ADJOURN
MEETING DATE: January 3, 2024

SUBJECT: Approval of Resolution No. 2024-001 authorizing an increase in change funds maintained by the County Clerk’s Office

RECOMMENDED MOTION:
Move approval of Resolution 2024-001, raising the County Clerk's Office change fund by $350 and bringing the fund total to $900.

BACKGROUND AND POLICY IMPLICATIONS:
Deschutes County Policy No. F-8 Petty Cash requires authorization by the Board when a department requests the establishment of or an increase in petty cash. The current policy does not address an increase in change funds, but a similar process is being followed.

In March 2015, the Board approved Resolution No. 2015-014, increasing the change fund by $200 from $350 to $550.

The County Clerk’s Office is requesting an increase in their current change fund by $350, from a total of $550 to $900. The increase will allow the Clerk's Office to balance the amounts in their three cash drawers, allowing change available for cash transactions.

If approved by the Board, the transaction will be processed and documented within the Tyer/Munis EERP financial system.

BUDGET IMPACTS:
None.

ATTENDANCE:

WHEREAS, it has been determined that the Deschutes County Clerk’s Office requires an additional $350 to maintain sufficient cash funds for customer cash transactions, now, therefore,

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF DESCHUTES COUNTY, OREGON, as follows:

Section 1. That the authorized balance of the Change Fund for the County Clerk’s Office is established at $900.

MEETING DATE: January 3, 2024

SUBJECT: Application for a FEMA Building Resilient Infrastructure and Communities grant to protect the High Desert Museum and the Museum at Warm Springs from fire

RECOMMENDED MOTION:
Move to authorize the submittal of an application to FEMA for a Building Resilient Infrastructure and Communities grant.

BACKGROUND AND POLICY IMPLICATIONS:
This application would seek approximately $6.2 million for the installation of fire suppression systems at the High Desert Museum and the Museum at Warm Springs. In the event of fire, these systems would deploy water or a retardant to protect the land, structures and irreplaceable contents of the buildings.

BUDGET IMPACTS:
If awarded, the grant would require a 10% match. A 5% administrative allowance would be included to cover the cost of administering the grant during the three-year period.

ATTENDANCE:
Erik Kropp, Deputy County Administrator

11. Other information: The BRIC Grant is for $6.2 million that would build a water storage and fire suppression systems that would surround the entire campuses at the High Desert and Warm Springs Museum to prevent the evacuation from wildland fire of irreplaceable museum articles and over 150 animals, some of which are threatened and endangered. Given the requirements of eminent evacuation, removal of these items would be impossible. There is a match requirement of 10% ($620,000), which will be provided by a private party with no fiscal impact on Deschutes County. There is a 5% administrative allowance ($310,000) that would be provided to Deschutes County for grant administration and being the fiduciary of the grant. Grant administration will be provided by Oregon Living With Fire (OLWF) Co-Coordinators. To date OLWF Co-Coordinators have been working with Oregon Office of Emergency Services (OEM) to determine eligibility and that was approved in November of 2023. The process at this point involves sending a preliminary application to OEM by January 26, 2024. At that point, OEM decides which applications from Oregon are offered to FEMA nationally for consideration. The previous BRIC application for the High Desert Museum was rejected during the review process by FEMA. After consultation with OR OEM, adjustments to verbiage will be made in the proposed grant application. Additionally, during these discussions a suggestion to add Warm Springs Museum was considered and will be added to the BRIC application for 2024. The recommendation to add Warm Springs significantly enhances the chances of selection because of the direct Tribal affiliation and is supported by Warm Springs Museum and the Jefferson County Board of County Commissioners. Both Warm Springs and High Desert Museum have capacity to solicit and administer contracts for these services relieving Deschutes County of these duties. Deschutes County would provide grant administration with the Co-Coordinators from OLWF.
October 20, 2023

To the Oregon Department of Emergency Management,

The Museum at Warm Springs is in partnership with Deschutes County, Jefferson County, and The High Desert Museum to submit the Building Wildfire Resilient Landscapes for the Protection of Indigenous Cultures and Museums project for consideration under FEMA’s Building Resilient Infrastructure and Communities (BRIC) grant in the 2024 program cycle.

Central Oregon continues to live under the constant threat of catastrophic wildland fire events. For example, the area has experienced upwards of 500 wildland fires which burn an average of 200,000 acres annually. The frequency and increasing severity of these events are of great concern to the emergency response community. The potential loss of the Museum at Warm Springs or the High Desert Museum coupled with the safe evacuation of irreplaceable artifacts, wildlife, and the general population continues to be a top priority for first responders and public safety agencies.

The proposed project features a wildland fire suppression system that offers remote, sensor activated water or retardant deployment around each Museum’s campus. This new technology will not only enhance building codes for assets in the wildland urban interface but alleviate the improbability of successful evacuation strategies (and their costs) for the Museums under imminent threat of wildfire. In fact, the installation of this system would enable the Museums to “shelter in place” in the event of a wildfire while ensuring emergency responders may focus their efforts where the need is greatest.

Each museum has and continues to complete hazardous fuels reduction strategies across their landscape in defense of catastrophic wildfire events. Nevertheless, wildland fire professionals have witnessed the extreme fire behavior in Western United States and agree that the Museums are vulnerable to the ongoing threat of extended fire seasons. We urge ODEM and FEMA to recognize the critical need of this investment through the BRIC Grant Program.

You may call me at the number below or email liz@museumatwarmsprings.org with concerns or questions.

Sincerely,

AGENDA REQUEST & STAFF REPORT

MEETING DATE: January 3, 2024

SUBJECT: Reallocation of grant funds to Bend Heroes Foundation for Veterans Village

RECOMMENDED MOTION:
Move approval of Chair signature of an amendment to the Memorandum of Understanding with Bend Heroes Foundation and Central Oregon Veterans Outreach to reallocate $53,000 in grant funds towards the community building remodel project at Veterans Village

BACKGROUND AND POLICY IMPLICATIONS:
In November 2023, the Board of County Commissioners approved providing a general fund grant to Bend Heroes Foundation (BHF) associated with expanding the number of shelter units at Veterans Village by seven, for a new total of 22 units.

The funding included up to $55,000 in system development charges (SDCs) imposed by the City of Bend, up to $53,000 in SDCs imposed by Bend Parks and Recreation District (District), and up to $100,000 in costs associated with the site preparation, construction and finishes for the seven new shelter units. In Amendment No. 3 to the Memorandum of Understanding which memorialized the additional grant funding, BHF agreed to reimburse the County if the District waived SDCs. Subsequently, the District has waived the $53,000 and BHF now requests reallocation of $53,000 to the community building remodel project rather than repayment to the County.

In addition to the seven new shelter units, BHF is also completing a community building remodel project to expand the kitchen, restrooms/showers, and washer/dryer facilities. The estimated cost to expand these services is approximately $73,000, and at this time it is unknown whether power will also need to be increased to support additional appliances, etc. Due to the estimated costs for the remodel project, BHF is requesting approval to reallocate the $53,000 for the community building remodel project.

To date, the total grant funding awarded to BHF for the development of Veterans Village is $458,000.

BUDGET IMPACTS:
Reallocation of general fund grant of $53,000 from Bend Parks and Recreation District for system development charges to costs associated with the community building remodel
project.

MEETING DATE: January 3, 2024

SUBJECT: Deschutes County – Oregon Judicial Department (OJD), Courthouse Improvement Intergovernmental Agreement, Amendment No. 1

RECOMMENDED MOTION:
On December 13, 2023, two Commissioners indicated support for the redlined amendments to be forwarded to OJD.

If the Board decides to recommend an alternative set of changes to the redlined Amendment No. 1, then the Board will:

Move approval of the revised redlined changes to the Deschutes County – Oregon Judicial Department (OJD), Courthouse Improvement Intergovernmental Agreement, Amendment No. 1.

BACKGROUND AND POLICY IMPLICATIONS:
The 2023 Oregon Legislature allocated $15 million to Deschutes County to facilitate the renovation and expansion of the Courthouse located at 1100 NW Bond Street, Bend, Oregon.

OJD proposed the attached IGA with Deschutes County as a condition of the transfer of funds. Several County departments recommended the redlined changes to the IGA, which County Counsel presented to the Board on December 13, 2023. Two Commissioners indicated their support for the recommendations. Commissioner Adair was not present during the vote. On December 20, 2023, Commissioner Adair requested time to contact the Governor's Office regarding the requirements to exclusively use the third floor of the expanded Courthouse for state courtrooms and courtroom associated purposes because these requirements were not included the Legislature's appropriation. Commissioners DeBone and Chang supported the request.

BUDGET IMPACTS:
Draft Agreement No. 1 Section 2(c) “OJD agrees to transfer to County an amount of $15,000,000 in Building Funds within 14 days of OJD’s receipt of the documents described in subsection b of Section 4.”
The County’s current portfolio is earning a yield of 3.34%. Therefore, $15 million would earn interest in the following amounts:

- $9,635 per week
- $19,269 per two weeks
- $41,750 per month
- $501,000 per year

As the earnings rate (yield) increases, the potential interest earning also increases. For example, if the County earned 5.00% on the total portfolio:

- $14,423 per week
- $28,846 per two weeks
- $62,500 per month
- $750,000 per year

If a compatible tenant for the third floor is identified and allowed by the agreement, leasing that space could potentially generate revenue to offset the debt service.

Whitney Hale, Deputy County Administrator
