every day in Central Oregon. The three monitored sites (Bend, Sisters and La Pine) are being used regularly.

- Expanded our Safe Gun Storage program with additional safes to increase our storage capacity.

- Continued to improve community service in the Concealed Handgun License Unit by expanding our abilities to process applications, renewals, and payments to provide convenience and safety due to the continued demand of the public; added 1.0 Limited-duration FTE to improve processing times.

- The Pre-Trial Release program has been a tremendous success, with over 100 people presently being supervised by the Pre-Trial Release Deputy; this not only helps the people who qualify for this program, but it has been a significant factor in keeping the jail daily population around 205, preventing the immediate need for jail expansion or forced releases.
Sheriff's Office Accomplishments (cont.)

- Implemented the Medication-Assisted Treatment (MAT) program in the jail; we’ve seen successes in terms of hand-offs to Ideal Options, even as we are still working toward more robust staffing with LPN’s.

- Completed the upgrade to the exterior façade and windows of our main office. This fixed leaks from the window frames that were causing dry rot and long-term damage to the exterior structure. We also remodeled the 2nd floor of the Administration building, adding 8 additional workspaces.

- Continued to expand our Health of the Force (HOF) program, completing the gym in La Pine and adding healthy snacks in our stations and substations; The HOF program is also an important part of our proactive recruiting, which targets colleges and the military.

- The online reporting System for community members to file non-emergency reports continues to be a success, cleaning up 34 graffiti sites and removing over 50,350 pounds of trash from illegal dump sites.
FY 23-24 Sheriff's Office Budget Details

23-24 RESOURCES

- Countywide Tax District revenue is forecasted to increase 4.9%
- Rural Tax District Revenue is forecasted to increase 4.7%
- Grants, Contracts, Fees and Charges account for 13% of total Sheriff’s Office revenue
FY 23-24 Sheriff's Office Budget Details

23-24 REQUIREMENTS

- Personnel Services are increasing 14.3% over FY 23
- Materials and Services expenses are flat
- Capital increased $715,425
FY 23-24 Sheriff's Office Fiscal Issues

- The uncertain economic conditions and inflation have driven up costs and continue to present challenges; we anticipate a continuation of the cuts we've seen to State and Federal revenue, along with a decrease in growth of property tax revenue. We are monitoring these issues closely and are maintaining flexibility to adapt necessary growth to future funding challenges.

- New technology and maintenance costs often outpace the funds available for such purchases.

- As technology evolves and case law and legislation change, training must be adapted to apply new systems or practices surrounding its use. This often necessitates changes to existing training plans and budget.

- The cost of providing medical, behavioral, and behavioral health care to treat inmates continues to increase.

- The cost to replace aging building systems and operating equipment continues to increase.

- Staffing levels and the ability to fill open positions remain a challenge for both Patrol and Corrections. The investment in hours on behavioral health related patrol calls has increased which, in turn, decreases the number of deputies available for calls. Recently, MCAT Field Operations, a new team supported by the Stabilization Center, began responding to behavior health related calls without Law Enforcement personnel. As the MCAT team grows, our efficiency in managing staffing levels will improve.
FY 23-24 Sheriff's Office Operational Challenges

- Recruiting, hiring, and training processes take additional time; revenue from state programs remains uncertain.

- Managing staffing to operate at optimum levels, while balancing staff availability and absences due to vacation, Family and Medical Leave Act (FMLA), illness and injury has become more difficult with the new Paid Oregon Leave, the increase in cost of living, and heightened media scrutiny.

- The recent decriminalization of recreational drugs requires additional resources and training. Property crimes are increasing across the State, DUII’s are increasing and becoming problematic. Fentanyl continues to cross our boarders and infiltrate our state and local communities, disrupting countless lives and requiring more resources to combat this scourge.

- Responding to behavioral health issues: The increase in persons experiencing a behavioral health crisis requires Patrol deputies to devote extra attention to such calls. This can impact availability for other calls for service and deputy safety. The new MCAT Field Response without Law Enforcement is a new approach we hope will offset the patrol response to such calls.

- Adjusting to inmate housing restrictions: Inmates are currently housed based on classification, which limits the types of offenders that can be housed in a unit.

- Limited visitation space is resulting in delays for visits by attorneys and other professionals. We are addressing this through the Public Safety Campus Master Plan, and hope to proceed with an expansion in the upcoming year.

- Recruiting and hiring qualified teammates to fill vacancies and meet the operational needs of the Sheriff’s Office; we are targeting colleges and military bases; Providing competitive pay and benefits to meet the needs of a diverse workforce with the intent of retaining quality employees.
Current Challenges and Future Initiatives

Challenges

- Current space is nearly stretched to capacity within Sheriff's Office department.
- Recruiting / Staffing
- CHL demand and the uncertainty of the impact of Measure 114

Initiatives

- Health of The Force
- Public Safety Campus
FY 23-24 Sheriff's Office Special Requests

Department Overview

Mission Statement

To provide quality customer service through the appraisal and assessment of all taxable property as mandated by the State of Oregon in a manner that merits the highest degree of confidence in our integrity, efficiency and fairness.
SUCCESSES & CHALLENGES

Significant Accomplishments

- Improved staff knowledge, skills, resources and tools necessary to deliver top-quality products.
- Ensured all appraisal staff are current on state-required continuing education hours to maintain appraisal registration.
- Conducted other staff trainings, in topics that include: customer service, deed and real estate law, exemptions, and other related courses to stay current on Oregon property tax laws, practices and standards.
- Completed assigned work timely and accurately:
  - All new construction and new land partition appraisals completed timely.
  - Assessment and map records updated and completed timely.
  - Annual tax rolls completed and mailed timely adhering to statutory requirements.
  - Maximized usefulness and accuracy of GIS data ensuring quality products and services.

County Clerk’s Office

Presenter(s):
Steve Dennison
Jeff Sageser
Michael Lui
Clerk’s Office Overview

A professional, knowledgeable and friendly team that takes pride in its work, providing excellent and timely service to customers while embracing and actively meeting change.
Clerk’s Office Overview (cont.)

- Archive / Records Center
- Recording of Real Property Records
- Marriage Licenses
- Passport Applications
- Deschutes County Business Licenses
- Finders Keepers (Finding item valued over $250)
- Board of Property Tax Appeals (BOPTA)
- Elections and Voting
Clerk’s Office Accomplishments

- Imported 22 volumes of miscellaneous records dating back to the 1900s.
- Migrated the audio tapes of board meeting recordings from the 1970s-1980s.
- Made Commissioners’ Journals available online, including minutes, orders, resolutions and ordinances.
- Heavily involved in testing new statewide voter registration system.
FY 23-24 Clerk’s Office Budget Details

23-24 RESOURCES

- Accepting passport applications
- Issuing marriage licenses
- Recording real property transactions
- Reimbursement for some election costs

Clerk’s Office Resources

- General Fund Subsidy 46%
- Charges for Services 50%
- Other Categories 4%
FY 23-24 Clerk’s Office Budget Details

23-24 REQUIREMENTS

- Personnel
- Software and maintenance agreement increases
- Paper costs (ballots and envelopes)
- Postage for ballot mailings
FY 23-24 Clerk’s Office Fiscal Issues

Short-term Fiscal Issues

- The primary revenue source for the Clerk’s Office is recording fees. In FY 2023, recording revenues dropped by 50%. The primary driver for the reduction in revenue has been the recent increases in interest rates.
- Cyclical election revenues.

Long-term Fiscal Issues

- Sustained higher interest rates could lead to long-term impact on revenue.
- Unknown costs relating to new statewide voter registration system.
- Some state legislation, if passed, could have significant long-term financial impact.
Recording fees are directly related to the number of pages the County Clerk's Office records.

Mortgage records are the main revenue driver to page count.

As the cost of borrowing money increases due to higher interest rates the Clerk's Office is projecting a 47% decrease in page county year over year.
Current Challenges and Future Initiatives

Challenges

• Space needs for elections operations are critically inefficient and pose risks.

• Some state legislation, if passed, would have significant impact on how elections are conducted.

• Succession planning continues to be reevaluated by the Clerk’s Office

Future Initiatives

• Work with county to provide solution to space needs for conducting elections safely and securely.

• Consideration of subscription based access to real property records online.

• Increase voter outreach, education and engagement.
Thank you

We welcome any questions or comments.
Natural Resources Overview

The Natural Resource Department provides leadership, technical expertise and assistance to protect and enhance natural resources while reducing risks to life and property.
Natural Resources Overview (cont.)

- Project Wildfire
- Fire-Free
- Firewise™
- Deschutes Forest Collaborative
- Central Oregon Shared Stewardship Alliance
- Oregon Living with Fire
- Noxious Weed Program
Natural Resource Accomplishments

- Awarded 38 Firewise Communities Grant funding totaling $172,000.
- Completed 566 acre East Redmond Project with FEMA grant funding.
- Completed 91 acre Hurtley Ranch Project with LRP grant funding.
- Established a Project Wildfire Neighborhood Coalition Subcommittee.
FY 23-24 Finance Budget Details

23-24 RESOURCES

• Natural Resources staff is funded by PILT and Title III.

• The majority of revenues come from grants and agreements.
FY 23-24 Finance Budget Details

23-24 REQUIREMENTS

- $15,000 added to 326 fund for noxious weed compliance and abatement.
- Need for personal services to administer fuel reduction contracts.
FY 23-24 Finance Fiscal Issues

**Short-term Fiscal Issues**
- Title III funding is reducing
- Discretionary funding from Video Lottery revenues reduced by 55%. Provides match for other grants.

**Long-term Fiscal Issues**
- Unstable capital for personal services needs.
- Keeping up with pace and scale of Deschutes county natural resource issues
  - Fire/fuels
  - Juniper encroachment
  - Drought
  - Climate Change
  - Noxious weeds
Current Challenges and Future Initiatives

Challenges
• Contract administration capacity.
• Population growth and increased fire risk increase need for funding and capacity.

Future Initiatives
• Streamline Deschutes County fuel reduction grant process.
• Increase pace and scale of fuel reduction and noxious weed removal.
Thank you
FY23-24 Proposed Budget Presentation

Community Development

Presenter(s):
Peter Gutowsky, Director
Sherri Pinner, Sr. Mgmt. Analyst

Budget Committee Meeting | May 24, 2023
Department Overview

Community Development Divisions

- Building Safety & Electrical
- Code Compliance
- Coordinated Services/Admin
- Onsite Wastewater
- Planning
  - Current & Long Range

Mission: Facilitates orderly growth & development ... through coordinated programs & education & service to the public.
Department Accomplishments

**Safe Communities** – Protect the community through planning, preparedness, and delivery of coordinated services.
- Voluntary code compliance.
- Resolve code compliance cases within 12 months.

**Service Delivery** – Provide solution-oriented service that is cost-effective and efficient.
- Achieve 6 to 10 inspection stops per day.
- Issue onsite septic permits within 12 days of completed application.
- Issue administrative decisions with notice within 45 days of completed application.
- Issue administrative decisions without notice within 21 days of completed application.
Department Accomplishments

**A Resilient County** – Promote policies and actions that sustain and stimulate economic resilience and strong regional workforce.
- Implement statewide legislation:
  - SB391 – Rural Accessory Dwelling Units
  - HB4079 – Affordable Housing Pilot Project
- Comprehensive Plan Update initiated May ‘22 – est. 18 months to complete.
  - Community engagement through open houses, online surveys, over 50 local meetings reaching 550 community members.
  - Planning Commission identified as community advisory body, met 6 times to review and discuss project scope and plan.
FY 23-24 Department Budget Details

23-24 RESOURCES

- Anticipate level permit volumes
- Includes fee increases:
  - BS PLM & MECH - 4%
  - Elec. & Land Use - 15%
  - Onsite – 20%
  - Code Comp. - .02%; Planning - .05%
- ICC building valuation increase – 10.9%
- $100K general fund – hearings officer services.
- $20K MJ revenue
FY 23-24 Department Budget Details

23-24 REQUIREMENTS

- Includes 64 FTE
- Personnel increases:
  - COLA, step increases, HBT, PERS
- Budget for hearings officer services
FY 23-24 Department Fiscal Issues

Short-term Fiscal Issues
- Decrease in permitting volume.
- Non-fee generating work consumes limited resources.
- Staff turnover – training, obtaining certifications, retention efforts

Long-term Fiscal Issues
- Contingency plan for decrease in reserve funds.
- Staff recruitment and retention strategies.
- Succession planning.
FY 23-24 Department Fiscal Issues

Code Compliance
Annual Cases Opened and Closed

- Cases Opened
- Cases Closed

2014: Cases Opened = 202, Cases Closed = 80
2015: Cases Opened = 334, Cases Closed = 330
2016: Cases Opened = 402, Cases Closed = 338
2017: Cases Opened = 574, Cases Closed = 534
2018: Cases Opened = 904, Cases Closed = 763
2019: Cases Opened = 893, Cases Closed = 766
2020: Cases Opened = 863, Cases Closed = 786
2021: Cases Opened = 788, Cases Closed = 752
2022: Cases Opened = 784, Cases Closed = 731
Current Challenges and Future Initiatives

Challenges

• Maintaining productivity while experiencing staff turnover.

• Complexity of applications and code compliance cases.

• Succession planning – next 6 to 8 years 14% staff eligible for retirement based on length of service.

Future Initiatives

• Coordinate with Human Resources to implement strategies to retain staff.

• Explore opportunities to increase efficiencies in CDD’s business practices.

• Continue website improvements with goal of improving content and customer experience.
CDD Reserve Funds (Funds 300-303)

• Ensure the financial stability and ongoing department operations, reduce risk of being unable to fulfill service delivery commitments, provide workforce continuity and provide source of funds for organizational priorities.

• Fund 300 – CDD General Reserve
• Fund 301 – Building Safety Reserve
• Fund 302 – Electrical Reserve
• Fund 303 – Capital Improvement
FY 23-24 Reserve Fund Budget Details

23-24 RESOURCES

- Transfers from Fund 295
- Anticipated balances:
  - Fund 300 - $2.26M - 4.5 mos.
  - Fund 301 - $6.65M - 20.6 mos.
  - Fund 302 - $734K - 8.9 mos.
  - Fund 303 - $25K
- Fund 301 & 302 ORS. req.
FY 23-24 Reserve Fund Budget Details

23-24 REQUIREMENTS

• Transfers to Fund 295
• Anticipated transfers:
  • Fund 300 - $561K
  • Fund 301 – n/a
  • Fund 302 - $87K
• Fund 303 – lobby hardening
Other Funds

• Fund 020 – Code Abatement – resources for enforcement of County solid waste and sanitation codes. Possible funding through Solid Waste fees, TBD.

• Fund 296 – Groundwater Partnership – prior years’ proceeds from land sales and Reserve in the Pines Pollution Reduction Credits.

• Fund 297 – Newberry Neighborhood – prior years’ proceeds from land sales to ensure groundwater quality in S. County.
Questions?

Thank you
Fair & Expo Center

Presenter:
Geoff Hinds
**Department Overview**

- Fund 615: Fair & Expo year-round operations
- Fund 616: Annual Fair & Rodeo
- Fund 617: Fair & Expo Capital Reserve Fund
- Fund 618: RV Park
- Fund 619: RV Park Capital Reserve Fund

**Mission:** Provide and operate a premiere multi-purpose facility offering exceptional customer service and an environment of fun while maximizing the economic potential of the facilities, as well as the economic impact for Deschutes County.
Department Accomplishments

• Produced a highly successful 2022 Deschutes County Fair & Rodeo, with highest ever attendance and earnings in all categories.

• Received numerous industry awards including NPRA 2022 Fair Rodeo of the Year and 10 awards from Western Fairs Association.

• Continued to play an important role in emergency response as an evacuation center for fires and other local disasters, as well as a staging area in preparation for incidents.

• Served as an offsite host facility for the Deschutes County Circuit Court, allowing justice to continue to be served within our community despite the impacts of COVID 19.
23-24 RESOURCES

Fair & Expo is an enterprise fund, with multiple business lines across several funds. Resources are generated through the short-term leasing of space, Food & Beverage sales, and equipment rental.

- Revenues from all funds are expected to increase significantly due to the recruitment of multiple new/large events.

Funding is also received from Transient Lodging Tax (TLT) funding, spread across all funds including Capital Reserve funds.

- TLT funding is anticipated to be reduced from FY22 and FY23 amounts by a small amount.
FY 23-24 Department Budget Details

23-24 REQUIREMENTS

- Increases in number of FTE's and inflation will be the largest drivers of additional expense for all Fair & Expo funds.
- Addition of up to 4 new positions in order to meet demand of multiple new large contracts, and to continue to provide repair of an aging facility
Short and long-term Fiscal Issues

• Continued repair and replacement of aged equipment across the 320-acre Fair & Expo Campus.

Despite best efforts and significant growth of the Reserve fund over the past 5 years, current Reserve funds remain underfunded to address current and future repair; by a significant amount.
Current Challenges and Future Initiatives

**Challenges**

- While still the premier facility of its type in the Northwest, the Fair & Expo complex is now over 20 years old. An increase in repair and maintenance items is expected in order to keep the facility both first class and operational.

**Future Initiatives**

- Well and Irrigation repairs/replacements
- HVAC repair/replacements
- Roof repair/replacements
- Asphalt repair/replacement/enhancement
- Interior drop ceiling repairs/replacement
- Sidewalk repair/replacement
- Plumbing upgrade/replacement
- Facility exterior and interior fence repair/replacement
- Facility exterior siding repairs/replacement
- Interior/Exterior paint
- Flooring repairs/replacements
- North Sister/HDAC/Arena/Barns
- Exterior landscape repair/replacement
- Event Center Audio/Video System
- Outdoor Arena Electrical/Lighting upgrades
- R.V. Park Expansion
- On Grounds and Park Expansion
FY 23-24 Department Budget Details

• **FUND 616 - Annual Fair & Rodeo**
  
  • **Build on success of 2022 Fair**
    • Expect slightly lower attendee spending
    • Significant cost increases across all areas of operation including Labor, Supplies, Materials, and Entertainment
    • Continue to invest in brand building and creation of experience
  
  • **Continue to invest in brand building and creation of experience**
    • Significant increase in headline entertainment drove up expenses, and enhances our need to diversify type and scope of entertainment offerings
    • Focus on providing relevant community focused entertainment and experiences
    • Determination of key target growth demographics
  
  • **Outreach to new markets**
    • Continue to reach out to new markets with additional cultural celebration including a headline Spanish language concert
  
  • **Investment in education**
    • Future development of Agricultural based education offerings for our community
FY 23-24 Department Budget Details

• FUND 617 – Fair & Expo Capital Reserve

• Investment into the property based on “S.C.A.R.” needs: Safety-Comfort-Aesthetics-Replace/Repair
  • Investments into projects that have partnership/payback
  • LED Lighting/Controls through EnergyTrust
  • Investments designed to address/mitigate risk
  • Investments that maintain or increase facility

• Continued Contribution to Fund Balance/Growth
  • As facility ages additional facility failures expected; preparing the fund to be able to address these
  • Between 2020 and 2030 virtually every item on the F&E Campus will reach the end of its original useful life
FY 23-24 Department Budget Details

• FUND 618 – RV Park

• Operations
  • Adjustment in organizational staffing levels
    • 2 new .75 FTE positions created in FY22, 1 remaining to be filled
    • Additional On-Call staff to supplement as needed
  • Additional competition in market and economic impacts
    • Appears to have impacted Winter business, Spring, Summer, and Fall appear unaffected to date
  • Change in consumer behavior and visitation continues
    • Higher midweek/recreational stays vs. event based visitation
FY 23-24 Department Budget Details

- FUND 619 – RV Park Capital Reserve

  - Investments based on “S.C.A.R.” needs, focused on enhanced guest experience
    - Example: WI-FI Buildout
    - Funds allocated for catastrophic failure or damage
  
  - Fund building
    - Continue to build the fund for future needs including the possibility of park expansion or remodel
    - Capital reserve program on track for current repair and replacement schedules
FY 23-24 Special Requests

- **Maintenance Specialist 1** – addition of two positions. The Fair & Expo campus is continually evolving and in high demand for events of all types and sizes. Increased utilization in tandem with a facility that has reached 20+ years of age continues to be a strain on existing staffing levels. As the facility continues to age, and additional business comes on line, additional Maintenance/Operations staff will be necessary. *Funding: 75% Fund 615; 25% Fund 616.*

- **Administrative Support Assistant.** Fair & Expo continues to grow in demand and utilization for events of all sizes. The addition of multiple large new events, while continuing to serve existing clients currently taxes existing team members; and creates wait times for those we serve. This position would create efficiencies in administration of Fair & Expo. *Funding: 75% Fund 615; 25% Fund 616.*

- **Sales, Marketing & Events Coordinator.** This position will allow Fair & Expo to provide support to existing clients; as well as to effectively market the facility to potential new clients and provide more effective community relations. This position would also work to identify and solicit new sponsors as well as to provide additional support to existing sponsors. *Funding: 75% Fund 615; 25% Fund 616.*
Thank you

Deschutes County Fair & Rodeo: August 2-6, 2023.

See you at the Fair!
Facilities

Presenters:

Lee Randall, Director
Jessica Campbell, Management Analyst
Develop and manage County-owned facilities and buildings to protect and enhance the value of public assets, provide a safe and efficient workplace for County employees and visitors and support future opportunities for community improvement.
Facilities Overview (cont.)

- Facility Management
- Building and Grounds Maintenance
- Custodial Service
Facilities Overview (cont.)

• Located in four cities
• Approximately 40 buildings
• 500,000 square feet of office space
• 21% square footage increase projected from 2019 to 2026
Department Accomplishments

- First phase of planned HVAC replacement at Juvenile Community Justice
- Direct Digital Controls migration of 6 buildings
- Exterior re-painting of 2 buildings
FY 23-24 Department Budget Details

23-24 RESOURCES
• Majority of our resources come from internal service charges
• Facilities also receives resources from services provided to tenants.
FY 23-24 Department Budget Details

23-24 REQUIREMENTS

- Increased custodial contracting costs due to added square footage
- Escalation in contracting and material costs
FY 23-24 Department Fiscal Issues

Short-term Fiscal Issues

• Managing the increased costs of materials, labor, and equipment and the age of County facilities.

• Preparing for increases in custodial costs for standard services and the additional cost of increased service levels due to increased building occupancy.

Long-term Fiscal Issues

• Managing conceptual budget estimates for capital projects in a changing construction environment.

• Identifying future costs of major capital asset replacement (hardscapes, HVAC systems, and roofs) and establishing replacement schedules that align with projected revenues.
Current Challenges and Future Initiatives

**Challenges**

- Expanding the department’s capacity to respond to increased work order load generated by county-wide growth and the age of facilities.
- Maintaining service delivery levels for furniture reconfiguration, flooring replacements, safety and security improvements and minor remolds in response to the growth of direct service departments.

**Future Initiatives**

- Continued development of Facility Condition Assessments to aid in planning for future capital maintenance needs.
- Ongoing technical training for HVAC technicians to increase department’s internal capacity for maintenance of direct digital control (DDC) of HVAC systems.
- Continued focus on safety and resiliency through seismic reviews and upgrades and building safety and security improvements.
FY 23-24 Special Requests

• Administrative Assistant (.75 FTE):
  • Due to growth across all divisions (maintenance, custodial, capital maintenance and capital construction) there is a need for higher level administrative support.
  • Position would add capacity for maintenance and custodial contract processing, cost allocation and project budget updating, project document management, and department process improvement.
  • Existing Administrative Support Specialist would focus on general administrative support including accounts payable, work order management, reception duties, vendor badges, parking permits, etc.

• Licensed Trades Supervisor (1.0 FTE):
  • Due to continued growth there is a need for added capacity specific to HVAC and Electrical maintenance.
  • The existing maintenance supervisor position oversees three teams: HVAC/Electrical, Building Maintenance, and Grounds/Landscaping
  • Position would add capacity for supervision and performance of licensed trades work for Electrical and HVAC maintenance and would allow each supervisor to spend more time in the field providing direct supervision and performing hands-on maintenance work.
Thank you

Questions?
Agenda

- May 4 Budget Briefing Recap
  - Challenges and Opportunities
  - Fiscal Issues
  - FY24 Proposed Budget Recap
- Medicaid Revenue, FY18-FY23
- OHP Mental Health Reserve
- Special Requests
- Summary
FY23 Challenges

**Staffing**
- Historic and prolonged vacancies in key roles
- Impacts to access, outcomes and revenue

**Housing**
- Houslessness crisis
- Lack of affordable workforce housing

**Acuity**
- Growing acuity of service populations
- Increase impacts of health inequities, climate and disease risk

**Infrastructure**
- Technical supports stretched to capacity
- Space needs critical as staff return to in-person services
FY24 Opportunities

Integration

• Maximize on Behavioral Health, Public Health & Primary Care Co-location and Integration

• Apply lessons learned from multiple emergencies to Emergency Preparedness

Mitigation

• Aggressively target disease outbreak risk

• Apply recent investments to target intervention to high need service populations: perinatal women and children; unhoused individuals struggling with mental illness and addiction; at-risk youth; vulnerable service populations
FY 23-24 Department Fiscal Issues

**Short-term Fiscal Issues**
- OHP Redetermination
- Increased personnel costs
- Increased indirect expenses
- Expiring funds
  - COVID-19
  - CJC IMPACTS – Stabilization

**Long-term Fiscal Issues**
- Public Health funding
- Stabilization Center
- Space in Downtown Area
- Client acuity and team-based service model impact on billable hours
FY24 Budget Overview – Fund 274

- Total FY24 Budget: $79,568,046 (+3% from FY23)
- County General Fund: $6,780,140 (+3% from FY23; 9% of Resources)
- Transient Room Tax: $368,417 (-12% from FY23)
- Major one-time expenses: appx. $6.4M
- FTE: 412.8* (-2.4% from FY23) (414.8 FTE with special requests)

* Includes 1.0 FTE for Healthy Schools Year 3 Special Request

SR #1 Healthy Schools

KEY FACTS:

• Approved three-year phase-in includes final high school, Caldera, and its direct feeder schools: High Desert Middle School and Three Rivers K-8 School.

• Cost-sharing partnership with BLS integrates effective prevention and health promotion initiatives into school and district.

• 95% of middle and high school Health teachers indicate improved knowledge, skills, & confidence to deliver effective health education because of Healthy Schools.

ASK: Add 1.0 FTE Public Health Educator II and increase approved year 3 CGF amount by $23,096.

COST: $119,761 (PHEII)

Funding: 50-50% CGF and BLS
SR #2 Integrated Care Team (PIPBHC) Supervisor

KEY FACTS:

- Primary liaison with Mosaic Medical Team; integral to ensuring integration success
- Coordinates care; fine-tunes pathways to access for shared patients; provides expert leadership to staff; ensures team meets program goals
- Tracks, reports and improves on outcomes

ASK: Convert 1.0 BH Supervisor LD to regular

COST: $85,613

FUNDING SOURCE: OHP revenue. No CGF Requested.

**SR #3 – Family Connects Oregon**

**KEY FACTS:**
- Highly effective PH Nurse Home Visiting service now available to all families of newborns.
- State requirement to offer to all families & reimbursable by all Oregon insurances.
- Successful early roll-out. Need to prepare for a substantial enrollment increase of 60% (~1,140/year) of families in Deschutes County.

**ASK:**
- Add 1.0 Public Health Nurse II (start 7/1/23)
- Add 1.0 Public Health Nurse II (start 1/1/24)
- Convert 2.5 FTE from LTD to regular

**COST:** $499,014

**FUNDING:** No CGF requested. Revenue from enhanced Medicaid and commercial billing rates.
KEY FACTS:

• CDC data shows suicide is leading cause of death among Oregon youth ages 10-24.

• At risk youth have poor school engagement, SOC targets youth at risk for out of school or home placement.

• Provides cross system collaboration & intensive supports to children, youth, young adults and families with complex and significant mental health needs.

• Helped expand Wraparound services in Redmond, Sisters and La Pine.

ASK: Convert 8.0 FTE from LTD to regular.

COST: $889,739

FUNDING: OHP & Enhanced Case Rate. No CGF Requested.
SR #5 - Convert DEI Strategist to Regular

KEY FACTS:
- State and federal rules/requirements increasingly incorporate DEI and cultural sensitivity.
- 2020 Central Oregon Health Equity Report speaks to health disparities.

ASK: Convert 1.0 FTE to regular
COST: $142,510
FUNDING: No CGF requested. Cost $142,510 indirect to department programs.

Coordinated Houseless Response Office (CHRO)

Presenter(s):

Cheyenne Purrington, Director
Chris Ogren, Houseless Response Analyst
Department Overview

The Coordinated Houseless Response Office (CHRO) is a pilot project funded through HB 4123. The Office serves Deschutes County and the cities of Bend, Redmond, Sisters, and La Pine.

Mission: To create a coordinated houseless response system.
Department Accomplishments

- Initiated request to Governor's Office for emergency funding to address unsheltered crisis (~$14m)
- Hired and onboarded first two (2) staff (1.5 FTEs)
- Established Advisory Board of member agency representatives
- Developed draft strategic plan and draft annual work plan
- Currently on track to meet all pilot requirement deadlines
FY 23-24 Department Budget Details

23-24 RESOURCES

- HB 4123 provides the majority of our dedicated funding.
- Additional resources are anticipated from the EO 23-02 funding package, which expires January 10, 2024. This funding is not currently included in the FY24 proposed budget.
FY 23-24 Department Budget Details

The majority of our expenses are personnel-related.

23-24 REQUIREMENTS

- The majority of our expenses are personnel-related.
FY 23-24 Department Fiscal Issues

Short-term Fiscal Issues

- Need additional staff to meet wide-ranging urgent community needs
- Still in 'startup' mode and becoming operational

Long-term Fiscal Issues

- Major funding source ending in two (2) years
Current Challenges and Future Initiatives

Challenges
• Establishing the role and responsibilities of the Coordinated Office with community partners
• Expanding the Office’s capacity to respond to wide-ranging community needs

Future Initiatives
• Leveraging significant investment of emergency funding from the State
• Major initiatives include: data, equity, and system access; supportive housing pipeline; service provider capacity; system gaps
FY 23-24 Special Requests

• CHRO is seeking administrative funding from EO 23-02 to fund a percentage of staff time for providing technical assistance to COIC and awardees.

• 50% of three (3) FTEs time would be paid through EO 23-02, for a total of $272k.

• That cost will offset the addition of one (1) FTE staff member for two (2) years.

• Without full funding from EO 23-02, General Fund support or another funding source would be needed.
Thank you
For supporting our important work.
FY24 Proposed Budget Presentation

Road Department

Presenters:
Chris Doty, PE, Director
Cody Smith, Asst Dir./County Engineer

Budget Committee Meeting | May 25, 2023
Agenda

- Introductions
- Budgeting Priorities
- Revenue Assessment
- FY 24 Budget Review – major programs
- Transportation CIP

Please ask questions at any time!
Department Overview

We strive to maintain the quality and improve the experience for all users of the Deschutes County transportation system.

Operations and Maintenance

Fleet and Equipment

Engineering (with Surveyor’s Office)

Administration

62.0 Full Time Employees (FY 24) plus Contract Seasonal Employees
Budgeting Priorities

#1
• Maintain the system
  • Pavement Management Program: Sustained PCI.
  • Signing/Striping
  • Vegetation Management
  • Shoulder Maintenance
  • Bridge Maintenance

#2
• Operate the system
  • Snow/Ice
  • Roadside Hazards
  • Event/Incident Response
  • Fleet/Equipment

#3
• Improve the system
  • Capital Projects
  • Major Maintenance
  • Safety Improvements
  • Modernization
Road Department Fund Summary

**The Operating Fund for the Road Department**

**Revenue:**
- State/Fed
- Operations and Services (Cities)
- ISF (County Departments, Surveyor)
- External (contract work, outside agencies)

**Expenses:**
- Personnel (all Road Dept)
- Materials/Services /Supplies (operating expense)
- CIP Contribution and Pavement Preservation Contribution to 465 Fund
- Equipment/Building contribution to 330 Fund

---

**325**

**328/329**
**Surveyor and Corner Fund**
- **Revenue:**
  - Surveyor Fees
  - Recording Fees
- **Expenses:**
  - Reimburse 325 for Personnel, Mtls, Supplies, etc

**330**
**Building and Equipment**
- **Revenue:** Transfer from 325
- **Expenses:** Equipment per replacement schedule, Building improvements as needed, Reserves

**336**
**Transportation SDC**
- **Revenue:** SDC Fee Revenue
- **Expenses:** Transfer to 465 on a per project basis.

**465**
**Transportation CIP**
- **Revenue:** Contribution from 325, Transfer from 336
- **Expenses:** CIP Projects, Bridge Replacement, Major Maintenance, Pavement Pres.

**680**
**Vehicle Maint./Replacement**
- **Revenue:** Interfund Trans from other departments
- **Expenses:** Reimburse 325 for Maintenance, Purchase new fleet

**715**
**DC Road Agency**
- **Revenue:** SRS Funding
- **Expenses:** Transfer to 325
325 Fund: Global Detail

Road Department Resources

- Interfund Charges: 4%
- Local Government Grants: 4%
- State Government Payments: 63%
- Other Categories: 3%
- Beginning Working Capital: 17%
- Federal Government Payments: 9%

Road Department Requirements

- Contingency: 8%
- Materials and Services: 26%
- Personnel Services: 27%
- Transfers Out: 39%

FY 24 Budget Highlights

1. Pavement Management Program (chip seal, overlay, crack seal, patch):
   - 75 miles of chip seal (DC System) $2.5M (materials)
     - City of Redmond
     - City of Sisters
   - 10+/-. 10 miles of Slurry Seal, various neighborhoods. ($0.3M)
   - Crack Seal, Patch, and leveling course (DC system), $0.5M
   - 15+/-. 15 miles of overlay ($6.3M)
   - Total Program: $9.6M (DC System)
     - 43% Increase from FY 23 due to added overlay miles
   - Sustains Pavement Condition Index in low 80s (with $0 deferred maintenance)
FY 24 Personnel Request (1.0 FTE)

1. Addition of a Shop Supervisor

- Provide oversight of Fleet/Equipment Shop personnel, quality control, and other fleet/equipment maintenance related processes.

- Avail Fleet/Equipment Manager to address other division duties, such as:
  - Fleet/Equipment procurement
  - Department Safety Program
  - Facility Maintenance Projects and Scheduling
  - Fleet/Equipment performance measures

    - FY24 – Road CIP $5,119,310
    - FY24 – STBG $2,940,690
    - **Total** $10,130,000
FY23-24 Road CIP

• US20: Locust Street

• Scope of Work: Roundabout (ODOT-delivered)

• Status: 
  • 90% Design
  • Spring 2024 Construction Start

• Estimated Cost (County Contribution): $1,000,000
FY23-24 Road CIP

- S Century Drive/Spring River Road Roundabout

- **Scope of Work:**
  - Roundabout construction
  - Refinement planning for future S Century/Venture Ln intersection improvements
  - Considering bundling with S Century/Huntington Rd

- **Status:** Design RFP in Late 2023

- **Estimated Cost:**
  - FY24 $177,000
  - FY25 $800,000
  - FY26 $1,877,000
  - **Total** $2,854,000
FY23-24 Road CIP

- S Century Drive/Huntington Road Roundabout

- **Scope of Work:**
  - Roundabout construction
  - Considering bundling with S Century/ Spring River Rd

- **Status:** Design RFP in Late 2023

- **Estimated Cost:**
  - FY24 $ 169,000
  - FY25 $ 750,000
  - FY26 $1,838,000
  - **Total** $2,757,000
FY23-24 Road CIP

- La Pine Stormwater UIC Improvements

- Scope of Work:
  - Install pre-treatment systems for 17 storm water drywell inlets in La Pine
  - Compliance with County’s DEQ UIC Permit

- Status:
  - Start design in Fall 2023
  - Spring 2024 Construction

- Estimated Cost: $240,000

FY23-24 Proposed Budget Presentation

Budget Committee Meeting | May 25, 2023
OSU Extension Overview

Mission

The Oregon State University Extension Service engages the people of Oregon with research-based knowledge and education that strengthen communities and economies, sustain natural resources, and promote healthy families and individuals.
Extension Accomplishments

Post-COVID Recovery:

• Master Gardener program and workshop interest and registrations at an all-time high, currently have 125 trainees and certified volunteers.

• Master Food Preserver program currently running for first time since 2019.

• 4-H enrollment/volunteer numbers has increased by 10%.

• SNAP Ed educators have delivered 199 classes reaching over 3,900 youth and 34 public events with nearly 10,000 contacts since October 2022.

• Served nearly 2,000 walk-ins at Redmond office since July 2022.
FY 23-24 Extension Budget Details

23-24 REQUIREMENTS

- Estimated payroll and support $584,948 (YOY increase ~11%)
- Security/safety and technology upgrade projects (combined $37,000 budgeted).
- Materials & Services $151,175 (includes ISF/Audit fees)
- Debt service $60,275 (6 of 20)
- Contingency $223,830
OSU Statewide Extension Budget Overview
Statewide Public Service (SWPS), Education & General (E&G), and Federal funds allow Extension to employ faculty across all of Oregon’s 36 counties and the Confederated Tribes of Warm Springs.

County funds support Extension faculty travel, office space, supplies, support staff, and county administrative support.

26 of our 36 counties are funded by a service district or tax levy dedicated to Extension.
FY23 Extension Funding (Budgeted)

- **State Government, $31,889,141, 42%**
- **Federal Government, $4,935,719, 6%**
- **County Government, $15,863,047, 21%**
- **Oregon State University, $763,430, 1%**
- **Integrated Research and Project-Specific Grants, $18,545,955, 24%**
- **Philanthropic Support, $3,228,657, 4%**
- **Program Fees, $1,675,000, 2%**

Excludes Outdoor School (lottery funded)
FY23 Extension Budget (allocated)

- Agriculture & Natural Resources, $13,556,052, 37%
- 4-H Youth Development, $4,498,441, 12%
- Family & Community Health, $2,847,966, 8%
- Forestry & Natural Resources, $3,782,097, 10%
- Sea Grant, $1,062,636, 3%
- Open Campus, $1,213,741, 3%
- Vacancies, $1,233,654, 3%
- Program Support, $3,535,981, 10%
- Administration, $3,175,671, 9%
- Assessments, $1,935,000, 5%

Excludes Outdoor School (lottery funded)
Current Challenges and Future Initiatives

**Challenges**

- Small Farm and Forestry agent positions remain vacant due to inadequate statewide funding (Senate Bill 458).
- Staffing gaps continue to put pressure on other faculty in the region.
- Administration positions all occupied, but at increased cost due to standard of living and challenging staffing environment.

**Future Initiatives**

- Identify additional resources to supplement increased payroll.
- Assess potential benefits and support of secondary location in the Bend area to be more accessible to >50% of the County population including Sunriver and LaPine.
Thank you

Go Beavs!
Budget Committee Consideration

Due to anticipated courthouse expansion project costs, increased and inflationary pressures, and reduced and projected constriction of available General Fund resources, staff has developed the following options for budget committee consideration.

These options provide pathways for the budget committee to maximize the County's ability to buy down debt associated with the Courthouse expansion and provide additional support to sustain current general service operations.

Preserve current service levels

1. Levy the full County tax rate at $1.2783 per $1,000 assessed value.
2. Carefully consider any special request, especially those that impact the General Fund and Transient Room Tax (TRT) Fund.
3. Consider a policy that would memorialize when General Fund allocations are transferred, or when funds are held in the General Fund reserve until needed by the department, and the subsequent return of any unspent funds.

Maximize the County's ability to buy down Courthouse debt to save on financing costs

1. Allocate $8 million from Fund 060 – General Reserve.
2. Transfer $2M of previously transferred General Fund from Fund 090 - Project Development and Debt Reserve (Property) to Fund 060 – General Reserve. These funds would typically be used to purchase land or a new building.
3. Allocate $4.6 million in Local Assistance and Tribal Consistency Funds (LATCF).
4. Allocate all ARPA interest (estimated $400,000).
5. Allocate returned ARPA funds for internal eligible costs.
6. Transfer any unbudgeted Payment in Lieu of Taxes (estimated at $800,000) from Road to Fund 060 – General Reserve.
7. Allocate Unallocated Transient Room Tax (TRT).
8. Transfer unallocated 30% of 1% of Transient Room Tax Fund 170 to Fund 060 – General Reserve (Estimated at $462,119). This has historically been transferred to Fund 617 (Fair & Expo Reserve). Fair & Expo is already transferring $300,00 from Fund 615 to Fund 617 (Fair & Expo Reserve).

Long-Term Financial Update
Today’s Topics

- Funding Sources Overview
- General Fund Forecast
- Courthouse Funding
- Transient Room Tax Forecast
- Available Funds Forecast
- Forecasted Expenditures
- Potential Future Financial Priorities/Commitments
- Considerations
- Health Benefits Fund
Purpose Statement

To focus on the forecasted Countywide financial position and debt service obligations prior to the Fiscal Year (FY) 2024 budget week
Available Funding Sources for Debt and Maintenance

- Funding sources for debt and capital maintenance
  - Prior and current years General Fund ~$6.1M (includes max tax levy)
  - Future years General Fund
  - Prior and current years TRT ~$4.2M
  - Future Years TRT
  - LATCF Funds (ARPA) $4.6M

- All funding sources will be needed to pay debt and annual capital maintenance

- Discuss the forecasts for each funding source and countywide overall operational and debt obligations
General Fund Operational Forecast
The General Fund (GF) is made up of departments (DA, Clerk, Assessor, Veterans, Tax, Property Management, Medical Examiner) and transfers out to other departments to support their operations.

- The largest transfers are to Health Services (~$6.8M) and Community Justice Juvenile (~$6.8M).
- The major source of revenue for the General Fund is property taxes, but it is also supported through various smaller grants and Clerk’s office fees.
- Departmental expenditures are the greatest cost to the fund.
General Fund Operations

- Assumptions are based on historical growth and expenditure rates
- Projected 4.9% year over year property tax increase (.3% above the 25-year average for urban areas in Oregon)
- Despite a projected maximum tax levy increase the gap between revenues and expenditures is decreasing dramatically
General Fund Operations

- Available General Funds at end of year represent revenue over expenditures
- Historically used for capital maintenance and projects
- Projected to decline rapidly due to max COLA’s and operational growth
- The full tax levy will not substantially slow the long-term decrease in available general funds
General Fund Operations Forecast

- By FY35 operational expenditure growth surpasses all GF revenue and the County takes on ~$700k of unfunded operations in FY36
- By FY39 that unfunded number has grown to +$5M
- Critical to ensure that the GF continues to have available funds so operations continue at current service levels

General Fund Year over Year Balance

- Operations outpace maxed GF revenue
- County reserve would need to subsidize operations and could not pay Courthouse debt
Declining Available General Funds - Expenditures

- 8.2%/year average expenditure growth since 2018, while only maintaining a 5.5% property tax increase over the same period
- County FTE has grown from 1,022 to 1,234 since 2018
- Personnel Increases
  - 5% step increases
  - Max bargaining unit COLA last two years
  - Bargaining for certifications and retiree health insurance
  - Health Benefits Fund increases
  - PERS
- Increased space needs due to growth and large capital expenditures paid upfront in cash
- Unforeseen emergency capital maintenance
- Supply chain issues and inflationary increases with M&S and Capital
Declining Available General Funds - Revenue

- Guaranteed revenue sources such as property taxes are not keeping up with growing expenditures
- FY24 Property tax is projected at 4.9% AV growth due to a decrease in permitting throughout the region
- FY24 Clerk’s revenue is projected to be down $1.7M since FY21 Actuals (due to higher interest rates effecting new mortgage rates)
- Assessor’s revenue in FY24 is budgeted $500k below FY22 Actuals
Courthouse Funding - No Debt Buy Down

- Construction Cost Estimate = $40.5M
- County would issue Full Faith & Credit Bonds for $40.5M assuming a true interest cost of 5.075% for 20 years for an annual debt service of $3.24M and a total debt service of $65M
- Annual Debt Service funded by:
  - Prior and current years unallocated transient room tax revenue
  - All future years unallocated transient room tax revenue
  - Prior and current years general fund
  - Future years general fund until it is depleted
  - Monitoring growth rate
- Without significant deviations from the modeled assumptions (or significant State funding) all Countywide TRT and available general funds is needed to pay courthouse debt
Transient Room Tax

- Transient room tax (TRT) predominantly funds tourism promotion/facilities and the provision of general government services

- TRT is broken up into three taxes
  - 6%
    - 80% unallocated, has been used to support internal operations and recently Sunriver, Mt. Bachelor and the Deschutes Trails Coalition for various projects
    - 20% allocated to tourism promotion through Visit Central Oregon
  - 1%
    - Fully allocated to Visit Central Oregon
  - New 1%
    - 70% allocated to Fair and Expo for marketing and tourism
    - 30% unallocated historically used to support Fair and Expo capital maintenance requirements

- Highly variable and difficult to forecast
## Transient Room Tax Forecast

- Assumes 2.5% revenue and expenditure growth
- Unallocated internal operations include transfer to Sheriff’s Office, Health Services, Justice Court and Administrative costs
- TRT does not cover debt in the early years and will need to be covered by available general funds
- When TRT revenue surpasses expenditures, the GF is projected to have no available funds
- At this juncture TRT would need to cover other costs usually associated with available general funds such as capital maintenance and operations

### TRT Forecast

<table>

As TRT eclipses expenditures, the GF dips below contingency levels and fails to pay maintenance and capital.
Available Funds vs. Forecasted Expenditures

Available Funds vs. Forecasted Expenditures

- All available funds
- Forecasted expenditures

FY24 FY25 FY26 FY27 FY28 FY29 FY30 FY31 FY32 FY33 FY34 FY35 FY36 FY37 FY38 FY39 FY40 FY41 FY42 FY43 FY44 FY45
The forecast shows available funds by source

GF available funds is shown as funds remaining after operations but prior to coverage of annual maintenance and capital needs

TRT available funds is shown as the remainder of funds after all expenditures less debt service payments
Available Funds Forecast - Cumulative

- The forecast shows available funds by source from a cumulative perspective
- All revenue sources total $108M
The forecast shows the courthouse debt service and minimum capital maintenance and capital projects expenditures by year.

These are the expenditures that available funds will need to cover.

This does not include the GF unfunded operations after FY34.
Debt and Capital Expenditure Forecast - Cumulative

- The forecast shows the accumulation of courthouse debt service and minimum capital maintenance and capital projects expenditures.
- All expenditures total $120M.
- This does not include the GF unfunded operations after FY34.
Available Funds vs. Forecasted Expenditures

- Overlay of cumulative funds vs. cumulative expenditures
- Available funds fail to meet debt service obligations and minimal capital needs in FY38
- This does not include the GF unfunded operations after FY34
- Without other revenue sources or a decrease in operational growth, debt and capital needs are not met
Other Future County Priorities Not Included In Projections

- Increased operational subsidies to multiple departments outside of the General Fund who are currently facing declining revenues
- The County’s portion of long-term funding of the office of coordinated houselessness after FY 2025
- Stabilization Center funding
- Public safety campus improvements
Courthouse Funding - $10M Debt Buy Down

- Construction Cost Estimate = $40.5M

- Buy down $10M
  - $5.4M in General County Reserve
  - $4.6M in LATCF funds
  - Saves ~$6.2M in interest costs over the life of the debt service
  - Fails to meet debt service obligations beginning in FY42 without additional revenue sources or a reduction in growth expenditures

- County would issue Full Faith & Credit Bonds for $30M assuming a true interest cost of 5.075% for 20 years for an annual debt service of $2.5M and a total debt service of $49.3M

- Annual Debt Service funded by:
  - Unallocated Room Tax Revenue Transfer to General County Reserve (060)
  - Remaining GF Revenue Transfer to General County Reserve (060)
  - Monitoring Growth Rate
Considerations

- Levying the County’s full tax rate of $1.2783 per $1,000 assessed value
- Deferring any new TRT allocations
- Slowing operational growth Countywide and within the General Fund until inflation decreases and projected assessed value growth of property tax returns to higher levels
- Buying down $10 million in courthouse debt to save on financing costs
- Considering changing revenue allocations from other sources and redirect to the General Fund and courthouse funding, such as PILT
Health Benefits Forecast
County Health Benefits Fund

- County strategy was to subsidize premiums to spend down reserves to align with policy ($5-$8M)
- Spent down quicker than projected
- Decreased the funds ending balance by ~$4M in FY22
- Projected decrease by ~$5.8M in FY23
- Increased rates by 11% in FY24
- The County needs to substantially increase rates in FY25 to meet claims costs

Budgeted for claims to barely increase from FY22 according to consultants, actuals are higher year over year
County Health Benefits Fund Forecast

- County projected FY23 claims to slightly increase from FY22 based on “Covid-19 pent up demand declining”
- Instead, FY23 claims grew and appears to be the new baseline due to rising medical costs
- Early analysis shows the County will need to raise rates by 23% in FY25 to adjust to new claims levels
- This will increase the overall pressure on the GF by +$400k per year
- Recommend contingency should be 25% of projected claims due to ~$6M unforeseen decrease in BWC

EXECUTIVE SUMMARY
This report summarizes the Deschutes County Road Department’s five-year Road Capital Improvement Plan (CIP) for Fiscal Year 2024 through Fiscal Year 2028. The Department has identified $77,315,530 in total project expenditures for the five-year period. The projects outlined in the CIP include intersection and corridor improvements, major pavement preservation, bridge replacement and rehabilitation, and other project types to modernize, maintain, and increase the safety of the County road system. This report includes the summary, justification, scope of work, budget, anticipated schedule, and location map for each project.

INTRODUCTION
Deschutes County Road Department is responsible for the improvement, operation, and maintenance of the 926-mile County road system. Pursuant to the Deschutes County Transportation System Plan and Federal Highway Administration standards, County roads are grouped under one of three main functional classifications:

- **Arterial**
  - Links cities, larger towns, and other major traffic generators, providing interregional service.
  - Spaced at distances so that all developed areas are within reasonable distance of an arterial highway.
  - Provides service to corridors with trip length and travel density greater than that predominately served by rural collector or local systems.
  - Secondary route for movement of goods and services.

- **Collector**
  - Distributes trips from arterials to their final destination, and conversely, collects traffic from local streets and channels it onto arterials.
  - Spaced at intervals to collect traffic from local roads and provide all developed areas a reasonable distance from a collector road.
  - Provides service to the remaining smaller communities.
  - Links locally important traffic generators with rural destinations.

- **Local**
  - Primarily provides access to adjacent land/properties.
  - Accommodates travel over short distances as compared to arterials and collectors.
  - Provides access to adjacent land and access to higher classified roads.
  - Carries less than 1,500 vehicles per day.

Much of the County’s arterial and collector road network was established prior to the 1940s, while much of the County’s local road network was established through private development after the 1940s. With
the population and tourism growth in Deschutes County in recent years, the need to improve mobility and safety on the County Road systems has become increasingly crucial.

This report has been developed to:

- Identify the Department’s Capital Improvement Plan for Fiscal Years 2024 through 2028.
- Guide the annual development of the Department’s Road CIP Fund budget.
- Identify funding sources and funding requirements for projects.
- Assist the Department Director and Department managers with the scheduling of staff and resources.
PROJECT SELECTION
Projects included in the Department’s Capital Improvement Plan are selected from the following primary sources:

- **Transportation System Plan**
  The County’s Transportation System Plan (TSP) was adopted as part of the County Comprehensive Plan in compliance with Statewide Planning Goal 12. The Transportation System Plan includes an inventory of the County’s transportation infrastructure and identifies long-term goals and project needs determined through an extensive public input process. The current TSP covers the 20-year period from 2010 to 2030. Projects identified in the TSP have been prioritized as High, Medium, and Low priority.

  The County is currently in the process of updating the TSP for years 2020 through 2040; this update is anticipated to be finalized in Calendar Year 2023.

- **Asset Management Programs**
  The Department implements various asset management programs to efficiently manage over $550 million worth of County road infrastructure. These asset management programs generally include a database of all the County’s road assets and their condition that is populated through routine inspections conducted by Department staff or contractors. Projects are identified within the Department’s asset management programs based on asset conditions, then are prioritized based on safety concerns, lifecycle cost, functional classification, or other criteria.

  Road asset management programs implemented by the Department include:
  
  - **Pavement Management System** – The Department manages its pavement assets using the StreetSaver web-based software application. The system includes the routine inspection of sample units of every paved roadway section in the County road network. Inspection data is used to calculate a pavement condition index (PCI) for each unit, in turn calculating a weighted average PCI for each road section, each road, and the County road network as a whole.
  
  - **Bridge Management System** – The Department manages its bridge assets using the PONTIS web-based application through ODOT. The system includes routine element inspections of all bridges. Inspection data, combined with load rating reports and other bridge data, is used to calculate a sufficiency rating for each bridge and provide maintenance and improvement recommendations.
  
  - **General Asset Management** – All other road appurtenant assets, including signs, guardrails, culverts, storm sewers, cattle guards, illumination, traffic signals, roadside shoulders, and other features, are managed through PubWorks, an enterprise software that the Department operates for internal cost accounting and general asset management.

- **Special Studies and Planning Efforts**
  The Department conducts special studies when needed to evaluate safety, operations, or other concerns for hotspot locations, corridors, or systemically. The need for these studies generally
arises as a result of changes to traffic volumes or patterns in a particular area or implementation of new state or federal standards.

- **State and Federal Funding Programs**
  The Department actively pursues funding through several state and federal programs. Recurring funding programs that are dedicated to particular project types include:
  
  - **Surface Transportation Block Grant Program (ODOT)** – Annual local agency allocation of federal Surface Transportation Program that provides funding for any State Highway Fund-eligible projects or procurements.
  
  - **Federal Lands Access Program (FHWA)** – Provides funding for projects on roads that provide access to federal land high use recreation sites or economic generators.
  
  - **Local Bridge Program (ODOT)** – Provides funding for Oregon local agency bridge rehabilitation or replacement projects.
  
  - **All Roads Transportation Safety Program (ODOT)** – Provides funding for hotspot and systemic safety improvements on Oregon public roads.
  
  - **Safe Routes to Schools (ODOT)** – Provides funding for projects that enhance safe multimodal transportation to Oregon schools.

**FUNDING**
Contracted public improvement and major maintenance projects are budgeted annually in the Road CIP Fund (Fund 465) budget. Road CIP Fund revenue comes from the following primary sources:

- **Transfer from Road Fund** – The Road Fund is the Department’s operating budget. The Department implements a “trickle-down” approach to budgeting for the Road Fund, whereby baseline operations and maintenance of the County road system are prioritized, and remaining revenues are transfer to the Road CIP fund. The primary source of the Road Department’s revenue is the allocation received from the State Highway Fund (SHF). The State Highway Fund is comprised of:
  
  - Fuel Tax (46%)
  
  - Motor-Carrier Fees (Freight), weight-mile tax (32%)
  
  - DMV Fees (license, registration, etc), (22%)

  Approximately 30% of the annual State Highway Fund revenue is allotted to Oregon counties, with each county receiving an amount based on the number of registered vehicles in the county. In June of 2017, the Oregon Legislature passed a transportation funding package via HB 2017 which provided a 7-year phase-in of a 10-cent state fuel tax increase, in addition to other funding mechanisms. The additional funding delivered by this legislation has provided a substantial revenue infusion to the Road CIP Fund. Other Road Fund revenue sources include federal payments such as Payment In Lieu of Taxes (PILT), federal lands timber receipts, and the Secure Rural Schools Act payments.

- **System Development Charges** – Private development in unincorporated Deschutes County is charged a one-time assessment based on the number of P.M. peak-hour trips the development is anticipated to generate. These system development charges are used to fund projects identified
in the TSP based on the methodology instituted with the County’s system development charge resolution (Resolution No. 2013-020).

- **State/Federal Grants** – Upon award of funding through state and federal programs described above.

\[\text{TABLE 1 – FY 2024-2028 COUNTY ROAD REVENUE AND EXPENDITURES PROJECTIONS}\]
FIGURE 2 – FY 2023-2027 ROAD CIP FUND REVENUE AND EXPENDITURES PROJECTIONS

CIP ORGANIZATION
Projects prioritized and selected from the above-listed sources are programmed into the five-year CIP and scheduled based on available revenue and Department project delivery capacity. Projects are organized in the CIP under four programs:

TRANSPORTATION SYSTEM
Includes major road improvement projects identified in TSP, special studies, or funding agreements. Also includes County contributions to ODOT state highway projects.

PAVEMENT PRESERVATION
Includes contracted pavement preservation projects identified in the Department’s pavement management system.
Includes contracted safety improvements, including signage, guardrail, and delineation, to bring assets in compliance with current state or federal standards.

Includes bridge replacement and rehabilitation projects identified in the Department’s bridge management system.

Appendix “A” of this report includes a summary of the five-year Road Capital Improvement Plan (CIP) for Fiscal Years 2023 through Fiscal Year 2027.

Appendix “B” of this report includes County-wide maps depicting the project locations by program. Traffic Safety Program projects and local road pavement preservation projects are not depicted on these maps, as these projects are systemic and cover multiple corridors, some of which are still to be determined.

Appendix “C” of this report includes individual project information sheets and location maps.

Project begin-construction years are indicated on maps and the header of each project information sheet with a color-coded tab, similar to the one depicted in Figure 3 below.

APPENDIX C

PROJECT INFORMATION SHEETS AND LOCATION MAPS
Hunnell Road: Loco Road to Tumalo Road

Hunnell Road between the northerly Bend city limit at Loco Road and Tumalo Road is a north-south rural collector roadway as identified in the Deschutes County Transportation System Plan (TSP). From Loco Road to Rogers Road, Hunnell Road is an unimproved dirt road only passable by high-clearance vehicles, and is a combination of gravel and paved road of variable width from Rogers Road to Tumalo Road. The road serves traffic from various lower-order roads and adjacent properties and distributes that traffic to higher-order arterial roads and principal highways.

- Project Justification: Deschutes County TSP 2010 – 2030 (High Priority)
- Functional Classification: Rural Collector
- ADT: 369 (2022)

**SCOPE OF WORK**

- Reconstructing/widening the roadway to a paved width of 30 feet with 2 to 4-foot-wide aggregate shoulders
- Realigning Hunnell Road at the intersection with Pohaku Road
- Constructing a new crossing structure at the Swalley Irrigation Canal
- Removal of roadside hazards
- Installing concrete splitter islands and dynamic speed feedback systems
- Installing new pavement markings and delineation
- Improving the approach to Tumalo Road
- Legalizing the right-of-way where necessary

APPENDIX C-2
Deschutes Market Road / Hamehook Road Roundabout

Deschutes Market Road is a north-south arterial and Hamehook Road is an east-west collector. Both roadway segments are located northeast of Bend. The corridor is frequently used as a bypass to US 97 from east Bend. The Deschutes Market Road/Hamehook Road intersection is presently a 3-legged intersection with stop sign-control on the north leg only. These roads have seen moderate traffic growth due to development and completion of the Deschutes Market interchange at US 97. Growth is expected to increase as development in the area continues.

- Project Justification: Deschutes County TSP 2010 – 2030 (High Priority)
- Road Name: Deschutes Market Road Hamehook Road
- Functional Classification: Rural Arterial Rural Collector
- ADT: 9,312 (2022) 3,564 (2022)

**SCOPE OF WORK**

- Constructing a single-lane roundabout
- Installing illumination
- Installing new signs, striping and delineation
- Clearing roadside obstructions

Powell Butte Highway / Butler Market Road Roundabout

Powell Butte Highway is a north-south arterial roadway connecting the area east of Bend to US 20, Crook County and the community of Powell Butte. Butler Market Rd is an east-west arterial roadway connecting the area east of Bend to Deschutes Market Rd and Hamehook Rd. The intersection is situated adjacent to the main entrance to the Bend Municipal Airport. The intersection of Powell Butte Highway and Butler Market Rd is presently a three-legged intersection with stop sign control on the eastbound approach only.

- **Project Justification:** Deschutes County TSP 2010 – 2030 (High Priority)
- **Road Name:** Powell Butte Hwy Butler Market Road
- **Functional Classification:** Rural Arterial Rural Arterial
- **ADT:** 7,418 (2022) 4,008 (2022)

**SCOPE OF WORK**

La Pine UIC Stormwater Improvements

The City of La Pine is an unincorporated community south of Bend. Deschutes County Road Department has identified several Underground Injection Control (UIC) Stormwater facilities that require upgrades. These improvements are necessary to maintain appropriate catchment volume and water quality for storm runoff within the City of La Pine.

- Project Justification: Department of Environmental Qualifications (DEQ) Underground Injection Control (UIC) Permit Requirements
- Road Name: Various
- Functional Classification: Various

SCOPe OF Work

- Constructing new Underground Injection Control (UIC) facilities and stormwater conveyance structures
- Installing new stormwater inlets

NW Lower Bridge Way / 43rd Street Intersection Improvement

NW Lower Bridge Way is an east-west rural collector connecting the area west of Terrebonne to US 97. NW 43rd Street is a major collector and serves as the primary access route for more than 5,000 residents of Crooked River Ranch. NW 43rd Street intersects NW Lower Bridge Way at a three-legged intersection with stop sign control on the north leg only, where there has been a history of crashes. The intersection is a primary node for both recreational and residential traffic, and is bisected by the Sisters to Smith Rock Scenic Bikeway.

- Project Justification: Deschutes County TSP 2010 – 2030 (High Priority)
- Road Name: NW Lower Bridge Way NW 43rd Street
- Functional Classification: Rural Collector Rural Collector
- ADT: 7,723 (2022) 6,781 (2022)

**SCOPE OF WORK**

- Conducting a safety and capacity analysis at the intersection of NW Lower Bridge Way / NW 43rd Street
- Revising intersection geometry to improve safety for vehicular and bicycle traffic
- Installing new pavement markings and signage

Tumalo Reservoir Road:
O.B. Riley Road to Sisemore Road

Tumalo Reservoir Road is located southwest of Tumalo and spans from O.B. Riley Road to Sisemore Road near Tumalo Reservoir. The existing pavement width ranges from 22 to 25 feet and has a Pavement Condition Index (PCI) ranging from 74 to 79 out of 100. The existing pavement has poor ride quality and is exhibiting significant shoulder deterioration. The segment between O.B. Riley Road and Bailey Road serves as part of the Twin Bridges Scenic Bikeway.

- Project Justification: Deschutes County TSP 2010 – 2030 (Medium Priority)
- Pavement Condition Index (PCI) Rating – 75 out of 100
- Functional Classification: Rural Collector
- ADT: 1,234 (2022)

**SCOPE OF WORK**

- Widening the roadway to a paved width of 30 feet with 2-foot-wide aggregate shoulders to accommodate paved bikeways
- Paving of Tumalo Reservoir Road between O.B. Riley Road and Sisemore Road
- Safety improvements – Signing, Striping and Delineation
- Removal of roadside obstructions

TRANSPORTATION SYSTEM PROJECT
S. CENTURY DR / SPRING RIVER RD ROUNDABOUT

* Rendering is conceptual and is subject to change.
South Century Drive / Huntington Road Roundabout

South Century Drive is a rural collector that connects Sunriver and US97 to communities south of Sunriver and Forest Service Road 42. Huntington Road is a north-south rural collector that begins at the intersection with South Century Drive and continues south through La Pine to US 97. The intersection has at a slight skew (108 degree) and the western and southern approaches are controlled with stop signs while the northern approach is uncontrolled. There were 13 reported crashes at the intersection during the most recent five year period of available crash data (2016-2020).

- Project Justification: Deschutes County TSP 2010 – 2030 (High Priority)
- Road Name: South Century Drive Huntington Road
- Functional Classification: Rural Collector Rural Collector
- ADT: 8,106 (2022) 2,083 (2022)

Burgess Road / Day Road Traffic Signal

Burgess Road is a rural arterial that connects La Pine and US97 to Forest Service Road 42 and the Deschutes National Forest. Day Road is a north-south rural collector that connects residents north of La Pine to US 97, the City of La Pine and La Pine State Park. The intersection is currently stop sign-controlled on the north and south approaches. Turn lanes were added to the intersection on the north and south approaches in 2018. The intersection has a history of crashes (more than 20) related to the stop-controlled approaches and poor sight distance. The intersection currently lacks adequate traffic control to manage the moderately high volumes experienced by the intersection.

- Project Justification: Deschutes County TSP 2010 – 2030 (High Priority)
- Road Name: Burgess Road / Day Road
- Functional Classification: Rural Arterial / Rural Collector
- ADT: 6,456 (2022) / 4,415 (2022)

**SCOPE OF WORK**

- Installing traffic signals on all approaches
- Installing illumination
- Installing new Signs, Striping and Delineation
- Clearing roadside obstructions

Buckhorn Road: Hwy 126 to M.P. 1.6

Buckhorn Road is an aggregate-surfaced, north-south collector roadway located west of Redmond that connects NW Lower Bridge Road to OR Hwy 126. Buckhorn Road provides access to over 100,000 acres of Federal lands and recreational areas, including the Crooked River National Grasslands and the Cline Buttes OHV area. Buckhorn Road is also a critical link for emergency services to access communities west of Terrebonne in the event of a closure on NW Lower Bridge Way. Buckhorn Road currently lacks functional characteristics and safety features of a County Collector roadway.

- Project Justification: Deschutes County TSP 2010 – 2030 (Medium Priority) Approved for funding under Federal Lands Access Program
- Functional Classification: Rural Collector
- ADT: 303 (2021)

**SCOPE OF WORK**

- Modernizing to Collector Roadway standards - Constructing 28-foot-wide asphalt concrete pavement with shoulder bikeways and 2-foot-wide aggregate shoulders from OR 126 to M.P. 1.6
- Installing new Signage, Delineation, Fencing and Marked Trail Crossings
- Removing roadside hazards and obstructions

APPENDIX C-23
Three Creeks Road: Sisters City Limits to Forest Service Boundary

Three Creeks Road spans 15.85 miles north-south from the southern city limits of Sisters to Three Creeks Lake. The first 3.9 miles of Three Creeks Road, from the city limits to Forest Service Road #1600-370, is a Deschutes County rural collector road. It then becomes a Forest Service road to its terminus. Three Creeks Road primarily provides access to the Deschutes National Forest and Three Sisters Wilderness for recreational users. Three Creeks Road is a popular cyclist corridor and lacks the functional characteristics of a County bicycle route.

- Project Justification: Pavement Condition Index (PCI) Rating – 79 out of 100
  Approved for funding under Federal Lands Access Program
- Functional Classification: Rural Collector
- ADT: 835 (2022)

**SCOPE OF WORK**

- Widening of existing roadway to a paved width of 28 feet to accommodate shoulder bikeways with 2-foot aggregate shoulders
- Performing asphalt concrete pavement preservation via overlay
- Performing asphalt pavement repair
- Installation of new Signs, Striping and Delineation
- Removal of roadside hazards and obstructions

*Project is approved for up to $3,081,869 in FHWA Federal Lands Access Program funding. Contributions by Deschutes County are shown.

**SCHEDULE**
**Buckhorn Road: M.P. 1.6 to Lower Bridge Way**

Buckhorn Road is an aggregate-surfaced, north-south collector roadway located west of Redmond that connects NW Lower Bridge Road to OR Hwy 126. Buckhorn Road provides access to over 100,000 acres of federal lands and recreational use areas, including the Crooked River National Grasslands and the Cline Buttes OHV area. Buckhorn Road is also a critical link for emergency services to access communities west of Terrebonne in the event of a closure on NW Lower Bridge Way. Buckhorn Road currently lacks functional and safety characteristics of a County Collector roadway.

- Project Justification: Deschutes County TSP 2010 – 2030 (Medium Priority)
- Functional Classification: Rural Collector
- ADT: 303 (2021)

**SCOPE OF WORK**

- Modernizing to Collector Roadway standards - Constructing 28-foot-wide asphalt concrete pavement with shoulder bikeways and 2-foot-wide aggregate shoulders from M.P. 1.6 to Lower Bridge Way
- Installing new Signage, Delineation, Fencing and Marked Trail Crossings
- Installing new guardrail
- Removing roadside hazards and obstructions

APPENDIX C-27
Deschutes Market Rd / Graystone Lane Intersection Improvement

Deschutes Market Road is an arterial roadway connecting communities east of Bend to US 97 and Tumalo. Graystone Lane is a collector roadway which provides access to northbound US 97 and rural properties east of US 97. The Deschutes Market Road/Graystone Lane intersection is a critical node for passenger vehicle and freight traffic, and currently lacks functional characteristics and safety features that are necessary to accommodate the high traffic volumes exhibited at the intersection. The intersection also has a history of non-fatal crashes.

- Project Justification: Deschutes County TSP 2010 – 2030 (Medium Priority)
- Road Name: Deschutes Market Road Graystone Lane
- Functional Classification: Rural Arterial Rural Collector
- ADT: 9,571 (2022) Not Available

**SCOPE OF WORK**

- Installing a new traffic signal
- Constructing protected turn lanes to accommodate predominant traffic movements
- Constructing new asphalt concrete pavement
- Installing new Signage, Delineation and Pavement Markings
- Installing new guardrail

APPENDIX C-29
Graystone Lane / Deschutes Pleasant Ridge Road Intersection Improvement

Graystone Lane is a collector roadway which provides access to northbound US 97 from Deschutes Market Road. Deschutes Pleasant Ridge Road connects rural properties east of US 97 to highway access points and Deschutes Market Road. The Graystone Lane/Deschutes Pleasant Ridge intersection presently does not adequately accommodate predominant traffic movements and lacks appropriate sight distance.

- **Project Justification:** Deschutes County TSP 2010 – 2030 (Medium Priority)
- **Road Name:** Graystone Lane / Deschutes Pleasant Ridge Road
- **Functional Classification:** Rural Collector
- **ADT:** Not Available / 4,149 (2022)

**SCOPE OF WORK**

- Implementing all-way stop control at the intersection
- Installing new Signage, Delineation and Pavement Markings
- Removing roadside obstructions to improve sight distance

PRELIM. ENGINEERING

RIGHT OF WAY

CONSTRUCTION
S Century Drive / Venture Lane Intersection Improvement

S Century Drive is an arterial roadway connecting outlying communities near Sunriver to US 97 and the Sunriver Resort. Venture Lane is a local roadway which encircles the Sunriver Business Park. The S Century Drive/Venture Lane intersection is currently signalized and leads into a three-way stop-controlled intersection on Venture Lane. In response to rising traffic volumes due to increased development in the Sunriver area, reconfiguration of these intersections is warranted to improve safety, capacity and bicycle/pedestrian connectivity at this critical juncture.

- Project Justification: Deschutes County TSP 2010 – 2030 (High Priority)
- Road Name: S Century Drive Venture Lane
- Functional Classification: Rural Arterial Rural Local
- ADT: 10,401 (2022) Not Available

SCOPE OF WORK

- Constructing a single-lane roundabout
- Installing new Signage, Delineation and Pavement Markings
- Installing new bicycle facilities and pedestrian crossings

TRANSPORTATION SYSTEM PROJECT
S. CENTURY DR / VENTURE LN INTERSECTION IMPROVEMENT

Project Extents

05/23/2023 Item #3.
NW Lower Bridge Way: NW 43rd Street to NW Teater Avenue

NW Lower Bridge Way is an east-west rural collector connecting the area west of Terrebonne to US 97. It is a primary route for both recreational and residential traffic, and is part of the Sisters to Smith Rock Scenic Bikeway. The section of NW Lower Bridge Way from NW 43rd Street to Teater Avenue has a paved roadway width of 24 feet and a pavement condition index (PCI) ranging from 74 to 77 out of 100. The roadway currently lacks dedicated bicycle facilities and does not meet current collector roadway standards.

- Project Justification: Deschutes County TSP 2010 – 2030 (Medium Priority)
- Road Name: NW Lower Bridge Way  NW Teater Avenue
- Functional Classification: Rural Collector  Rural Local
- ADT: 1,129 (2022)  Not Available

SCOPE OF WORK

- Widening of NW Lower Bridge Way to a paved width of 28 feet with 2-foot aggregate shoulders to accommodate paved bikeways
- Paving of NW Lower Bridge Way between NW 43rd Street and Teater Avenue
- Safety improvements – Signing, Guardrail, Striping and Delineation
- Removal of roadside hazards

Paving of Hamby Road:
US 20 to Butler Market Road

Hamby Road is an north-south arterial located east of Bend that begins at US 20 and ends at Butler Market Road. It is critical link for communities east of Bend to access US 20 and the City of Bend, and is increasingly used as an eastside bypass of Bend by traffic bound for US 97 via Butler Mkt Road, Hamehook Road, and Deshutes Mkt Road. It also provides access to Buckingham Elementary School, and bisects three Deschutes County Bikeways.

- Project Justification: Pavement Condition Index (PCI) Rating – 79 out of 100
- Functional Classification: Rural Arterial
- ADT: 3,447 (2022)

**SCOPE OF WORK**

- Asphalt pavement rehabilitation via overlay
- Minor improvements – Striping and Delineation

PAVEMENT PRESERVATION PROJECT

HAMBY RD: US 20 TO BUTLER MARKET RD

05/23/2023 Item #3.
Paving of Alfalfa Market Road:
M.P. 4 to Johnson Ranch Road / Willard Road

Alfalfa Market Road is an east-west rural arterial beginning at Powell Butte Hwy and ending 9.45 miles to the east at a 4 way intersection with Johnson Ranch Road, Willard Road and Walker Road. The road links east Bend to Prineville Reservoir and the Crooked River Highway. This moderately-trafficked rural roadway segment is experiencing significant pavement distress and shoulder deterioration, and lacks adequate delineation.

- Project Justification: Pavement Condition Index (PCI) Rating – 75 out of 100
- Functional Classification: Rural Arterial
- ADT: 1,596 (2022)

**SCOPE OF WORK**

- Asphalt pavement rehabilitation via overlay
- Shoulder repair & full-depth pavement repair
- Minor improvements – Striping and Delineation

PAVEMENT PRESERVATION PROJECT

ALFALFA MKT RD: MP 4 TO JOHNSON MKT RD / WILLARD RD
Paving of Rosland Road / Tracy Road: US 97 to Drafter Road

Rosland Road is a City collector roadway which connects the Newberry Estates community northeast of La Pine to US 97. The road also provides recreational users with access to Forest Service Road #2205 and the Deschutes National Forest. Wendy Road and Tracy Road are City local roadways that provide connectivity from Rosland Road to local businesses. These heavily-trafficked roadway segments are the primary ingress to a nearby truck stop and other local businesses. These roadways are exhibiting pavement failure in multiple locations due to high volumes of heavy vehicles.

- Project Justification:  Pavement Condition Index (PCI) Rating – 48 to 79 out of 100
- Road Name: Rosland Road, Wendy Road & Tracy Road
- Functional Classification: City Collector, City Local
- ADT: 1,064 (2022), Not Available

Paving of Spring River Road: S Century Drive to Stellar Drive

Spring River Road is located in south Sunriver and connects traffic from Sunriver Resort and US 97 to communities west of Sunriver and the Deschutes National Forest. The segment is classified as a rural arterial. A popular access point to the Deschutes River exists along the Project Segment, which brings significant seasonal traffic during the summer months. New development in the area has also resulted in increased traffic levels. The existing pavement is exhibiting considerable load-related distress and maintenance patching.

- Project Justification: Pavement Condition Index (PCI) Rating – 81 out of 100
- Functional Classification: Rural Arterial
- ADT: 5,599 (2022)

**SCOPE OF WORK**

- Rehabilitation of existing asphalt pavement via overlay/inlay
- Minor improvements – Striping and Delineation

PAVEMENT PRESERVATION PROJECT

SPRING RIVER RD: S. CENTURY DR TO STELLAR DR
Paving of Powell Butte Highway: McGrath Road to US 20

Powell Butte Highway is a rural arterial roadway located east of Bend. The roadway connects communities east of Bend to US 20, Crook County and the Bend Municipal Airport. This segment is frequented by road users commuting from outlying rural communities to the City of Bend, and is also a popular freight route. The pavement is exhibiting load-related cracking and other pavement distress which warrants rehabilitation.

- Project Justification: Pavement Condition Index (PCI) Rating – 80 out of 100
- Functional Classification: Rural Arterial
- ADT: 7,418 (2022)

**SCOPE OF WORK**

- Rehabilitation of existing asphalt pavement via overlay/inlay
- Paving of roundabout and roundabout legs at NE Neff Road/Alfalfa Market Road
- Minor improvements – Striping and Delineation

PAVEMENT PRESERVATION PROJECT
SKYLINE RANCH RD: CENTURY DR TO CITY LIMITS
Paving of Tumalo Road / Deschutes Market Road: 19th Street to Tumalo Place

Tumalo Road is an east-west rural collector and Deschutes Market Road is a north-south rural arterial. Both roadways provide access to US 97 north of Bend. This corridor has seen a significant increase in traffic due to Deschutes Market Road being frequently used as a bypass to communities east of Bend. Four County-maintained bridges also exist along the project segment, which are exhibiting isolated approach settlement warranting full-depth repair.

- Project Justification: Pavement Condition Index (PCI) Rating – 81 out of 100
- Bridge Condition Reports
- Road Name: Tumalo Road
- Functional Classification: Rural Collector
- ADT: 7,973 (2022)

SCOPE OF WORK

- Asphalt pavement rehabilitation via inlay/overlay
- Bridge approach full-depth repair
- Guardrail improvements
- Minor improvements – Striping and Delineation

Local Road Pavement Preservation

Pavement preservation on local roads generally consists of slurry seals or asphalt concrete pavement overlays on local road networks in individual maintenance zones (Bend, Redmond, Sisters, and La Pine). Annual selection of local roads to receive pavement preservation work is determined based on the area-level pavement conditions contained in the Department’s pavement management system (PMS).

**SCOPE OF WORK**

- Contracted paving or sealing of local roads

Smith Rock Way Bridge #15452 Replacement

The Smith Rock Way Bridge is a timber bridge located east of Terrebonne that was constructed in 1971. The bridge is structurally deficient and load posted at 30 tons. The bridge and substructure are exhibiting signs of deterioration which warrants replacement.

Smith Rock Way is an east-west arterial roadway linking the communities east of Terrebonne to US 97. The route is frequently used by heavy trucks as a connection to Crook County due to length restrictions on the nearby OR 370.

- Project Justification: Bridge Sufficiency Rating – 76.9 out of 100
- Bridge Name: North Unit Canal (Smith Rock Rd) Bridge #17C02
- Road Name: Smith Rock Way
- Functional Classification: Rural Arterial
- ADT: 929 (2022)

**SCOPE OF WORK**

- Removal of the existing structure
- Construction of a single-span, precast, prestressed concrete slab structure
- Bridge approach paving
- Installation of bridge approach guardrail

BRIDGE CONSTRUCTION PROJECT
SMITH ROCK WAY BRIDGE # 15452 REPLACEMENT
Gribbling Road Bridge #17C30 Replacement

The Gribbling Road Bridge is a single-lane timber bridge located east of Bend that was constructed in 1958. The bridge is structurally deficient and scour critical. The bridge is load-posted at 5 tons.

Gribbling Road is an important local roadway connecting the communities southeast of Bend to US 20. The route also serves as secondary access to these communities for emergency services. Because of the width and load restriction of the bridge, Deschutes County Rural Fire Protection District #2 will not use the bridge, resulting in longer response times.

- Project Justification: Deschutes County TSP 2010 – 2030 (Low Priority)
  ODOT Local Bridge Program
  Bridge Sufficiency Rating – 17.0 out of 100
- Bridge Name: COID Canal (Gribbling Road) Bridge #17C02
- Road Name: Gribbling Rd

BRIDGE CONSTRUCTION PROJECT

GRIFFLING RD BRIDGE # 17C30 REPLACEMENT (ODOT LBP/SFLP)

APPENDIX C-81
Wilcox Avenue Bridge
(#02171-03 & -04) Removal

Two timber bridges exist on NE Wilcox Avenue approximately .4 miles west of the Crook County line, which formerly served as overcrossings for the Lone Pine Flume. The Lone Pine Flume has since been piped and the bridges are now obsolete. Built in 1969, both bridges are experiencing rot, spalling on concrete abutments and checking throughout the timber structures.

NE Wilcox Avenue is an east-west collector located east of Terrebonne that runs parallel to Smith Rock Way from NE 1st St, and after approximately 3 miles crosses into Crook County where it connects to Smith Rock Way. This roadway serves as the primary access to Smith Rock State Park for recreational users.

- Bridge Name: Wilcox Ave Bridge # 02171-03  Wilcox Ave Bridge # 02171-04
- Bridge Sufficiency Rating: 90.5 out of 100  90.5 out of 100
- Road Name: NE Wilcox Ave  NE Wilcox Ave
- Functional Classification: Rural Collector  Rural Collector
- ADT: 1,346 (2022)  1,346 (2022)

SCOPE OF WORK

- Removal of existing timber structures
- Construction of a new paved roadway section
- Minor improvements – Striping and Delineation

WILCOX AVE BRIDGE # 2171-03 & 04 REMOVAL

05/23/2023 Item #3.
Hamehook Road Bridge #17C32 Replacement

The Hamehook Road Bridge is a timber bridge located northeast of Bend that was constructed in 1977. As development and population increase to the north and east of Bend, Hamehook Road continues to be an important north-south route for road users bypassing Bend for access to and from US 97.

The timber structure is experiencing checking and cracking throughout the deck and girders. The existing concrete piers, abutments and footings are delaminating and cracking, and the metal bridge railing is substandard and in need of replacement.

- Project Justification: Bridge Sufficiency Rating – 73.9 out of 100
- Bridge Name: North Unit Main Canal (Hamehook Road) Bridge #17C32
- Road Name: Hamehook Road
- Functional Classification: Rural Collector
- ADT: 3,564 (2022)

SCOPE OF WORK

- Construction of a temporary detour bridge
- Removal of the existing structure
- Construction of a single-span, precast, prestressed concrete slab structure
- Bridge approach paving
- Installation of bridge approach guardrail

BRIDGE CONSTRUCTION PROJECT

HAMEHOOK RD BRIDGE # 17C32 REPLACEMENT
Local Access Road Bridges

Various Local Access Road Bridges exist in Deschutes County. Some are in disrepair and pose safety hazards to the travelling public and Emergency & Medical Services, and as such, are in need of replacement. Deschutes County Road Department is obligating funds for the replacement of these bridges to maintain safe and continuous access to rural communities constrained by waterways or other topographical features.

SCOPE OF WORK

- Evaluation of the existing bridge structures
- Maintenance or Removal & Replacement of bridge structures, as needed
- Paving of approaches
- Installation of approach guardrail

South Century Drive Bridge #16181
Rehabilitation

The South Century Drive Bridge #16181 over the Burlington Northern – Santa Fe (BNSF) railroad is a 3-span prestressed concrete bridge located east of Sunriver that was constructed in 1976. South Century Drive is an east-west arterial located near Sunriver that connects US 97 to the Cascade Lakes Highway. The segment from US 97 to Sunriver is a primary access route for recreational users and residents of Sunriver to/from US 97.

The bridge is showing significant signs of efflorescence, cracking and spalling throughout the structure, and the concrete railing and is suspected to have been constructed with poor quality concrete materials.

- Project Justification: Bridge Sufficiency Rating – 77.2 out of 100
- Bridge Name: South Century Dr over BNRR Bridge #16181
- Road Name: South Century Drive
- Functional Classification: Rural Arterial
- ADT: 8,435 (2022)

SCOPE OF WORK

- Repair reinforced concrete bridge components
- Replace concrete bridge rail
- Replace bridge deck surfacing and install waterproofing membrane
- Upgrade bridge approach guardrail

Burgess Road Bridge #09C783 Replacement

The Burgess Road Bridge is a single-span steel girder bridge located west of La Pine that was constructed in 1962. Burgess Road carries recreational traffic from US 97 and La Pine to the Deschutes National Forest and South Century Drive, and also serves several rural residents in the area.

The concrete deck is exhibiting cracking on the wearing surface and soffit, and the reinforced concrete abutments are spalling and cracking. The existing footings are exposed, and the metal bridge railing is substandard and in need of replacement.

- Project Justification: Bridge Sufficiency Rating – 51.8 out of 100
- Bridge Name: Deschutes River, Burgess Rd Bridge #09C783
- Road Name: Burgess Road
- Functional Classification: Forest Highway
- ADT: 136 (2022)

SCOPE OF WORK

- Removal of the existing structure
- Construction of a single-span, precast, prestressed concrete slab structure
- Bridge approach paving
- Installation of bridge approach guardrail

BURGESS RD BRIDGE # 09C783 REPLACEMENT
Spring River Road (Harper) Bridge #17923 Rehabilitation

The Spring River Road (Harper) Bridge #17923 over the Deschutes River is a 3-span concrete structure constructed in 1994. Spring River Road is an arterial roadway which carries recreational traffic to the Deschutes National Forest and links US 97 with communities west of Sunriver.

The reinforced concrete girders are spalling and water intrusion is occurring from the slab joints. The steel piles within the river channel are also exhibiting corrosion, and the concrete bridge railing is showing signs of deterioration.

- Project Justification: Bridge Sufficiency Rating – 59.9 out of 100
- Bridge Name: Deschutes River, Spring River Rd Bridge #17923
- Road Name: Spring River Road
- Functional Classification: Rural Arterial
- ADT: 5,599 (2022)

**SCOPE OF WORK**

- Repair reinforced concrete bridge components
- Replace concrete bridge rail
- Replace piles within river channel
- Upgrade bridge approach guardrail

Signage Improvements

Annual signage improvements include systemic safety improvements on County road intersections and curves. Signage work includes installing new traffic control devices or upgrading existing traffic control devices in accordance with current State and Federal standards. Additionally, localized traffic control device improvements are sometimes warranted to address specific operational or safety needs.

SCOPE OF WORK

- Contracted installation of regulatory signs, warning signs, and other traffic control devices

Mission Statement
Protecting life and property, fostering a sense of safety and security in the Sunriver community

District Overview
The Sunriver Service District was established in 2002 to oversee the Sunriver Fire and Police Departments for the unincorporated resort community in Deschutes County. The District provides Police, Fire, and EMS to the community and surrounding areas under the laws of the State of Oregon and a management agreement with Deschutes County. The District Managing Board meets monthly to conduct business, ensuring professional delivery of public safety services to the community of Sunriver.

A seven-member Board oversees the budget, sets policy for the District, and is responsible for hiring the Police and Fire Chiefs, and a Board Administrator, to manage day-to-day operations. The Board is also responsible for negotiating labor contracts for both departments.

Fiscal Year 2022/23 Summary
The Sunriver Police and Fire Departments continue to focus on public safety, emergency preparedness, and community engagement. Collaborators in Sunriver are separate, private entities that come together under the leadership of the District to be ready in case of an emergency. Partners, both internal and external, including Deschutes County Emergency Management, Sunriver Resort, Sunriver Homeowner’s Association (SROA), Sunriver Village, U.S. Forest Service, Project Wildfire, ODOT and others, are important entities to include in this collaboration. Wildfires or railway incidents are the greatest threat to the community. Comprehensive messaging is done in partnership with SROA to ensure residents and guests are prepared in the event of an emergency. An emergency operations drill is held annually to test the resources and cooperation of these entities.

Chief Cory Darling retired from the Sunriver Police Department in August of 2022. The Board appointed Mike Womer as chief, who has over 28 years of experience in law enforcement and began with the Sunriver Police Department in January 2014. He has worked his way through the chain of command as an Officer, Acting in Capacity (AIC) Sergeant, and most recently as Lieutenant. Police Chief Womer will be retiring in December of 2023 and the District will start an active search for replacement this fall.

Chief Tim Moor retired from the Sunriver Fire Department in April of 2023. The Board appointed Deputy Chief Rod Bjorvik as interim chief. Sunriver is actively interviewing for a full-time fire chief and expects to make a selection before the end of the fiscal year. Interim Chief Rod Bjorvik has worked for the District for over 20 years and provides expertise in wildland firefighting.

The Board also appointed Mindy Holliday as the District Administrator, replacing the retired Debbie Baker. Administrator Holliday has worked her way through the organization, starting out part time as an office assistant and then the Sunriver Fire Department Administrative Assistant before becoming Board Administrator.
Police Chief Womer and interim Fire Chief Bjorvik both work diligently to provide professional public safety through community outreach and connection opportunities. The volume of visitors to Sunriver continued to be strong throughout the year, with estimates of 200,000 visitors to Sunriver during this fiscal year.

The Sunriver Police, in conjunction with SROA, continues to utilize a rental registry (non-mandatory) and established new rules outlining expected behavior for Sunriver guests. The registry gives Sunriver Police contact information for homeowners and rental agencies on an individual home basis. This gave officers the ability to inform rental agencies and non-resident homeowners about problems at their residence before it is designated a “nuisance property” and fined by SROA. The program has been a great success, as many issues are being resolved before the home is designated as a nuisance property. The Police additionally have implemented a drone program to help with public safety and search and rescue operations. In this last year, the District has executed additional supervision on each shift by developing a corporal position that will pull from current patrol staff. The department has applied for a federal grant to equip patrol cars with dash cameras to support the existing body cameras. The Sunriver Police Department was reaccredited by the Oregon Accreditation Alliance.

The Sunriver Bike Patrol program was reimagined in 2022. To recruit members the minimum age requirement was lowered to sixteen years old. Subsequently, the program was restructured to both provide outstanding customer service on the bike paths and provide members with a cadet-like experience they could build upon if they pursued public safety careers. Bike Patrol applicants took trips to the Firearms Range and Deschutes County 9-1-1 amongst other training to expose them to law enforcement. As the program progresses, an emphasis on recruiting at local high school and college campuses will continue.

In 2022, Sunriver firefighters participated in 2,147 hours of training. These hours represented an average training of 143 hours per employee. In addition, department officers completed Blue Card ICS training and certification, and career staff completed a 16-hour Basic Water First Responder course.

In FY 22/23 the Board approved funding for an additional Firefighter/Paramedic. Sunriver Fire Department uses a three-platoon system, and there were not enough FTE’s to provide equal staff on each shift. Therefore, when someone was sick or on vacation the department used overtime to fill the vacancy. This additional Firefighter/Paramedic will balance out the three shifts and provide for efficiencies and cost savings.

In 2022, the District began a funding campaign for the construction of a new Public Safety Facility to house both the Sunriver Police and Fire departments. An architectural firm was hired, and a new building concept was developed by police and fire personnel, administrative staff, members of the community, and the District Board. The District selected a construction firm and is currently in the permitting phase. The goal is to break ground in June 2023 with completion by the end of 2024. The cost of the new facility will not exceed $18 million. The Deschutes County Commissioners unanimously granted the District $8 million in funds from the Deschutes County unallocated transient room tax (TRT) fund. The District also contributed $3 million from its existing operating fund working capital (Fund 715). Lastly, the District received overwhelming support and approval from Sunriver registered voters on May 17, 2022 to fund a 10-year Capital Improvement Levy. This levy will repay a $7 million, 10-year commercial bank loan for construction. As a partner in the process, SROA sold the fire station building to the District for $1. SROA will continue to hold
ownership of the land occupied by the Public Safety Building as a 99-year lease, in which the District pays a yearly amount of $40,000 for use of the property.

The Public Safety Building Task Force was instrumental in the success of this funding campaign, and included 10 Sunriver volunteer community members: Bill Hepburn, John Ralston, Dennis Dishaw, Ron Schmid, Jim Fister, John Salzer, Doug Seator, Harry Hamilton, Peter Martell, and Clark Pederson. These volunteers are a combination of SSD Board members, SROA Board members, and other stakeholders in Sunriver and the surrounding area. Over the course of the last two years this group met regularly to see a new Public Service Building come to fruition. Each of the 10 volunteers divided up tasks that met each of their strengths, and devoted countless hours to make this vision a reality. To acknowledge this work, the Task Force was bestowed the 2023 Special District Association of Oregon (SDAO) Volunteers of the Year Award.

**Outlook for the Year Ahead**

The Sunriver Service District remains financially strong. The working capital for the District’s Operating Fund (715) began the year at $6.2 million, prior to the $3 million contribution to the Public Safety Building Fund (717). During FY22/23, $325,000 was transferred from the operating working capital (Fund 715) to the capital reserves (Fund 716). The District is on a three-year reserve study cycle, which is set to be concluded in the summer of 2023. The proposed budget for FY23-24 continues to fund the capital reserves on the existing schedule, and the District is not planning to raise the existing millage rate. However, the District is nearing a net loss in working capital and the Board expects it will have to raise rates in the next few years to address rising costs compared to limited revenue growth. For comparison, costs are rising at 8% due to increased salary and benefits, and the property tax revenue typically grows just above 3%.

District personnel and the Board have been heavily involved in the construction of the new Public Safety Facility. This would house both the Sunriver Police and Fire Departments in one building, by remodeling and adding on to the current fire station. The Board hired a project manager, design team, and general contractor in the fall of 2022. This group has and continues to meet regularly to establish budget, construction phasing and needs, problem solve and mitigate potential issues, and move the process from schematic design to design development. Through careful planning and negotiations, the construction schedule will allow fire/paramedic personnel and equipment to remain on site during the construction phase. This provides significant savings in relocation costs. Police services will experience only minor disruption as they are currently located in a separate facility and will move into the new building upon completion. Construction costs continue to rise and the need to maintain and on-time and on-budget project remains paramount, which requires significant attention from the Board and senior personnel.

Tourism in Sunriver is anticipated to remain strong in FY23/24, resulting in challenges to provide public safety to the community during peak months. There are approximately 1,700 full-time residents, and the population can swell to 20,000+ during peak vacation times. It is expected the summer of 2023 will be as busy as last year.

Police and Fire in Sunriver regularly respond outside of the identified Service District bounds given the mutual aid and auto aid commitments. With the strain on south Deschutes County resources, due to rising costs and the increasing population, the District is providing greater support. This has pushed the need for greater supervision, such as the newly approved Sunriver Police corporal positions, and results in additional cost increases to the District.
Sunriver Service District Operating Fund (Fund 715)

Net Operating Income: $709 $78 $ (18) $ (97)
Contingency: 75 75
Increase (Decrease) in WC: $709 $ (737) $ 3 $ (93) $ (97)

Ending Net Working Capital: $6,921 $6,185 $6,241 $3,620

The Operating Fund (Fund 715) is used to support the District’s day-to-day operations. Fund 715’s main source of revenue is property taxes. The District has maintained the same tax rate of $3.31 per $1,000 tax assessed valuation since 2010 and will continue the same rate in FY23/24. The maximum allowed rate is $3.45 per $1,000 of tax assessed valuation for all Sunriver properties. The remainder of the District’s revenue is generated from medical/ambulance charges, court fines, fees, and interest earnings.
Sunriver Service District Reserve Fund (Fund 716)

The Reserve Fund (Fund 716) is used to support capital asset replacement and new acquisitions, such as vehicles, operating equipment, and facility assets with a lifetime of more than 3 years but less than 30-years. The District will conduct a reserve analysis in FY23/24 to assess if this fund is adequate to meet the District’s future needs, based entirely on replacing existing assets when they reached their expected end-of-life.
The Public Safety Building Fund (Fund 717) was created to track all revenue and expenses associated with the design, construction, and outfitting of the new Sunriver Public Safety Building. Construction activity will continue in FY23/24, with completion expected in Fall 2024.
