- c. Light of Hope Child Abuse Awareness & Prevention Community Event - Wednesday, April 16, 2025 5:30 - 6:30 p.m. Diamondhead City Hall Grounds

City Manager's Report.

CITY MANAGER REPORT
April 15, 2025

1. Kome Drive & Kalipekona Pond – The project is for 120 days with a current end date of June 10th. The contractor is completing the installation of landscape culverts, drain inlets, and roadway culverts. They are working on Saturday to make up for the missed time due to the weather.

2. MDOT Projects – The final ramp headed East out of Diamondhead is now closed. All high mast lights and low mast lights on the North side ramps are back online. The subcontractor is waiting for the ramp work to be completed before the South low mast lights are reconnected.
3. Dog Park – The engineering firm needs to do some topographical work on the site to insure proper drainage. This will be conducted after public works has completed the initial mulch cut of the property.
4. Paving 2025 – The project is currently out to bid. Bids are due May 1st. A pre-bid conference will be held on April 17, 2025.
5. Noma Drive Phase 1b – Coast Electric is installing the parking lot lights. The contractor is completing the parking lot curbing and all punch list items. A ribbon cutting will be held in the first week of May.
6. Noma Drive Dredging – The project is for 90 days with a current end date of May 25th. The contractor has been on-site dredging the waterway, he expects to be completed by May.
7. Park Ten Road – The ribbon cutting ceremony was held last week with everyone in attendance enjoying a look at the new roadway. I again want to thank Covington Engineering and Bottom 2 Top for the design and construction of this new roadway.
8. Traffic Study – The traffic engineer has submitted the Golf Club Drive at Diamondhead Drive East all-way stop study. The engineer has determined that the traffic warrants an all-way stop at this intersection based on the traffic count. The city will notify residents and install a new stop sign at this intersection to become operational on May 5th.
9. Unit Price Projects
 - i) Laa La Way – DNA was on-site Monday to adjust a waterline. Today they have closed the roadway and are installing the culvert.
 - ii) The Kipapa Way – Public Works is starting on this project on Wednesday.
 - iii) Lanai Place – Engineers have provided the design for this project.
 - iv) Koko Court – Engineers have completed the design. They are currently working on a work assignment.
10. Coon Branch – The bids are on this agenda for approval. The budget for this project will cover the base bid only. The alternates were roadside ditch cleaning. This work will be completed by the Public Works department.
11. Jourdan River Boardwalk – The city has received permissions from the Coastal Preserves Program to access the SOS land as needed. We are still holding our monthly meeting with MDEQ to keep this project moving forward.
12. Bank Stabilization – The engineers are finalizing the analysis on the Phase 1 design. Phase one will cover the area from Diamondhead Drive North to Kalipekona Pond. The rear ditch will require additional easement for access.
13. Canal Dredging – The bids received were well over budget. MDEQ is requesting additional survey information to determine the best route for dredging equipment. An updated OPC has been sent to MDEQ for review and determination of additional funding is needed.
14. Rotten Bayou Nature Trail – The engineer has redesigned this project into five phases. The funding is already secured for phase 1. The engineer is working on the phase 1 design.

15. Montjoy Creek – The engineer is working on redesigning the current sediment trap along the waterway. If approved, additional permitting will not be required from USACE. Once approved, the project can be sent out for bid.
16. Detention Pond – **No update on this meeting.** The engineer will be completing the plans for this area by the end of the year. Public works will dredge this pond once plans are provided to the city.
17. Pelican Cove Drainage Project – **No update on this meeting.** The engineer has additional surveying to complete and will finalize the drawing for this project.

Public Comments on Agenda Items.

Molly Kooney - Kalipekona Pond

Council Comments.
