Street Use Permit Application Dodgeville Pop Up Park / Chamber of Commerce

Recommendations by:
Chief of Police David J. Bauer

Event Date is: July 7-23,2023

Public Safety Impact

The use of mapped streets for this event causes some issues of concern for Public Safety, which are in part mitigated due to the precautions listed throughout the application. Pedestrian traffic crossing Iowa Street through the detour remains a larger concern.

Traffic Movement

Parking - will be restricted in permitted area.

Travel - Open to vehicular traffic except for the 100 block of East Merrimac Street. Due to this occurring all week, there is likely to be a greater impact with this closure on business and other city traffic through this area.

Access by Businesses/Residents - Open to pedestrian traffic.

Police Protection - We will provide police traffic supplies as requested and will provide ordinary police services to all citizens using the scheduled personnel.

Crowd Control - The application identifies that extra police protection may be required for events with participants in excess of 50. The recommendation for this event is for one certified police officer for every 500 persons expected to attend which is consistent with other events. Uren advised that the following area will be fenced: from the NE corner of the Red Room Tavern to a point perpendicular to the building edge on the curb line of the east side of the 200 block of North Union, then along the curb line to a point perpendicular to the SE corner of Jeffreys Tavern, then west from the curb line to the SE corner of Jeffreys Tavern.

Parking - Parking will take place on the available streets which are not to be closed and we do not expect any issues.

Emergency Vehicle Access - Emergency vehicle access will be restricted within the permitted area. This is contrary to 12.14(5)(m) which requires a 16 ft wide emergency vehicle access lane which is free of

obstacles. This would require suspension of this section by city action if approved.

Environmental/ Community Due to building configuration, the residents east of the location will be subject to amplified noise levels for an extended period of time.

On site Alcohol Consumption Applicant was advised that any sales of alcohol by any persons or groups that fell outside of their current licensed property would be required to get an additional or amended permit covering the events. This application excludes any areas that have been permitted by the city with alcohol license extensions. Alcohol from the otherwise permitted areas into and out of this permitted area is strictly prohibited.

Recommendation

If the ordinance requirements in section 9.08 and 12.14 are addressed by city action and the alcohol permit amendments and fencing is completed by applicant or participants, then I find no reason to deny the application.
