MEMORANDUM

TO: Deschutes County Planning Commission

FROM: Peter Gutowsky, AICP, Director
Will Groves, Planning Manager

DATE: April 26, 2026

SUBJECT: Planning Division Work Plan for Fiscal Year (FY) 2026-27 / Deliberations

I. SUMMARY

The Planning Commission held a public hearing on the Planning Division FY 2026-27 Work Plan on April 9. A post-hearing open record period closed on April 15, 2026, with no additional submittals. On April 23, the Planning Commission will deliberate and provide a recommendation to the Board of County Commissioners (Board). Below are four tables to facilitate a Planning Commission recommendation. Table 1 captures priority discretionary and nondiscretionary projects that are supported by the Board and Planning Commission; grant funded; or in process. These projects in their totality are “significant,” requiring staffing resources that span 6 to 12 months or longer.

Introduction

Community Development Mission Statement

The Community Development Department (CDD) facilitates orderly growth and development in Deschutes County through coordinated programs of Building Safety, Code Enforcement, Coordinated Services, Onsite Wastewater, Planning, and education and service to the public.

Purpose

The Fiscal Year (FY) 2026-27 Work Plan and 2025 Annual Report highlight the department's goals, objectives, and accomplishments and are developed to:

- Report on achievements and performance
- Implement the Board of County Commissioners (BOCC) goals and objectives
- Implement the Deschutes County Customer Service "Every Time" Standards
- Effectively and efficiently manage organizational assets, capabilities and finances
- Fulfill the department's regulatory compliance requirements
- Address changes in state law
- Enhance the county as a safe, sustainable and highly desirable place to live, work, explore, recreate, and visit

Adoption

The BOCC adopted this report on June XX, 2026, after considering public, stakeholder and partner organization input and Planning Commission and Historic Landmarks Commission recommendations. The Work Plan often includes more projects than there are resources available. CDD coordinates with the BOCC throughout the year to prioritize and initiate projects. Those not initiated are often carried over to future years.

Board of County Commissioners

FY 2026-27 Goals & Objectives

Mission Statement: Enhancing the lives of citizens by delivering quality services in a cost-effective manner.

Safe Communities (SC): Protect the community through planning, preparedness, and delivery of coordinated services.

- Provide safe and secure communities through coordinated public safety and crisis management services.
- Reduce crime and recidivism and support victim restoration and well-being through equitable engagement, prevention, reparation of harm, intervention, supervision and enforcement.
- Collaborate with partners to prepare for and respond to emergencies, natural hazards and disasters.

Healthy People (HP): Enhance and protect the health and well-being of communities and their residents.

- Support and advance the health and safety of all Deschutes County's residents.
- Promote well-being through behavioral health and community support programs.
- Ensure children, youth and families have equitable access to mental health services, housing, nutrition, child care, and education/prevention services.
- Help to sustain natural resources and air and water quality in balance with other community needs.
- Apply lessons learned from emergency response, community recovery, pandemic response, and other events to ensure we are prepared for future events.

A Resilient County (RC): Promote policies and actions that sustain and stimulate economic resilience and a strong regional workforce.

- Update County land use plans and policies to promote livability, economic opportunity, disaster preparedness, and a healthy environment.
- Maintain a safe, efficient and economically sustainable transportation system.
- Manage County assets and enhance partnerships that grow and sustain businesses, tourism, and recreation.

Housing Stability and Supply (HS): Support actions to increase housing production and achieve stability.

- Expand opportunities for residential development on appropriate County-owned properties.
- Support actions to increase housing supply.
- Collaborate with partner organizations to provide an adequate supply of short-term and permanent housing and services to address housing insecurity.

Board of County Commissioners

FY 2026-27 Goals & Objectives

Service Delivery (SD): Provide solution-oriented service that is cost-effective and efficient.

- Ensure quality service delivery through the use of innovative technology and systems.
- Support and promote Deschutes County Customer Service “Every Time” standards.
- Continue to enhance community participation and proactively welcome residents to engage with County programs, services and policy deliberations.
- Preserve, expand and enhance capital assets, to ensure sufficient space for operational needs.
- Maintain strong fiscal practices to support short- and long-term County needs.
- Prioritize recruitment and retention initiatives to support, sustain, and enhance County operations.

Population Growth

The graph and table provide a snapshot of the County’s growth since 1960 and the 50-year Portland State University (PSU) Population Forecast for Deschutes County from 2022 through 2072.

Budget & Organization

Fiscal Issues

- During 2025, CDD experienced a decrease in permitting volumes with two categories slightly increasing. While single-family dwelling (SFD) permits issued, SFD applications received, and land use applications declined, site evaluations and building valuations experienced a small increase. The department continuously monitors development activity to ensure alignment with current budget projections.
- Personnel cost increases from the Pay Equity & Market Study will be implemented in FY 27.
- CDD responds to development inquiries, implements legislative and BOCC priorities, and supports County initiatives. Many of these require research and detailed responses without generating permits or revenue.
- CDD remains attuned to fluctuations in the economy and complying with state legislation.
- Identifying grant funding for Natural Resources remains a priority for continuity of services they provide to Deschutes County and Central Oregon .

Operational Challenges

- Maintaining productivity amid resignations while completing training for new employees. In 2025 and 2026, CDD welcomed 7 new staff members, experienced 9 resignations including the Building Official, County Forester, and Administrative Manager, and added 2 new positions, resulting in a total of 57 FTE. Approximately 46% of staff have 5 years or less experience with the department.
- Integrating Natural Resources into CDD within the Planning Division.
- Recruiting, hiring, and onboarding a Building Official, Natural Resources Supervisor, and Administrative Supervisor for Code Enforcement, which replaced the Administrative Manager position.
- Continuing succession planning in anticipation of retirements. Nineteen percent of staff are eligible for retirement within the next three to eight years based on length of service.
- Implementing new laws from the 2025 and 2026 Legislative Sessions.
- Revising CDD's intake process to ensure accepted applications are complete, which will reduce permit timelines.
- Processing complex cases, applications, and site evaluations requires thorough analysis and interpretation of local and state regulations.
- Improving CDD's website and other technology to enhance efficiencies and service delivery.

Performance Management

CDD is committed to a comprehensive approach to managing performance. The department achieves its goals and objectives by strategically establishing and monitoring performance measures and then adjusting operations based on those results. The performance measures allow staff to:

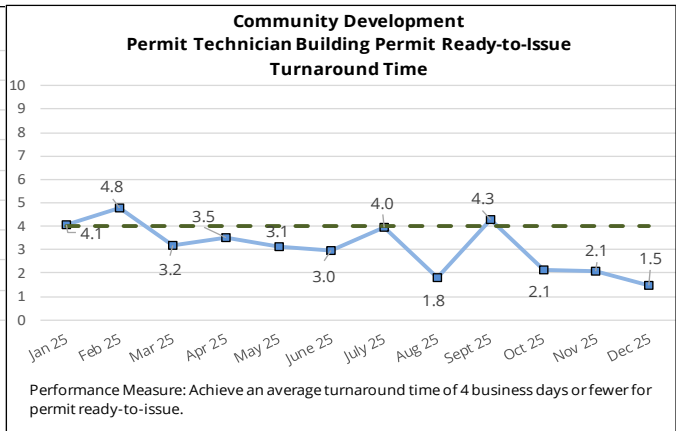

- Address service delivery expectations from the perspectives of CDD's customers.
- Ensure the department fulfills its regulatory responsibilities.
- Efficiently and effectively manage the organization's assets, capacities and finances.
- Preserve and enhance the County as a safe, sustainable and desirable place to live, work, visit, and recreate.

The following graphs represent a sample of CDD's performance measures for 2025. For a complete review of performance measures, please follow this link: <https://deschutes.org/cd/>.

- Achieve an average of 12 business days for the issuance of new onsite septic system permits following the submission of a complete application. (BOCC Goal & Objective SD-1)
- Achieve 90-100% of pre-cover inspections completed the same day as requested. (BOCC Goal & Objective SD-1)

Performance Management

FY 2026-27 Performance Measures By Division, continued

Planning

- Issue all administrative decisions requiring notice within 45 business days and without notice within 21 business days following the submission of a complete application. (BOCC Goal & Objective SD-1)
- Update Deschutes County Code (DCC) to comply with HB 3197, Clear and Objective Code Update Project, which requires clear and objective standards for housing development in rural residential exception areas, unincorporated communities, and accessory farm worker accommodations. (BOCC Goal & Objective SC-3, HP-4, and RC-1)
- Natural Hazards / Wildfire Mitigation—Develop a work plan to amend the Comprehensive Plan and County Code requiring defensible space and fire-resistant building materials per SB 762 and SB 644. (BOCC Goal & Objective SC-3, HP-4, and RC-1)

Natural Resources

- Maintain or increase the number of communities participating in the Firewise USA™ Program. (BOCC Goal & Objective HP-4)
- Maintain or increase public participation in Fire Free events as measured by yard debris collected. (BOCC Goal & Objective SC-3)

Administrative Services

Overview

Administrative Services includes the Community Development Director, Senior Management Analyst, two Systems Analysts and an Administrative Assistant. This division oversees a variety of functions that ensure smooth and efficient operations, including departmental operations, facilities, personnel, budget, customer services, compliance, technology services, administrative support, and performance measures.

2025 Year in Review

- ✓ Replaced computer equipment.
- ✓ Coordinated with the Human Resources Department to complete the Oregon Pay Equity and Market Evaluation Study.
- ✓ Provided addressing services to the cities of La Pine, Redmond, and Sisters, on contract.
- ✓ Facilitated enhancements to the Onsite Wastewater Operation & Maintenance software.
- ✓ Coordinated interdepartmental division meetings to promote collaboration, open communication, and explore different business practices.

FY 2026-27 Work Plan Projects

- Participate in a County-led effort to create a Pre-disaster Preparedness Plan.
- Update CDD's Continuity of Operation Plan as necessary, based on lessons learned, and ensure staff awareness of their roles and responsibilities during an emergency.
- Facilitate process improvements related to application intake to ensure timely permit issuance.
- Improve CDD's customer-centric website so customers can understand and navigate development processes and online instructions.
- Integrate Natural Resources within CDD.
- Coordinate with the Cities of La Pine, Sisters, and Redmond to transition addressing responsibilities to those respective jurisdictions by January 2027.
- Support BOCC five member commission by educating new members.
- Seek BOCC direction for allocating funding to programs or projects that protect South County groundwater based on resources derived from the sale of Newberry Neighborhood property.

Building Safety

Overview

Building Safety includes a Building Official, Assistant Building Official and fifteen Building Safety Inspectors. The division ensures structures are constructed, maintained, and used in compliance with applicable safety standards through consistent application of state and federal building codes and public education. It offers construction plan reviews, consultations, and inspections in the rural county and cities of Sisters and La Pine. Additionally, it provides services to Lake, Jefferson, Klamath, and Crook counties, the cities of Bend and Redmond, and the State of Oregon Building Codes Division, as needed.

Code Enforcement

Overview

Code Enforcement includes an Administrative Supervisor and four Code Enforcement Specialists, which includes one as Lead. They are supported by a Deschutes County Sheriff's Office (DCSO) deputy, CDD divisions, and Legal Counsel. Code Enforcement helps maintain public health and safety by investigating complains related to land use, onsite wastewater systems, building, and solid waste codes. The division also collaborates with the cities of La Pine and Sisters for building code violations under the Building Safety program. The primary goal is to achieve voluntary compliance, with unresolved cases taken to Circuit Court, Justice Court or an Administrative Hearing. The program continues to refine its proactive education procedures and abatement processes.

2025 Year in Review

- ✓ Received 490 new cases and resolved 516 during the year.
- ✓ Analyzed the Code Enforcement program and revised procedures to improve case assignment, management, and proceedings.
- ✓ Utilized the designated DSCO deputy for site visits, Pre-Enforcement Notice (PEN) delivery, training in Accela, night visits, etc.
- ✓ Presented code enforcement statistics at the annual Cannabis Advisory Committee meeting to demonstrate its partnership with the DCSO.
- ✓ Processed noxious weed complaints in partnership with Natural Resources.
- ✓ Created and utilized the Voluntary Abatement Compliance Agreement resulting in owner agreed-upon abatement.
- ✓ In partnership with Legal Counsel, Finance, and Property and Facilities, awarded a contract to a company that removes solid waste due to property abatement.
- ✓ Collaborated with Legal Counsel for abatement, foreclosure and bankruptcy circumstances.
- ✓ Updated Accela for deputies to track inspections, documentation and results.
- ✓ Promoted a third Specialist to a Specialist II.
- ✓ Coordinated with all CDD divisions in implementing RVs as a second dwelling.
- ✓ Participated in Dark Skies conversation and implementation.
- ✓ Improved training program for new hires.
- ✓ Revised the Code Enforcement Training Manual with the Lead Specialist.
- ✓ Coordinated with Planning to transition the Medical Hardship tracking responsibilities to an Administrative Assistant position.

Coordinated Services includes an Administrative Supervisor, three Permit Technician II's, two are assigned Lead duties, and four Permit Technician I's. This division provides permit coordination and direct services to customers. Staff ensure accurate information is delivered to the public, helping minimize wait times and streamlining operation.

2025 Year in Review

- ✓ Provided exceptional customer service to in-person customers and virtual users through the Accela online portal.
- ✓ Revised the Cash Handling Policy to specify all cash payments be made in exact amounts owed. No currency drawers or change funds are available on the premises.
- ✓ Updated the application intake checklist to ensure greater consistency and accuracy across application types.
- ✓ Promoted a second Lead Permit Technician to provide training and support for new hires.
- ✓ Coordinated with the Road Department to enhance the driveway access permit application process and successfully implemented a more streamlined system.
- ✓ Created a comprehensive list of commonly required inspections, categorized by project type, to better assist customers in scheduling inspections efficiently.
- ✓ Coordinated monthly meetings with each division to review processes, identify issues, develop solutions, and discuss current projects.

FY 2026-27 Work Plan Projects

- Update CDD's decommissioning plan process and procedure, and created a new record type to track completion for improved accountability.
- Revise internal processes and procedures for legitimizing unpermitted structures, ensuring consistency, compliance, and clear pathways for resolution.
- Implement standardized procedures for application intake, ensuring applications are complete before they are accepted.

Onsite Wastewater

Overview

Onsite Wastewater includes an Onsite Wastewater Manager, Onsite Wastewater Specialist III, one Onsite Wastewater Specialist II, two Onsite Wastewater Specialist I's and an Administrative Assistant. The division regulates septic systems to ensure state compliance and environmental factors for public health and resource protection. This division provides site evaluations, design reviews, permitting, inspections, technical assistance, and coordination with the Oregon Department of Environmental Quality (DEQ). Staff inspect sewage pumper trucks, report on existing wastewater systems, maintain an operation and maintenance (O&M) tracking system, provide public information on wastewater regulations, and investigate sewage hazards. They also work proactively to protect groundwater, collaborating with DEQ on permitting systems in southern Deschutes County.

2025 Year in Review

- ✓ Assessed 188 sites for onsite wastewater treatment and dispersal systems, and issued 785 permits and authorizations for new and existing onsite treatment and dispersal systems.
- ✓ Repaired 151 failing or substandard systems, correcting sewage health hazards and protecting public health and the environment.
- ✓ Provided 12 property owners in South County with rebates of \$3,750 per property for upgrading conventional onsite wastewater treatment systems to nitrogen-reducing pollution reduction systems.
- ✓ Monitored over 2,000 septic system maintenance contracts and annual reports for O&M requirements.
- ✓ Worked with DEQ on permitting protective onsite wastewater systems in South County. Participated in several variance hearings for modified advanced treatment systems on severely limited sites.
- ✓ Improved O&M process by establishing an online document upload capability and contract termination notification system for service providers.
- ✓ Participated in a statewide DEQ work group to improve and consolidate data management with the O&M program.
- ✓ Participated on Oregon DEQ Onsite Wastewater Treatment System Rule Advisory Committee.
- ✓ Coordinated with all CDD divisions in implementing RVs as a second dwelling.
- ✓ Staff member obtained Certified Professional Soils Scientist certification.

Onsite Wastewater

FY 2026-27 Work Plan Projects

Onsite Wastewater Program

- Participate in the Upper Deschutes Agricultural Water Quality Management Area Local Advisory Committee.
- Participate in the Oregon DEQ O&M Enforcement Committee to implement effective and consistent enforcement that results in compliance.
- Collaborate with the O&M Data Management System Group to find a statewide solution to improve administration of the O&M reporting requirements.
- Support and train for newly approved Alternative Treatment Technology (ATT) systems that demonstrate the ability to reduce nitrogen pollution.
- Coordinate with the Planning Division regarding land use applications and code amendments that impact onsite wastewater processes.

Groundwater Protection Program

- Continue requiring upgrades of conventional systems to protective nitrogen reducing systems in coordination with DEQ to protect water resources in South County.
- Continue offering financial assistance opportunities to South County property owners to upgrade conventional systems to nitrogen-reducing pollution reduction systems through Nitrogen-Reducing System Rebates and the NeighborImpact Non-conforming Loan Program.
- Review groundwater protection policies for South County and continue reviewing variance applications in high-risk areas with DEQ onsite staff to ensure water resources are protected.
- Prepare for the sale of County properties within the Newberry Neighborhood in La Pine and manage funds in the Groundwater Protection Fund. Explore expanding current financial assistance programs with existing partners.
- Support efforts by DEQ to protect South County groundwater.
- Update webpage with groundwater protection information.

Planning

Overview

Planning includes a Planning Director (Community Development Director), Planning Manager, two Principal Planners, one Natural Resources Supervisor, two Senior Planners, three Senior Long Range Planners, one Senior Transportation Planner, two Associate Planners, one Assistant Planner, and two Natural Resources Specialists. The division consists of three areas: Current Planning, which processes land use applications and provides public information; Long Range Planning, which updates the comprehensive plan and county code and handles special projects; and Natural Resources, which assists communities in becoming more adapted to wildfire through fuels reduction and wildfire education.

Current Planning

Reviews land use applications for compliance with Deschutes County Code (DCC) and state law, including zoning, subdivision, and development regulations, and facilitates public hearings. Staff verify compliance for building permit and septic applications and coordinate with Code Enforcement on complaints and permit conditions. Staff also perform road naming duties; provide assistance at the counter, by phone, and via email.

Long Range Planning

Conducts long-range planning including land use policy with the BOCC, the Planning Commission, community, and partner organizations. Updates the Comprehensive Plan and zoning regulations, coordinates regional planning projects, including population forecasts with Portland State University and cities, monitors legislative sessions, and serves on local, regional, and statewide committees focused on transportation, natural resources, growth management, and economic development.

Transportation Planning

Provides comments and expertise on land use applications and calculates System Development Charges (SDC); advises on traffic issues for permitted events; participates in the County Capital Improvement process; applies for grants for bicycle and pedestrian facilities; coordinates with the Bicycle and Pedestrian Advisory Committee (BPAC); participates in Oregon Department of Transportation (ODOT) refinement planning; coordinates road issues with the Bureau of Land Management (BLM) and the United States Forest Service (USFS); and serves on local and regional transportation committees, including BPAC, the Bend Metropolitan Planning Organization Technical Advisory Committee (TAC), and Central Oregon Area Commission on Transportation TAC.

Floodplain & Wetlands Planning

Provides expertise on land use applications, code enforcement, and property inquiries in floodplain and wetland areas. Staff, certified as Floodplain Managers, offers up-to-date information on Federal Emergency Management Agency (FEMA) regulations, surveying, and construction requirements. Coordination is often needed with FEMA, US Army Corps of Engineers, Oregon Department of State Lands, Oregon Department of Fish and Wildlife, and USFS.

Natural Resources

Provides leadership, technical expertise, and assistance to protect and enhance natural resources while reducing risks to life and property. Coordinates closely with local organizations and offers assistance to communities in becoming more adapted to wildfire through reducing noxious weeds and hazardous wildland fuels in and around developed areas, providing fire preparedness education through Project Wildfire and encouraging resident participation in the FireFree and Firewise USA™ Program.

Clear and Objective Code Update Project

As of 2023, state law requires clear and objective standards, conditions, and procedures for development of needed housing in unincorporated communities, on non-resource lands, and in areas zoned for rural residential development. Throughout 2025, staff coordinated with a consultant to complete several code updates to comply with these requirements.

- ✓ Amended Title 18, County Zoning Ordinance to clarify definitions, accessory use, and dimensional standards.
- ✓ Amended Title 17, County Subdivision Ordinance to clarify land division requirements for residential development, as well as lot configuration standards.
- ✓ Amended Title 18, Goal 5 requirements for Landscape Management, and Wildlife Area, Sensitive Bird and Mammal Habitat Combining Zones. Clarified requirements for rimrock setbacks, wetland fill and removal, and related chapters.

Deschutes 2040 Comprehensive Plan Update

- ✓ Coordinated with Legal Counsel and the BOCC on the appeal of Deschutes County 2040 Comprehensive Plan.

Grants

Certified Local Government (CLG) Grant

Planning staff applied for and received an 18-month \$9,000 Certified Local Government Grant from the State Historic Preservation Office (SHPO) to assist Deschutes County with its historic preservation programs. This grant cycle will conclude in June 2026.

Housing Planning Assistance Grant

Between 2023 and 2025, the Oregon Department of Land, Conservation and Development (DLCD) awarded the department a consultant contract through its Planning Assistance Grant program. The consultant, hired by DLCD, is aiding staff in its Clear and Objective code update project.

In 2025, the DLCD awarded the department a multi-year Housing Planning Assistance grant of \$25,000 to explore amendments to County Code related to development and land divisions in future urbanizable areas.

Community Involvement Report

2025 Year in Review

Statewide Planning Goal 1, Citizen Involvement, requires cities and counties to create a citizen involvement program that provides opportunities for community participation in land use planning processes and decisions.

Land use legislation, policies, and implementation measures made by Oregonians nearly 50 years ago helped shape Oregon's urban and rural environments. Likewise, choices made today will ultimately shape these areas in the future. Successful land use planning occurs through an open and public process that provides room for information gathering, analysis, and vigorous debate. Deschutes County's Community Involvement program is defined in Section 1.2 of the Comprehensive Plan.

This chapter identifies the County Planning Commission as the committee for citizen involvement. It also contains the County's Community Involvement goal and corresponding five policies that comply with Goal 1. This report briefly discusses the noteworthy community involvement actions undertaken by the Planning Division in 2025. The report is intended to provide county residents and stakeholders with a tool to assess its effectiveness and offer additional suggestions the County can utilize to ensure that its diverse communities remain actively involved in land use planning discussions.
